Thank you all for your gracious support.

I am truly humbled by this appointment and honored with the responsibility. I have often said that leadership should be from the people up, not the top down. This is how I intend to approach my new role. I look to you all for your ideas and know that we can work together to achieve what we all were elected to accomplish.

JOURNAL OF THE SENATE
Monday, January 10, 2011

We have the right people in place and the task ahead is one not to be taken lightly. However, I remain optimistic about this newly elected body and look forward to our service together.

Although today is a day we begin our work for the people of Arizona here at the Capitol, our thoughts are obviously also in Tucson.

Our prayers go out to the families of the victims of the tragedy there.

This hit home, not just because it happened in Tucson, but because one of the victims is a former colleague of many of us.

Representative Giffords is an outstanding public servant.

She is a great lady and was an outstanding colleague when we worked together in the Legislature.

I am saying prayers for her, her husband and her family.

This is an attack on everything we stand for.

Violence has no place in politics in Arizona or America.

Now I would like for Senator David Schapira to take a moment to express the sentiments of his caucus on this horrific event.

PERSONAL PRIVILEGE

Senator Schapira gave remarks regarding Arizona Congresswoman Gabrielle Giffords and the victims of the Tucson tragedy.

**JOINT SESSION OF THE
SENATE AND HOUSE OF REPRESENTATIVES
FIFTIETH LEGISLATURE
FIRST REGULAR SESSION**

The President of the Senate, Russell Pearce, called the Joint Session of the Legislature to order.

STATE OF THE STATE
Monday, January 10, 2011
by Governor Janice K. Brewer

Good afternoon.

Speaker Adams, President Pearce, Honorable Senators and Representatives of the Centennial Legislature, Chief Justice Berch and Justices of the Supreme Court, constitutional officers, tribal leaders, honored guests, and my fellow Arizonans:

I had intended to deliver a State of the State address to you today -- remarks that outline an exciting and solid plan for job creation, education, and tax reform

.... and I WILL deliver that plan to you.

But, not now.

Not today.

Tragedy and terror sometimes come from the shadows and steal our joy and take away our peace.

That happened on Saturday when a gunman took away people we love, innocent people, and outstanding public servants -- like U.S. District Judge John M. Roll.

Judge Roll had just come from the light of a Catholic Mass -- and confronted the darkness of a madman.

The gunman gravely wounded others -- people we love and respect -- like Gabby Giffords, my good friend.

This past weekend's events have caused me -- caused all of us -- to reflect on many things, including how we respond to those terrible events.

First, our response to this tragedy must be led by prayer and comfort for the victims and their families.

So, please -- join me in a moment of silence as we pray for all those we've lost -- for the injured -- and for the suffering.

Thank you.

JOURNAL OF THE SENATE
Monday, January 10, 2011

With our faith and our courage tightly in place, we will step forward from this Chamber, dedicated to the Lord's work -- continuing our service to the public.

One year ago, from this very place, I told you I would serve beside you -- proud to serve the people of Arizona.

I said then, that public service is acting NOT in self-interest -- but on behalf of others.

And, I asked people to join me in the field.

Gabby Giffords DID join me in the field.

And, we worked together, knowing that when our public service ended, we would be judged LESS by what we achieved than what we over-came.

In addition to Judge Roll -- Arizona also lost -- Dorothy Morris, Dorwan Stoddard, Phyllis Schneck, and Gabriel Zimmerman.

Let me take a moment to recognize the acts of extraordinary Arizonans -- who responded with professionalism and saved lives -- law enforcement, emergency responders, the Tucson Medical community, and the staff at the University Medical Center.

Daniel Hernandez, a University of Arizona junior showed no fear in the face of gunfire.

His quick action in going to Gabby Giffords' aid -- likely saved her life.

Daniel is here today and I'm going to ask him to stand and receive the thanks of a grateful state.

It was a sunny Saturday at the supermarket in Northwest Tucson.

It was a picture of what our country is all about: Public servants doing their duty, citizens, old and young coming to hear -- coming to participate -- in the beauty of our government in action.

We lost someone else on Saturday ... nine-year-old, Christina Green.

She was just elected to her student council.

She was hoping to be a positive part of the future of America.

And, she has become just that.

She loved baseball -- she was the only girl on her Little League baseball team; and she loved to wear red, white and blue.

I should tell you, Christina was born on September 11th, 2001.

She thought of her birthday as a day of hope -- a time to find goodness in America.

As her mother said, "Her light shines on all of us today."

Saturday's events were not just an attack on those individuals we loved and lost, but an assault on our Constitutional Republic -- on our democracy -- on all we treasure and hold dear -- as citizens and public servants.

Arizona is in pain, yes.

Our grief is profound.

We are yet in the first hours of our sorrow -- but, we have not been brought down.

We will *never* be brought down!

JOURNAL OF THE SENATE
Monday, January 10, 2011

7

In fact -- we've been lifted up by America's thoughts and prayers and we're deeply grateful for them.

Arizona, like all of America -- has been through difficult times before.

But, those times have united us, and made us stronger -- more enduring.

Let those of us who serve our state and country do so in a way that honors those we have lost.

Our meetings on sunny days will not end.

Like the words from Isaiah, I believe Arizona will rise on wings like eagles -- we will run, and not get weary -- we will walk, and not grow weak

So -- I ask for your help -- and your continued prayers, as we step from here, and guide this Great State with courage and devotion.

May God bless all the victims and their families and those suffering from Saturday's tragedy.

May God bless those who serve us in the cause of freedom and justice.

May He bless you and your families and our Great State of Arizona.

And may God always bless and protect the United States of America.

Thank you.

The Joint Organization Committee escorted the Governor from the House Chamber.

At 2:05 p.m. the Joint Session was dissolved.

INTRODUCTION AND FIRST READING OF BILLS
 UNANIMOUS ADOPTION OF SENATE RESOLUTIONS 1003, 1004, 1005,
 1006, 1007 AND 1008

Senate Resolution 1003 was introduced and read in full by Senator Schapira as follows:

A Resolution on the death of Dorwan Stoddard.

Dorwan Stoddard was killed on January 8, 2011 at the age of seventy-six during a horrendous assassination attempt on Congresswoman Gabrielle Giffords' life.

Mr. Stoddard, who grew up in Tucson, had moved back to the area after the death of his first wife. He became reacquainted with his grade school sweetheart, Mavy, and the couple married. Together, they enjoyed traveling and helping people in need. A retired construction worker, Mr. Stoddard was involved with numerous construction projects at Mountain Avenue Church of Christ.

Six innocent people, including Dorwan Stoddard, were tragically killed on the morning of January 8, 2011, when a lone gunman began shooting those who had gathered at Congresswoman Gabrielle Giffords' Congress on Your Corner event in Tucson. Mr. Stoddard heroically dove to the ground and shielded his wife from the gunfire, sacrificing his life for hers.

This senseless attack has shocked and saddened all Americans and the citizens of Arizona are in mourning. Yet for many, their grief goes deeper than can be imagined as they face the terrible reality of the loss of innocent loved ones. A loving and dedicated husband and father, Dorwan Stoddard will be greatly missed by his wife,

Mavy, his two sons, his three stepdaughters and his many friends in the Tucson community.
Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate sincerely regret the passing of Dorwan Stoddard and extend their deepest sympathies to his family and many friends.

Senate Resolution 1004 was introduced and read in full by Senator Sinema as follows:

A Resolution on the death of Gabriel Zimmerman.

Gabe Zimmerman, congressional aide to Congresswoman Gabrielle Giffords, was tragically killed on January 8, 2011 during a horrendous assassination attempt on the congresswoman's life.

Gabe Zimmerman served as a dedicated and passionate staffer for Representative Giffords, handling thousands of constituent issues and organizing public events in which constituents could meet Giffords and discuss issues with her. He had earned his master's degree in social work, and cared greatly about helping others and working to improve their lives. He worked out of the congresswoman's offices in Tucson and Sierra Vista and had recently become engaged to be married.

Six innocent people, including Gabe Zimmerman, were tragically killed on the morning of January 8, 2011, when a lone gunman began shooting those who had gathered at Representative Giffords' Congress on Your Corner event. As Representative Giffords' outreach director, Gabe had organized this constituent event, believing that open communication between the voters and their elected officials was an integral part of an open democracy. This senseless attack has shocked and saddened all Americans.

The citizens of Arizona are in mourning. Yet for many, their grief goes deeper than can be imagined as they face the terrible reality of the loss of innocent loved ones. Gabe Zimmerman will be greatly missed by his parents, Emily and Ross, his brother, Ben, his fiancée, Kelly, and his many friends and colleagues in the greater Tucson community.

Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate sincerely regret the passing of Gabe Zimmerman and extend their deepest sympathies to his family, fiancée and many friends.

Senate Resolution 1008 was introduced and read in full by Senator Sinema as follows:

A Resolution on the death of the Honorable John Roll.

The Honorable Judge John Roll, United States District Judge, was killed at the age of sixty-three on January 8, 2011 during a horrendous assassination attempt on Congresswoman Gabrielle Giffords' life.

Born in Pennsylvania, John Roll earned his undergraduate and law degrees from the University of Arizona and a Masters of Laws degree from the University of Virginia. He served as a county and state prosecutor, a state trial judge and a state appeals court judge before being appointed to the federal bench in 1991 by President George H.W. Bush. Named as Arizona's chief federal judge in 2006, Judge Roll was highly respected for his diligent and conscientious work as a jurist and for his efforts to reduce the court's high caseload.

Six innocent people, including Judge Roll, were tragically killed on the morning of January 8, 2011, when a lone gunman began shooting those who had gathered at Congresswoman Gabrielle Giffords' Congress on Your Corner event in Tucson. Judge Roll, a friend of Ms. Giffords, had stopped by to greet the congresswoman in this most basic of exchanges between an elected official and her constituents. This senseless attack has shocked and saddened all Americans.

JOURNAL OF THE SENATE
Monday, January 24, 2011

The citizens of Arizona are in mourning. Yet for many, their grief goes deeper than can be imagined as they face the terrible reality of the loss of innocent loved ones. A loving and dedicated husband and father, Judge John Roll will be greatly missed by his wife, Maureen, his three sons, his five grandchildren, his peers and colleagues the United States district bench and his many friends in the Tucson community.

That the Members of the Senate sincerely regret the passing of Judge John Roll and extend their deepest sympathies to his family, colleagues and many friends.

Senate Resolution 1005 was introduced and read in full by Senator Cajero Bedford as follows:

A Resolution on the death of Phyllis Schneck.

Phyllis Schneck was killed on January 8, 2011 at the age of seventy-nine during a horrendous assassination attempt on Congresswoman Gabrielle Giffords' life.

A native of Rutherford, New Jersey, Phyllis Schneck and her husband spent their winters in Tucson, and she continued to return to Tucson even after the death of her husband in 2007. A retired homemaker, Mrs. Schneck had raised three children and remained active as a talented quilter and cook and as a volunteer at her church.

Six innocent people, including Mrs. Schneck, were tragically killed on the morning of January 8, 2011, when a lone gunman began shooting those who had gathered at Congresswoman Gabrielle Giffords' Congress on Your Corner event in Tucson. This senseless attack has shocked and saddened all Americans, and the citizens of Arizona are in mourning. Yet for many, their grief goes deeper than can be imagined as they face the terrible reality of the loss of innocent loved ones. Phyllis Schneck will be greatly missed by her two daughters, her son, her seven grandchildren, her great-granddaughter and her many friends in the Tucson and Rutherford communities.

Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate sincerely regret the passing of Phyllis Schneck and extend their deepest sympathies to her family and many friends.

Senate Resolution 1006 was introduced and read in full by Senator Aboud as follows:

A Resolution on the death of Christina Taylor Green.

Christina Taylor Green was killed on January 8, 2011 at the age of nine during a horrendous assassination attempt on Congresswoman Gabrielle Giffords' life.

Born on September 11, 2001, Christina was a third-grade student at Mesa Verde Elementary School in Tucson. She was a bright, athletic little girl who loved swimming, animals, singing and dancing, and gymnastics. Following in the footsteps of her father, a scout for the Los Angeles Dodgers, and her grandfather, former major-league pitcher Dallas Green, she was the only girl on her Canyon del Oro Little League baseball team.

Recently elected to the student council at her school, Christina jumped at the opportunity to chat with Congresswoman Gabrielle Giffords at her Congress on Your Corner event in Tucson on the morning of January 8, 2011. Six innocent people, including Christina, were tragically killed, when a lone gunman began shooting those who had gathered at this informal event.

This senseless attack has shocked and saddened all Americans, and the citizens of Arizona are in mourning. Yet for many, their grief goes deeper than can be imagined as they face the terrible reality of the loss of innocent loved ones. Christina Taylor Green will be greatly missed by her mother, Roxanna, her father, John, her brother, Dallas, and her many friends and classmates in the Tucson community.

Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate sincerely regret the passing of Christina Taylor Green and extend their deepest sympathies to her family and many friends.

Senate Resolution 1007 was introduced and read in full by Senator Landrum Taylor as follows:

A Resolution on the death of Dorothy Morris.

Dorothy Morris was killed on January 8, 2011 at the age of seventy-six during a horrendous assassination attempt on Congresswoman Gabrielle Giffords' life.

Dorothy Morris, known to her friends as Dot, was a retired homemaker and secretary who had lived in Oro Valley since the mid-1990s. She traveled extensively with her husband, George, and enjoyed their summer retreat in Pinetop.

Six innocent people, including Dot Morris, were tragically killed on the morning of January 8, 2011, when a lone gunman began shooting those who had gathered at Congresswoman Gabrielle Giffords' Congress on Your Corner event in Tucson. Dot and her husband, George, were attending the event when gunfire rang out. George attempted to shield his wife from the gunfire, but she had sustained critical injuries.

This senseless attack has shocked and saddened all Americans, and the citizens of Arizona are in mourning. Yet for many, their grief goes deeper than can be imagined as they face the terrible reality of the loss of innocent loved ones. Dot Morris will be greatly missed by her husband, George, her two daughters and her many friends in the Oro Valley community.

Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate sincerely regret the passing of Dorothy Morris and extend their deepest sympathies to her family and many friends.

Senator Bundgaard moved that Senate Resolutions 1003, 1004, 1005, 1006, 1007 and 1008 be unanimously adopted and that the Senate stand in a moment of silence in memory of Dorwan Stoddard, Gabe Zimmerman, Phyllis Schneck, Christina Taylor Green, Dorothy Morris and the Honorable John Roll. The motion carried.

If the motion to request return passes, the motion to reconsider cannot be considered until the question or measure is returned to the Senate by the House.

A. When the Ayes and Noes are ordered, the names of Senators shall be called alphabetically, and each Senator shall without debate, declare the Senator's assent or dissent to the question, unless the Senator declares a personal financial interest in the question or is excused by the Senate, and no Senator shall be permitted to vote after the decision shall have been announced by the Presiding Officer, but may for sufficient reason change the Senator's vote prior to such announcement. No motion to suspend this rule shall be in order, nor shall the Presiding Officer entertain any request to suspend by unanimous consent.

B. When a Senator declines to vote on the second call of the Senator's name, the Senator shall be required to assign the Senator's reasons therefor. If the reason assigned is other than a personal financial interest in the question or a substantial interest as defined in the statutory code which is not a personal financial interest in the question, the Presiding Officer shall submit the question to the Senate: "Shall the Senator for the reasons assigned by the Senator, be excused from voting?" which shall be decided without debate; and these proceedings shall be had after the roll call and before the result is announced and any further proceedings in reference thereto shall be after such announcement.

C. When a vote is being taken using the electronic roll call system, the provisions of Rule 15.1 shall supersede any provision of this rule which is inconsistent therewith.

C. When the Senate is ready to vote upon any question requiring a roll call and the vote is to be taken by the electronic roll call system, the Presiding Officer shall announce: "You have heard the (motion or third or final reading) of (the matter to be voted upon). Those in favor will vote aye. Those opposed will vote no. The system is now open. The Senate will now proceed to vote."

D. If a Senator declines to vote, the Senator shall state the reasons therefore as required by Rule 15-B and the system shall not be closed until every Senator who is present has voted, explained the reason for not voting or been excused from voting.

G. The Secretary of the Senate shall immediately start the recording equipment and, when completely recorded, shall confirm the result to the Presiding Officer, who shall announce the same to the Senate. The Secretary shall enter the vote in the Journal.

