STATE OF THE STATE ADDRESS  
GOVERNOR DOUG DUCEY  
January 10, 2022

Speaker Bowers, President Fann, Leaders Rios and Bolding, Chief Justice Brutinel, Members of the Legislature and Judiciary, everyone assembled here – the families, the friends, the special guests and dignitaries – all my fellow Arizonans: There is nowhere else I'd rather be right now than here, in this chamber, on this floor, together, in person, smiling, shaking hands, and celebrating the strength and the future of the State of Arizona.

Typically in an even numbered year, we've logged a lot of hours working together. But today we have an unusually large number of fresh faces. And that makes it all the more exciting. Would all the new members of the House and Senate – those sworn in since our last sine die – please rise? Welcome.

Without citizens like yourselves and your colleagues willing to participate and make the sacrifices that inevitably come along the way – the cornerstone of our great democracy, “We the People” – is merely words. You make it a reality. Thank you ALL for your service and civic participation.

We’ve also got some not so fresh faces among us. Near the top of the list – me.

I have the unique privilege of doing something today no Arizona governor has done in more than three decades, reporting on the State of our State for my 8th time. And so I begin by expressing my sincere and eternal gratitude to the people of Arizona for entrusting me with two terms in this incredible job – and to all of you for your partnership along the way. Thank you.

And to my family for supporting me, and for all that you didn’t sign up for – most of all, tolerating State of the State rehearsals around the kitchen table year after year – and especially to Angela for her continued advocacy for the most vulnerable children and citizens of our state: I love you, and thank you.

But for those who think it’s going to be a quiet year on the 9th Floor, you haven’t been paying attention. As I enter the fourth and final quarter, I’m reminded of something my high school coach told me – “Get in and get the job done.” And as I stand here today, the job isn’t done. The goodbyes will come later – much later. I’ve got 357 days, 21 hours, 55 minutes and 27 seconds before -the end of the game, and I intend to make the most of every moment and work hard all along the way for my employers – the citizens of this state.

Ladies and gentleman, at the risk of sounding repetitive, the State of our State is strong. And we are poised to do what everyone in public service strives for: to leave it stronger than we found it.

Last session was one for the record books. Together, we made it the most successful since I’ve been down here – and I’m not just talking about cocktails to-go.

Liability reform for our small businesses. Bipartisan wildfire solutions and funding to match. New revenue streams through a modernization of our tribal gaming compacts. New school choice options for kids and families. A record investment in roads, infrastructure, broadband and affordable housing. Nearly 100 percent of citizens 65 and older with at least one shot of the vaccine thanks to a national model for distribution brought to you by Dr. Cara Christ, Michael Bidwill and the Arizona Cardinals. We led the way with universal licensing reform. And with the leadership of Dr. Regina Cobb, we passed another first in the nation Arizona policy that everyone is rushing to copy: telemedicine. And a list we are very proud to be at the top of: the largest tax cut in Arizona history, with the passage of the lowest flat tax in the nation.

And yet anyone who has ever worked with me will attest: I have a hard time stopping to celebrate victory. It was true at Cold Stone, and it’s been true in the public square. So naturally, after we signed the budget, I told my staff: “In 2022, we’re going to top all of this.” And so we’ve been hard at work to make this a banner year.

One thing that was clear when we went back to review the tape on the last seven years: As co-equal branches of government, working in good faith with the Legislature, we have set the bar very high.

Arizona is better positioned than at any time in our 110 year history. And that makes our work and our priorities much different than when I stood before you the first time.

You know the facts: Back then, the state budget was broken – in the red by \$1 billion.

I remember meeting just days after the 2014 election, and reviewing options. In the easy column, budget gimmicks and tax increases. On the other side, budget cuts and tough decisions.

In that election, I ran on having built a business, and I committed to shrink a government and grow an economy. And together, we have done just that.

**JOURNAL OF THE SENATE**  
**Monday, January 10, 2022**

Today, a lot is different in Arizona. We have lived within our means: We have more citizens, our budget is balanced, our economy is roaring and our government is smaller and more efficient than it's ever been. In fact, we believe so strongly in shrinking government that for the first time ever we are demolishing unneeded state buildings, on track to reduce our footprint by nearly 750,000 square feet since we got here.

We are sitting atop a surplus of several billion dollars, fueled not by tax increases – but by the opposite: historic economic growth. It turns out free-market capitalism works. Supply-side economics might not be the sexiest thing for candidates to run on these days, but it sure looks good on a spreadsheet.

