STATE OF THE STATE
FIFTIETH LEGISLATURE
SECOND REGULAR SESSION
GOVERNOR JANICE K. BREWER
JANUARY 9, 2012

Good afternoon.

Speaker Tobin, President Pierce, Honorable Senators and Representatives of the Centennial Legislature, Chief Justice Berch and Justices of the Supreme Court, constitutional officers, tribal leaders, honored guests, and my fellow Arizonans:

I probably don't have to tell you that I love Arizona. It's my home. It's our home. It's an extraordinary place.

After a long, hard day, I look forward to walking into my garden to rest and to relax, enjoy the wildlife, watch the sun set, and plan for the challenges ahead. Yes, even including preparing for a State of the State address.

But, it's impossible to be in this chamber today, and not recall that terrible day a year ago – a day that is now a part of our history – the day evil came on a sunny morning in Tucson. We knew Saturday, January Eighth, 2011 -- would be a mark on our memory: Fixed. Forever. We knew that time could not wash it away. So, we remember. And, in that reflection – today -- the tears belong to Arizona. I know countless prayers have been offered this past year -- and continue to be offered--for those we lost -- Judge John Roll, Dot Morris, Phyllis Schneck, Dorwan Stoddard, Gabe Zimmerman and Christina Taylor Green. Though the completeness of life has been broken by their absence -- we continue with their memory close to our hearts. And, we celebrate the continuing – and inspirational -- recovery of those who were wounded in the attack -- including Congresswoman Gabby Giffords – our friend and colleague.

We emerge from tragedy and crisis because we're Arizonans – we're western strong. We enter our Centennial Year proud of the land that our founding pioneers both tamed and developed -- while they were tested by time and circumstances. The great names ... Udall ... Hayden ... McFarland ... Fannin ... Pyle ... Rhodes ... and Goldwater ... -- They're all giant bookmarks in the pages of Arizona history.

And, yes, there were women, too, who have rightly taken their place in those pages, -- women like Lorna Lockwood. She was elected to the Arizona Supreme Court in 1960 and served as vice chief justice and chief justice. She became the first woman chief justice in Arizona and in U.S. history. We're proud to be their children. Proud of what they gave us.

Arizonans – native-born and coming from all parts of the nation and world – found their opportunity to succeed or fail in the last great frontier of the continental United States and built this state. So let us, here today, make this pledge for Arizona's second century: We will not betray their confidence or squander our state inheritance! Arizona will remain the last frontier of opportunity! I've always held a special place in my heart for these Arizona pioneers – I've always been inspired by their strength -- their sense of family and heritage – their reverence for tradition...

Many of the images you'll see on the screen today were taken by Scott Baxter, part of a Centennial Legacy Project called 100 Years 100 Ranchers – memorializing Arizona ranching families who have been on the land for more than 100 years. As you can see, Scott's work beautifully captures the strength and dignity of the Arizona rancher, and we are grateful for his work, allowing all of us to see deeply into our roots. We're proud to have Scott here today ... Scott would you please stand and allow this Chamber to thank you for your great gift and outstanding work.

These titans of the century that we're leaving behind understood – and it's important for us to remember – that the federal government played a key role in the development of Arizona. It's an example of how federal and state cooperation can – and should – work.

Now, as you might have heard, I take a back seat to no one when it comes to taking on Washington D.C. – when it comes to standing up for Arizona. But, there was a time when we could forge the RIGHT partnership with Washington, unfortunately, in far too many instances -- that's just not true anymore. Today, Arizonans and Americans are saying to Washington, D.C.: We don't like an ever-expanding government threatening our personal liberties. We don't like government living beyond its means and trying to be everything to everyone. We don't like unconstitutional -- and unfunded -- health care mandates. And, by the way -- we don't like open borders either.

We have so many monuments in Arizona that remind us of how things are supposed to work -- in partnership with Washington. Last March, I was privileged to help mark the 100th anniversary of the Theodore Roosevelt Dam, a great monument built at a place the early pioneers called "the crossing." The crossing in the Salt River was where Native Americans, farmers, and ranchers would ford the river, in the narrow gorge just below the confluence of the Salt River and Tonto Creek. President Roosevelt's signature on the Reclamation Act of 1902 supplied the funding mechanism for the dam -- and other projects – triggering the development of the Salt River Valley and the greater Phoenix metropolitan area by providing an assured water supply.

JOURNAL OF THE SENATE
Monday, January 9, 2012

Another monument to federal-state cooperation started in 1973, at Lake Havasu, and ... twenty years, 336 miles and \$4 billion later -- the Central Arizona Project was completed -- bringing life-sustaining water to cities, and farms and Native American communities.

In October of last year, I had the honor of helping dedicate the O'Callaghan-Tillman Memorial Bridge. It's an extraordinary structure --the product of the late Arizona Congressman Bob Stump's relentless pushing and prodding. The bridge restores the freedom to move commercial traffic across Hoover Dam.

With the completion of the bridge, now is the time to add another monument to federal-state cooperation -- the future interstate highway linking Phoenix and Las Vegas -- the "I-11." It will connect two of the fastest growing metropolitan areas in the country. By the way -- these are the two largest cities in the nation not connected by the inter-state highway system. This project will promote commerce, tourism and trade across the western United States. We must not wait. These are markers to celebrate and to revere.

Still, we all remember Arizona's dark times as we headed into 2009. I took the helm of a ship I cherished -- but it was a ship that was sinking, weighed down by over-spending and expanding bureaucracy -- and -- quite simply -- poor navigation. Frankly, those dark times are worth remembering -- so we can truly appreciate how far we've come -- together. I know the struggles in this chamber were not fun. I know sometimes tempers were frayed -- patience abandoned, and decorum tested. But, I also know this ... Arizona has been saved. And, you were a part of that great mission. We all know it wasn't by accident. We had a plan -- and, it was the right plan. How do I know? Because I stand here in front of you, and proudly say ... Ladies and gentlemen, Arizona now has a balanced budget! Arizona now has a positive cash balance!

But, there's more ... Our State Government is smaller. Our State Government is more efficient. Our State Government is focused on the future. Now, an integral part of our recovery plan was the passage of Proposition 100 -- the one-cent sales tax approved overwhelmingly by the voters for three years. The voters were promised it would be temporary. Many doubted that. Well, I gave my word to the voters. And, a promise is a promise ... So, I'm here today to say: This tax will end on my watch! This tax will end after three years in 2013.

We're blessed to live in a growing state where Arizona families will --- and should --- turn to public schools with confidence to educate their children. Our state is a leader in allowing parents to choose a school that best meets their children's needs. We must find a way to fund the results we want and reward those educators who guide us into our next century. That's my commitment to children for the next century -- quality teachers -- a safe environment -- a setting of parents' choosing -- data driven decisions and the highest of standards. That's the foundation for job creation -- something we're doing as a part of the great Arizona comeback

We're creating jobs -- 46,000 of them in the last year alone. In fact, Arizona's job growth ranks 7th best in the nation. Not bad, my friends, not bad at all. And, we're just getting started! There's more good news. Our state credit outlook has stabilized. Companies are again locating in Arizona -- attracted by our lean regulations -- competitive tax policies and ready workforce. While this is all great news -- it's not enough.

Too many Arizonans remain unemployed or underemployed. This economic downturn has been tough for them and their families. I haven't forgotten about them. Together with all of you here, I intend to do everything in my power to help Arizonans prepare for our ever-changing economy. Together, just like last year, let's continue to lower taxes, cut regulation and tell all employers that Arizona means business! Arizona is open for business! We need to make Arizona the free-market beacon to the nation and the world where you have the opportunity to prosper.

How are we going to create the conditions for success? Well, today I'm releasing a detailed written policy agenda. Now, you'll be glad to hear I won't be going through it line-by-line this afternoon -- so relax. Rather, today is a day for reflection on an extraordinary milestone of Arizona's first century -- it's a time to look forward to our second century.

I asked for this job because I want to permanently reform state government. I'm here to make a difference. We're all here to make a difference. Here's what Arizonans -- the nation -- and world -- will see when we succeed: They're going to see the personal incomes of Arizonans increase. They're going to see us recapture our position as a top job creator by getting back to the fundamentals that built Arizona in the first place. They're going to see excellence and accountability in our education system. They're going to see a refashioned government equipped for our next 100 years of prosperity. It will be a limited, efficient, nimble government -- including personnel reform that improves the management of the workforce -- restructures the grievance and appeal systems -- and modifies human resource practices. And, they're going to see our passion for border security and public safety make Arizona a special place for families and businesses to thrive. Arizona deserves no less!

This past summer, Arizona faced a frightening enemy -- an enemy that threatened lives and livelihoods and the natural beauty of our state. More than 1 percent of the total land mass in Arizona burned. Those fires proved -- once again -- that federal land management policies have left our public lands overgrown and vulnerable to the kinds of massive blazes we saw last year. We need a return to responsible thinning and active management of federal lands. Here is my question to the federal government: How long will Arizona and other western states have to burn before you do something? We can't afford another disaster. Arizona is trying to lead the way with its 4 Forest Restoration Initiative. 4 FRI has been delayed almost a year now. We need a contractor to be chosen so we can start thinning our forests. 4 FRI was a truly collaborative process and it needs to be implemented now! We've done our part. We need the federal government to do its part!

Along with the physical devastation, personal tragedy struck when veteran firefighter "Dino" Classay was killed in the line of duty while responding to the Diamond Fire on the Fort Apache Indian Reservation near Whiteriver. He was a Fort Apache Hotshot Crew veteran, one of only seven all-Native American interagency hotshot crews in the country. That heroism is not uncommon in our state -- -- but, tragically -- neither is grievous loss of those who gave the last true measure of devotion for their communities and their country. They are now forever a part of Arizona -- -- part of its history of courage and sacrifice. They are Arizonans who loved their country and their state with affection only heroes can know.

Here are those in uniform Arizona lost in the past year, including a Maricopa County Sheriff's deputy killed just yesterday. Let our service in this building honor their sacrifice. Please rise and join me in saluting them.

Thank you.

On February 14, 1912, President William Howard Taft proclaimed Arizona the 48th -- and last -- of the contiguous states to enter the Union of the United States of America. Ten decades later, we celebrate Arizona's 100th anniversary of statehood and I know the Arizona Centennial Commission has been hard at work traveling the state and encouraging all Arizonans to get involved.

Nearby this Chamber is the building that was created as part of an effort to demonstrate that the Arizona Territory was ready for statehood. Its design -- by James Gordon -- called for the Capitol to be much larger -- with a more prominent rotunda and large wings for both houses of the Legislature on each side of the current building. But, a shortage of funds meant the project had to be scaled down -- to what it is today.

I think that building is a perfect symbol for this New Year. We're scaling down this government. We're making it fit what we can afford. In my mind, it's pretty simple: less government means more freedom and opportunity for Arizonans!

I'm sure you've seen that the dome of this Capitol is shining once again. I like to think that it's shining with the same copper brilliance once intended. It's a brilliance that says ... Arizona's gleam is back, and, its future is bright. There's just one problem ... most of our Capitol Complex -- including the building we gather in today, is not ours. So, to fortify that symbol -- to make all of our capitol truly ours once again -- I'm asking that you send me a bill by Statehood Day that allows me to buy back the Capitol Complex! Together, we can celebrate the burning of that mortgage!

JOURNAL OF THE SENATE
Monday, January 9, 2012

And, just east of Phoenix International Raceway -- near Turn #4 -- there is a hill often used for seating called Monument Hill. Toward the top of the hill is another symbol -- it's a little known historical marker with a concrete "X." Called the Initial Point, its where surveys for the state first began and still remains the site for all surveys conducted in Arizona. As the official midpoint of the state, Monument Hill is essentially "the heart of Arizona." The Arizona Centennial -- like the monuments that mark Arizona's 100 year-old path -- such as the Initial Point -- gives us a chance to set our bearings for the next century -- an opportunity for all Arizonans to share our great pride in the past, and prepare for the future with a compass heading that is true, worthy and resolute.

Ladies and Gentlemen of the Centennial Legislature, we are the Architects of our Second Century. So, will you please join me as we continue to re-build this great state -- a state with restrained regulation -- limited government -- a steadfast commitment to the 10th Amendment -- an unwavering commitment to advancing freedom. I ask you, once again, to join me in securing those freedoms:

-- Freedom to build a business -- without suffocating regulation.

-- Freedom to build a life and to raise a family -- without the "nanny state" interfering.

-- Freedom to speak the truth about government -- and those who would lead it -- without fear of retribution.

-- And freedom to increase your income -- without someone telling you that you're making too much money.

However, freedom should never be separated from responsibility. So, I'm asking every one of you in this room -- every Arizonan beyond these walls -- to make a personal statement in support of our Centennial year. I'm calling on everyone to make a contribution to the future -- volunteer -- volunteer at your local school -- volunteer in service at your place of worship -- volunteer at shelters, at food banks. People are still hurting. So, volunteer for the least and the lost. Volunteer to provide food or clothing to the less fortunate. Lend a hand at a charity, retirement home, hospital -- anywhere your talents, time and heart can be invested in the lives of others. Let the spirit of service be at the heart of our centennial year.

Barry Goldwater wrote an article for the February 14, 1962, edition of the *Tucson Daily Citizen* -- titled "Arizona's Next Fifty Years." He concluded his look 50 years into the future where we stand today -- with the following words: My children and grandchildren and great-grandchildren will be as happy living here as I have been during the first 50 years of statehood, because the people will remain warm and kind and thoughtful. And even though much of what we know as desert will have disappeared, there will remain a sufficient amount of natural beauty to satisfy all of the desires of the 10 million people who will live here. And, Barry Goldwater closed with -- Even though I hope to be on Cloud Nine -- or Ten -- or whatever they allot me -- I am sure that 50 years from now, I will look down on this delightful spot on earth, and be envious of the people who call Arizona their home in the year 2012. Well, we know that Barry Goldwater -- and the rest of our pillars of the past -- are still watching -- watching what we do with the next 100 years.

Our future depends on the choices we make. And, if there's one thing I learned from my mother and my years of public service it's that life is about choices. It's choosing what's tough over what's tempting. It's choosing the truthful over the false. And, it's choosing a government that's necessary -- over a government that's merely desired!

America is an exceptional nation, and I believe Arizona is an exceptional state. I believe our destiny arrives -- in this time -- and in this place -- and binds us together in some wonderful and mysterious way with the great giants of our past. I believe that we -- in this chamber -- and the people we represent -- are connected in common purpose with the Keepers of the Arizona range. To each, we say: You have shown us the way. You, and your families, plowed the fields -- harvested the crops -- mined the ore -- raised the cattle -- and endured the dust and the heat -- the rains and the wind -- to allow this territorial land to rise up as a symbol of what freedom and individual courage can create.