H. No member shall be permitted to vote unless present in person to cast his vote. No member shall vote for another, nor shall any person not a member cast a vote for a member.

A. When nominations shall be made by the Governor of the State to the Senate, they shall, unless otherwise ordered, be referred to appropriate committees, and a standing committee. If the nomination is referred to the Rules Committee, the committee, upon consideration, may recommend to the President that the nomination be further referred to another standing committee or may place the nomination on a list of nominations awaiting confirmation by the Senate. If the Rules Committee recommends that the nomination shall be placed on a list of nominations awaiting confirmation by the Senate, the Rules Committee recommendation shall be dated and placed on each member's desk. If a member wishes during the first seven calendar days after action by the Rules Committee to object to the inclusion of the nomination without a hearing by a standing committee other than the Rules Committee, the member may do so by filing a protest in writing to the Secretary of the Senate during the seven day period. If a protest is filed, the President shall remove the nomination from the list and assign the nomination to an appropriate standing committee other than the Rules Committee. No nomination placed upon the list of nominations awaiting confirmation by the Senate shall be considered by the Senate until said nomination has remained on the list for seven calendar days. When a nomination is brought before the Senate, the final question on every nomination shall be, "Will the Senate advise and consent to this nomination?" which question shall not be put on the same day on which the nomination is received nor on the day on which it may be reported by a committee, unless by unanimous consent.

B. Nominations confirmed or rejected by the Senate shall not be returned to the Governor by the Secretary until the expiration of the time limit for making a motion to reconsider the same, or while a motion to reconsider is pending, unless otherwise ordered by the Senate by a majority of the members present.

A Free Conference Committee may recommend striking amendments, compromising, or inserting something entirely new except that a Free Conference Committee may not recommend striking everything after the enacting clause and inserting new material.

B. Every conference report shall be accompanied by a detailed statement sufficiently explicit to inform the Senate what effect such amendments or propositions, if any, will have upon the measure to which they relate. A copy of each Conference Committee report shall be placed on each member's desk a reasonable time before consideration of the report. The presentation of reports of committees of conference shall always be in order, except when the Journal is being read or a question of order or a motion to adjourn is pending, or while the Senate is dividing; and when received the question of proceedings to the consideration of the report, if raised, shall be immediately put, and shall be determined without debate.

C. A Free Conference Committee shall not take final action on a Free Conference Committee report unless the measure has been heard in a public hearing of the Free Conference Committee.

D. A Free Conference Committee report on a bill which includes conference amendments may, upon the filing of the report in the Secretary of the Senate's office, be reassigned by the President to the Committee on Rules. If assigned to the Committee on Rules, the Committee on Rules shall consider such report for constitutionality and proper form and the reasonable germaneness of conference amendments. A bill including any amendments shall be presumed to contain one subject if:

1. The resulting bill has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.
2. The resulting bill is a major revision of a program or agency and each of the provisions relates to the revision.

INTRODUCTION AND FIRST READING OF BILLS
UNANIMOUS ADOPTION OF SENATE RESOLUTION 1012

Senate Resolution 1012 was introduced and read in full by Senator Allen as follows:

A Resolution honoring the Theodore Roosevelt Dam on the auspicious occasion of its one hundredth anniversary.

Whereas, March 18, 2011 marks the centennial of the official dedication of Theodore Roosevelt Dam, the first major structure built by the United States Bureau of Reclamation (USBR) in Arizona which, when completed, was then the world's tallest masonry dam; and

Whereas, one of the first major projects resulting from the National Reclamation Act, the dam was dedicated in person by President Roosevelt, who championed economic development by reclaiming the arid lands of the West during his administration—a concept crucial to city-building in the Salt River Valley as well as the new state of Arizona; and

Whereas, the construction of Roosevelt Dam eventually resulted in the formation of the world's largest reservoir; and

Whereas, the dam has served as a keystone to Salt River Project (SRP) water and power operations in central Arizona, providing critical resources to sustain the commercial and residential development of Arizona; and

Whereas, through its partnerships with the USBR and the United States Forest Service, SRP, the oldest multipurpose reclamation project in the nation, has for more than one hundred years nurtured Arizona communities and remains committed to the welfare of the neighborhoods and businesses it was created to serve; and

Whereas, the dedication of Roosevelt Dam in 1911 foreshadowed the transition of Arizona from a territory to statehood the following year.

Therefore

Be it resolved by the Senate of the State of Arizona:

1. That the Members of the Senate honor Theodore Roosevelt Dam on the occasion of its one hundredth anniversary and recognize the tremendous role the dam has played in the development and prosperity of our state.
2. That the Members of the Senate recognize SRP as a valued partner in leveraging the region's strengths to develop and sustain a healthy economy for Arizona.

3. That the Members of the Senate encourage all Arizona citizens to join in recognizing this significant anniversary as well as the dedication of those men and women, both past and present, who have contributed to the support, construction, maintenance and operation of Roosevelt Dam.

Senator Allen moved that Senate Resolution 1012 be unanimously adopted. The motion carried.

Senate Resolution 1012 was signed in open session and transmitted to the Secretary of State.

March 9, 2011

The Honorable Kirk Adams
 Speaker of the House
 Arizona House of Representatives
 1700 W. Washington Street
 Phoenix, Arizona 85007

RE: House Bill 2153, municipalities; counties; fire sprinklers; code

Dear Speaker Adams:

Today, I signed House Bill 2153, municipalities; counties; fire sprinklers; code. This bill is in response to a code mandate prepared by a national non-governmental entity requiring the installation of fire sprinklers in new home construction.

My opposition to new regulatory mandates is well known. This mandate puts obstacles in the way of the home construction industry's efforts to recover from a very deep recession. Other states have addressed this issue through legislation that protects consumer choice or removes the fire sprinkler mandates from their state code. The choice as to whether or not to install a fire sprinkler system in a newly constructed home belongs in the hands of the homebuyer.

HB 2153 does not interfere with codes adopted prior to 2010. Furthermore, the bill does not prevent a local jurisdiction from developing agreements with builders to offer sprinklers as a purchase option to consumers.

Sincerely,

/s/ Janice K. Brewer
 Governor

INTRODUCTION AND FIRST READING OF BILLS
UNANIMOUS ADOPTION OF SENATE CONCURRENT RESOLUTION 1061

Senate Concurrent Resolution 1061 of was introduced and read in full by Senator Driggs as follows:

A Concurrent Resolution on the death of Mitchell K. Menlove.

Proposing that the Senate and the House of Representatives of the State of Arizona acknowledge the contribution of Mitchell Kent Menlove to the State of Arizona, his extraordinary love for his family, his love of Arizona and of those in Arizona government.

Whereas, it is a rare and special person who is able to affect so many lives in such a positive manner in such a short period of time, and it is a blessing when an individual such as Mitchell Kent Menlove becomes a part of our lives; and

Whereas, it is only appropriate that Mitchell Kent Menlove be honored and esteemed by the Arizona State Senate and the Arizona House of Representatives; and

Whereas, Mitch Menlove did pass from this world on the morning of Monday, July 19, 2010 from heart complications, leaving for a time his wonderful wife Elizabeth Ickes Menlove, and their four beautiful children, Maxwell Mitchell Menlove, Morgan Kent Menlove, Makenna Elizabeth Menlove and, born into this world only days after the passing of his father, Mitchell Kent Menlove, Jr. There is no role or responsibility that Mitch cherished more than that of husband and father. His family was built on an eternal foundation and strong belief that "Families are Forever." He is also survived by loving parents and by an exceptional extended family; and

Whereas, Mitch Menlove's professional career spanned eleven years working in government affairs at the Arizona state capitol. He personified integrity, a strong work ethic and a complete absence of guile. His intelligence, unique instincts and ability to find solutions to complex challenges led Mitch to become one of the most respected and accomplished members of his profession, who was admired by leaders of both political parties; and

Whereas, Mitch Menlove is remembered by many for his quiet acts of service to others throughout his life, including his service as a bishop of both the Madison Ward and Biltmore Ward of the Church of Jesus Christ of Latter-day Saints. Bishop Menlove was esteemed and appreciated by countless individuals who sought his wisdom, understanding and spiritual discernment. His leadership and example was extremely influential with the youth that he mentored and served. Bishop Menlove lived his faith as a true disciple of Jesus Christ; and

Whereas, Mitch Menlove was known to his friends and colleagues for his good humor and wit, his charismatic nature and for his love of life. Mitch was a loyal and trusted friend to many. He led a very well-rounded life. He loved to travel and enjoyed all things outdoors. He could catch a fish when no one else could get a bite. He enjoyed a great sense of style, appreciated fine foods and excelled at every sport; and

Whereas, we acknowledge Mitch Menlove's positive impact on the State of Arizona and on all those who knew him;

Therefore

Be it resolved by the Senate of the state of Arizona, the House of Representatives concurring:

That the members of the Arizona Legislature express the most profound regret and sorrow at the passing of Mitchell Kent Menlove and extend their deepest sympathies to his wife, children and extended family.

Senator Driggs moved that Senate Concurrent Resolution 1061 be unanimously adopted and that the Senate stand in a moment of silence in memory of Mitch Menlove. The motion carried and the Resolution was transmitted to the House.

PERSONAL PRIVILEGE

Senator Griffin read the following Resolution on the death of Robert Krentz:

A Resolution on the Death of Robert Krentz

Robert Krentz died on March 27, 2010 at the age of fifty-eight in a senseless act of violence on his family's 100-year old ranch.

Born on June 3, 1951 in Douglas, Arizona, Rob Krentz lived his entire life in Arizona. He attended Douglas High School and helped the Bulldogs win the 1968 state football championship before graduating in 1969. He attended Cochise College and the University of Arizona, where he earned a degree in animal science in 1975. Following his graduation, he returned to the family ranch where he worked with his father and uncles. He eventually bought out his uncles and continued ranch operations in partnership with his siblings. Rob Krentz married Susan Kimble in 1977, and together they raised three children, sons Andy and Frank and daughter Kyle.

Despite the demands of his ranching operations, Rob Krentz gave freely of his time, skills and energy to various worthwhile community and agricultural organizations. Over the years, he had served at various times as president and board member of the Cochise Graham Cattle Growers, board member for the Arizona Cattle Growers, board member of the Malpai Borderlands Group and president of the Whitewater Draw National Resource Conservation District.

Known for his concern and kindness and humanitarian efforts, Rob Krentz was always willing to provide compassionate assistance to neighbors, friends and even strangers in their time of need. He was dedicated to his family and strived to instill in them the importance of honesty and fair dealing. Rob Krentz is greatly missed by his family, neighbors and many friends.

THEREFORE BE IT RESOLVED, by the Senate of the State of Arizona that the Members of the Senate express regret at the death of Rob Krentz and extend their deepest condolences to his surviving family members.

Dated this 31st day of March, 2011,

RUSSELL K. PEARCE
President of the Senate

On April 7, 2011, the Governor transmitted to the Secretary of State Senate Bills 1612, 1613, 1614, 1615, 1616, 1617, 1618, 1619, 1620, 1621, 1622, 1623 and 1624 with the following communication: (bills signed on April 6)

April 7, 2011

The Honorable Russell Pearce
President of the Arizona State Senate
1700 W. Washington Street
Phoenix, Arizona 85007

The Honorable Kirk Adams
Speaker of the Arizona State House of Representatives
1700 W. Washington Street
Phoenix, Arizona 85007

Dear Mr. President and Mr. Speaker:

On Wednesday, I signed into law the state budget bills passed last week by the Legislature. I acknowledge and appreciate your leadership and cooperation in assisting to develop and pass this budget plan. If Arizona is to reclaim its standing as a national leader in economic growth, its state government must be cost-effective, efficient and fiscally-stable. This budget plan puts the state on the right path in all three categories. Together with passage of the Arizona Economic Competitiveness Package and the creation of my comprehensive Medicaid reform plan, this legislative session should be remembered as one of the most productive in state history.

The State of Arizona has now reached an important milestone on the road to recovery: Arizona will have a balanced budget for the upcoming fiscal year. This is quite an accomplishment. When I entered office in late January 2009, Arizona was rated as having one of the worst, if not *the* worst, state budget deficits on a per-capita basis in the nation. And, at the beginning of this year, Arizona faced a General Fund budget deficit of more than \$1 billion.

Through a combination of careful stewardship and difficult choices, I believe that we have done as much as possible to protect Arizona's priorities in education and public safety, while maintaining a safety net for our most vulnerable. As painful as many of the spending cuts will be, they are nevertheless essential to the necessary realignment of the State's revenues and expenditures. This budget employs targeted cuts to reduce the size and scope of government, and implements significant reforms that will help keep the budget balanced in future years. Meanwhile, we avoided across-the-board cuts that impede prioritization and diminish the effectiveness of government without reducing its reach or responsibilities.

Most important, this budget recognizes the need to comprehensively reform our state Medicaid program: AHCCCS. Medicaid expenditures continue to be the key cost driver in the State budget. On-going Medicaid costs have grown from 17% of all General Fund expenditures in FY 2007 to 29% in the current fiscal year. Without any change, Medicaid expenditures threaten to consume spending devoted to all other state priorities, including education. On March 31, 2011, I submitted to the federal government a comprehensive Medicaid reform proposal that will make the necessary budget reductions while allowing current Medicaid members to retain their coverage. This budget incorporates that plan and provides the needed law changes for its implementation. Through negotiations with the federal government, the State of Arizona can now begin to gain the necessary approval to implement this plan and realize the projected savings.

Funding of our K-12 education system has been of particular interest to me and many legislators. Last year, I championed Proposition 100 in an effort to cushion future cuts to K-12 education. The adopted State budget keeps that promise, limiting K-12 cuts to roughly 2 percent of total education funding from all sources. I recognize these cuts will not be easy. Certainly they are larger than I first proposed. However, I'm satisfied that the majority of K-12 cuts were targeted at specific programs (such as limiting state vocational education funding to high school sophomores, juniors and seniors) and not general classroom spending. My goal was to avoid severely eroding base support for schools and core education programs. I believe this budget accomplishes that.

Solving Arizona's fiscal crisis is a team effort. This budget asks local governments to play their part. Having served as a Maricopa County Supervisor, I empathize with local governments and the difficulties they face in taking on additional state costs. This budget mitigates these cost shifts as much as possible – including offering an exemption to Arizona's 10 smallest counties. I'm grateful to local officials for their willingness to work with us throughout this budget process to minimize impacts upon taxpayers.

In addition to the above steps, this budget enacts a number of reforms that improve the State's positioning and the way it does business. Included in these reforms are:

- Retirement – State employees will be asked to pay a higher share of the cost of their retirement package.

- New Hires – All new employees will be hired on a benefit probation period – three months for health benefits, six months for retirement benefits. This is a practice commonly used in the private sector.
- Employee Health Care – The State will have a more robust employee Healthcare Savings Account plan. These plans encourage better management of employee health by giving individuals a real asset in an account that they can use to fund needed health expenses. Effectively managed, this system will provide savings for both the employee and the State.
- Universities – The budget contemplates a plan that will fundamentally change how we fund our universities. The new system will be based on outcomes, a fairer financial aid model and greater uniformity between our three universities. It's worth noting that I called upon higher education leaders in 2009 to institute funding reform. I'm grateful to university Regents and Presidents for their work to reduce costs and minimize tuition increases, and I'm confident these institutions can manage these funding reductions.
- Housing Fund for the Mentally Ill – The budget establishes a new fund at the Department of Health Services to provide transitional housing for the State's mentally ill.
- Student Data System – As I proposed as part of my education reform plan, this budget asks all participants in our education system (kindergarten through higher education) to participate in a student accountability and information system that will provide the state the necessary data to track the effectiveness of Arizona schools. The State Board of Education will oversee the implementation of the system.

Lastly, I want to thank our State and other public employees who diligently and effectively work to deliver state services. For the last several years, they have worked in less-than-ideal circumstances but continue to perform at high levels. For that, all of Arizona is grateful.

In conclusion, a state budget is about more than numbers on a page. It's not simply a balance sheet. It's a statement of our priorities as a state, a roadmap of our ambitions. For me, this budget takes difficult but necessary steps to right-size state government, reform and improve its operations in critical areas and put Arizona on the road to fiscal prosperity once more. I look forward to working with you to ensure that State government continues to serve the people of Arizona in a fashion that is cost-efficient and effective.

