STATE OF THE STATE  
FORTY-NINTH LEGISLATURE  
SECOND REGULAR SESSION  
GOVERNOR JANICE K. BREWER  
MONDAY, JANUARY 11, 2010

Speaker Adams, President Burns, Honorable Senators and Representatives, Chief Justice Berch and Justices of the Supreme Court, Secretary of State Bennett, and all other constitutional officers, tribal leaders, honored guests, and my fellow Arizonans:

I've worked hard all my life, in many ways and places. For 27 years I've had the chance to serve Arizona, to help this wonderful place grow.

I serve beside you, and I'm proud to serve the same master each of you serves, the people of Arizona. Like you, I know Arizonans to be a tough-minded bunch.

Strong; iron-willed; and equal to every challenge.

That's a good thing.

Because as we gather today, our still-young state is challenged as never before.

Let me be abundantly clear. I know we will meet this challenge. I believe in Arizona's future. I believe in our strength. I believe in our goodness. And, I believe in our Grace.

I believe Arizona's Second century will far-surpass its first.

Let me be clear about something else as well: Meeting this challenge will not be easy.

I know this for a fact, because if there's one thing I've learned in my years of public service, it's that doing the right thing -- almost always means doing the hard thing.

That's what it will come down to in the days ahead.

Choosing what's tough over what's tempting. Choosing commitment over ignorance. Choosing government that is necessary -- over government that is merely desired. Choosing the truthful over the false.

Honesty, versus lies.

Right, versus wrong.

Those are the choices Arizona faces.

The essence of the challenge laid at our feet.

What's wrong you ask?

Wrong, is the five high-rolling years before I took office when the system was designed and operated to grow government as large as possible.

Wrong, is a state budget deficit of nearly \$5 billion across 2 fiscal years.

Wrong, is a federal government whose unfunded mandates and sweetheart deals steal Arizona's freedom and threaten to bankrupt our state.

Wrong, is arguing "the system worked" -- when evidence to the contrary is everywhere and obvious.

What's right, you ask?

Right, is telling hard truth even when it exacts a political cost.

Right, is acting not in self-interest but on behalf of others.

Right, is self-sacrifice ... commitment to the greater good ...valor.

Valor -- like that found in a man from Litchfield Park a fellow West-sider named Thomas Rabjohn.

A 39-year-old husband to Nikki and father to their three daughters, Tom put aside his work as a Phoenix police officer last year to join his National Guard unit in deployment to Afghanistan.

Officer Tom Rabjohn resumed his job as Staff-Sergeant Tom Rabjohn, team leader to the 363rd Explosives Ordinance Detection Company.

Last fall Staff-Sergeant Rabjohn and his fellow soldiers went to a combat area and successfully disabled a number of deadly explosive devices.

He was a long way from Litchfield.

They carried out their perilous work with consummate skill and calm. And then before disengaging -- came upon yet another device.

The discovery came too late.

With his last breath on this earth, this courageous man shouted a warning to his two fellow guardsmen.

He saved their lives.

He gave his own.

Let's remember Staff-Sergeant Thomas Rabjohn.

Let's remember his beautiful family.

His dear wife Nikki is with us today.

**JOURNAL OF THE SENATE**  
**Monday, January 11, 2010**

Nikki -- please stand and receive the thanks of a grateful people.

Let's also remember the 153 Arizonans who gave their lives in this war against terrorism, and the many who have been injured and awarded the Purple Heart.

Let's remember every service man and woman, every police officer and firefighter, every Arizonan and every American who has ever stood watch; every man and woman across the years who has fought and suffered and died in desperate love of the freedom we still know.

Let's remember the very best of us, and try -- in their honor -- to find the best within ourselves.

And then, my friends, let's continue our work.

We certainly have a lot of work to do.

Last spring, you will recall that I offered you a five-point approach to resolving this fiscal crisis and restoring our economic vitality.

In my year on the job I have grown wiser -- and time has grown shorter.

And I know times are tough.

So today, let me open these proceedings by offering you a deal -- a 40% cutback...I'm going to boil my 5 points -- down to 3.

First, we must make further, substantial cuts in spending.

The economy has still not recovered, our revenues are still depressed and there is no avoiding this hardship.

More state jobs are going to be shed and services are going to be further curtailed or lost.

Let me be clear, in the history of this state no other Governor has cut state government more than I have.

Working with you we have reduced government spending more than \$1 billion and decreased state jobs more than 10%.

But -- as I have stated from the beginning, the depth of the problem is so severe that we cannot solve it through cuts alone.

The damage done to education, and public safety would be far too great.

And, fiscally counter-productive.

So second, in the short run -- we must raise some additional revenue.

Just as with the reductions in spending, the longer we put this off, the less effective it will be in stabilizing our financial position.

Over the long run I support a responsible pro-growth tax reform package that includes tax cuts.

However -- we must ensure a revenue base that supports vital functions through this downturn.

And we can no longer consider debt as a source of state revenue.

Third -- we must make certain that the state never again spends itself into this kind of fiscal crisis.

So, after we have reduced spending, shored up revenue, and, moved away from the brink of financial failure, we must enact a limitation on the future growth of government, and save more, for a rainy day.

Government must live within its means.

I did not create this situation -- but I intend to resolve it -- and continue telling the people the truth about it.

I understand that some in this Chamber, and some who hope to try their own hand at this job -- differ with one or more of these steps.

That's fine.

But I have a straight-forward message for you.

If you have a better plan, produce it.

And, soon!

As for me, I will publish my plan on Friday.

And let me make one point very clear.

I have great respect for everyone in this chamber, and your contributions to our state.

But there is no one here, and no one elsewhere, who has fought any longer or harder than I have for lower taxes, job growth and economic freedom in Arizona.

So, spare us the profiles in courage; it's time for a little less profile and a little more courage.

Tell us clearly how you would solve a \$5 billion problem over the next 17 months.

The suggestion box is wide open.

While you're preparing your plans, do bear in mind that even with the new revenues I have proposed ... the cuts to government will be deep and unprecedented.

Some people say that with revenues back to 2004 levels -- we should just adopt the 2004 budget.

Unfortunately, we don't get to roll back the odometer on state government.

At least, not without some help from the voters.

Since 2004, we have 140,000 new students, 11,000 new prisoners -- and 475,000 new Medicaid enrollees.

And all of the mandated expenses they bring

Making the best of the situation requires hard choices with tough consequences.

But if we keep our priorities straight we will make it through.

My friends, there is still time.

But if we do not act decisively, we will look to the west to California and see our future -- government over-grown -- people over-taxed -- borders over-run -- employers over a barrel -- and freedom ... simply over.

And looking east we can see it on a far grander scale.

Our federal government has reached new levels of arrogance, foolishness and disregard for the Constitution.

**JOURNAL OF THE SENATE**  
**Monday, January 11, 2010**

The biggest external threat to our budget comes from the federal government--oppressive health care mandates, job-killing environmental restrictions, and continual refusal to pay for costs associated with illegal immigration.

And they're just getting warmed up!

I met recently with members of Arizona's federal delegation and asked them to defeat a costly expansion of federal health care mandates on our state.

Already, federal mandates on health care cost nearly \$ 2 billion a year.

Folks, that's money we simply don't have.

On top of that, Washington's alleged solution will cost Arizona another half billion dollars every year.

Only in Washington can they look upon massive federal entitlement programs bleeding red ink – and propose an even bigger new entitlement program.

This is how it goes in Washington.

When you begin by spreading the wealth around -- you end up destroying it.

The President and the Congress tell us they are going to help by reducing costs.

In reality, what they are doing is eliminating freedom for our citizens, dictating the policies they must buy for their families, and forcing our employers and the state to pick up the tab.

We don't need that kind of help.

At last count, 14 Attorneys General, Republican and Democrat are investigating this legislation for violating the 10th Amendment to the United States Constitution.

As you know, in the past, I successfully joined the Legislature and Superintendent

Tom Horne to represent the State of Arizona against the Arizona Attorney General at the U.S. Supreme Court in the Flores case.

Today, if our Attorney General will not join this effort to defend the State of Arizona against this infringement on States rights -- I will.

Until then -- I have a simple message to every member of our delegation, for the good of our state -- just vote "NO."

The federal government is also failing to control our southern border and refusing to pay for its failure.

As you know, I have ordered the Arizona Department of Corrections to return to the custody of U.S. Immigration and Customs Enforcement -- -- as soon as possible -- all non-violent criminal aliens for immediate deportation as allowed under existing law.

The cost of incarcerating these criminal aliens is not Arizona's responsibility.

It is Washington's legal and moral obligation.

This is both insult and injury to Arizona taxpayers.

In this process, we must ensure public safety – my highest priority as Governor.

I will be working with Senator Russell Pearce and others to enhance the existing penalties for any criminal alien who returns to our state.

Enough is enough. Secure our border.

Washington also likes to pretend that Government creates jobs.

But, we know better.

No government ever created a dollar of wealth or a dime of capital.

Only the free market can do that.

Meeting our economic challenges means working with the private sector to jump-start Arizona's economy.

As long as I am your Governor, the sign out front will always read ARIZONA IS OPEN FOR BUSINESS.

And the word is already getting out.

Today, we celebrate significant progress in establishing our foothold in the solar industry, and in advancing our competitive position in the national and global economy.

Our goal is to land the top solar manufacturers in the world and we are well on our way.

Recently, I was proud to announce the arrival of Suntech Power Holdings.

It's the first solar company to come to Arizona because of the renewable energy tax incentive program I signed into law in June.

And, hats off to Senator Barbara Leff and Representative Michele Reagan for their leadership in working with GPEC -- and my Department of Commerce last session to pass this critical legislation.

Trust me.

Suntech is just the beginning.

I have been meeting with other large-scale manufacturers who want to come to Arizona.

Today, I want to introduce Jim Bernard. He is a Vice President of Tower Automotive, a leading auto supplier that has diversified its business into the production of solar equipment.

How's that for American creativity?

Just a few days ago, I helped secure an agreement from Tower Automotive to come to Arizona and invest more than \$50 million, and create nearly 200 quality jobs.

Jobs that will put Arizonans back to work and help Arizona families get back on their feet.

The components made by Jim's company are used by another Arizona company -- Stirling Energy Systems to help generate grid-quality solar electric power.

Joining us to help celebrate the co-location of their key supplier in Arizona is Jeff Collins -- a Vice President at Stirling Energy Systems.

Thank you, for choosing Arizona, and we welcome Tower to our great State.

Jim and Jeff, please stand and be recognized.

Suntech, and Tower Automotive are strategic wins for our state, proof that we can leverage our natural assets like our plentiful sunshine and land, as well as our employee base and educational community, to attract new and better jobs every day.

Just as we see here today, material suppliers want to locate near-by such large manufacturers.

That is sure to draw additional companies -- and jobs -- to Arizona.

**JOURNAL OF THE SENATE**  
**Monday, January 11, 2010**

While we welcome our new leaders to Arizona, we must not forget those who are already here, fighting every day to create new opportunities.

Industries and small businesses who have been hit hard but who are choosing to stick it out with us.

I say, "thank you."

We need to do more to un-shackle our job creators.

During the last year, I have met with hundreds of business leaders about job creation.

From these discussions, I am taking the following specific actions to make Arizona even more competitive in creating jobs.

First, I am announcing the formation of a Governor's Jobs Cabinet.

This team of key state agency directors will cut through the red tape and -- the green tape -- to speed job creation.

Second, I will be allocating a significant portion of remaining federal stimulus funds directly to bring new jobs to Arizona.

Specifically, I am devoting \$10 million in one-time federal stimulus funds for job training.

That way our employees will be ready to work for new companies choosing to locate in Arizona.

Third, under the leadership of Jerry Colangelo and Commerce Director Don Cardon ...

I have created the Governor's Commerce Advisory Council.

Working with other Arizona business leaders, they will transform the Department of Commerce into an engine for job creation.

Finally, I will convene a summit of leading CEOs of national and international companies in the near future to discuss job creation opportunities in Arizona.

And -- while I'm talking about jobs let me say we should do everything we can to see that Arizona is named a training site for the F-35 Joint Strike Fighter.

At Luke Air Force Base; at the Air National Guard's 162nd Fighter Wing in Tucson; and at the Marine Air Corps Station in Yuma.

As a child raised on a military base -- I have a special affection for those who serve in the armed forces.

Every one of Arizona's military bases is critical to our national defense -- and to our state and local economies.

Let's recognize that even with a favorable tax and regulatory climate...the jobs of the future will demand an increasingly skilled workforce.

And that starts with our schools and universities.

I'd like to recognize the work to-date by the regents and Presidents of our universities and community colleges...in response to my call for a new higher-education model that promotes greater access, quality and affordability.

Let me also say thank-you -- to the dedicated teachers who give so much to our students.

Without them, no challenge could be met -- no future assured.

We must never give up attracting top talent to teach our children.

And as we search for that talent -- let's not limit ourselves to the traditional colleges of education.

Isn't it astonishing that in Arizona today, Bill Gates or Craig Barrett would not be considered qualified to teach students about computer science?

We must stop our gate keeping and open the doors to all qualified and skilled citizens who want to teach our children.

That said -- teachers are only one part of the education equation.

Engaged parents must balance educators' contributions and play an active role in their children's learning.

No teacher can ever substitute for an involved parent.

But we must give parents the ability to make the best choices for their children.

Starting with where they go to school.

We lead the nation in school choice.

In Arizona --a parent's right to choose the best school must endure -- whether that's a district, private, charter or home school.

We must also arm parents with the information they need to help monitor their children's academic progress.

We will make sure they have up-to-date data that is available on-line --at any time.

Sorry, kids, no more losing your report card!

We must also tell parents the truth about how their kids' schools are doing.

To that end, I'm urging the Legislature and the state Department of Education to immediately replace our school labeling system.

Our current system rates schools as "excelling", "highly performing", "performing plus", "performing", "under-performing" and "failing".

Who understands that?

How about this?

We assign simple letter grades --"A", "B", "C", "D" and "F".

Our kids live by those grades every day -- so should our schools.

And finally --we must have the courage to tell parents the truth when their children are not doing well.

Frederick Douglas said, "Once you learn to read, you will be forever free."

Sadly, too many of our children are still unable to read as they should by the end of third grade.

Yet, we continue to promote them to more advanced classes, knowing that at every step we dim the light of their promise.

We must stop promoting children who cannot read by the end of third grade.

And we should know well before third grade those students who are falling behind and get them the help they need.

I look forward to working with Senator John Huppenthal and Representative Rich Crandall and other members to enact these reforms.

**JOURNAL OF THE SENATE**  
**Monday, January 11, 2010**

Starting today --we must give the future back to our students.

The reforms should not stop at education.

Our state Government today --is not suited for Arizona's Second Century.

So I'm implementing the following reforms to give Arizonans the state government they deserve

First, I'm establishing the Commission on Privatization and Efficiency or "COPE". COPE will identify state services and agencies whose functions can be eliminated, consolidated, streamlined or outsourced to achieve greater operational efficiency in meeting the needs of our citizens.

I am proud to announce today that Mark Brnovich, my Director of the Department of Gaming, and former Director of the Center for Constitutional Government at the Goldwater Institute, will serve as chairman.

I will consult with President Bob Burns and Speaker Kirk Adams so they can join me in this important effort.

Second, I am also proposing reforms to our existing Medicaid program, AHCCCS -- beginning with one that's quite fundamental.

In these times voters must be asked to re-consider the Prop 204 expansion.

Contrary to what voters were told, there is no such thing as free health care.

Supporters assured us that it would be covered by tobacco revenue.

But in reality -- almost \$1 billion of our General Fund deficit can be directly attributed to this enormous expansion.

We must ask the voters to, roll it back.

While we agree we must provide essential services for those with no place else to turn...we must only offer those benefits necessary and ensure that we have a program free of abuse or waste.

To that end, I'm instructing AHCCCS to pursue changes to require a photograph on every adult enrollee's card so only the right person is getting the treatment.

I'm also instructing AHCCCS to explore options to reward those health care providers who help us drive down costs --while maintaining the high quality care our program is known for.

We must decrease visits to high cost settings like emergency rooms -- and encourage those receiving state service to take personal responsibility for their own health, as all

Arizonans should.

The federal government may be failing in its role, but we will continue to do better in ours.

Third, budget cuts within state government have resulted in reduced or limited funding for services for our most vulnerable -- the elderly, disabled and low-income residents.

Therefore, I'm establishing Arizona Serves.

With the assistance of the Arizona Department of Economic Security, Arizona Serves will connect faith-based and non-profit organizations to help meet those needs.

And lastly --I will work with the Legislature to enact common-sense reforms to deter illegal immigration in our state.

We are a nation of immigrants.

However, we cannot tolerate those who break the law to gain the right to live in America.

My fellow Arizonans, we are living amid hard times.

These are difficult days that providence has set before us.

I do not shrink from them.

I do not cower.

And, neither should you.

The moments before us are profound and in many ways -- painful.