Today, our state revenue is growing at an even faster rate than the so-called experts predicted. So this year, just like in the past, we are going to double-down on what works. Rather than endless, needless programs that waste the people's money, we are going to be targeted and responsible.

We will resist the cries from the spending lobby, and once again, we will allow the people to keep their hard-earned money. We will cut taxes.

It's really not that complicated; it's just basic common sense. Government takes in more than it needs to pay the bills, and the taxpayer should get to keep his or her hard-earned dollars.

Today, jobs are plentiful. Back in 2014, I remember getting grilled on the campaign trail about how all the jobs Arizona was getting were call centers and construction. My response? There's dignity in all work, and it was true. But for far too many employers and businesses, Arizona was, in fact, a flyover state on their way to Texas. We knew we could do better if we could get those decision-makers to stop here, so we could make the pitch to show what a beautiful state we live in. Now, because of our combined work, we have an all-of-the-above approach on jobs. Not just call centers but also car manufacturers, autonomous vehicles, tech start-ups and world-class semiconductors. We said we wanted to be a jobs juggernaut, and in the process, we became a paycheck paradise. Plus, unlike California, Illinois and New York, here you actually get to keep your paycheck.

But still, there's no denying what's happening on a national level is straining families and seniors' checkbooks. Washington's spending spree, combined with mismanagement of COVID, has broken our supply chain and inflated the cost of everything. A staggering surge of 6.8 percent – food, clothing, gas, prescription drugs. The largest increase in the cost of daily life in nearly four decades. A White House in denial it's even occurring. And a President hell bent on printing and borrowing money while raising taxes. This is not a strategy that will help working people.

It all makes our commitment of returning money to the people more important than ever. Washington D.C. might have their eye on your paycheck – but at this Capitol, the only special interest on our mind is the taxpayer.

We have made Arizona a top destination for jobs and companies. Low taxes. A strong, reliable energy grid, with the largest nuclear power plant in the United States. And a great quality of life - they all go a long way.

But as any business person knows: The hidden taxes of the regulatory state can be the real killer. And for small businesses, start-ups and independent contractors, these regulations are a death sentence.

We've taken a baseball bat to that bureaucracy, with a moratorium on new regulations ever since 2015. I don't know about you, but I haven't heard any complaints. Maybe because we've already saved taxpayers \$169 million. Let's make these reforms permanent, in law, and ensure Arizona is always the land of economic freedom and opportunity for all.

Arizona workers are the ones truly fueling our healthy and transformed economy. Our manufacturing sector is on fire – it's even outpaced construction, which is a tough hill to climb. If we weren't turning out so many electric cars, I'd say: 'Let's pour on the gas.' Instead – I'll put it this way: Let's invest in the worker, arming them with the skills they need for our growing semiconductor and advanced manufacturing industries. Whether your top issue is workforce or rural jobs, this is the way to do it: Our budget makes historic investments into community colleges to empower our people with a quality education and the skills of the future.

Nevertheless, leave it to Washington D.C. – politicians there are doing everything they can to stand in the way of freedom. Big government socialism is a failed and dangerous experiment. But it doesn't stop some from trying it time and time again – paying people not to work and disincentivizing initiative and self-determination.

That's not the Arizona way. So we called D.C.'s bluff and instead said: "Thanks, but no thanks" to unnecessary unemployment benefits. There's no such thing as a free lunch or free money. Instead we will focus on rewarding hard work.

This approach has meant that people keep moving here. Less taxes means more taxpayers. During the pandemic, as other states grandstanded, Arizona protected lives, livelihoods and individual liberty. People flocked here, and they've stayed. And who wouldn't love it?

President Ronald Reagan once said that if the pilgrims had landed on the west coast, they wouldn't have bothered to discover the rest of the country. But today, there is an exodus from California. And the same is true of other states with similar flawed policies. The lack of opportunity, fueled by bad governing philosophies, are hurting real Americans and pushing them out to states like Arizona, where opportunity is abundant.

Sure, some old-timers have groaned, but growth is a good problem to have. The alternative is to be a state in decline, misery and decay. No state's path to success has ever been paved with "Closed for Business" signs. Our only request to our new citizens is: Don't forget why you came here in the first place. Freedom, opportunity and good government matter.

Make no mistake: We will keep Arizona – Arizona.