Sincerely,

/s/Janice K. Brewer
Governor

COMMUNICATIONS FROM THE GOVERNOR

President Pearce announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On April 11, 2011, the Governor vetoed Senate Bill 1288 with the following message:

April 11, 2011

The Honorable Russell Pearce
President
Arizona State Senate
1700 W. Washington
Phoenix, Arizona 85007

RE: Senate Bill 1288 (religion; free exercise; professionals; appointments)

Dear President Pearce,

Today I vetoed Senate Bill 1288. This was a very difficult decision because I am very supportive of increasing the free exercise of religion in Arizona. For example, last year I signed into law House Bill 2596, which prohibited local governments from implementing land use regulations in a manner that imposes an unreasonable burden on a person's free exercise of religion. However, I am concerned that part of Senate Bill 1288 may lead to unanticipated and unintended consequences.

The bill has three different provisions. I am supportive of efforts to prevent a person from having to affirm a statement that is contrary to the person's religious beliefs. I also agree that the government should not restrict an appointment based on the person's religious beliefs or exercise of religion. However, I believe there needs to be further research and debate on the third provision -- that a person's exercise of religion is not unprofessional conduct and prohibits the State from denying, suspending or revoking a professional or occupational license, certificate or registration based on a person's exercise of religion. This provision is very broad and could provide a mechanism for misuse even with the exemptions for criminal conduct or sexual misconduct in the bill. This bill could protect conduct that harms the public but cannot be readily addressed if a person claims that the conduct is based on religious beliefs.

JOURNAL OF THE SENATE
Tuesday, April 12, 2011

I understand that there has not been a case to date in Arizona where a person's license has been suspended or revoked based on his or her exercise of religion. Given the prospective nature of this issue, I believe it is wiser to come back during the next legislative session after all the possible consequences of this legislation are explored and addressed. The sponsor and supporters of the bill will have my full cooperation and participation in that effort.

Sincerely,

Janice K. Brewer
 Governor

On April 12, 2011, the Governor vetoed House Bill 2581 with the following message:

April 12, 2011

The Honorable Kirk Adams
Speaker of the House
Arizona House of Representatives
1700 W. Washington
Phoenix, Arizona 85007

RE: HB 2581 (STOs; credits; administration)

Dear Speaker Adams:

Today I vetoed HB 2581. I have always recognized the importance of empowering parents, and school choice is a key component of that strategy. I have supported efforts to expand education opportunities for more than 25 years, and I count the establishment of charter schools and open enrollment as among our state's proudest accomplishments. I worked on some of the earliest supportive homeschooling legislation and, as Governor, I have continued to expand school choice and have signed legislation to expand and strengthen Arizona's education options. When the Supreme Court ruled our voucher program for displaced and disabled students unconstitutional, I had no hesitation calling a Special Session to create alternatives for our students. This past January I launched a school choice website to help parents find the information they need. Arizona is a national leader in school choice and I am deeply proud to be a part of that legacy.

While a school choice advocate, I am also a proponent of sound tax policy. Any change in state laws, including school choice expansion, should be balanced against other good government principles. In this case, HB 2581 may create additional school choice opportunities, but, in so doing, it creates other budget and tax issues.

JOURNAL OF THE SENATE
Wednesday, April 13, 2011

First, HB 2581 unbalances the budget. A public school student receiving a tuition scholarship and leaving the public system is likely to be a financial win for the state. However, HB 2581 expands the pool of qualified students that may qualify for the scholarships funded by corporate tax credits. As is well understood, Arizona has faced a series of unprecedented fiscal challenges. The effort to balance the fiscal year 2012 budget was painful and drove difficult and far reaching decisions, but the outcome of producing a balanced budget was critical to the long-term fiscal health of our state. Undoing that effort and immediately placing fiscal year 2012 into a deficit is inappropriate. Any tax reduction, including tax credits, must be part of an overall plan to keep the budget balanced.

Second, HB 2581 removes the total cap from both corporate tax credits. I acknowledge that in the current environment of low corporate income taxes, tax credits claimed by corporations are likely to be well below the current cap. However, aggregate caps on tax credits are critical to the State's ability to budget. Corporate tax credits should have aggregate caps.

Third, the expanded credits unfairly impact certain local governments. Severance taxes are not uniformly spread throughout the state. While severance is a small portion of overall state revenues, and a limited funding source for most counties, it is a major component of the revenues for Greenlee and Graham Counties. While we can only estimate the impact on severance revenues this credit might have, we know that the effect will be significant on these two rural county budgets, and without an aggregate cap, the impact could potentially be dramatic. Tax credits should not overly burden budgets and as much as possible, impact local governments in a uniform manner.

Fourth, I am deeply concerned about creating a luxury tax credit or other consumption based tax credits. In most cases, Arizona luxury tax is passed through from the wholesalers to the retailer to the consumer. HB 2581 potentially creates a system that would provide wholesalers a tax benefit with no requirement to pass that benefit through to consumers. Further, with no experience in luxury tax credits, we are unable to accurately predict how distributors might respond to this opportunity. Once again, with no aggregate cap, we leave programs, including the Department of Corrections, that rely on luxury taxes, over exposed. It is not clear that the additional reform opportunities presented in the bill outweigh these concerns.

I continue to support the expansion of school choice opportunities and look forward to working with the education community and the Legislature to identify avenues to expand school choice while maintaining sound tax policy.

Sincerely,

Janice K. Brewer
 Governor

April 13, 2011

The Honorable Kirk Adams
Speaker of the House
Arizona House of Representatives
1700 W. Washington
Phoenix, Arizona 85007

Dear Speaker Adams,

Today, I signed House Bill 2003 "emergency response services fees; prohibition". Cities worked with the insurance industry to develop amendments related to certain aspects of cost recovery for emergency services.

Fire Chiefs have asked that further clarity be brought to these provisions. I have signed this bill with the understanding that the parties will work together to make these clarifications.

Sincerely,

April 13, 2011

The Honorable Kirk Adams
Speaker of the House
Arizona House of Representatives
1700 W. Washington
Phoenix, Arizona 85007

Dear Speaker Adams,

Today, I signed House Bill 2656 "women veteran special plate". However, I have growing concerns over the number of specialty license plates moving through the process. The Legislature is contemplating bills that represent nearly a thirty percent increase in the number of these specialty plates.

Please consider the law enforcement community and the average citizen who have to identify, often in a split second, the vehicle's license plate number and state of issuance.

Sincerely,

/s/Janice K. Brewer
Governor

On April 13, 2011, the Governor vetoed Senate Bill 1552 with the following message:

April 13, 2011

The Honorable Russell Pearce
President
Arizona State Senate
1700 West Washington Street
Phoenix, Arizona 85007

Re: Senate Bill 1552 (corporate tax allocation; sales factor)

Dear President Pearce:

Today I vetoed Senate Bill 1552. While we need to reform the application of our state corporate income tax for sales of services and other intangible products, one of my chief concerns with Senate Bill 1552 is the quick timetable for implementing this goal. The bill takes effect for corporate income earned after December 31 of this year. The Arizona Department of Revenue estimates the bill would reduce corporate tax liabilities to the State by approximately \$33 million annually. Given our current fiscal condition, we cannot afford this accelerated implementation schedule.

My concern about the immediate implementation of structural tax cuts for business is well-known. In January, I stated in my policy agenda (The Four Cornerstones of Reform) that "we need to phase-in reforms to our tax structure" and went on to caution that in reforming our tax structure we need to pay "careful attention to these reforms' immediate impacts on the General Fund." The principle of phasing-in structural tax reforms to avoid immediate impacts of these reforms to the State General Fund is based on the premise that our employers need a fiscally stable environment in which to create jobs. For example, I believe that employer uncertainty about the inevitable resolution of the federal budget deficit is holding back job creation. In addition to this need for state fiscal stability, we must use the Proposition

JOURNAL OF THE SENATE
Thursday, April 14, 2011

100 sales tax monies for education, public safety and our most needy and not structural tax reform.

Earlier this year, we passed the historic Arizona Economic Competitiveness Package that enacted important structural tax reforms that were both phased-in and paid careful attention to immediate impacts on the State General Fund. These phased-in tax cuts (starting in 2014) included reducing the corporate income tax rate to just below 5%, reducing business property taxes which discourage capital investment, and increasing from 80% to 100% the sales factor in calculating corporate income taxes on the sales of goods. In contrast, Senate Bill 1552 cuts corporate income taxes on services and other intangible products immediately at the end of this year. I don't believe it is fair to allow one industry to "jump the line" in front of other industries in seeking this specific structural tax reform in Senate Bill 1552.

Any statements that the Department of Revenue won't address legitimate issues of double or multiple taxation on out-of-state sales are simply not true. The Department has historically been willing to work with corporations in Arizona to address these types of issues. In addition, my office has been involved in multiple meetings on these same issues.

Arizona's tax code needs to be more competitive with other states for the ever-growing internet-related and on-line educational industries. I look forward to continuing discussions with the backers of Senate Bill 1552 on how and when to implement structural tax reform in this area with an eye to introducing a consensus bill in the next legislative session.

Sincerely,

/s/Janice K. Brewer
Governor

INTRODUCTION AND FIRST READING OF BILLS
UNANIMOUS ADOPTION OF SENATE RESOLUTION 1013

Senate Resolution 1013 was introduced and read in full by Senator Jackson as follows:

A Resolution on the death of Lloyd Oliver.

Lloyd Oliver, one of the original Navajo Code Talkers, died on March 16, 2011 at the age of eighty-eight.

Lloyd Oliver was born in Shiprock, New Mexico on April 23, 1923 into Bit'ahnii (Folded Arms Clan), born for Kinlichí'íinii (Red House Clan). His chei was Naakaii Dine'é (Mexican People Clan) and his náli was Tódich'í'íinii (Bitter Water Clan). He graduated from Shiprock Agricultural High School in 1941 and enlisted in the United States Marines a year later at the age of nineteen. He became one of the first of the original group of twenty-nine men who became known as the Navajo Code Talkers, an elite group of Native American men who used their knowledge of the unique Navajo language to create an unbreakable military code during World War II. Lloyd Oliver served his country with distinction as a code talker, scout and sniper, and in 1945, he was discharged from the Marines with the rank of corporal.

Lloyd Oliver eventually moved to Phoenix where he learned silver and metal smithing and went on to become a successful jewelry maker. He continued making and selling his distinctive designs until he was well into his seventies.

The heroism and dedication of the Navajo Code Talkers remained unknown and unacknowledged by the public until their work was declassified decades later. Lloyd Oliver and the other original Code Talkers were awarded the Congressional Gold Medal for their tremendous bravery and patriotism. With Lloyd Oliver's death, there remains just one living member of the original twenty-nine Navajo Code Talkers.

Industrious, kind and humble in all of his endeavors, Lloyd Oliver will be greatly missed by his wife, Lucille, five children, six stepchildren, nineteen grandchildren and twenty-five great-grandchildren.

Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate express regret at the passing of Lloyd Oliver and extend their deepest condolences to his surviving family members.

Senator Jackson moved that Senate Resolution 1013 be unanimously adopted and that the Senate stand in a moment of silence in memory of Lloyd Oliver. The motion carried.

Senate Resolution 1013 was signed in open session and transmitted to the Secretary of State.

April 15, 2011

The Honorable Kirk Adams
Speaker, Arizona House of Representatives
1700 W. Washington
Phoenix, Arizona 85007

RE: HB 2338 (special districts; secondary levy limits)

Dear Speaker Adams,

Today, I vetoed House Bill 2338, "special districts; secondary levy limits." The bill establishes property tax levy limits for county jail and juvenile, library, and public health districts.

While these are worthy services, I am concerned about the rapid growth of special districts and the aggregate impact on taxpayers and future business investment.

However, mandating restrictions will affect counties inequitably in their efforts to respond to community needs. Rural counties, particularly those with low, existing levies may be penalized with the statewide cap approach in the language of this bill.

I believe that a system of limits could be put in place, while also taking into account the varying circumstances around the state. Maricopa County, for instance, has voluntarily capped special district levies for almost six years. This issue remains subject to dispute between the special district boards and taxpayers. I encourage the parties to work together to craft reasonable safeguards against excessive taxation between now and the next legislative session.

Sincerely,

Janice K. Brewer
Governor

BUSINESS ON THE PRESIDENT'S DESK

COMMUNICATIONS FROM THE GOVERNOR

President Pro Tempore Allen announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal.

On April 13, 2011, the Governor signed and transmitted to the Secretary of State House Bills 2003 and 2656 with the following messages:

April 13, 2011

The Honorable Kirk Adams
Speaker of the House
Arizona House of Representatives
1700 W Washington
Phoenix, Arizona 85007

Dear Speaker Adams,

Today, I signed House Bill 2003 "emergency response services fees; prohibition". Cities worked with the insurance industry to develop amendments related to certain aspects of cost recovery for emergency services.

Fire Chiefs have asked that further clarity be brought to these provisions. I have signed this bill with the understanding that the parties will work together to make these clarifications.

Sincerely,

/s/Janice K. Brewer
Governor

JOURNAL OF THE SENATE
Tuesday, April 19, 2011

Dear Speaker Adams,

Today, I signed House Bill 2656 "women veteran special plate". However, I have growing concerns over the number of specialty license plates moving through the process. The Legislature is contemplating bills that represent nearly a thirty percent increase in the number of these specialty plates.

Please consider the law enforcement community and the average citizen who have to identify, often in a split second, the vehicle's license plate number and state of issuance.

Sincerely,

/s/Janice K. Brewer
Governor

On April 18, 2011 the Governor vetoed Senate Bills 1467, 1592 and House Bill 2177 with the following messages:

April 18, 2011

The Honorable Russell Pearce
President
Arizona State Senate
1700 West Washington Street
Phoenix, Arizona 85007

Re: Senate Bill 1467 (educational institution; concealed weapons)

Dear President Pearce:

Today I vetoed Senate Bill 1467 because it is so poorly written. Bills impacting our Second Amendment rights have to be crystal clear so that gun owners don't become lawbreakers by accident. Two examples of this lack of clarity in the bill are: (1) the failure to define the key phrase "public right-of-way" where weapons can be carried, and (2) the inclusion of K-12 schools where federal and state laws generally prohibit weapons on K-12 school grounds.

First, Senate Bill 1467 would prohibit educational institutions from banning weapons on a "public right-of-way." However, legislators inexplicably decided not to define "public right-of-way" in the bill. There are four differing definitions currently found in Arizona statutes but none apply to this bill. What is really puzzling is that this error was pointed-out during the legislative process. One proponent of the bill stated that a court will have to be the final arbiter in deciding what constitutes a "public right-of-way." We don't need the courts to write our gun laws. That is the job of the Legislature.

Second, the bill is widely advertised as applying to only universities and community colleges. However, the bill clearly applies to an "educational institution," which includes our K-12 schools. The bill also expressly provides that it supersedes A.R.S. § 15-341, which allows a K-12 school district to adopt and enforce policies and procedures to prohibit a person from carrying or possessing a weapon on school grounds. Although both state and federal law will continue to generally prohibit weapons on K-12 school grounds, Senate Bill 1467 confuses the issue by expressly prohibiting K-12 governing boards from making rules to enforce these prohibitions in public rights-of-way at K-12 schools.

Also, I believe that key concepts in the bill were lost during the legislative process. For example, I believe that the concealed carry weapon (CCW) permit holder concept in the original bill should be considered in any future campus carry legislation.

In conclusion, while I support the thoughtful expansion of where firearms should be allowed, the actual legislation that does so must be both unambiguous and clear to protect the Second Amendment rights of lawful gun owners. Senate Bill 1467 is neither.

Sincerely,

/s/Janice K. Brewer
Governor

RE: Senate Bill 1592 (health care compact; funding)

Dear Senator Pearce:

Today I have vetoed Senate Bill 1592. This bill directs the Governor to enter into a specific compact with other states on behalf of the State of Arizona. By *directing* the Governor to sign a compact, Senate Bill 1592 violates the separation of powers requirement established by Article 3 of the Arizona Constitution.

I am also concerned with the structure of the compact, which would result in additional fiscal challenges for our health care system. I share your goals of state autonomy and control over personal health care decisions. As you know, I have been working closely with Secretary Sebelius on my Medicaid reform plan, which will allow Arizona greater flexibility and control over the state-federal Medicaid partnership. However, I believe it is important to ensure our citizens, especially our seniors, are not penalized simply by the state assuming that control.

