#### STATE OF THE STATE ADDRESS GOVERNOR DOUGLAS A. DUCEY Monday, January 11, 2021

Good afternoon.

This past year we've all gotten used to doing business a little differently, and so it is today. We would have preferred our usual State of the State proceedings, but like so many other recent plans, it wasn't in the cards.

If there's an upside to the unique circumstances, it's that for this year's address we have more people than ever watching us live from across the state. What we've lost in ceremony, we've gained in citizen engagement. And I'm glad to have so many Arizonans listening, because there is much to report.

**JOURNAL OF THE SENATE**  
**Monday, January 11, 2021**

On Friday, I had the pleasure of meeting with all four legislative leaders – Democrats and Republicans. I want to thank Speaker Rusty Bowers, President Karen Fann and Leaders Reginald Bolding and Rebecca Rios for a serious and cordial exchange.

Our meeting was in stark contrast to the violent and destructive rioting at our nation's capitol, just two days prior. It was a sickening day in Washington D.C., that no American will ever forget. In the United States of America, violence and vandalism have no place in the people's House. Perpetrators should be prosecuted to the full extent of the law. Let us condemn it and resolve that it never happens again.

With that in mind, let us treat each other this year as one of our nation's greatest presidents, Abraham Lincoln, suggested: "With malice toward none, with charity for all, with firmness in the right as God gives us to see the right, let us strive on to finish the work we are in."

And Arizona will do its part to bind up the nation's wounds. Here, we will conduct ourselves with integrity, and respect for each other and for the United States Constitution.

As for our work here, all agree the pandemic remains the most significant threat we face, and it will require vigilant attention for months to come. The risk is still serious, and so is the pressure on our hospitals and medical personnel.

Even so, we should take encouragement where we find it – starting with the breakthrough that will change everything. If last year was the year of the virus, this year will be the year of the vaccine.

2020 threw a lot at us. It was a time we'll all remember, but not very fondly. Yet in a time of trial, loss, worry, and disruption, we kept our bearings, and never lost heart. It's been one of those turns in life when perseverance makes all the difference when we had to show just how resilient we are.

We've also had reminders – as if any were needed – of why medicine and nursing are so respected among life's great callings.

I think of Edmond Baker, a doctor and Army veteran who for years has cared for patients in the medically underserved parts of Arizona. Like so many other doctors, he has stayed on call and has never relented, so that no matter who you are or where you live, you can get the care you need.

Then there's Regina Villa, a nurse at Valleywise Health Medical Center. The mission, says Nurse Villa, "is truly to care for all people. It doesn't matter who you are." It's been a time when COVID patients can't even see their families, and nurses can feel like the only friend at their side. Nurse Villa is one of the thousands who have met this crisis with courage, grace, and kindness.

And we can never overlook the incredible service of the Arizona National Guard. Consider just the single example of Will Smith, a medic who in 2019 came home from deployment in Iraq. With the pandemic, Will found himself back in a Blackhawk helicopter delivering COVID testing kits to tribal nations. That was Will's idea of a break from his regular job at Scottsdale Osborn Medical Center.

In so many ways, an extremely tough year brought out the best in us. And yet sometimes, despite all, our best wasn't enough. It's a vicious virus, taking some 10,000 lives in our state alone, and has left nothing but grief in its path.

With the vaccine, however, we aim to cut off that path as quickly as possible.

We started with vaccinations of medical personnel, since they're the ones we count on to deliver it far and wide. The logistics of putting the vaccine within reach of everyone will be complex and demanding. But Arizona is going to do it fast, we are going to do it right, and I assure you that we'll do it with a real sense of urgency and purpose.

Today, our state's largest county begins vaccinating teachers and cops. And while local public health officials are working hard, we need to work faster. So now, even more resources will be brought to the fore. At my direction, the state has launched a 24/7 vaccination site at a large and notable location: State Farm Stadium, home of the Arizona Cardinals.

Everyone needs this vaccine. And the sooner we all receive it, the more quickly we can get on with life as it should be.

From the very outset of COVID-19, there have been disagreements about how to deal with it. And in my fifty-plus meetings with the press, I've heard endless variations of the same question: Why not more and longer lockdowns? Why not more aggressive lockdowns? Schools, businesses, parks, weddings, funerals, church services – why not ban all gatherings and just lock everything down?

It's a question that only makes sense if you forget about everything else – all the other troubles that lockdowns set in motion. The rest of life doesn't stop in a pandemic, least of all our basic responsibilities. People still have bills to pay, children in need of schooling, businesses to run and employees who depend on them. There are lots of men and women who don't have the option of remote work and don't receive uninterrupted direct deposits. To make a living, they have to show up somewhere. And if the doors are closed, then at a certain point they are never going to open again.

If we're really all in this together, then we have to appreciate that for many families "lockdown" doesn't spell inconvenience; it spells catastrophe... zero income, inability to make a payment, eviction, foreclosure, and real personal anguish.

Often these past ten months, likewise, I met in this office with public-health experts who were describing the broader impacts of COVID-19, beyond the disease itself. Opioid abuse, alcoholism, addiction, mental-health issues, the sheer loneliness of isolation, suicide: there has been no daily count of these human costs, but they are real and they are devastating. And extreme measures by well-intentioned people have unintended consequences that actually do far more harm than good.

We never did a "lockdown" in Arizona. We were targeted and thoughtful. So some have asked: Why not end the public health emergency? It's simple... Because we are in a public health emergency. I've been entrusted by the people of Arizona with this responsibility. I'm not going to hand over the keys to a small group of mayors who have expressed every intention of locking down their cities.

And by the way, look at the experience of the other states that did lock down. What do they have to show for their strict mandates and orders? They're still dealing with the worst of it. Just as we are.

I'm well aware that taking the measured, steady, responsible approach will continue to invite criticism from all directions that we're doing too much or not enough. The critics can say what they want, but the path I've outlined is the right path for Arizona.

Here's the short of it: Arizona has taken the measured course, and all the same strengths that carried us through our worst days will carry us forward. All fifty states are focused now on saving lives, distributing the vaccine, and adding jobs. And in meeting these challenges, no state is better prepared than Arizona.

In this new session, the Legislature and I have some big pieces of business to complete. And I'll soon be sending the details of my proposals for 2021. But today, I know that many Arizonans are especially concerned about their kids and about their jobs, so let me begin there.

It's been a small mercy of this pandemic that the virus is least likely to harm our children, although there are exceptions. Of course, their teachers are a different matter, and that's why we're making sure that teachers receive the vaccine as quickly as possible.

Across our state, students have been kept out of their classrooms for long enough. They've lost out on childhood experiences that can't be duplicated on a computer screen. In strange, difficult circumstances, parents and teachers have done their resourceful best. But it's time to get our students back where they belong. With every public-health professional, from Dr. Fauci and the CDC on down, saying that the safest place for kids to be is in school, we will not be funding empty seats or allowing schools to remain in a perpetual state of closure. Children still need to learn, even in a pandemic.

By necessity during this emergency, many parents have been more engaged than ever in the daily education of their children. Quite a few have found temporary educational options they want to make permanent. It's their right. Public policy should keep pace, and empower them to make that choice.

But still, other kids have fallen behind. There's been severe learning loss. Kids have missed out on so much. So let's put our resources on getting them caught up. Before COVID, we had an achievement gap in our schools. And it's only gotten worse. It's a problem detailed in a report just last week from one of the state's leading business organizations – with data showing the gap in student achievement often falls squarely down economic and racial lines.

Distance learning has not been good for these students, who often don't have wi-fi or a laptop available. So starting now, let's direct resources to helping these children catch up. Summer school, longer school days, one-on-one targeted instruction, tutoring. It should be our goal that every student graduates high school on time and at grade level.

This is consistent with the education innovation for which Arizona is known. At the heart of that movement is the idea that every child, regardless of background, is entitled to a great education and all the opportunities that come with it.

Our independent spirit, after all, is one reason why so many people feel drawn to Arizona. They see that spirit as well in our respect for hard-working taxpayers. And for Americans tired of living in states with high taxes, heavy regulation, low-growth, and fading opportunity, Arizona has become the destination.

And they're still coming to Arizona in 2021 because during the pandemic, we never took our small businesses or their workers for granted. As bad as things got, we're recovering fast. New businesses and residents have been added by the thousands. At this time last year, we were ahead of 45 other states in job creation and personal income growth. Today, we're still top-five. But some Arizonans are struggling. And it's got to be our priority to help them with a growing economy and more jobs.

Every year I've been governor, we've improved income taxes in the taxpayer's favor. We've simplified the code, lowered all rates, protected them against inflation, and eliminated an entire tax bracket. In all of this, we've proven that our government can fulfill every obligation, and answer the unexpected needs of a growing state, without raising taxes.

My goal has been to make Arizona the best place in America to live, work, and do business – by letting Arizonans keep more of their hard-earned money. And having come this far, as other states chase away opportunity with their new taxes, why on earth would we ever want to follow their failed and depressing example?

So I propose, in this session, we work together to reform and lower taxes and preserve Arizona's good name as a responsible, competitive state. On tax reform, let's think big.

In the coming weeks, legislators and I will have a lot more to talk over. There's general agreement, for instance, on COVID liability protection, so that a statewide emergency doesn't line the pockets of trial attorneys with frivolous lawsuits. There's also an opportunity for a modernized gaming compact that will bring in more revenue for our tribal nations and our state budget. Among other agenda items requiring our attention, let's work on broadband expansion . . . greater access to telemedicine . . . better roads and bridges... continuing to be a global leader on water innovation... better equipment and training for law enforcement . . . criminal justice reform... and guarding against wildfires, so we stay on top of that ever-present risk.

With remote working by many state employees, we also have the chance to further limit the size, cost and footprint of government. Let's truly "shrink" government, by eliminating unnecessary state buildings and saving taxpayer dollars, so we can prioritize areas of need, like educating our kids, taking care of our sick, and keeping our neighborhoods safe.

We can complete all this and more in 2021, and I am ready. Our whole state is ready to get back on a rising path. Through the trials of 2020, we kept our balance. We met every test. And even in an election year, we showed the best of our state's bipartisan tradition. If Arizonans are looking to this year with a feeling of accomplishment and optimism, it is because they've witnessed the strength of their fellow citizens.

Despite everything 2020 threw at us, in the face of a global pandemic, everyday Arizonans have demonstrated the true state of our state— from our frontline medical workers; teachers, moms and dads; public safety and first responders; small business people; election day workers; grocery store employees, and national guard – we’ve seen heroism, sacrifice, service and acts of kindness, large and small. The state of our state is not only strong – it’s resilient.

So let us act in that spirit. We must be hopeful for the future — but we cannot forget the challenges we face in the immediate.

The nurses and doctors, tired and exhausted as they work overtime to save lives. The Arizonans who are grieving loved ones lost. We must all do our part, by doing what we know works: Following public health, wearing a mask, and practicing personal responsibility.

With resilience and compassion, we move forward, allowing nothing to get in our way, and showing in the end the best kind of unity there is – the unity of caring about one another.

Thanks for listening, and God bless.

The President announced that without objection, reading of the Journal of Tuesday, February 9, 2021 was dispensed with and approved as recorded by the Secretary.

PERSONAL PRIVILEGE

Senator Townsend requested a point of Personal Privilege for comments and requested that her remarks be inserted in the Journal as follows:

February 10, 2021

I wish to address the comments made on the record yesterday, February 09/2021 during the floor session in my absence, regarding my vote explanation on Monday, February 08/2021.

I have published the transcript of my comments from Monday in their entirety on my Facebook account, which specifically include qualifying language that states that I was not suggesting that the public act unlawfully. I, at no time, insinuated or directly threatened any member or called on the public to do so. I was clear, yet short in my meaning and had absolutely no intention to create fear.

However, the Associated Press put only portions of my statement together as a quote, which made it sound as if I had intended my words to be a threat. This irresponsible reporting led to a wildfire of speculation, fear turned into fact, and my comments became used as a political weapon against me.

I have paid close attention over the last twelve months to how rhetoric is changing. It has become useful to claim fear of harm to cover for one's misdeeds, when no reason for fear exists. I remember many times over the years, and the last year especially, where I experienced real, justified fear. Rioters in Scottsdale and a message from the Governor's office that the BLM protests were planning on taking over the Capitol. Just this Monday, while we were voting on the bill in question, someone was at my home, on my property, taking photos of my house with my adult daughter home alone inside. The reason for my absence yesterday was due to my having to further deal with the situation at my home on Monday. In the midst of that situation on Monday, I was short with my words which left it open for gross and irresponsible misrepresentation and I condemn opportunistic political mishandling of my vote explanation.

I have experienced multiple times where my family's safety was in question. We are well protected, and I will not let this dissuade me from being a public servant. I absolutely in no way would want to put my colleagues in a similar situation and any insinuation or impugning of my motives is inaccurate. I therefore will not tolerate others mis-assigning meaning to my intentions, impugning my motives or making political opportunity to distract, by misusing my words.

I stand by my statement that the public has every right to create a coalition and to take care of the business that we cannot take care of here. I firmly recommend they move forward with "LEGAL" action as they should. Unlike the events in Phoenix and

Scottsdale last year, I have never called on anyone to burn buildings, break windows, take over the Capitol, and terrorize the community or marched with any group who has done so.

As the upper chamber, I agree; we do indeed need standards in the Arizona Senate. What we do not need is double standards. For this reason, I would like to remind this body that if we want to work together in a cohesive manner, respect is a two-way street. You cannot twist and misconstrue or piecemeal my words to further a political agenda and then ask me to unify with you. We can and will accomplish this unity you ask for, however, on the mutually respected two-way street.

Madame President, I request my words be added to the journal.

Senator Kelly J. Townsend

The President announced so ordered, entered into the Journal.

**INTRODUCTION AND FIRST READING OF BILLS**  
**UNANIMOUS ADOPTION OF SENATE RESOLUTION 1001**

Senate Resolution 1001 was introduced and read in full by Senator Gray as follows:

A Resolution honoring the victims of the Semele Assyrian massacre and proclaiming August 7, 2021 as Assyrian martyrs day in Arizona.

Whereas, Assyrians, an ethnic minority group, are the indigenous people of Mesopotamia who have lived in the Middle East since ancient times, including in what is today Turkey, Iraq, Iran and Syria; and

Whereas, the United States has a history of recognizing and condemning atrocities experienced by vulnerable and native minorities; and

Whereas, World War I brought untold suffering to the world, and particularly to the Assyrian people, who lost two-thirds of their numbers as victims of violence, famine and disease inflicted on them by hostile forces and faced a difficult predicament as new nation-states formed around them; and

Whereas, because the Assyrians were not included in the Sykes-Picot agreement between the British and French governments after World War I, they were left vulnerable as refugees with no clear future in the newly-formed kingdom of Iraq; and

Whereas, the government of Iraq became increasingly hostile toward the Assyrians and exiled their leader, the Patriarch Mar Eshai Shimun XXIII, to Cyprus with the full authorization of the British government, despite the Assyrians being recognized as Britain's and the West's "smallest ally" in the Middle East; and

Whereas, the British government, having drawn the Assyrian people into the service of the British empire, knew that such an association would endanger the already-defenseless Assyrians. Nevertheless, they disregarded the growing animosities being fostered against the Assyrians by various officials of the Iraqi government; and

Whereas, in August 1933, after surrendering and pledging loyalty to the Iraqi government in the interest of peace, Assyrians were targeted for a calculated annihilation that came to be known as the Semele Massacre; and

Whereas, on August 7, 1933, thousands of unarmed men, women and children were slaughtered using machine guns and bayonets. Over 60 Assyrian villages were looted and destroyed by various populations that intended to destroy the Assyrian people; and

Whereas, the entire world and, in particular, the British government were horrified at the indiscriminate slaughter of Assyrian people, both young and old; and

Whereas, the Elie Wiesel Genocide and Atrocities Prevention Act of 2018 (P.L. 115-441) established that atrocities prevention represents a United States national interest and affirms a government-wide strategy to identify, prevent and respond to the risk of atrocities by "strengthening diplomatic response and the effective use of foreign assistance to support appropriate transitional justice measures, including criminal accountability, for past atrocities"; and

Whereas, the State of Arizona is a global leader of human rights, including recognizing and repudiating crimes against humanity. It is fitting that the people of this state honor the victims of the Semele Assyrian Massacre of 1933.

Therefore

Be it resolved by the Senate of the State of Arizona:

1. That the Members of the Senate recognize the Semele Assyrian Massacre of 1933 as a crime against humanity.
2. That the Members of the Senate honor the memory of the thousands of unarmed men, women and children who were murdered during the Semele Assyrian Massacre of 1933.
3. That the Members of the Senate proclaim August 7, 2021 as Assyrian Martyrs Day in the State of Arizona.

Senator Gray moved that Senate Resolution 1001 be unanimously adopted. The motion carried.

Senate Resolution 1001 was signed in open session and transmitted to the Secretary of State.

JOURNAL

The President announced that without objection, reading of the Journal of Tuesday, March 2, 2021 was dispensed with and approved as recorded by the Secretary.

PERSONAL PRIVILEGE

Senator Alston requested a point of Personal Privilege to introduce a video to recognize March 3, 2021 as World Hearing Day. A Resolution was read in full by Senator Alston as follows:

Whereas, hearing plays a critical role in communication and personal relationships, overall health outcomes, psychological well-being and safety; and

Whereas, hearing loss, which is typically irreversible, has been tied to cognitive decline, dementia, falls, depression and isolation, and hearing loss can be a symptom of an underlying medical condition such as infection, tumor, otosclerosis and Meniere's disease; and

Whereas, a study conducted by the Better Hearing Institute concluded that untreated hearing loss has significant income ramifications, including negatively impacting household income in the United States by up to \$12,000 annually and costing \$122 billion in lost earnings; and

Whereas, noise-induced hearing loss is a preventable and significant, though often unrecognized, health problem among American adults and is a growing problem with adolescents due to overamplification of personal listening devices; and

Whereas, according to the National Institute on Deafness and Other Communication Disorders (NIDCD), more than 37 million American adults, or 15%, report some trouble hearing, and about 28.2 million adults in the United States could benefit from using hearing aids; and

Whereas, according to the NIDCD, fewer than 30% of adults aged 70 and older with hearing loss and 16% of adults aged 20 to 69 with hearing loss who could benefit from hearing aids have ever used them; and

Whereas, the Hearing Healthcare Providers of Arizona, a chapter of the International Hearing Society, is composed of hearing health care professionals, including hearing aid dispensers and audiologists, who are trained and who specialize in identifying and assessing hearing loss, rehabilitating through the use of hearing aids and related devices, and counseling; and

Whereas, World Hearing Day, founded by the World Health Organization, is observed annually on March 3rd to raise awareness about how to prevent deafness and hearing loss and to promote ear and hearing care around the world; and

Whereas, World Hearing Day provides an opportunity to focus on preventing hearing loss and promoting access to necessary rehabilitation services and communications tools for individuals with hearing loss.