But they are filled with hope and opportunity.

We are a young state.

Arizona's best days are still to come if we make the right decisions.

They are what the future requires.

Around here, we deal in shades of gray.

But, in our motives there can be no gray, only black and white.

Those of us who hold a public trust must choose: Serve others, or serve yourself.

Make politics an end in itself, a thing for your pleasure and your ego, or make it an honest work for the good of free people.

Some Arizonans look at their political leaders and see countless actors on a stage, but precious few workers in the field.

My friends let us gather in the field.

Our state is still waiting for us to conduct some very difficult business.

It isn't going to be easy, but we must close ranks and get it done.

When our public service is over, we will be judged less by what we achieved, than what we overcame.

And we will be remembered less for what we gained, than what we gave.

So, let us do what we need to do.

Let us be truth-tellers.

Let us be honest with each other and worthy of the trust that we have been given.

Let us commit to an Arizona revival equal to her spirit -- equal to the promise of her second century, a government that is limited in scope but unrestrained in its goodness.

That is what is expected of us.

And, that is exactly what we will do.

Thank you, may God bless you and your families -- and may God bless Arizona.

The Honorable Robert Burns  
 President, Arizona Senate  
 1700 W. Washington  
 Phoenix, AZ 85007

Dear President Burns:

Effective today, I am resigning my Senate seat in Legislative District 6. With my recent announcement of my candidacy for Congress in Arizona's 3rd Congressional district, I feel that both my constituents and my colleagues in the Arizona State Senate would be better served with a State Senator who is not concurrently campaigning for another office.

It has been both a pleasure and an honor to serve both with you and the Republican caucus. I wish you and my colleagues nothing but the best as you work diligently to solve the many important issues facing our state.

Sincerely,

/s/Pamela Gorman  
 Senator Pamela Gorman  
 Legislative District 6

**INTRODUCTION AND FIRST READING OF BILLS**  
**UNANIMOUS ADOPTION OF SENATE RESOLUTION 1001**

Senate Resolution 1001 recognizing the Chicago Cubs for their positive impact on major league baseball spring training, the Cactus League and the State of Arizona was introduced and read in full by Senator Verschoor as follows:

Whereas, the Chicago Cubs have been an integral part of the Cactus League and spring training in Arizona since 1952; and

Whereas, as a result of their rich history in our state, the Chicago Cubs have become an adopted treasure of Arizona; and

Whereas, the Chicago Cubs have drawn millions of baseball fans to spring training games during this time, both at their facilities and those of other Cactus League teams around Arizona, and have played in eight of the ten highest attendance Cactus League games in history; and

Whereas, on average the Chicago Cubs draw nearly twice as many spring training fans as any other Cactus League team, both at their stadium and those of all other teams, providing a significant, reliable economic benefit to the entire state; and

Whereas, as the most popular team in the Cactus League, the Cubs have a disproportionate economic and fiscal benefit to Arizona, nearly \$53 million annually over and above any other spring training team; and

Whereas, the Chicago Cubs have an annual economic and fiscal impact to the state's economy of more than \$80 million, which supports hotels, restaurants, retail stores and many other businesses; and

Whereas, the Chicago Cubs are a nationally and internationally known organization that brings tremendous recognition and value to Arizona; and

Whereas, the Chicago Cubs are indeed deserving of appreciation for their many years of sports entertainment and contributions to the Cactus League and the state of Arizona.

Therefore

Be it resolved by the Senate of the State of Arizona:

1. That the Members of the Senate honor the Chicago Cubs for their many years of history in our state and their outstanding contributions to Arizona.
2. That the Members of the Senate recognize the tremendous economic and cultural benefits the Chicago Cubs bring to the entire state of Arizona.
3. That the Members of the Senate realize the importance of the effort to retain the Chicago Cubs as members of the Cactus League, both to the vitality and strength of the league and the Arizona tourism industry.
4. That the Secretary of State transmit a copy of this Resolution to the Chicago Cubs.

Senator Verschoor moved that Senate Resolution 1001 be unanimously adopted.

President Burns announced that Senate Resolution 1001 was signed in open session and that the Secretary was instructed to record the action and transmit the resolution to the Secretary of State.

(February 4)

**JOURNAL OF THE SENATE**  
**Thursday, February 4, 2010**

INTRODUCTION AND FIRST READING OF BILLS  
 UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2047

House Concurrent Resolution 2047 on the death of Maurice K. Grossman was introduced and read in full by Senator Aboud as follows:

Maurice Kenneth Grossman, an exemplary Arizonan for fifty-five years, passed away recently at the age of eighty-two.

Maurice Grossman was raised in a poor Jewish family in Detroit, Michigan, yet he bettered himself and strived to help others enjoy the opportunities and wonder that he attained in life. He served in the United States Navy during World War II and represented the United States abroad as a Fulbright scholar in Japan.

For fifty-five years Maurice Grossman shaped and encouraged the Tucson art scene through founding the three-dimensional arts program at the University of Arizona and the Tucson Craft Guild. His extraordinary dedication as a teacher and artist provided a shining example to thousands of students at the University of Arizona over the years. As a professor of ceramics from 1955 to 1989, he was awarded the Creative Teaching Award and a National Endowment for the Arts grant.

Maurice Grossman was a tireless political volunteer, helping to found the Southern Arizona Stonewall Democrats and to register many voters through his exemplary patriotic efforts. He often donned costumes and colorful accessories such as boas, flags and homemade hats to encourage citizens to sign up for their right to vote. Maurice Grossman also advocated for the rights of all humans, including those in the lesbian, gay, bisexual and transgender community.

Over his lifetime, Maurice Grossman received numerous awards and recognition for his efforts to better the world around him. He was selected to serve as the Grand Marshal for Tucson's Pride parade and was honored by Wingspan, Southern Arizona's Lesbian, Gay, Bisexual and Transgender Community Center, with the Godat Award for his lifetime of community leadership.

Maurice Grossman was a loving and devoted husband to his wife, Marilyn Gracey Grossman, and the proud father of two daughters, Barbara Jean and Lauren, and a son, Stephen. With great generosity of spirit, he was a friend to the many people with whom he shared his infinite good cheer and kindness over the years, and he will be deeply missed by all who knew him.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature recognize the many contributions of Maurice Grossman to the State of Arizona, and extend their deepest sympathies to his family and many friends.

Senator Aboud moved that House Concurrent Resolution 2047 be unanimously adopted and that the Senate stand in a moment of silence in memory of Maurice Grossman. The motion carried.

PERSONAL PRIVILEGE

Senator Sylvia Allen read the following Proclamation on the Apache military leader Goyathlay, known as Geronimo:

WHEREAS, the great Apache Indian military leader Goyathlay, known as Geronimo, died on February 17, 1909 at Fort Sill, Oklahoma; and

WHEREAS, born on June 16, 1829 in what is today New Mexico, Geronimo was a prominent leader and holy man of the Chiricahua Apache Indian tribe. For decades, he fought fiercely against efforts by Mexico and the United States to expand into Apache tribal lands; and

WHEREAS, Geronimo was revered by his people as having special spiritual insights and abilities, and he survived numerous bullet wounds and battles over his lifetime; and

WHEREAS, Geronimo was well-known for protecting the traditions, customs and culture of the Apache people. Often outnumbered in their battles against Mexican and American troops, Geronimo and his warriors became famous for their daring exploits and numerous escapes from capture; and

WHEREAS, when the Chiricahua Apaches were transferred to the reservation at San Carlos, in eastern Arizona, Geronimo fled with a band of followers into Mexico; and

WHEREAS, in 1887, Geronimo surrendered to the United States Army and was sent as a prisoner to Florida. He was later reunited with his family and they were transferred to Alabama and then to Fort Sill. He was never permitted to return to the land of his birth, and in 1909 he died of pneumonia after being thrown from his horse; and

WHEREAS, the name "Geronimo" has become an Arizona legend, signifying fierce bravery in battle and a determination to succeed in the face of seemingly insurmountable odds. His tremendous defense of the Apache people and their ages-old way of life will long be remembered and celebrated.

THEREFORE BE IT RESOLVED, by the Senate of the State of Arizona that the Members of the Senate recognize the one hundredth anniversary of the death of Geronimo.

#### RESIGNATION

President Burns instructed the Reader to read the letter of resignation from Senator Jonathan Paton:

February 22, 2010

The Honorable Robert "Bob" Burns  
President, Arizona State Senate  
1700 West Washington Street  
Phoenix, Arizona 85007

Dear President Burns,

It is with mixed emotions I submit my resignation from my Arizona State Senate seat for Legislative District 30 effective upon adjournment of your Judiciary Committee today, Monday, February 22, 2010.

It has been an honor to serve the citizens of Arizona and a privilege to work with colleagues on both sides of the aisle. My time as a state legislator has been the most exciting experience in my entire life.

I take with me both extensive knowledge of the legislative process and many memories I gained over the years serving as a legislator. I wish this Legislature and all succeeding ones well.

Sincerely,

/s/Jonathan Paton  
State Senator  
Legislative District 30

MESSAGES FROM THE HOUSE

(March 24, 2010)

House unanimously adopted House Concurrent Resolution 2065

INTRODUCTION AND FIRST READING OF BILLS  
 UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2065

House Concurrent Resolution 2065 was read in full as follows:

A Concurrent Resolution proclaiming April 6, 2010 as diabetic peripheral neuropathy action awareness day in Arizona.

Whereas, Diabetic Peripheral Neuropathy (DPN) is a serious condition that results from damage to nerves due to prolonged exposure to high amounts of glucose in the bloodstream as a result of diabetes; and

Whereas, DPN often results in pain or numbness in the feet, but because DPN damages nerve fibers, virtually any nerve in the body can be affected; and

Whereas, more than half of all diabetics suffer from DPN, which manifests itself in intense pain often described as aching, tingling, burning and numbness; and

Whereas, according to the United States Centers for Disease Control and Prevention, African Americans are 1.6 times more likely to have diabetes than non-Hispanic whites and Hispanic/Latino Americans are 1.8 times more likely to have diabetes than non-Hispanic whites. In Arizona, nearly 23 per cent of Native Americans over the age of twenty have been diagnosed with noninsulin-dependent diabetes; and

Whereas, DPN is the leading cause of amputations, and as many as 40 to 60 per cent of lower extremity amputations are due to DPN. Amputations in the African American, Latino and Native American diabetic populations are twice the rate of the diabetic white population. In the United States, more than 50,000 diabetes-related amputations are performed each year, but comprehensive foot care programs can reduce amputation rates by 45 to 85 per cent; and

Whereas, DPN is preventable only to the extent that the underlying cause is preventable, requiring the individual patient's alert awareness of bodily deficiency, illness, infection or injury that can cause peripheral neuropathy, and the individual's willingness to seek early diagnosis and treatment; and

Whereas, the Arizona Diabetes Coalition works to inform people of DPN, to educate them about its symptoms and best preventive practices and to promote medical research toward improved methods of diagnosing and treating peripheral neuropathy.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature proclaim April 6, 2010 as Diabetic Peripheral Neuropathy Action Awareness Day in Arizona, in conjunction with National Foot Health Awareness Month, to raise public awareness regarding the symptoms and treatment of this painful and dangerous neuropathy.

Senator Landrum Taylor moved that House Concurrent Resolution 2065 be unanimously adopted. The motion carried.

House Concurrent Resolution 2065 was signed in open session. The Secretary recorded the action and returned the resolution to the House.

### PERSONAL PRIVILEGE

Senator Rios read the following resolution supporting the goals and ideals of the Arizona Osteoporosis Coalition:

### RESOLUTION

Supporting the goals and ideals of the Arizona Osteoporosis Coalition.

Whereas osteoporosis, a disease characterized by low bone mass, structural deterioration of bone, and increased susceptibility to fractures, is a public health threat;

Whereas 1.5 million fractures in the U.S. from osteoporosis each year lead to more than 500,000 hospitalizations, over 800,000 emergency room visits, more than 2.6 million office visits, and the placement of nearly 180,000 Americans into nursing homes.

Whereas one in two women and one in five men over age 50 will have an osteoporosis-related fracture in her or his remaining lifetime;

Whereas building strong bones during childhood and adolescence can be the best defense against developing osteoporosis later;

Whereas osteoporosis is often thought of as an older person's disease, but bone health is a concern for any age;

Whereas substantial risk has been reported in people of all ethnic backgrounds;

Whereas osteoporosis is responsible for more than 1.5 million fractures annually;

Whereas the Surgeon General of the Public Health Service says that caring for bone fractures from osteoporosis costs America \$18 billion annually;

Whereas the Surgeon General believes that bone health is critically important to the overall health and quality of the life of Americans; that is in jeopardy and will only get worse if left unchecked; and that great improvements in the bone health status of Americans can be made by applying what is already known about early prevention, assessment, diagnosis, and treatment; and

Whereas optimum bone health and prevention of osteoporosis can be maximized by a balanced diet rich in calcium and vitamin D; weight-bearing exercise; and a healthy lifestyle with no smoking or excessive alcohol intake;

Whereas Osteoporosis affects an estimated 44 million Americans, including over 800,000 Arizonans:

**JOURNAL OF THE SENATE**  
**Thursday, April 1, 2010**

Now, therefore, be it resolved, that the Senate supports the goals and ideals of the Arizona Osteoporosis Coalition and urges the people of the great state of Arizona to observe appropriate programs and activities with respect to osteoporosis, including talking with their health care professionals about their bone health.

A Concurrent Resolution acknowledging the Navajo Code Talkers for their substantial contributions to American history and military success.

Whereas, on December 7, 1941, the Japanese Empire attacked Pearl Harbor, and Congress declared war the following day; and

Whereas, the military code, developed by the United States for transmitting messages, had been deciphered by the Japanese and United States intelligence made a search to develop new means to counter the enemy; and

Whereas, the United States government called on the Navajo Nation to support the military effort by recruiting and enlisting 29 Navajo men to serve as Marine Corps Radio Operators. The number of enlistees later increased to over four hundred; and

Whereas, at the time, the Navajos were a people who were discouraged from using their own language; and

Whereas, the Navajo Marine Corps Radio Operators, who became known as the Navajo Code Talkers, developed a code using their language to communicate military messages in the Pacific; and

Whereas, to the enemy's frustration, the code developed by these Native Americans proved to be unbreakable and was used extensively throughout the Pacific theater; and

Whereas, the Navajo language, discouraged in the past, was instrumental in developing the most significant and successful military code of the time. At Iwo Jima alone, Code Talkers passed over 800 error-free messages in a 48-hour period; and

Whereas, the Navajo Code Talkers were so successful that military commanders credited the Code Talkers' code with saving the lives of countless American soldiers and the successful engagements of the American forces in the battles of Guadalcanal, Tarawa, Saipan, Iwo Jima and Okinawa; and

Whereas, following the conclusion of World War II, the United States Department of Defense maintained the secrecy of the Navajo code until it was declassified in 1968. Only then did a realization of the sacrifice and valor of these brave Native Americans emerge from history; and

Whereas, the Navajo Code Talkers' remarkable contribution to this country went unrecognized until 2001 when President George W. Bush awarded the Code Talkers the Congressional Gold Medal; and

Whereas, there were initially more than 400 Navajo Code Talkers, but now fewer than 60 remain, none of whom is under 80 years of age.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

1. That the Members recognize the enormous contributions of the Navajo Code Talkers to American history and military success, and support the preservation of the Navajo Code Talkers' remarkable legacy.

2. That the Secretary of State of the State of Arizona transmit copies of this Resolution to the Secretary of the United States Department of the Interior, to the

President of the Navajo Nation and to each Member of Congress from the State of Arizona.

BUSINESS ON THE PRESIDENT'S DESK

COMMUNICATIONS FROM THE GOVERNOR

President Burns announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On April 6, the Governor signed and transmitted to the Secretary of State House Bills 2028 and 2579.

The Governor vetoed the following:

April 6, 2010

The Honorable Kirk Adams  
Speaker of the House  
Arizona House of Representative  
1700 West Washington Street  
Phoenix, Arizona 85007

Re: House Bill 2075 – State Board of Investment; Continuation

Dear Speaker Adams:

Today I vetoed House Bill 2075. This bill was introduced to continue the State Board of Investment for ten years, however other substantive provisions unrelated to the extension of the Board were added to the bill. The Board is scheduled to sunset on July 1, 2010.

The Arizona Constitution requires the establishment of a State Board of Investment. Currently the Board consists of five members: the State Treasurer, the Director of the Department of Administration, the Superintendent of the Department of Financial Institutions, and two other members appointed by the Treasurer. House Bill 2075 grants the State Treasurer an additional appointment to the Board without granting the Executive an equal appointment. This arrangement would alter the Board's balance and grant the State Treasurer, who also serves as the Board's chairman, even greater power over the Board's decision making. I am also concerned that this measure leaves the Board with an even number of members while lacking any provision to resolve a tie vote, which could result in a stalemate on any number of important matters before the Board.