Our way is tried and true. In the past, when Arizona has veered off course, it hasn't turned out well. And that brings us to another thing we found seven years ago when we got here. The state had amassed billions of dollars in debt through the recession, fueled by out-of-control spending in the early 2000s and budget shellgames. They even had to sell off this building. A couple of years ago, thanks to the leadership here, we got the deed back. And last year, we paid off billions more in debt – ratcheting it down to historically low levels. We took our Rainy Day fund to a record-breaking \$1 billion. As a result, we have higher credit ratings than when we got here and that means even more savings to the taxpayer. So why stop now?

I'll present a budget on Friday that keeps this stewardship going – paying off more debt, and topping off our Rainy Day Fund, so that we don't just own this house, but we leave the people's house truly in order.

We are blessed to be a magnet for America's veterans. They represent the best of our country, and as any hiring manager will tell you: Veterans are among their most prized and productive employees.

We celebrate our veterans and want more of them in the State of Arizona. Would all the veterans here today please rise so we can recognize your service to our nation?

We continue to find ways to honor our veterans. In the State of Arizona today, thanks to the efforts of Representative Gail Griffin and Senator David Gowan, veterans pay no taxes on their military pension.

Under the G.I. Bill, they also get to attend our in-state universities and community colleges free of charge. After all, they've already given so much. But how about their spouses? These dedicated husbands and wives have served and sacrificed as well. So this session, let's launch a program to waive their tuition too.

K-12 education is one of the reasons so many of us ran for office in the first place. But as an outsider, it was striking to me when I got to this Capitol that our school discussions weren't about what kids actually learned. Bureaucrats were competing for who could spend more money. Fewer dollars were going to the classroom, and instead lining the pockets of trial attorneys.

But we pressed forward: positioning Arizona as the number one school choice state in the nation.

**JOURNAL OF THE SENATE**  
**Monday, January 10, 2022**

When COVID hit, that designation was a lifeline for families. Some school leaders did everything possible to keep kids in the classroom. But too often, politics and virtue signaling took center stage. In the process, more parents got involved. And thank God they did. Some voted with their feet – moving schools or school districts or to totally different learning models – whether that’s homeschooling or microschoools.

But other families have seen their kids fall behind. There’s been too much attention put on masks and not nearly enough placed on math; a focus on restrictions rather than reading and writing. And it’s students of color and those in poverty who have been most impacted by the COVID-era posturing and politics of some school board bureaucrats.

So come June, we’re launching a summer camp with an emphasis on catching kids up in key areas: math, reading and American civics. We will lead the way to eliminate learning loss. And in case you haven’t checked Twitter lately: Arizona schools are open and they will remain open.

In Arizona schools, we will not divide people by race. Arizona schools should be instructing our kids in the Golden Rule – to treat one another with respect, and judge people as Martin Luther King Junior taught, on the content of their character and not the color of their skin. This session we’ll make it clear. Students should be taught to think critically – not taught critical race theory.

But let’s not stop there. Parents deserve respect – and the occasional parent-teacher conference isn’t enough. It’s 2022. We’ve got the technology. Let’s require all that a child is taught, all curriculum and academic materials be put online and available to search and review by every parent, grandparent and interested citizen.

Arizona has set the standard for school choice and innovative education solutions – and it’s because of the vision of Arizona leaders that paved the way. Leaders like Governor Fife Symington, Superintendent of Public Instruction Lisa Graham Keegan and Democratic Representative Armando Ruiz, who worked in a bipartisan way to create new opportunities for students – open enrollment, charter schools. They knew that parents were best equipped to make decisions around their child's education.

And new people are stepping up every day. Leaders like Janelle Wood, a mom and founder of the Black Mothers Forum. Janelle has led the way in creating new learning models where students receive personalized support. Many of Janelle's students were several grades behind, but with her unique focus on ensuring students feel safe, secure and ready to learn and grow, they quickly made gains towards academic excellence.

Janelle is here today. Janelle – thank you for your service and work to benefit Arizona kids.

Fifty-plus years ago politicians stood in the schoolhouse door and wouldn’t let minorities in, today union-backed politicians stand in the schoolhouse door and won’t let minorities out. Many of our poor kids and children of color are trapped in a failing school. It’s time to set these families free.

This session, let’s expand school choice any way we can - greater open enrollment, new transportation models, more charter schools and more educational freedom for families, especially those in failing schools or who can’t afford to pick up and move to a new neighborhood. Let’s think big and find more ways to get kids into the school of their parents’ choice. Send me the bills, and I’ll sign them.