Therefore

Be it resolved by the Senate of the State of Arizona, the House of Representatives concurring:

That the Members of the Legislature proclaim March 3, 2021 as World Hearing Day in the State of Arizona and encourage the citizens of Arizona to protect their hearing and seek the services of licensed hearing health care professionals for regular hearing checks.

#### PERSONAL PRIVILEGE

Senator Steele requested a point of Personal Privilege and requested that pursuant to Senate Rule 19C, her remarks of less than 200 words relating to the action of the Senate Ethics Committee be entered in the Journal. The remarks were inserted as follows:

Yesterday, in the senate ethics committee I moved to schedule a hearing on the ethics complaint filed against Senator Rogers by her former assistant and supported Sen. Engel's motion to dismiss the complaint with a recommendation that she attend a supervisors training course, which we believe is an appropriate course of action to prevent this type of behavior in the future. Instead, the complaint was dismissed.

One of the allegations that was the most disturbing to me because I believe we had clear and convincing evidence, is Senator Rogers' verbal tirade, punctuated with cursing and her overall treatment of her assistant on January 14. The lack of professionalism, proper supervisory conduct and mistreatment of a state employee by a Senator is unacceptable, and her conduct adversely reflects upon the Senate.

No one should ever experience harassment and abuse at work or by their employer. I absolutely do not want our assistants, staff, custodians and security to think it's acceptable to be treated this way, but that is the message we are sending. Our hardworking Senate staff deserve better and they deserve to be protected. Therefore, I protest the dismissal of the ethics complaint. Thank you.

On March 5, 2021, the Governor signed and transmitted to the Secretary of State Senate Bill 1420.

The Governor signed Senate Bill 1420 with the following message:

March 5, 2021

The Honorable Katie Hobbs  
Secretary of State  
1700 W. Washington, 7<sup>th</sup> Floor  
Phoenix, AZ 85007

Re: Senate Bill 1420 consular identification; validity; biometric verification

Dear Secretary Hobbs:

Today I signed S.B. 1420 sponsored by Senator Paul Boyer. I'm grateful to the sponsor and the bipartisan majority of legislators who supported this policy that enhances public safety by offering a secure, reliable form of identification to be accepted in Arizona.

This legislation will ensure that law enforcement is able to quickly and accurately identify more of the individuals with whom they interact. This is critical to ensure safety for both law enforcement and the public. As a result of this legislation, more individuals will have biometrically secure forms of identification for interactions with law enforcement and other governmental entities.

This bill does not authorize any new rights or responsibilities for non-citizens. It simply recognizes that governments in Arizona will accept cards issued by countries who use strict biometric identity verification techniques as lawful identification.

Sincerely,

/s/ Douglas A. Ducey  
Governor  
State of Arizona

On March 9, 2021, the Governor signed and transmitted to the Secretary of State Senate Bill 1442.

The Governor signed Senate Bill 1442 with the following message:

March 9, 2021

The Honorable Katie Hobbs  
 Arizona Secretary of State  
 1700 W Washington Street, 7<sup>th</sup> Floor  
 Phoenix, AZ 85007

Re: Senate Bill 1442 hazardous vegetation removal; state forester

Dear Secretary Hobbs,

As I shared in my State of the State address, guarding against wildfires is an important issue that requires a new strategy for the state. That new strategy of taking additional steps to reduce wildfire risk to Arizona communities is reflected in the Arizona Healthy Forest Initiative.

The Arizona Healthy Forest Initiative involves 1) building additional in-house capacity to remove vegetation posing wildfire risks, 2) leveraging existing partners to remove vegetation posing wildfire risks, and 3) adding additional partnerships used to remove vegetation posing wildfire risks. Senate Bill 1442 is a key component of this initiative and will allow new partners to cooperate with the Department of Forestry and Fire Management in their efforts to protect Arizona communities from devastating wildfires.

Additionally, Senate Bill 1442 allows the State Forester to use programs that build on the successful partnership with the Arizona Department of Corrections, Rehabilitation, and Reentry. Using the model of inmate wildland fire suppression crews, the Arizona Healthy Forest Initiative will provide opportunities for over 700 additional inmates to gain life-changing job skills and post-release opportunities.

I want to extend my gratitude to the sponsors of this legislation, Senator Kerr and Representative Griffin, and to all of the legislators supporting this critical mission. I am very pleased to sign Senate Bill 1442 today, and look forward to working with the legislature to complete the other necessary pieces of this ongoing effort to protect our forests and communities.

Sincerely,

/s/Douglas A. Ducey  
Governor  
State of Arizona

MESSAGES FROM THE HOUSE

(March 11, 2021)

House unanimously adopted House Concurrent Resolution 2041

INTRODUCTION AND FIRST READING OF BILLS  
 UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2041

House Concurrent Resolution 2041 was introduced and read in full by Senator Rios as follows:

A Concurrent Resolution on the death of Barbara Lubin

Barbara Lubin passed away on February 6, 2021 after a courageous fight with breast cancer at the age of sixty-three.

Born in Frankfurt, Germany on December 8, 1957, Barbara spent her childhood in multiple states before settling in Flagstaff in 1969. She graduated from Flagstaff High School before earning her bachelor's degree in journalism and her master's degree in business administration from Northern Arizona University.

A lifelong Democrat and an Arizona Democratic Party fixture beginning in the 1980s, Barbara was most recently the director of operations. She spent the greatest part of her life working behind the scenes, providing advice and guidance to those who sought political office and others who were seeking positions in which they could help improve the lives of others. After moving to Phoenix in 1982, she worked as an aide in the Arizona Senate and then for Corporation Commissioner Jim Weeks. Giving generously of her time and abilities, she also spent many years volunteering for Democratic candidates and at the PTA at her daughter's elementary school. Additionally, Barbara skillfully managed the Madison School District's art masterpiece program.

In 2000, Barbara became the first candidate to qualify for Clean Elections funding for her unsuccessful run for the Corporation Commission. She went on to train others running for office at positions at the Clean Elections Institute, the Progressive Majority and the Arizona Democratic Party, where she earned the well-deserved reputation for passion and work ethic. Throughout her career, Barbara mentored countless candidates and welcomed volunteers with open arms. Funny, tenacious and optimistic, Barbara was a talented leader and a pillar of knowledge, trustworthiness and reliability.

A devoted wife, loving mother and loyal friend, Barbara will be remembered for her infectious smile, refreshing laughter and fighting spirit. She will be greatly missed by her husband of 33 years, Stanley, her daughter and son-in-law, Jessica and James Hall, and her granddaughters, as well as siblings and nieces and nephews.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature regret the passing of Barbara Lubin and extend their sympathies to her family and friends.

Senator Rios moved that House Concurrent Resolution 2041 be unanimously adopted and that the Senate stand in a moment of silence in memory of Barbara Lubin. The motion carried.

House Concurrent Resolution 2041 was signed in open session. The Secretary recorded the action and returned the Resolution to the House.

**PERSONAL PRIVILEGE**

Senator Kerr requested a point of Personal Privilege and read a Proclamation recognizing the 110<sup>th</sup> Anniversary of the dedication of the Theodore Roosevelt Dam as follows:

Whereas the Theodore Roosevelt Dam was originally constructed between 1905 and 1911 to control the erratic flow of the Salt River and to harness the water for irrigation. The dam turned the Arizona desert into land that could be farmed.

Whereas this structure is named after President Theodore Roosevelt, was once the world's tallest masonry dam. President Roosevelt was instrumental in approval of the Federal Reclamation Act of 1902, and who dedicated the original dam March 18, 1911.

Whereas the Theodore Roosevelt Dam is unique in the way it was originally constructed. It was built of stone from the canyon walls, timber from the Sierra Anchas, and cement made from nearby deposits of sand and clay. The original structure is now covered by concrete.

Whereas, in 1996 a modification project was completed that raised the height of the dam to 357 feet and expanded the lake's storage capacity by 20 percent -- enough for 1 million more people. This 77-foot increase added water storage capacity to the dam and provided SRP with substantial amounts of flood control and Safety of Dams storage space.

Whereas, the dam has hydrogeneration capacity of 36,000 kW. Hydropower from Theodore Roosevelt Dam and the three other hydro facilities on the Salt River is one part of SRP's resource portfolio of clean renewables — including solar, wind, geothermal and biomass — that makes up about 6 percent of SRP's annual generation mix.

Therefore, be it resolved that the Senate of the State of Arizona celebrates the 110 year anniversary of the dedication of the Theodore Roosevelt Dam and the contributions of water storage and electric generation provided by this structure for the Salt River Valley.

INTRODUCTION AND FIRST READING OF BILLS  
 UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2014

House Concurrent Resolution was introduced and read in full by the Reader as follows:

A Concurrent Resolution supporting Taiwan's international participation and a closer partnership between the United States and Taiwan in trade and exchanges of officials.

Be it resolved by the Senate of the State of Arizona, the House of Representatives concurring:

Whereas, the trade in goods and services between the United States and the Republic of China (Taiwan) totaled an estimated \$103.9 billion in 2019, with \$42.3 billion in exports and \$61.6 billion in imports, ranking Taiwan as the tenth largest trading partner of the United States. Overall, Taiwan supports an estimate of more than 373,288 jobs in the United States; and

Whereas, 157 Members of Congress signed a letter to United States Trade Representative Robert E. Lighthizer on December 19, 2019, while 50 United States Senators signed a separate letter to him on October 1, 2020, encouraging the United States government to work towards initiating negotiations on a bilateral trade agreement with Taiwan, which would foster a more open and fair trade environment, thereby creating greater export and investment opportunities between the two countries; and

Whereas, Taiwan was Arizona's fifteenth largest export market in 2019, reaching \$505.2 million in total United States exports to Taiwan originating from Arizona. In total, more than 5,895 jobs in Arizona are supported by Taiwanese affiliated companies and the exports of goods and services to Taiwan; and

Whereas, Taiwan Semiconductor Manufacturing Company plans to invest \$12 billion in an advanced 5-nanometer fab in Phoenix, Arizona, anticipated to begin construction in 2021, with chip production slated to start by 2024. This new factory will create 1,900 full-time jobs in Arizona over a five-year period; and

Whereas, on July 12, 2013, the President of the United States signed into law H.R. 1151, an act supporting Taiwan's participation as an observer in the International Civil Aviation Organization (ICAO); and

Whereas, on March 18, 2016, the President of the United States signed into law S. 2426, an act directing the Secretary of State to develop a strategy to obtain observer status for Taiwan in the International Criminal Police Organization (INTERPOL); and

Whereas, on March 26, 2020, the President of the United States signed into law S. 1678, an act stating that it should be the policy of the United States to advocate, as appropriate, for Taiwan's membership in all international organizations in which statehood is not a requirement and in which the United States is also a participant, as well as for Taiwan to be granted observer status in other appropriate international organizations; and

Whereas, Taiwan has received global recognition as a success story in combating COVID-19 and can provide indispensable expertise and humanitarian aid to affected states in America, including Arizona. Taiwan's inclusion in the World Health Organization (WHO) will benefit the entire human race; and

Whereas, the Arizona State Legislature passed resolutions in support of Taiwan's participation in international organizations including INTERPOL, and United Nations specialized agencies such as the WHO, the ICAO, and the United Nations Framework Convention on Climate Change, respectively, in 2012, 2014, 2016, 2017, 2018, 2019 and 2020; and

Whereas, the Taiwan Travel Act, signed into law by the President of the United States on March 16, 2018, allows officials at all levels of the federal government to travel to Taiwan to meet their Taiwanese counterparts and allows high-level Taiwanese officials to enter the United States under conditions that demonstrate appropriate respect to such officials.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

1. That the Members of the Legislature support the negotiation of a United States-Taiwan bilateral trade agreement and Taiwan's meaningful participation in international organizations.

2. That the Members of the Legislature acknowledge the achievements made by Arizona and Taiwan in the fields of economy, trade, technology, education and culture since the establishment of their sister-state relations on July 28, 1980, and encourage continued bilateral cooperation and exchanges between the two entities in the future.

3. That the Members of the Legislature support a future official visit to Taiwan by the Governor of Arizona at his discretion.

Senator Leach moved that House Concurrent Resolution 2014 be unanimously adopted. The motion carried.

House Concurrent Resolution 2014 was signed in open session. The Secretary recorded the action and returned the Resolution to the House.

Whereas, children are America's most precious resource and critical to the future success of our society—they are also the most vulnerable members of our society; and

Whereas, every year more than 3.6 million referrals are made to child protection agencies involving more than 6.6 million children.

Whereas, the United States has one of the worst records among industrialized nations—losing an average of five children every day to physical and sexual abuse. Childhelp's Youth Ambassador, Rosevelt Rawls' campaign of #5toomany, and her charity, Music And The Message, are bringing awareness to the public, and to the schools across Arizona, concerning this crisis; and

Whereas, we are grateful to many organizations, such as Childhelp, that rescue children and deliver care and safety; who also provide parents with the social support, knowledge of parenting, child development, and concrete resources they need to cope with stress and nurture their children—to help ensure that all children grow to their full potential; and

Whereas, child abuse prevention requires a coordinated and comprehensive response by all systems touching children and youth (e.g. schools, law enforcement, health systems, faith-based organizations, families and community programs); and

Whereas, child abuse and neglect are preventable, state and local governments, community organizations, and private citizens, can take action to protect our children.

Now, therefore, the Members of the Arizona State Senate, proclaim April 2021 as Child Abuse Prevention Month and April 7th as National Day of Hope; further calling upon the communities and individuals of Arizona to participate in efforts to strengthen families, protect children, and prevent child abuse and neglect.

## COMMUNICATIONS FROM THE GOVERNOR

The President announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On February 15, 2021, the Governor signed and transmitted to the Secretary of State House Bill 2402 with the following message:

February 15, 2021

The Honorable Katie Hobbs  
Secretary of State  
1700 W. Washington, 7<sup>th</sup> Floor  
Phoenix, AZ 85007

Re: House Bill 2402 schools; test results; letter classification

Dear Secretary Hobbs:

As I shared in my State of the State address, students have been kept out of school for far too long, and I have serious concerns about the learning loss that has occurred this past year. Getting kids caught up and on track needs to be a top focus of ours.

Today, I signed H.B. 2402. This legislation ensures students continue to be evaluated, so we can get them the help they need, while also recognizing this year is unique and provides some flexibility around the state's A-F letter grade system.

But the data and information we get is only worthwhile if we study it and act on it. So in addition to signing this bill, I'm also issuing Executive Order 2021-03, directing the State Board of Education to utilize AZM2 (AZMerit) Assessment data from this school year to draw comparisons to prior years and identify the extent of learning loss that has occurred. This data will then be used to ensure targeted and evidence-based strategies for acceleration.

This will ensure we continue to have accountability in our education system, so parents can make the best educational choice for their kids. After all, these are our future leaders and it is incumbent upon us that we ensure they are prepared for success. Any future attempts to suspend this grading system will necessitate a much greater level of justification.

Sincerely,

/s/Douglas A. Ducey  
Governor  
State of Arizona

On April 9, 2021, the Governor signed and transmitted to the Secretary of State House Bills 2079, 2132, 2162, 2297, 2365, 2410, 2429, 2485, 2547, 2569, 2714, 2770, 2889, House Joint Resolution 2001, Senate Bills 1042, 1220, 1221, 1225, 1244, 1249, 1253, 1257, 1258, 1278, 1307, 1312, 1336, 1356, 1448, 1505, 1720 and 1722.

The Governor signed House Bill 2569 with the following letter:

April 9, 2021

The Honorable Katie Hobbs  
Secretary of State  
1700 W. Washington, 7<sup>th</sup> Floor  
Phoenix, AZ 85007

Re: House Bill 2569 (elections; private funding; prohibition)

Dear Secretary Hobbs:

Today, I signed H.B. 2569.

2020 was an extraordinary year that brought with it unprecedented challenges. Through it all, our election workers pushed forward – ensuring that we continued to prioritize access to the ballot – by mail and in person at a polling place. I'm so grateful for their work.

With unprecedented challenges came an unprecedented demand for resources. I was proud to partner with you on the AZ Vote Safe Program – allocating more than \$9 million in discretionary federal relief dollars to state and county agencies in support of the 2020 primary and general election to prioritize the safety of poll workers and voters. When private monies were offered, our election officials used these dollars with the integrity for which they've become known.

This may not have been the first time election officials relied upon private monies to conduct elections, but it should be the last. With public confidence in our elections in peril, it's clear that elections must be pristine and above reproach – and the sole purview of government. If third party groups want to engage in advocacy and encourage people to vote, that's great. But the mechanics of elections cannot be in question, and therefore all third party money must be excluded going forward to avoid any possible allegations of wrongdoing. And, going forward, the legislative and executive branches must continue to invest adequate resources to ensure you and county election officials have the resources you need to effectively and securely administer elections.

We are grateful for the assistance we received in 2020, and nothing in this law should be interpreted as us being unappreciative. However, to preserve the integrity of and voter confidence in our elections, it is important that election officials avoid any perception of outside influence.

Sincerely,

/s/Douglas A. Ducey  
Governor  
State of Arizona

**JOURNAL OF THE SENATE**  
**Monday, April 12, 2021**

The Governor signed House Bill 2770 with the following letter:

April 9, 2021

The Honorable Katie Hobbs  
 Secretary of State  
 1700 W. Washington, 7<sup>th</sup> Floor  
 Phoenix, AZ 85007

Re: House Bill 2770 (mask mandate; business exception)

Dear Secretary Hobbs:

Today, I signed H.B. 2770.

While Arizona never had a statewide mask mandate during the COVID-19 pandemic, over 90 percent of Arizonans live in a jurisdiction that made the decision to adopt a local mask mandate to mitigate the spread of COVID-19. Our largest cities opted not to enforce their mandates, leaving the responsibility up to local businesses. I understand the concern and heartache this caused for many of these businesses and I am grateful that the sponsor introduced this bill to address that very issue.

This bill is well-intentioned, but due to an error in drafting may have unintended consequences. Some rational mask requirements that are not related to the spread of COVID-19 may not be enforceable. The state needs to be able to enforce long-standing workplace safety and infection control standards unrelated to COVID-19. I'm grateful to the sponsor, Rep. Joseph Chaplik, for agreeing to fix this technical oversight in a future bill this session. With his commitment to fix this oversight, I am signing this bill, ensuring that our small businesses will no longer be required to enforce mandates imposed on them by their cities who are choosing not to enforce it themselves.