I recognize that adding an additional member to the Board of Investment would provide the State Treasurer with the additional financial expertise he is seeking to help him with matters relating to the Permanent Land Trust Funds, the investment of state monies and the development of state investment policies. However, I am very concerned about the unintended consequences that could result from altering the makeup of this important Board and I don't believe such a move would be prudent in these financially uncertain times.

Fortunately, there is still time in the session for the Legislature to send me a bill that simply continues the State Board of Investment until July 1, 2020. During the interim, I would be pleased to work with the bill's sponsor, Rep. Nancy McLain, to develop legislation for next session that provides the appropriate financial expertise that the State Treasurer needs while also maintaining a reasonable balance between the Executive and the State Treasurer's Office.

Sincerely,

/s/ Janice K. Brewer  
Governor

The Governor vetoed the following:

April 9, 2010

The Honorable Robert Burns  
President  
Arizona State Senate  
1700 West Washington Street  
Phoenix, Arizona 85007

Re: Senate Bill 1267 (initiative and referendum)

Dear President Burns:

Today I vetoed Senate Bill 1267. This bill was introduced to require ballot measure numbering to continue from the previous election and not be repeated until all one hundred numbers have been used.

I agree that consecutively numbering ballot measures will help avoid voter confusion in future elections. However, the bill as drafted contains an emergency clause and language in Section 2 that could be interpreted to apply the new numbering system to the May 18, 2010 special election. As you aware, the proposal to temporarily increase the sales tax by one cent for three years to fund public education, public safety and health and human services is numbered Proposition 100. The requirement on page one that "individual numbering shall continue from the last number used in the previous election..." could affect Proposition 100 in the upcoming special election because the bill is an emergency measure and the last election was in 2008.

The last number used for constitutional measures in the 2008 election was Proposition 105. If this law were to be interpreted to apply to the special election, then the measure would have to be renumbered Proposition 106. An attempt may have been made by the Legislature to remedy this situation in the applicability section (Section 2). However, that section does not address the special election, but rather just simply states that the act "applies to the 2010 general election." To address my concerns, Section 2 should have stated the applicability of the bill "starts" with the 2010 general election.

The early ballots and voter publicity pamphlet have been printed and early voting begins in less than two weeks. The campaign in favor of Proposition 100 has printed signs and published advertisements referring to the measure as Proposition 100. The same is true of countless media reports on the election. Although this law will not become effective until it is precleared by the United States Department of Justice, that process could be expedited and make this law effective prior to the May 18, 2010 special election. Any argument that the proposition number should be changed this close to the election will cause great voter confusion and could require a legal action to settle the question.

Fortunately, there is still time in the session for the Legislature to send me a bill that allows for consecutive ballot measure numbering for future elections and makes clear that such numbering would begin starting with the 2010 general election.

Sincerely,

/s/Janice K. Brewer  
Governor

**PERSONAL PRIVILEGE**

Senator Nelson read the following Senate Proclamation on the establishment of a Veterans Treatment Court Program:

*Arizona State Senate  
Senate Proclamation  
Establishment of a Veterans Treatment Court Program*

**WHEREAS**, historically, the state of Arizona has honored the noble sacrifices that members of the military have made to protect our freedoms by providing veterans and members of the military certain benefits and rehabilitative services; and

**WHEREAS**, studies have shown that combat service may exact a tremendous psychological toll on members of the military who are faced with the constant threat of death or injury over an extended period of time; and

**WHEREAS**, researchers have shown that a significant number of the one million six hundred thousand members of the military who have served in Iraq and Afghanistan will suffer, as a result of their military service, mental health injuries, such as post-traumatic stress disorder, traumatic brain injury, depression, anxiety, and acute stress; and

**WHEREAS**, such combat-related injuries, including the use of drugs and alcohol to cope with such injuries, can lead to encounters with the criminal justice system that would not have otherwise occurred without the combat-related injury; and

**WHEREAS**, while the vast majority of returning members of the military do not have contact with the criminal justice system, and most veterans and members of the military are well-adjusted, contributing members of society, psychiatrists and law enforcement officials agree that combat-related injuries have led to instances of criminality; and

**WHEREAS**, as a grateful state, we must continue to honor the military service of our men and women by attempting to provide them with an alternative to incarceration when feasible, permitting them instead to access proper treatment for mental health and substance abuse problems resulting from military service.

**NOW, THEREFORE**, the Senate finds that it is in the best interests of Arizona citizens to assist veterans and members of the military involved in the criminal justice system who have a military-related injury. In order to achieve this end, the Senate encourages the establishment of veterans' treatment courts to address the unique challenges veterans face as a result of their honorable service.

BUSINESS ON THE PRESIDENT'S DESK

COMMUNICATIONS FROM THE GOVERNOR

President Burns announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On April 14, the Governor signed and transmitted to the Secretary of State Senate Bills 1093, 1113, 1122, 1123, 1285, House Bills 2033, 2040, 2130, 2152, 2172, 2218, 2261, 2298, 2389, 2491, 2514 and 2666.

The Governor signed House Bill 2261 with the following message:

April 14, 2010

The Honorable Kirk Adams  
Speaker  
Arizona House of Representatives  
1700 W. Washington  
Phoenix, Arizona 85007

Dear Speaker Adams,

Today, I signed House Bill 2261; community college boards; expansion, with the understanding that there will be subsequent legislation this session delaying the effect of the bill until 2012.

One of the main provisions of this bill is to expand the community college district governing board a county larger than three million persons. Currently, the board has five members whose districts coincide with the county supervisorial districts. This bill now requires the county to elect two new at large members to the board.

The Maricopa County Elections Department is concerned that the effective date of this bill will coincide with the time that new candidates must file for their offices. Given that the changes contained in this bill will need to be pre-cleared by the United States Department of Justice, there is reason to believe that there may not be enough time for the issue to be determined and proper petitions and ballot language to be crafted.

The sponsor, Representative Crandall, has indicated that there will be subsequent legislation in the time that remains in this legislative session to delay the implementation of these changes to 2012. I urge the county to work with the sponsor to ensure that the necessary steps are taken to address these concerns.

Sincerely,

/s/ Janice K. Brewer  
Governor

The Governor vetoed the following:

April 14, 2010

The Honorable Kirk Adams  
Speaker  
Arizona House of Representatives  
1700 West Washington Street  
Phoenix, Arizona 85007

Re: House Bill 2110 (state library and archives amendments)

Dear Speaker Adams:

Today I vetoed House Bill 2110. This bill was introduced to amend the laws related to the Arizona State Library, Archives and Public Records (ASLAPR), following last year's legislation that moved that office under the direction to the Secretary of State.

**JOURNAL OF THE SENATE**  
**Thursday, April 15, 2010**

I have no issue with the various technical and renumbering changes proposed in HB 2110. However, this bill makes major changes to the longstanding and historical manner in which confidential and sensitive information regarding our citizens is stored and maintained in Arizona and provides little guidance to assure that the integrity and confidentiality of that information will not be compromised.

The various state agencies, governmental entities and municipalities whose records would have to be transferred to ASLAPR under this law must be consulted regarding these security issues, and a discussion has to occur as to whether transferring these records to ASLAPR is in the best interest of the citizens of our State. I encourage the sponsors and proponents of this bill to reach out to these offices to hear their concerns.

I also have concerns about the proposed State Building Stewardship Pilot Program. The current structure and obligations of the Capital Outlay Stabilization Fund (COSF) is inequitable and leading to the deterioration of ADOA's building infrastructure. The COSF situation has been further aggravated by our need to fund some ADOA operational costs out of COSF due to the state's budget crisis. House Bill 2110 further exacerbates the COSF dilemma. I am also concerned about the bill's rent exemption and the planned duplication of effort, since ADOA already provides these services.

I support finding ways to promote, incentivize and pilot methods to enhance building stewardship. I believe, though, that any building management/stewardship pilot program should be the result of solid collaboration between ADOA and other agencies, and should clearly delineate the evaluation criteria for determining the programs' success and whether the experiences are applicable elsewhere in state government. I am also concerned, that forgiving rent requirements for a single agency and providing funds for that agency to handle its own building maintenance and operations is not the best method for launching a solid pilot program.

I look forward to working with Representative McComish, the Secretary of State and other stakeholders over the interim to comprehensively address these issues.

Sincerely,

/s/Janice K. Brewer  
Governor

PERSONAL PRIVILEGE

Senator Russell Pearce read the following Senate recognition on the death of SFC Glen Jacob Whetten:

SFC Glen Jacob Whetten  
19 MARCH 1978 – 12 MARCH 2010

SFC Glen Jacob Whetten was raised in Phoenix, Arizona and graduated from South Mountain High School in 1996.

At the age of eighteen SFC Whetten began his service to his country by enlisting in the Army as an Infantryman, and his first duty assignment was with the "Gimlets" of the 25<sup>th</sup> Infantry Division (Light) at Schofield Barracks, Hawaii with whom he served from December 1996 until February 2002. While assigned with the "Gimlets" he was deployed to the Sinai in Egypt as part of the Multinational Force and Observers mission enforcing the 1979 Egyptian-Israeli Peace Treaty. It was here that he first learned his craft as an Infantryman and as a leader, thus laying the foundation for his professional military career.

SFC Whetten then was assigned to the 82<sup>nd</sup> Airborne Division in Fort Bragg, North Carolina as a Scout Squad Leader and Sniper from March 2002 – March 2003. Then, while still with the 82<sup>nd</sup> Airborne Division, he deployed to Southwest Asia as part of Operation Iraqi Freedom I from March 2003 until March 2004 earning the Army Commendation Medal for Valor.

Upon SFC Whetten's redeployment from Iraq his next assignment was to the Ranger Training Battalion at Ft Benning, Georgia where he remained as a Ranger Instructor from August 2004 – June 2009. While at the Ranger Training Battalion he was the primary instructor for the Modern Army Combatives Program, primary trainer for the M240B Machine Gun and trained fellow Non-Commissioned Officers as fully qualified Ranger Instructors. He was an expert at small unit tactics and maneuver and trained over 3000 Rangers.

SFC Whetten's last assignment was with the Validation Transition Team for Regional Command – North, Masar-i-Sharif, Afghanistan as an Afghan National Army Infantry Battalion Mentor. He was detailed to the Consolidated Fielding Center at Camp Blackhorse in order to train Afghan National Army Infantry Companies as part of the Accelerated Fielding Plan for the Afghan National Army.

SFC Whetten's overseas tours included Hawaii, Egypt, Iraq, and Afghanistan. His awards include the Bronze Star, the Army Commendation Medal for Valor, the Army Commendation Medal (5), Army Achievement Medal (7), NATO Medal, the Afghan Campaign Medal, the Ranger Tab, Combat Infantryman's Badge (2<sup>nd</sup> Award), Expert Infantryman's Badge, Parachutist Badge, and the Air Assault Badge. SFC Whetten was trained as a sniper with both the M24 and M84 Barrett rifles, trained in Malaysian Combat Tracking and Survival, and in the Modern Army Combatives Program. He was on a mission in the 205<sup>th</sup> ANA Corps Area of Operations in Kandahar in order to assist another Validation Transition Team in their assessment of the Headquarters, 2<sup>nd</sup> Brigade, 205<sup>th</sup> Corps. SFC Whetten was killed in action in Zabul Province, Afghanistan on 12 March 2010 when an IED detonated under the Mine Resistant Ambush Protected Vehicle upon which he was serving as a gunner.

Therefore, be it resolved by the Senate of the State of Arizona that the Members of the Senate express sincere regret at the passing of SFC Glen Jacob Whetten and extend their deepest sympathies to his Mother, Amy Whetten of Mesa, Arizona, his daughter, Ariana, and his girlfriend Megan Hughes of Columbus, Georgia as well as numerous brothers, sisters, family, and friends.

Senator Russell Pearce requested that the Senate stand in a moment of silence in memory of SFC Glen Jacob Whetten.

She also gave freely of her time and energy to various community organizations and was a tireless advocate for the conservative movement. Re: House Bill 2043 – Law Enforcement; Duty Fitness Examination

Dear Speaker Adams:

Today I vetoed House Bill 2043. This bill was introduced to establish requirements for employers of law enforcement and probation officers regarding final reports and preexamination materials related to fitness for duty examinations. Employers may require officers to submit to a fitness for duty examination to assess whether an officer is able to perform the essential functions of his or her position due to a possible physical or mental condition.

House Bill 2043 requires that if an officer is determined to be unable to perform the essential functions of their job because of a physical condition, the employer shall provide the officer with the final report of the fitness for duty examination, as well as any pre-examination materials. I am concerned that this legislation does not allow for the redaction of sensitive information from those reports. Arizona's law enforcement officers are critical to maintaining the safety of the public. If an officer notices a colleague is unable to perform his or her duties, that officer *must* report those concerns. This is an appropriate requirement. An officer that is unfit for duty could pose a serious safety risk not only to his fellow officers, but also to the public. I am concerned, however, that the requirement that the reporting officer's name be disclosed may cause him to refrain from reporting until it is too late and someone may become seriously injured.

I am also concerned that this legislation will apply across the board to all fitness for duty examinations within law enforcement and probationary employment. Employers of law enforcement officers and probation officers have the ability to establish policies and procedures for fitness for duty examinations within their organizations. This legislation would force agencies that already have efficient policies and procedures in place to eventually change those processes.

For these reasons I have chosen to veto House Bill 2043.

Sincerely,

/s/ Janice K. Brewer  
Governor

On April 26, the Governor transmitted to the Secretary of State Senate Bill 1305. (bill signed on April 24)

Re: House Bill 2215 (tax assessment of retention basins)

Dear Speaker Adams,

Today, I vetoed House Bill 2215. This bill was introduced to establish a method of property valuation for commercial and industrial retention basins. The bill also establishes the value of retention basins at \$500 per parcel.

House Bill 2215 could lead to unintended fiscal and policy consequences if it were to become law in its current form.

Chief among those consequences is a yet-unknown impact to property tax rates. Allowing the values of these parcels of property to drop would lower overall property valuations and would necessarily require the state to adjust the QTR upwardly.

The value of a retention basin is difficult to capture as a stand-alone parcel; therefore this change could significantly increase the number of parcels that would be reclassified as retention basins. This could also create confusion as to how an assessor is expected to capture the value of adjacent parcels.

Arizona's property tax system relies on accounting for improvements made to land. If improvements are removed from the equation as though they are of no value, such as is proposed in HB 2215, the property tax system is eroded.

**JOURNAL OF THE SENATE**  
**Tuesday, April 27, 2010**

The Maricopa County Assessor has recognized the need to revise valuation policies and procedures addressing the full cash value of certain types of restricted use properties, such as retention basins. I encourage and support these efforts.

Sincerely,

/s/Janice K. Brewer  
 Governor

CONFERENCE COMMITTEE REPORTS

President Burns announced that a group motion would be made for the adoption of conference committee reports unless a Senator requested a report to be considered separately.

Senator Chuck Gray moved on behalf of the Chairmen that the Senate adopt the following conference committee reports:

Senators Leff, Bunch and Chevront, Senate conferees, and Representatives Reagan, Cajero Bedford and Pratt, House conferees, submitted the following conference report on House Bill 2037:

That the House accept the Senate amendments with exceptions and the bill be further amended.

Senators Chuck Gray, Alvarez and Gould, Senate conferees, and Representatives Tobin, Driggs and Tovar, House conferees, submitted the following conference report on House Bill 2238:

That the House accept the Senate amendments and the bill be further amended.

Senator Alvarez, Senate conferee, submitted the following Minority Report:

Although I have signed the Conference Committee Report for HB 2238, I am writing this minority report because I am opposed to the exclusion from the bill of the language contained in SB 1292 civil actions; time limits, crimes, sponsored by Senator Aguirre. The Conference Committee amendment added the language of HB 2699 relating to child prostitution to HB 2238. However, it did not also add the language of SB 1292.

In the Senate, the provisions of SB 1292 were added to HB 2699. SB 1292 eliminates the civil statute of limitation for a child sex abuse victim to sue the person or entity that perpetrated the abuse or negligently allowed it to happen. HB 2699, with the language of SB 1292, passed the Senate unanimously by a vote of 28-0. It only requires the concurrence by Rep. Driggs to move forward.

SB 1292 is an important bill that will help many victims of childhood sexual abuse. It will also bring public scorn to the perpetrators of that abuse that have managed to elude criminal prosecution. It is unfortunate that the sponsor of HB 2699 chose to play politics with the bill, rather than simply concur in the Senate changes and move the bill and its important protections forward.

/s/ Manuel Alvarez  
 Senator Alvarez, District 25

Senators R Pearce, Garcia and Melvin, Senate conferees, and Representatives Montenegro, Chabin and Weiers JP, House conferees, submitted the following conference report on House Bill 2282:

That the House accept the Senate amendments with exceptions and the bill be further amended.

Senators C Allen and Lopez, Senate conferees, and Representatives Heinz, Ash and Goodale, House conferees, submitted the following conference report on House Bill 2545:

That the House accept the Senate amendments with exceptions.