I hope, years from now, that my career, my record, my life ... guided by God's grace ... all stand as proof of my love for this beautiful state -- and my caring for all who call this place home.

In his, February 14, 1912 inaugural address, Governor George W.P. Hunt, concluded his remarks by saying, "I have the hope, the ambition and determination to so discharge my public trust that it will be said of me that 'he started the state off right'."

Well, I have similar hope -- and determination -- to so serve the people of Arizona that it will be said of you and me together -- one hundred years from now -- "They started the state off right ... into its Second Century."

May God bless you -- and our glorious 100-year-old state -- and may God always bless and protect the United States of America.

Thank you.

A Resolution on the remembrance of Alberta C. Tippeconnic.

Alberta C. Tippeconnic, a lifelong advocate for Arizona's American Indian Nations, passed away on December 29, 2011 at the age of seventy-one.

Born on January 20, 1940 in Ganado, Arizona, Alberta Tippeconnic was a member of the Navajo Nation and her clans were Tsénjikiní, Nenneesht'ézhí, Naatání and Honágháahnii. She served as a community advocate in Fort Defiance-Window Rock for several years and held various positions with the United States Bureau of Indian Affairs, Arizona State University and the United States Department of Labor. In 1975, she received her Bachelor's degree in political science from Arizona State University, where she went on to do postgraduate studies in environmental policy research.

Ms. Tippeconnic embarked on her long and distinguished career with the Inter Tribal Council of Arizona as a Research Director in 1976. In 1982, she was named Assistant Director of the Council, a position she held until her passing. In all of her endeavors, Ms. Tippeconnic worked diligently to improve the lives of the American Indian people and Tribal Nations through her work on vital environmental, health, jurisdictional, leadership, cultural and historical issues.

Despite the demands of her career, Ms. Tippeconnic gave freely of her time, energy and talents to various worthwhile civic and community service organizations. She was a board member of the Arizona Women's Heritage Trail, the Water Infrastructure Finance Authority and the American Civil Liberties Union of Arizona, among others. Her commitment to American Indian efforts earned her the Native American Recognition Days Phyllis J. Bigpond Lifetime Achievement Award.

Alberta Tippeconnic was preceded in passing by her beloved husband, Thomas. She will be greatly missed by her mother, Rose, her sons, Jay and Jon, her brother, Lorenzo, her daughter-in-law, her grandchildren, Tom, Troy, Tristan, Tresur and Tehya, and her many friends and colleagues.

Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate express regret at the passing of Alberta C. Tippeconnic and extend their deepest condolences to her surviving family members.

PERSONAL PRIVILEGE

Senator Aboud requested a point of Personal Privilege and read the following resolution honoring the Ronstadt family:

A Concurrent Resolution honoring the Ronstadt family for their tremendous musical contributions to the State of Arizona.

Whereas, Federico José María Ronstadt arrived in Tucson from Sonora, Mexico in 1882 to serve as an apprentice blacksmith at a wagon shop. While he went on to become an accomplished wagon maker and opened his own wagon-making establishment in 1892, Fred Ronstadt, as he was better known, was equally accomplished as a musician. He brought with him from Mexico a love of music of all kinds, and from the very beginning music was a central part of the Ronstadt family home. His children had fond memories of Fred playing guitar outdoors while singing old songs from Sonora. Around 1889, Fred and several friends formed the Club Filarmónico de Tucson, one of the city's earliest orchestral groups, for which Fred wrote much of the music; and

Whereas, Fred's children continued the family musical tradition by becoming accomplished musicians in their own right. Fred's daughter, Luisa Espinel, became an internationally known interpreter of Spanish song and dance in the 1930's. His sons, William, Alfred, Gilbert and Edward instilled in their own children a love of music and singing, and Gilbert's daughter, Linda Ronstadt, has achieved international acclaim and earned 11 Grammy Awards, two Academy of Country Music Awards, an Emmy Award and an American Latino Media Arts Award, as well as had numerous national and internationally certified gold, platinum and multiplatinum albums. Today in Tucson, a new generation — Fred's greatgrandchildren — continues the tradition of performing a unique blend of both Mexican and American folk and popular songs, both old and new; and

Whereas, for six generations, the Ronstadt family has had a profound impact on Tucson's formation and growth from a western territorial village to an urban metropolis. On the occasion of Arizona's Centennial celebration, it is indeed fitting that we honor this outstanding family for their efforts to preserve and share unique family and regional songs that have been sung in the Sonoran desert for well over one hundred years.

Therefore

Be it resolved by the Senate of the State of Arizona, the House of Representatives concurring:

That the Members of the Legislature extend well-deserved recognition to the members of the Ronstadt family and extend appreciation for their tremendous contributions to the cultural history of the American Southwest.

INTRODUCTION AND FIRST READING OF BILLS
UNANIMOUS ADOPTION OF SENATE RESOLUTION 1005

Senate Resolution 1005 was introduced and read in full by Senator Gray as follows:

A Resolution on the death of Army Specialist Michael D. Elm.

Army Specialist Michael Davis Elm died in service to his country on October 14, 2011 at the age of twenty-five.

Mike Elm was born on November 27, 1985 in Mesa, Arizona. He displayed his leadership abilities at a young age through his participation in sports, theater, comedy and Boy Scouts. He was a leader in the Youth in Government program, serving as a delegate to the state Model Legislature several times and leading successful legislative pushes. As a result of his efforts, Mike won recognition as Best Representative for two years in a row as well as a Minority Leader Award. He was also deeply involved in DECA, developing creative and humorous marketing and plans that won at local, state, regional and national levels, including one that eventually placed second in the world competition.

After graduating from Greenway High School in 2004, Mike enrolled in the University of Maryland, Baltimore County. But after a year and a half of studies there, he was not satisfied with where his life was going, so in the fall of 2009 he decided to enter the armed services. He embraced the Army and his basic training regimen, and he was named the "Honor Graduate" of the class of recruits at Fort Benning, Georgia.

Michael wanted to serve in infantry and was pleased to be assigned to the 1st Battalion, 26th Infantry Regiment, 3rd Brigade Combat Team, 1st Infantry Division at Fort Knox, Kentucky, part of "the Big Red 1" that had played crucial combat roles in World War I and World War II. He remained at Knox until his first deployment at the beginning of 2011, when he was sent to the dangerous region along the Pakistan border in Afghanistan. His unit developed its own intelligence team, and through Mike's work, the unit was able to identify and destroy 17 terrorist cells. He was his unit's self-proclaimed "Morale Officer," making jokes and pulling pranks so the difficulties of war were easier for his band of brothers to handle. Nonetheless, Mike grew restless in the safety of a desk analyst job and volunteered for field missions.

Army Specialist Elm continued to courageously volunteer for missions despite being involved in three explosions involving improvised explosive devices. He was already under consideration for his first Purple Heart when he was directly attacked with an improvised explosive device during a combat mission on October 14, 2011. He died of his wounds en route to the hospital.

Army Specialist Michael Elm was highly decorated for so brief a time in service of his country. He won the Army Achievement Medal, the Afghanistan Campaign Medal, the National Defense Service Medal, the Global War on Terror Medal, the service Ribbon, and a Purple Heart. Posthumously, he was awarded the Army Good Conduct Medal, the Army Commendation Medal, the Navy Achievement Medal, the Combat Infantry Badge, two more Purple Hearts and the Bronze Star. Michael Elm showed extraordinary dedication to preserving the freedoms we enjoy and to upholding the lofty principles on which this great nation was founded, and it is fitting that we honor his tremendous service and ultimate sacrifice to our country.

Michael Elm is greatly missed by his parents, Donna and Dennis Elm, his siblings Matt, Margie, Christy and Katie, his extended family and his many friends and comrades. On October 31, 2011, he was laid to rest with full military honors as an

American war hero in Arlington National Cemetery. His life, as well as his death, truly exemplified "so costly a sacrifice laid upon the altar of freedom."

Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate express regret at the passing of Army Specialist Michael Davis Elm and extend their deepest condolences to his surviving family members.

Senator Gray moved that Senate Resolution 1005 be unanimously adopted and that the Senate stand in a moment of silence in memory of Michael Elm. The motion carried.

Senate Resolution 1005 was signed in open session and transmitted to the Secretary of State.

MESSAGES FROM THE HOUSE

The reader read the following message and HCR 2046 was placed under Introduction and First Reading of Bills:

(February 2, 2012)

House unanimously adopted House Concurrent Resolution 2046

INTRODUCTION AND FIRST READING OF BILLS
UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2046

House Concurrent Resolution 2046 was introduced and read in full by Senator Reagan as follows:

A Concurrent Resolution proclaiming February 3, 2012 as National Wear Red Day in Arizona.

Whereas, currently some 8 million women in the United States are living with heart disease, yet only one in five American women believes that heart disease is her greatest health threat; and

Whereas, 90 percent of women have one or more risk factors for developing heart disease; and

Whereas, 26 percent of women die within a year of suffering a heart attack, compared with 19 percent of men; and

Whereas, while one in 30 American women dies from breast cancer each year, one in three dies of cardiovascular disease; and

Whereas, cardiovascular disease claims the lives of over 419,000 American females each year, almost one death per minute; and

Whereas, only 43 percent of African-American women and 44 percent of Hispanic women know that heart disease is their greatest health risk, compared with 60 percent of white women; and

Whereas, nearly as many women die of heart disease, stroke and all other cardiovascular diseases than the next three leading causes of death combined, including all cancers; and

Whereas, only 16 percent of women surveyed in 2009 identified cardiovascular disease as the greatest health problem facing them; and

Whereas, in women, heart disease is too often a silent killer. Fewer than a third of women in a recent survey reported any early warning signs such as chest pain or discomfort before a heart attack, compared with most men; and

Whereas, common symptoms for women included pain of the jaw, arm or back, but most reported a delay in seeking treatments after the symptoms began of anywhere from fifteen minutes to two weeks; and

Whereas, women are less likely to call 911 for themselves when experiencing symptoms of a heart attack than they are if someone else were having a heart attack; and

Whereas, Go Red For Women® is the American Heart Association's national call to increase awareness about heart disease-the leading cause of death for women-and to inspire women to take charge of their heart health; and

Whereas, all women should learn their own personal risk for heart disease, using tools such as the American Heart Association's My Life Check, Go Red For Women® Heart CheckUp and Go Red For Women® Better U, and by talking to their healthcare provider; and

Whereas, making the right choices relating to proper nutrition, physical activity and other healthy lifestyle choices are essential to living a heart healthy life; and

Whereas, the truth is that our lives are in our hands. We can stop our number one killer together by sharing the truth; we can be the difference between life and death.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

1. That the Members of the Legislature proclaim February 3, 2012 to be National Wear Red Day in Arizona.

2. That the Members of the Legislature support increased awareness about heart disease to empower women to reduce their risk for cardiovascular disease and urge all citizens to show their support for women and their fight against heart disease by wearing the color red on National Wear Red Day in Arizona.

Senator Reagan moved that House Concurrent Resolution 2046 be unanimously adopted. The motion carried and House Concurrent Resolution 2046 was signed in open session and returned to the House.

PERSONAL PRIVILEGE

Senator Allen requested a point of personal privilege and read a resolution honoring George "Rocky" Rockwell.

A Resolution honoring George "Rocky" Rockwell for fifty years of exceptional teaching service.

Whereas, George "Rocky" Rockwell is retiring as a teacher at Winslow High School after fifty years of outstanding service; and

Whereas, after graduating from Phoenix Union High School in 1954, Mr. Rockwell attended Arizona State College in Flagstaff where he received his B.S. degree in education in 1959 and his Master's degree in vocational education in 1962. That year, he began his employment with Winslow High School as a metal shop instructor, a position he has held for a remarkable five decades; and

Whereas, throughout his career as an educator, Mr. Rockwell strived to make a positive difference in the lives of his students over the past five decades. In and out of the classroom, he instilled in his students practical knowledge and life lessons, and his tremendous efforts have enriched the lives of countless people in the Winslow community; and

Whereas, in recognition of his exceptional record of service, Winslow Unified School District renamed the high school's industrial arts building as the George "Rocky" Rockwell Industrial Arts Building; and

Whereas, Mr. Rockwell's unwavering commitment to excellence and his dedication to the thousands of young people who have entered his classroom over the years have earned him the respect and admiration of all who have had the privilege of knowing him.

Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate congratulate George "Rocky" Rockwell on the occasion of his retirement from Winslow High School and extend well-deserved recognition for his fifty years of service to education.

 UNANIMOUS ADOPTION OF SENATE RESOLUTION 1006

Senate Resolution 1006 was introduced and read in full by Senator Griffin as follows:

A Resolution supporting the designation of July 28, 2012 as the National Day of the Cowboy.

Whereas, Arizona's pioneering men and women, known as cowboys, helped establish America's frontiers; and

Whereas, the cowboy archetype transcends gender, generations, ethnicity, geographic boundaries and political affiliations; and

Whereas, the cowboy embodies honesty, integrity, courage, compassion and determination; and

Whereas, the cowboy spirit exemplifies patriotism and strength of character; and

Whereas, the cowboy is an excellent steward of the land and its creatures; and

Whereas, the core values expressed within the Cowboy Code of Conduct continue to inspire the pursuit of the highest caliber of personal integrity; and

Whereas, cowboy traditions have been part of the American landscape and culture since 1523, and today's cowboys and cowgirls continue to strive to preserve and perpetuate this unique element of America's heritage; and

Whereas, the cowboy continues to be an important part of the economy through the work of approximately 656,500 ranches in all fifty states; and

Whereas, annual attendance at rodeos exceeds 30,000,000 fans worldwide; and

Whereas, membership and participation in the National Day of the Cowboy organization, Single Action Shooting Society, Work Ranch Rodeo Association, Cowboy Mounted Shooting Association, American Quarter Horse Association, Pro Rodeo Cowboys Association, Championship Bull Riding, Women's Professional Rodeo Association, the Western Music Association and other organizations that encompass the livelihood of the cowboy continue to expand both nationally and internationally; and

Whereas, the cowboy and his horse are a central figure in literature, art, film, poetry, photography and music; and

Whereas, the cowboy is a true American icon occupying a central place in the public's imagination.

Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate express support for the designation of July 28, 2012 as the National Day of the Cowboy and encourage the people of Arizona to observe the day with appropriate ceremonies and activities.