Sincerely,

/s/Douglas A. Ducey  
 Governor  
 State of Arizona

April 11, 2021

The Honorable Rusty Bowers  
Speaker of the House  
Arizona State House of Representatives  
1700 W. Washington  
Phoenix, AZ 85007

Re: House Bill 2360 (committee; driver license voter registrations)

Dear Speaker Bowers:

Today, I vetoed H.B. 2360. Arizona's county recorders are extraordinary elections professionals, who run our state's elections with efficiency and integrity. I appreciate and am grateful for their work. While there are many changes to the laws governing elections in this state that could continue to improve Arizonans' confidence in our election system, making wholesale changes to the ownership and operation of our online voter registration is unnecessary.

Under current law, the Secretary of State and the Arizona Department of Transportation share responsibility for managing online voter registration. The Arizona Department of Transportation has developed a site and a system that Arizonans recognize and appreciate. This bill would have moved this system under the exclusive control of the Secretary of State by December 31, 2023, after the current administration. I appreciate the inclusion of a group of county recorders as an advisory board, but to move ownership of this responsibility to the Secretary of State removes the checks and balances that have served the development and administration of this system well in the past and should continue into the future.

Sincerely,

/s/Douglas A. Ducey  
Governor  
State of Arizona

PERSONAL PRIVILEGE

Senator Townsend requested that without objection, her remarks of more than 200 words from April 13, 2021, relating to the safety of face masks that contain graphene or bio-based graphene be entered into the Journal. Hearing no objection, the remarks were inserted as follows:

On March 25 Health Canada issued a memo regarding the safety of face masks that contain graphene or bio-based graphene.

- ~ Graphene is exfoliated graphite to a very small layer of nanoscopically thin flakes of hexagonally-arranged carbon atoms
- ~ Bio-based graphene is derived from biowaste.
- ~ Production of Carbon Nanotubes out of graphene are very similar to asbestos fibers and the inhalation of graphene nanotubes is detrimental to a person's health.

The memo sent by Health Canada to Canadian Provincial and Territorial Ministries of Health read, in part – *“Health Canada has conducted a preliminary risk assessment which identified a potential for early pulmonary toxicity associated with the inhalation of nanoform graphene. To date, Health Canada has not received data to support the safety and efficacy of face masks containing nanoform graphene.” They went on to say, “As such, and in the absence of manufacturer’s evidence to support the safe and effective use of nanoform graphene coated masks, Health Canada considers the risk of these medical devices to be unacceptable.”*

More on graphene: *A sheet of graphene of one atom in thickness is rolled into a tube. This creates a single-walled carbon nanotube. Layers of these graphene sheets can be rolled in order to create multi-walled carbon nanotubes, which have slightly different properties.*

IMPORTANT

- ~ Carbon Nanotubes (CNTs) and graphene are considered harmful and may cause a serious cancer called Malignant Mesothelioma.

You may remember that Malignant Mesothelioma is usually caused by asbestos. I unfortunately know this quite well, because it was this terrible and mean cancer that killed my mother in 2002.

A study titled Mesothelioma: Identical Routes to Malignancy from Asbestos and Carbon Nanotubes published in Nov 2019 says in its abstract: Exposure of laboratory mice to carbon nanotubes mimics exposure to asbestos, from initial and chronic inflammation, through loss of the same tumour-suppressor pathways and eventual sporadic development of malignant mesothelioma. Fibres of a similar nature may pose significant health risks to humans.

I would like to repeat the warning from Health Canada once again, *“As such, and in the absence of manufacturer’s evidence to support the safe and effective use of nanoform graphene coated masks, Health Canada considers the risk of these medical devices to be unacceptable.”*

Members of this body and members of the public -

Let us reevaluate where we have arrived as a society, where we force medical measures on the masses in the name of fear. Any medical action, from one as simple as donning a mask to one so invasive as forcing an experimental, non-FDA approved substance such as the mRNA vaccine, must never be compulsory. The human body is sovereign, and not one person has the right to force a medical action on another, especially when risk is involved.

Most importantly, we are forcing school children to breathe through these masks, at school and during exercise, without addressing the issue of graphene and its potential dangers. Those who cannot wear a mask are still being forced in the school system. Parents should be the decision-makers when it comes to their child's health.

Therefore, I am calling on the Governor to address this shocking development regarding graphene-coated masks. I implore him to immediately rescind Executive order 2021-04 that requires school children in public and charter schools to wear them, without exemption. I am emphatically calling on Doug Ducey to immediately begin an education campaign regarding the potential dangers of these masks, and to respect parent's rights to make this decision for their child.

BUSINESS ON THE PRESIDENT'S DESK

EXTENSION OF SESSION

The President announced that pursuant to Senate Rule 27 she hereby authorizes the extension of the session for a period not to exceed seven additional days beyond the time for adjournment required by Senate Rule 27.

COMMUNICATIONS FROM THE GOVERNOR

The President announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On April 20, 2021, the Governor signed and transmitted to the Secretary of State House Bills 2019, 2031, 2069, 2129, 2130, 2144, 2158, 2266, 2268, 2310, 2388, 2508, 2541, 2633, 2649, 2692, 2705, 2787, 2816, Senate Bills 1353, 1366, 1412, 1447 and 1645.

The Governor vetoed Senate Bill 1456 with the following message:

April 20, 2021

The Honorable Karen Fann  
 President of the Senate  
 Arizona State Senate  
 1700 W. Washington  
 Phoenix, AZ 85007

Re: Senate Bill 1456 (sex education instruction; parental rights)

Dear President Fann:

Today, I vetoed Senate Bill 1456.

Arizona is and will remain a national leader in parental rights, and I support the underlying principles and intent of this legislation: More parental involvement in education, especially around the very personal and sensitive topic of sex education. I'm proud that Arizona is one of only five states where sex education is "opt-in." More states should follow our lead.

However, the language of the bill is overly broad and vague and could lead to serious consequences, including the very real possibility that it could be misinterpreted by schools and result in standing in the way of important child abuse prevention education in the early grades for at risk and vulnerable children.

While this veto protects against these risks, it's important to enact the most critical policy elements, and in some cases do even more to protect parents and kids.

Therefore, I'm issuing an Executive Order today that seeks to encompass the heart of the bill and strengthens parental choice and involvement. In fact, this Executive Order goes further than Senate Bill 1456 – requiring more transparency for all sex education curriculum, mandating that schools post the curriculum online and that parents have the ability to review the materials and can make an informed decision before opting their child into sex education courses. With this Executive Order, moving forward, all sex education curriculum will need to be posted online, with no exceptions.

I'm appreciative to the bill sponsor, Senator Nancy Barto, for bringing this discussion to the fold. I know her heart is in a good place, and I look forward to working with her on additional reforms.

Sincerely,

/s/ Douglas A. Ducey  
Governor  
State of Arizona

#### MESSAGES FROM THE HOUSE

The President announced that without objection, Messages from the House as listed on the calendar would not be read. The messages would be entered in the Journal.

(April 20, 2021)

House passed on Third Reading Senate Bill 1485 (31-29-0-0-0) amended

(April 20, 2021)

House adopted the Conference Committee Report on Senate Bill 1457

#### INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2043

House Concurrent Resolution 2043 was introduced and read in full by Senator Ugenti-Rita and Senator Rogers as follows:

A Concurrent Resolution on the death of Ava Arpaio.

Ava Jeraldene Arpaio passed away on March 20, 2021 at the age of eighty-nine after a courageous fight with cancer.

Born on August 25, 1931, Ava grew up in Harrisonburg, Virginia. Ava was one of twelve siblings who were raised in a small farmhouse with no plumbing but with an abundance of laughter. Ava met Joe Arpaio on a blind date in Washington, D.C. in 1954. The couple soon became inseparable and married three years later. Joe became a federal narcotics agent, and he and Ava spent the early years of their marriage in various other countries, including Turkey and Mexico, where Ava entertained diplomats and dignitaries.

Ava had a multitude of diverse adventures throughout her joy-filled life, including running her own dance studio and helping her husband make drug busts by dancing and dining with informants. After the couple moved to Chicago, Ava pursued a lifelong dream of attending beauty school. In 1978, they moved to Arizona where Ava started a travel agency, which she ran with her son, Rocco, and which became the longest running in Scottsdale.

Most recently, Ava walked the campaign trail in support of her husband, Joe, and owned and managed commercial properties in Scottsdale and Fountain Hills. She also helped her daughter set up and run the world's only Catholic tearoom where she greeted and charmed guests with her southern hospitality, sparkling green eyes and engaging smile.

Through Joe's almost sixty years in law enforcement and public service, Ava never wavered in her dedication to her husband. Known for her humility and grace, Ava labored every day of her life to help make her family happy and fulfilled.

A soft-spoken and supportive wife, mother and friend, Ava is survived by her husband of sixty-three years, Joe, her two children, Sherry (Phil) and Rocco (Renee), her brother-in-law, Michael, and her grandchildren and great-grandchildren.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature express their deepest condolences to the family and friends of Ava Arpaio.

Senator Ugenti-Rita moved that House Concurrent Resolution 2043 be unanimously adopted and that the Senate stand in a moment of silence in memory of Ava Arpaio. The motion carried.

House Concurrent Resolution 2043 was signed in open session. The Secretary recorded the action and returned the Resolution to the House.

INTRODUCTION AND FIRST READING OF BILLS  
 UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2009

House Concurrent Resolution 2009 was introduced and read in full by Senator Kerr as follows:

A Concurrent Resolution recognizing the importance of the hardrock mining industry to Arizona's economic well-being.

Whereas, hardrock mining has played a central role in the development of Arizona's economy since before statehood; and

Whereas, copper produced from hardrock mining is one of the "Five C's" that established Arizona's economy and continues to provide quality jobs for Arizona residents; and

Whereas, copper and other minerals produced through the hardrock mining process are critical to developing and manufacturing low-carbon energy sources, including PV cells, wind turbines, electric vehicles, medical equipment and battery storage; and

Whereas, each 3MW wind turbine requires approximately 4.7 tons of copper to produce reliable low-carbon energy; and

Whereas, PV cell production accounts for seven percent of global silver demand; and

Whereas, the World Bank estimates that in the next twenty-five years the world will need 550 million tons of copper, which is equal to all the copper produced in the previous five thousand years, to meet low-carbon energy demands; and

Whereas, according to the United States Geological Survey, Arizona was second in the nation in the value of 2018 nonfuel mineral production, which includes sand and gravel, cement and crushed stone as well as copper and other minerals such as molybdenum, lead, zinc, gold, silver, coal and uranium; and

Whereas, Arizona has been the nation's top producer of copper for more than a century, delivering two-thirds of United States copper exports and sixty-eight percent of the nation's copper; and

Whereas, mining activity and employment opportunities are distributed widely throughout the state and provide economic benefits for every Arizona county; and

Whereas, the hardrock mining industry is Arizona's second largest industry by economic impact, directly and indirectly employing more than 38,900 valuable and important individuals with an average income higher than Arizona's median wage in 2018 who are a part of the successes of the mining industry; and

Whereas, in 2018, the hardrock mining industry directly and indirectly generated \$370 million in state and local tax revenues, creating a total economic impact of \$11.4 billion; and

Whereas, to ensure that mining operations are safe for employees, communities and the environment, the hardrock mining industry is regulated by a combination of state and federal agencies, including the Arizona Department of Environmental Quality, the United States Environmental Protection Agency, the Arizona State Mine Inspector's Office and the United States Department of Labor Mine Safety and Health Administration.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature recognize the importance of the hardrock mining industry to Arizona's economy and support the involvement of Arizona's government and the hardrock mining industry in any future regulatory changes to ensure that operations continue to be safe and productive for the State of Arizona.

Senator Kerr moved that House Concurrent Resolution 2009 be unanimously adopted. The motion carried.

House Concurrent Resolution 2009 was signed in open session. The Secretary recorded the action and returned the Resolution to the House.

RECESS

At 10:40 a.m. the Senate stood at recess subject to the sound of the gavel.

RECONVENE

The President called the Senate to order at 11:12 a.m.

CONFERENCE COMMITTEE REPORTS

Senator Gray moved on behalf of the Chairman that the Senate adopt the following Conference Committee report:

Senators Barto and Pace, Senate conferees, and Representatives Cobb and Bolick and House conferees, submitted the following conference report on Senate Bill 1457:

That the Senate accept the House amendments with exceptions and the bill be further amended.

Senator Engel, Senate conferee and Representative Hernandez M, House conferee submitted the following Minority Report:

We oppose SB1457 abortion; unborn child; genetic abnormality as amended in conference committee, because the conference committee amendment fails to remedy the egregious Constitutional issues and practical barriers created by the bill.

The bill is an expansive and intrusive step toward criminalizing, restricting, and regulating women, doctors, universities and public institutions. The amendment makes minor improvements: it exempts in vitro fertilization procedures from the expansive civil and criminal liability of the bill; it adds an additional requirement that a Class 6 felony penalty shall apply if a person performs an abortion knowing that it is sought "*solely*" because of a genetic abnormality of the child. Additionally, it tightens the language of the exception to the Class 6 felony for abortions sought due to a "severe fetal abnormality," to a "lethal fetal condition." These slight improvements are far from sufficient to address the significant criminal and civil liability that this bill creates.

First and foremost, the Pace amendment does not change the fetal personhood language of Sec. 1., which confers personhood - all rights, privileges and immunities - to an unborn child at any stage of development. This would grant all rights, privileges, and immunities of any other citizen, to a fetus - meaning any harm to the fetus may carry criminal or civil

sanctions never before contemplated. Although the bill states the personhood status must be consistent with Supreme Court precedent, it is not hard to see how this provision could be easily interpreted to erase the universe of protections afforded to women under law of the land since *Roe v. Wade* and *Planned Parenthood v. Casey*.

Regardless of potentially undermining a woman's right to an abortion under current Supreme Court precedent, the "personhood" provisions of the bill would open up the potential for prosecutors to charge persons including the pregnant individual whose conduct results in a woman having a miscarriage with murder, manslaughter or child endangerment. In fact, a young African American woman in Alabama, a state with a fetal personhood law, was indicted by a grand jury on manslaughter charges when she lost her fetus at 5-months after being shot and faced up to 20 years in prison. In El Salvador where the law maintains personhood for fetuses and criminalizes abortions, women in poverty who have miscarriages or still births are routinely swept up into the criminal system through no fault of their own. Evidence suggests that poor women of color will be punished more severely than their counterparts, further exasperating the racial and class disparities that already exist in our justice system.

An amendment attached to Sec. 1 of the bill during the Free Conference Committee expressly prohibits a cause of action against a person who performs In Vitro Fertilization (IVF), seemingly in view of the fact that IVF techniques routinely engage in the selective reduction in the number of embryos implanted in a person's womb. Nevertheless, the scope of this exemption from liability is unclear. Does it apply to any nurse, anesthesiologist or technician or office staff that work for an entity that conducts IVF? What about the company that stores embryos in deep freezers? Would their potential negligence in damaging a test tube containing an embryo or shutting off a freezer, subject them to criminal or civil liability and damages? For these reasons, we sought to introduce an amendment to repeal Sec. 1 from the bill, but the conservative majority adjourned abruptly in order to prevent us from doing so.

Secondly, the bill will criminalize the doctor-patient relationship, providing for the prosecution of a person, not limited to a doctor, who performs an abortion sought due to a genetic abnormality, and any person who solicits or accepts monies to finance an abortion sought due to a genetic abnormality. This would require doctors to interrogate a pregnant person for their motivations in seeking an abortion, and subject them to a felony if they are determined incorrect by a judge or jury. The addition of the word "solely," far from clarifying the doctor's duties in determining why an abortion is sought, only creates more questions: what if a woman provides one reason for an abortion but then later mentions the fetus's genetic abnormality? Which is the physician to believe is the "sole" reason the person now wants an abortion? Additionally, if a woman is wealthy enough to self-finance this abortion out of pocket, she does not face the Class 3 felony prescribed in this section. However, lower middle class and low-income women will be treated more harshly based on their ability to pay for abortions based on genetic abnormalities. The amendment also exempts from a prohibited abortion an abortion performed on a fetus with a "lethal fetal condition," as defined under A.R.S. Section 36-2158. The definition of a lethal fetal condition also raises questions as it turns on the existence of a reasonable medical certainty that the fetus will not live more than 3 months after birth. It is important to understand that the bill language does not defer to the doctor's medical judgment as would be necessary were the language to include the phrase "good faith medical judgment." Instead the ultimate decider of whether a physician is liable (and the full scope of liability for the physician's staff) will be the judge or the jury.

The criminalization of the doctor-patient relationship has far-reaching implications, not only for women and their doctors, but also for assisting medical professionals and staff, who could be charged as accomplices – including nurses, physician's assistant's, and anesthesiologists. Other reproductive healthcare professions such as midwives and doulas could also be criminalized under this law.

Additionally, inclusion of "genetic abnormality" language in abortion restrictions act to expand the connected civil liability under A.R.S. 13-3603.02(D), which allows a husband of the woman or parent of a pregnant minor to bring a civil action on behalf of an unborn child – against a woman who solicits or accepts monies for such an abortion; and against a doctor who performs such an abortion. This creates enormous possible legal exposure for doctors and healthcare institutions, in addition to exposing a minor to civil liability against her own parents. For these reasons, we distributed an

amendment removing the language pertaining to genetic abnormality but was prohibited from moving the amendment by the Chair.

The Pace amendment fails to address any of these concerns and makes only minor and insufficient improvements. The Chair of the Conference Committee broke from custom and practice established by the Senate in 2019 by arbitrarily blocking public testimony from Morgan Tucker and Garin and Erica Marschall, Arizonans who have needed an abortion due to genetic abnormality of a fetus, and expert witnesses that include but are not limited to doctors, criminal defense attorneys, and other impacted stakeholders. In addition, the Senate President prohibited over a dozen members of the public from attending the hearing live, despite the official notice stating the hearing would be open to the public. We believe these witnesses would have provided important information on the issues raised in this report.

Lastly, the addition of a legislative intent clause - an attempt to inoculate the legislation from the inevitable court challenge the sponsor clearly anticipates - fails to remedy any concerns; and relies on dicta, and cherry-picked statistics from reports submitted by parents in those cases. It cites *Box v. Planned Parenthood of Indiana and Kentucky*, a ruling on the disposition of fetal remains in which the Court did not make a substantive ruling on the issue of a sex- and gender-selective abortion restriction; and *PRETERM-CLEVELAND v. McCloud*, in which is not a final ruling on the merits of any abortion restriction but rather a ruling on a lower court's decision on a preliminary injunction. This is far from substantive law.