The motion carried and the Secretary notified the House.

#### REPORTS OF STANDING COMMITTEES

President Burns announced that without objection, Reports of Standing Committees as listed on the calendar would not be read. The reports would be entered in the Journal and the Secretary would record the action.

Rules, Senator Burns, Chairman

MESSAGES FROM THE HOUSE

President Burns announced that the Reader would read the following message:

(April 27)

House read in full and unanimously adopted House Concurrent Resolution 2070

INTRODUCTION AND FIRST READING OF BILLS  
UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2070

House Concurrent Resolution 2070 was introduced and read in full by Senator Steve Pierce as follows:

A Concurrent Resolution on the death of Stewart L. Udall.

Stewart L. Udall, distinguished Arizona statesman and noted environmentalist, died at his home in Santa Fe, New Mexico on March 20, 2010 at the age of ninety.

Born to former Arizona Supreme Court Justice Levi Udall and Louise Udall on January 31, 1920, Stewart Udall grew up in St. Johns, Arizona. He served as a Mormon missionary and in the United States Air Force during World War II as a gunner on a B-24, flying fifty missions over Europe. He attended the University of Arizona, receiving his undergraduate and law degrees, before setting up a private practice in Tucson with his brother, Morris.

With his election to the United States House of Representatives in 1954, Stewart Udall embarked on a remarkable record of public service. He ably served on the House Committee on Interior and Insular Affairs, the House Education and Labor Committee and the Joint Committee on Navajo-Hopi Indian Administration. He was reelected to Congress three times before President John F. Kennedy tapped him to serve as Secretary of the Interior in 1960. The first Arizonan ever named to a cabinet post, he was instrumental in the passage of such landmark environmental legislation as the Wilderness Act of 1964 and the Wild and Scenic Rivers Act and in the establishment of the Land and Water Conservation Fund. During his tenure as Secretary, the National Parks System expanded to include four new national parks, six new national monuments, eight seashores and lakeshores, nine recreation areas, twenty historic sites and fifty-six wildlife refuges. After leaving his post as Secretary in 1969, Stewart Udall taught for a year at Yale University's School of Forestry as a Visiting Professor of Environmental Humanism.

A tireless advocate of civil rights, social change and environmental stewardship, Stewart Udall worked diligently throughout his lifetime to better the world around him. As a young attorney, he fought to desegregate Tucson's schools and to prohibit discrimination in hiring. He and his brother, Congressman Morris Udall, played a key role in the passage of legislation creating the Central Arizona Project, which ensured an adequate water supply for Arizonans for years to come. His later efforts to provide compensation for Navajo uranium miners who suffered from lung cancer led to the passage of the Radiation Exposure Safety Act in 1990. Stewart Udall is perhaps best known for his tremendous efforts as congressman and cabinet secretary to maintain our nation's many national treasures and to ensure clean air and water for future generations.

Stewart Udall married Ermalee Webb in 1947 and together they raised six children, Tom, Scott, Lynn, Lori, Denis and Jay. He will be greatly missed by his many friends, his children and his eight grandchildren.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the members of the Legislature regret the passing of Stewart L. Udall and extend their deepest sympathies to his surviving family members.

Senator Steve Pierce moved that House Concurrent Resolution 2070 be unanimously adopted and that the Senate stand in a moment of silence in memory of Stewart Udall. The motion carried.

House Concurrent Resolution 2070 was signed in open session and returned to the House.

#### MESSAGES FROM THE HOUSE

(April 12)

House unanimously adopted House Concurrent Resolution 2066

#### INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2066

House Concurrent Resolution 2066 was introduced and read in full by Senator Russell Pearce as follows:

A Concurrent Resolution supporting the review of arson convictions obtained using evidence that is known to be unreliable.

Whereas, the crime of arson takes hundreds of lives and causes billions of dollars in property damage every year; and

Whereas, the fire investigation community acknowledges that it is appropriate and necessary in identifying arson to use only the most acknowledged updated and thorough methods; and

Whereas, National Fire Protection Association (NFPA) 921, Guide for Fire and Explosion Investigations, provides fire investigators with guidance on how to properly apply the scientific method to fire investigations; and

Whereas, since the turn of the century, NFPA 921 has been generally accepted as the standard of care for fire investigation; and

Whereas, it is vitally important and appropriate to use only the most thorough and comprehensive methods in identifying incendiary fires to avoid improperly classifying fires as incendiary when in fact they are accidental; and

Whereas, there are currently approximately 89 individuals in Arizona's prisons serving time for arson; and

Whereas, it is not clear when the investigative techniques of NFPA 921 or other more sophisticated techniques have been used by law enforcement over the years in all fire investigations by agencies in Arizona; and

Whereas, it is possible that some of those persons convicted of arson in Arizona may have been convicted using antiquated and unreliable techniques in the past.

Therefore

**JOURNAL OF THE SENATE**  
**Thursday, April 29, 2010**

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

1. That the Legislature supports the judicial review of those arson convictions obtained using evidence that is now known to be unreliable.
2. That the Legislature supports the use of NFPA 921 as a guide, as well as all other currently reliable and probative techniques by the judicial branch, law enforcement agencies and other entities in future fire investigations.

**CONFERENCE COMMITTEE REPORTS**

President Burns announced that a group motion would be made for the adoption of conference committee reports unless a Senator requested a report to be considered separately.

Senator Steve Pierce moved on behalf of the Chairmen that the Senate adopt the following conference committee reports:

Senators Russell Pearce and Melvin, Senate conferees, and Representatives Biggs and Jones, House conferees, submitted the following conference report on House Bill 2162:

That the House accept the Senate amendments with exception and the bill be further amended.

Representative Sinema, House conferee, submitted the following Minority Report:

I stand opposed to HB 2162 (NOW immigration; border security) because of two provisions: the enforcement of immigration laws extending to civil ordinances and attempts to assume the authority of the Attorney General in lawsuits relating to SB1070.

First, HB2162 forces our law enforcement officers to, when enforcing any criminal or civil law or local city, county or town ordinance and have reasonable suspicion that the person they are encountering is not legally residing in Arizona, attempt to determine the immigration status of the person they have stopped. This provision would require officers and potentially local government staff to determine the immigration status of persons that may be in violation of civil ordinances including overgrown yards, parking on streets, cars raised on cinder blocks in people's yards, and inoperable vehicles in driveways. This expansion of the statute is a costly unconstitutional provisions that will have irreparable consequences for our law enforcement agencies and communities. I am concerned that this expansion of SB 1070 to include civil ordinances in local communities violates the civil rights of Arizona residents and subjects local law enforcement and local government officials to an unreasonable and unconstitutional requirement.

Second, The Attorney General is a separately recognized constitutional officer, and the chief legal officer of the state. Governor Brewer is not a lawyer, and may not direct the Attorney General as if she were. Indeed, the Attorney General is a separately named party in a lawsuit just filed by a law enforcement officer against SB 1070, and probably will be in others.

Lawyers in this state also are subject to the rules of professional conduct, promulgated by the Supreme Court under its constitutional authority. The Attorney General is prohibited from taking any position in court that is not in good faith. He is not and cannot be required to defend any unconstitutional law.

It is for the above reasons, and many others, I stand opposed to HB2162. It is a dangerous approach that sends the wrong message to our agencies and communities. We need constitutional comprehensive immigration reform that respects civil rights and the separation of powers while making our communities safer.

Senators Huppenthal and Linda Gray, Senate conferees, and Representatives Murphy, Crandall and Meyer, House conferees, submitted the following conference report on House Bill 2521:

That the House accept the Senate amendments with exceptions.

The motion carried and the Secretary recorded the action and notified the House.

INTRODUCTION AND FIRST READING OF BILLS  
UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2068

House Concurrent Resolution 2068 proclaiming April 20, 2010 as Jack Brown Western Day in Arizona was introduced and read in full by Senator Sylvia Allen as follows:

Whereas, the American West was established by pioneering men and women of all ethnic, geographic, social, political and religious backgrounds who worked together, despite various threats and hardships, to establish and grow the State of Arizona; and

Whereas, by necessity, these pioneers possessed courage, strength of character, a strong work ethic, common sense and patriotism, and it is important that we acknowledge and honor these individuals and their vital role in our heritage; and

Whereas, Jack Brown-native Arizonan, rancher, longtime public servant-embodies the spirit of the American West. Born in St. Johns, Arizona in 1929, he has lived nearly all of his life in that community, other than during his attendance at Brigham Young University, where he studied agriculture and economics, and his mission to Brazil for the Church of Jesus Christ of Latter Day Saints. First elected to the Arizona Legislature in 1963, he has continued to ably serve his constituents in that capacity as a strong supporter of rural and agricultural areas of the state. Throughout his decades of service in both the House of Representatives and the Senate, including several leadership posts, he has demonstrated his pragmatic, effective, common sense brand of political savvy and has remained committed to the highest ideals of public service; and

**JOURNAL OF THE SENATE**  
**Thursday, April 29, 2010**

Whereas, Representative Brown has remained committed to serving as a strong voice for those issues most dear to him, including water rights and rural economic development. His humor, wit, integrity and congeniality have enabled him to effectively bridge partisan differences and have earned him the respect and admiration of his peers on both sides of the political aisle. Jack Brown's tremendous efforts throughout his lifetime, both at the Capitol and on his ranch, epitomize the spirit of the American West; and

Whereas, the spirit of the West is an important part of Arizona's culture, one that continues to shape our state and nation. It is indeed fitting that we recognize this enduring spirit in forging a strong future for Arizona and honor individuals such as Representative Jack Brown whose efforts have contributed so greatly to our state's heritage and well-being.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature proclaim April 20, 2010 as Jack Brown Western Day and extend deepest appreciation to Jack Brown for his many outstanding contributions to our great state.

Senator Sylvia Allen moved that House Concurrent Resolution 2068 be unanimously adopted. The motion carried.

House Concurrent Resolution 2068 was signed in open session and transmitted to the House.

MESSAGES FROM THE HOUSE

(April 20)

House unanimously adopted House Concurrent Resolution 2071

INTRODUCTION AND FIRST READING OF BILLS  
 UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2071

House Concurrent Resolution 2071 designating Norman L. Moore as chief clerk emeritus of the Arizona House of Representatives and honoring him for exemplary service to the State of Arizona was introduced and read as follows:

Whereas, the efforts of the Legislature's dedicated employees provide invaluable assistance to the elected members, often during extremely challenging times. No person epitomizes these selfless efforts better than Norman L. Moore; and

Whereas, originally from Omaha, Nebraska, Mr. Moore moved with his family to Holbrook, Arizona in August of 1963. In 1976, Mr. Moore began his service to the Arizona House of Representatives as a page, and a year later he was chosen to be the supervisor of the House pages. In 1981, after a separation from the House of Representatives to attend law school at the University of Nebraska, Mr. Moore returned to the Legislature to serve as a committee analyst with the Committees on Banking and Insurance and Tourism, Professions and Occupations. Mr. Moore quickly gained recognition from his supervisors as an individual who gave the fullest measure of effort and dedication to his responsibilities. In January 1985, he was appointed Assistant House Rules Attorney, a post he held until 1992; and

Whereas, Mr. Moore was chosen to succeed former Chief Clerk Jane Richards on her retirement in 1992. His selection was formalized in January 1993 when he was unanimously elected as Chief Clerk of the House of Representatives, the office he held until his retirement in December 2009. During his exceptional tenure, Mr. Moore demonstrated a level of selflessness and dedication to the House of Representatives that reflects the highest standards of ethics and professionalism; and

Whereas, Mr. Moore's wisdom and level-headed judgment have contributed greatly to the organized functioning of the House of Representatives. He repeatedly demonstrated his skillful counsel during times of procedural emergency when members

were assembled on the floor of the House. As acting House Parliamentarian since 2001, Mr. Moore exhibited clear thinking and a calm demeanor that frequently aided members in resolving confusion and restoring order to the institution; and

Whereas, Mr. Moore's service has extended far beyond his duties at the Arizona Legislature. Currently, he is a member of the Executive Committee of the National Conference of State Legislatures, serving on the Legislative Staff Coordinating Committee. In addition, Mr. Moore served proudly as President of the American Society of Legislative Clerks and Secretaries during 2003 and 2004. His extended service also includes membership on the Mason's Manual Revision Commission, and with Mr. Moore's invaluable assistance the Commission will release the revised edition of the Mason's Manual of Legislative Procedure in 2010.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the House of Representatives recognize and warmly thank Norm Moore for his years of exemplary service as Chief Clerk, legislative staffer and officer of the House of Representatives and hereby bestow on him the honorary title of "Chief Clerk Emeritus."

May 6, 2010

Re: Senate Bill 1179 (NOW: counties; payments; reimbursements; grant revenues)

Dear Secretary Bennett:

Today I vetoed Senate Bill 1179. This bill was amended to modify the payment rate for approved medical claims paid by counties with more than one million persons and exempts counties with more than two million persons from reimbursing the Department of Health Services (DHS) for the cost of commitment and treatment of sexually violent persons in Fiscal Year (FY) 2010-11.

Currently all counties are required to reimburse the Arizona State Hospital for 25% of the cost of care relating to sexually violent persons in the Hospital's Care. This bill would exempt Maricopa County from reimbursing the State for these services, even though nearly 60% of sexually violent persons at the Arizona State Hospital originate from that county. All other counties would be required to continue to reimburse at the current level.

The exemption of Maricopa County would reduce funding necessary to treat sexually violent persons at the Arizona State Hospital by over \$1.7 million dollars annually. As a result the Sexually Violent Person Unit's Budget would be cut by approximately 17% but the level of services required by Maricopa and other counties would not change. The lack of sufficient funding for the sexually violent persons unit could potentially lead to a major public safety risk.

For this and other reasons, I have vetoed Senate Bill 1179.

Sincerely,

/s/ Janice K. Brewer  
Governor

**On May 10, 2010 the Governor signed Senate Bill 1422 with the following message:**

May 10, 2010

The Honorable Ken Bennett  
Secretary of State  
1700 West Washington  
Phoenix, Arizona 85007

RE: Senate Bill 1422 (petitions; post office box addresses)

Dear Secretary Bennett:

Today I signed Senate Bill 1422, which permits certain voters signing candidate nomination petitions to use post office addresses rather than actual residence addresses.

Arizona law has long required that voters must have a residence to register to vote and reside in a district in order to sign nomination petitions for candidates seeking office from the district. The Arizona Supreme Court recently held in *Jenkins v. Hale*, that a voter's signature on a nominating petition is not invalid as a matter of law if the voter provides a post office box address in the address portion of the signature line. However, in the event of a challenge, the burden is shifted to the candidate to show the voter resided in the district and was therefore qualified to sign the petition.

Senate Bill 1422 allows a voter to sign a nomination petition using a post office address only if the voter has no residence address assigned by an official governmental entity or the voter's address is protected under A.R.S. § 16-153. This law will greatly benefit many Native American voters, as well as law enforcement officials whose addresses are sealed for security purposes.

Sincerely,

/s/ Janice K. Brewer  
Governor

Re: House Bill 2300 (driving on highways; lane regulations)

Dear Secretary Bennett,

Today, I vetoed House Bill 2300. The bill requires the Department of Transportation, in cooperation with the Department of Public Safety, to conduct a study to determine the likely safety improvements and feasibility of implementing commercial vehicle lane restrictions on the non-urbanized areas of Interstate 10 between Phoenix and Tucson, and other non-urbanized areas with three or more lanes in each direction.

This bill was introduced to look at improving the efficiency and safety of our highway system, however it is unnecessary and duplicative at this time. ADOT has the authority under current law (28-736) to do what HB 2300 proposes. At a time of restricted budgets, the Legislature is directing agencies of the Executive Branch, agencies whose primary mission is highway and public safety, to do what they are already responsible for doing.

More than one study has shown a 40% projected growth in truck traffic on I-10, which is the primary east-west route across the southern half of the U.S. Additional lanes and an upgraded and updated I-10 is the only answer. This is why my administration and the State Transportation Board have prioritized the I-10 corridor as a vital link in Arizona's economy by committing nearly \$1 billion in current and future improvements in the Phoenix-Tucson section alone. Much of the widening and improvements are underway or already completed.

I commend the sponsor of the bill for his desire to explore ways that may improve the safety and efficiency of our transportation system. With the major improvements under way on the I-10 corridor, the Department is currently looking at whether vehicle lane restrictions would facilitate the safe and orderly movement of traffic and what types of vehicles should be restricted.

Director Halikowski and the traffic engineering professionals at ADOT, working cooperatively with DPS Director Halliday, will address this issue as they always do - with safety of the public as their priority.

Sincerely,

/s/ Janice K. Brewer  
Governor

Re: House Bill 2432 (fire districts; boundaries; merger; consolidation)

Dear Secretary Bennett,

Today, I vetoed House Bill 2432. The bill as originally drafted corrected issues concerning fire district mergers and consolidations, along with addressing several governance matters.