MESSAGES FROM THE HOUSE

(February 16, 2012)

House unanimously adopted House Concurrent Resolution 2019

INTRODUCTION AND FIRST READING OF BILLS
UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2019

House Concurrent Resolution 2019 was introduced and read in full by Senator Gray as follows:

A Concurrent Resolution supporting the international participation of Taiwan.

Whereas, the Republic of China (Taiwan) became Asia's first republic in 1911. Over the past two decades Taiwan has been praised as a beacon of democracy for Asia and has taken great steps forward to enter the world arena as a trusted partner; and

Whereas, Taiwan is not currently permitted to join many international organizations, preventing it from making significant contributions to the world arena in such areas as economy, aviation, health and climate; and

Whereas, the Republic of China (Taiwan) has achieved economic and social stability and is currently the world's 16th largest trading nation. In 2010, United States exports to Taiwan increased by 43%, and Taiwan sent 25 procurement missions to the United States between 1978 and 2009, which have enhanced the mutually beneficial trade relations and permanent friendship between the two countries; and

Whereas, Taiwan's continuing absence from international climate organizations has impeded its ability to respond to natural disasters such as Typhoon Morakot in 2009. Similarly, Taiwan's absence from international organizations dealing with airline safety and security has left a gap in the international aviation security system, as Taiwan is a key transport hub in the Asia-Pacific region and has one of the world's largest airports by cargo volume, Taoyuan International Airport; and

Whereas, the Taiwan government highly values its relations with the United States and continually seeks to demonstrate its willingness to contribute its resources and expertise to the international community. Taiwan seeks to contribute to peace, freedom and security in the world as a responsible stakeholder and peaceable nation of 23 million citizens through the Republic of China's policies, such as "viable diplomacy" in foreign affairs and its pragmatic approach to relations with mainland China; and

JOURNAL OF THE SENATE
Thursday, February 16, 2012

Whereas, Arizona has had a strong economic and cultural relationship with Taiwan since establishing sister-state relations more than thirty years ago and is proud to join more than 23 other states in passing resolutions supporting Taiwan's international participation.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature support the participation of Taiwan in the international community, the World Health Organization, the International Civil Aviation Organization and the United Nations Framework Convention on Climate Change.

Senator Gray moved that House Concurrent Resolution 2019 be unanimously adopted. The motion carried.

House Concurrent Resolution 2019 was signed in open session and returned to the House.

COMMITTEE OF THE WHOLE

Upon motion of Senator Biggs and agreed to, the Senate at 2:19 p.m. resolved itself into Committee of the Whole for consideration of bills on the calendar with Senator Reagan in the chair.

A Resolution on the death of United States Border Patrol Agent Brian A. Terry.

United States Border Patrol Agent Brian Terry died on December 15, 2010, at the age of forty.

Brian Terry was born in Lincoln Park, Michigan, on August 11, 1970 to Josephine and Kent Terry. At the age of six, Brian and his family moved to Flat Rock, Michigan.

Brian was known by classmates for his sense of humor and his willingness to help others. He ran cross country in high school.

Growing up, Brian had a love for law enforcement. He would visit his Uncle Bob, a police officer in Lincoln Park, Michigan, who would give Brian tours of the police station.

After high school, Brian enlisted in the United States Marine Corps. After boot camp in Camp Pendleton, California, he spent most of his four year tour of duty in Naples, Italy. Brian then returned to Michigan and earned an associate degree in criminal justice from Henry Ford Community College. Brian began his law enforcement career in 1998 with the Ecorse Police Department. After two years, he transferred to the Lincoln Park Police Department.

Although he was a decorated police officer, Brian decided to apply with the United States Border Patrol. He was accepted in 2007, and graduated President of his class at the Border Patrol Academy in El Paso, Texas. He was assigned to the Naco Station in Bisbee, Arizona.

Brian was approved as a member of the elite tactical unit known as BORTAC.

On December 14, 2010, Brian was conducting operations as a member of BORTAC in Nogales, Arizona. Brian and his team were targeting a "rip crew," which seeks to rob and assault drug runners. Brian and his team encountered five people in the Peck Well area near Rio Rico. Brian was shot in the lower back during an exchange of gunfire and died the next day.

Brian Terry is survived by his parents, Kent and Josephine, his brother Kent, his sisters, Michelle and Kelly, five nieces and one nephew.

Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate express regret at the death of Brian A. Terry and extend their deepest condolences to his surviving family members.

Senator Smith moved that Senate Resolution 1008 be unanimously adopted and the Senate stand in a moment of silence in memory of Brian Terry. The motion carried.

Senate Resolution 1008 was signed in open session and transmitted to the Secretary of State.

SECOND READING OF BILLS

The following bills were read the second time by number and short title:

House Bills 2089, 2090, 2151, 2248, 2369, 2374, 2396, 2408, 2428, 2563, 2605

PERSONAL PRIVILEGE

Senator Allen asked for a point of Personal Privilege and requested that without objection, her remarks of more than 200 words relating to border security be entered into the Journal:

Mr. President, a week ago, the Capitol Times printed a story disputing my statements concerning Hezbollah terrorists coming across our unsecured, unprotected southern border into the U.S. Quoting PolitiFact, the Capitol Times article claimed that "there is little evidence that Hezbollah is working in Mexico," and that there is even "less public support for the idea that [Hezbollah's] presence poses a 'very significant threat' to the U.S." The article undermines the need for additional law enforcement support on the Arizona/Mexico border, which is the purpose of my bill, SB1083, which establishes an Arizona Special Missions Unit to organize a state-based mobile force to assist law enforcement under the direction of the governor. I would like to go on record as stating that there is indeed ample evidence of terrorist activity coming across the border, including activity by Hezbollah. On Feb. 2, 2012, Former Chief of Operations for the U.S. Drug Enforcement Agency, Michael Braun, testified before Congress about Iran's growing influence along the southern United States Border. Braun testified that the terrorist group, Hezbollah, has developed strong, sophisticated relationships with Mexican drug cartels. "And by developing those relations it provides them with the ability to operate far from home in our neighborhood and – as I said earlier – on our doorstep," he replied. At the same hearing, "Rep. Michael McCaul (R-Texas), committee member and chairman of the Homeland Security Committee's Subcommittee on Oversight and Investigations, asked about Hezbollah's relationship to criminal organizations in the Western Hemisphere and what it means for U.S. security. Braun replied with the warning that those relationships allow "these groups to operate freely in our neighborhood" and said the U.S. would regret it if the threats were not taken seriously." On February 9, 2012, Zachary Taylor, a former Border Patrol Agent who is now Vice Chairman of the National Association of Former Border Patrol Officers, appeared on national television and described the known relationship between cartel tunnels used for smuggling and the Shia militant group Hezbollah. According to Mr. Taylor, "Muslim cleric, Abdullah al-Nafsi," said that "there is no need for airplanes and planning; one man with the courage to carry a suitcase of anthrax through the tunnels from Mexico to the United States could kill 330,000 Americans in one hour." But documented examples of terrorists slipping across our southern border are not new. Consider the following:

In February 2001, Mahmoud Kourani (the brother of Hezbollah's security chief in southern Lebanon) crossed the border from Tijuana [south of California] in the trunk of a car, eventually settling in Dearborn, Michigan. Kourani, who had received training in weapons, intelligence, and spy craft in Iran, bribed a Mexican embassy official in Beirut to obtain a visa. In December, 2002, Salim Boughader was arrested for smuggling 200 Lebanese, including Hezbollah operatives, across the border. Boughader had previously worked for Hezbollah's Al-Manar TV satellite network. In July 2004, a woman named Farida Goolam Mohamed Ahmed was arrested at a Texas airport boarding a flight to New York after she either walked or swam across the Mexican

border into Texas. According to the *Washington Post*, she was connected to a Pakistani terrorist group and was believed to be ferrying instructions to U.S.-based al-Qaeda operatives. In January 2005, two Hamas operatives, Mahmoud Khalil and Ziad Saleh, were arrested as part of a criminal enterprise in Los Angeles. Both had entered the U.S. after paying a smuggler \$10,000 each to take them across the border. In November, 2005, Texas Congressman John Culberson described on national TV how an Iraqi al-Qaeda operative on the terror watch list was captured living near the Mexico-Texas border. In addition, Texas border sheriffs reported in the same newscast that there were, at that time, in operation, in the open, in Mexico just across from Brownsville, at least one — and probably three — narco-terrorist training camps, run by the Zetas, a paramilitary force that is the muscle and the army for the Gulf cartel. The sheriffs told Congressman Culberson about another narco-terrorist training camp operating outside of Del Rio, about 40 miles southwest.

Those are just a few examples of terrorists who were identified or captured. We have no idea how many other terrorists may have slipped across our unprotected border undetected. We do know that U.S. Border Patrol agents apprehended 59,017 “Other-Than-Mexican” illegal aliens through October 7, 2010. Of those, more than 800 came from terrorist-watch or middle-eastern countries, such as Pakistan, Afghanistan, Syria, Cuba, Somalia, Iran, and Saudi Arabia. Terrorism expert Patrick Poole reported to my committee last year that the first al Qaeda cell in the United States was located right here in Tucson. Tucson has been called the “birthplace of al Qaeda in America.” The 9/11 Commission Report has 59 references to terrorist activity in Arizona and makes reference to a classified CIA/FBI report titled “Arizona’s Long-Range Nexus for Islamic Extremists.” In 2010, two terrorist operatives from Bangladesh were arrested when they attempted to cross the border in Naco. FBI Director Robert Mueller testified to Congress in March 2005 that “there are individuals from countries with known Al Qaeda connections who are changing their Islamic surnames to Hispanic-sounding names and obtaining false Hispanic identities, learning to speak Spanish and pretending to be Hispanic.” Four weeks ago, Fox News reported that an Iranian-published book about suicide bombers was found in the Arizona desert near the Mexican border.

The January 27 Fox News report states that the “book, ‘*In Memory of Our Martyrs*,’ was spotted by a U.S. Border Patrol agent out of the Casa Grande substation who was patrolling a route known for smuggling illegal immigrants and drugs. Published in Iran, it consists of short biographies of Islamic suicide bombers and other Islamic militants who died carrying out attacks.” Don’t tell me that there is no evidence of terrorists on our border or that we shouldn’t be concerned about terrorists entering the United States from Mexico. The threat is documented. The threat is real. The threat grows larger every day. A few weeks ago, near Tucson, a body was found that had been beheaded. The next time reporters want to deny the existence of terrorists on our border, I hope they will investigate more thoroughly and make sure they have all the facts.

Thank you, Mr. President.

House Bill 2060 was withdrawn from the Committee on Appropriations and referred to the Committee on Public Safety and Human Services.

ORDER OF BUSINESS

The Senate would revert to the Order of Business, Introduction and First Reading of Bills.

INTRODUCTION AND FIRST READING OF BILLS
 UNANIMOUS ADOPTION OF SENATE RESOLUTION 1007

Senate Resolution 1007 was introduced and read in full by Senator Shooter as follows:

A Resolution supporting the designation of the Marines Corp Air Station Yuma as the primary site for basing and training Marine Corps F-35 Joint Strike Fighter squadrons.

Whereas, local community governments have actively supported the United States Department of Defense military missions at the Marine Corp Air Station (MCAS) Yuma; and

Whereas, MCAS Yuma is one of the Marine Corps' premier training bases with a primary mission to provide aviation ranges, support facilities and services that enable Marine Corps commands, visiting military and interagency forces to enhance their mission capability and combat readiness; and

Whereas, the Department of Defense has developed a new fighter aircraft, the F-35 Joint Strike Fighter; and

Whereas, MCAS Yuma has been selected as a contingent interim F-35 Joint Strike Fighter Pilot Training Center; and

Whereas, MCAS Yuma is being considered as a primary site for basing and training the Marine Corps F-35 Joint Strike Fighter squadrons; and

Whereas, the natural and geographic assets in or near the Yuma community distinguish MCAS Yuma from all other potential training sites for this new aircraft; and

Whereas, its location in the desert southwest and proximity to the Barry M. Goldwater Range and the Chocolate Mountain Range uniquely position MCAS Yuma to provide high quality training in a variety of conditions; and

Whereas, ideal flying weather, hundreds of miles of restricted airspace, large aerial training ranges and lack of encroachment issues will ensure mission viability of the F-35 Joint Strike Fighter at MCAS Yuma well into the future; and

Whereas, the Yuma community has strongly and vigorously supported the MCAS Yuma mission with strong land use planning over many years and recognizes its importance to our state and nation.

Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate strongly support the designation of the Marine Corps Air Station Yuma as the primary site for basing and training Marine Corps F-35 Joint Strike Fighter squadrons.

Senator Shooter moved that Senate Resolution 1007 be unanimously adopted. The motion carried.

Senate Resolution 1007 was signed in open session and transmitted to the Secretary of State.

House unanimously adopted House Concurrent Resolution 2061

INTRODUCTION AND FIRST READING OF BILLS
UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2061

House Concurrent Resolution 2061 was introduced and read in full by Senator Nelson as follows:

A Concurrent Resolution supporting the F-35 training mission at Luke Air Force Base.

Whereas, the State of Arizona supports the current mission of Luke Air Force Base for training F-16 fighter pilots in support of our nation's defense; and

Whereas, Luke Air Force Base and Goldwater Gunnery Range provide a cost-effective location for the current mission as well as follow-up missions; and

Whereas, the F-35 Lightning II is critical to the future defense of the United States, and Luke Air Force Base, with its superb flying weather and outstanding facilities and infrastructure, is the right choice to train Air Force pilots in this next generation aircraft; and

Whereas, the State of Arizona strongly supports the continued operation of Luke Air Force Base as an Air Force flight training base and pledges to continue to support Luke Air Force Base.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature strongly support the F-35 training mission at Luke Air Force Base.

MESSAGES FROM THE HOUSE

(February 7, 2012)

House passed on Third Reading House Concurrent Resolution 2041 (56-0-3-0-1)

INTRODUCTION AND FIRST READING OF BILLS
UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2041

House Concurrent Resolution 2041 was introduced and read in full by Senator Landrum Taylor as follows:

A Concurrent Resolution honoring Girl Scouts of the USA on its one hundredth anniversary.