The amendment fails to address any of these concerns and makes only minor and insufficient improvements. For those reasons, and many more, we oppose SB1457 as amended by the conference committee.

The motion carried and the Secretary recorded the action and notified the House.

COMMUNICATIONS FROM THE GOVERNOR

The President announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On May 3, 2021, the Governor signed and transmitted to the Secretary of State House Bills 2170, 2711, Senate Bills 1048, 1230 and 1348.

The Governor vetoed the following:

May 3, 2021

The Honorable Karen Fann  
 President of the Senate  
 1700 W. Washington  
 Phoenix, AZ 85007

Re: Senate Bill 1282 (nursing care administrators; continuation)

Dear President Fann:

Today I vetoed S.B. 1282.

Both the legislature and I agree that the protection of our seniors and vulnerable adults living in long term care facilities is of the utmost importance. With that in mind, Senator Pace had introduced a bill to continue the Board of Examiners of Nursing Care Institution Administrators and Assisted Living Facility Managers to make sure that proper oversight of these institutions that care for our most vulnerable was in place.

Sadly, after this bill was nearly through the legislature, there was a disturbing and heartbreaking investigation by the Arizona Republic of Arizona's into this Board that showed the Board is failing in its duty. The report detailed how the Board provided a license to an individual convicted of a felony for fraud. Additionally, the board did not investigate and adjudicate complaints in a timely manner and failed to provide

accurate information to the public. The Board has also failed to ensure that all applicants meet background check criteria.

With this new information, we need something more than a continuation. My office has spoken to the sponsor and other key members of the legislature on a path to not just continue the status quo but to improve the oversight of administrators of long term care facilities.

I look forward to working with the Legislature to transfer all licensing and regulation of nursing care institution administrators and assisted living facility managers to the Arizona Department of Health Services.

It's time for accountability and new leadership to supervise these facilities. Our seniors -- these are our grandmothers and grandfathers -- deserve nothing less.

Sincerely,

/s/ Douglas A. Ducey  
Governor  
State of Arizona

PERSONAL PRIVILEGE

Senator Townsend requested a point of Personal Privilege and read a Proclamation as follows:

**Arizona State Senate  
Proclamation**

**WHEREAS**, the terror attacks of September 11, 2001 justified a response by the United States in order to bring the perpetrators to justice, to decimate Al Qaeda, and to severely punish the Taliban; and

**WHEREAS**, through its valiant efforts, our military accomplished these principal strategic objectives years ago, but the United States' continued nation-building attempts in Afghanistan since then have resulted in the longest war in American history; and

**WHEREAS**, the 2001 Authorization for the Use of Military Force (AUMF), which authorized the invasion of Afghanistan, features broad and unspecific language with no sunset date, and therefore has been invoked over 41 times to deploy U.S. troops to over 19 countries since 2001, far beyond the intended scope of its drafters; and

**WHEREAS**, the United States' post-9/11 wars have carried a heavy price, including more than 7,000 service members lost, over 53,000 wounded, an estimated 1.1 million veterans who have developed service-connected disabilities and over \$6.4 trillion spent; and

**WHEREAS**, May 1st, 2021, marks the date the United States previously agreed to withdraw its forces from Afghanistan and the 18th anniversary of the "Mission Accomplished" speech, declaring an end to major combat operations in Iraq.

**THEREFORE, BE IT RESOLVED** that I, Senator Townsend invites the Members of the Senate of the State of Arizona to join me in calling upon the President and Congress of the United States of America to honor the sacrifices of our troops by repealing the 2001 Authorization for Use of Military Force (AUMF) and ensuring that any future authorizations feature geographic and mission-specific language on their intended scope, regular reporting on their use, and automatic sunsets to require periodic review, debate and approval votes; and to call upon the President to support our troops by continuing to follow through on a complete withdrawal from Afghanistan.

Dated this 5<sup>th</sup> Day of May 2021

BUSINESS ON THE PRESIDENT'S DESK

COMMUNICATIONS FROM THE GOVERNOR

The President announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On May 5, 2021, the Governor signed and transmitted to the Secretary of State House Bills 2131, 2181, 2308, 2454, 2575, 2567, 2585, 2624, 2691, 2700, 2810, 2821, Senate Bills 1019, 1045, 1349, 1530 and 1651.

The Governor signed House Bill 2810 with the following message:

May 5, 2021

The Honorable Katie Hobbs  
 Secretary of State  
 1700 W. Washington, 7<sup>th</sup> Floor  
 Phoenix, AZ 85007

Re: House Bill 2810 (civil asset forfeiture; conviction; procedures)

Dear Secretary Hobbs:

Today, I signed H.B. 2810.

As Governor, I have the responsibility to ensure that the state's laws are faithfully executed. That includes respecting individuals' rights as well as enforcing laws that keep our state safe. It is in this vein that today I have signed House Bill 2810.

Arizona law provides for a civil process where the proceeds of criminal syndicates are forfeited to the state and local governments for use by law enforcement and non-profit organizations to help crime victims and continue the fight against organized crime.

Currently, this civil process does not require a criminal conviction before a person's property is forfeited to the state and there are many stories of property being taken forfeited, and sometimes sold without the person ever being subject to criminal prosecution.

Arizona's Constitution provides broad protections for personal rights and property – broader so than the United State Constitution. As such, when reviewing legislation, I have a constitutional responsibility to provide a balance between those rights and ensuring that law enforcement has the tools necessary to protect our state.

H.B. 2810 provides this balance. And it ensures that law enforcement has the ability to seize property pending forfeiture or if the property is evidence of a crime. It ensures that property being taken is truly connected to criminal activity while innocent persons have the ability to get their property back.

I have confidence and trust in our law enforcement professionals across the state that they can implement this law and keep our state safe from criminals that attempt to use our state to profit from their crimes. Arizonans trust and rely on law enforcement to conduct thorough practices and develop strong cases against dangerous criminal organizations and continue arresting, charging, and convicting criminals acting within our state.

Arizona can stand strong in combating organized crime and criminal activity, without sacrificing the rights guaranteed under our Constitution for law abiding citizens.

I appreciate Representative Travis Grantham's leadership in getting this bill passed and I am proud to sign it.

Sincerely,

/s/ Douglas A. Ducey  
Governor  
State of Arizona

CONFERENCE COMMITTEE REPORTS

Senator Gray moved on behalf of the Chairman that the Senate adopt the following Conference Committee report:

Senators Pace and Gowan, Senate conferees, and Representatives Payne and Blackman, House conferees, submitted the following conference report on House Bill 2293:

That the House accept the Senate amendments and the bill be further amended.

Senator Quezada, Senate conferee and Representative Jermaine, House conferee submitted the following Minority Report:

We oppose HB2293, vehicle impoundment; exceptions; storage charges, as amended in conference committee. The bill was first amended in the Arizona House of Representatives to clean up language that was struck down by the courts. The conference committee amendment reinserts that same unconstitutional language back into Arizona Revised Statutes.

Another reason we oppose HB2293 is the violation of the 4<sup>th</sup> Amendment of the United States Constitution. A.R.S. § 28-3511 mandates a warrantless seizure of a vehicle if certain criteria are met and sets a timeframe for how long a vehicle must be held by a towing company. We understand that the community caretaker doctrine allows for impoundment of a vehicle that jeopardizes public safety or the flow of traffic, but if a licensed driver can safely move the vehicle, it should not be impounded. In addition, HB2293 will mandate that an impounded vehicle be held for twenty days. This is an unconstitutional government intrusion into the property rights of Arizona residents.

Lastly, HB 2293 expands the list of individuals who can have their vehicles immobilized or impounded to include individuals with a suspended license, except for failure to pay civil penalty or failure to appear. We oppose this change, because in 2018, HB2169, driving violations; restricted licenses; penalties, removed the mandatory immobilization or impoundment of vehicles driven by individuals with suspended licenses, which was supported by groups such as Right on Crime, the Free Enterprise Club and the ACLU with no opposition. HB2293 reinserts those same criteria back into law.

For these reasons, we oppose HB2293 as amended by the conference committee.

The motion carried and the Secretary recorded the action and notified the House.

The President announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On May 11, 2021, the Governor signed and transmitted to the Secretary of State Senate Bills 1044, 1409 and 1485.

The Governor signed Senate Bill 1485 with the following message:

May 11, 2021

The Honorable Katie Hobbs  
Secretary of State  
1700 W. Washington, 7<sup>th</sup> Floor  
Phoenix, AZ 85007

Re: Senate Bill 1485 (early voting list; eligibility)

Dear Secretary Hobbs:

Today I signed SB 1485.

Arizona is a national leader when it comes to election integrity and access to the ballot box, and SB 1485 continues that legacy. In 1992, our state began offering the ability for Arizonans to vote an absentee ballot. Since then, Arizona has continuously improved and refined our election laws – including intuitively renaming "absentee" voting to "early" voting – and constantly seeking to strengthen the security and integrity of our elections:

- In 1993, legislation was signed to allow County Recorders to establish on-site absentee voting locations at their office or any other places in their county.
- In 1994, access to early voting was expanded further, allowing voters to request an early voting ballot verbally. The law previously required a signed request to a County Recorder.

- In 1997, "absentee voting" was renamed to "early voting."
- In 2003, a law was enacted to ensure that early ballot requests were complete and correct in accordance with state law, ensuring that voters were following the legal requirements for receiving an early ballot.
- In 2007, the Permanent Early Voting List ("PEVL") was established, allowing early voters to continue to vote early without having to request an early voting ballot each year.
- In 2008, access to early voting locations was expanded, requiring on-site early voting be open and available for use beginning the same day that a county begins to send out the early ballots.
- In 2011, the method to request an early ballot was further expanded, allowing candidates, political committees, and organizations to distribute permanent early voting list request forms to voters.
- In 2016, to increase the integrity of early voting, Arizona joined 18 other states in ensuring a secure chain of custody between voters and the ballot box, by prohibiting the mass collection of early ballots.
- In 2019, building on the election security reforms passed by voters in 2004 that required proof of citizenship for voter registration and proof of identification at polling places, I signed a law requiring proof of identification at on-site early voting locations.

Whether these reforms were incremental or breakthrough in nature, each one sought to strengthen trust, efficiency, security, and integrity in our election system. SB 1485 is a simple reform in that same tradition:

1. The PEVL is renamed the Active Early Voting List (AEVL).
2. If a voter on the AEVL actively votes by mail, they will continue to receive an early ballot.
3. If a voter on the AEVL does not return at least one early ballot over the course of four years (two consecutive primary elections and general elections, and any municipal elections that precede them) the voter will be sent a postcard asking if they still want to receive an early ballot. The county recorder may additionally reach the voter by telephone, text message, or e-mail.
4. Whether a voter opts to remain on the AEVL or not, they remain eligible to request an early ballot or vote in person, ensuring no voter is ever disenfranchised. There is absolutely no "purging" of voter registration lists, despite what some have said in an attempt to mislead the public.

This reform will free up dollars for election officials, ensuring that rather than sending a costly early ballot to a voter who has demonstrated they are not going to use it, resources can be directed to important priorities including voter education and election security measures.

Arizona is only one of five states with an early voting list, and this legislation mirrors the practice in California, which removes voters from the list if they do not actively vote. But unlike California, our law requires County Recorders to proactively reach out to voters, with ample notice, before they are removed. If this bill is as bad as some partisan activists have suggested – what does that say about their beloved California?

In Arizona, we've always prioritized access to the ballot, allowing a lengthy period for early voting – 26 days before the election, despite our relatively late primary election date. Compare this to some other places: New York (10 days), Delaware (10 days), and Washington, D. C. (seven days).

It's clear I am very proud of Arizona's election system, and I've been a vocal champion of it – from our State Capitol to the Oval Office. Because of that, some have suggested that means I can never ever support any improvements. That's ridiculous. If prior leaders had taken that approach, none of the improvements listed above would have been enacted.

Others have suggested that "now is not the time" for election reform. I could not disagree more. The politics of the moment should not impede good policy, and SB 1485 is a measure that ensures our voting lists remain verified and accurate, will free up resources for local election officials, and strengthen trust among citizens in our election system.

Last year, while other states struggled to administer early voting in the face of a pandemic, Arizona shined – demonstrating the integrity we have built in our early voting system since 1992. We also kept in-person voting in place, and we did it safely. This, despite calls from some politicians to close down polling locations – a move that would have ultimately disenfranchised those committed to voting in person.

I am proud to sign SB 1485, ensuring Arizona remains a leader for inclusive, accessible, efficient, and secure election administration. I am thankful to the bill sponsor, Senator Michelle Ugenti-Rita, for crafting this reform, continuously improving it over time, and getting it across the finish line.

Sincerely,

/s/ Douglas A. Ducey  
Governor  
State of Arizona

On May 12, 2021, the Governor signed and transmitted to the Secretary of State House Bills 2470, 2790, 2807 and 2845.

The Governor vetoed House Bill 2820 with the following message:

May 12, 2021

The Honorable Rusty Bowers  
Speaker of the House  
Arizona State House of Representatives  
1700 W. Washington  
Phoenix, AZ 85007

Re: House Bill 2820 (dietitian nutritionists; licensure)

Dear Speaker Bowers:

Today I vetoed H.B. 2820.

The last thing we need is another barrier for Arizonans to get back to work.

Over the last several years, Arizona has become a leader in occupational licensing reform. We've been relentless in hacking away at needless bureaucracy, and making it easier for Arizonans to get to work. H.B. 2820 would move Arizona in the opposite direction – creating unnecessary barriers for individuals looking to earn an honest living.

Proponents of this legislation argue that licensure is needed to provide telehealth services for out-of-state patients, but Arizona law does not prohibit registered dietitians from consulting with out-of-state patients.

This law would institute an unnecessary and burdensome government permission slip in the form of licensure. There is value in occupational licensing when it's necessary to protect public health or safety. This legislation does not meet that standard.

Sincerely,

/s/ Douglas A. Ducey  
Governor  
State of Arizona

**GOVERNOR DOUGLAS A. DUCEY**  
**STATE OF ARIZONA**  
**PROCLAMATION**

**WHEREAS**, on average, 600 people die each year in boating-related accidents in the United States and 79 percent of these are fatalities caused by drowning; and

**WHEREAS**, the vast majority of these accidents are caused by human error or poor judgment and not by the boat, equipment or environmental factors; and

**WHEREAS**, boating safety classes are offered to the Arizona boating public by the United States Coast Guard Auxiliary and Arizona Game and Fish; and

**WHEREAS**, there are over 124,000 registered boats in Arizona;

**WHEREAS**, educating boaters on safe boating practices and available safety resources will save lives.

**SAFE BOATING WEEK**

/s/ Douglas A. Ducey  
Governor

/s/ Katie Hobbs  
Secretary of State

**PERSONAL PRIVILEGE**

Senator Gonzales requested a point of Personal Privilege and requested that her remarks of less than 200 words regarding her personal protest of a Senate custom be entered in the Journal. The remarks were inserted as follows:

Since 1999, on Opening Day in our Senate chamber, a single Senator, has unilaterally declared an emergency and suspended unspecified rules and waived Article VI constitutional standards, for the entire legislative session by way of a motion. These motions have historically been approved by a voice vote, although the Arizona Constitution requires a two-thirds vote.

On January 11, 2021, Senator Gray moved the habitual emergency declaration and Constitutional bypass motion. The President deemed the motion "passed" based upon a voice vote. I hereby protest this Senate custom that declares an unjustified, prolonged emergency; grants the power to bypass the Constitution; Article 4 Part 2 Section 12 - Procedure on bills; approval or disapproval by Governor, to one member of the Senate body; establishes customs that devoid Constitutional standards and Senate Rule 24; and to the implementation of such waiver based upon the fact that the Senate has failed to preserve a record of the mandatory supermajority two-thirds vote.

**BUSINESS ON THE PRESIDENT'S DESK**

**COMMUNICATIONS FROM THE GOVERNOR**

The President announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On May 24, 2021, the Governor signed and transmitted to the Secretary of State House Bills 2794, 2863 and Senate Bill 1250.

**SECOND READING OF BILLS**

The following bills were read the second time by number and short title:

Senate Bills 1819, 1820, 1821, 1822, 1823, 1824, 1825, 1826, 1827, 1828, 1829

**CONFERENCE COMMITTEE REPORTS**

Senator Gray moved on behalf of the Chairman that the Senate adopt the following Conference Committee report:

Senators Pace and Shope, Senate conferees, and Representatives Payne and Wilmeth, House conferees, submitted the following conference report on House Bill 2296:

That the House accept the Senate amendments and the bill be further amended.

Senator Steele, Senate conferee and Representative Daniel Hernandez, House conferee submitted the following Minority Report:

We oppose HB2296, now: restricted license; DUI; suspension, as amended in conference committee, because the bill goes from one that modifies restrictions to a person's driver license or permit as a result of a conviction for certain driving violations, to include provisions that should be a stand-alone bill.

The legislation that is now included in HB2296 prohibits traffic survival schools from providing online instruction, unless the governor has declared a state of emergency. It also allows the Arizona Department of Transportation (ADOT) to grant a person who enrolls in a traffic survival school a onetime waiver of the in-person requirement if the person demonstrates a substantial burden. The problem is that if there is no state of emergency, the person that demonstrates a burden does not have an option to attend an online traffic school. Another issue with the amendment language is that a substantial burden is not defined so ADOT does not know the intent of the legislation in allowing for an individual to attend an online traffic survival school class.

In committee, the proponents of a similar bill, HB2757 traffic survival school; online prohibited, stated that these courses must be taught in person for individuals to learn the materials. Due to the pandemic, traffic survival school is being taught online with guidelines that ensure that participants are engaged and present to receive credit. The classes are also monitored by the Arizona Chapter National Safety Council. An individual taking an online traffic survival course is not just answering questions; they are doing the work as if they were in person. ADOT allows for traffic survival school to be offered online, if a business chooses to provide that service, and also allows for citizens across the state to have access to the course instead of having to drive various miles to take the class.

For these reasons, we oppose HB2296 as amended by the conference committee.

The motion carried and the Secretary recorded the action and notified the House.