HB 2432 has caused Arizona's fire districts to reevaluate the potential benefits of the original bill compared to the potential risks it poses. The concerns are specific to conference committee amendments that could lead to double taxation by both the fire district and municipality for fire services. Further, the amendment provides for division of fire district assets on a proportionate basis without addressing liabilities or a specific methodology for the division.

While the vast majority of the legislative changes in HB 2432 are non-controversial, the bill transmitted to me also redraws the relationship between municipalities and fire districts. While this may be desirable to a particular fire district, there are also undesirable scenarios for fire districts and most importantly, the Arizonans they serve.

Sincerely,

/s/ Janice K. Brewer  
Governor

RE: HB 2617 (mining amendments; water; permits; rules)

Dear Secretary Bennett:

Today I signed HB 2617. I have heard from various sources, including Tribes, about their concerns regarding this legislation. I have heard from mining interests about the benefits of this legislation. I have also heard from my advisors about the impacts of this legislation. Let me assure the citizens of this State, as both the Director of the Arizona Department of Water Resources (ADWR) and the Director of the Arizona Department of Environmental Quality (ADEQ) have assured me, this legislation will not impact the State's ability to protect the natural resources and environment of this great State.

I have attached a memo issued jointly by the two Directors that responds to the concerns I have heard expressed. After you have read the memo, I believe it will become clear that many concerns probably resulted from individuals misinterpreting the rather complex statutes that govern the water and environment regulatory powers of these two agencies. To the extent concerns still exist, I have instructed the Directors to open a dialogue with stakeholders to determine if any modifications or clarifications should be considered for enactment next legislative session.

Sincerely,

/s/ Janice K. Brewer  
Governor

**Attachment to Governor's letter on House Bill 2617:**

**Date:** May 11, 2010  
**To:** Governor Janice K. Brewer  
**From:** Director Benjamin Grumbles  
Director Herb Guenther  
**Subject:** HB2617

After reviewing HB2617, both ADWR and ADEQ believe this legislation should not harm the State's obligations and authorities to protect our water resources and environment. In addition, this legislation contains several provisions which should help the agencies in fulfilling their missions. For example, HB 2617 allows ADWR and ADEQ to contract with private industry to write all types of permits, including mining permits, while still maintaining control over the ultimate decision (see A.R.S. § 45-104(H), page 8, lines 1-11) and A.R.S. § 49-104(C)(2), page 23, lines 43-45 through page 24, lines 1-8). This allows agencies to focus their limited resources on other areas, allows for permittees to receive their permits more quickly, and creates jobs in the private sector.

ADEQ would also like to clear up any misunderstanding regarding the provision preventing the agency from imposing requirements more stringent than federal standards addressing the same subject matter (see A.R.S. § 49-104(A)(17), page 21, lines 22-27). This provision adds some certainty for sectors subject to environmental regulation, including mining. It assures anyone who is already subject to a federal standard that ADEQ will not adopt or try to enforce a conflicting standard. It requires ADEQ to have clear statutory authority to impose requirements that conflict with federal laws on the same subject. If there is no federal law on the subject, this restriction on ADEQ does not apply. For example, if there is no federal drinking water standard for a contaminant (like sulfate, salinity, etc.), this provision would not preclude ADEQ from addressing such contaminants in standards, rules, permits, or orders. There is nothing in this legislation that prevents ADEQ from addressing environmental issues that the federal government has not yet addressed.

ADEQ has heard from tribal leaders, specific concerns with this provision and the impacts it may have on their interests, specifically as it relates to water quality within tribal boundaries. This provision (A.R.S. § 49-104(A)(17), page 21, lines 22-27), even without the final sentence dealing directly with tribal standards, will not negatively impact ADEQ's continued recognition and protection of water quality standards set by tribes. Nevertheless, in response to the tribal concerns raised during the drafting of the legislation, ADEQ worked with tribal representatives and other stakeholders to come up with the final sentence, which states that "[t]his provision shall not be construed to adversely affect standards adopted by Indian tribes under federal".

In addition to prohibiting ADEQ's conflict with federal law, this bill also eliminates potential unnecessary duplication in water permitting, by removing the requirement that all "point sources discharges to navigable waters" requiring a surface water permit under the Clean Water Act also require an Aquifer Protection Permit (APP) (see A.R.S. § 49-241(B)(9), page 26, line 24). This legislative action to remove an automatic redundancy in permitting for all types of facilities, not just mining, will result in minimal impact, if any, on ADEQ's ability to protect our underground waters. Even with this legislation, there will remain a number of laws that protect Arizona's aquifers from surface waters discharges. First, any point source discharge to navigable waters will still require a surface water Arizona Pollutant Discharge Elimination System (AZPDES) permit from ADEQ under State law and the Clean Water Act.<sup>1</sup>

Furthermore, any facility causing a point source discharge falling into one of the remaining categories automatically requiring an APP (e.g., all surface impoundments, mine tailings, mine ponds, mine leaching operations, and sewage treatment facilities) will still be required to obtain an APP. Finally, the requirement that any activity which causes a reasonable probability that a pollutant will reach and aquifer, regardless of whether it falls into one of the listed categories, still exists, and will require an APP. Because these protections still remain, and given that ADEQ now has the authority to determine on a case-by-case basis whether point source discharge activities have a potential to impact groundwater, removing this automatic redundancy in permitting is prudent.

In another provision dealing with surface water discharges and groundwater protection, language has been inserted to clarify where ADEQ must evaluate aquifer water quality standards in determining whether to revoke a general stormwater APP in favor of requiring an individual APP (see A.R.S. § 49-245.01(B), page 32, lines 38 and 43-44). This addition provides regulatory clarity to all who are subject to this general permit by requiring ADEQ to evaluate compliance with water quality standards in the same manner under the stormwater general APP as it does in all other APPs. Under A.R.S. § 49-244, ADEQ is required to designate a "point of compliance" for each facility receiving an APP and the point of compliance is the "point at which compliance with aquifer water quality standards shall be determined." This new addition regarding the stormwater general APP merely requires ADEQ to evaluate aquifer water quality standards in the same manner as every other type of APP.

<sup>1</sup> Unlike when the requirement to automatically obtain an APP was first enacted, ADEQ, not EPA, issues these surface water permits. ADEQ can now to determine on a case-by-case basis if surface water discharges will require additional restrictions to prevent impacts to the underlying aquifer.

RE: Senate Bill 1154 (underground storage tanks)

Dear Secretary Bennett:

Today I vetoed Senate Bill 1154. The bill sought to extend the dates to apply for reimbursement from the State Assurance Fund program by owners of leaking underground storage tanks. The bill also contained a provision that would prohibit any appropriation from the Assurance Fund to the State General Fund. Both the extension of the Underground Storage Tank Program and the prohibition of appropriations of money from the fund need further discussion.

Owners of leaking underground storage tanks have known for several years that June 30, 2010 was the deadline to submit an application to be eligible for potential state repayment of cleanup costs. While I am open to the idea of potentially extending the application period for reimbursement of qualified expenditures, I am concerned about the delays in the program and whether the remaining resources will cover the potential additional costs. To that end, I am instructing the Department of Environmental Quality to review the entire program structure and provide recommendations on whether or not the program should be extended; and if extended, for how long and in what format.

In addition, the prohibition on appropriating State Assurance funds to the General Fund disrupts the FY 2011 budget. While I support using collected funds for their intended purpose, in this case, the use of these funds was part of the balanced FY 2011 budget. Since no replacement funds are identified, I feel compelled to veto the bill.

Sincerely,

Re: House Bill 2240 (recovery audits; public funds)

Dear Secretary Bennett,

Today I vetoed House Bill 2240. This bill would have required the Auditor General to contract with consultants to conduct a recovery audit of payments made by state agencies to vendors over the past three fiscal years.

This bill was introduced to recover overpayments to vendors and to recommend improved state agency accounting operations. I support eliminating wasteful spending and increasing efficiencies in state government; however, this bill would result in the delegation of Executive authority to the Legislature. It is the Executive's responsibility to ensure that payments are made properly and the Arizona Department of Administration (ADOA) is already charged with that responsibility. In fact, the ADOA General Accounting Office initiated a similar cost recover audit with a private vendor in FY 2008. Moreover, ADOA is well underway with other transparency initiatives, including the launching of a new searchable state website detailing all state expenditures and revenues.

I commend the sponsor of the bill for his desire to ensure that state monies are spent appropriately and accurately. In order to alleviate any concerns over state expenditures, I have directed ADOA to issue a Request for Proposal to have a audit recovery contract in place by October 1, 2010.

Sincerely,

RE: House Bill 2337 (Arizona manufactured incandescent light bulbs; regulation)

Dear Secretary Bennett:

Today I vetoed House Bill 2337. Despite any federal restrictions to the contrary, the bill would have allowed the possession, use, manufacture, purchase, installation, sale or exportation internationally of incandescent light bulbs manufactured in Arizona from Arizona raw materials and components.

While I have vetoed HB 2337, I share the bill's underlying sentiment. The federal government continually infringes on the rights of States guaranteed in the United States Constitution and by over-regulating the lives of everyday Americans. As Governor, there has not been a more ardent defender of the State of Arizona's Tenth Amendment rights -- from suing the federal government for overreaching its constitutional authority in the recently passed federal health care legislation to signing the Firearms Freedom Act (HB 2307) into law last month.

In fact, HB 2337 was modeled in large part after HB 2307. Both bills invite lawsuits that would restore our Founding Fathers' vision of a limited federal government based on the Tenth Amendment. I believe that the Firearms Freedom Act is the more immediate and practical vehicle for achieving this objective. The federal phase-out of the incandescent light bulb starts next year and is completed in 2014. HB 2337 would take many more years to achieve its goal because there are no active tungsten mining or mineral processing facilities in Arizona. Tungsten is necessary to manufacture the filament in incandescent light bulbs.

For these and other reasons, I have vetoed HB 2337.

Sincerely,

Re: House Bill 2462 (private property trespass towers)

Dear Secretary Bennett,

Today I vetoed HB 2462. While I believe the Legislature is justified in their concern over some practices of towing companies that remove vehicles from private property, I am not able to support HB 2462. I believe the rate-setting and other requirements in the legislation need to be more carefully thought through and coordinated with those counties and municipalities already doing, or capable of doing, these tasks. In short, I am not yet persuaded of the need for the state to preempt local efforts or potential efforts.

I am persuaded, though, that if a state agency should be given the rate-setting and other duties prescribed in the legislation, resources must be appropriated or otherwise provided to ensure the new responsibilities can be effectively accomplished. The legislation assigns the responsibilities to the Department of Public Safety but does not provide the means to carry out the obligations. As a result, the Department would need to reassign officers away from law enforcement duties to private towing company oversight functions. While the Department's Commercial Vehicle Enforcement Bureau currently has some tow truck safety inspection duties, the additional responsibilities imposed by HB 2462 would necessitate a reallocation of personnel. Given the current state of the Department's budget, I believe such a reallocation to address private towing firms would be imprudent.

For these reasons I am vetoing HB 2462.

Sincerely,

Re: House Bill 2475 (riding between lanes; motorcycle operation)

Dear Secretary Bennett,

Today I vetoed House Bill 2475. The bill would have allowed motorcycle operators in Maricopa County to pass vehicles in the same lane and drive between lanes of stopped traffic for a one-year period.

This practice is currently prohibited by law in Arizona and it is not clear how this proposal, which is drafted as a one-year session law, could be implemented in a way that all motorists would be advised of this change in traffic law and educated on how to operate in a safe manner.

Further, should the practice sunset as prescribed (when the legislature is not in session and without a study to determine its impact), a public awareness and education campaign would need to be implemented to notify the public again.

Jurisdictional implementation, as it is proposed in this bill, also may create a potential for complications. I do not think that it is wise or prudent to sign a bill that would allow traffic practices in one part of the state that remain offenses in all other areas. This will create a confusing patchwork of traffic safety enforcement wherein vehicle operators would be in compliance with the law in one area, and then in violation in the next as they drive from county to county.

I am also concerned that some highway safety officials and law enforcement agencies raised questions on the impact this practice would have on safety. In addition, both the National Highway Traffic Safety Administration and the State of California Department of Motor Vehicles both hold that it is unsafe to operate a motorcycle between rows of stopped or moving traffic. While California does not specifically prohibit lane-splitting, it is important to note that the state calls it an unsafe practice.

I take highway safety seriously; especially the safety concerns of motorcyclists. That is why I recently signed SB 1023 motor vehicle accidents; death; injury. This bill added violations to those that constitute causing serious physical injury or death by a moving violation, earning wide support in the motorcyclist and highway safety community.

I encourage the sponsor to work with the Arizona Department of Transportation, the Governor's Office of Highway Safety and the Department of Public Safety to gather available data on the need for, and the implications of, this legislation.

Sincerely,

RE: House Bill 2502; taxation of solar energy property

Dear Secretary Bennett:

Today I have vetoed House Bill 2502. The bill would have required solar energy production plants, a class one property, to be valued in the same manner as agricultural property, a class two property. Article IX, Section 1 of the Arizona Constitution provides that all taxes shall be uniform upon the same class of property in Arizona. House Bill 2502 proposes to tax solar energy real property at lower rate than other land associated with renewable energy equipment, such as a wind farm, thereby violating the uniformity requirement.

Not only does this provision raise constitutional issues with respect to uniformity in taxation, it will have a negative impact on local governments and school districts. For these and other reasons, I have vetoed the bill.

**State of the Judiciary**  
**The Honorable Rebecca White Berch**  
**Chief Justice, Arizona Supreme Court**

President Burns, Speaker Adams, members of the Senate and House of Representatives, colleagues, guests, and fellow Arizonans.

Good afternoon and thank you for the opportunity to speak with you about the State of the Arizona Judiciary. It has been an extremely busy session for all of you, and I appreciate that you have taken the time to be here today.

I was asked to begin by introducing myself. I know many of you already, so I will keep this brief.

I am a native Arizonan and have watched this state grow and prosper. I am the product of the Arizona public school system, from kindergarten through law school, and have had the privilege of living and working in the neighborhoods and communities in which I grew up.

My family – my husband, parents, brothers, aunts and uncles, cousins, children, and now grandchildren live here. In fact, my husband, Professor Michael Berch, and my daughter, Jessica Berch, are here, seated on the floor, as are my parents, Bob and Jan White, who are seated in the gallery.

This background shapes and influences my perspective and I share the affection that the citizens of Arizona have for this State. I care about Arizona and its future.

It's a privilege to stand here before you today representing Arizona's court system. I became the Chief Justice last summer, following the retirement of Chief Justice Ruth McGregor after nearly 20 years of service to the Arizona Courts. We allowed her just a few months off before appointing her to serve as a special master to oversee the cases involving public officials in Maricopa County. I want to publicly thank her for her service to the State.

Serving on Arizona's supreme court is an honor. I know my colleagues share this sentiment. Joining me here today are Vice Chief Andrew Hurwitz, Justice Michael Ryan, Justice Scott Bales, and Justice John Pelander, who joined the Court in September, after serving for 15 years on the Court of Appeals.

Arizona should be proud of its judiciary. It is one that is regarded as knowledgeable, fair, and professional – among the best in the country. Although the economy is bad right now, the quality of the courts and judges, and the quality of justice in Arizona remain strong. Our judges and employees strive every day to maintain the high standards for which Arizona courts have become recognized, both within our state and nationally.

A large part of the strength of Arizona's judiciary stems from our systems of electing and selecting judges. As many of you know, since 1974, we have employed "merit selection" for all appellate judges and trial judges in Maricopa and Pima Counties.

We have spoken with many of you about how important merit selection is to our system of justice. Arizona's open and transparent version of merit selection, coupled with Judicial Performance Review and retention elections, has been celebrated as one of the best merit selection systems nationwide. Just this past October, the United States Chamber of Commerce's Institute for Legal Reform cited Arizona's merit system as an example for its "Best Practices Guide to Commission-Based Judicial Selection."

Budget

Our State is experiencing an unprecedented economic downturn. This has created challenges for those who serve in all branches, and at all levels, of the government. History has shown us that during financial crises, the need for effective and efficient courts is heightened.

Let me give you a glimpse of how the current economy has affected the judicial branch.

We operate a court system that serves a growing population of more than six million people. While case loads are growing, funding for the courts is declining.

The recession has rocketed the filings in superior court civil cases up 29% in just the past fiscal year. Filings have increased 75% overall since 2005.

The brutal economy has affected everyone. These pressures are felt in our courts as Arizonans struggle with evictions, foreclosures, credit card debt, family support issues, and so much more. In times of economic stress, people and businesses are unable to pay their bills. In the family law area, these financial pressures cause surges in divorces, child support requests, and custody disputes.

We find there are more requests for domestic violence orders of protection.

And sadly, we also see more children who are abused or neglected.

On the business side, we see increases in contracts cases, such as construction litigation, evictions, and foreclosures. It has proved true with this economic cycle as well. From 2008 to 2009, contracts cases increased by 45% and jumped a staggering 131% when compared with 2005.