Whereas, for more than 100 years, Girl Scouts of the USA (Girl Scouts) has inspired girls around the world to lead with courage, confidence and character; and

Whereas, the Girl Scout movement began on March 12, 1912, when Juliette "Daisy" Gordon Low, a native of Savannah, Georgia, organized a group of 18 girls to provide them with the opportunity to develop physically, mentally and spiritually; and

Whereas, Miss Low's goals were to bring together girls of all backgrounds to develop self-reliance and resourcefulness and to prepare each girl for a future role as a professional woman and active citizen outside the home; and

Whereas, within a few years, there were nearly 70,000 Girl Scouts throughout the United States, including the territory of Hawaii; and

Whereas, Girl Scouts established the first troops for African-American girls in 1917 and the first troops for girls with disabilities in 1920; and

Whereas, today more than 50,000,000 women in the United States are alumnae of the Girl Scouts, and approximately 3,300,000 girls and adult volunteers are active members of the Girl Scouts; and

Whereas, the robust program of Girl Scouts helps girls develop as leaders and build confidence by learning new skills and discovering herself and her values; and

Whereas, through their participation in Girl Scout activities and programs, girls develop such skills as critical thinking, problem solving, cooperation and team building, conflict resolution, advocacy and other vital skills that will remain with them throughout their lives; and

Whereas, healthy living programs help each Girl Scout to maintain a healthy body, an engaged mind and a positive spirit by teaching them about fitness and nutrition, body image, self-esteem and relational issues, especially bullying; and

Whereas, Girl Scouts promotes financial literacy, most notably through the iconic Girl Scout Cookie Program, which helps girls set financial goals and gain the confidence needed to ultimately take control of their own financial future; and

Whereas, by bringing greater attention to the health, education, and developmental needs of girls, Girl Scouts provides a voice for girls with policymakers, business leaders, educators, and all other stakeholders who care about the healthy growth and development of girls; and

Whereas, Girl Scouts of the USA is recognizing its 100th anniversary by designating 2012 as the "Year of the Girl".

Therefore

JOURNAL OF THE SENATE
Monday, March 12, 2012

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature congratulate Girl Scouts of the USA on the auspicious occasion of its 100th anniversary and honor this outstanding organization for a century of empowering girls to lead with courage, confidence and character.

INTRODUCTION AND FIRST READING OF BILLS
 UNANIMOUS ADOPTION OF SENATE CONCURRENT RESOLUTION 1013

Senate Concurrent Resolution 1013 was introduced and read in full by Senator Griffin as follows:

A Concurrent Resolution commending the Nation of Israel for its longstanding friendship with the United States and the State of Arizona.

Whereas, Israel has been granted her lands under and through the oldest recorded deed as reported in the Old Testament, a tome of scripture held sacred and revered by Jews and Christians alike as the acts and words of God; and

Whereas, as the Grantor of said lands, God stated to the Jewish people in the Old Testament, in Leviticus 20:24, "Ye shall inherit their land, and I will give it unto you to possess it, a land that floweth with milk and honey"; and

Whereas, God has never rescinded his grant of said lands; and

Whereas, along with the grant of these lands to the Jewish people, God provided for the non-Jewish residents of the land in commanding that governance must be in one law for all without drawing distinction between Jewish and non-Jewish citizens, as contained in Leviticus 24:22; and

Whereas, the Nation of Israel declared its independent control and governance of said lands on May 14, 1948, with the goal of reestablishing their God-given lands as a homeland for the Jewish people; and

Whereas, the United States of America, having been the first country to recognize Israel as an independent nation and as Israel's principal ally, has enjoyed a close and mutually beneficial relationship with Israel and her people; and

Whereas, indeed, Israel is the United States of America's greatest friend in the Mideast; and

Whereas, the roots of Israel and the roots of the United States are so intertwined that it is difficult to separate one from the other under the word and protection of almighty God; and

Whereas, there are those in the Middle East who have sought to destroy Israel from its inception as a nation; and

Whereas, those same haters of Israel also hate, and seek to destroy, the United States of America; and

Whereas, the State of Arizona and the nation of Israel have enjoyed cordial and mutually beneficial relations since 1948, a friendship that continues to strengthen with each passing year.

Therefore

Be it resolved by the Senate of the State of Arizona, the House of Representatives concurring:

That the Members of the Legislature express their support for Israel in its natural and God-given right of self-governance and self-defense on its own lands, recognizing that Israel is neither an attacking force nor an occupier of the lands of others, and that peace can be afforded in the region only through a united Israel governed under one law for all people.

Senator Griffin moved that Senate Concurrent Resolution 1013 be unanimously adopted. The motion carried.

Senate Concurrent Resolution 1013 was signed in open session and transmitted to the House.

INTRODUCTION AND FIRST READING OF BILLS
UNANIMOUS ADOPTION OF SENATE CONCURRENT RESOLUTION 1027

Senate Concurrent Resolution 1027 was introduced and read in full by Senator Griffin as follows:

A Concurrent Resolution on the death of Earl H. Moser.

Earl H. Moser died on July 12, 2011 at the age of seventy.

Earl H. Moser was born in Florence, Arizona on June 27, 1941 and was a lifelong Arizonan. After graduating from Willcox High School in 1960, he remained in the Willcox area where he owned and operated many farms. He became owner and broker of Hidalgo Realty when his father-in-law, Johnny Hidalgo, passed away in 1986. He changed the business name to Willcox Real Estate Company, which proved to be a good move with the coming of the computer "search." Earl's passion was farming, however, and he was very successful in operating and selling farms. An FFA American Farmer, he remained active with farming until the time of his death.

Earl Moser was a leader in numerous civic, farming and charitable organizations. His Rotary Club experiences began when he traveled to India as a member of the Rotary Group Exchange Team from southern Arizona in 1976. Among his many accomplishments, he served as president of the Willcox Rotary Club, assistant governor of Rotary International District 5500 and member of the Arizona and Cochise County Farm Bureaus, for which he was awarded the Bureau's 2010 Heritage Award. Earl Moser was also an active and dedicated member of the Church of Jesus Christ of Latter Day Saints.

Earl Moser was an avid supporter of young people as he attended the local high school sports events and sponsored at least 100 league teams in Willcox over the years. He carefully and purposefully selected many deserving 4-H and FFA animal projects to purchase at auction at the Cochise County Fair, and he anonymously supported numerous youth on church missions.

A loving and devoted husband and father, Earl Moser will be greatly missed by his wife of nearly fifty years, Linda, his children, Peggy, Dean, Patti, Cathy, Cindy and David, his thirty-four grandchildren, his seven great-grandchildren, and his surviving sisters and brother.

Therefore

Be it resolved by the Senate of the State of Arizona:

JOURNAL OF THE SENATE
Thursday, March 22, 2012

That the Members of the Legislature express regret at the passing of Earl H. Moser and extend their deepest condolences to his family and many friends.

Senator Griffin moved that Senate Concurrent Resolution 1027 be unanimously adopted and that the Senate stand in a moment of silence in memory of Earl Moser. The motion carried.

Senate Concurrent Resolution 1027 was signed in open session and transmitted to the House.

COMMITTEE OF THE WHOLE

Upon motion of Senator Biggs and agreed to, the Senate at 9:29 a.m. resolved itself into Committee of the Whole for consideration of bills on the calendar with Senator Murphy in the chair.

At 9:40 a.m., the Committee of the Whole was dissolved and Senator Murphy submitted the following recommendations:

House Bill 2689, do pass amended

March 28, 2012

The Honorable Andy Tobin
Speaker of the House
Arizona House of Representatives
1700 West Washington
Phoenix, Arizona 85007

Re: House Bill 2757 (billboards; changing message; authorization)

Dear Speaker Tobin,

Today, I vetoed House Bill 2757. This bill allows electronic billboards capable of changing messages to be placed in public rights-of-way along state highways, and sets standards for display transition times.

The Legislature and outdoor advertising companies seek to make existing electronic billboards lawful under Arizona Revised Statutes. There is a legitimate need to update Arizona's outdoor advertising laws in order to reduce confusion and accommodate advancements in technology and business development.

I am also mindful, however, of Arizona's unique position as a national leader in astronomy and stargazing, thanks to our dark skies. Arizona is fortunate to be home to important astronomy installations across the state, including Lowell Observatory, in Flagstaff, Kitt Peak National Observatory, outside Tucson, and Mount Graham International Observatory, near Safford and managed by the University of Arizona. The astronomy industry has invested \$1.2 billion in Arizona, represents more than 3,300 jobs and has an estimated economic impact of \$250 million each year.

I simply refuse to place all of this in jeopardy.

I am confident a balance can be achieved that benefits both industries. For this reason, I have vetoed House Bill 2757 with the assurance that the sponsor will complete the work necessary to draft legislation that allows outdoor advertising companies to remain viable while identifying standards – governing aspects such as illumination, timing and buffer areas – in order to protect the astronomy community. The Arizona Department of Transportation will play a key role in these standards, filling the gap where county and city ordinances may be silent. To this end, I have tasked Director John Halikowski with updating antiquated rules related to outdoor advertising.

This is a valuable opportunity in which the State of Arizona can both preserve its astronomy industry and update state law to accommodate new technology. I ask that members of both communities – astronomy and outdoor advertising – work in good faith in order to reach a mutually-agreeable compromise that advances our state.

This session or next, I expect to receive legislation governing this issue that I can sign into law.

Sincerely,

/s/Janice K. Brewer
Governor

Re: House Bill 2362 (state parks revenue fund)

Dear Speaker Tobin,

Today, I vetoed House Bill 2362. This bill would have made all funds at Arizona State Parks Department non-appropriated. The intent was to address concerns that were raised regarding certain land usage agreements involving the Parks Department and fund transfers. Concerns were raised that the transfers impacted these land usage agreements. Unfortunately, this legislation does not achieve the desired outcome.

My staff has been working with the sponsor, Representative Karen Fann, and the Parks Department. With Representative Fann's leadership, they have developed stronger language, considered better solutions for fulfilling land usage agreements and addressed financial issues at the Parks Department. First, they are proposing language that ensures monies will not be appropriated in a manner that is inconsistent with the restrictions in a lease or deed to a property. Secondly, they have developed language that will address another issue that was discovered recently, how the proceeds from sales by Parks can be retained in the Park's system.

JOURNAL OF THE SENATE
Monday, April 2, 2012

I applaud Representative Fann's efforts to create a stronger and more vibrant parks system. I look forward to strengthening the language in this legislation.

Sincerely,

/s/Janice K. Brewer

On April 2, 2012, the Governor vetoed House Bill 2647 with the following message:

April 2, 2012

The Honorable Andy Tobin
Speaker of the House
Arizona House of Representatives
1700 West Washington
Phoenix, Arizona 85007

Re: House Bill 2647 (county stadium districts; Rio Nuevo)

Dear Speaker Tobin,

Today, I vetoed House Bill 2647 (county stadium districts; Rio Nuevo). This bill would have increased the general fund tax revenues being diverted to the Rio Nuevo Multipurpose Facilities District above what is allowed under current law. Regardless of the potential benefits of this legislation, it is unwise to enact legislation that has a fiscal impact or changes tax policy until we have reached an agreement on projected revenues and appropriated expenditures as part of a state budget for Fiscal Year (FY) 2013.

I fought hard to provide Arizona voters the opportunity to vote on Proposition 100. Arizona voters overwhelmingly voted in favor of Proposition 100 in order to maintain funding for education, health and human services, and public safety. As you know, a budget agreement has not been reached due, in part, to differences in funding key areas of state government encompassed by Proposition 100. My FY 2013 budget is designed to protect these vital areas of state government and to fulfill the Proposition 100 mandate given by Arizona voters. I cannot sign into law HB 2647, or any other measure with a fiscal impact, while other critically important funding issues relating to Arizona schools, the state's most vulnerable populations, and public safety remain unresolved in the state budget.

Arizona taxpayers do not want a budget that fails to provide sufficient monies to Arizona schools and students. As you know, the Legislature joined me last year in passing Move on When Reading, which ends the social promotion of children who are unable to read by third grade. Beginning next year, schools across Arizona will be required to develop comprehensive reading assessments and offer extra help to children falling behind. Now is the time to fund this program. This is not our only critical need when it comes to education. During the recent budget crisis, state support to repair and maintain schools and purchase new books, library materials, and other "soft capital" items dropped to nearly nothing. For example, some schools need new roofs, while other schools need new air conditioners. Some schools need both. Other schools have overdue plumbing or electrical problems. We must address these maintenance needs before one of our schools experiences a failure that endangers students. Likewise, our children cannot succeed without the books and other basic materials they need in order to learn. We can and must address these issues, along with resources to drive the performance of our state universities, this year.

Arizona taxpayers do not want a budget that unnecessarily places the state's most vulnerable at risk. I advocated for Proposition 100 to minimize the impact of the state's budget situation on the most vulnerable of Arizona's citizens. It is well-known that I convened a Child Safety Task Force last summer in order to revamp Child Protective Services, and many of the reforms from that effort have already been implemented or will be shortly. Child welfare in this state faces another threat, however, due to a looming reduction in federal assistance. If these federal child welfare monies are not backfilled with state dollars, as proposed in my budget, then the state will have to reduce or outright eliminate state programs that serve the most vulnerable among us. This would impact programs such as emergency shelter for families threatened by domestic violence, child care assistance, food banks, and other basic safety net functions. I am only proposing to spend what is necessary to keep these vitally important safety net programs in place – which was, in part, the design of Proposition 100.

JOURNAL OF THE SENATE

Tuesday, April 3, 2012

Arizona taxpayers do not want a budget that shortchanges public safety. The brave correctional officers in our prisons put their lives on the line performing a dangerous but essential duty for the people of Arizona. It is an unfortunate fact that the state now has fewer authorized Correctional Officer II staff than it did in FY 2005 - but with approximately 6,000 more inmates to supervise. Insufficient staffing places officers at risk, and we have already seen assaults against prison staff increase 14 percent in just two years. We must operate our prison system as safely and securely as possible and it is imperative that we begin addressing this situation. I ask the Legislature to join with me and support funding an additional 103 correctional officers, which is an initial deposit on the 306 additional correctional officers the state ultimately needs.

No Governor in Arizona history has cut more than me when it comes to state spending (down nearly 15 percent from its peak in 2007), or the state workforce (down 6,000 employees) and payroll (down \$300 million in salary). I am also well aware of the concerns regarding FY 2015, when Prop 100 will expire and the costly provisions of ObamaCare may be in full effect. I recognize that it is important that we set aside some surplus revenues in order to prepare for these and other uncertainties, and my budget does that. However, it is also imperative that we spend - conservatively, strategically, and with an eye on improving Arizona's competitive position nationally and globally. And, we must also be true to the wishes of Arizona voters who - two years ago next month - agreed by a nearly 2-to-1 margin to raise their own taxes. These voters did so in order to conservatively and strategically fund education, health and human services, and public safety - not so that the revenues could be squirreled away until a date uncertain for programs undisclosed.