#### ADJOURNMENT

COMMUNICATIONS FROM THE GOVERNOR

The President announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On May 28, 2021, the Governor vetoed Senate Bills 1022, 1030, 1074, 1119, 1121, 1127, 1135, 1176, 1215, 1408, 1514, 1526, 1635, 1716, House Bills 2001, 2070, 2296, 2303, 2414, 2554, 2674 and 2792 with the following message:

May 28, 2021

The Honorable Karen Fann and Rusty Bowers  
 President of the Senate and Speaker of the House of Representatives  
 1700 W. Washington  
 Phoenix, AZ 85007

Dear President Fann and Speaker Bowers,

Today I vetoed the following bills:

S.B. 1022; S.B. 1030; S.B. 1074; S.B. 1119; S.B. 1121; S.B. 1127; S.B. 1135; S.B. 1176; S.B. 1215; S.B. 1408; S.B. 1514; S.B. 1526; S.B. 1635; S.B. 1716; H.B. 2001; H.B. 2070; H.B. 2296; H.B. 2303; H.B. 2414; H.B. 2554; H.B. 2674; H.B. 2792

Some of these pieces of legislation contain good policy. But at this time, our priority needs to be passing a budget for Arizonans.

To date, I've signed 381 bills in 2021, more than any other session since I've been in office.

This weekend marks one month until the end of the fiscal year, and Arizonans are counting on us to work together and pass a budget that provides certainty for taxpayers and citizens. Until that happens, I do not intend on signing any additional bills transmitted by the Legislature.

On the table is a budget agreement that makes responsible and significant investments in K-12 education, higher education, infrastructure and local communities, all while delivering historic tax relief to working families and small businesses.

June will be a very important month. I look forward to partnering with legislative leadership to focus on what matters and pass a budget.

Sincerely,

/s/Douglas A. Ducey  
Governor  
State of Arizona

PERSONAL PRIVILEGE

Senator Townsend requested a point of Personal Privilege and read a resolution as follows:

**Arizona State Senate  
Resolution**

*WHEREAS*, the United States Constitution divides powers between the federal and state governments; and

*WHEREAS*, this division in power was designed in part to enable state legislatures to protect their constituents against federal overreach or abuse of power; and

*WHEREAS*, the federal government, federal agencies and federal officers recently have conducted themselves, and have threaten to act, in ways that impair the rights of American citizens; and

*WHEREAS*, the rights thereby endangered include the right to religious freedom, to the integrity of the ballot, to travel freely, to personal security and equal protection of the laws, to protection of property and livelihood against excessive and unconstitutional fiscal policies and to be governed at the state and local level as to those activities the Constitution places outside federal purview; and

*WHEREAS*, a convention of the states is a traditional forum in which state legislatures send commissioners to consider issues common to the states and recommend common solutions; and

*WHEREAS*, the confidence of the American public in the integrity of elections has sharply diminished, and there are efforts in the current Congress to centralize election procedures in ways that are both unconstitutional and improper.

*THEREFORE, BE IT RESOLVED* by the Senate of the State of Arizona, the House of Representatives concurring:

1. That the Legislature of the State of Arizona respectfully calls a planning convention of the states to be called the "Phoenix Convention on Constitutional Liberties and Self-Government".

2. That each state shall be represented by commissioners chosen and authorized in the manner that each respective state legislature determines or, if no manner is determined by a state legislature, selected jointly by the majority of leadership of each legislative chamber of that state, to convene initially at twelve o'clock noon on September 15, 2021 at the Arizona State Senate Chambers in Phoenix, Arizona for the limited purposes of:

(a) Discussing the actions of the federal government, federal agencies and federal officers that impair, or threaten to impair, the constitutional and traditional rights of American citizens and recommending corrective actions to state governments or to the federal government, federal agencies and federal officers.

(b) Discussing issues regarding the right of the people to self-government and the right to elect representatives through election processes that are secure and transparent.

3. That the planning convention is empowered to recommend to the represented states one or more formal institutional structures to continue to carry out the purposes provided in paragraph 2 of this section.

4. That the Legislature of the State of Arizona recognizes that a convention of states determines its own rules and procedures and elects its own officers. In the interests of efficiency and consistency, however, the Legislature of the State of Arizona recommends to the planning convention that the permanent rules contain certain principles traditionally followed by conventions of states, including the following principles:

(a) A quorum for all sessions of the full convention shall be a majority of the states attending and for all committee meetings shall be a majority of the members of the relevant committee.

(b) All voting shall be by state with each state having one vote, without apportionment or division, and each state legislature or delegation shall determine the internal voting and quorum rules for casting the vote of its delegation.

(c) A majority vote of the states attending, and voting shall prevail on all issues before the planning convention and in all committees, including any convention recommendations.

(d) Convention officers shall include at least a president, vice president and secretary.

5. That the Arizona constitutional liberties and self-government planning convention committee is established consisting of three members of the House of Representatives of the State of Arizona who are appointed by the Speaker of the House of Representatives and three members of the Senate of the State of Arizona who are appointed by the President of the Senate. The Arizona constitutional liberties and self-government planning convention committee, if necessary, may change the time, date and location of the planning convention and, if necessary, may appoint a temporary president and temporary presiding officers of the standing committees. The Arizona constitutional liberties and self-government planning convention committee shall coordinate the logistics of the planning convention, including the facilities, meeting rooms, security, staffing and other management issues pertaining to the planning convention. The longest-serving legislator who is a member of the Arizona constitutional liberties and self-government planning convention committee shall call the first meeting of the committee, at which time the committee shall elect a chairperson.

6. That the legislative body of each of the several states is urged to provide for the appointment of commissioners to attend the planning convention and to otherwise provide further cooperation and assistance.

7. That the Secretary of State of the State of Arizona transmit a copy of this resolution to the presiding officer of each legislative body in the several states."

If a member opposes the report, he may file a minority report. A minority report shall bear the signature of any number of members joining in its recommendations and shall be considered the recommendations merely of the member or members signing the same.

9. Amendments proposed by a committee shall be clearly set forth as an attachment to the committee's report and shall refer to the appropriate page and line of the original or engrossed bill or of another amendment if the amendment is proposed as an amendment to another proposed committee amendment. If the committee has adopted a rule addressing the submission of amendments to committee members, the chairman may preclude the offering of an amendment which does not comply with the rule, may without objection accept the amendment, or may postpone action on the measure until adequate notice has been given. No amendment to strike everything after the enacting clause and insert new material shall be in order unless notice of intent to offer such an amendment has been given by 5:00 p.m. two days, excluding Saturdays and Sundays, prior to the committee meeting at which the amendment is to be considered by delivering a copy of the proposed amendment to the office of each member of the committee and to the information desk and posting such notice and leaving a copy in the office of the Senate Secretary. The committee report shall be accompanied by a copy of any measure to which amendments are proposed to the committee.

Except as provided herein, all House bills to be scheduled in accordance with paragraph 5 or 6 of this subsection shall be heard prior to Saturday of the week in which the ninetieth day from the beginning of each regular session falls. No committee except the Rules Committee shall hear a bill in violation of this paragraph without the written permission of the President.

12. All bills, memorials or resolutions referred to a standing committee shall be reported. Bills, memorials or resolutions which the committee has considered but on which no action has been taken and bills, memorials and resolutions which the committee has not considered shall be reported as such by the chairman of each standing committee at the last regular or special meeting of such committee for each session.

C. The Rules Committee of the Senate shall have the following powers and duties:

1. All powers and duties of other standing committees of the Senate listed in subsection B of this rule except those powers and duties inconsistent with this subsection.

2. On the first day following the convening of the first regular session of each Legislature, the President shall appoint the members of the Committee on Rules, and the said committee shall henceforth have authority to present proposed changes or additions to the rules which upon adoption by the Senate shall be deemed standing rules of the Senate.

3. The written agenda for the Rules Committee shall be the calendar for the Committee of the Whole. All other legislative matters shall be in order before the Rules Committee without written agenda.

4. Amendments proposed by the Rules Committee should be clearly set forth as an attachment to the Rules Committee report and shall refer to the appropriate page and line of the original or engrossed bill or of another amendment if the amendment is proposed as an amendment to another proposed committee amendment. Substantive amendments may be proposed by the Rules Committee only with the concurrence of the sponsor of a bill if sponsored by an individual or the committee chairman if sponsored by a committee. Corrective or technical amendments may be proposed. A proposed technical or corrective amendment which incidentally affects the substance of a bill or amendment shall require concurrence of the sponsor. No amendment to strike everything after the enacting clause and insert new material shall be offered in the Rules Committee.

5. The Committee on Rules shall consider the bill and proposed amendments thereto for constitutionality and proper form and the reasonable germaneness of any amendments. A bill including any amendments shall be presumed to contain one subject if:

(b) The resulting bill is a major revision of a program or agency and each of the provisions relates to the revision.

(c) The bill offers only technical or conforming changes to the statutes.

(d) The bill is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the bill.

(e) The bill is a result of a strike everything after the enacting clause amendment and substitutes material designed to accomplish only one purpose.

6. In addition to the powers and duties given to the Rules Committee elsewhere in the Senate Rules, the Rules Committee shall have such other powers and duties over legislative matters as are assigned by the President.

D. Any subcommittee of a standing committee may meet at any time upon the call of the subcommittee chairman without written notice, providing, however, that such meeting shall be announced on the floor of the Senate in open session prior to the meeting. A subcommittee may, without distributing a written agenda, consider any matter assigned to the subcommittee by the chairman of the standing committee.

RULE 8  
Calendars

A. There shall be the following calendars of business reported from committees:

1. A calendar of the Committee of the Whole, upon which shall be placed all bills, resolutions and memorials reported by the standing or select committees, except the Rules Committee, to which they have been referred and all bills, resolutions and memorials which have failed in Committee of the Whole, or which have been retained on the calendar. The calendar of the Committee of the Whole shall be prepared and filed in writing with the Secretary of the Senate.

2. An active calendar of the Committee of the Whole on which shall be placed those bills, resolutions and memorials designated by the President that have been reported by the Rules Committee and that are drawn from the calendar of the Committee of the Whole on the order of business of the day.

3. A unanimous consent calendar on which shall be placed those bills, resolutions and memorials designated by the Chairman of the Rules Committee and drawn from all bills, resolutions and memorials on the calendar of the Committee of the Whole that are unamended as reported by all standing committees to which they were referred. The unanimous consent calendar shall be dated, printed, placed on each member's desk and posted at the information desk 48 hours, excluding nonworking days, prior to being accepted. Any Senator may protest the inclusion of any bill, resolution or memorial on the unanimous consent calendar by submitting a protest in writing to the Secretary of the Senate during the 48-hour notice period. A protest timely submitted by any Senator shall automatically remove the bill, resolution or memorial from the unanimous consent calendar and return it to the calendar of the Committee of the Whole; provided, however, that a bill shall not be removed from the consent calendar for the purpose of proposing a strike everything after the enacting clause amendment. Bills, resolutions or memorials remaining on the unanimous consent calendar shall be placed on the Senate calendar.

4. A Senate calendar on which shall be placed all bills, resolutions and memorials reported with a "do pass" or "do pass amended" recommendation by the Committee of the Whole and all bills, resolutions and memorials remaining on the unanimous consent calendar pursuant to paragraph 3.

RULE 9  
Decorum and Debate

A. When a Senator desires to speak, the Senator shall rise and address the Presiding Officer, and shall not proceed until the Senator is recognized, and the Presiding Officer shall recognize the Senator who shall first address the Presiding Officer. No Senator shall interrupt another Senator in debate without the Senator's consent, and to obtain such consent, the Senator shall first address the Presiding Officer.

B. The Senator who sponsors a measure, or the Senator's designee, shall have the right to open and close debate on such measure.

**JOURNAL OF THE SENATE**  
**Wednesday, June 30, 2021**

C. No Senator in debate shall, directly or indirectly, by any form of words, impute to another Senator or to other Senators any conduct or motive unworthy or unbecoming a Senator.

D. If any Senator, in speaking or otherwise, transgresses the Rules of the Senate, the Presiding Officer shall call the Senator to order; and when called to order the Senator shall sit down and not proceed without leave of the Presiding Officer or upon motion adopted by the Senate, that the Senator be allowed to proceed in order, which motion shall be determined without debate.

E. If a Senator be called to order for words spoken in debate, the exceptionable words shall, upon the demand of any Senator, be taken down in writing, and read at the table for the information of the Senate.

F. While the Presiding Officer is putting a question or addressing the Senate, no member shall walk out of or across the Chamber, nor, when a member is speaking, pass between the member and the Chair; nor remain by the Secretary's desk during the call of the roll for the counting of ballots; and the Sergeant at Arms is charged with the strict enforcement of this clause.

**RULE 10**  
**Roll Call and Quorum**

A. Upon every roll call the names of the members shall be called alphabetically by the surname, except when two or more have the same surname, in which case the district designation shall be added; and after the roll has been once called, the Secretary shall call in their alphabetical order the names of those not voting or who failed to respond.

B. A majority of the Senators elected shall constitute a quorum.

C. If, at any time during a session of the Senate, a question shall be raised by any Senator as to the presence of a quorum, the President shall forthwith direct the Secretary to call the roll and shall announce the result, and these proceedings shall be without debate.

D. Whenever it shall be ascertained that a quorum is not present a majority of the Senators present may order a call of the Senate, which order shall be determined without debate, and pending its execution, and until a quorum shall be present, no debate or other motion, except to adjourn, shall be in order. Upon approval of the order to call the Senate, the President shall direct the Sergeant at Arms to request, and, when necessary, to compel the attendance of the absent Senators.

E. When a quorum is present, a call of the Senate may be ordered by the President or by a majority of the members present to compel the attendance of the absent members. The Sergeant at Arms shall forthwith proceed to bring in absent members until two-thirds of the members elected to the Senate are present.

F. When a vote is being taken using the electronic roll call system, the provisions of Rule 15.1 shall supersede any provision of this rule which is inconsistent therewith.

**RULE 11**  
**Motions**

A. All motions shall be reduced to writing, if requested by the Presiding Officer or by any Senator, and shall be entered on the Journal with the name of the member making it, and shall be read before the same shall be debated.

B. Any motion or resolution may be withdrawn or modified by the mover at any time before a decision, amendment or ordering of Ayes and Noes, except a motion to reconsider, which shall not be withdrawn without leave of the Senate.

C. No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment.

D. When a motion or proposition is under consideration, a motion to amend and a motion to amend that amendment shall be in order, and it shall also be in order to offer a further amendment by way of a substitute amendment.

E. A question or an amendment containing two or more distinct and separate subjects may be divided upon the demand of any member. A motion to strike out and insert words, both relating to the same subject, and together accomplishing a single change in meaning, is indivisible.

F. When motions are made for reference of a subject to a select committee, or to a standing committee, the question of a standing committee shall be put first. A motion simply to refer shall not be open to amendment, except to add instructions.

G. Any motion improperly used for the purpose of delaying or obstructing business is a dilatory motion and may be ruled out of order by the Presiding Officer.

H. A motion to substitute a House bill for a Senate bill on third reading shall not be in order unless the Senate bill for which substitution is sought is identical to the House bill.

RULE 12  
Previous Question (Vote Immediately)

When the previous question is moved, adopted and ordered, it shall have the effect to cut off all debate and bring the Senate to a direct vote upon the immediate question or questions on which it has been ordered. The previous question may be moved with reference to a single motion, a series of motions allowable under the rules, or an amendment or amendments, or may be made to embrace all authorized motions or amendments and include the bill to its passage or rejection. It shall be in order, however, pending the motion for, or after the previous question shall have been ordered, for a motion to be made to commit or to recommit, with or without instructions, to a standing or select committee.

RULE 13  
Reconsideration

A. When a question subject to reconsideration has been decided by the Senate by a recorded vote, any Senator who voted on the prevailing side may on the same day or the next day of actual session thereafter move a reconsideration. When a question subject to reconsideration has been decided by the Senate by a non-recorded vote, any Senator may, on the same day or the next day of actual session thereafter, move a reconsideration. If the Senate shall refuse to reconsider, or upon reconsideration shall affirm its first decision, no other motion to reconsider the question shall be in order unless by unanimous consent. A motion to reconsider shall be decided by a majority vote of the members present, and a motion to lay it on the table shall not be in order. If the motion to reconsider passes, the question reconsidered shall be determined at such time as the President directs.

B. When a bill, resolution, report, amendment, order or measure, upon which a vote has been taken, shall have gone out of the possession of the Senate, and shall have been sent to the House of Representatives, the motion to reconsider shall be accompanied by a motion to request the House to return the same, which last motion shall be acted upon first, and without debate, and if determined in the negative shall be a final disposition of the motion to reconsider. If the motion to request return passes, the motion to reconsider cannot be considered until the question or measure is returned to the Senate by the House.

RULE 14  
Bills, Resolutions, Memorials, Engrossed  
Copies and Amendments

A. Bills, resolutions and memorials may be introduced by a member or a committee by presenting the original and three copies of such bill, resolution or memorial, unless additional copies are ordered by the President, to the office of the Secretary prior to 3:00 p.m. of the day immediately preceding the day of actual introduction. The name of the sponsor or sponsors shall be on the attached signature page of the bill. Introductions "by request" shall be so designated.

**JOURNAL OF THE SENATE**  
**Wednesday, June 30, 2021**

B. A bill introduced in the Senate may be cosponsored by House members.

C. Bills, resolutions and memorials may be introduced during the first 22 days of a regular session and during the first 10 days of a special session. Thereafter, with the exception of death resolutions, introduction may be allowed only with the permission of the Rules Committee.

D. Bills, resolutions and memorials may be prefiled by any member-elect for introduction in the first regular session during the period following the certification of election of members by the Secretary of State until the first day of the first regular session. Bills, resolutions and memorials may be prefiled for introduction in the second regular session during the period from November 15 next preceding the second regular session until the first day of the second regular session. Bills, resolutions and memorials may be prefiled for introduction in any special session during the period following the Governor's Proclamation until the first day of the special session, provided the bill, resolution or memorial is germane to the call. A bill, resolution or memorial shall be prefiled in the same manner prescribed for introduction. Bills, resolutions and memorials prefiled for introduction pursuant to this rule may be first read on the first day of the session. The name of the sponsor or sponsors shall be on the attached signature page of the bill, resolution or memorial at the time of prefiling.

E. The original of a bill, resolution or memorial introduced in the Senate shall be designated by brown backing, endorsed "original" and shall remain in the possession of the Secretary. The chairman of each committee to which a bill, resolution or memorial is referred shall receive one copy endorsed "Committee Copy". Subsequent copies shall be endorsed and distributed as the President directs.

F. Unless otherwise ordered by the President, a sufficient number of copies of any bill, resolution or memorial shall be duplicated.