In fact, overall, statewide general jurisdiction case filings – that is, cases in superior courts – rose by more than 215,000 cases over the last fiscal year.

So now more than ever, courts are providing crucial services, because when times are difficult, more individuals and businesses depend on courts to peacefully resolve their disputes.

I am proud of the men and women of the court system who have found the energy and the ingenuity to make the system work, even when facing reduced staffing and funding, and coping with skyrocketing workloads.

We know that matters are not going to get better right away, and we understand that we must continue to do more with less.

Arizona's courts are funded from several sources – by the state, counties, and cities. All levels of government have had to reduce budgets, and court budgets throughout the state have been cut back correspondingly.

At the state level, for example, we have taken budget cuts and sweeps totaling more than 38 million dollars in the last two years. Our general fund budget now is less than it was in 2005; in fact, we're nearly at 2000 levels. While these cuts have been steep, we appreciate that even these cuts have resulted from our working together with you, and we appreciate that you have allowed us the flexibility to manage these reductions.

The budget for next year reflects additional cuts that will greatly affect court operations. But we understand that these are tough times and that you have had to make difficult decisions. We will do our share.

And despite any budget constraints, we are committed to the people of Arizona and will ensure that justice is preserved in our State.

It is this commitment to justice that guided us as we drafted the court's new strategic agenda.

As Chief Justice, it is my responsibility to provide direction to the judicial branch for the coming years.

I have titled the courts' new strategic agenda Justice 2020.

Twenty-twenty denotes clear vision – the vision to see clearly what is occurring and place it in context; to see the things we are doing well and to build on them; to fix the things that need improvement; and to see how we must build to meet future needs.

It is also said that hindsight is 20/20. So in developing the courts' strategic agenda, we reviewed where we have come from and how we have developed to help us better understand our foundations and history so that we can build on our strengths.

Justice 2020 then is a vision, a long-term roadmap to guide the courts through this fiscal crisis and into the future. It sets forth the strategic steps we need to take now to allow us to function for the next decade and beyond.

The Strategic Agenda contains five major objectives:

- Strengthening the Administration of Justice,
- Maintaining a Professional Workforce and Improving Operational Efficiencies,
- Improving Communications,
- Protecting Children, Families, and Communities, and
- Improving the Legal Profession.

Because time is short today, I will highlight just a few of these goals.

“Strengthening the Administration of Justice” is the first goal of the agenda. Alexander Hamilton called justice a “constitutional imperative.” Arizona’s founders, like the founders of our nation, similarly gave the justice system constitutional status as a coequal branch of government. We must honor that commitment by strengthening our courts to ensure the protection of every citizen’s right to prompt, fair, and impartial justice.

But prompt hearings cannot occur unless the court is sufficiently equipped to handle them. More and more in this modern era, technology is essential to provide efficient services.

For this reason, technology is a focal point of the Justice 2020 strategic agenda. Technology allows courts to do more with less, by creating efficiencies that save money and time, while providing accountability and transparency.

Let me give you an example. We have nearly completed rolling out a statewide case management system in all superior courts. It has been a complex and enormous project.

Our next step is to bring this same case management system to all of the limited jurisdiction courts. This technology will position us to more effectively handle the growing caseloads and more efficiently process cases and provide necessary court services.

The case management system I just mentioned will also serve as the platform on which we will implement e-filing, which, given reduced staffing, increased caseloads, and public demand for information, we must adopt. Our citizens deserve the convenience of electronic filing and access to court documents.

Courts will also benefit from going paperless. We will save money by not having to store, file, retrieve, reproduce, and mail millions of documents each year.

Our e-filing initiative is called AZturbocourt and will support e-filing in all types of cases, in all Arizona courts. With e-filing, cases can be filed from anywhere, at any time. AZturbocourt will be completely supported by user fees. No general fund money will be spent.

We have already begun to distribute court orders by e-mail, saving mailing costs and making distribution faster and more efficient. We also send electronic notices to victims so that they can learn instantly of the status of a case or any continuances or rescheduled hearings.

And just three days ago, I went online to respond to my summons to serve on a Maricopa County Superior Court jury.

The court has unveiled a web page this year that reports the performance of the appellate courts in our state. We are one of only four states in the nation that publicly reports these stats online.

Following up on an idea that sprang from the Supreme Court's Commission on Victims in the Courts, we have just launched a victim restitution web page. The site provides information to victims of crime regarding restitution, and it offers local, state, and national resources for information and education.

We will continue to deploy technology so that we can meet the demands of our citizens.

### Evidence Committee

To further the administration of justice, I am also announcing today the formation of a committee to examine Arizona's Rules of Evidence. These rules govern the introduction of evidence in both civil and criminal proceedings and help ensure fairness in the administration of cases and help eliminate unjustifiable expense and delay. Vice Chief Justice Andrew Hurwitz, a national expert who serves on the Federal Rules of Evidence Advisory Committee, will lead this comprehensive review of our rules to determine whether they would benefit from modification or updating.

### Protecting Vulnerable Communities

On other fronts, our courts have always played an important role in protecting vulnerable citizens. From our youngest citizens to the oldest, we must help protect those who cannot look out for their own interests by ensuring adequate oversight and regulation for those charged with caring for them.

On the other end of the spectrum from the children, we have a growing population of aging baby boomers. This demographic reality will increase filings in the areas of guardianship, conservatorship, elder fraud, and probate, and requires rigorous oversight and fiduciary accountability.

I am pleased today to announce two new initiatives that will help us improve our work in these areas.

First, Judge Ann Scott Timmer, Chief Judge of Division One of the Court of Appeals, has agreed to chair a committee to examine ways to streamline and improve monitoring for those for whom guardians or conservators have been appointed. The Committee's work will help us find ways to protect the best interests of those who must rely on others for their well-being, and will help us serve families who seek assistance on behalf of a loved one.

Second, the Court will form a committee to review the fees that are charged by those appointed to serve as guardians and fiduciaries. Arizona has led the way in the area of fiduciary licensing and regulation but we must always strive to do more.

Justice 2020 challenges us to look at new ways to meet these priorities with a balanced, creative approach.

### Focus on the Legal Profession

Justice 2020 will also focus on improving regulation of the legal profession and the practice of law.

As with many professions, the practice of law is changing. Transactions nowadays often cross state lines and even national borders. Lawyers practice and provide advice and legal representation to businesses in multiple states. We must modernize the rules governing the practice of law to adapt to these changes.

To help accommodate this reality, lawyer regulation and admission rules must change. Beginning this year, attorneys who have been in practice for at least five years and have passed a bar in another state may be admitted to practice law in Arizona "on motion." The "reciprocity" provision of our regulation requires that Arizona lawyers must be allowed to practice in those states to whose lawyers we grant reciprocal privileges here. Of course all candidates admitted here "on motion" must still meet rigorous criteria, such as character and fitness standards, years in practice in good standing, and attendance at an Arizona-law course. They must also have a JD degree from an accredited law school.

Once an attorney is licensed to practice here, we must set forth clear standards to regulate legal work and, should these standards for professional conduct not be met, a clear path for investigation and resolution of lawyer misconduct cases.

To that end, I have established a lawyer discipline task force chaired by AOC Director Dave Byers and charged its members with reviewing Arizona's lawyer discipline system and suggesting changes. That committee has now filed a petition – online – setting forth recommended changes, and we are accepting comments on that petition now. The court will review the proposals and comments this Fall.

The resulting system will improve our ability to provide a swift, fair, and cost-effective process that protects the public and preserves the professionalism of the law, while affording due process to those charged.

### Conclusion

Time prevents me from delving further into the details of Justice 2020, so I encourage you to visit our newly refreshed web site, which can be found at [www.azcourts.gov](http://www.azcourts.gov), to learn more about the new strategic agenda.

An effective court system is vital to a vibrant state. We know, for example, that when companies look for places to locate or expand, a fair, effective, and efficient court system places high among the factors they evaluate.

The citizens deserve a quality judicial system as well. This agenda takes steps to ensure that our standards and reputation remain high, positioning Arizona as a place that people want to live and companies want to do business.

In the years ahead, we will continue to focus on improving communications and fostering public confidence in the judicial system. We will remain committed to maintaining the highest standards of professionalism within our workforce.

We have tried to be good citizens of the State by thinking broadly about ways to help raise funds to balance the budget – even when those funds do not inure to the benefit of the courts. We will keep doing so, because it is the right thing for Arizona and for the courts. We ask in return, as you have been doing, that you continue to allow us to manage the courts' budget.

And so I thank the members of our legislative and executive branches for their partnership on working through the tough issues that face the judiciary and our state. We value the courtesy and respect you have shown to the judicial branch and hope to maintain the high level of cooperation. When I look back on my years of service to the state, I would like to remember not the difficult economic times, but the good things we have been able to accomplish for the State of Arizona. These are the legacies that will make us proud.

While Arizona's immediate future appears difficult, those who love our state know that there is no better community of individuals than Arizona citizens to rise to the occasion and find solutions.

The courts at all levels in Arizona commit to our partners in government and to the citizens of Arizona that we share this goal and are focused on a clear vision for the pursuit of justice in our State.

It is this vision of excellence that judges and court employees bring to work each day – and their ability to bring the constitution to life for all those who seek justice in our courts – that makes me proud to work side by side with them, serving the citizens of the great state of Arizona.

We look forward to continuing this work and ensuring justice in twenty-ten, in twenty-twenty, and beyond. Thank you.

## SENATE RULES

### RULE 1 Officers and Employees

A. The officers of the Senate shall be a President, who shall be chosen from among the membership of the Senate, a Secretary, an Assistant Secretary, and a Sergeant at Arms.

B. There shall be such other employees as may be authorized by the Senate. The appointment, terms and conditions of employment, compensation, discipline, and discharge of employees of the Senate shall be determined by the President, subject to the approval of the Senate. Employees of the Senate are prohibited from lobbying during the term of their employment, and a violation of this rule will be sufficient cause for the summary discharge of the offending employees.

### RULE 2 The President

The President shall have the following powers and duties:

A. The President shall take the chair on every legislative day precisely at the hour to which the Senate, at its last sitting, adjourned; immediately call the members to order and on the appearance of a quorum, cause the Journal of the proceedings of the last day's sitting to be read.

B. The President shall have control of the Senate Chamber, including seating assignments of members therein, all other parts of the Senate wing and all other areas and buildings used exclusively by the Senate.

C. The President shall preserve and maintain order and decorum.

D. The President shall sign all acts, addresses, joint resolutions, writs, warrants and subpoenas issued by the order of the Senate, and decide all questions of order, subject to an appeal by any member, on which appeal no member shall speak more than once, unless by permission of the Senate.

E. The President shall state all questions in the proper order in which they shall be disposed.

F. When a question is undebatable or when debate on a question is closed, the President shall state the question, calling first for the "Ayes" and then for the "Noes". If the President is in doubt, or a division is called for, the Senate shall divide; those in the affirmative of the question shall first rise from their seats, and then those in the negative. But on demand of two members a roll call of the Ayes and Noes shall be ordered at any time before such vote is made certain and declared.

G. The President shall have the right to vote, and on all questions the President shall vote last.

H. The President shall have the right to name any member as President Pro Tempore to serve during the President's absence, which appointment may extend throughout the session unless terminated by the Senate. The President may appoint any other member as temporary President Pro Tempore to serve for a limited period of time in the absence of the President and President Pro Tempore. In the absence or omission of such an appointment, the Senate shall proceed to elect a President Pro Tempore to act during the absence of the President.

I. The President shall appoint all standing committees, and all select committees unless otherwise ordered by the Senate by a majority of the members present, and shall appoint the chairman and vice-chairman of each such committee. The President shall be an ex-officio member of all committees, but shall not vote or sign reports from any committee except the committees of which the President is chairman. However, if the President is an appointed member of the Rules Committee, the President shall be a voting member of that committee. The President shall fill all vacancies on committees.

J. The President shall refer all proposed measures or other legislative matters to the appropriate committees. Every bill, resolution and memorial shall be referred by the President to one or more standing committees, except resolutions or memorials to be adopted by unanimous consent and House bills to be substituted on third reading pursuant to Rule 11-H. All proposed measures or other legislative matters shall automatically be assigned to the Rules Committee without action upon the part of the President. If three-fifths or more of the members of the Senate petition the President to discharge committees from further consideration of a bill, resolution or memorial, the measure shall be withdrawn by the President from assigned committees which have not reported the measure. If a committee hearing has not been held on the measure, the President shall direct that a hearing be held by a committee within seven days and upon withdrawal or hearing, the matter shall be placed by the President on the active calendar of the Committee of the Whole. If the measure is reported favorably by the Committee of the Whole, it shall be placed by the President on the third reading calendar. If a discharge petition is presented to the President less than seven days before the Senate adjourns sine die, the President shall not be required to act upon the petition.

K. All debts incurred by the Senate, either during session or between sessions of the legislature, shall be subject to approval by the President and if so approved shall be paid by claims drawn on the Finance Division of the Department of Administration.

L. The office of the President shall keep the accounts for the pay, mileage and subsistence of members and attaches, and shall maintain these records for inspection by the membership.

M. The President is authorized to call meetings of standing committees of the Senate during periods when the Senate is not in session, and to approve claims for travel and subsistence incurred by members of such committees in attendance.

### RULE 3 The Secretary

The Secretary shall have the following powers and duties:

A. It shall be the duty of the Secretary to keep a Journal of each day's proceedings, and to provide a typewritten copy of the same for examination by the President. The Secretary shall each day prepare a calendar of the Orders and Business of the Day and a like calendar for the Committee of the Whole, and such other dockets and calendars as may be ordered, and shall cause a copy to be placed on the desk of each member, at or before the hour of convening.

B. The Secretary shall have the custody of all bills, resolutions, memorials, petitions, communications, or other measures, instruments and papers introduced in or submitted to the Senate, subject to such disposition thereof as may be provided by the rules of the Senate or the order of the President, and shall be held strictly accountable for the safekeeping of the same. The Secretary shall keep a record of all such measures or instruments, showing at all times the exact standing of each.

C. The Secretary shall perform such other duties as may be required of the Secretary by the Senate or by the President.

D. The Assistant Secretary shall act under the direction of the Secretary and in the absence of the Secretary shall perform the duties of the Secretary.

### RULE 4 Sergeant at Arms

The Sergeant at Arms shall have the following powers and duties:

A. It shall be the duty of the Sergeant at Arms to attend the Senate and the Committee of the Whole during their sittings, to maintain order under the direction of the President or Chairman, to execute the commands of the Senate, and all processes issued by authority thereof, directed to the Sergeant at Arms by the Presiding Officer. Five minutes before the hour of the meeting of the Senate each day the Sergeant at Arms shall see that the floor is cleared of all persons, except those privileged to remain.

B. The Sergeant at Arms shall enforce the rules relating to the privileges of the floor and gallery, and perform such other duties as may be required of the Sergeant at Arms by the Senate or by the President.

#### RULE 5 Members

A. Every member shall be present within the Senate Chamber during its sittings, unless excused or necessarily prevented; and shall vote on each question put, unless the member has a personal financial interest in the question as set forth in Rule 30, or unless the member is excused from voting in accordance with Rule 15.

1. Appropriations
2. Commerce and Economic Development
3. Education Accountability and Reform
4. Finance

2. The Ethics Committee and each standing committee shall adopt rules of procedure consistent with the rules of the Senate. Committee rules shall require that the chairman vote last on a roll call vote. Committee rules may allow the vice-chairman to vote second to last on a roll call vote.

3. All committee meetings shall be open to the other members of the Legislature, the press and public so long as the proper decorum is maintained.

4. All committees will meet at regularly scheduled times and places. In the absence of the chairman, the vice-chairman shall preside. In the absence of both the chairman and vice-chairman some other committee member designated by the President shall preside. Special meetings may be called at the option of the chairman. However, such meetings shall be announced on the floor of the Senate in open session prior to the meeting. Regularly scheduled meetings can be cancelled or rescheduled only with the permission of the President.

5. A written agenda for each regular or special meeting containing all bills, memorials and resolutions to be considered thereat shall be distributed to each member of the committee and to the Secretary of the Senate at least five days prior to the committee meeting. Absence of a bill, memorial or resolution from the committee agenda will prohibit its consideration unless unanimous consent of all committee members is obtained. The action taken on every bill, memorial or resolution on the committee agenda shall be reported to the Secretary of the Senate at the conclusion of the meeting. It shall be the responsibility of the chairman to deliver the committee report for each bill, memorial or resolution that has been voted out of committee to the Secretary of the Senate as soon as the committee amendment is prepared. If there is no amendment, the committee report shall be delivered to the Secretary of the Senate not later than 5:00 p.m. on the day following the day the committee meeting adjourns.

6. A bill not on the chairman's agenda shall be scheduled by the chairman for discussion and committee action at the next subsequent committee meeting upon presentation to the chairman of a petition to schedule the bill, and upon filing a copy thereof with the Secretary of the Senate. A petition to schedule the bill must be signed by at least two-thirds of the members of the committee.