I hope the information above is helpful as budget talks continue. We still have time to reach an agreement that is true to our conservative principles, respects the will of voters and continues the Arizona Comeback.

Sincerely,

/s/Janice K. Brewer
Governor

On April 4, 2012, the Governor signed and transmitted to the Secretary of State Senate Bills 1085, 1141, 1241, House Bills 2079, 2323, 2438 and 2770.

On April 4, 2012, the Governor vetoed Senate Bill 1310 with the following message:

April 4, 2012

The Honorable Steve Pierce
President of the Senate
Arizona State Senate
1700 W. Washington
Phoenix, Arizona 85007

RE: Senate Bill 1310 (small claims division; jurisdiction; limits)

Dear President Pierce,

Today I vetoed Senate Bill 1310. The bill increases the jurisdictional limit for civil actions in small claims court from \$2,500 to \$5,000.

Arizona Revised Statutes § 22-501 provides that the small claims division of the justice courts allows for the “inexpensive, speedy and informal resolution of small claims.” The purpose of the small claims court is to resolve claims with a lower value at a reduced cost. Doubling the jurisdictional amount as proposed is contrary to the stated purpose of the small claims division.

I am aware that the concern that prompted this legislation is the transfer of a case in small claims court to justice court. Arizona Revised Statutes § 22-504 allows either party to object to a small claims proceeding and transfer the case to justice court to preserve the right to appeal and there is no monetary threshold a party must meet to transfer the case. This legislation does not solve the stated concern and is contrary to the purpose of the small claims division. These concerns are among the primary reasons I have vetoed S.B. 1310.

Sincerely,

Janice K. Brewer
Governor

On April 4, 2012, the Governor vetoed House Bill 2626 with the following message:

April 4, 2012

The Honorable Andy Tobin
Speaker of the House
Arizona House of Representatives
1700 West Washington
Phoenix, Arizona 85007

Re: House Bill 2626 (empowerment scholarship accounts; expansion)

Dear Speaker Tobin,

Today, I vetoed House Bill 2626 (empowerment scholarship accounts; expansion), which would have expanded Empowerment Scholarship Accounts (ESAs) to students well beyond those allowed under current law.

Last session, I signed Senate Bill 1553 into law, creating ESAs in order to provide students with disabilities an increased array of options. I have publically applauded the Superior Court decision and the legal efforts to defend this powerful tool to expand educational opportunities for special-needs students. I remain encouraged that this ongoing litigation will result in a favorable outcome.

JOURNAL OF THE SENATE
Thursday, April 5, 2012

My long-time advocacy and support for school choice has been based on the free-market principle that giving parents and students choices between competing opportunities for education provides a benefit to the entire system. Last year, in addition to signing Senate Bill 1553, I approved an expansion of parents' rights and unveiled my school choice website to help provide parents with the information essential to guiding their children's educational future. This session, I signed Senate Bill 1047 (school tuition organizations; credits; administration), aimed at addressing the needs of families who find themselves on waiting lists for scholarships necessary for their children to attend the school of their choice.

The state of Arizona needs to work towards a system of different educational settings to cater to the different ways in which our students learn. A well-equipped system with choice competition and innovation — these are the keys to our educational system. Local school districts, charter schools, home school, private and parochial schools all have an important role to play.

There is a careful balance we have to maintain. We must enhance educational options wherever we can, but we must also ensure that government is not artificially manipulating the market through state budget or tax policy in a manner that would make an otherwise viable option so unattractive that it undermines rational choice in a competitive market.

The JLBC fiscal note for Senate Bill 1553 pointed out that ESAs can have an upfront cost because students would "be funded under both programs for one year." My budget office estimates House Bill 2626 will generate a cost to the general fund. As I noted in my veto letter dated April 2, 2012, it remains unclear what the state budget will provide for publically-funded schools, both district and charter. This is among the reasons I vetoed this bill. I recognize that several provisions of House Bill 2626 are intended to improve the implementation of Senate Bill 1553. I will be willing to reconsider these provisions of House Bill 2626 and to engage in a dialog on the merits of appropriate areas of expansion of ESAs once the FY 2013 budget is complete. In the meantime, I look forward to working with the bill's sponsor to address the needs of all of Arizona's students.

Sincerely,

Janice K. Brewer
 Governor

COMMUNICATIONS FROM THE GOVERNOR

President Pierce announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

The Governor vetoed the following:

April 10, 2012

The Honorable Steve Pierce
President of the Senate
Arizona State Senate
1700 W. Washington
Phoenix, Arizona 85007

RE: Senate Bill 1200 (political signs; hazardous locations)

Dear President Pierce,

Today, I vetoed Senate Bill 1200. The bill establishes additional protocol for notifying a candidate or committee if a city, town or county determines a political sign is placed in a hazardous location. The bill further specifies that a candidate may place signage on a state highway or route right-of-way fence and allows an owner of a property to remove any political sign from a public right-of-way adjacent to their property.

In 2009, I vetoed a bill that preempted local citizens' preferences to regulate political signage in their own communities and would have allowed a candidate to post signs virtually anywhere. Last year, I signed House Bill 2500 which was agreed upon by localities as a compromise.

In addition to its primary intent, Senate Bill 1200 allows political signs along public right-of-ways on state highways. This provision was expressly removed from previous bills. Senate Bill 1200 does not restrict political sign placement on Arizona's busiest highways which could lead to public safety dangers.

Lastly, the allowance given to remove political signs on a public right-of-way is broadly written and contrary to the First Amendment rights this bill attempts to protect.

I look forward to working with the sponsor to find a balance with rural area highway signage and highway safety.

These concerns are among the primary reasons I have vetoed Senate Bill 1200.

Sincerely,

/s/Janice K. Brewer
Governor

RE: Senate Bill 1256 (charter schools; preschool programs)

Dear President Pierce,

Today I vetoed Senate Bill 1256, which would have allowed charter schools to offer pre-schooling options to children with disabilities. I cannot sign legislation with a fiscal impact while budget discussions are ongoing.

With 29 supporting votes in the Senate and 41 in the House, this measure appears to be an important spending priority for the Legislature. I look forward to discussing the merits of this proposal either within the context of the budget process or once a budget agreement has been reached.

Sincerely,

/s/Janice K. Brewer

Re: Senate Bill 1176 (parenting time; court-ordered supervisors)

Dear President Pierce,

Today, I vetoed Senate Bill 1176. The bill was amended in the House to exempt school personnel from reporting a non-accidental physical injury inflicted upon a minor by another minor and require a law enforcement agency or school district to expunge any records regarding such an injury.

The bill includes ambiguous, undefined terms and contains a substantive shift in reporting requirements for suspected harm against a child. Specifically, the term *not a serious physical injury* is not defined. This lack of clarity would leave schools with little direction on which injuries constitute "serious" injuries.

JOURNAL OF THE SENATE
Thursday, April 12, 2012

Further, the requirement for law enforcement agencies and school districts to expunge records relating to an injury is concerning. If records of previous physical harm against a minor are no longer available, school personnel and law enforcement would be unable to address cases of bullying or assault.

I greatly appreciate the provisions of Senate Bill 1176 requiring a valid fingerprint clearance card for court-ordered supervisors who oversee parenting time. These types of precautionary measures are vital to preventing child abuse and are consistent with the need to strengthen protections for children.

I applaud the sponsor's efforts to create safer environments for the children of our state. I am committed to working with her to address the fingerprint clearance card requirement, and I look forward to strengthening these statutory protections. However, the bill as amended would diminish mandatory reporting requirements currently in place. These concerns are among the primary reasons I have vetoed Senate Bill 1176.

Sincerely,

/s/Janice K. Brewer
Governor

RE: House Bill 2088 (ASRS; amendments)

Dear Speaker Tobin,

Today I vetoed House Bill 2088, which would have made significant changes to the Arizona State Retirement System. I respect how much work Representative Robson invested in this legislation. I also appreciate the importance of many of the problems that he and his colleagues have attempted to remedy. However, I am concerned about certain provisions of this bill.

This legislation exempts ASRS from all procurement oversight and rules including audit and termination protections, an exemption that could impact approximately billions of dollars in contracts. Our procurement and risk management offices have worked with ASRS for years to provide them the special flexibility they need to successfully operate in the financial markets, while retaining the safeguards provided under Arizona laws. This balance has worked and can continue to work. While following State procurement rules can be burdensome at times, the protections they provide, especially in contractual disputes are critical to every one of our retirees. I am open to providing additional flexibility to ensure the ASRS Board has the ability to properly manage these public funds. However, exempting ASRS from procurement oversight and rules is a step too far.

HB 2088 also makes changes to the governance of ASRS by transferring general oversight of the system away from the Board to ASRS, presumably to staff. This change, while intended to clarify ASRS governance, instead clouds it and potentially weakens the authority of the Board.

For these reasons I have vetoed of HB 2088.

Sincerely,

/s/Janice K. Brewer
Governor

Re: House Bill 2434 (notification; federal law enforcement officers)

Dear Speaker Tobin,

Today, I vetoed House Bill 2434 (notification; federal law enforcement officers), which would have required federal law enforcement officers to notify county sheriffs prior to taking any official law enforcement action.

This legislation has the potential to interfere with law enforcement investigations and adds unneeded reporting requirements for law enforcement. Rather than hinder the efforts of our federal law enforcement colleagues, we need to focus on collaboration. For example, the Arizona Counter-Terrorism Intelligence Center brings together local, state and federal law enforcement to jointly fight against terrorism and other serious crimes. Establishing arbitrary reporting requirements for our federal partners takes us in the wrong direction. These concerns are among the primary reasons I have vetoed House Bill 2434.

Sincerely,

Janice K. Brewer
Governor

On April 12, 2012, the Governor transmitted to the Secretary of State House Bills 2070, 2073, 2284, 2322, 2340, 2357, 2368, 2428, 2471, 2559, 2567, 2611, 2628, Senate Bills 1104, 1233 and 1237. (bills signed on April 11, 2012)

Re: Senate Bill 1323 (Arizona ranger vehicles; lights)

Dear President Pierce,

Today, I vetoed Senate Bill 1323 (Arizona ranger vehicles; lights), which would have allowed vehicles operated by Arizona Rangers to be equipped with red and blue lights. I truly appreciate and recognize the value of the Arizona Rangers as a civilian auxiliary support organization for law enforcement. However, it is dangerous to confuse the public by using red and blue lights on civilian vehicles. As was suggested during the legislative process, amber colored lights like those used by tow trucks and other roadside assistance vehicles may be more appropriate. This concern is among the primary reasons I have vetoed Senate Bill 1323.

Re: House Bill 2062 (DUI; incarceration; assessment)

Dear Speaker Tobin,

Today, I vetoed House Bill 2062. This bill would allow a city or town council to impose an assessment on a DUI offender if the court does not order the person to reimburse the political subdivision for incarceration costs.

I understand the fiscal burdens that incarceration costs place upon our municipalities. However, the statute which House Bill 2062 amends already requires the court to order a DUI offender to reimburse the city or town for incarceration costs and allows the court discretion in determining the amount to be reimbursed. The post-adjudication assessment created in House Bill 2062 is in conflict with the discretion given to the court to impose a sufficient and just assessment to a DUI offender. Moreover, the assessment proposed in House Bill 2062 is post-adjudication; therefore, I have concerns about the due process rights of those who have already been through the judicial process.

I am confident the cities and towns can work to develop an alternative solution to address my concerns.

Sincerely,

RE: House Bill 2513 (condominiums; rental properties)

Dear Speaker Tobin,

Today, I vetoed House Bill 2513 which would have allowed owners to use their units as rental property unless specifically prohibited by the operative Declaration. In addition, this bill would have allowed an owner to designate a third party to act as the owner's agent on matters relating to association matters, apparently required rental information to be disclosed but only if required in an operative Declaration, and allowed for the imposition of an administrative fee in condominium associations.

The effect of this bill is unclear as to what is permitted or prohibited in terms of renting and the information to be provided to an association regarding an owner's renter. This would result in confusion for association boards and property management companies who are legally responsible for managing communities. Further, this bill permits a condominium association to charge a \$25 fee to the condominium owner for every new tenant moving into a unit. This provision unfairly singles out condominium owners.

These concerns are among the primary reasons I have vetoed House Bill 2513.

Re: House Joint Resolution 2001 (international forces; American soil; opposition)

Dear Speaker Tobin,

Today, I vetoed House Joint Resolution 2001. The resolution provides that the State of Arizona authorizes the use of organized resistance to thwart any international force that infringes on the United States Constitution or any of its amendments.

I unequivocally support protecting Arizona, our country and its Constitution, and individual gun rights. Moreover, I would not hesitate to exercise all authority vested in me and utilize all available resources to counter any attempt by any international force to cause harm to this State and its citizens. However, I disapprove of this resolution because I am concerned with the vagueness of its language and terminology. Many terms are undefined or ill-defined which leave this measure vulnerable to misuse, confusion and unintended consequences. Furthermore, it is unclear what endorsement, legal protections or financial liability the State of Arizona would incur by authorizing a citizens group to use organized resistance.

Sincerely,

/s/Janice K. Brewer

INTRODUCTION AND FIRST READING OF BILLS
UNANIMOUS ADOPTION OF SENATE RESOLUTION 1003

Senate Resolution 1003 was introduced and read in full by Senator Griffin as follows:

Senate Resolution 1003: A Resolution on the death of Hugh A. Holub.

Hugh A. Holub passed away on September 19, 2011 at the age of sixty-five.

The lasting work of Hugh Holub, a tireless fighter, brilliant lawyer and prolific journalist, is honored by Arizonans who respected his commitment to justice and responsible environmentalism.

Hugh's decades of public service reflected his commitment to protecting private rights while facilitating and encouraging conservation of historic sites and natural resources. He was a "big picture" campaigner who used his legal and writing skills and his stellar knowledge of Arizona water issues to prove that seemingly contrary interests could be mutually supportive. He saw border security as essential to conservation of species. He valued mineral production and water protection as economically fundamental and collaboratively compatible. He advocated for traditional Arizona cattle ranching and quality wildlife habitat as symbiotic and culturally important.

Hugh earned many honors during his illustrious career and had accepted the Pima County Farm Bureau environmental journalist of the year award in August. He had just been named the statewide winner of the environmental journalist of the year award for 2011 by the Arizona Farm Bureau before his sudden passing in September.