G. All bills prepared for introduction which propose to amend existing statutes shall show the new language in capital letters (upper case) and the deletions shall be shown in regular type (lower case), lined through. New language to be added to the statutes shall be in capital letters (upper case).

H. The original and two copies of each engrossed measure shall be on paper of durable quality and each page of the original and two copies shall be stamped with the blind embossed stamp of the Senate. All engrossed pages not having a full complement of typed lines shall be marked from the end of the typed page to within one inch of the end of such page. The original Senate engrossed copy shall have a red backing. An engrossed measure ready for the third or final reading shall not be subject to amendment.

I. Unless otherwise ordered by the President, the Senate shall provide the House and the Legislative Council with a sufficient number of copies of each amended engrossed Senate measure with a cover page or pages showing the page and line number of each adopted Senate amendment thereto. For Senate amendments to House measures the same number of copies shall be provided but may consist only of those pages containing the adopted Senate amendments and cover page or pages showing the page and line number of such Senate amendment. For unamended Senate measures the same number of cover pages shall be provided stating that the measure passed as introduced, which will be identical to the original and printed copies.

J. All bills, resolutions, memorials and engrossed measures shall be line-numbered and such numbering shall begin with the enacting clause. Uniform sized paper, 8 1/2" x 11" shall be used.

K. Amendments shall have uniform headings and shall read "amendments to" and shall be in the same form as the original bill. The amendment shall refer to page and line number only and when referring to more than one line shall read "lines . . . through . . .". If everything after the enacting clause is stricken the amendment shall read "strike everything after the enacting clause".

RULE 15  
Voting

A. When the Ayes and Noes are ordered, the names of Senators shall be called alphabetically, and each Senator shall without debate, declare the Senator's assent or dissent to the question, unless the Senator declares a personal financial interest in the question or is excused by the Senate, and no Senator shall be permitted to vote after the decision shall have been announced by the Presiding Officer, but may for sufficient reason change the Senator's vote prior to such announcement. No motion to suspend this rule shall be in order, nor shall the Presiding Officer entertain any request to suspend by unanimous consent.

B. When a Senator declines to vote on the second call of the Senator's name, the Senator shall be required to assign the Senator's reasons therefor. If the reason assigned is other than a personal financial interest in the question or a substantial interest as defined in the statutory code which is not a personal financial interest in the question, the Presiding Officer shall submit the question to the Senate: "Shall the Senator for the reasons assigned by the Senator, be excused from voting?" which shall be decided without debate; and these proceedings shall be had after the roll call and before the result is announced and any further proceedings in reference thereto shall be after such announcement.

C. When a vote is being taken using the electronic roll call system, the provisions of Rule 15.1 shall supersede any provision of this rule which is inconsistent therewith.

RULE 15.1  
Electronic Roll Call System

A. In all cases where a rule of the Senate refers to "roll call", "roll call vote" or "recorded vote", such reference shall be understood to refer also to the taking of the vote by an electronic roll call system.

B. When taking attendance or recording the Ayes and Noes on any question to be voted upon, the electronic roll call system shall be used, unless it is inoperative, and when so used shall have the same force and effect as a roll call taken as otherwise provided in the Senate Rules. This rule may be suspended by a majority of the members present in which case the roll shall be called in accordance with Rule 10.

C. When the Senate is ready to vote upon any question requiring a roll call and the vote is to be taken by the electronic roll call system, the Presiding Officer shall announce: "You have heard the (motion or third or final reading) of (the matter to be voted upon). Those in favor will vote aye. Those opposed will vote no. The system is now open. The Senate will now proceed to vote."

D. If a Senator declines to vote, the Senator shall state the reasons therefor as required by Rule 15-B and the system shall not be closed until every Senator who is present has voted, explained the reason for not voting or been excused from voting.

E. When sufficient time has been allowed the members to vote, the Presiding Officer shall announce: "Have all the Senators voted? The system will now be closed. The system is now closed. The Secretary will now record the vote."

F. A Senator may change his vote after the roll call system has been closed and before announcement of the result, and not thereafter.

G. The Secretary of the Senate shall immediately start the recording equipment and, when completely recorded, shall confirm the result to the Presiding Officer, who shall announce the same to the Senate. The Secretary shall enter the vote in the Journal.

H. No member shall be permitted to vote unless present in person to cast his vote. No member shall vote for another, nor shall any person not a member cast a vote for a member.

I. When a vote is being taken by the electronic roll call system, this rule supersedes any provision in the Senate Rules inconsistent therewith.

B. The calendar of the Committee of the Whole shall be taken up in regular order, or in such order as the committee may determine by a suspension of the rules, unless the order of the bill to be considered was determined by the Senate at the time of going into committee, but bills for raising revenue and the general appropriations bill shall have precedence.

C. A majority of the members of the Senate shall constitute a quorum to do business in Committee of the Whole.

D. The rules of the Senate shall be observed in the Committee of the Whole so far as applicable.

If a protest is filed, the President shall remove the nomination from the list and assign the nomination to an appropriate standing committee other than the Rules Committee. No nomination placed upon the list of nominations awaiting confirmation by the Senate shall be considered by the Senate until said nomination has remained on the list for seven calendar days. When a nomination is brought before the Senate, the final question on every nomination shall be, "Will the Senate advise and consent to this nomination?" which question shall not be put on the same day on which the nomination is received nor on the day on which it may be reported by a committee, unless by unanimous consent.

A. Conference Committees may be either simple or free. A Simple Conference Committee shall be limited to points of disagreement between the two Houses and shall not add unrelated new material, except to conform the provisions to other sections of the bill, enactments of the current session or procedural requirements. A Free Conference Committee may recommend striking amendments, compromising, or inserting something entirely new except that a Free Conference Committee may not recommend striking everything after the enacting clause and inserting new material.

B. Every conference report shall be accompanied by a detailed statement sufficiently explicit to inform the Senate what effect such amendments or propositions, if any, will have upon the measure to which they relate. A copy of each Conference Committee report shall be placed on each member's desk a reasonable time before consideration of the report. The presentation of reports of committees of conference shall always be in order, except when the Journal is being read or a question of order or a motion to adjourn is pending, or while the Senate is dividing; and when received the question of proceedings to the consideration of the report, if raised, shall be immediately put, and shall be determined without debate.

C. A Free Conference Committee shall not take final action on a Free Conference Committee report unless the measure has been heard in a public hearing of the Free Conference Committee.

3. The bill offers only technical or conforming changes to the statutes.
4. The bill is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the bill.

E. Except as provided herein, conference committees shall consider a bill prior to Saturday of the week in which the ninety-seventh day from the beginning of each regular session falls. 4. Enter into any contract with a public agency for the sale of goods or services or have an interest in the profits or benefits of a contract entered into with a public agency by any other person or entity for the sale of goods or services, unless:

(a) The total gross annual income value of the contract is less than one thousand dollars, or

(b) The contract is entered into by a business of which the member, his spouse or any minor child of whom the member has custody, owns or controls, individually or combined, less than ten percent thereof, or

(c) The contract has been awarded through public and competitive bidding pursuant to law, or

**RULE 30**  
**Personal Financial Interest**

A. A member who anticipates taking an action in the discharge of his official duties in which he may have a personal financial interest shall:

1. Prepare a written statement describing the matter to be acted upon and the nature of the potential interest; and

2. Deliver a copy of the statement to the President, the Chairman of the Ethics Committee and the Secretary of the Senate. Such statement shall be retained by the Secretary of the Senate as a public record.

B. A member shall report a potential personal financial interest pursuant to subsection A as soon as the member is aware of such potential interest. If, however, such awareness occurs when the Senate is convened on the floor or during a meeting of a committee, subcommittee or caucus, a member shall report a potential personal financial interest as soon after the adjournment of that body as is practicable.

C. A member may abstain from taking any action in which he has a personal financial interest. Upon declining to participate in any legislative action on the floor, in committee or in subcommittee, the member shall, in addition to the requirements of subsection A, state his decision and the underlying reasons therefor and such decision shall be recorded in the Journal or minutes of that body.

D. A member in doubt as to the propriety of any action proposed to be taken by him and involving a potential personal financial interest under this rule may request the Ethics Committee to render an advisory opinion on the facts. The advisory opinion shall be issued not later than five days from the date of the receipt of that request and be filed with the President, the Chairman of the Ethics Committee and the Secretary of the Senate. Such opinion shall be retained by the Secretary of the Senate as a public record.

2. A personal financial interest exists if it is reasonably foreseeable that an action in the discharge of his official duties will have a material financial benefit or detriment either directly or indirectly on the member, his spouse or any minor child of whom he has legal custody, except that no personal financial interest exists if the legislator or such member of his household is a member of a class of persons and it reasonably appears that a majority of the total membership of that class is to be affected by such action.

F. A member who has a substantial interest as defined by section 38-502, Arizona Revised Statutes, shall comply with title 38, chapter 3, article 8, Arizona Revised Statutes.

**RULE 31**

Resignation letter from Senator Kirsten Engel:

September 8, 2021

Dear President Fann and Minority Leader Rios,

With this letter I am submitting my formal statement of resignation from the Arizona State Senate, Legislative District 10 effective immediately.

It has been my honor to serve the people of Legislative District 10 as their State Senator for this past year. During this time, I am proud to have fought for issues such as fully funding public education, addressing our water and climate crisis, and reforming our criminal justice system.

After much consideration, I have decided to step down from my position in order to devote my full attention and effort to my congressional campaign.

I am confident that the Legislative District 10 Precinct Committee people and the Pima County Board of Supervisors will appoint a well-qualified person to fill my seat who will represent the people of LD10 well.

Sincerely,

/s/ Kirsten Engel  
Arizona State Senator  
District 10

Resignation letter from Senator Jamescita Peshlakai:

December 22, 2021

Arizona State Senate  
1700 W. Washington Street  
Phoenix, AZ 85007

Dear President Fann and Leader Rios,

I am writing to inform you of my decision to resign as Senator from Legislative District 7 in the Arizona State Senate, effective immediately.

As an indigenous woman, veteran, and descendant of the Diné, Hopi, and Chiricahua Apache of our First Nations' People, I am appreciative of the time I have spent in the legislature representing the constituents of Legislative District 7 and speaking as their voice on state issues. I'm proud of the work I've accomplished alongside my fellow Senators advocating for the rights of Indigenous peoples by passing Navajo Code Talker Day, Native American Day, and championing tribal representation.

Our democratic republic is a true treasure, and I will miss serving with my colleagues, staff, and all those who make the work we do at the state legislature possible. My dedication to public service will never end nor will my work for the people of Arizona. It has been the honor of my lifetime to have served the people of Arizona and I am immensely grateful for the experience.

Most respectfully dóó t'óó níyishñ ahéheé,

/s/ Jamescita Peshlakai, Senator

Re: House Bill 2241 (schools; instruction; Holocaust; genocides)

Dear Secretary Hobbs:

Today, I signed H.B. 2241. This legislation ensures that Arizona students are taught about the Holocaust and other genocides as a critical piece of world history. According to a Pew Research Center study conducted in 2019, fewer than half of respondents could correctly answer multiple-choice questions about the number of Jewish individuals who were murdered during the Holocaust or the way that Adolf Hitler came to power. Another national survey showed that approximately 49 percent of Millennials and Gen Z had some sort of distortion or denial of the Holocaust's occurrence. I find these statistics disturbing and it is why this bill is so important for our state. I want to thank Representative Alma Hernandez for her many years of work on this important issue, and I am glad to sign this into law.

Teaching and learning about the Holocaust and other genocides is a necessary and important practice in our classrooms. This bill is a solid first step. With the rise in crimes against individuals in various communities, I believe there is more work to be done. Antisemitism is real, I look forward to working with the legislature and engaging in stakeholder discussion around building upon this foundation of Holocaust education in the upcoming legislative session.

This bill will ensure that we continue to teach our students the history of past atrocities, which in return will instill greater compassion, critical thinking, societal awareness, and educational growth in our students.

Sincerely,

/s/ Douglas A. Ducey  
Governor  
State of Arizona

**The Governor vetoed the following:**

July 9, 2021

The Honorable Katie Hobbs  
 Secretary of State  
 1700 W Washington, 7<sup>th</sup> floor  
 Phoenix, AZ 85007

Re: Senate Bill 1719 (state emergency council; membership; procedures)

Dear Secretary Hobbs:

Today I vetoed S.B. 1719.

This bill is well intentioned but would add unneeded bureaucracy to the management of emergencies, especially wildfires. It's also unnecessary given the good and thoughtful reforms developed this session between my office and the legislature to ensure guard rails during future health emergencies, preventing the potential for the kind of extreme and job destroying measures that we saw in other places around the country last year.

Sincerely,

/s/ Douglas A. Ducey  
 Governor  
 State of Arizona

**The Governor allowed the following bill to become law without his signature:**

July 10, 2021

Dear Secretary Hobbs:

## SENATE RULES

### RULE 1 Officers and Employees

A. The officers of the Senate shall be a President, who shall be chosen from among the membership of the Senate, a Secretary, an Assistant Secretary, and a Sergeant at Arms.

B. There shall be such other employees as may be authorized by the Senate. The appointment, terms and conditions of employment, compensation, discipline, and discharge of employees of the Senate shall be determined by the President, subject to the approval of the Senate. Employees of the Senate are prohibited from lobbying during the term of their employment, and a violation of this rule will be sufficient cause for the summary discharge of the offending employees.

### RULE 2 The President

The President shall have the following powers and duties:

A. The President shall take the chair on every legislative day precisely at the hour to which the Senate, at its last sitting, adjourned; immediately call the members to order and on the appearance of a quorum, cause the Journal of the proceedings of the last day's sitting to be read.

B. The President shall have control of the Senate Chamber, including seating assignments of members therein, all other parts of the Senate wing and all other areas and buildings used exclusively by the Senate.

C. The President shall preserve and maintain order and decorum.

D. The President shall sign all acts, addresses, joint resolutions, writs, warrants and subpoenas issued by the order of the Senate, and decide all questions of order, subject to an appeal by any member, on which appeal no member shall speak more than once, unless by permission of the Senate.

E. The President shall state all questions in the proper order in which they shall be disposed.

F. When a question is undebatable or when debate on a question is closed, the President shall state the question, calling first for the "Ayes" and then for the "Noes". If the President is in doubt, or a division is called for, the Senate shall divide; those in the affirmative of the question shall first rise from their seats, and then those in the negative. But on demand of two members a roll call of the Ayes and Noes shall be ordered at any time before such vote is made certain and declared.

G. The President shall have the right to vote, and on all questions the President shall vote last.

H. The President shall have the right to name any member as President Pro Tempore to serve at the President's request, which appointment may extend throughout the session unless terminated by the Senate. The President may appoint any other member as temporary President Pro Tempore to serve for a limited period of time. In the absence or omission of such an appointment, the Senate shall proceed to elect a President Pro Tempore to act during the absence of the President.

I. The President shall appoint all standing committees, and all select committees unless otherwise ordered by the Senate by a majority of the members present, and shall appoint the chairman and vice-chairman of each such committee. The President shall be an ex-officio member of all committees, but shall not vote or sign reports from any committee except the committees of which the President is chairman. However, if the President is an appointed member of the Rules Committee, the President shall be a voting member of that committee. The President shall fill all vacancies on committees.

J. The President shall refer all proposed measures or other legislative matters to the appropriate committees. Every bill, resolution and memorial shall be referred by the President to one or more standing committees, except resolutions or memorials to be adopted by unanimous consent and House bills to be substituted on third reading pursuant to Rule 11-H. All proposed measures or other legislative matters shall automatically be assigned to the Rules Committee without action upon the part of the President. If three-fifths or more of the members of the Senate petition the President to discharge committees from further consideration of a bill, resolution or memorial, the measure shall be withdrawn by the President from assigned committees which have not reported the measure. If a committee hearing has not been held on the measure, the President shall direct that a hearing be held by a committee within seven days and upon withdrawal or hearing, the matter shall be placed by the President on the active calendar of the Committee of the Whole. If the measure is reported favorably by the Committee of the Whole, it shall be placed by the President on the third reading calendar. If a discharge petition is presented to the President less than seven days before the Senate adjourns sine die, the President shall not be required to act upon the petition.

K. All debts incurred by the Senate, either during session or between sessions of the legislature, shall be subject to approval by the President and if so approved shall be paid by claims drawn on the Finance Division of the Department of Administration.

L. The office of the President shall keep the accounts for the pay, mileage and subsistence of members and attaches, and shall maintain these records for inspection by the membership.

M. The President is authorized to call meetings of standing committees of the Senate during periods when the Senate is not in session, and to approve claims for travel and subsistence incurred by members of such committees in attendance.

### RULE 3 The Secretary

The Secretary shall have the following powers and duties:

A. It shall be the duty of the Secretary to keep a Journal of each day's proceedings, and to provide a typewritten copy of the same for examination by the President. The Secretary shall each day prepare a calendar of the Orders and Business of the Day and a like calendar for the Committee of the Whole, and such other dockets and calendars as may be ordered, and shall cause a copy to be placed on the desk of each member, at or before the hour of convening.

B. The Secretary shall have the custody of all bills, resolutions, memorials, petitions, communications, or other measures, instruments and papers introduced in or submitted to the Senate, subject to such disposition thereof as may be provided by the rules of the Senate or the order of the President, and shall be held strictly accountable for the safekeeping of the same. The Secretary shall keep a record of all such measures or instruments, showing at all times the exact standing of each.

C. The Secretary shall perform such other duties as may be required of the Secretary by the Senate or by the President.

D. The Assistant Secretary shall act under the direction of the Secretary and in the absence of the Secretary shall perform the duties of the Secretary.

### RULE 4 Sergeant at Arms

The Sergeant at Arms shall have the following powers and duties:

A. It shall be the duty of the Sergeant at Arms to attend the Senate and the Committee of the Whole during their sittings, to maintain order under the direction of the President or Chairman, to execute the commands of the Senate, and all processes issued by authority thereof, directed to the Sergeant at Arms by the Presiding Officer. Five minutes before the hour of the meeting of the Senate each day the Sergeant at Arms shall see that the floor is cleared of all persons, except those privileged to remain.

B. The Sergeant at Arms shall enforce the rules relating to the privileges of the floor and gallery, and perform such other duties as may be required of the Sergeant at Arms by the Senate or by the President.

#### RULE 5 Members

A. Every member shall be present within the Senate Chamber during its sittings, unless excused or necessarily prevented; and shall vote on each question put, unless the member has a personal financial interest in the question as set forth in Rule 30, or unless the member is excused from voting in accordance with Rule 15.