7. A majority of the members of a committee shall constitute a quorum for the consideration of any matter referred to it.

8. The consent of all of the members of a committee shall be necessary to introduce any bill, resolution or memorial as a committee measure. The consent of a majority of the members of a committee shall be necessary to introduce any bill, resolution or memorial as a majority of committee measure. The consent of a majority of the members present on a committee shall be necessary to report any bill or other measure or matter referred to such committee. If a member opposes the report, he may file a minority report. A minority report shall bear the signature of any number of members joining in its recommendations and shall be considered the recommendations merely of the member or members signing the same.

9. Amendments proposed by a committee shall be clearly set forth as an attachment to the committee's report and shall refer to the appropriate page and line of the original or engrossed bill or of another amendment if the amendment is proposed as an amendment to another proposed committee amendment. If the committee has adopted a rule addressing the submission of amendments to committee members, the chairman may preclude the offering of an amendment which does not comply with the rule, may without objection accept the amendment, or may postpone action on the measure until adequate notice has been given. No amendment to strike everything after the enacting clause and insert new material shall be in order unless notice of intent to offer such an amendment has been given by 5:00 p.m. two days, excluding Saturdays and Sundays, prior to the committee meeting at which the amendment is to be considered by delivering a copy of the proposed amendment to the office of each member of the committee and to the information desk and posting such notice and leaving a copy in the office of the Senate Secretary. The committee report

shall be accompanied by a copy of any measure to which amendments are proposed to the committee.

10. A roll call vote shall be taken of the committee members at the request of a committee member upon any motion or amendment.

11. Except as provided herein, all Senate Bills to be scheduled in accordance with paragraph 5 or 6 of this subsection shall be heard prior to Saturday of the week in which the sixtieth day from the beginning of each regular session falls. Except as provided herein, all House bills to be scheduled in accordance with paragraph 5 or 6 of this subsection shall be heard prior to Saturday of the week in which the ninetieth day from the beginning of each regular session falls. No committee except the Rules Committee shall hear a bill in violation of this paragraph without the written permission of the President.

12. All bills, memorials or resolutions referred to a standing committee shall be reported. Bills, memorials or resolutions which the committee has considered but on which no action has been taken and bills, memorials and resolutions which the committee has not considered shall be reported as such by the chairman of each standing committee at the last regular or special meeting of such committee for each session.

C. The Rules Committee of the Senate shall have the following powers and duties:

1. All powers and duties of other standing committees of the Senate listed in subsection B of this rule except those powers and duties inconsistent with this subsection.

2. On the first day following the convening of the first regular session of each Legislature, the President shall appoint the members of the Committee on Rules, and the said committee shall henceforth have authority to present proposed changes or additions to the rules which upon adoption by the Senate shall be deemed standing rules of the Senate.

3. The written agenda for the Rules Committee shall be the calendar for the Committee of the Whole. All other legislative matters shall be in order before the Rules Committee without written agenda.

4. Amendments proposed by the Rules Committee should be clearly set forth as an attachment to the Rules Committee report and shall refer to the appropriate page and line of the original or engrossed bill or of another amendment if the amendment is proposed as an amendment to another proposed committee amendment. Substantive amendments may be proposed by the Rules Committee only with the concurrence of the sponsor of a bill if sponsored by an individual or the committee chairman if sponsored by a committee. Corrective or technical amendments may be proposed. A proposed technical or corrective amendment which incidentally affects the substance of a bill or amendment shall require concurrence of the sponsor. No amendment to strike everything after the enacting clause and insert new material shall be offered in the Rules Committee.

5. The Committee on Rules shall consider the bill and proposed amendments thereto for constitutionality and proper form and the reasonable germaneness of any amendments. A bill including any amendments shall be presumed to contain one subject if:

(a) The resulting bill has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.

(b) The resulting bill is a major revision of a program or agency and each of the provisions relates to the revision.

(c) The bill offers only technical or conforming changes to the statutes.

(d) The bill is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the bill.

(e) The bill is a result of a strike everything after the enacting clause amendment and substitutes material designed to accomplish only one purpose.

6. In addition to the powers and duties given to the Rules Committee elsewhere in the Senate Rules, the Rules Committee shall have such other powers and duties over legislative matters as are assigned by the President.

D. Any subcommittee of a standing committee may meet at any time upon the call of the subcommittee chairman without written notice, providing, however, that such meeting shall be announced on the floor of the Senate in open session prior to the meeting. A subcommittee may, without distributing a written agenda, consider any matter assigned to the subcommittee by the chairman of the standing committee.

#### RULE 8 Calendars

A. There shall be the following calendars of business reported from committees:

1. A calendar of the Committee of the Whole, upon which shall be placed all bills, resolutions and memorials reported by the standing or select committees, except the Rules Committee, to which they have been referred and all bills, resolutions and memorials which have failed in Committee of the Whole, or which have been retained on the calendar. The calendar of the Committee of the Whole shall be prepared and filed in writing with the Secretary of the Senate.

2. An active calendar of the Committee of the Whole on which shall be placed those bills, resolutions and memorials designated by the President that have been reported by the Rules Committee and that are drawn from the calendar of the Committee of the Whole on the order of business of the day.

3. A unanimous consent calendar on which shall be placed those bills, resolutions and memorials designated by the Chairman of the Rules Committee and drawn from all bills, resolutions and memorials on the calendar of the Committee of the Whole that are unamended as reported by all standing committees to which they were referred. The unanimous consent calendar shall be dated, printed, placed on each member's desk and posted at the information desk 48 hours, excluding nonworking days, prior to being accepted. Any Senator may protest the inclusion of any bill, resolution or memorial on the unanimous consent calendar by submitting a protest in writing to the Secretary of the Senate during the 48-hour notice period. A protest timely submitted by any Senator shall automatically remove the bill, resolution or memorial from the unanimous consent calendar and return it to the calendar of the Committee of the Whole; provided, however, that a bill shall not be removed from the consent calendar for the purpose of proposing a strike everything after the enacting clause amendment. Bills, resolutions or memorials remaining on the unanimous consent calendar shall be placed on the Senate calendar.

4. A Senate calendar on which shall be placed all bills, resolutions and memorials reported with a "do pass" or "do pass amended" recommendation by the Committee of the Whole and all bills, resolutions and memorials remaining on the unanimous consent calendar pursuant to paragraph 3.

5. An active Senate calendar on which shall be placed those bills, resolutions and memorials designated by the President and drawn from the Senate calendar for consideration by the Senate on the order of business for the day.

B. Measures shall be reported by the Committee of the Whole in the order and manner in which disposed of by that committee, and those approved shall be placed upon the Senate calendar for third reading in the order established by the President, and retained on the Senate calendar until finally disposed of.

RULE 9

No Senator shall interrupt another Senator in debate without the Senator's consent, and to obtain such consent, the Senator shall first address the Presiding Officer.

B. The Senator who sponsors a measure, or the Senator's designee, shall have the right to open and close debate on such measure.

C. No Senator in debate shall, directly or indirectly, by any form of words, impute to another Senator or to other Senators any conduct or motive unworthy or unbecoming a Senator.

D. If any Senator, in speaking or otherwise, transgresses the Rules of the Senate, the Presiding Officer shall call the Senator to order; and when called to order the Senator shall sit down and not proceed without leave of the Presiding Officer or upon motion adopted by the Senate, that the Senator be allowed to proceed in order, which motion shall be determined without debate.

E. If a Senator be called to order for words spoken in debate, the exceptionable words shall, upon the demand of any Senator, be taken down in writing, and read at the table for the information of the Senate.

F. While the Presiding Officer is putting a question or addressing the Senate, no member shall walk out of or across the Chamber, nor, when a member is speaking, pass between the member and the Chair; nor remain by the Secretary's desk during the call of the roll for the counting of ballots; and the Sergeant at Arms is charged with the strict enforcement of this clause.

RULE 10  
Roll Call and Quorum

A. Upon every roll call the names of the members shall be called alphabetically by the surname, except when two or more have the same surname, in which case the district designation shall be added; and after the roll has been once called, the Secretary shall call in their alphabetical order the names of those not voting or who failed to respond.

B. A majority of the Senators elected shall constitute a quorum.

C. If, at any time during a session of the Senate, a question shall be raised by any Senator as to the presence of a quorum, the President shall forthwith direct the Secretary to call the roll and shall announce the result, and these proceedings shall be without debate.

D. Whenever it shall be ascertained that a quorum is not present a majority of the Senators present may order a call of the Senate, which order shall be determined without debate, and pending its execution, and until a quorum shall be present, no debate or other motion, except to adjourn, shall be in order. Upon approval of the order to call the Senate, the President shall direct the Sergeant at Arms to request, and, when necessary, to compel the attendance of the absent Senators.

E. When a quorum is present, a call of the Senate may be ordered by the President or by a majority of the members present to compel the attendance of the absent members. The Sergeant at Arms shall forthwith proceed to bring in absent members until two-thirds of the members elected to the Senate are present.

F. When a vote is being taken using the electronic roll call system, the provisions of Rule 15.1 shall supersede any provision of this rule which is inconsistent therewith.

## RULE 11 Motions

A. All motions shall be reduced to writing, if requested by the Presiding Officer or by any Senator, and shall be entered on the Journal with the name of the member making it, and shall be read before the same shall be debated.

B. Any motion or resolution may be withdrawn or modified by the mover at any time before a decision, amendment or ordering of Ayes and Noes, except a motion to reconsider, which shall not be withdrawn without leave of the Senate.

C. No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment.

D. When a motion or proposition is under consideration, a motion to amend and a motion to amend that amendment shall be in order, and it shall also be in order to offer a further amendment by way of a substitute amendment.

E. A question or an amendment containing two or more distinct and separate subjects may be divided upon the demand of any member. A motion to strike out and insert words, both relating to the same subject, and together accomplishing a single change in meaning, is indivisible.

F. When motions are made for reference of a subject to a select committee, or to a standing committee, the question of a standing committee shall be put first. A motion simply to refer shall not be open to amendment, except to add instructions.

G. Any motion improperly used for the purpose of delaying or obstructing business is a dilatory motion and may be ruled out of order by the Presiding Officer.

H. A motion to substitute a House bill for a Senate Bill on third reading shall not be in order unless the Senate Bill for which substitution is sought is identical to the House bill.

## RULE 12 Previous Question (Vote Immediately)

When the previous question is moved, adopted and ordered, it shall have the effect to cut off all debate and bring the Senate to a direct vote upon the immediate question or questions on which it has been ordered. The previous question may be moved with reference to a single motion, a series of motions allowable under the rules, or an amendment or amendments, or may be made to embrace all authorized motions or amendments and include the bill to its passage or rejection. It shall be in order, however, pending the motion for, or after the previous question shall have been ordered, for a motion to be made to commit or to recommit, with or without instructions, to a standing or select committee.

## RULE 13 Reconsideration

A. When a question subject to reconsideration has been decided by the Senate by a recorded vote, any Senator who voted on the prevailing side may on the same day or the next day of actual session thereafter move a reconsideration. When a question subject to reconsideration has been decided by the Senate by a non-recorded vote, any Senator may, on the same day or the next day of actual session thereafter, move a reconsideration. If the Senate shall refuse to reconsider, or upon reconsideration shall affirm its first decision, no other motion to reconsider the question shall be in order unless by unanimous consent. A motion to reconsider shall be decided by a majority vote of the members present, and a motion to lay it on the table shall not be in order. If the motion to reconsider passes, the question reconsidered shall be determined at such time as the President directs.

B. When a bill, resolution, report, amendment, order or measure, upon which a vote has been taken, shall have gone out of the possession of the Senate, and shall have been sent to the House of Representatives, the motion to reconsider shall be accompanied by a motion to request the House to return the same, which last motion

shall be acted upon first, and without debate, and if determined in the negative shall be a final disposition of the motion to reconsider. If the motion to request return passes, the motion to reconsider cannot be considered until the question or measure is returned to the Senate by the House.

RULE 14  
Bills, Resolutions, Memorials, Engrossed  
Copies and Amendments

A. Bills, resolutions and memorials may be introduced by a member or a committee by presenting the original and three copies of such bill, resolution or memorial, unless additional copies are ordered by the President, to the office of the Secretary prior to 3:00 p.m. of the day immediately preceding the day of actual introduction. The name of the sponsor or sponsors shall be on the attached signature page of the bill. Introductions "by request" shall be so designated.

B. A bill introduced in the Senate may be cosponsored by House members.

C. Bills, resolutions and memorials may be introduced during the first 22 days of a regular session and during the first 10 days of a special session. Thereafter, with the exception of death resolutions, introduction may be allowed only with the permission of the Rules Committee.

D. Bills, resolutions and memorials may be prefiled by any member-elect for introduction in the first regular session during the period following the certification of election of members by the Secretary of State until the first day of the first regular session. Bills, resolutions and memorials may be prefiled for introduction in the second regular session during the period from November 15 next preceding the second regular session until the first day of the second regular session. Bills, resolutions and memorials may be prefiled for introduction in any special session during the period following the Governor's Proclamation until the first day of the special session, provided the bill, resolution or memorial is germane to the call. A bill, resolution or memorial shall be prefiled in the same manner prescribed for introduction. Bills, resolutions and memorials prefiled for introduction pursuant to this rule may be first read on the first day of the session. The name of the sponsor or sponsors shall be on the attached signature page of the bill, resolution or memorial at the time of prefilings.

E. The original of a bill, resolution or memorial introduced in the Senate shall be designated by brown backing, endorsed "original" and shall remain in the possession of the Secretary. The chairman of each committee to which a bill, resolution or memorial is referred shall receive one copy endorsed "Committee Copy." Subsequent copies shall be endorsed and distributed as the President directs.

F. Unless otherwise ordered by the President, not less than 250 copies nor more than 3,000 copies of any bill, resolution or memorial shall be duplicated.

G. All bills prepared for introduction which propose to amend existing statutes shall show the new language in capital letters (upper case) and the deletions shall be shown in regular type (lower case), lined through. New language to be added to the statutes shall be in capital letters (upper case).

H. The original and two copies of each engrossed measure shall be on paper of durable quality and each page of the original and two copies shall be stamped with the blind embossed stamp of the Senate. All engrossed pages not having a full complement of typed lines shall be marked from the end of the typed page to within one inch of the end of such page. The original Senate engrossed copy shall have a red backing. An engrossed measure ready for the third or final reading shall not be subject to amendment.

I. Unless otherwise ordered by the President, the Senate shall provide the House with not less than 125 copies and the Legislative Council with 5 copies of each amended engrossed Senate measure with a cover page or pages showing the page and line number of each adopted Senate amendment thereto. For Senate amendments to House measures the same number of copies shall be provided but may consist only of those pages containing the adopted Senate amendments and cover page or pages showing the page and line number of such Senate amendment. For unamended Senate measures the same number of cover pages shall be provided stating that the measure passed as introduced, which will be identical to the original and printed copies.

J. All bills, resolutions, memorials and engrossed measures shall be line-numbered and such numbering shall begin with the enacting clause. Uniform sized paper, 8 1/2" x 11" shall be used.

K. Amendments shall have uniform headings and shall read "amendments to" and shall be in the same form as the original bill. The amendment shall refer to page and line number only and when referring to more than one line shall read "lines . . . through . . . ." If everything after the enacting clause is stricken the amendment shall read "strike everything after the enacting clause."

#### RULE 15 Voting

A. When the Ayes and Noes are ordered, the names of Senators shall be called alphabetically, and each Senator shall without debate, declare the Senator's assent or dissent to the question, unless the Senator declares a personal financial interest in the question or is excused by the Senate, and no Senator shall be permitted to vote after the decision shall have been announced by the Presiding Officer, but may for sufficient reason change the Senator's vote prior to such announcement. No motion to suspend this rule shall be in order, nor shall the Presiding Officer entertain any request to suspend by unanimous consent.

B. When a Senator declines to vote on the second call of the Senator's name, the Senator shall be required to assign the Senator's reasons therefor. If the reason assigned is other than a personal financial interest in the question or a substantial interest as defined in the statutory code which is not a personal financial interest in the question, the Presiding Officer shall submit the question to the Senate: "Shall the Senator for the reasons assigned by the Senator, be excused from voting?" which shall be decided without debate; and these proceedings shall be had after the roll call and before the result is announced and any further proceedings in reference thereto shall be after such announcement.

C. When a vote is being taken using the electronic roll call system, the provisions of Rule 15.1 shall supersede any provision of this rule which is inconsistent therewith.

#### RULE 15.1 Electronic Roll Call System

A. In all cases where a rule of the Senate refers to "roll call," "roll call vote" or "recorded vote," such reference shall be understood to refer also to the taking of the vote by an electronic roll call system.