Water for Arizona had been one of Hugh's major concerns since his early work with Congressman Morris Udall during the time the Central Arizona Project was authorized by Congress. In recent years, he negotiated a precedent-setting, win-win agreement between residential well owners and Rosemont Copper Company to protect neighboring wells while supporting Arizona resource development. Previously, while serving the City of Nogales, he worked to obtain a \$60 million grant from the North American Development Bank and the Environmental Protection Agency to upgrade the Nogales International Wastewater Treatment Plant, increase quality flow through the border reach of the Santa Cruz River and create a habitat for native species in and along the river. Most recently he founded and set in motion the Center for Sustainable Development to promote responsible, high-value resource production and science-based collaborative species conservation. One of his final efforts was dedicated to bringing to light human health concerns arising from the poisoning of Arizona streams with rotenone.

Arizona benefitted from Hugh Holub's decades of productive work. He will be greatly missed by his family and by many Arizonans who admired his wit, his determination and his talents.

Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate express regret at the death of Hugh A. Holub and extend their deepest condolences to his wife, Nancy, his daughters, Annie and Beth, and his sisters, Stella, Maxine and Harriet.

Senator Griffin moved that Senate Resolution 1003 be unanimously adopted and that the Senate stand in a moment of silence in memory of Hugh Holub. The motion carried.

Senate Resolution 1003 was signed in open session and transmitted to the Secretary of State.

Re: House Bill 2469 (revenue allocation districts)

Dear Speaker Tobin,

Today I vetoed House Bill 2469, which would have created a process for cities and towns to establish revenue allocation districts.

Legislative deliberations and meetings with proponents of this legislation revealed very little detail regarding projects that may be undertaken with this new governmental entity. Several hypothetical examples have been suggested, but it is essential to understand whether this is the right mechanism for a specific set of planned projects. Without knowing the specific proposal, the case cannot easily be made that this extraordinary and highly technical public finance tool is appropriate or whether the development plans a municipality has in mind can already be accomplished with existing municipal authority to tax and direct resources for specified infrastructure projects.

Because projects funded through this mechanism would not be part of a municipality's bonded indebtedness, I am also concerned that a municipality may use this simply to be able to avoid constitutional debt limits.

The proposal specifies that owners of taxable real and personal property are allowed to vote, but the votes are allocated based on the land owned by each taxpayer. A taxpayer may have a significant amount of personal property, but no land, and that taxpayer would be denied a vote.

JOURNAL OF THE SENATE
Wednesday, April 18, 2012

The proponents assert that it is likely that only larger cities will be able to create a District. Based on a cursory review of AZ's cities and the bond market conditions, it seems likely that the application has the potential to be more utilized than suggested.

It is also unclear what administrative burdens this may involve, both for taxpayers and for the DOR. It is important to make clear, for example, whether taxpayers would ever be required to report their taxes separately if they are in a revenue allocation district as well as in other taxing jurisdictions. Should this district be used by municipalities that participate in the Department of Revenue's transaction privilege tax program, DOR will be faced with additional separate accounting, tracking and distribution of revenues apart from the existing distribution formulas and will therefore impact DOR's current operations. Any such impact should only be considered in the context of knowing what resources DOR will have available to its job.

These are among the reasons I vetoed House Bill 2469.

Sincerely,

/s/Janice K. Brewer

Re: House Bill 2696 (vulnerable adults; financial exploitation)

Dear Speaker Tobin,

Today, I vetoed House Bill 2696. It appears that the intent of this legislation was to protect certain individuals from a financial exploitation claim by providing that the transfer of a vulnerable adult's assets for the primary purpose of obtaining or maintaining Medicaid, Supplemental Social Security Income, Medicare or Veteran's Administration programs would not be exploitation.

Despite the intent, however, I believe the proposed language in the bill weakens protection for the vulnerable adult population and does not provide adequate safeguards. One of my concerns was a floor amendment pertaining to a written expression of informed consent that reduced the number of witnesses required from two to one. Additionally, the bill would have created a rebuttable presumption that the vulnerable adult understood the meaning and effect of that expression. My other concern pertains to the phrase "primary purpose" as it relates to the transfer of assets for certain purposes, and combining that terminology with a broad statement that such action is not exploitation. The language should be more precise if the intent was to clarify activity that would not be considered exploitation.

I am and always will be committed to those populations that deserve protection from individuals with questionable motives that could take advantage of their circumstances. Accordingly, I do not believe the language of House Bill 2696 adequately explains and refines those necessary protections.

Sincerely,

/s/Janice K. Brewer

Re: House Bill 2729 (state regulation of firearms)

Dear Speaker Tobin,

Today, I vetoed House Bill 2729 (state regulation of firearms). This bill would have required public entities to provide security personnel and equipment in public buildings in order to limit or prohibit weapons. As you know, I vetoed a similar measure last year, and it appears the majority of my concerns were not addressed in House Bill 2729.

I am a strong proponent of the Second Amendment, and I have signed into law numerous pieces of legislation over these past few years to advance gun rights. However, I cannot support this measure in its current form. United States Supreme Court Justice Antonin Scalia, in the *Heller* decision, recognized the legitimacy of laws “forbidding the carrying of firearms in sensitive places such as schools and government buildings.” Decisions made by government officials at the state, county and municipal level impact all areas of life and can have a profound impact upon an individual’s family and livelihood. Emotions can run high. The decision to permit or prohibit guns in these extremely sensitive locations – whether a City Council chamber or branch office staffed with State workers – should be cooperatively reached and supported by a broad coalition of stakeholders, including citizens, law enforcement officials and local government leaders.

I am also concerned about the fiscal impact of this legislation. Clearly, the Arizona House of Representatives and Senate buildings and Executive Tower would not be impacted by the legislation, as security measures are already in place. However, many other government jurisdictions across our state do not have this same luxury. They would face this choice: Either spend untold dollars in order to provide their officials and employees the same level of protection that we have at the Arizona State Capitol complex, or accept weapons on the premises. If nothing else, the result would be extensive confusion regarding where guns are permitted or not permitted in public buildings.

While I appreciate the efforts of the bill sponsor, there is still a tremendous amount of work to be done before this concept can become law. Ultimately, there must be a more thorough and collaborative discussion of the proper place for guns in the public arena. As the proponents of this measure continue to work toward expanding the application of this right, the CCW permit-holder concept and the protection of private property rights must play an important role. In addition, we need to thoughtfully consider public venues and situations in which weapons may not be appropriate, or may be prohibited by federal law.

Until these and other issues are resolved, this legislation is not ready to become part of Arizona law.

Sincerely,

/s/Janice K. Brewer

Senators Murphy and Lopez, Senate conferees, and Representatives Vogt, Fann and Hobbs, House conferees, submitted the following conference report on House Bill 2557:

That the House accept the Senate amendments and the bill be further amended.

JOURNAL OF THE SENATE
Wednesday, April 18, 2012

Senators Gray, Griffin and Cajero Bedford, Senate conferees and Representatives Mesnard and Gray, House conferees, submitted the following conference report on House Bill 2606:

That the bill be accepted as originally passed by the House and the bill be further amended.

Representative McCune Davis, House conferee, submitted the following Minority Report:

I stand opposed to HB2606 (now: liquor omnibus) because it reduces the amount of information available to the public and limits/changes the hearing requirements for a liquor license. I fear that reducing access and information in this way will result in a less transparent system which ultimately can result in bad policies affecting Arizonans.

First, HB2606 will result in less information being available to neighborhood residents that might want to submit a written argument in favor or opposed to a liquor license application in their neighborhood. HB2606 section 4-202 requires “ *the postings shall be limited to a copy of the license application and shall not contain any attachments filed with the application.*” Current law requires that a complete copy of the liquor license application be posted on the front of the premises where the business is to be conducted for a period of twenty days with a statement requiring any bona fide resident residing or owning or leasing property within a one mile radius from the premises to file written arguments in favor of or opposed to the issuance of the license. The result is that residents will have limited access to information and documents necessary to submit their written arguments in favor of or in opposition to the issuance of a license in their neighborhoods. The Arizona Department of Liquor Licenses and Control (ADLLC) Director has stated the complete license application and attachments will continue to be available at their office for residents to personally attend and review the application and attachments which is concerning because that would require more time for residents to go to the office and will result in an expense for residents to exercise their right to voice their concerns. To ensure that the information continues to be available to neighborhood residents, I proposed an amendment to make records available online. That amendment was declined. The public is entitled to this information and we should not limit their access to it.

It is for the above reasons, and many others, that I stand opposed to HB2606. It is a dangerous approach that sends the wrong message to neighborhood residents, our constituents, and communities. We need policies that create a clear and transparent opportunity for Arizonans to express their support of or concerns in permits and licenses that can affect the public safety of their neighborhoods.

Senators Barto and Yarbrough, Senate conferees and Representatives Lesko and Mesnard, House conferees, submitted the following conference report on House Bill 2625:

Representative Hobbs, House conferee and Senator Lopez, Senate conferee, submitted the following Minority Report:

That the House accept the Senate amendments with exceptions and the bill be further amended.

I oppose HB2625, insurers; healthcare coverage; religious beliefs, because women’s reproductive rights are personal and this legislation is an attack on those rights. By requiring women to “prove” that they are not using birth control as contraception, this legislation poses a direct assault on the right to medical privacy and directly infringes on the sacred relationship between women and their health care providers. And it simply does not matter if women are required to provide these medical details to insurance bureaucrats or their employers – it is still an invasion of the woman’s privacy.

What is even more disturbing is that this bill gives all religiously affiliated employers the right to fire women if those employers do not approve of how their female employees are using birth control medications. The Senate added in a provision that, on its face, appears to provide some employment protection for women, but that addition is illusory. The current statutory language specifically bars an employer from discriminating against a female employee who uses birth control. This legislation deletes that protection from the law and only states the new law cannot be construed to restrict or limit any protections against employment discrimination that exist

elsewhere in state or federal law. But current law does not protect against such discrimination, so even with this provision, women are vulnerable to losing their jobs or suffering other employment discrimination based on their very personal decision to use contraceptives. This threatens the very livelihood of women, subjecting their families to the possibility of lost employment or earning capacity. In these difficult financial times, the legislature should be doing everything it can to ensure that jobs are created and maintained, rather than lost or taken away.

As amended, despite the sponsor's assertion to the contrary, this legislation reaches farther than faith-based churches and schools and entities such as St. Vincent de Paul.

Simply put, women should not be forced to disclose private medical information and they certainly should not have to fear losing their jobs if their employers do not approve of their medical decisions.

This bill is not about protecting religious freedom. It is an attack on privacy and women's health.

The motion carried and the Secretary notified the House.

April 19, 2012

The Honorable Andy Tobin
Speaker of the House
Arizona House of Representatives
1700 W. Washington
Phoenix, Arizona 85007

RE: House Bill 2495 (counties; purchases; local dealers)

Dear Speaker Tobin,

Today, I vetoed House Bill 2495 (counties; purchases; local dealers). This legislation allows a county purchasing agent to award a contract in excess of \$50,000 to a local dealer in preference to a non-local dealer whose bid is less than five percent lower.

As Governor, and as a former Maricopa County Supervisor, I know firsthand the vital role small and local businesses play in our economy. In fact, the state and counties have procurement statutes in place for small business contracts under \$50,000.

While I admire county efforts to fully incorporate local businesses into their procurement processes, unintended consequences could result if this bill were signed into law. House Bill 2495 does not address the application of local preference through an emergency or sole source procurement. The bill is also silent to the projects where contracts are shared by other jurisdictions or through cooperative procurements. Further, the definition of "local dealer" could cause unfair treatment to those businesses headquartered outside the county line, but still have offices and employees located within the county boundaries. These outstanding issues may place a county board of supervisors in the untenable position of approving higher expenditures on the county taxpayer without clearly defined objectives or benefits.

JOURNAL OF THE SENATE
Monday, April 23, 2012

I applaud the sponsor's hard work to address small business vitality in local communities. A stakeholder process could provide a more precise approach to achieve the goal of support for local business.

Sincerely,

/s/Janice K. Brewer
 Governor

House passed on Final Reading on reconsideration per conference committee report
House Bill 2557 (35-17-7-0-1)

CONFERENCE COMMITTEE REPORTS

President Pierce announced that a group motion would be made for the adoption of Conference Committee Reports unless a Senator requested a report to be considered separately.

Senator Biggs moved on behalf of the Chairmen that the Senate adopt the following Conference Committee Reports:

Senators Gray, Lujan and McComish, Senate conferees and Representatives Yee, Mesnard and Gallego, House conferees, submitted the following Conference Report on House Bill 2033:

That the House accept the Senate amendments with exceptions and the bill be further amended.

Senators Burges, Driggs and Lujan, Senate conferees and Representatives Gowan, Chabin and D Smith, House conferees, submitted the following Conference Report on House Bill 2433:

That the House accept the Senate amendments with exceptions and the bill be further amended.

Senators Nelson, Griffin and Meza, Senate conferees and Representatives Carter and Robson, House conferees, submitted the following conference report on House Bill 2543:

That the House accept the Senate amendments and the bill be further amended.

Representative Farley, House conferee, submitted the following Minority Report:

I cannot agree with the conference committee amendments to this bill for reasons both of process and of substance. There were irregular procedures in the committee. There was new content -- that was not brought to the table until shortly before the vote -- that may negatively impact the important astronomy and optics industry in Arizona.

This conference committee was scheduled for 2:45 PM, but key players were not informed until after noon. It was announced as cancelled -- not postponed -- at 2:30 PM. Shortly afterwards, a meeting began in a Senate caucus room where representatives of the billboard industry presented a marked-up version of a previously proposed amendment that was circulated on Thursday (which had been superseded by a new version with new substantive language was presented on Friday with no opportunity for comment). This copy included handwritten notes by multiple people, items that were scratched out and then ambiguously indicated to be re-inserted, and other changes indicated by notes and arrows.

Needless to say, this was difficult to understand for those of us with legislative experience. It was nearly indecipherable to scientists from the astronomy community, who are not allowed to hire professional representation. They asked for more time to confer on the new ideas but were told no more time was available since the conference committee had been announced to meet at 3:45 PM, and they were told that Senate President Pierce was not willing to extend conference committees beyond that day. 40 minutes after the conference committee was gavelled shut, conference committees were extended into the next day after all.

JOURNAL OF THE SENATE
Wednesday, April 25, 2012

Despite lack of agreement, the committee did start shortly thereafter and the handwritten changes were adopted without even the promised opportunity for the proponents to describe the new changes for the record. I did not receive a complete typed version of the amendment that was adopted last night until 10:30 on the morning following the committee's adoption of the hand-annotated amendment. It is exceedingly clear to me that the legislature made a huge mistake when we abandoned our notice requirements for conference committees in 2011 and that those should be reinstated as soon as possible so that we may better serve the public.