B. No Senator shall voluntarily be absent from the service of the Senate without leave of the President.

#### RULE 6 Questions of Privilege

Questions of privilege shall be: First, Privilege of the Senate, which relates to the privilege and rights of the Senate collectively, its organization, safety, dignity, comfort and the integrity of its proceedings; second, Personal Privilege, which relates to the rights, reputation and conduct of the members individually in their representative capacity only; third, Personal Privilege which relates to matters personal to the members which may be received only by permission of the Senate or the Presiding Officer. Questions of privilege shall have precedence over all other questions, except motions to adjourn or recess, or the call of the Senate when no quorum is present.

#### RULE 7 Committees

A. Standing Committees of the Senate shall consist of the following:

1. Appropriations
2. Commerce
3. Education
4. Finance

10. Transportation and Technology

B. Committees of the Senate except the Rules Committee shall have the following powers and duties:

2. The Ethics Committee and each standing committee shall adopt rules of procedure consistent with the rules of the Senate. Committee rules shall require that the chairman vote last on a roll call vote. Committee rules may allow the vice-chairman to vote second to last on a roll call vote.

3. All committee meetings shall be open to the other members of the Legislature, the press and public so long as the proper decorum is maintained.

4. All committees will meet at regularly scheduled times and places. In the absence of the chairman, the vice-chairman shall preside. In the absence of both the chairman and vice-chairman some other committee member designated by the President shall preside. Special meetings may be called at the option of the chairman. However, such meetings shall be announced on the floor of the Senate in open session prior to the meeting. Regularly scheduled meetings can be cancelled or rescheduled only with the permission of the President.

5. A written agenda for each regular or special meeting containing all bills, memorials and resolutions to be considered thereat shall be distributed to each member of the committee and to the Secretary of the Senate at least five days prior to the committee meeting. Absence of a bill, memorial or resolution from the committee agenda will prohibit its consideration unless unanimous consent of all committee members is obtained. The action taken on every bill, memorial or resolution on the committee agenda shall be reported to the Secretary of the Senate at the conclusion of the meeting. It shall be the responsibility of the chairman to deliver the committee report for each bill, memorial or resolution that has been voted out of committee to the Secretary of the Senate as soon as the committee amendment is prepared. If there is no amendment, the committee report shall be delivered to the Secretary of the Senate not later than 5:00 p.m. on the day following the day the committee meeting adjourns.

6. A bill not on the chairman's agenda shall be scheduled by the chairman for discussion and committee action at the next subsequent committee meeting upon presentation to the chairman of a petition to schedule the bill, and upon filing a copy thereof with the Secretary of the Senate. A petition to schedule the bill must be signed by at least two-thirds of the members of the committee.

7. A majority of the members of a committee shall constitute a quorum for the consideration of any matter referred to it.

8. The consent of all of the members of a committee shall be necessary to introduce any bill, resolution or memorial as a committee measure. The consent of a majority of the members of a committee shall be necessary to introduce any bill, resolution or memorial as a majority of committee measure. The consent of a majority of the members present on a committee shall be necessary to report any bill or other measure or matter referred to such committee. If a member opposes the report, he may file a minority report. A minority report shall bear the signature of any number of members joining in its recommendations and shall be considered the recommendations merely of the member or members signing the same.

9. Amendments proposed by a committee shall be clearly set forth as an attachment to the committee's report and shall refer to the appropriate page and line of the original or engrossed bill or of another amendment if the amendment is proposed as an amendment to another proposed committee amendment. If the committee has adopted a rule addressing the submission of amendments to committee members, the chairman may preclude the offering of an amendment which does not comply with the rule, may without objection accept the amendment, or may postpone action on the measure until adequate notice has been given. No amendment to strike everything after the enacting clause and insert new material shall be in order unless notice of intent to offer such an amendment has been given by 5:00 p.m. two days, excluding Saturdays and Sundays, prior to the committee meeting at which the amendment is to be considered by delivering a copy of the proposed amendment to the office of each member of the committee and to the information desk and posting such notice and leaving a copy in the office of the Senate Secretary. The committee report shall be accompanied by a copy of any measure to which amendments are proposed to the committee.

10. A roll call vote shall be taken of the committee members at the request of a committee member upon any motion or amendment.

11. Except as provided herein, all Senate bills to be scheduled in accordance with paragraph 5 or 6 of this subsection shall be heard prior to Saturday of the week in which the sixtieth day from the beginning of each regular session falls. Except as provided herein, all House bills to be scheduled in accordance with paragraph 5 or 6 of this subsection shall be heard prior to Saturday of the week in which the ninetieth day from the beginning of each regular session falls. No committee except the Rules Committee shall hear a bill in violation of this paragraph without the written permission of the President.

12. All bills, memorials or resolutions referred to a standing committee shall be reported. Bills, memorials or resolutions which the committee has considered but on which no action has been taken and bills, memorials and resolutions which the committee has not considered shall be reported as such by the chairman of each standing committee at the last regular or special meeting of such committee for each session.

C. The Rules Committee of the Senate shall have the following powers and duties:

1. All powers and duties of other standing committees of the Senate listed in subsection B of this rule except those powers and duties inconsistent with this subsection.

2. On the first day following the convening of the first regular session of each Legislature, the President shall appoint the members of the Committee on Rules, and the said committee shall henceforth have authority to present proposed changes or additions to the rules which upon adoption by the Senate shall be deemed standing rules of the Senate.

3. The written agenda for the Rules Committee shall be the calendar for the Committee of the Whole. All other legislative matters shall be in order before the Rules Committee without written agenda.

4. Amendments proposed by the Rules Committee should be clearly set forth as an attachment to the Rules Committee report and shall refer to the appropriate page and line of the original or engrossed bill or of another amendment if the amendment is proposed as an amendment to another proposed committee amendment. Substantive amendments may be proposed by the Rules Committee only with the concurrence of the sponsor of a bill if sponsored by an individual or the committee chairman if sponsored by a committee. Corrective or technical amendments may be proposed. A proposed technical or corrective amendment which incidentally affects the substance of a bill or amendment shall require concurrence of the sponsor. No amendment to strike everything after the enacting clause and insert new material shall be offered in the Rules Committee.

5. The Committee on Rules shall consider the bill and proposed amendments thereto for constitutionality and proper form and the reasonable germaneness of any amendments. A bill including any amendments shall be presumed to contain one subject if:

(a) The resulting bill has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.

(b) The resulting bill is a major revision of a program or agency and each of the provisions relates to the revision.

(c) The bill offers only technical or conforming changes to the statutes.

(d) The bill is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the bill.

(e) The bill is a result of a strike everything after the enacting clause amendment and substitutes material designed to accomplish only one purpose.

6. In addition to the powers and duties given to the Rules Committee elsewhere in the Senate Rules, the Rules Committee shall have such other powers and duties over legislative matters as are assigned by the President.

D. Any subcommittee of a standing committee may meet at any time upon the call of the subcommittee chairman without written notice, providing, however, that such meeting shall be announced on the floor of the Senate in open session prior to the meeting. A subcommittee may, without distributing a written agenda, consider any matter assigned to the subcommittee by the chairman of the standing committee.

#### RULE 8 Calendars

- A. There shall be the following calendars of business reported from committees:
1. A calendar of the Committee of the Whole, upon which shall be placed all bills, resolutions and memorials reported by the standing or select committees, except the Rules Committee, to which they have been referred and all bills, resolutions and memorials which have failed in Committee of the Whole, or which have been retained on the calendar. The calendar of the Committee of the Whole shall be prepared and filed in writing with the Secretary of the Senate.
  2. An active calendar of the Committee of the Whole on which shall be placed those bills, resolutions and memorials designated by the President that have been reported by the Rules Committee and that are drawn from the calendar of the Committee of the Whole on the order of business of the day.
  3. A unanimous consent calendar on which shall be placed those bills, resolutions and memorials designated by the Chairman of the Rules Committee and drawn from all bills, resolutions and memorials on the calendar of the Committee of the Whole that are unamended as reported by all standing committees to which they were referred. The unanimous consent calendar shall be dated, printed, placed on each member's desk and posted at the information desk 48 hours, excluding nonworking days, prior to being accepted. Any Senator may protest the inclusion of any bill, resolution or memorial on the unanimous consent calendar by submitting a protest in writing to the Secretary of the Senate during the 48-hour notice period. A protest timely submitted by any Senator shall automatically remove the bill, resolution or memorial from the unanimous consent calendar and return it to the calendar of the Committee of the Whole; provided, however, that a bill shall not be removed from the consent calendar for the purpose of proposing a strike everything after the enacting clause amendment. Bills, resolutions or memorials remaining on the unanimous consent calendar shall be placed on the Senate calendar.
  4. A Senate calendar on which shall be placed all bills, resolutions and memorials reported with a "do pass" or "do pass amended" recommendation by the Committee of the Whole and all bills, resolutions and memorials remaining on the unanimous consent calendar pursuant to paragraph 3.
  5. An active Senate calendar on which shall be placed those bills, resolutions and memorials designated by the President and drawn from the Senate calendar for consideration by the Senate on the order of business for the day.

B. Measures shall be reported by the Committee of the Whole in the order and manner in which disposed of by that committee, and those approved shall be placed upon the Senate calendar for third reading in the order established by the President, and retained on the Senate calendar until finally disposed of.

#### RULE 9 Decorum and Debate

A. When a Senator desires to speak, the Senator shall rise and address the Presiding Officer, and shall not proceed until the Senator is recognized, and the Presiding Officer shall recognize the Senator who shall first address the Presiding Officer. No Senator shall interrupt another Senator in debate without the Senator's consent, and to obtain such consent, the Senator shall first address the Presiding Officer.

B. The Senator who sponsors a measure, or the Senator's designee, shall have the right to open and close debate on such measure.

C. No Senator in debate shall, directly or indirectly, by any form of words, impute to another Senator or to other Senators any conduct or motive unworthy or unbecoming a Senator.

D. If any Senator, in speaking or otherwise, transgresses the Rules of the Senate, the Presiding Officer shall call the Senator to order; and when called to order the Senator shall sit down and not proceed without leave of the Presiding Officer or upon motion adopted by the Senate, that the Senator be allowed to proceed in order, which motion shall be determined without debate.

E. If a Senator be called to order for words spoken in debate, the exceptionable words shall, upon the demand of any Senator, be taken down in writing, and read at the table for the information of the Senate.

F. While the Presiding Officer is putting a question or addressing the Senate, no member shall walk out of or across the Chamber, nor, when a member is speaking, pass between the member and the Chair; nor remain by the Secretary's desk during the call of the roll for the counting of ballots; and the Sergeant at Arms is charged with the strict enforcement of this clause.

#### RULE 10 Roll Call and Quorum

A. Upon every roll call the names of the members shall be called alphabetically by the surname, except when two or more have the same surname, in which case the district designation shall be added; and after the roll has been once called, the Secretary shall call in their alphabetical order the names of those not voting or who failed to respond.

B. A majority of the Senators elected shall constitute a quorum.

C. If, at any time during a session of the Senate, a question shall be raised by any Senator as to the presence of a quorum, the President shall forthwith direct the Secretary to call the roll and shall announce the result, and these proceedings shall be without debate.

D. Whenever it shall be ascertained that a quorum is not present a majority of the Senators present may order a call of the Senate, which order shall be determined without debate, and pending its execution, and until a quorum shall be present, no debate or other motion, except to adjourn, shall be in order. Upon approval of the order to call the Senate, the President shall direct the Sergeant at Arms to request, and, when necessary, to compel the attendance of the absent Senators.

E. When a quorum is present, a call of the Senate may be ordered by the President or by a majority of the members present to compel the attendance of the absent members. The Sergeant at Arms shall forthwith proceed to bring in absent members until two-thirds of the members elected to the Senate are present.

F. When a vote is being taken using the electronic roll call system, the provisions of Rule 15.1 shall supersede any provision of this rule which is inconsistent therewith.

#### RULE 11 Motions

A. All motions shall be reduced to writing, if requested by the Presiding Officer or by any Senator, and shall be entered on the Journal with the name of the member making it, and shall be read before the same shall be debated.

B. Any motion or resolution may be withdrawn or modified by the mover at any time before a decision, amendment or ordering of Ayes and Noes, except a motion to reconsider, which shall not be withdrawn without leave of the Senate.

C. No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment.

D. When a motion or proposition is under consideration, a motion to amend and a motion to amend that amendment shall be in order, and it shall also be in order to offer a further amendment by way of a substitute amendment.

E. A question or an amendment containing two or more distinct and separate subjects may be divided upon the demand of any member. A motion to strike out and insert words, both relating to the same subject, and together accomplishing a single change in meaning, is indivisible.

F. When motions are made for reference of a subject to a select committee, or to a standing committee, the question of a standing committee shall be put first. A motion simply to refer shall not be open to amendment, except to add instructions.

G. Any motion improperly used for the purpose of delaying or obstructing business is a dilatory motion and may be ruled out of order by the Presiding Officer.

H. A motion to substitute a House bill for a Senate bill on third reading shall not be in order unless the Senate bill for which substitution is sought is identical to the House bill.

#### RULE 12 Previous Question (Vote Immediately)

When the previous question is moved, adopted and ordered, it shall have the effect to cut off all debate and bring the Senate to a direct vote upon the immediate question or questions on which it has been ordered. The previous question may be moved with reference to a single motion, a series of motions allowable under the rules, or an amendment or amendments, or may be made to embrace all authorized motions or amendments and include the bill to its passage or rejection. It shall be in order, however, pending the motion for, or after the previous question shall have been ordered, for a motion to be made to commit or to recommit, with or without instructions, to a standing or select committee.

#### RULE 13 Reconsideration

A. When a question subject to reconsideration has been decided by the Senate by a recorded vote, any Senator who voted on the prevailing side may on the same day or the next day of actual session thereafter move a reconsideration. When a question subject to reconsideration has been decided by the Senate by a non-recorded vote, any Senator may, on the same day or the next day of actual session thereafter, move a reconsideration. If the Senate shall refuse to reconsider, or upon reconsideration shall affirm its first decision, no other motion to reconsider the question shall be in order unless by unanimous consent. A motion to reconsider shall be decided by a majority vote of the members present, and a motion to lay it on the table shall not be in order. If the motion to reconsider passes, the question reconsidered shall be determined at such time as the President directs.

B. When a bill, resolution, report, amendment, order or measure, upon which a vote has been taken, shall have gone out of the possession of the Senate, and shall have been sent to the House of Representatives, the motion to reconsider shall be accompanied by a motion to request the House to return the same, which last motion shall be acted upon first, and without debate, and if determined in the negative shall be a final disposition of the motion to reconsider. If the motion to request return passes, the motion to reconsider cannot be considered until the question or measure is returned to the Senate by the House.

#### RULE 14 Bills, Resolutions, Memorials, Engrossed Copies and Amendments

A. Bills, resolutions and memorials may be introduced by a member or a committee by presenting the original and three copies of such bill, resolution or memorial, unless additional copies are ordered by the President, to the office of the Secretary prior to 3:00 p.m. of the day immediately preceding the day of actual introduction. The name of the sponsor or sponsors shall be on the attached signature page of the bill. Introductions "by request" shall be so designated.

B. A bill introduced in the Senate may be cosponsored by House members.

C. Bills, resolutions and memorials may be introduced during the first 22 days of a regular session and during the first 10 days of a special session. Thereafter, with the exception of death resolutions, introduction may be allowed only with the permission of the Rules Committee.

D. Bills, resolutions and memorials may be prefiled by any member-elect for introduction in the first regular session during the period following the certification of election of members by the Secretary of State until the first day of the first regular session. Bills, resolutions and memorials may be prefiled for introduction in the second regular session during the period from November 15 next preceding the second regular session until the first day of the second regular session. Bills, resolutions and memorials may be prefiled for introduction in any special session during the period following the Governor's Proclamation until the first day of the special session, provided the bill, resolution or memorial is germane to the call. A bill, resolution or memorial shall be prefiled in the same manner prescribed for introduction. Bills, resolutions and memorials prefiled for introduction pursuant to this rule may be first read on the first day of the session. The name of the sponsor or sponsors shall be on the attached signature page of the bill, resolution or memorial at the time of prefiling.

E. The original of a bill, resolution or memorial introduced in the Senate shall be designated by brown backing, endorsed "original" and shall remain in the possession of the Secretary. The chairman of each committee to which a bill, resolution or memorial is referred shall receive one copy endorsed "Committee Copy". Subsequent copies shall be endorsed and distributed as the President directs.

F. Unless otherwise ordered by the President, a sufficient number of copies of any bill, resolution or memorial shall be duplicated.

G. All bills prepared for introduction which propose to amend existing statutes shall show the new language in capital letters (upper case) and the deletions shall be shown in regular type (lower case), lined through. New language to be added to the statutes shall be in capital letters (upper case).

H. The original and two copies of each engrossed measure shall be on paper of durable quality and each page of the original and two copies shall be stamped with the blind embossed stamp of the Senate. All engrossed pages not having a full complement of typed lines shall be marked from the end of the typed page to within one inch of the end of such page. The original Senate engrossed copy shall have a red backing. An engrossed measure ready for the third or final reading shall not be subject to amendment.

I. Unless otherwise ordered by the President, the Senate shall provide the House and the Legislative Council with a sufficient number of copies of each amended engrossed Senate measure with a cover page or pages showing the page and line number of each adopted Senate amendment thereto. For Senate amendments to House measures the same number of copies shall be provided but may consist only of those pages containing the adopted Senate amendments and cover page or pages showing the page and line number of such Senate amendment. For unamended Senate measures the same number of cover pages shall be provided stating that the measure passed as introduced, which will be identical to the original and printed copies.

J. All bills, resolutions, memorials and engrossed measures shall be line-numbered and such numbering shall begin with the enacting clause. Uniform sized paper, 8 1/2" x 11" shall be used.

K. Amendments shall have uniform headings and shall read "amendments to" and shall be in the same form as the original bill. The amendment shall refer to page and line number only and when referring to more than one line shall read "lines . . . through . . .". If everything after the enacting clause is stricken the amendment shall read "strike everything after the enacting clause".

RULE 15  
Voting

A. When the Ayes and Noes are ordered, the names of Senators shall be called alphabetically, and each Senator shall without debate, declare the Senator's assent or dissent to the question, unless the Senator declares a personal financial interest in the question or is excused by the Senate, and no Senator shall be permitted to vote after the decision shall have been announced by the Presiding Officer, but may for sufficient reason change the Senator's vote prior to such announcement. No motion to suspend this rule shall be in order, nor shall the Presiding Officer entertain any request to suspend by unanimous consent.