I continue to support efforts toward a better partnership with the federal government, and state authority over important health care programs, and I look forward to working with you on reforms to that end that protect our citizens and improve our health care system.

Sincerely,

The Honorable Kirk Adams
Speaker of the House
Arizona House of Representatives
1700 W. Washington
Phoenix, Arizona 85007

Re: House Bill 2177 (presidential candidates; qualifications; affidavit)

Dear Speaker Adams:

Today I vetoed House Bill 2177. House Bill 2177 empowers the Secretary of State or other election officers in Arizona to judge the qualifications of every federal, state and local candidate at the time of filing. As a former Secretary of State, I do not support designating one person as the gatekeeper to the ballot for a candidate, which could lead to arbitrary or politically-motivated decisions.

In addition, I never imagined being presented with a bill that could require candidates for President of the greatest and most powerful nation on earth to submit their "early baptismal or circumcision certificates" among other records to the Arizona Secretary of State. This is a bridge too far.

This measure creates significant new problems while failing to do anything constructive for Arizona.

Sincerely,

Janice K. Brewer
Governor

*Senator Allen offered the following explanation of her vote on Senate Bill 1217 having requested, without objection, her remarks of more than 200 words be inserted in the Journal:

Mr. President, I would like to explain my vote.

A small portion of the Proposition 301 sales tax revenue is allocated to community colleges for workforce development programs. Currently, the residents of the two counties that have provisional community colleges, Gila County and Santa Cruz County, pay the full Proposition 301 tax but receive no workforce development monies. This is unfair. Since all Arizona residents must pay the sales tax that was approved in Proposition 301, it only makes sense that all community college districts share the revenue dedicated to workforce development programs – just as the voters dictated when they passed this proposition.

Provisional community colleges do not receive Proposition 301 monies because provisional community colleges did not exist when Proposition 301 was originally drafted. There was no way for the drafters of Proposition 301 to know that the Legislature would create additional community college districts in later years. Provisional community colleges are a victim of bad timing. This is the only reason why provisional community colleges do not receive workforce development monies.

SB 1217 is a step towards fixing this problem. SB 1217 is a compromise between the provisional community colleges and the other community colleges. The other community colleges testified that they did not want to share the workforce development monies because this is such a bad budget year. I negotiated a deal with them and this bill represents that deal. We decreased the amount that provisional community colleges will get in order to lessen the fiscal impact on the other community colleges. The other community colleges now support SB 1217.

I ask for each member's support of SB 1217 as there is no longer any opposition to this bill.

CONFERENCE COMMITTEE REPORTS

President Pearce announced that a group motion would be made for the adoption of conference committee reports unless a Senator requested a report to be considered separately.

Senator Biggs moved on behalf of the Chairmen that the Senate adopt the following conference committee reports:

Senators Yarbrough, Murphy and Jackson, Senate conferees and Representatives Olson, Chabin and R. Gray, House conferees, submitted the following conference report on Senate Bill 1186:

That the Senate accept the House amendments and the bill be further amended.

Senator Jackson, Senate conferee submitted the following Minority Report:

SB 1186 (The Tax Corrections Act) is supposed to be technical correction bill but instead has become a vehicle for the Majority's attempt to circumvent an earlier Gubernatorial veto of HB 2581 (STOs, credits; administration).

Therefore, I oppose SB 1186 for the following reasons:

1. The Governor already stated her objections to extending STO tax credits in her veto of HB 2581
 Her first and most important reason for vetoing HB 2581 was that it would unbalance the budget. She further stated that the budget process to arrive at a balanced budget for the 2011-12 fiscal year was a long and arduous one but it was critically important for our state. She further stated that it would be inappropriate to immediately unbalance the just signed budget even before the 2011-12 budget year began.
2. The practice of adding substantive amendments to technical bills has become all too common in recent years.
 Adding substantive amendments to technical correction bills is unwise and threatens the underlying bill with a veto. We, as a legislative body, should return to the practice of leaving technical correction bills free of substantive amendments.

Senators Antenori, Gallardo and Smith, Senate conferees and Representatives Vogt, Meyer and Stevens, House conferees, submitted the following conference report on Senate Bill 1333:

That the Senate accept the House amendments with exceptions and the bill be further amended.

Senators Gray and Landrum Taylor, Senate conferees and Representatives Ash, Brophy McGee and Hobbs, House conferees, submitted the following conference report on Senate Bill 1560:

On April 26, 2011, the Governor signed Senate Bill 1525 with the following message:

April 26, 2011

The Honorable Russell Pearce
 The Honorable Kirk Adams
 Arizona State Legislature
 1700 West Washington Street
 Phoenix, Arizona 85007

Dear President Pearce and Speaker Adams:

Today I signed Senate Bill 1525 (development fees; cities; towns), legislation that makes substantial changes to the system that establishes the program for homebuilders to compensate cities and towns for infrastructure that serves new development.

This year, members of my staff as well as representatives from each of your offices, have participated in negotiations between the League of Cities and Towns and representatives of residential and commercial builders. Both sides approached the discussion in good faith and have finally agreed on the compromise language that is contained in the final version of SB 1525.

I am grateful that the parties were able to meet in the middle on this matter, but even more grateful that both sides have agreed to a moratorium on additional legislation on this topic until at least the 2015 legislative session. Unless both sides agree that minor changes need to be made in the impact fee statutes, this is the last piece of legislation I intend to sign regarding that matter.

All stakeholders in this process need to have some time to allow this new system to be fully implemented, to give it time to work, and to evaluate it in terms of fairness to both sides. The time has come to put an end to the annual exercise of charges and counter-charges regarding impact fees. Both sides need to continue to work together for the benefit of our citizens and in the interest of reinvigorating our state economy.

I want to express my thanks to all the many people who had a hand in coming together on this bill, and to thank both of you for your leadership in this matter.

Sincerely,

/s/Janice K. Brewer
Governor

On April 27, 2011, the Governor vetoed Senate Bill 1186 and House Bill 2700 with the following messages:

April 27, 2011

The Honorable Ken Bennett
 Secretary of State
 1700 W. Washington, 7th Floor
 Phoenix, Arizona 85007

RE: Senate Bill 1186 (2011 Tax Corrections Act)

Secretary Bennett,

Today I reluctantly vetoed Senate Bill 1186 (2011 Tax Corrections Act). The bill contains several important technical provisions necessary for the Department of Revenue, the Arizona Commerce Authority, county assessors and taxpayers.

Contrary to historic legislative custom, this important bill was amended to include substantive policy changes. One of these changes included a rushed effort in conference committee to revive a portion of the private school tuition tax credit bill I had vetoed only a week earlier. Ultimately, the bill fails to accomplish the stated intent of being revenue positive.

The bill on my desk undoubtedly stretches the limits of what is appropriate for a tax corrections bill. It now may be necessary to convene a special session to enact the provisions of the underlying bill. I support the expansion of school choice opportunities and look forward to working with the education community and the Legislature to identify avenues to expand school choice while maintaining sound tax policy.

By this veto I hope to inspire a return in the 50th and 51st Legislatures to the traditional and customary understanding that certain bills (e.g., agency continuations, internal revenue code conformity, reviser's technical corrections, named claimants appropriations) are intended for specific purposes and should be held by leadership as off-limits from substantive policy changes.

Sincerely,

/s/Janice K. Brewer
Governor

RE: House Bill 2700 (Arizona centennial statehood day)

Dear Secretary Bennett:

Today I vetoed House Bill 2700 (Arizona centennial statehood day). The bill established February 14, 2012 (and each centenary thereafter) as an 11th paid holiday for state employees in honor of Arizona's Centennial.

Shutting down a large portion of state government operations in order to celebrate Arizona's Centennial sends the wrong message to Arizona taxpayers. For the vast majority of Arizonans, February 14, 2012 will be a regular work and school day. Federal and local government offices and schools will most likely be open. Regardless of the legitimate celebratory nature of the day, it does not make sense to tell the public that state government offices are closed while the rest of Arizona is open for business.

My veto does not signify any lack of support for our state employees and their families in these times of economic and state budget difficulties. I appreciate the dedication shown by state employees, particularly amidst the budget cuts and salary reductions.

I believe we can celebrate Arizona Centennial Statehood Day and also serve the public by having state offices open for business. In fact, it is appropriate that we do just that.

Sincerely,

/s/Janice K. Brewer
Governor

On April 27, 2011, the Governor signed House Bill 2335 with the following message:

The Honorable Ken Bennett
Secretary of State
1700 W. Washington
Phoenix, Arizona 85007

RE: House Bill 2335 (presidential ballot; president; vice-president)

Dear Secretary Bennett:

Today I signed HB 2335, which proposes to add the name of the Vice Presidential candidates to the general election ballot below the Presidential candidates. Although I support adding the name of the Vice Presidential candidates to the ballot as this bill proposes to do, it contains an error that will cause voter confusion by requiring the Presidential and Vice Presidential candidates to be listed separately from the names of the presidential electors, who currently appear next to the surname of the Presidential candidate.

The voters elect presidential electors and do not vote for the Presidential and Vice-Presidential candidates themselves. Thus, it would not be appropriate to ask voters to cast a vote for these candidates separate from a vote for the presidential electors as required by the bill. I have spoken with the bill's sponsor, Representative Jack Harper, and he has assured me that he will introduce legislation to fix this error before the 2012 general election.

Sincerely,

/s/Janice K. Brewer

On April 28, 2011, the Governor vetoed Senate Bills 1088, 1322, 1593 and House Bill 2707 with the following messages:

April 28, 2011

The Honorable Ken Bennett
Secretary of State
1700 West Washington, 7th Floor
Phoenix, Arizona 85007

RE: SB 1088 (health care system; violation)

Dear Secretary Bennett:

Today, I vetoed Senate Bill 1088. This bill directs the Governor to enter into a specific compact with other states on behalf of the State of Arizona. As I have articulated before, by directing the Governor to sign a compact, this legislation violates the separation of powers requirement established by Article 3 of the Arizona Constitution.

I share the sponsor's concern regarding federal intrusion on our citizens' health care decisions, and on states' authority over health care administration. For this reason, I joined 26 other states on behalf of the State of Arizona and successfully challenged the constitutionality of the federal health care legislation in federal court. While the legal theories surrounding the use of interstate compacts to circumvent federal statutory requirements are novel, I continue to believe the multistate lawsuit is the best and most appropriate route to invalidate the requirements of federal health care reform legislation.

For these reasons, I vetoed Senate Bill 1088.

Sincerely,

/s/Janice K. Brewer
Governor

RE: Senate Bill 1322 (managed competition; city services)

Dear Secretary Bennett,

Today I vetoed Senate Bill 1322. This bill requires the cities of Phoenix and Tucson to provide all municipal services with a cost greater than \$500,000 through an open bid contract.

I am a strong proponent of privatization and responsible stewardship in government and have a strong track record in this regard. As Governor, privatization is a key element in my Four Cornerstones of Reform. Under that plan, I have established the Arizona Commerce Authority and its private-sector leadership board as a highly privatized and highly accountable model for the delivery of statewide economic development services. Likewise, I created the Commission on Privatization and Efficiency to identify state services and agencies whose functions can be eliminated, consolidated, streamlined or outsourced to achieve greater operational efficiency in meeting the needs of our citizens.

Unfortunately, Senate Bill 1322, which started with a similar spirit of enhanced privatization and innovation, is riddled with shortcomings including the omission of vital definitions and the parameters by which anticipated cost is to be determined. The language also has potential for jeopardizing the tax exempt bond status of public buildings. Furthermore, local taxpayers expect careful oversight and accountability of justice and public safety functions such as court administration and crime lab staff. These are just a few examples of what would be privatized under this bill. City councils currently have the ability to outsource, and they do that when they determine it is in the best interest of the taxpayer.

While I can agree that all levels of government must continue to find ways to cut costs, I am becoming increasingly concerned that many bills introduced this session micromanage decisions best made at the local level. What happened to the conservative belief that the most effective, responsible and responsive government is government closest to the people? The citizens of Phoenix and Tucson formed their government and adopted a charter to guide it. This legislation erodes the ability of voters to receive services from the government they themselves formed with a responsiveness and accountability from the officials they themselves elected at the local level.

These shortcomings will surely result in unintended consequences to the taxpayer that this very bill declares to be protecting.

Sincerely,

/s/Janice K. Brewer
Governor

RE: Senate Bill 1593 (health insurance; interstate purchase)

Dear Secretary Bennett:

Today I vetoed Senate Bill 1593. I have long been a strong advocate for injecting more choice and competition into our health insurance market, and I applaud the sponsor's efforts toward that end. I share the Legislature's concerns about the impacts of mandates on the affordability of health insurance -- for these reasons I have joined in litigation with many of my fellow Governors to stop the federal government's intrusion into private health insurance. Arizona, not the federal government or legislatures in other states, should determine what coverage requirements are right for Arizonans.

Over the years, the Legislature has carefully weighed the priorities of Arizonans when determining what should be included in a standard health benefits package. The same level of public scrutiny should be applied whenever the Legislature attempts to remove a mandate. Senate Bill 1593 includes a provision that would, under certain conditions, change Arizona's benefit requirements based on legislative decisions in other states. This change was added on the floor and not subject to the typical public input that such major policy decisions should receive.

I am also concerned about risks to our citizens who may be subject to other states' regulatory procedures that could leave them with little recourse in the event of mistreatment. Senate Bill 1593 limits the jurisdiction of the Arizona Department of Insurance over out-of-state companies, potentially putting Arizona policyholders at risk. Arizonans should not have to litigate against an insurer when the State has an existing process by which insurance disputes can be resolved.

I continue to support a vigorous and competitive private health insurance market and look forward to working with the legislature on reforms to that end.

Sincerely,

RE: House Bill 2707 (general fund revenue limit)

Dear Secretary Bennett:

Today I vetoed House Bill 2707 relating to spending limits.

Over the last three years, the Legislature and I have made a series of painful decisions to balance the state budget. Arizona could have largely avoided these steps if an effective spending limit had been in place over the last decade. Understanding this, my budget proposal called for, and I have worked with the Legislature to develop, a spending limit that would protect the State from the effects of future one-time or bubble revenues.

An effective spending limit would eliminate the State's ability to spend one-time or bubble revenues while allowing future Legislatures and Governors to manage normal revenue growth. Spending limits that are too generous, like our current Constitutional limit, ultimately become irrelevant and do not protect the State. Likewise, unreasonable spending limits will be suspended or repealed and become equally irrelevant. Unfortunately, House Bill 2707 uses a mechanism that is too restrictive. We should learn from the State of Colorado that experimented with a similar mechanism, an experiment that failed.

I continue to believe in and support an effective spending limit. I look forward to working with the sponsor and other members to put such a mechanism in place.

Sincerely,

RE: Senate Bill 1041 (Arizona quality jobs incentives)

Dear Secretary Bennett,

Today I reluctantly vetoed Senate Bill 1041. I appreciate the desire to attract businesses to Arizona and have made quality job creation a top priority of my administration. As you know, House Bill 2001, the Arizona Competitiveness Package that I signed into law in February of this year, contained income tax incentives designed to attract quality jobs to Arizona, as well as broad-based income and property tax reforms that will address underlying problems in Arizona's tax system and improve Arizona's standing as a business-friendly state.

Senate Bill 1041 is intended to build upon that success. I applaud the sponsor and proponents of this bill, who represent diverse interests in our state, for their work to create a program focused on returns and to improve Arizona's competitive position.

However, the lack of clarity in the tax policy contained in the bill creates several points of concern: its potential to negatively impact local government revenue streams and other property taxpayers, the potential to favor new businesses over those who've weathered the economic storms with us, the potential that entire properties (not just new expansions) could receive favorable tax treatment and the new bureaucracy associated with this proposal make it impossible to secure my signature at this time.

Certainly, some additional clarity could be added by allowing the newly created Arizona Commerce Authority to exercise its rulemaking powers. However, this could make the Authority the ultimate judge and jury for every local economic development project. While I led the charge to create a cutting-edge state entity dedicated to advancing Arizona's competitive position, it was never intended to be the business kingmaker for our state.