There remain a number of substantive issues that concern me. Brightness limits for electronic billboards are set as 342 nits but we are given no scientific evidence for this choice -- the Pima County dark sky ordinance proscribes 200 nits as the maximum allowable brightness compatible with astronomical uses. Curfew for signs is set 11:00 PM, although the time for starting astronomical observations begins approximately an hour after sunset. Most states limit billboard spacing to no less than 1000-1500 feet, while this language allows them to be placed 500 feet apart. Even with a 75-mile exclusion zone, the combined effect of too-bright billboards spaced closely together may still endanger our world-class dark skies and the astronomy and optics industry jobs they engender, as well as advances in science for the benefit of humanity.

For these reasons and others, while I appreciate the fact that many good people were working hard to make the best case for their respective sides in the midst of confusion that was not their fault, I cannot support this version of the billboard bill at this time and urge my colleagues to make time in the future for a complete vetting of this issue in a public setting.

Senators Murphy and Yarbrough, Senate conferees and Representatives Lesko and Mesnard, House conferees, submitted the following conference report on House Bill 2622:

That the House accept the Senate amendments and the bill be further amended.

Representative Meyer, House conferee, submitted the following corrected Minority Report:

I stand in opposition the amendment offered in the free conference committee for HB 2622 (school rankings; display; time period). The underlying bill is generally innocuous and makes clear the validity of a school ranking. The amendment brings in the provisions of HB 2626 that aims to radically expand the scope of the Arizona Empowerment Account program. There are several reasons why I oppose the inclusion of this bill:

- First, the issue being included in this amendment is not germane to the underlying bill. The amendment addresses a separate section of statute that has nothing to do with school rankings. House Rule 16, paragraph D and the Arizona Constitution (Article IV, Part 2, Section 13) prohibit this amendment.
- Second, the issue of school voucher expansion has already been addressed by the Governor. In her wisdom, she vetoed the bill. The attempt to expand the voucher system neglects the larger issue of inadequate public school funding. The intent of the constitution was to provide a general and uniform system of public education free to all Arizona residents regardless of wealth, race or religion. Vouchers fly in the face of that right by providing a limited amount to a few students for what may or may not be a religious education. The public education system is like any other form of public infrastructure. A bridge, if not maintained and modernized will become dangerous and will eventually fail. A school system is no different except that the pieces are people and the purpose is to deliver knowledge and develop skills. A school system, left underfunded and neglected, will eventually fail. A voucher provides one or two individuals with the ability to cross the canyon while leaving the rest to fend for themselves on the crumbling bridge. It is a shortsighted, ideologically driven and unequal attempt to impose a voucher system across a broad spectrum of our education community and will lead to immediate, and potentially successful, litigation under the Arizona Constitution's gift clause.

For these reasons, I am adamantly opposed to this bill as amended. There is much we can do to improve and modernize our public school system but destroying an institution that has changed the lives of millions of Americans is contrary to the American tradition.

CONFERENCE COMMITTEE REPORTS

President Pierce announced that a group motion would be made for the adoption of conference committee reports unless a Senator requested a report to be considered separately.

Senator Biggs moved on behalf of the Chairmen that the Senate adopt the following conference committee reports:

Senators Yarbrough, Jackson and McComish, Senate conferees and Representatives Olson and Gallego, House conferees, submitted the following conference report on Senate Bill 1279:

That the Senate accept the House amendments and the bill be further amended.

Senators Antenori, Lujan and Burges, Senate conferees and Representatives Harper and D Smith, House conferees, submitted the following conference report on Senate Bill 1311:

That the Senate accept the House amendments with exceptions.

Representative McCune Davis, House conferee, submitted the following Minority Report:

I oppose SB1311, civil actions, justice courts, jurisdiction. The bill expands the jurisdictional amount for civil actions in justice of the peace courts from \$10,000 to \$15,000, but it does not provide any mechanism to increase staff or compensation to those courts. Thus, they will be asked to take on more cases, and likely more complex cases because the amount in controversy is increasing significantly, but they will not be provided any funds to hire more staff, purchase more equipment or compensate current staff appropriately for the increase in their work load.

Furthermore, SB1311 does not fund expansion of space for those justice of the peace court workers. Some courts in Maricopa County are in co-located facilities. In those courthouses, there are literally no desks available for additional staff, yet additional staff would be essential to meet the increased caseload that will result from the change in jurisdictional threshold. The lack of physical space to conduct the court's business is a statewide problem for the justice courts, and increasing their caseload will not solve it, but rather will make it worse.

Senators Barto, Landrum Taylor and Yarbrough, Senate conferees and Representatives Olson, Heinz and Yee, House conferees, submitted the following conference report on Senate Bill 1365:

That the Senate accept the House amendments and the bill be further amended.

Senators Nelson, Lewis and Lujan, Senate conferees and Representatives JP Weiers, Gowan and Quezada, House conferees, submitted the following conference report on Senate Bill 1438:

That the Senate accept the House amendments with exceptions and the bill be further amended.

Senators Lewis, Biggs and Lopez, Senate conferees and Representatives Carter and Goodale, House conferees, submitted the following conference report on Senate Bill 1456:

That the Senate accept the House amendments with exceptions.

Senators Gray, Crandall and Landrum Taylor, Senate conferees and Representatives Gowan, Gallego and Stevens, House conferees, submitted the following conference report on House Bill 2429:

Senators Gray, Gould and Lopez, Senate conferees and Representatives Kavanagh, Hobbs and D Smith, House conferees, submitted the following conference report on House Bill 2674:

RE: House Bill 2557 (intersection; definition)

Dear Secretary Bennett,

Today, I vetoed House Bill 2557. This legislation modifies the definition of "intersection" for locations controlled by traffic control signals.

Local law enforcement officers have stated that the most dangerous place in city traffic is the intersection. This danger can only be heightened by increasing the time in which a collision may occur while simultaneously attempting to reeducate drivers concerning where the boundaries lie. The law enforcement community has been very clear that widening intersections will increase the possibility of collisions.

Unfortunately, these concerns for public safety were not addressed. Changes to this definition merit significant discussion and appropriate stakeholder input.

A comprehensive review of our intersections should be performed to provide for consistency rather than a piecemeal approach. I will not support this change unless law enforcement stands with it. Therefore, I have asked the Arizona Department of Transportation to coordinate such discussion with Representative Vogt, the Department of Public Safety and local law enforcement in order to comprehensively review this change prior to next session.

For these and other reasons, I have vetoed House Bill 2557.

Sincerely,

/s/Janice K. Brewer

Re: House Bill 2433 (bail bond agents; solicitation)

Dear Secretary Bennett,

Today, I vetoed House Bill 2433. This bill makes numerous changes to statutes related to bail bond agents.

Current law provides courts with the discretion to relieve sureties of their liability when the defendant is returned to the sheriff. House Bill 2433 removes this discretion and creates an incentive to delay the return of a defendant by guaranteeing that sureties will be relieved of a significant portion of their liability even for defendants who are returned three weeks after their court date. We should not provide rewards for stalling the judicial process.

Further, the bill removes the ban on bail bond agents employing individuals convicted of certain theft or weapons violations. Because bail bond agents are required to have a fiduciary capacity with a bail transaction, it would be unwise to give a convicted felon access to a person's financial assets.

These provisions present a clear risk to public safety and could lead to additional delays in the justice system. These concerns are among the primary reasons I have vetoed House Bill 2433.

Sincerely,

/s/Janice K. Brewer

RE: Senate Bill 1066 (schools; governor's community service citation)

Dear Secretary Bennett,

Today I vetoed Senate Bill 1066, which would have required the Governor's Office to create a commendation for community service for high school students.

I have encouraged everyone, including high school students, to volunteer 100 hours of community service to celebrate Arizona's Centennial. My Commission on Service and Volunteerism has tracked more than 35,000 volunteers having served 2.3 million hours of community service because of my Centennial Volunteer Challenge. The Commission is continuing the momentum of that challenge with their 2-1-1 program that promotes community service and provides a website whereby volunteers can track their service hours.

My Youth Commission has discussed ways to increase high school students' volunteerism and community service since 2009. In this bill, one branch of government is obligating another branch of government to do something it can already do—the bill is unnecessary. However, by implicitly requiring the Governor to issue these commendations, Senate Bill 1066 infringes on the separation of powers requirement established by Article 3 of the Arizona Constitution.

This concern is among the primary reasons I have vetoed Senate Bill 1066.

Sincerely,

/s/Janice K. Brewer

Re: Senate Bill 1182 (2012 NDAA act; governmental compliance)

Dear Secretary Bennett,

Today, I vetoed Senate Bill 1182. This bill prohibits any material support or participation by the State with the implementation of sections 1021 and 1022 of the National Defense Authorization Act of 2012 (NDAA). Additionally, the bill establishes a class 1 misdemeanor penalty for any State employee who enforces or attempts to enforce these sections of federal law.

While I unequivocally support the due process rights of all United States citizens, I cannot support legislation that forces law enforcement – under the threat of criminal penalty – to choose between upholding the Constitution and laws of the United States and abiding by the laws of Arizona. Any future legislation on this topic must contain precise language and be supported by key stakeholders, including the law enforcement community.

These concerns are among the primary reasons I have vetoed Senate Bill 1182.

Sincerely,

/s/Janice K. Brewer

RE: Senate Bill 1259 (digital learning; course choice)

Dear Secretary Bennett,

Today I vetoed Senate Bill 1259, which would have created a new state system for online learning.

The bill creates a Master List of approved online courses for public school students in grades 7-12. I am concerned with the appropriateness of the State or an entity on behalf of the State approving online courses or curriculum.

The bill requires the Department of Education (ADE) to pay online providers the majority of a course's price after a student passes the course and shows mastery of the course's content. I strongly support moving towards funding outcomes; however, ADE may not be able to implement the system properly—at least as the bill is drafted.

Course choice takes school choice to the next level—students can choose courses from multiple providers in order to receive the best education possible. As long as parents and students have access to meaningful information on the quality of their options, course choice can improve the overall quality of education in Arizona.

Online learning will continue to become more commonplace. I look forward to collaborating with the sponsor as we find ways to improve Arizona high school students' access to quality online learning.

Sincerely,

/s/Janice K. Brewer

Re: Senate Bill 1275 (state budget; appropriation limitation; hearing)

Dear Secretary Bennett,

Today I vetoed Senate Bill 1275 relating to spending limits.

Senate Bill 1275 requires the Legislative budget office to calculate a spending level based on inflation and population growth. Further, if the proposed budget is greater than the calculated limit, the bill would *allow* the appropriation committees to hold a public hearing on the proposed budget. These provisions are all within current Legislative authority. The appropriation chairs can ask the Legislative budget office for these calculations and the appropriation committees routinely have public hearings on the budget.

As I have stated over the last several years, an effective spending limit would provide a long-term benefit to the State's budget. However, as I have also said, a limit based on population and inflation with an annual rebase does not qualify as effective. That type of limit is too restrictive and has been tried and rejected in other states. An effective spending limit would eliminate the State's ability to spend one-time or bubble revenues while allowing future Legislatures and Governors to manage normal revenue growth. House Bill 2815, which limits our use of one of the key generators of bubble revenues, capital gains, is a more effective approach to combating this problem than calculations and hearings. For these reasons, I have vetoed Senate Bill 1275.

Sincerely,

/s/Janice K. Brewer

Re: Senate Bill 1332 (federal lands; conveyance)

Dear Secretary Bennett,

Today, I vetoed Senate Bill 1332. This bill demands the United States extinguish title to all public lands in Arizona and transfer title to the State of Arizona. The legislation does not identify an enforceable cause of action to force federal lands to be transferred to the state. Moreover, as a staunch advocate for state sovereignty, we still must be mindful and respectful of our federal system. The legislation appears to be in conflict or not reconcilable with U.S. Constitution Article IV, Section 3, Clause 2 and Article VI, Clause 2, as well as the Enabling Act.

I also am concerned about the lack of certainty this legislation could create for individuals holding existing leases on federal lands. Given the difficult economic times, I do not believe this is the time to add to that uncertainty.

Furthermore, despite the claim that this bill has no fiscal impact, I believe there is a significant and unaccounted for fiscal impact associated with this legislation. For example, the general cost of managing Arizona's existing state lands is approximately \$1.00 per acre. If Arizona received the 23 million acres of federal lands contemplated by this legislation, the Arizona State Land Department (ASLD) would need approximately \$23 million in additional dollars and an untold increase in staff and resources. This does not include any potential liability costs the state could be assuming.

These lands also come with significant compliance costs associated with legislation such as the Clean Water Act and the Endangered Species Act. Yet, the legislation requires the state to pay the federal government 95% of the net proceeds (after transaction costs) if the state sells any of these lands and retain 5% of the net proceeds in the permanent state school fund, with nothing set aside for management and compliance costs.

At a time when we have reduced the size of government, the legislation imposes many new tasks upon the Public Lands Board of Review, which an already stretched ASLD is statutorily required to staff. The legislation also goes on to promote another layer of bureaucracy by encouraging the creation of a commission to administer the disposal of the public lands.

I understand and share Arizona's frustration in trying to manage our natural resources with our various partners; however, this legislation is not the answer. At a minimum, I believe it is premature to put fixed dates in place, as this legislation does, until the appropriate funding needs and revenue sources have been identified and accounted for in future budgets.

Sincerely,

/s/Janice K. Brewer

RE: House Bill 2764 (homeowners; associations; registry; nonprofit corporation)

Dear Secretary Bennett,

Today, I vetoed House Bill 2764 (homeowners; associations; registry; nonprofit corporation). This bill establishes a homeowner's association registry which will be located on the Secretary of State's website. Homeowners associations are already required to disclose information to the county recorder. I believe this bill is unnecessary and would place an undue burden on the Secretary of State's resources. These are among the primary reasons I have vetoed House Bill 2764.

Sincerely,

/s/Janice K. Brewer

6. In addition to the powers and duties given to the Rules Committee elsewhere in the Senate Rules, the Rules Committee shall have such other powers and duties over legislative matters as are assigned by the President.

D. Any subcommittee of a standing committee may meet at any time upon the call of the subcommittee chairman without written notice, providing, however, that such meeting shall be announced on the floor of the Senate in open session prior to the meeting. D. The rules of the Senate shall be observed in the Committee of the Whole so far as applicable.