B. When a Senator declines to vote on the second call of the Senator's name, the Senator shall be required to assign the Senator's reasons therefor. If the reason assigned is other than a personal financial interest in the question or a substantial interest as defined in the statutory code which is not a personal financial interest in the question, the Presiding Officer shall submit the question to the Senate: "Shall the Senator for the reasons assigned by the Senator, be excused from voting?" which shall be decided without debate; and these proceedings shall be had after the roll call and before the result is announced and any further proceedings in reference thereto shall be after such announcement.

C. When a vote is being taken using the electronic roll call system, the provisions of Rule 15.1 shall supersede any provision of this rule which is inconsistent therewith.

RULE 15.1  
Electronic Roll Call System

A. In all cases where a rule of the Senate refers to "roll call", "roll call vote" or "recorded vote", such reference shall be understood to refer also to the taking of the vote by an electronic roll call system.

B. When taking attendance or recording the Ayes and Noes on any question to be voted upon, the electronic roll call system shall be used, unless it is inoperative, and when so used shall have the same force and effect as a roll call taken as otherwise provided in the Senate Rules. This rule may be suspended by a majority of the members present in which case the roll shall be called in accordance with Rule 10.

C. When the Senate is ready to vote upon any question requiring a roll call and the vote is to be taken by the electronic roll call system, the Presiding Officer shall announce: "You have heard the (motion or third or final reading) of (the matter to be voted upon). Those in favor will vote aye. Those opposed will vote no. The system is now open. The Senate will now proceed to vote."

D. If a Senator declines to vote, the Senator shall state the reasons therefor as required by Rule 15-B and the system shall not be closed until every Senator who is present has voted, explained the reason for not voting or been excused from voting.

E. When sufficient time has been allowed the members to vote, the Presiding Officer shall announce: "Have all the Senators voted? The system will now be closed. The system is now closed. The Secretary will now record the vote."

F. A Senator may change his vote after the roll call system has been closed and before announcement of the result, and not thereafter.

G. The Secretary of the Senate shall immediately start the recording equipment and, when completely recorded, shall confirm the result to the Presiding Officer, who shall announce the same to the Senate. The Secretary shall enter the vote in the Journal.

H. No member shall be permitted to vote unless present in person to cast his vote. No member shall vote for another, nor shall any person not a member cast a vote for a member.

I. When a vote is being taken by the electronic roll call system, this rule supersedes any provision in the Senate Rules inconsistent therewith.

RULE 16  
Order of Business

A. Unless otherwise ordered, the Senate shall convene every legislative day at a time certain as determined by the President, receive a prayer by the chaplain, recite the pledge of allegiance and continue in session until recess or adjournment.

B. The order of business shall be as follows:

Roll Call  
Reading of the Journal  
Business on the President's Desk  
Petitions, Memorials, and Remonstrances  
Orders of the Day  
Introduction and First Reading of Bills

Other Business of the Senate

C. The President shall, upon each day, announce to the Senate the business in order, agreeable to the order of business contained in subsection B of this rule; and no business shall be taken up or considered until the class to which it belongs shall be declared to be in order, nor after the order to which it belongs is closed, except by order of the Senate. All questions relating to the order of business shall be decided by a majority of the members present without debate.

D. Every bill shall be read by sections on three different days, unless two-thirds of the Senate deem it expedient to dispense with this rule. The vote on the final passage of any bill or joint resolution shall be taken by Ayes and Noes on roll call. Final passage shall be the final disposition of a bill by the Senate.

E. The Presiding Officer shall give notice at each reading, whether it be the first, second or third reading, and a Journal entry of the same shall be made by the Secretary.

RULE 17  
Committee of the Whole

A. In forming a Committee of the Whole, the President shall leave the Chair after appointing a chairman to preside. The chairman so appointed shall preserve and maintain order.

B. The calendar of the Committee of the Whole shall be taken up in regular order, or in such order as the committee may determine by a suspension of the rules, unless the order of the bill to be considered was determined by the Senate at the time of going into committee, but bills for raising revenue and the general appropriations bill shall have precedence.

C. A majority of the members of the Senate shall constitute a quorum to do business in Committee of the Whole.

D. The rules of the Senate shall be observed in the Committee of the Whole so far as applicable.

E. In the Committee of the Whole, bills and resolutions shall be read by the Secretary and considered item by item, unless otherwise ordered by the committee, leaving preambles or titles to be last considered. The body of a bill shall not be defaced or interlined, but amendments shall be noted by the chairman or Secretary upon a separate piece of paper and reported to the Senate.

F. The proceedings of the Committee of the Whole shall be taken down by the Secretary of the Senate, acting as the Secretary of the Committee of the Whole. The chairman of the Committee of the Whole shall in the chairman's report set forth all actions of the Committee of the Whole.

G. When a bill or resolution is considered in the Committee of the Whole, the only regular motions which are in order are the following:

1. To propose amendments.
2. To limit debate.
3. To recommend.
4. To rise and report.
5. That the bill or resolution retain its place on the calendar.
6. That the bill or resolution be retained on the calendar.

H. A roll call vote shall be taken when a motion to recommend is defeated. No other roll call votes shall be taken in Committee of the Whole.

I. No proposed amendment in Committee of the Whole to strike everything after the enacting clause and insert new material shall be in order.

J. A motion to amend the Committee of the Whole report shall not be in order unless the proposed amendment to the report has been voted on in the Committee of the Whole.

#### RULE 18

##### Sitting as in Committee of the Whole

The Senate may by majority vote of the members present sit as in Committee of the Whole for consideration of any subject except if the subject is a bill, memorial or resolution which has been considered in Committee of the Whole, the consideration shall be limited to technical changes.

#### RULE 19

##### Journals

A. The proceedings of the Senate and of the Committee of the Whole shall be briefly and accurately stated in the Journal. Titles of all bills, resolutions and measures, and such parts as shall be affected by proposed amendments, readings, references, reports and every vote, motion and roll call, and a brief statement of the contents of each petition, memorial or paper presented to the Senate shall be entered on the Journal.

B. All confidential legislative and executive proceedings and the proceedings when sitting as a Court of Impeachment, shall be recorded in a separate book.

C. The protest or remarks of any Senator and reasons therefor shall be entered on the Journal, if presented in writing, but no protest or remarks shall exceed two hundred words in length without the consent of the Senate.

#### RULE 20

##### Proceedings on Nominations

A. When nominations shall be made by the Governor of the State to the Senate, they shall, unless otherwise ordered, be referred to appropriate committees, and a standing committee. If the nomination is referred to the Rules Committee, the committee, upon consideration, may recommend to the President that the nomination be further referred to another standing committee or may place the nomination on a list of nominations awaiting confirmation by the Senate. If the Rules Committee recommends that the nomination shall be placed on a list of nominations awaiting

confirmation by the Senate, the Rules Committee recommendation shall be dated and placed on each member's desk. If a member wishes during the first seven calendar days after action by the Rules Committee to object to the inclusion of the nomination without a hearing by a standing committee other than the Rules Committee, the member may do so by filing a protest in writing to the Secretary of the Senate during the seven day period. If a protest is filed, the President shall remove the nomination from the list and assign the nomination to an appropriate standing committee other than the Rules Committee. No nomination placed upon the list of nominations awaiting confirmation by the Senate shall be considered by the Senate until said nomination has remained on the list for seven calendar days. When a nomination is brought before the Senate, the final question on every nomination shall be, "Will the Senate advise and consent to this nomination?" which question shall not be put on the same day on which the nomination is received nor on the day on which it may be reported by a committee, unless by unanimous consent.

B. Nominations confirmed or rejected by the Senate shall not be returned to the Governor by the Secretary until the expiration of the time limit for making a motion to reconsider the same, or while a motion to reconsider is pending, unless otherwise ordered by the Senate by a majority of the members present.

#### RULE 21 Messages

A. Messages from the Governor of the State, or from the House of Representatives, may be received at any stage of proceedings, except while the Senate is dividing, or while the Journal is being read, or while the question of order or a motion to adjourn is pending.

B. Messages shall be sent to the House of Representatives by the Secretary, who shall previously certify the determination of the Senate upon all bills, joint resolutions and other measures which may be communicated to the House, or in which its concurrence may be requested, and the Secretary shall also certify and deliver to the Governor of the State all resolutions and other communications which may be directed to him by the Senate.

#### RULE 22 Amendments of the House

A. Any amendment by the House to any Senate bill shall be subject to one of the following motions or actions:

1. Concur in House amendment.
2. Refuse to concur in House amendment and appointment of Conference Committee, free or simple.
3. The President may refer the bill with the House amendment to a committee for study and recommendations of concurrence or refusal to concur.

B. Any amendment by the House which includes the addition of the emergency clause shall require a two-thirds vote of the members of the Senate for final passage with the emergency clause.

#### RULE 23 Conference Committees and Reports

A. Conference Committees may be either simple or free. A Simple Conference Committee shall be limited to points of disagreement between the two Houses and shall not add unrelated new material, except to conform the provisions to other sections of the bill, enactments of the current session or procedural requirements. A Free Conference Committee may recommend striking amendments, compromising, or inserting something entirely new except that a Free Conference Committee may not recommend striking everything after the enacting clause and inserting new material.

B. Every conference report shall be accompanied by a detailed statement sufficiently explicit to inform the Senate what effect such amendments or propositions, if any, will have upon the measure to which they relate. A copy of each Conference Committee report shall be placed on each member's desk a reasonable time before consideration of the report. The presentation of reports of committees of conference shall always be in order, except when the Journal is being read or a question of order or a motion to adjourn is pending, or while the Senate is dividing; and when received the question of proceedings to the consideration of the report, if raised, shall be immediately put, and shall be determined without debate.

C. A Free Conference Committee shall not take final action on a Free Conference Committee report unless the measure has been heard in a public hearing of the Free Conference Committee.

D. A Free Conference Committee report on a bill which includes conference amendments may, upon the filing of the report in the Secretary of the Senate's office, be reassigned by the President to the Committee on Rules. If assigned to the Committee on Rules, the Committee on Rules shall consider such report for constitutionality and proper form and the reasonable germaneness of conference amendments. A bill including any amendments shall be presumed to contain one subject if:

1. The resulting bill has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.
2. The resulting bill is a major revision of a program or agency and each of the provisions relates to the revision.
3. The bill offers only technical or conforming changes to the statutes.
4. The bill is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the bill.

E. Except as provided herein, conference committees shall consider a bill prior to Saturday of the week in which the ninety-seventh day from the beginning of each regular session falls. No conference committee shall meet to consider a bill after such time without the written permission of the President.

#### RULE 24 Parliamentary Practice and Procedure

Parliamentary practice and procedure in the Senate shall take precedence in the order listed:

1. Constitutional provisions.
2. Senate Rules.
3. Statutory rules and provisions.
4. The rules of parliamentary practice and procedure as contained in Mason's Manual of Legislative Procedure.
5. Senate customs and usages.
6. General parliamentary law.

#### RULE 25 Privileges of the Floor

A. Except by unanimous consent, or unless otherwise ordered by a two-thirds vote of the Senate, no person except members and officers of the Senate shall have the privileges of, or be admitted to the floor of the Senate Chamber at any time; provided, that the President may grant the privileges of the floor, subject to revocation in any instance by order of the Senate, to ex-members of the Senate, members of the House of Representatives and employees of the Senate. When the Senate is not in formal session, the President, upon application of a Senate Committee, may grant the use of the Chamber to such committee for a time certain for the purpose of holding committee hearings.

B. For the purpose of addressing the membership of the Senate while in session, the President may, upon request, approve such dignitaries as:

1. The President or past Presidents of the United States.
2. Members of the present United States Cabinet.
3. Ambassadors of or to the United States, and all present United States Senators and Congressmen.
4. The present Governor of Arizona.
5. The present Governor or Head of any other domestic or foreign state.

All other dignitaries may be introduced from the gallery or may be granted speaking time other than when the Senate is in session.

C. The main gallery shall at all times, except when the Senate is in closed executive session or the Senate or President shall order the galleries cleared, be open to the public, subject to the full observance of the rules of the Senate.

D. A press gallery shall be maintained, to which shall be admitted only duly accredited representatives of the press holding nontransferable cards issued by the President of the Senate and revocable at the discretion of the President of the Senate. Any press representative desiring admission to the press gallery shall make application to the President of the Senate for a pass, and shall accompany the application with a statement of facts of the representative's press connections, and with a request by the newspaper or news gathering organization with which the representative is connected, for such pass. Not more than one such representative at a time shall occupy a seat in the press gallery if such seat is desired by the representative of any other accredited newspaper or news gathering organization.

#### RULE 26

##### Legislative Representatives

A. Any person desiring to be heard concerning legislation in behalf of any person, firm, association, organization, company or corporation shall first make application in writing to the chairman of the committee, stating the bill the person desires to present arguments upon, and whom the person represents.

B. The chairman may issue a permit which shall give such person the right to file with the committee having under consideration the bill or legislation regarding which the permit has been issued, written or printed briefs, statements or arguments. If so notified by the committee through its chairman, the person may appear before the committee in open public hearing and present arguments and testimony at the pleasure of the committee. Chairmen of committees shall, on request, give information regarding the holding of public hearings, and the time and place of the same, and committees may hold such public hearings as they desire.

#### RULE 27

##### Length of Session

A. Except as provided herein, regular sessions shall be adjourned sine die no later than Saturday of the week in which the one hundredth day from the beginning of each regular session falls. The President may by declaration authorize the extension of the session for a period of not to exceed seven additional days. Thereafter the session can be extended only by the Senate by a majority vote of the members present.

B. If not considered in the regular session the General Appropriations bill, the General Capital Outlay bill and the University Capital Outlay bill may be considered in a special session which shall be called only for those purposes.

#### RULE 28

##### Amendment of Rules; Suspension of Rules

A. The Senate Rules may be amended upon vote of the majority of the members of the Senate.

B. The Senate Rules may be suspended by a vote of a majority of the members present.

RULE 29  
Code of Ethics

A. No member shall:

1. Intentionally solicit, accept or agree to accept from any source whether directly or indirectly and whether by himself or through any other person any personal financial benefit, including any gift, for himself or another upon an agreement or understanding that his vote, opinion, judgment, exercise of discretion or other action as a public official will thereby be influenced.

2. Disclose or use information designated by law as confidential in any manner prohibited by law.

3. Knowingly disclose or use, other than in the performance of his official duties, information gained as a result of his official position and which is not available to the general public, for his personal financial benefit or the financial benefit of any other person, including compensation from any employment, transaction or investment entered into that utilizes or is based upon such information.

4. Enter into any contract with a public agency for the sale of goods or services or have an interest in the profits or benefits of a contract entered into with a public agency by any other person or entity for the sale of goods or services, unless:

(a) The total gross annual income value of the contract is less than one thousand dollars, or

(b) The contract is entered into by a business of which the member, his spouse or any minor child of whom the member has custody, owns or controls, individually or combined, less than ten percent thereof, or

(c) The contract has been awarded through public and competitive bidding pursuant to law, or

(d) The subject of the contract between a member and a public agency is an appointment or employment for which an exception exists pursuant to article IV, part 2, section 4 or 5 of the Constitution of Arizona.

5. Appear for a fee on behalf of another person or entity before any public agency for the purpose of influencing such agency by use of threat to initiate or take an action in the discharge of his official duties that would be adverse to such agency.

6. Participate in any action of the Senate if the member has a substantial interest as defined in section 38-502, Arizona Revised Statutes.

B. For the purposes of this rule:

1. A member shall be deemed to "have an interest in the profits of a contract" if the contract is entered into by the member or his spouse or any minor child of whom the member has legal custody.

2. "Public agency" means all courts and any department, agency, board, commission, institution or instrumentality of this state but does not include counties, cities and towns or any other political subdivision.

3. "Business" includes any corporation, partnership, joint venture, sole proprietorship, business trust, enterprise, organization, trade, occupation or profession.

4. "Gift" includes any gratuity, special discount, favor, service, economic opportunity, loan or other benefit received without lawful consideration and not provided to members of the public at large but does not include political campaign contributions if such contributions are publicly reported as required by law.

5. "Fee" includes any compensation but does not include benefits received pursuant to law as a result of being a legislator.

RULE 30  
Personal Financial Interest

A. A member who anticipates taking an action in the discharge of his official duties in which he may have a personal financial interest shall:

1. Prepare a written statement describing the matter to be acted upon and the nature of the potential interest; and

2. Deliver a copy of the statement to the President, the Chairman of the Ethics Committee and the Secretary of the Senate. Such statement shall be retained by the Secretary of the Senate as a public record.

B. A member shall report a potential personal financial interest pursuant to subsection A as soon as the member is aware of such potential interest. If, however, such awareness occurs when the Senate is convened on the floor or during a meeting of a committee, subcommittee or caucus, a member shall report a potential personal financial interest as soon after the adjournment of that body as is practicable.

C. A member may abstain from taking any action in which he has a personal financial interest. Upon declining to participate in any legislative action on the floor, in committee or in subcommittee, the member shall, in addition to the requirements of subsection A, state his decision and the underlying reasons therefor and such decision shall be recorded in the Journal or minutes of that body.

D. A member in doubt as to the propriety of any action proposed to be taken by him and involving a potential personal financial interest under this rule may request the Ethics Committee to render an advisory opinion on the facts. The advisory opinion shall be issued not later than five days from the date of the receipt of that request and be filed with the President, the Chairman of the Ethics Committee and the Secretary of the Senate. Such opinion shall be retained by the Secretary of the Senate as a public record.

E. For the purposes of this rule:

1. "An action in the discharge of his official duties" means introduction, sponsorship, debate, amendment, passage, defeat, approval, consideration or any other official action on any bill, resolution, memorial, amendment, confirmation, nomination, appointment, report or any other matter pending or proposed in a committee, subcommittee, caucus or on the floor of the Senate.

2. A personal financial interest exists if it is reasonably foreseeable that an action in the discharge of his official duties will have a material financial benefit or detriment either directly or indirectly on the member, his spouse or any minor child of whom he has legal custody, except that no personal financial interest exists if the legislator or such member of his household is a member of a class of persons and it reasonably appears that a majority of the total membership of that class is to be affected by such action.

F. A member who has a substantial interest as defined by section 38-502, Arizona Revised Statutes, shall comply with title 38, chapter 3, article 8, Arizona Revised Statutes.

RULE 31  
Caucuses

All meetings of a party caucus consisting of members of the Senate shall be open to the public except organizational meetings to elect officers of the caucus and the Senate and meetings to discuss matters, including those permitted in executive session as set forth in section 38-431.03, Arizona Revised Statutes. Each caucus shall establish procedures for convening party caucuses.