Unfortunately, the debate surrounding Senate Bill 1041 has revealed some deep divisions within the business community and within local governments regarding the merits of the property tax reclassification incentives found in this legislation. On the brighter side, there is consensus that taxation of business property remains too big a burden in Arizona and must be reformed. To me, this presents a tremendous opportunity for our state to continue to pursue property tax reform and encourage the business climate we know is possible here in our state.

I look forward to working with the sponsor and proponents to refashion a property tax reform package that makes ---and keeps---our state among the top nationally for attracting and growing business.

Re: Senate Bill 1201 (firearms omnibus)

Dear Secretary Bennett:

Today I vetoed Senate Bill 1201. While I have a nearly 30-year record of promoting Second Amendment rights, Senate Bill 1201 has too many loopholes and flaws for me to sign. I will focus on two concerns only in this letter and then discuss how I believe we can move forward to protect and expand Second Amendment rights in Arizona over the next 3½ years.

My first concern is that Senate Bill 1201 establishes an inexplicable, unjustifiable and unacceptable double standard for the regulation of guns in Arizona – one for the Legislature and one for most other public bodies. Senate Bill 1201 gives the Legislature four separate exemptions from the very laws it imposes on other public bodies (see attachment). For example, the Legislature exempted itself from the prohibition on public bodies licensing or registering firearms (page 8, lines 1 through 6). Besides the obvious double standard problem, giving this unbridled authority to future legislatures that may not be Second Amendment-friendly is very dangerous. These exemptions are not needed for the Legislature to amend these laws in the future as some have claimed. The legislative process is set forth in the Arizona State Constitution.

My second concern is that Senate Bill 1201 amends the state regulation of loaded guns on K-12 school grounds in a confusing way for Arizona gun owners. Section 13-3102(G) on page 5 of the bill strikes the word “unloaded” so as to allow for the storage of loaded firearms in locked vehicles on K-12 school grounds. While this practice is allowed under the federal Gun Free School Zone Act for Concealed Carry Weapon (CCW) permit holders due to a separate CCW exemption, non-CCW permit holders would be violating federal law unless they are otherwise exempt. Failing to make the distinction between CCW and non-CCW permit holders in Senate Bill 1201 is very significant because I very proudly signed the historic “Constitutional Carry” law last year allowing Arizona citizens to carry concealed weapons without a CCW permit. Arizona gun owners and K-12 school officials need clarity, not the confusion engendered by Senate Bill 1201, with regard to keeping loaded guns on K-12 school grounds.

More generally, a proponent of Senate Bill 1201 has argued that the laws requiring gun storage systems at public buildings are not being properly enforced. This is not acceptable. I am adamant that current laws affording gun owners the right to store their weapons at public buildings be enforced. For this reason, I asked the Director of the Department of Administration earlier this year to conduct a survey of state buildings to determine compliance with our gun storage laws. Corrective action will be taken at any state building found to be out of compliance. I encourage any and all input from the gun owning community on this issue.

Let me be clear – one of my goals over the next 3½ years is to advance the Second Amendment agenda in Arizona. How can we do that? I believe the CCW permit holder concept in some of these newer situations and the protection of private property rights can play an important role. For example, we used these concepts very successfully in the law expanding Second Amendment rights for firearms in establishments with liquor licenses. In addition, we need to thoughtfully consider sensitive situations where guns may not be appropriate or are regulated by federal law (e.g., our K-12 schools). Future legislation must be written clearly to avoid making

Arizona gun owners lawbreakers by accident. To this end, I believe we should avoid omnibus bills involving multiple subjects relating to the Second Amendment. Most importantly, we need to work together from the very beginning and include varied stakeholders.

In conclusion, while I appreciate the efforts of the proponents to improve this bill since its introduction by reducing the number of exemptions, there is still much work needed to clear up where guns are and are not allowed. To this end, I am committed to working over the interim with all interested parties so that we can produce a clear and pragmatic solution to expand the application of our Second Amendment rights in Arizona.

RE: Senate Bill 1316 (PSPRS; trustees; employment agreements)

Dear Secretary Bennett:

Today I vetoed Senate Bill 1316 because it would weaken statutory prohibitions against the State of Arizona doing business with companies with scrutinized business operations in Sudan or Iran.

Arizona statute provides that contracts entered into by the State of Arizona or its political subdivision for the "procurement of goods or services" require the contractor to certify that it does not have scrutinized business operations in Iran or Sudan (A.R.S. §§ 35-391.06 & 35-393.06). Senate Bill 1316 effectively exempts certain investment activities by the Public Safety Personnel Retirement System Board from these prohibitions by providing that "loans, guarantees, investment management agreements, and investment contracts entered into by the board do involve the procurement . . . of goods . . . or services but are instead contracts memorializing obligations or interest in securities." (Page 9, lines 16-19)

I do not support weakening the prohibition against the State of Arizona doing business with companies with scrutinized business operations in Sudan or Iran. I have spoken with the bill sponsor and this was not his intention, nor do I believe it was the intention of the Senate or the House of Representatives based on my review of the record.

RE: Senate Bill 1329 (public employees; lobbying; political activities)

Dear Secretary Bennett:

Today I vetoed Senate Bill 1329. I strongly support the principle that while performing the work of the people, public employees should not use public resources for political activities or lobbying. However, state law already addresses this issue. Senate Bill 1329, threatened to muddy the waters significantly – especially because it does not define "public employee" or "political activity." For instance, legislators are not clearly excluded from these limits. Would this bill prevent legislators from speaking to a community group assembled for lunch on the capitol lawn, or from talking to other members to encourage support of their bills?

I look forward to working with the Legislature in the future to more effectively eliminate potential abuses of public resources in political activities.

RE: Senate Bill 1331 (polling places; political parties; organization)

Dear Secretary Bennett:

Today I vetoed Senate Bill 1331 relating to the organization of political parties.

The bill places several restrictions on the role of precinct committeemen by limiting the period of time when a vacant precinct committeeman position can be filled, stipulating the start and end dates of the term of office and specifying voting eligibility in a county committee. I am concerned that these provisions inappropriately interfere with internal party operations.

RE: Senate Bill 1379 (consumer fireworks; regulation)

Secretary Bennett,

Today I vetoed Senate Bill 1379. I signed the enabling legislation last year to allow for the sale and use of fireworks (Laws 2010, Second Regular Session, Chapter 286), because it provided local governments the authority to decide for themselves whether or not to allow for the use of fireworks within their jurisdiction. The local control element is appropriate because of the varied nature of Arizona's landscape. I support the ability for each city and county to assess its own unique circumstances and make the appropriate decision at the local level.

Dear Secretary Bennett:

Today I vetoed SB 1386 relating to Western Interstate Commission for Higher Education Grants.

While I support the requirement that graduates who fail to meet their contract obligations repay the full amount of state support, I cannot support extending the repayment period to 25 years. Other states in the compact have much shorter repayment periods and may even include fiscal penalties for non-payment.

RE: SB 1497 (joint powers exercise; separate entities)

Dear Secretary Bennett:

Today I vetoed SB 1497 which would allow the Board of Regents to create a separate legal entity.

Expanding the reach of higher education to rural areas is critical to the long-term economic and social development of Arizona. I fully support creative and innovative efforts that advance our state goals in this area. However, it is unclear how SB 1497 moves Arizona down that path. My review of this bill suggests that the language is not necessary for the associated project. Because of the potential unintended consequences of providing broad authority for no clear purpose, I have vetoed the bill. I do not believe this will delay the advancement of the Payson project and if additional legislation is needed, I am willing to work with the community to develop and thoroughly vet any such legislation.

RE: House Bill 2067 (board of supervisors; powers)

Dear Secretary Bennett:

Today I vetoed House Bill 2067. Although I share the Legislature's concerns about the unacceptable process by which the Arizona Board of Regents (ABOR) recently exercised its authority over the University of Arizona (UA) Healthcare board, and I appreciate efforts by legislative leadership to institute a cooling-off period for all parties, I am concerned about the legal and contractual implications of the legislation.

To be clear, I do not endorse ABOR's actions or the surprising eleventh-hour decisions undertaken without input from key policymakers. I support efforts by the Legislature to have a clearer understanding about the appropriate governance structure and funding of the University of Arizona College of Medicine (UA COM) and UA Healthcare. Decisions on such an important community resource, which is funded by taxpayers, cannot be made in isolation by an elite group of individuals who have appointed themselves as the sole arbiters of the future direction of our state's academic medical center.

Despite the messaging that economic doom will befall our great state if this legislation were signed, I have yet to hear a clearly articulated reason why the existing structure limits our opportunity for success. However, due to the concerns mentioned above, I am reluctantly vetoing House Bill 2067.

Any further discussion regarding the relationship between UA Healthcare and the UA COM must be transparent and include input from a much broader set of stakeholders, including those elected to oversee our state's academic resources. If ABOR and the parties involved continue discussions regarding this important community resource without involvement of these stakeholders and key policymakers, I will call a special session to enact an appropriate framework for the conversation.

In the meantime, to provide oversight of future discussions on the issue of the relationship between UA Healthcare and the UA COM, and to facilitate better communication among the parties, I am establishing by Executive Order the Arizona Medical Education Oversight Task Force. The Task Force will conduct a review of the process so far, oversee ongoing discussions, solicit input from a broad range of stakeholders, conduct an analysis of options for the structure of the academic medical center – including privatizing functions to the greatest extent possible – and make recommendations to me regarding future direction.

Dialogue with higher education, health care, community and business leaders will help ensure broad support for any future vision of our state's academic medical center. This support is critical to its success. Arizonans from all walks of life benefit from the state having a world class academic medical center, and we are all invested in its future.

RE: House Bill 2166 (low income housing; property tax)

Dear Secretary Bennett,

Today I vetoed House Bill 2166. The bill would require county assessors to adopt an income-based valuation formula rather than the traditional market-based approach for evaluating Federal Low Income House Tax Credit Properties.

I believe that this bill creates a bad precedent by creating inequities in our property tax system. County assessors have committed to me that they will continue to reach out to legislators and others interested in achieving a solution that is workable for all involved.

RE: House Bill 2230 (911 monument modification)

Dear Secretary Bennett:

Today I vetoed House Bill 2230. This bill sought to require the Arizona Department of Administration to remove 11 phrases from the state monument that commemorates the events and aftermath of the September 11, 2001, terrorist attacks on our country.

That state monument, commonly known as the 9/11 Memorial, was the subject of controversy almost as soon as it was dedicated in 2006. So, public hearings were held. Lawmakers debated possible changes. Commissions devoted to the Governmental Mall and 9/11 Memorial itself met repeatedly. Finally – after an exhaustive, two-year process – a series of privately-funded memorial revisions were completed in order to end this controversy. In recent days, I have heard concerns from some of the Arizona families directly affected by the 9/11 attacks and their aftermath. For their sake, I am sorry this issue has reared its head once more.

The sponsor of this legislation had good intentions, but I am concerned about the unintended consequences that would have resulted from this bill. For example, the removal of Balbir Singh Sodhi's name from the 9/11 Memorial would have been a serious mistake with hurtful ramifications for the Sodhi family and the entire Sikh community in Arizona.

Current law clearly designates the Legislative Governmental Mall Commission as the legal authority regarding the alteration or modification of existing monuments at Wesley Bolin Plaza. Further alterations to the 9/11 Memorial or any other state monument should be vetted through this Commission.

The 9/11 attacks remain a raw nerve in Arizona and across the country. We may never arrive at a time when all Arizonans view the 9/11 Memorial for the healing experience that was intended. But, hopefully, we as Americans can agree to keep the tragic events of 9/11 in our thoughts and the families affected in our hearts.

RE: House Bill 2484 (legislative vacancies; precinct committeemen)

Dear Secretary Bennett:

Today I vetoed House Bill 2484 relating to the appointment of legislative vacancies.

I am concerned with the bill provisions that regulate the internal process of a state recognized political party. Specifically, the bill details the process of how votes are to be cast and mandates the day of the week and the county in which the meeting must be held. I believe it is inappropriate for the State to interfere with the internal operations of the political parties in this manner.

RE: House Bill 2650 (county employees; merit system exemption)

Dear Secretary Bennett,

Today I vetoed House Bill 2650 “county employees; merit system exemption.” This legislation allows all Arizona counties except Maricopa County to remove certain administrative positions from the county merit system if requested to do so by a county elected officer who has been empowered by a Board of Supervisors resolution to make the request. In addition, the legislation makes a number of changes regarding moving county governments (except Maricopa) to a more uncovered at-will workforce.

While the legislation has some similarities to what I would like the legislature to consider regarding state government personnel reform, there are areas of significant concern for me. Among them:

- Failure to address the special employment challenges faced by full authority law enforcement officers.
- An overly broad salary increase trigger for uncovering an employee.
- The lack of planning time.
- The exclusion of Arizona’s largest county from the bill.

As many are aware, I am very supportive of government personnel reform. The Arizona Department of Administration and my staff worked extensively on a proposal that, while not considered during the 2011 regular legislative session, is a prime candidate for consideration in a special legislative session. Such a session—including the time leading up to it—also presents a good opportunity for pursuing in greater depth and with more care the matters addressed in House Bill 2650.

Joint Protocol Session
The State of the Judicial Branch
Address to the First Session of the 50th Arizona Legislature
Delivered by Chief Justice Rebecca White Berch
March 21, 2011

President Pearce, Speaker Adams, Members of the Senate and House of Representatives, Mr. Kanefield – on behalf of Governor Brewer, colleagues, guests, and fellow Arizonans:

Good afternoon and thank you for the invitation to speak with you today about the state of the Arizona Judicial Branch.

I am pleased to tell you that, despite trying times, the Judicial Branch in Arizona is strong. We are under great stress, but we stand with our partners in state government ready to meet the challenges that face our great state, and pursue the opportunities those challenges bring.

Before I begin my remarks, I would like to introduce the members of the Supreme Court. With me here are my colleagues Vice Chief Justice Andrew Hurwitz and Justice Robert Brutinel. Justices Bales and Pelander were not able to join us because of prior work-related commitments.

Next year, we will celebrate Arizona's centennial. While we celebrate our state's centennial, our nation just celebrated another 100th birthday - that of former President Ronald Reagan. Our 40th President once cautioned us that, "Because we're a great nation, our challenges seem complex." He warned that "[i]t will always be this way. But as long as we remember our first principles and believe in ourselves, the future will always be ours."

In the judiciary, we do remember and have taken to heart those first principles: The value of hard work; the significance of respect, ethics, and professionalism; and the importance of believing in ourselves.

Although the state's centennial is still nearly a year away, this past year, we kicked off the court's centennial celebration by hosting a forum to commemorate the centennial of our state's constitution.

We spent an enlightening afternoon examining our constitutional beginnings, learning about the men who wrote our constitution, the many issues that they faced in creating the document, and how the constitution has both stood the test of time, yet remained flexible to meet the needs of a rapidly changing state.

That examination of our constitutional beginnings was an appropriate lead-in to the events that will take place in the next 10 months as we celebrate the 100th birthday of our great state.

OVERVIEW OF 2010

2010 was a busy year for the court system. At our court, we said farewell to Justice Michael Ryan and welcomed Justice Robert Brutinel.

When I spoke to you last year, we discussed the courts' strategic agenda: Justice 2020. This year, I'm happy to report progress on several initiatives set forth in that agenda.

We made great strides in improving the legal profession this year by implementing new attorney discipline rules and establishing the Office of Presiding Disciplinary Judge. That system is now up and running and the initial reports are positive.

Also this year, Arizona's court system took its first steps toward establishing statewide e-filing, an online court filing system that will make it easier for citizens to access justice and enable use of technology to reduce time, transportation, parking hassles, and costs, now and in the future.

Our hard-working court employees continued to meet the demands of the growing workloads of the courts.

More than 3 million cases were filed in FY 2010 in the Arizona Courts.

- That is an average of 11,734 cases filed each day.
- Tax Court filings increased by 70% in FY2010 over FY2009.
- During the same period, property tax actions increased by a whopping 90.3%; and
- Filings in contracts cases increased nearly 10%, to more than 33,000 cases.

JUDICIAL PRIORITIES

Though that casework has kept us busy, we have also focused on several goals of the strategic agenda. One of the key goals is “Protecting Children, Families, and Communities.”

PROTECTING COMMUNITIES

One key way courts protect communities is through the efforts of our Adult Probation Departments.

Probation officers are among the unsung heroes of our community, doing work that is often thankless and sometimes dangerous, but occasionally rewarding. Adult probation officers manage approximately 80,000 open cases. As a result, we’re constantly looking for ways to improve and to create efficiencies.