E. In the Committee of the Whole, bills and resolutions shall be read by the Secretary and considered item by item, unless otherwise ordered by the committee, leaving preambles or titles to be last considered. The body of a bill shall not be defaced or interlined, but amendments shall be noted by the chairman or Secretary upon a separate piece of paper and reported to the Senate.

F. The proceedings of the Committee of the Whole shall be taken down by the Secretary of the Senate, acting as the Secretary of the Committee of the Whole. The chairman of the Committee of the Whole shall in the chairman's report set forth all actions of the Committee of the Whole.

G. When a bill or resolution is considered in the Committee of the Whole, the only regular motions which are in order are the following:

1. To propose amendments.
2. To limit debate.
3. To recommend.
4. To rise and report.
5. That the bill or resolution retain its place on the calendar.
6. That the bill or resolution be retained on the calendar.

H. A roll call vote shall be taken when a motion to recommend is defeated. No other roll call votes shall be taken in Committee of the Whole.

I. No proposed amendment in Committee of the Whole to strike everything after the enacting clause and insert new material shall be in order.

J. A motion to amend the Committee of the Whole report shall not be in order unless the proposed amendment to the report has been voted on in the Committee of the Whole.

RULE 18

Sitting as in Committee of the Whole

The Senate may by majority vote of the members present sit as in Committee of the Whole for consideration of any subject except if the subject is a bill, memorial or resolution which has been considered in Committee of the Whole, the consideration shall be limited to technical changes.

RULE 19

Journals

A. The proceedings of the Senate and of the Committee of the Whole shall be briefly and accurately stated in the Journal. Titles of all bills, resolutions and measures, and such parts as shall be affected by proposed amendments, readings, references, reports and every vote, motion and roll call, and a brief statement of the contents of each petition, memorial or paper presented to the Senate shall be entered on the Journal.

B. All confidential legislative and executive proceedings and the proceedings when sitting as a Court of Impeachment, shall be recorded in a separate book.

C. The protest or remarks of any Senator and reasons therefor shall be entered on the Journal, if presented in writing, but no protest or remarks shall exceed two hundred words in length without the consent of the Senate.

RULE 20
Proceedings on Nominations

A. When nominations shall be made by the Governor of the State to the Senate, they shall, unless otherwise ordered, be referred to appropriate committees, and a standing committee. If the nomination is referred to the Rules Committee, the committee, upon consideration, may recommend to the President that the nomination be further referred to another standing committee or may place the nomination on a list of nominations awaiting confirmation by the Senate. If the Rules Committee recommends that the nomination shall be placed on a list of nominations awaiting confirmation by the Senate, the Rules Committee recommendation shall be dated and placed on each member's desk. If a member wishes during the first seven calendar days after action by the Rules Committee to object to the inclusion of the nomination without a hearing by a standing committee other than the Rules Committee, the member may do so by filing a protest in writing to the Secretary of the Senate during the seven day period. If a protest is filed, the President shall remove the nomination from the list and assign the nomination to an appropriate standing committee other than the Rules Committee. No nomination placed upon the list of nominations awaiting confirmation by the Senate shall be considered by the Senate until said nomination has remained on the list for seven calendar days. When a nomination is brought before the Senate, the final question on every nomination shall be, "Will the Senate advise and consent to this nomination?" which question shall not be put on the same day on which the nomination is received nor on the day on which it may be reported by a committee, unless by unanimous consent.

B. Nominations confirmed or rejected by the Senate shall not be returned to the Governor by the Secretary until the expiration of the time limit for making a motion to reconsider the same, or while a motion to reconsider is pending, unless otherwise ordered by the Senate by a majority of the members present.

RULE 21
Messages

A. Messages from the Governor of the State, or from the House of Representatives, may be received at any stage of proceedings, except while the Senate is dividing, or while the Journal is being read, or while the question of order or a motion to adjourn is pending.

B. Messages shall be sent to the House of Representatives by the Secretary, who shall previously certify the determination of the Senate upon all bills, joint resolutions and other measures which may be communicated to the House, or in which its concurrence may be requested, and the Secretary shall also certify and deliver to the Governor of the State all resolutions and other communications which may be directed to him by the Senate.

RULE 22
Amendments of the House

A. Any amendment by the House to any Senate Bill shall be subject to one of the following motions or actions:

1. Concur in House amendment.
2. Refuse to concur in House amendment and appointment of Conference Committee, free or simple.
3. The President may refer the bill with the House amendment to a committee for study and recommendations of concurrence or refusal to concur.

B. Any amendment by the House which includes the addition of the emergency clause shall require a two-thirds vote of the members of the Senate for final passage with the emergency clause.

RULE 23
Conference Committees and Reports

A. Conference Committees may be either simple or free. A Simple Conference Committee shall be limited to points of disagreement between the two Houses and shall not add unrelated new material, except to conform the provisions to other sections of the bill, enactments of the current session or procedural requirements. A Free Conference Committee may recommend striking amendments, compromising, or inserting something entirely new except that a Free Conference Committee may not recommend striking everything after the enacting clause and inserting new material.

B. Every conference report shall be accompanied by a detailed statement sufficiently explicit to inform the Senate what effect such amendments or propositions, if any, will have upon the measure to which they relate. A copy of each Conference Committee report shall be placed on each member's desk a reasonable time before consideration of the report. The presentation of reports of committees of conference shall always be in order, except when the Journal is being read or a question of order or a motion to adjourn is pending, or while the Senate is dividing; and when received the question of proceedings to the consideration of the report, if raised, shall be immediately put, and shall be determined without debate.

C. A Free Conference Committee shall not take final action on a Free Conference Committee report unless the measure has been heard in a public hearing of the Free Conference Committee.

D. A Free Conference Committee report on a bill which includes conference amendments may, upon the filing of the report in the Secretary of the Senate's office, be reassigned by the President to the Committee on Rules. If assigned to the Committee on Rules, the Committee on Rules shall consider such report for constitutionality and proper form and the reasonable germaneness of conference amendments. A bill including any amendments shall be presumed to contain one subject if:

1. The resulting bill has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.
2. The resulting bill is a major revision of a program or agency and each of the provisions relates to the revision.
3. The bill offers only technical or conforming changes to the statutes.
4. The bill is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the bill.

E. Except as provided herein, conference committees shall consider a bill prior to Saturday of the week in which the ninety-seventh day from the beginning of each regular session falls. No conference committee shall meet to consider a bill after such time without the written permission of the President.

RULE 24
Parliamentary Practice and Procedure

Parliamentary practice and procedure in the Senate shall take precedence in the order listed:

1. Constitutional provisions.
2. Senate Rules.
3. Statutory rules and provisions.
4. The rules of parliamentary practice and procedure as contained in Mason's Manual of Legislative Procedure.
5. Senate customs and usages.
6. General parliamentary law.

RULE 25
Privileges of the Floor

A. Except by unanimous consent, or unless otherwise ordered by a two-thirds vote of the Senate, no person except members and officers of the Senate shall have the privileges of, or be admitted to the floor of the Senate Chamber at any time; provided, that the President may grant the privileges of the floor, subject to revocation in any instance by order of the Senate, to ex-members of the Senate, members of the House of Representatives and employees of the Senate. When the Senate is not in formal session, the President, upon application of a Senate Committee, may grant the use of the Chamber to such committee for a time certain for the purpose of holding committee hearings.

B. For the purpose of addressing the membership of the Senate while in session, the President may, upon request, approve such dignitaries as:

1. The President or past Presidents of the United States.
2. Members of the present United States Cabinet.
3. Ambassadors of or to the United States, and all present United States Senators and Congressmen.
4. The present Governor of Arizona.
5. The present Governor or Head of any other domestic or foreign state.

All other dignitaries may be introduced from the gallery or may be granted speaking time other than when the Senate is in session.

C. The main gallery shall at all times, except when the Senate is in closed executive session or the Senate or President shall order the galleries cleared, be open to the public, subject to the full observance of the rules of the Senate.

D. A press gallery shall be maintained, to which shall be admitted only duly accredited representatives of the press holding nontransferable cards issued by the President of the Senate and revocable at the discretion of the President of the Senate. Any press representative desiring admission to the press gallery shall make application to the President of the Senate for a pass, and shall accompany the application with a statement of facts of the representative's press connections, and with a request by the newspaper or news gathering organization with which the representative is connected, for such pass. Not more than one such representative at a time shall occupy a seat in the press gallery if such seat is desired by the representative of any other accredited newspaper or news gathering organization.

RULE 26
Legislative Representatives

A. Any person desiring to be heard concerning legislation in behalf of any person, firm, association, organization, company or corporation shall first make application in writing to the chairman of the committee, stating the bill the person desires to present arguments upon, and whom the person represents.

B. The chairman may issue a permit which shall give such person the right to file with the committee having under consideration the bill or legislation regarding which the permit has been issued, written or printed briefs, statements or arguments. If so notified by the committee through its chairman, the person may appear before the committee in open public hearing and present arguments and testimony at the pleasure of the committee. Chairmen of committees shall, on request, give information regarding the holding of public hearings, and the time and place of the same, and committees may hold such public hearings as they desire.

RULE 27
Length of Session

A. Except as provided herein, regular sessions shall be adjourned sine die no later than Saturday of the week in which the one hundredth day from the beginning of each regular session falls. The President may by declaration authorize the extension of the session for a period of not to exceed seven additional days. Thereafter the session can be extended only by the Senate by a majority vote of the members present.

B. If not considered in the regular session the General Appropriations bill, the General Capital Outlay bill and the University Capital Outlay bill may be considered in a special session which shall be called only for those purposes.

RULE 28

Amendment of Rules; Suspension of Rules

A. The Senate Rules may be amended upon vote of the majority of the members of the Senate.

B. The Senate Rules may be suspended by a vote of a majority of the members present.

RULE 29

Code of Ethics

A. No member shall:

1. Intentionally solicit, accept or agree to accept from any source whether directly or indirectly and whether by himself or through any other person any personal financial benefit, including any gift, for himself or another upon an agreement or understanding that his vote, opinion, judgment, exercise of discretion or other action as a public official will thereby be influenced.

2. Disclose or use information designated by law as confidential in any manner prohibited by law.

3. Knowingly disclose or use, other than in the performance of his official duties, information gained as a result of his official position and which is not available to the general public, for his personal financial benefit or the financial benefit of any other person, including compensation from any employment, transaction or investment entered into that utilizes or is based upon such information.

4. Enter into any contract with a public agency for the sale of goods or services or have an interest in the profits or benefits of a contract entered into with a public agency by any other person or entity for the sale of goods or services, unless:

(a) The total gross annual income value of the contract is less than one thousand dollars, or

(b) The contract is entered into by a business of which the member, his spouse or any minor child of whom the member has custody, owns or controls, individually or combined, less than ten percent thereof, or

(c) The contract has been awarded through public and competitive bidding pursuant to law, or

(d) The subject of the contract between a member and a public agency is an appointment or employment for which an exception exists pursuant to article IV, part 2, section 4 or 5 of the Constitution of Arizona.

5. Appear for a fee on behalf of another person or entity before any public agency for the purpose of influencing such agency by use of threat to initiate or take an action in the discharge of his official duties that would be adverse to such agency.

6. Participate in any action of the Senate if the member has a substantial interest as defined in section 38-502, Arizona Revised Statutes.

B. For the purposes of this rule:

1. A member shall be deemed to "have an interest in the profits of a contract" if the contract is entered into by the member or his spouse or any minor child of whom the member has legal custody.

2. "Public agency" means all courts and any department, agency, board, commission, institution or instrumentality of this state but does not include counties, cities and towns or any other political subdivision.

3. "Business" includes any corporation, partnership, joint venture, sole proprietorship, business trust, enterprise, organization, trade, occupation or profession.

4. "Gift" includes any gratuity, special discount, favor, service, economic opportunity, loan or other benefit received without lawful consideration and not provided to members of the public at large but does not include political campaign contributions if such contributions are publicly reported as required by law.

5. "Fee" includes any compensation but does not include benefits received pursuant to law as a result of being a legislator.

RULE 30 Personal Financial Interest

A. A member who anticipates taking an action in the discharge of his official duties in which he may have a personal financial interest shall:

1. Prepare a written statement describing the matter to be acted upon and the nature of the potential interest; and

2. Deliver a copy of the statement to the President, the Chairman of the Ethics Committee and the Secretary of the Senate. Such statement shall be retained by the Secretary of the Senate as a public record.

B. A member shall report a potential personal financial interest pursuant to subsection A as soon as the member is aware of such potential interest. If, however, such awareness occurs when the Senate is convened on the floor or during a meeting of a committee, subcommittee or caucus, a member shall report a potential personal financial interest as soon after the adjournment of that body as is practicable.

C. A member may abstain from taking any action in which he has a personal financial interest. Upon declining to participate in any legislative action on the floor, in committee or in subcommittee, the member shall, in addition to the requirements of subsection A, state his decision and the underlying reasons therefor and such decision shall be recorded in the Journal or minutes of that body.

D. A member in doubt as to the propriety of any action proposed to be taken by him and involving a potential personal financial interest under this rule may request the Ethics Committee to render an advisory opinion on the facts. The advisory opinion shall be issued not later than five days from the date of the receipt of that request and be filed with the President, the Chairman of the Ethics Committee and the Secretary of the Senate. Such opinion shall be retained by the Secretary of the Senate as a public record.

E. For the purposes of this rule:

1. "An action in the discharge of his official duties" means introduction, sponsorship, debate, amendment, passage, defeat, approval, consideration or any other official action on any bill, resolution, memorial, amendment, confirmation, nomination, appointment, report or any other matter pending or proposed in a committee, subcommittee, caucus or on the floor of the Senate.

2. A personal financial interest exists if it is reasonably foreseeable that an action in the discharge of his official duties will have a material financial benefit or detriment either directly or indirectly on the member, his spouse or any minor child of whom he has legal custody, except that no personal financial interest exists if the legislator or such member of his household is a member of a class of persons and it reasonably appears that a majority of the total membership of that class is to be affected by such action.

F. A member who has a substantial interest as defined by section 38-502, Arizona Revised Statutes, shall comply with title 38, chapter 3, article 8, Arizona Revised Statutes.

RULE 31 Caucuses

All meetings of a party caucus consisting of members of the Senate shall be open to the public except organizational meetings to elect officers of the caucus and the Senate and meetings to discuss matters permitted in executive session as set forth in section 38-431.03, Arizona Revised Statutes. Each caucus shall establish procedures for convening authorized executive sessions.