B. When taking attendance or recording the Ayes and Noes on any question to be voted upon, the electronic roll call system shall be used, unless it is inoperative, and when so used shall have the same force and effect as a roll call taken as otherwise provided in the Senate Rules. This rule may be suspended by a majority of the members present in which case the roll shall be called in accordance with Rule 10.

C. When the Senate is ready to vote upon any question requiring a roll call and the vote is to be taken by the electronic roll call system, the Presiding Officer shall announce: "You have heard the (motion or third or final reading) of (the matter to be voted upon). Those in favor will vote aye. Those opposed will vote no. The system is now open. The Senate will now proceed to vote."

D. If a Senator declines to vote, the Senator shall state the reasons therefore as required by Rule 15-B and the system shall not be closed until every Senator who is present has voted, explained the reason for not voting or been excused from voting.

E. When sufficient time has been allowed the members to vote, the Presiding Officer shall announce: "Have all the Senators voted? The system will now be closed. The system is now closed. The Secretary will now record the vote."

F. A Senator may change his vote after the roll call system has been closed and before announcement of the result, and not thereafter.

G. The Secretary of the Senate shall immediately start the recording equipment and, when completely recorded, shall confirm the result to the Presiding Officer, who shall announce the same to the Senate. The Secretary shall enter the vote in the Journal.

H. No member shall be permitted to vote unless present in person to cast his vote. No member shall vote for another, nor shall any person not a member cast a vote for a member.

I. When a vote is being taken by the electronic roll call system, this rule supersedes any provision in the Senate Rules inconsistent therewith.

#### RULE 16 Order of Business

A. Unless otherwise ordered, the Senate shall convene every legislative day at 11:00 a.m., receive a prayer by the chaplain, recite the pledge of allegiance and continue in session until recess or adjournment.

B. The order of business shall be as follows:

C. The President shall, upon each day, announce to the Senate the business in order, agreeable to the order of business contained in subsection B of this rule; and no business shall be taken up or considered until the class to which it belongs shall be declared to be in order, nor after the order to which it belongs is closed, except by order of the Senate. All questions relating to the order of business shall be decided by a majority of the members present without debate.

D. Every bill shall be read by sections on three different days, unless two-thirds of the Senate deem it expedient to dispense with this rule. The vote on the final passage of any bill or joint resolution shall be taken by Ayes and Noes on roll call. Final passage shall be the final disposition of a bill by the Senate.

E. The Presiding Officer shall give notice at each reading, whether it be the first, second or third reading, and a Journal entry of the same shall be made by the Secretary.

#### RULE 17 Committee of the Whole

A. In forming a Committee of the Whole, the President shall leave the Chair after appointing a chairman to preside. The chairman so appointed shall preserve and maintain order.

B. The calendar of the Committee of the Whole shall be taken up in regular order, or in such order as the committee may determine by a suspension of the rules, unless the order of the bill to be considered was determined by the Senate at the time of going into committee, but bills for raising revenue and the general appropriations bill shall have precedence.

C. A majority of the members of the Senate shall constitute a quorum to do business in Committee of the Whole.

D. The rules of the Senate shall be observed in the Committee of the Whole so far as applicable.

E. In the Committee of the Whole, bills and resolutions shall be read by the Secretary and considered item by item, unless otherwise ordered by the committee, leaving preambles or titles to be last considered. The body of a bill shall not be defaced or interlined, but amendments shall be noted by the chairman or Secretary upon a separate piece of paper and reported to the Senate.

F. The proceedings of the Committee of the Whole shall be taken down by the Secretary of the Senate, acting as the Secretary of the Committee of the Whole. The chairman of the Committee of the Whole shall in the chairman's report set forth all actions of the Committee of the Whole.

G. When a bill or resolution is considered in the Committee of the Whole, the only regular motions which are in order are the following:

1. To propose amendments.
2. To limit debate.
3. To recommend.
4. To rise and report.
5. That the bill or resolution retain its place on the calendar.
6. That the bill or resolution be retained on the calendar.

H. A roll call vote shall be taken when a motion to recommend is defeated. No other roll call votes shall be taken in Committee of the Whole.

I. No proposed amendment in Committee of the Whole to strike everything after the enacting clause and insert new material shall be in order.

J. A motion to amend the Committee of the Whole report shall not be in order unless the proposed amendment to the report has been voted on in the Committee of the Whole.

#### RULE 18

##### Sitting as in Committee of the Whole

The Senate may by majority vote of the members present sit as in Committee of the Whole for consideration of any subject except if the subject is a bill, memorial or resolution which has been considered in Committee of the Whole, the consideration shall be limited to technical changes.

#### RULE 19

##### Journals

A. The proceedings of the Senate and of the Committee of the Whole shall be briefly and accurately stated in the Journal. Titles of all bills, resolutions and measures, and such parts as shall be affected by proposed amendments, readings, references, reports and every vote, motion and roll call, and a brief statement of the contents of each petition, memorial or paper presented to the Senate shall be entered on the Journal.

B. All confidential legislative and executive proceedings and the proceedings when sitting as a Court of Impeachment, shall be recorded in a separate book.

C. The protest or remarks of any Senator and reasons therefor shall be entered on the Journal, if presented in writing, but no protest or remarks shall exceed two hundred words in length without the consent of the Senate.

RULE 20  
Proceedings on Nominations

A. When nominations shall be made by the Governor of the State to the Senate, they shall, unless otherwise ordered, be referred to appropriate committees, and a standing committee. If the nomination is referred to the Rules Committee, the committee, upon consideration, may recommend to the President that the nomination be further referred to another standing committee or may place the nomination on a list of nominations awaiting confirmation by the Senate. If the Rules Committee recommends that the nomination shall be placed on a list of nominations awaiting confirmation by the Senate, the Rules Committee recommendation shall be dated and placed on each member's desk. If a member wishes during the first seven calendar days after action by the Rules Committee to object to the inclusion of the nomination without a hearing by a standing committee other than the Rules Committee, the member may do so by filing a protest in writing to the Secretary of the Senate during the seven day period. If a protest is filed, the President shall remove the nomination from the list and assign the nomination to an appropriate standing committee other than the Rules Committee. No nomination placed upon the list of nominations awaiting confirmation by the Senate shall be considered by the Senate until said nomination has remained on the list for seven calendar days. When a nomination is brought before the Senate, the final question on every nomination shall be, "Will the Senate advise and consent to this nomination?" which question shall not be put on the same day on which the nomination is received nor on the day on which it may be reported by a committee, unless by unanimous consent.

B. Nominations confirmed or rejected by the Senate shall not be returned to the Governor by the Secretary until the expiration of the time limit for making a motion to reconsider the same, or while a motion to reconsider is pending, unless otherwise ordered by the Senate by a majority of the members present.

RULE 21  
Messages

A. Messages from the Governor of the State, or from the House of Representatives, may be received at any stage of proceedings, except while the Senate is dividing, or while the Journal is being read, or while the question of order or a motion to adjourn is pending.

B. Messages shall be sent to the House of Representatives by the Secretary, who shall previously certify the determination of the Senate upon all bills, joint resolutions and other measures which may be communicated to the House, or in which its concurrence may be requested, and the Secretary shall also certify and deliver to the Governor of the State all resolutions and other communications which may be directed to him by the Senate.

RULE 22  
Amendments of the House

A. Any amendment by the House to any Senate Bill shall be subject to one of the following motions or actions:

1. Concur in House amendment.
2. Refuse to concur in House amendment and appointment of Conference Committee, free or simple.
3. The President may refer the bill with the House amendment to a committee for study and recommendations of concurrence or refusal to concur.

B. Any amendment by the House which includes the addition of the emergency clause shall require a two-thirds vote of the members of the Senate for final passage with the emergency clause.

RULE 23  
Conference Committees and Reports

A. Conference Committees may be either simple or free. A Simple Conference Committee shall be limited to points of disagreement between the two Houses and shall not add unrelated new material, except to conform the provisions to other sections of the bill, enactments of the current session or procedural requirements. A Free Conference Committee may recommend striking amendments, compromising, or inserting something entirely new except that a Free Conference Committee may not recommend striking everything after the enacting clause and inserting new material.

B. Every conference report shall be accompanied by a detailed statement sufficiently explicit to inform the Senate what effect such amendments or propositions, if any, will have upon the measure to which they relate. A copy of each Conference Committee report shall be placed on each member's desk a reasonable time before consideration of the report. The presentation of reports of committees of conference shall always be in order, except when the Journal is being read or a question of order or a motion to adjourn is pending, or while the Senate is dividing; and when received the question of proceedings to the consideration of the report, if raised, shall be immediately put, and shall be determined without debate.

C. A Free Conference Committee shall not take final action on a Free Conference Committee report unless the measure has been heard in a public hearing of the Free Conference Committee.

D. A Free Conference Committee report on a bill which includes conference amendments may, upon the filing of the report in the Secretary of the Senate's office, be reassigned by the President to the Committee on Rules. If assigned to the Committee on Rules, the Committee on Rules shall consider such report for constitutionality and proper form and the reasonable germaneness of conference amendments. A bill including any amendments shall be presumed to contain one subject if:

1. The resulting bill has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.
2. The resulting bill is a major revision of a program or agency and each of the provisions relates to the revision.
3. The bill offers only technical or conforming changes to the statutes.
4. The bill is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the bill.

E. Except as provided herein, conference committees shall consider a bill prior to Saturday of the week in which the ninety-seventh day from the beginning of each regular session falls. No conference committee shall meet to consider a bill after such time without the written permission of the President.

RULE 24  
Parliamentary Practice and Procedure

Parliamentary practice and procedure in the Senate shall take precedence in the order listed:

1. Constitutional provisions.
2. Senate Rules.
3. Statutory rules and provisions.
4. The rules of parliamentary practice and procedure as contained in Mason's Manual of Legislative Procedure.
5. Senate customs and usages.
6. General parliamentary law.

RULE 25  
Privileges of the Floor

A. Except by unanimous consent, or unless otherwise ordered by a two-thirds vote of the Senate, no person except members and officers of the Senate shall have the privileges of, or be admitted to the floor of the Senate Chamber at any time; provided, that the President may grant the privileges of the floor, subject to revocation in any instance by order of the Senate, to ex-members of the Senate, members of the House of Representatives and employees of the Senate. When the Senate is not in formal session, the President, upon application of a Senate Committee, may grant the use of the Chamber to such committee for a time certain for the purpose of holding committee hearings.

3. Ambassadors of or to the United States, and all present United States Senators and Congressmen.
4. The present Governor of Arizona.
5. The present Governor or Head of any other domestic or foreign state.

All other dignitaries may be introduced from the gallery or may be granted speaking time other than when the Senate is in session.

C. The main gallery shall at all times, except when the Senate is in closed executive session or the Senate or President shall order the galleries cleared, be open to the public, subject to the full observance of the rules of the Senate.

D. A press gallery shall be maintained, to which shall be admitted only duly accredited representatives of the press holding nontransferable cards issued by the President of the Senate and revocable at the discretion of the President of the Senate. Any press representative desiring admission to the press gallery shall make application to the President of the Senate for a pass, and shall accompany the application with a statement of facts of the representative's press connections, and with a request by the newspaper or news gathering organization with which the representative is connected, for such pass. Not more than one such representative at a time shall occupy a seat in the press gallery if such seat is desired by the representative of any other accredited newspaper or news gathering organization.

RULE 26  
Legislative Representatives

A. Any person desiring to be heard concerning legislation in behalf of any person, firm, association, organization, company or corporation shall first make application in writing to the chairman of the committee, stating the bill the person desires to present arguments upon, and whom the person represents.

B. The chairman may issue a permit which shall give such person the right to file with the committee having under consideration the bill or legislation regarding which the permit has been issued, written or printed briefs, statements or arguments. If so notified by the committee through its chairman, the person may appear before the committee in open public hearing and present arguments and testimony at the pleasure of the committee. Chairmen of committees shall, on request, give information regarding the holding of public hearings, and the time and place of the same, and committees may hold such public hearings as they desire.

RULE 27  
Length of Session

A. Except as provided herein, regular sessions shall be adjourned sine die no later than Saturday of the week in which the one hundredth day from the beginning of each regular session falls. The President may by declaration authorize the extension of the session for a period of not to exceed seven additional days. Thereafter the session can be extended only by the Senate by a majority vote of the members present.

B. If not considered in the regular session the General Appropriations bill, the General Capital Outlay bill and the University Capital Outlay bill may be considered in a special session which shall be called only for those purposes.

RULE 28  
Amendment of Rules; Suspension of Rules

A. The Senate Rules may be amended upon vote of the majority of the members of the Senate.

B. The Senate Rules may be suspended by a vote of a majority of the members present.

RULE 29  
Code of Ethics

A. No member shall:

1. Intentionally solicit, accept or agree to accept from any source whether directly or indirectly and whether by himself or through any other person any personal financial benefit, including any gift, for himself or another upon an agreement or understanding that his vote, opinion, judgment, exercise of discretion or other action as a public official will thereby be influenced.

2. Disclose or use information designated by law as confidential in any manner prohibited by law.

3. Knowingly disclose or use, other than in the performance of his official duties, information gained as a result of his official position and which is not available to the general public, for his personal financial benefit or the financial benefit of any other person, including compensation from any employment, transaction or investment entered into that utilizes or is based upon such information.

4. Enter into any contract with a public agency for the sale of goods or services or have an interest in the profits or benefits of a contract entered into with a public agency by any other person or entity for the sale of goods or services, unless:

(a) The total gross annual income value of the contract is less than one thousand dollars, or

(b) The contract is entered into by a business of which the member, his spouse or any minor child of whom the member has custody, owns or controls, individually or combined, less than ten percent thereof, or

(c) The contract has been awarded through public and competitive bidding pursuant to law, or

(d) The subject of the contract between a member and a public agency is an appointment or employment for which an exception exists pursuant to article IV, part 2, section 4 or 5 of the Constitution of Arizona.

5. Appear for a fee on behalf of another person or entity before any public agency for the purpose of influencing such agency by use of threat to initiate or take an action in the discharge of his official duties that would be adverse to such agency.

6. Participate in any action of the Senate if the member has a substantial interest as defined in section 38-502, Arizona Revised Statutes.

B. For the purposes of this rule:

1. A member shall be deemed to “have an interest in the profits of a contract” if the contract is entered into by the member or his spouse or any minor child of whom the member has legal custody.

2. “Public agency” means all courts and any department, agency, board, commission, institution or instrumentality of this state but does not include counties, cities and towns or any other political subdivision.

3. “Business” includes any corporation, partnership, joint venture, sole proprietorship, business trust, enterprise, organization, trade, occupation or profession.

4. “Gift” includes any gratuity, special discount, favor, service, economic opportunity, loan or other benefit received without lawful consideration and not provided to members of the public at large but does not include political campaign contributions if such contributions are publicly reported as required by law.

5. “Fee” includes any compensation but does not include benefits received pursuant to law as a result of being a legislator.

RULE 30  
Personal Financial Interest

A. A member who anticipates taking an action in the discharge of his official duties in which he may have a personal financial interest shall:

1. Prepare a written statement describing the matter to be acted upon and the nature of the potential interest; and

2. Deliver a copy of the statement to the President, the Chairman of the Ethics Committee and the Secretary of the Senate. Such statement shall be retained by the Secretary of the Senate as a public record.

B. A member shall report a potential personal financial interest pursuant to subsection A as soon as the member is aware of such potential interest. If, however, such awareness occurs when the Senate is convened on the floor or during a meeting of a committee, subcommittee or caucus, a member shall report a potential personal financial interest as soon after the adjournment of that body as is practicable.

C. A member may abstain from taking any action in which he has a personal financial interest. Upon declining to participate in any legislative action on the floor, in committee or in subcommittee, the member shall, in addition to the requirements of subsection A, state his decision and the underlying reasons therefor and such decision shall be recorded in the Journal or minutes of that body.

D. A member in doubt as to the propriety of any action proposed to be taken by him and involving a potential personal financial interest under this rule may request the Ethics Committee to render an advisory opinion on the facts. The advisory opinion shall be issued not later than five days from the date of the receipt of that request and be filed with the President, the Chairman of the Ethics Committee and the Secretary of the Senate. Such opinion shall be retained by the Secretary of the Senate as a public record.

E. For the purposes of this rule:

1. “An action in the discharge of his official duties” means introduction, sponsorship, debate, amendment, passage, defeat, approval, consideration or any other official action on any bill, resolution, memorial, amendment, confirmation, nomination, appointment, report or any other matter pending or proposed in a committee, subcommittee, caucus or on the floor of the Senate.

2. A personal financial interest exists if it is reasonably foreseeable that an action in the discharge of his official duties will have a material financial benefit or detriment either directly or indirectly on the member, his spouse or any minor child of whom he has legal custody, except that no personal financial interest exists if the legislator or such member of his household is a member of a class of persons and it reasonably appears that a majority of the total membership of that class is to be affected by such action.

F. A member who has a substantial interest as defined by section 38-502, Arizona Revised Statutes, shall comply with title 38, chapter 3, article 8, Arizona Revised Statutes.

RULE 31