We have focused on increasing our effectiveness – and public safety – by employing Evidence Based Practices. These practices help protect the community and our staff, while improving the accountability of offenders and serving rehabilitative goals. At the same time, they save the state’s money.

I want to highlight two areas of success:

1. Our efforts in the area of probation revocations and crime reduction;
2. The deportation of individuals who are in this country illegally and have been convicted of a felony.

First, regarding probation revocations and crime reduction: In 2008, the Arizona Legislature – you all – passed the Safe Communities Act. This bipartisan measure created incentives for probation agencies to focus on probation supervision rather than revoking offenders and putting them in jail or prison.

The Pew Center on the States conducted an independent review of Arizona data from the past two years. Just last month it released its study, which shows that the new practices are paying off in many ways. For example, there was a 28% reduction in revocations to state prisons, which is the equivalent of a reduction of 1,888 prisoners in the system. This has the potential to save the state tens of millions of dollars each year. Revocations to county jail have also decreased dramatically – by almost 39%.

But you need not worry that the decreased revocations endanger the public. New felony crimes committed by probationers have decreased by 31%.

This act is a wonderful example of how a partnership between the Legislature and the Judiciary can benefit the citizens of our state, saving money while keeping Arizonans safe.

Second, deporting convicted felons who are here illegally: In 2008, we changed the protocols for determining the legal status of individuals in the probation program. Regardless where you stand on the complex issue of immigration, those who are in our country illegally and have been convicted of having committed felony offenses here, if not put in prison, should not be able to remain in our communities. Since the implementation of new probation procedures, more than 12,000 people who have been convicted of violent crimes, sex offenses, domestic violence, and other felonies have been referred to ICE and have been removed from this state.

PROTECTING FAMILIES

Protecting families includes the court's efforts to protect the elderly and those who can't care for themselves.

The topic of probate court has recently received a bit of attention in the media. When the courts first started focusing on this area 20 years ago, we discovered that several million dollars had been stolen from the accounts of various wards. Both a high profile probate attorney and several fiduciaries went to prison. We acted aggressively to bring order to the system, by seeking laws to create a fiduciary board that licenses and regulates fiduciaries. Today, while most cases proceed through probate without issues, unfortunately some do not.

In March of 2010, I appointed Court of Appeals Chief Judge Ann Scott Timmer to lead a committee to look for ways to improve the oversight and processing of probate court matters.

This group includes representatives from several groups that may have opposing interests – citizens who have been involved in probate cases, fiduciaries, attorneys, senior citizen groups, parents of incapacitated children, and others. They held many public meetings and looked at all manner of potential solutions to address these seemingly intractable problems. And they advanced some solutions.

But it is not easy to regulate an area that interposes the courts directly into disputed family matters. These are highly emotional areas that may involve life and death decisions, the management of money, the care and well-being of loved ones, and other very personal issues.

And so this session, we are asking the legislature to assist us in making changes to improve the probate system in Arizona. We must examine and implement changes that will be effective and workable statewide, not just in Maricopa County. We must also be cautious that, in our efforts to solve problems, we don't create new and even greater ones. Finally, we must take care to not let a few high profile cases tempt us to adopt bad policy.

Our goal is to enact change that will

- Enhance transparency in the system;
- Reduce and control fees;
- Close loopholes for those who seek to do harm or unduly profit from the system; and
- Provide enhanced protection for those who are vulnerable.

Several of you are currently working on legislation in these areas, and we applaud your efforts. I know there are those, including some within the courts, who are critical of some of the proposed changes. No solution will please everyone. We simply caution that any proposed fixes must take into consideration all those affected by these cases, and all types of cases, from the very simple cases to those containing complex issues and circumstances.

As Chief Justice, I want to also assure you that the Supreme Court is looking at – and plans to adopt – court rules that respond to the problems we have observed. Let me be clear: There will be changes. No system that allows even a few cases to drain a person's resources can be justified.

Together, we will make our system work.

PROTECTING CHILDREN

In October of last year, Arizona celebrated the 25th anniversary of the Court Appointed Special Advocate Program, also known as CASA. The CASA Program is an advocacy organization that trains community volunteers to speak up for abused and neglected children in court.

CASA is unique. It is the only program in which everyday citizens are appointed by judges to speak up for a child's safety and well-being. A CASA volunteer is appointed by a juvenile court judge to be the "eyes and ears of the court." They speak with

parents, foster parents, Child Protective Services workers, teachers, and others, to help provide valuable information to the judge about what is best for the child.

Since the beginning of the program, more than 15,000 children have been assisted by CASAs. And Arizona volunteers are currently assisting approximately 1200 children.

The nearly 5000 CASA volunteers have come from all walks of life. They have volunteered – donated – nearly one million hours of time, saving our state millions of dollars while protecting the best interests of our children.

MERIT SELECTION

I would be oblivious if I had not noticed that there is legislation before you dealing with the way Arizona appoints and retains appellate judges and most of its superior court judges.

I quoted President Reagan earlier and will do so again. He understood and believed that “concentrated power has always been the enemy of liberty.”

Our founding fathers also felt strongly about this and created the courts as a co-equal branch of government in which judges would be able to be neutral and would be free to act independently and impartially. He understood this to be a critical part of our system of checks and balances – the third leg of the 3-legged stool. Judges must have the independence and job security to be able to do what the law requires, without fear of retaliation.

Arizona’s merit selection system has worked well since the voters established it in 1974, and its judges are highly regarded. Our present system ensures qualified judges and helps preserve judicial impartiality and integrity.

In fact, Arizona’s system of appointing and retaining judges is touted as one of the best in the country. How do we know this?

In October 2009, the US Chamber Institute (an arm of the US Chamber of Commerce) chose Arizona’s merit system as exemplifying best practices in more than 15 areas related to commission-based judicial selection.

Arizona’s system has also become an international example of best practices. Our judges are regularly called on to meet with representatives from other countries that are reviewing and revising their judicial systems. Countries such as Croatia, Japan, Uzbekistan, Turkey, Bulgaria, and Ukraine have sent judges or commissions to Arizona to learn more about our system.

Closer to home, Arizonans who come to court – the litigants, jurors, members of the public, attorneys – tell us that things are going well:

- 97% rated judges “satisfactory” or higher;
- 95% of court users reported being treated with courtesy and respect by court personnel;
- 90% said that they understood what happened in court and what they needed to do next, if anything.

The evidence shows that merit selection is working well. And common sense tells us that, “If it isn’t broken, don’t fix it.”

ACKNOWLEDGEMENT

Before I close, I would be remiss if I did not take a moment to acknowledge the terrible tragedy in Tucson. It affected all of us. But struck our judicial family especially hard because the judiciary lost a wonderful judge and a good friend, and the community lost an honorable leader in former Arizona Court of Appeals Judge and Federal District Court Judge John M. Roll.

On behalf of the judicial branch, I want to thank everyone for their prayers and outpouring of support, and we send our love and support to the families who lost loved ones, to those who were injured, including Congresswoman Gabrielle Giffords, and to their families and friends. Tragedies such as that one remind us that we need to mend our communities and our souls.

CLOSING

In closing, as you can probably tell, I am very proud to lead this branch and to work with its hard-working, dedicated employees providing important programs and services.

Whether a court employee works behind the counter at a clerk's office, staffs a security entrance at a court building, or presides at a high-profile court hearing, we in the judicial branch take pride in what we do and in the part we play in our state government.

This past year has also underscored the value of the three branches of government working together, as we have successfully navigated a number of difficult challenges through common effort. I hope we can continue to do so.

Our constitution places a responsibility on each branch of government to exercise its authority in the best interest of the state. We must all be mindful of our constitutional roles and the foundational importance of our system of checks and balances. A three-legged stool cannot stand if one leg has been cut off. We should work toward the common goal of ensuring the best Arizona we can, now and in the future.

The service of all citizens is part of a tradition of giving that has made this state great for the last 100 years and will continue to sustain us through the next 100 years. We want a strong, effective judiciary to be a continuing part of that rich Arizona history.

That is my report on the State of the Judiciary. Thank you for your time.

SENATE RULES

RULE 1
Officers and Employees

A. The officers of the Senate shall be a President, who shall be chosen from among the membership of the Senate, a Secretary, an Assistant Secretary, and a Sergeant at Arms.

B. There shall be such other employees as may be authorized by the Senate. The appointment, terms and conditions of employment, compensation, discipline, and discharge of employees of the Senate shall be determined by the President, subject to the approval of the Senate. Employees of the Senate are prohibited from lobbying during the term of their employment, and a violation of this rule will be sufficient cause for the summary discharge of the offending employees.

RULE 2
The President

The President shall have the following powers and duties:

A. The President shall take the chair on every legislative day precisely at the hour to which the Senate, at its last sitting, adjourned; immediately call the members to order and on the appearance of a quorum, cause the Journal of the proceedings of the last day's sitting to be read.

B. The President shall have control of the Senate Chamber, including seating assignments of members therein, all other parts of the Senate wing and all other areas and buildings used exclusively by the Senate.

C. The President shall preserve and maintain order and decorum.

D. The President shall sign all acts, addresses, joint resolutions, writs, warrants and subpoenas issued by the order of the Senate, and decide all questions of order, subject to an appeal by any member, on which appeal no member shall speak more than once, unless by permission of the Senate.

E. The President shall state all questions in the proper order in which they shall be disposed.

F. When a question is undebatable or when debate on a question is closed, the President shall state the question, calling first for the "Ayes" and then for the "Noes." If the President is in doubt, or a division is called for, the Senate shall divide; those in the affirmative of the question shall first rise from their seats, and then those in the negative. But on demand of two members a roll call of the Ayes and Noes shall be ordered at any time before such vote is made certain and declared.

G. The President shall have the right to vote, and on all questions the President shall vote last.

H. The President shall have the right to name any member as President Pro Tempore to serve during the President's absence, which appointment may extend throughout the session unless terminated by the Senate. The President may appoint any other member as temporary President Pro Tempore to serve for a limited period of time in the absence of the President and President Pro Tempore. In the absence or omission of such an appointment, the Senate shall proceed to elect a President Pro Tempore to act during the absence of the President.

I. The President shall appoint all standing committees, and all select committees unless otherwise ordered by the Senate by a majority of the members present, and shall appoint the chairman and vice-chairman of each such committee. The President shall be an ex-officio member of all committees, but shall not vote or sign reports from any committee except the committees of which the President is chairman. However, if the President is an appointed member of the Rules Committee, the President shall be a voting member of that committee. The President shall fill all vacancies on committees.

J. The President shall refer all proposed measures or other legislative matters to the appropriate committees. Every bill, resolution and memorial shall be referred by the President to one or more standing committees, except resolutions or memorials to be adopted by unanimous consent and House bills to be substituted on third reading pursuant to Rule 11-H. All proposed measures or other legislative matters shall automatically be assigned to the Rules Committee without action upon the part of the President. If three-fifths or more of the members of the Senate petition the President to discharge committees from further consideration of a bill, resolution or memorial, the measure shall be withdrawn by the President from assigned committees which have not reported the measure. If a committee hearing has not been held on the measure, the President shall direct that a hearing be held by a committee within seven days and upon withdrawal or hearing, the matter shall be placed by the President on the active calendar of the Committee of the Whole. If the measure is reported favorably by the Committee of the Whole, it shall be placed by the President on the third reading calendar. If a discharge petition is presented to the President less than seven days before the Senate adjourns sine die, the President shall not be required to act upon the petition.

K. All debts incurred by the Senate, either during session or between sessions of the legislature, shall be subject to approval by the President and if so approved shall be paid by claims drawn on the Finance Division of the Department of Administration.

L. The office of the President shall keep the accounts for the pay, mileage and subsistence of members and attaches, and shall maintain these records for inspection by the membership.

M. The President is authorized to call meetings of standing committees of the Senate during periods when the Senate is not in session, and to approve claims for travel and subsistence incurred by members of such committees in attendance.

RULE 3 The Secretary

The Secretary shall have the following powers and duties:

A. It shall be the duty of the Secretary to keep a Journal of each day's proceedings, and to provide a typewritten copy of the same for examination by the President. The Secretary shall each day prepare a calendar of the Orders and Business of the Day and a like calendar for the Committee of the Whole, and such other dockets and calendars as may be ordered, and shall cause a copy to be placed on the desk of each member, at or before the hour of convening.

B. The Secretary shall have the custody of all bills, resolutions, memorials, petitions, communications, or other measures, instruments and papers introduced in or submitted to the Senate, subject to such disposition thereof as may be provided by the rules of the Senate or the order of the President, and shall be held strictly accountable for the safekeeping of the same. The Secretary shall keep a record of all such measures or instruments, showing at all times the exact standing of each.

C. The Secretary shall perform such other duties as may be required of the Secretary by the Senate or by the President.

D. The Assistant Secretary shall act under the direction of the Secretary and in the absence of the Secretary shall perform the duties of the Secretary.

RULE 4 Sergeant at Arms

The Sergeant at Arms shall have the following powers and duties:

A. It shall be the duty of the Sergeant at Arms to attend the Senate and the Committee of the Whole during their sittings, to maintain order under the direction of the President or Chairman, to execute the commands of the Senate, and all processes issued by authority thereof, directed to the Sergeant at Arms by the Presiding Officer. Five minutes before the hour of the meeting of the Senate each day the Sergeant at Arms shall see that the floor is cleared of all persons, except those privileged to remain.

B. The Sergeant at Arms shall enforce the rules relating to the privileges of the floor and gallery, and perform such other duties as may be required of the Sergeant at Arms by the Senate or by the President.

RULE 5 Members

A. Every member shall be present within the Senate Chamber during its sittings, unless excused or necessarily prevented; and shall vote on each question put, unless the member has a personal financial interest in the question as set forth in Rule 30, or unless the member is excused from voting in accordance with Rule 15.

4. All committees will meet at regularly scheduled times and places. In the absence of the chairman, the vice-chairman shall preside. However, such meetings shall be announced on the floor of the Senate in open session prior to the meeting. Regularly scheduled meetings can be cancelled or rescheduled only with the permission of the President.

5. A written agenda for each regular or special meeting containing all bills, memorials and resolutions to be considered thereat shall be distributed to each member of the committee and to the Secretary of the Senate at least five days prior to the committee meeting. A committee chairman may add a bill, memorial or resolution to a committee agenda by distributing a revised agenda to committee members and the Secretary of the Senate by 5:00 p.m. two days, excluding Saturdays and Sundays, prior to the committee meeting. 7. A majority of the members of a committee shall constitute a quorum for the consideration of any matter referred to it.

8. The consent of all of the members of a committee shall be necessary to introduce any bill, resolution or memorial as a committee measure. The consent of a majority of the members of a committee shall be necessary to introduce any bill, resolution or memorial as a majority of committee measure. The consent of a majority of the members present on a committee shall be necessary to report any bill or other measure or matter referred to such committee. If a member opposes the report, he may file a minority report. A minority report shall bear the signature of any number of members joining in its recommendations and shall be considered the recommendations merely of the member or members signing the same.

9. Amendments proposed by a committee shall be clearly set forth as an attachment to the committee's report and shall refer to the appropriate page and line of the original or engrossed bill or of another amendment if the amendment is proposed as an amendment to another proposed committee amendment. If the committee has adopted a rule addressing the submission of amendments to committee members, the chairman may preclude the offering of an amendment which does not comply with the rule, may without objection accept the amendment, or may postpone

action on the measure until adequate notice has been given. No amendment to strike everything after the enacting clause and insert new material shall be in order unless notice of intent to offer such an amendment has been given by 5:00 p.m. two days, excluding Saturdays and Sundays, prior to the committee meeting at which the amendment is to be considered by delivering a copy of the proposed amendment to the office of each member of the committee and to the information desk and posting such notice and leaving a copy in the office of the Senate Secretary. The committee report shall be accompanied by a copy of any measure to which amendments are proposed to the committee.

10. A roll call vote shall be taken of the committee members at the request of a committee member upon any motion or amendment.

11. Except as provided herein, all Senate Bills to be scheduled in accordance with paragraph 5 or 6 of this subsection shall be heard prior to Saturday of the week in which the sixtieth day from the beginning of each regular session falls. Except as provided herein, all House bills to be scheduled in accordance with paragraph 5 or 6 of this subsection shall be heard prior to Saturday of the week in which the ninetieth day from the beginning of each regular session falls. No committee except the Rules Committee shall hear a bill in violation of this paragraph without the written permission of the President.

12. All bills, memorials or resolutions referred to a standing committee shall be reported. Bills, memorials or resolutions which the committee has considered but on which no action has been taken and bills, memorials and resolutions which the committee has not considered shall be reported as such by the chairman of each standing committee at the last regular or special meeting of such committee for each session.

C. The Rules Committee of the Senate shall have the following powers and duties:

1. All powers and duties of other standing committees of the Senate listed in subsection B of this rule except those powers and duties inconsistent with this subsection.

2. On the first day following the convening of the first regular session of each Legislature, the President shall appoint the members of the Committee on Rules, and the said committee shall henceforth have authority to present proposed changes or additions to the rules which upon adoption by the Senate shall be deemed standing rules of the Senate.

3. The written agenda for the Rules Committee shall be the calendar for the Committee of the Whole. All other legislative matters shall be in order before the Rules Committee without written agenda.

4. Amendments proposed by the Rules Committee should be clearly set forth as an attachment to the Rules Committee report and shall refer to the appropriate page and line of the original or engrossed bill or of another amendment if the amendment is proposed as an amendment to another proposed committee amendment. Substantive amendments may be proposed by the Rules Committee only with the concurrence of the sponsor of a bill if sponsored by an individual or the committee chairman if sponsored by a committee. Corrective or technical amendments may be proposed. A proposed technical or corrective amendment which incidentally affects the substance of a bill or amendment shall require concurrence of the sponsor. No amendment to strike everything after the enacting clause and insert new material shall be offered in the Rules Committee.

5. The Committee on Rules shall consider the bill and proposed amendments thereto for constitutionality and proper form and the reasonable germaneness of any amendments. A bill including any amendments shall be presumed to contain one subject if:

(a) The resulting bill has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.

(b) The resulting bill is a major revision of a program or agency and each of the provisions relates to the revision.

(c) The bill offers only technical or conforming changes to the statutes.

(d) The bill is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the bill.

(e) The bill is a result of a strike everything after the enacting clause amendment and substitutes material designed to accomplish only one purpose.

6. In addition to the powers and duties given to the Rules Committee elsewhere in the Senate Rules, the Rules Committee shall have such other powers and duties over legislative matters as are assigned by the President.

D. Any subcommittee of a standing committee may meet at any time upon the call of the subcommittee chairman without written notice, providing, however, that such meeting shall be announced on the floor of the Senate in open session prior to the meeting. A subcommittee may, without distributing a written agenda, consider any matter assigned to the subcommittee by the chairman of the standing committee.

RULE 8 Calendars

A. There shall be the following calendars of business reported from committees:

1. A calendar of the Committee of the Whole, upon which shall be placed all bills, resolutions and memorials reported by the standing or select committees, except the Rules Committee, to which they have been referred and all bills, resolutions and memorials which have failed in Committee of the Whole, or which have been retained on the calendar. The calendar of the Committee of the Whole shall be prepared and filed in writing with the Secretary of the Senate.

2. An active calendar of the Committee of the Whole on which shall be placed those bills, resolutions and memorials designated by the President that have been reported by the Rules Committee and that are drawn from the calendar of the Committee of the Whole on the order of business of the day.

3. A unanimous consent calendar on which shall be placed those bills, resolutions and memorials designated by the Chairman of the Rules Committee and drawn from all bills, resolutions and memorials on the calendar of the Committee of the Whole that are unamended as reported by all standing committees to which they were referred. The unanimous consent calendar shall be dated, printed, placed on each member's desk and posted at the information desk 48 hours, excluding nonworking days, prior to being accepted. Any Senator may protest the inclusion of any bill, resolution or memorial on the unanimous consent calendar by submitting a protest in writing to the Secretary of the Senate during the 48-hour notice period. A protest timely submitted by any Senator shall automatically remove the bill, resolution or memorial from the unanimous consent calendar and return it to the calendar of the Committee of the Whole; provided, however, that a bill shall not be removed from the consent calendar for the purpose of proposing a strike everything after the enacting clause amendment. Bills, resolutions or memorials remaining on the unanimous consent calendar shall be placed on the Senate calendar.

4. A Senate calendar on which shall be placed all bills, resolutions and memorials reported with a "do pass" or "do pass amended" recommendation by the Committee of the Whole and all bills, resolutions and memorials remaining on the unanimous consent calendar pursuant to paragraph 3.

5. An active Senate calendar on which shall be placed those bills, resolutions and memorials designated by the President and drawn from the Senate calendar for consideration by the Senate on the order of business for the day.

B. Measures shall be reported by the Committee of the Whole in the order and manner in which disposed of by that committee, and those approved shall be placed upon the Senate calendar for third reading in the order established by the President, and retained on the Senate calendar until finally disposed of.

When a Senator desires to speak, the Senator shall rise and address the Presiding Officer, and shall not proceed until the Senator is recognized, and the Presiding Officer shall recognize the Senator who shall first address the Presiding Officer. No Senator shall interrupt another Senator in debate without the Senator's consent, and to obtain such consent, the Senator shall first address the Presiding Officer.

B. The Senator who sponsors a measure, or the Senator's designee, shall have the right to open and close debate on such measure.

C. No Senator in debate shall, directly or indirectly, by any form of words, impute to another Senator or to other Senators any conduct or motive unworthy or unbecoming a Senator.

D. If any Senator, in speaking or otherwise, transgresses the Rules of the Senate, the Presiding Officer shall call the Senator to order; and when called to order the Senator shall sit down and not proceed without leave of the Presiding Officer or upon motion adopted by the Senate, that the Senator be allowed to proceed in order, which motion shall be determined without debate.

E. If a Senator be called to order for words spoken in debate, the exceptionable words shall, upon the demand of any Senator, be taken down in writing, and read at the table for the information of the Senate.

F. While the Presiding Officer is putting a question or addressing the Senate, no member shall walk out of or across the Chamber, nor, when a member is speaking, pass between the member and the Chair; nor remain by the Secretary's desk during the call of the roll for the counting of ballots; and the Sergeant at Arms is charged with the strict enforcement of this clause.

RULE 10
Roll Call and Quorum

A. Upon every roll call the names of the members shall be called alphabetically by the surname, except when two or more have the same surname, in which case the district designation shall be added; and after the roll has been once called, the Secretary shall call in their alphabetical order the names of those not voting or who failed to respond.

B. A majority of the Senators elected shall constitute a quorum.

C. If, at any time during a session of the Senate, a question shall be raised by any Senator as to the presence of a quorum, the President shall forthwith direct the Secretary to call the roll and shall announce the result, and these proceedings shall be without debate.

D. Whenever it shall be ascertained that a quorum is not present a majority of the Senators present may order a call of the Senate, which order shall be determined without debate, and pending its execution, and until a quorum shall be present, no debate or other motion, except to adjourn, shall be in order. Upon approval of the order to call the Senate, the President shall direct the Sergeant at Arms to request, and, when necessary, to compel the attendance of the absent Senators.

E. When a quorum is present, a call of the Senate may be ordered by the President or by a majority of the members present to compel the attendance of the absent members. The Sergeant at Arms shall forthwith proceed to bring in absent members until two-thirds of the members elected to the Senate are present.

F. When a vote is being taken using the electronic roll call system, the provisions of Rule 15.1 shall supersede any provision of this rule which is inconsistent therewith.

RULE 11
Motions

A. All motions shall be reduced to writing, if requested by the Presiding Officer or by any Senator, and shall be entered on the Journal with the name of the member making it, and shall be read before the same shall be debated.

B. Any motion or resolution may be withdrawn or modified by the mover at any time before a decision, amendment or ordering of Ayes and Noes, except a motion to reconsider, which shall not be withdrawn without leave of the Senate.

C. No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment.

D. When a motion or proposition is under consideration, a motion to amend and a motion to amend that amendment shall be in order, and it shall also be in order to offer a further amendment by way of a substitute amendment.

E. A question or an amendment containing two or more distinct and separate subjects may be divided upon the demand of any member. A motion to strike out and insert words, both relating to the same subject, and together accomplishing a single change in meaning, is indivisible.

F. When motions are made for reference of a subject to a select committee, or to a standing committee, the question of a standing committee shall be put first. A motion simply to refer shall not be open to amendment, except to add instructions.

G. Any motion improperly used for the purpose of delaying or obstructing business is a dilatory motion and may be ruled out of order by the Presiding Officer.

H. A motion to substitute a House bill for a Senate bill on third reading shall not be in order unless the Senate bill for which substitution is sought is identical to the House bill.

RULE 12

Previous Question (Vote Immediately)

When the previous question is moved, adopted and ordered, it shall have the effect to cut off all debate and bring the Senate to a direct vote upon the immediate question or questions on which it has been ordered. The previous question may be moved with reference to a single motion, a series of motions allowable under the rules, or an amendment or amendments, or may be made to embrace all authorized motions or amendments and include the bill to its passage or rejection. It shall be in order, however, pending the motion for, or after the previous question shall have been ordered, for a motion to be made to commit or to recommit, with or without instructions, to a standing or select committee.

RULE 13

Reconsideration

A. When a question subject to reconsideration has been decided by the Senate by a recorded vote, any Senator who voted on the prevailing side may on the same day or the next day of actual session thereafter move a reconsideration. When a question subject to reconsideration has been decided by the Senate by a non-recorded vote, any Senator may, on the same day or the next day of actual session thereafter, move a reconsideration. If the Senate shall refuse to reconsider, or upon reconsideration shall affirm its first decision, no other motion to reconsider the question shall be in order unless by unanimous consent. A motion to reconsider shall be decided by a majority vote of the members present, and a motion to lay it on the table shall not be in order. If the motion to reconsider passes, the question reconsidered shall be determined at such time as the President directs.

B. When a bill, resolution, report, amendment, order or measure, upon which a vote has been taken, shall have gone out of the possession of the Senate, and shall have been sent to the House of Representatives, the motion to reconsider shall be accompanied by a motion to request the House to return the same, which last motion shall be acted upon first, and without debate, and if determined in the negative shall be a final disposition of the motion to reconsider. If the motion to request return passes, the motion to reconsider cannot be considered until the question or measure is returned to the Senate by the House.

RULE 14

A. Bills, resolutions and memorials may be introduced by a member or a committee by presenting the original and three copies of such bill, resolution or memorial, unless additional copies are ordered by the President, to the office of the Secretary prior to 3:00 p.m. of the day immediately preceding the day of actual introduction. The name of the sponsor or sponsors shall be on the attached signature page of the bill. Introductions "by request" shall be so designated.

A bill, resolution or memorial shall be prefiled in the same manner prescribed for introduction. Bills, resolutions and memorials prefiled for introduction pursuant to this rule may be first read on the first day of the session. The name of the sponsor or sponsors shall be on the attached signature page of the bill, resolution or memorial at the time of prefiling.

E. The original of a bill, resolution or memorial introduced in the Senate shall be designated by brown backing, endorsed "original" and shall remain in the possession of the Secretary. The chairman of each committee to which a bill, resolution or memorial is referred shall receive one copy endorsed "Committee Copy." Subsequent copies shall be endorsed and distributed as the President directs.

F. Unless otherwise ordered by the President, not less than 250 copies nor more than 3,000 copies of any bill, resolution or memorial shall be duplicated.

All engrossed pages not having a full complement of typed lines shall be marked from the end of the typed page to within one inch of the end of such page. The original Senate engrossed copy shall have a red backing. An engrossed measure ready for the third or final reading shall not be subject to amendment.

I. Unless otherwise ordered by the President, the Senate shall provide the House with not less than 125 copies and the Legislative Council with 5 copies of each amended engrossed Senate measure with a cover page or pages showing the page and line number of each adopted Senate amendment thereto. For Senate amendments to House measures the same number of copies shall be provided but may consist only of those pages containing the adopted Senate amendments and cover page or pages showing the page and line number of such Senate amendment. For unamended Senate measures the same number of cover pages shall be provided stating that the measure passed as introduced, which will be identical to the original and printed copies.

J. All bills, resolutions, memorials and engrossed measures shall be line-numbered and such numbering shall begin with the enacting clause. Uniform sized paper, 8 1/2" x 11" shall be used.

K. Amendments shall have uniform headings and shall read “amendments to” and shall be in the same form as the original bill. The amendment shall refer to page and line number only and when referring to more than one line shall read “lines through” If everything after the enacting clause is stricken the amendment shall read “strike everything after the enacting clause.”

RULE 15 Voting

A. When the Ayes and Noes are ordered, the names of Senators shall be called alphabetically, and each Senator shall without debate, declare the Senator's assent or dissent to the question, unless the Senator declares a personal financial interest in the question or is excused by the Senate, and no Senator shall be permitted to vote after the decision shall have been announced by the Presiding Officer, but may for sufficient reason change the Senator's vote prior to such announcement. No motion to suspend this rule shall be in order, nor shall the Presiding Officer entertain any request to suspend by unanimous consent.

B. When a Senator declines to vote on the second call of the Senator's name, the Senator shall be required to assign the Senator's reasons therefor. If the reason assigned is other than a personal financial interest in the question or a substantial interest as defined in the statutory code which is not a personal financial interest in the question, the Presiding Officer shall submit the question to the Senate: “Shall the Senator for the reasons assigned by the Senator, be excused from voting?” which shall be decided without debate; and these proceedings shall be had after the roll call and before the result is announced and any further proceedings in reference thereto shall be after such announcement.

C. When a vote is being taken using the electronic roll call system, the provisions of Rule 15.1 shall supersede any provision of this rule which is inconsistent therewith.

RULE 15.1 Electronic Roll Call System

A. In all cases where a rule of the Senate refers to “roll call,” “roll call vote” or “recorded vote,” such reference shall be understood to refer also to the taking of the vote by an electronic roll call system.

B. When taking attendance or recording the Ayes and Noes on any question to be voted upon, the electronic roll call system shall be used, unless it is inoperative, and when so used shall have the same force and effect as a roll call taken as otherwise provided in the Senate Rules. This rule may be suspended by a majority of the members present in which case the roll shall be called in accordance with Rule 10.

C. When the Senate is ready to vote upon any question requiring a roll call and the vote is to be taken by the electronic roll call system, the Presiding Officer shall announce: “You have heard the (motion or third or final reading) of (the matter to be voted upon). Those in favor will vote aye. Those opposed will vote no. The system is now open. The Senate will now proceed to vote.”

D. If a Senator declines to vote, the Senator shall state the reasons therefore as required by Rule 15-B and the system shall not be closed until every Senator who is present has voted, explained the reason for not voting or been excused from voting.

E. When sufficient time has been allowed the members to vote, the Presiding Officer shall announce: “Have all the Senators voted? The system will now be closed. The system is now closed. The Secretary will now record the vote.”

F. A Senator may change his vote after the roll call system has been closed and before announcement of the result, and not thereafter.

G. The Secretary of the Senate shall immediately start the recording equipment and, when completely recorded, shall confirm the result to the Presiding Officer, who shall announce the same to the Senate. The Secretary shall enter the vote in the Journal.

H. No member shall be permitted to vote unless present in person to cast his vote. No member shall vote for another, nor shall any person not a member cast a vote for a member.

I. When a vote is being taken by the electronic roll call system, this rule supersedes any provision in the Senate Rules inconsistent therewith.

RULE 16 Order of Business

A. Unless otherwise ordered, the Senate shall convene every legislative day at 11:00 a.m., receive a prayer by the chaplain, recite the pledge of allegiance and continue in session until recess or adjournment.

B. The order of business shall be as follows:

- Roll Call
- Reading of the Journal
- Business on the President's Desk
- Petitions, Memorials, and Remonstrances
- Orders of the Day
- Introduction and First Reading of Bills
- Reference of Bills
- Second Reading of Bills
- Reports of Standing Committees
- Reports of Select Committees
- Committee of the Whole
- Report of the Committee of the Whole
- Third Reading of Bills
- Other Business of the Senate

C. The President shall, upon each day, announce to the Senate the business in order, agreeable to the order of business contained in subsection B of this rule; and no business shall be taken up or considered until the class to which it belongs shall be declared to be in order, nor after the order to which it belongs is closed, except by order of the Senate. All questions relating to the order of business shall be decided by a majority of the members present without debate.

D. Every bill shall be read by sections on three different days, unless two-thirds of the Senate deem it expedient to dispense with this rule. The vote on the final passage of any bill or joint resolution shall be taken by Ayes and Noes on roll call. Final passage shall be the final disposition of a bill by the Senate.

E. The Presiding Officer shall give notice at each reading, whether it be the first, second or third reading, and a Journal entry of the same shall be made by the Secretary.

RULE 17 Committee of the Whole

A. In forming a Committee of the Whole, the President shall leave the Chair after appointing a chairman to preside. The chairman so appointed shall preserve and maintain order.

B. The calendar of the Committee of the Whole shall be taken up in regular order, or in such order as the committee may determine by a suspension of the rules, unless the order of the bill to be considered was determined by the Senate at the time of going into committee, but bills for raising revenue and the general appropriations bill shall have precedence.

C. A majority of the members of the Senate shall constitute a quorum to do business in Committee of the Whole.

D. The rules of the Senate shall be observed in the Committee of the Whole so far as applicable.

E. In the Committee of the Whole, bills and resolutions shall be read by the Secretary and considered item by item, unless otherwise ordered by the committee, leaving preambles or titles to be last considered. The body of a bill shall not be defaced or interlined, but amendments shall be noted by the chairman or Secretary upon a separate piece of paper and reported to the Senate.

F. The proceedings of the Committee of the Whole shall be taken down by the Secretary of the Senate, acting as the Secretary of the Committee of the Whole. The chairman of the Committee of the Whole shall in the chairman's report set forth all actions of the Committee of the Whole.

G. When a bill or resolution is considered in the Committee of the Whole, the only regular motions which are in order are the following:

1. To propose amendments.
2. To limit debate.
3. To recommend.
4. To rise and report.
5. That the bill or resolution retain its place on the calendar.
6. That the bill or resolution be retained on the calendar.

H. A roll call vote shall be taken when a motion to recommend is defeated. No other roll call votes shall be taken in Committee of the Whole.

I. No proposed amendment in Committee of the Whole to strike everything after the enacting clause and insert new material shall be in order.

J. A motion to amend the Committee of the Whole report shall not be in order unless the proposed amendment to the report has been voted on in the Committee of the Whole.

RULE 18

Sitting as in Committee of the Whole

The Senate may by majority vote of the members present sit as in Committee of the Whole for consideration of any subject except if the subject is a bill, memorial or resolution which has been considered in Committee of the Whole, the consideration shall be limited to technical changes.

RULE 19

Journals

A. The proceedings of the Senate and of the Committee of the Whole shall be briefly and accurately stated in the Journal. Titles of all bills, resolutions and measures, and such parts as shall be affected by proposed amendments, readings, references, reports and every vote, motion and roll call, and a brief statement of the contents of each petition, memorial or paper presented to the Senate shall be entered on the Journal.

B. All confidential legislative and executive proceedings and the proceedings when sitting as a Court of Impeachment, shall be recorded in a separate book.

C. The protest or remarks of any Senator and reasons therefor shall be entered on the Journal, if presented in writing, but no protest or remarks shall exceed two hundred words in length without the consent of the Senate.

RULE 20
Proceedings on Nominations

A. When nominations shall be made by the Governor of the State to the Senate, they shall, unless otherwise ordered, be referred to appropriate committees, and a standing committee. If the nomination is referred to the Rules Committee, the committee, upon consideration, may recommend to the President that the nomination be further referred to another standing committee or may place the nomination on a list of nominations awaiting confirmation by the Senate. If the Rules Committee recommends that the nomination shall be placed on a list of nominations awaiting confirmation by the Senate, the Rules Committee recommendation shall be dated and placed on each member's desk. If a member wishes during the first seven calendar days after action by the Rules Committee to object to the inclusion of the nomination without a hearing by a standing committee other than the Rules Committee, the member may do so by filing a protest in writing to the Secretary of the Senate during the seven day period. If a protest is filed, the President shall remove the nomination from the list and assign the nomination to an appropriate standing committee other than the Rules Committee. No nomination placed upon the list of nominations awaiting confirmation by the Senate shall be considered by the Senate until said nomination has remained on the list for seven calendar days. When a nomination is brought before the Senate, the final question on every nomination shall be, "Will the Senate advise and consent to this nomination?" which question shall not be put on the same day on which the nomination is received nor on the day on which it may be reported by a committee, unless by unanimous consent.

B. Nominations confirmed or rejected by the Senate shall not be returned to the Governor by the Secretary until the expiration of the time limit for making a motion to reconsider the same, or while a motion to reconsider is pending, unless otherwise ordered by the Senate by a majority of the members present.

RULE 21
Messages

A. Messages from the Governor of the State, or from the House of Representatives, may be received at any stage of proceedings, except while the Senate is dividing, or while the Journal is being read, or while the question of order or a motion to adjourn is pending.

B. Messages shall be sent to the House of Representatives by the Secretary, who shall previously certify the determination of the Senate upon all bills, joint resolutions and other measures which may be communicated to the House, or in which its concurrence may be requested, and the Secretary shall also certify and deliver to the Governor of the State all resolutions and other communications which may be directed to him by the Senate.

RULE 22
Amendments of the House

A. Any amendment by the House to any Senate Bill shall be subject to one of the following motions or actions:

1. Concur in House amendment.
2. Refuse to concur in House amendment and appointment of Conference Committee, free or simple.
3. The President may refer the bill with the House amendment to a committee for study and recommendations of concurrence or refusal to concur.

B. Any amendment by the House which includes the addition of the emergency clause shall require a two-thirds vote of the members of the Senate for final passage with the emergency clause.

RULE 23
Conference Committees and Reports

A. Conference Committees may be either simple or free. A Simple Conference Committee shall be limited to points of disagreement between the two Houses and shall not add unrelated new material, except to conform the provisions to other sections of the bill, enactments of the current session or procedural requirements. A Free Conference Committee may recommend striking amendments, compromising, or inserting something entirely new except that a Free Conference Committee may not recommend striking everything after the enacting clause and inserting new material.

B. Every conference report shall be accompanied by a detailed statement sufficiently explicit to inform the Senate what effect such amendments or propositions, if any, will have upon the measure to which they relate. A copy of each Conference Committee report shall be placed on each member's desk a reasonable time before consideration of the report. The presentation of reports of committees of conference shall always be in order, except when the Journal is being read or a question of order or a motion to adjourn is pending, or while the Senate is dividing; and when received the question of proceedings to the consideration of the report, if raised, shall be immediately put, and shall be determined without debate.

C. A Free Conference Committee shall not take final action on a Free Conference Committee report unless the measure has been heard in a public hearing of the Free Conference Committee.

D. A Free Conference Committee report on a bill which includes conference amendments may, upon the filing of the report in the Secretary of the Senate's office, be reassigned by the President to the Committee on Rules. If assigned to the Committee on Rules, the Committee on Rules shall consider such report for constitutionality and proper form and the reasonable germaneness of conference amendments. A bill including any amendments shall be presumed to contain one subject if:

1. The resulting bill has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.
2. The resulting bill is a major revision of a program or agency and each of the provisions relates to the revision.
3. The bill offers only technical or conforming changes to the statutes.
4. The bill is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the bill.

E. Except as provided herein, conference committees shall consider a bill prior to Saturday of the week in which the ninety-seventh day from the beginning of each regular session falls. No conference committee shall meet to consider a bill after such time without the written permission of the President.

RULE 24
Parliamentary Practice and Procedure

Parliamentary practice and procedure in the Senate shall take precedence in the order listed:

1. Constitutional provisions.
2. Senate Rules.
3. Statutory rules and provisions.
4. The rules of parliamentary practice and procedure as contained in Mason's Manual of Legislative Procedure.
5. Senate customs and usages.
6. General parliamentary law.

RULE 25
Privileges of the Floor

A. Except by unanimous consent, or unless otherwise ordered by a two-thirds vote of the Senate, no person except members and officers of the Senate shall have the privileges of, or be admitted to the floor of the Senate Chamber at any time; provided, that the President may grant the privileges of the floor, subject to revocation in any instance by order of the Senate, to ex-members of the Senate, members of the House of Representatives and employees of the Senate. When the Senate is not in formal session, the President, upon application of a Senate Committee, may grant the use of the Chamber to such committee for a time certain for the purpose of holding committee hearings.

B. For the purpose of addressing the membership of the Senate while in session, the President may, upon request, approve such dignitaries as:

1. The President or past Presidents of the United States.
2. Members of the present United States Cabinet.
3. Ambassadors of or to the United States, and all present United States Senators and Congressmen.
4. The present Governor of Arizona.
5. The present Governor or Head of any other domestic or foreign state.

All other dignitaries may be introduced from the gallery or may be granted speaking time other than when the Senate is in session.

C. The main gallery shall at all times, except when the Senate is in closed executive session or the Senate or President shall order the galleries cleared, be open to the public, subject to the full observance of the rules of the Senate.

D. A press gallery shall be maintained, to which shall be admitted only duly accredited representatives of the press holding nontransferable cards issued by the President of the Senate and revocable at the discretion of the President of the Senate. Any press representative desiring admission to the press gallery shall make application to the President of the Senate for a pass, and shall accompany the application with a statement of facts of the representative's press connections, and with a request by the newspaper or news gathering organization with which the representative is connected, for such pass. Not more than one such representative at a time shall occupy a seat in the press gallery if such seat is desired by the representative of any other accredited newspaper or news gathering organization.

RULE 26
Legislative Representatives

A. Any person desiring to be heard concerning legislation in behalf of any person, firm, association, organization, company or corporation shall first make application in writing to the chairman of the committee, stating the bill the person desires to present arguments upon, and whom the person represents.

B. The chairman may issue a permit which shall give such person the right to file with the committee having under consideration the bill or legislation regarding which the permit has been issued, written or printed briefs, statements or arguments. If so notified by the committee through its chairman, the person may appear before the committee in open public hearing and present arguments and testimony at the pleasure of the committee. Chairmen of committees shall, on request, give information regarding the holding of public hearings, and the time and place of the same, and committees may hold such public hearings as they desire.

RULE 27
Length of Session

A. Except as provided herein, regular sessions shall be adjourned sine die no later than Saturday of the week in which the one hundredth day from the beginning of each regular session falls. The President may by declaration authorize the extension of the

session for a period of not to exceed seven additional days. Thereafter the session can be extended only by the Senate by a majority vote of the members present.

B. If not considered in the regular session the General Appropriations bill, the General Capital Outlay bill and the University Capital Outlay bill may be considered in a special session which shall be called only for those purposes.

RULE 28

Amendment of Rules; Suspension of Rules

A. The Senate Rules may be amended upon vote of the majority of the members of the Senate.

B. The Senate Rules may be suspended by a vote of a majority of the members present.

RULE 29

Code of Ethics

A. No member shall:

1. Intentionally solicit, accept or agree to accept from any source whether directly or indirectly and whether by himself or through any other person any personal financial benefit, including any gift, for himself or another upon an agreement or understanding that his vote, opinion, judgment, exercise of discretion or other action as a public official will thereby be influenced.

2. Disclose or use information designated by law as confidential in any manner prohibited by law.

3. Knowingly disclose or use, other than in the performance of his official duties, information gained as a result of his official position and which is not available to the general public, for his personal financial benefit or the financial benefit of any other person, including compensation from any employment, transaction or investment entered into that utilizes or is based upon such information.

4. Enter into any contract with a public agency for the sale of goods or services or have an interest in the profits or benefits of a contract entered into with a public agency by any other person or entity for the sale of goods or services, unless:

(a) The total gross annual income value of the contract is less than one thousand dollars, or

(b) The contract is entered into by a business of which the member, his spouse or any minor child of whom the member has custody, owns or controls, individually or combined, less than ten percent thereof, or

(c) The contract has been awarded through public and competitive bidding pursuant to law, or

(d) The subject of the contract between a member and a public agency is an appointment or employment for which an exception exists pursuant to article IV, part 2, section 4 or 5 of the Constitution of Arizona.

5. Appear for a fee on behalf of another person or entity before any public agency for the purpose of influencing such agency by use of threat to initiate or take an action in the discharge of his official duties that would be adverse to such agency.

6. Participate in any action of the Senate if the member has a substantial interest as defined in section 38-502, Arizona Revised Statutes.

B. For the purposes of this rule:

1. A member shall be deemed to "have an interest in the profits of a contract" if the contract is entered into by the member or his spouse or any minor child of whom the member has legal custody.

2. "Public agency" means all courts and any department, agency, board, commission, institution or instrumentality of this state but does not include counties, cities and towns or any other political subdivision.

3. "Business" includes any corporation, partnership, joint venture, sole proprietorship, business trust, enterprise, organization, trade, occupation or profession.

4. "Gift" includes any gratuity, special discount, favor, service, economic opportunity, loan or other benefit received without lawful consideration and not provided to members of the public at large but does not include political campaign contributions if such contributions are publicly reported as required by law.

5. "Fee" includes any compensation but does not include benefits received pursuant to law as a result of being a legislator.

RULE 30 Personal Financial Interest

A. A member who anticipates taking an action in the discharge of his official duties in which he may have a personal financial interest shall:

1. Prepare a written statement describing the matter to be acted upon and the nature of the potential interest; and

2. Deliver a copy of the statement to the President, the Chairman of the Ethics Committee and the Secretary of the Senate. Such statement shall be retained by the Secretary of the Senate as a public record.

B. A member shall report a potential personal financial interest pursuant to subsection A as soon as the member is aware of such potential interest. If, however, such awareness occurs when the Senate is convened on the floor or during a meeting of a committee, subcommittee or caucus, a member shall report a potential personal financial interest as soon after the adjournment of that body as is practicable.

C. A member may abstain from taking any action in which he has a personal financial interest. Upon declining to participate in any legislative action on the floor, in committee or in subcommittee, the member shall, in addition to the requirements of subsection A, state his decision and the underlying reasons therefor and such decision shall be recorded in the Journal or minutes of that body.

D. A member in doubt as to the propriety of any action proposed to be taken by him and involving a potential personal financial interest under this rule may request the Ethics Committee to render an advisory opinion on the facts. The advisory opinion shall be issued not later than five days from the date of the receipt of that request and be filed with the President, the Chairman of the Ethics Committee and the Secretary of the Senate. Such opinion shall be retained by the Secretary of the Senate as a public record.

E. For the purposes of this rule:

1. "An action in the discharge of his official duties" means introduction, sponsorship, debate, amendment, passage, defeat, approval, consideration or any other official action on any bill, resolution, memorial, amendment, confirmation, nomination, appointment, report or any other matter pending or proposed in a committee, subcommittee, caucus or on the floor of the Senate.

2. A personal financial interest exists if it is reasonably foreseeable that an action in the discharge of his official duties will have a material financial benefit or detriment either directly or indirectly on the member, his spouse or any minor child of whom he has legal custody, except that no personal financial interest exists if the legislator or such member of his household is a member of a class of persons and it reasonably appears that a majority of the total membership of that class is to be affected by such action.

F. A member who has a substantial interest as defined by section 38-502, Arizona Revised Statutes, shall comply with title 38, chapter 3, article 8, Arizona Revised Statutes.

RULE 31 Caucuses

All meetings of a party caucus consisting of members of the Senate shall be open to the public except organizational meetings to elect officers of the caucus and the Senate and meetings to discuss matters permitted in executive session as set forth in section 38-431.03, Arizona Revised Statutes. Each caucus shall establish procedures for convening authorized executive sessions.

Arizona State Legislature
Senate Recognition
Robert Doyle

On June 1, 2011, while waiting to pull into traffic, Mr. Robert Doyle witnessed an accident involving an SUV striking a motorcycle broadside and ejecting its rider onto McDowell Road. Without hesitation, and with no thought to his own safety, Mr. Doyle ran to the injured rider, Mickey, to assist him. He removed his own belt to be used as a tourniquet on the severely injured leg of the rider and maintained sufficient pressure to slow the bleeding. He remained at Mickey's side until professional help arrived. It was noted that in all probability, Mr. Doyle had not only saved his leg, but his life, as well.

Mr. Doyle is to be commended for his selfless act, which saved Mickey from the imminent danger of approaching traffic. His quick thinking and his actions clearly saved Mickey's life and prevented further injury.

In recognition of his heroic efforts, it is with great pride that Mr. Robert Doyle is presented this Letter of Recognition from the Arizona State Senate.

Russell Pearce, Senate President