For Angela and I, the children in the care of the state - our foster kids - have had a special place in our hearts. I know you all feel the same. We’ve made notable strides in this area, thanks to our dedicated Child Safety caseworkers. With investments, we’ve seen lower caseloads and rapid placement of kids into safe, loving homes. And when other states switched to virtual home-inspections, in Arizona, these dedicated women and men showed up in person every day to keep these kids safe.

But unfortunately, we will never work ourselves out of a job in this area – and the pandemic hasn’t been good for these vulnerable children.

Often, it's grandma or grandpa, an aunt or uncle, who steps up to care for these kids. It can be better for the child, and often cheaper for the state because historically, they haven't been treated as foster families. More than 6,000 children in Arizona live in these homes - all the evidence you need that you can't put a price tag on love. So moving forward, these loving extended family members should have the same resources as any other foster family. We'll make sure of that this year.

We've had success getting good ideas done together. But there's also something to be said for just saying "no" to really bad ideas. When the Left demanded "defund the police", Arizona said, "no chance." Instead we invested more in our men and women in blue. And we plan to do it again.

Arizona, Texas, Florida, Tennessee: All are among the fastest growing states in the nation. And the policies that made us so attractive can be applied to cities as well.

If you are an elected official charged with overseeing a police department and you don't believe there's a correlation between the attacks on law enforcement and rising crime rates nationally, you need a reality check because you're putting public safety and human life at risk. We intend to keep Arizona a place where we honor and value our cops and all of law enforcement, including correctional officers and first responders. A place where public safety matters. No riots. No smash and grab. And a news flash for the DOJ and Merrick Garland: Mr. Attorney General, instead of attacking Police Chief Jeri Williams and her officers for risking their lives and keeping Arizona streets safe during civil unrest, your time would be better spent protecting the federal courthouses in Portland, Seattle and San Francisco. Do your job.

When we need them, Arizona law enforcement is there. No matter the circumstance. No complaints. No virtual work. Some of our State Troopers are here with us today. Join me in showing our appreciation for their selfless service.

When it comes to building a budget, public safety will always be at the top of our list. And this year, we have a record surplus. So our budget proposes making our State Troopers in Arizona the highest paid law enforcement professionals in the state. I know you agree - they've earned it.

And we're going to be leaning on their dedication more than ever. Our southern border has never been more deadly or more dangerous. Meanwhile, the White House and Congress have decided to turn a blind eye. This is a national crisis - and it calls for leadership.

A few years ago, we came together - every Republican and Democrat in this entire chamber - and passed the Arizona Opioid Epidemic Act. It was historic. But now President Biden and his cabinet members are working against us. Fentanyl is streaming across the border. It's causing death and devastation, and there's no plan and zero action from the administration. Secretary Mayorkas is AWOL. The White House has canceled the word "crisis." And for self-proclaimed border czar, Kamala Harris, this is just another laughing matter. This is a dereliction of duty by the highest officeholders in our nation. And in Arizona, we will do what they refuse to do.

We've got a strong track record:

In 2015, we created the Arizona Border Strike Force to take on the cartels and protect our state against the flow of criminals, narcotics, weapons and ammunition. President Biden refuses to deploy the National Guard despite the fact it's been done by every other President in recent history, including Barack Obama. So in April, we deployed them ourselves, providing much needed assistance to local law enforcement. And with the leadership here, we invested \$55 million in last year's budget to amplify all these efforts.

But more action and manpower are needed. Here's the plan:

Number one: Resources.

Our budget will make significant new investments to strengthen the border strike force, provide advanced equipment to aid in the pursuit of dangerous criminals, and deploy the latest drone technology to bolster surveillance and stop the cartels in their tracks.

Next: The rule of law.

This is not just a public safety crisis; it's a humanitarian crisis. And the human traffickers that prey on the desperation of people looking for a better life need to pay the consequences. It's time for us to increase the criminal penalties against human smuggling and provide more funding to border counties to ensure prosecution and incarceration.

Third: Boots on the ground and multistate intelligence sharing.

Border security is national security, and the lack of action from D.C. puts every American at risk. In November, I dispatched Arizona's top-ranking enforcement officers to partner with their peers in Texas: Major General Kerry Muehlenbeck, Department of Public Safety Colonel Heston Silbert, and Department of Homeland Security Director Tim Roemer. In December, we finalized the plan. Texas Governor Greg Abbott and I are teaming up to form the American Governor's Border Strike Force – a commitment between states to do what the Biden administration is unwilling to do: Patrol and secure our border.

Fourth: The Wall and physical barriers. They work.

Representatives Joanne Osborne and Tim Dunn and Senator Sine Kerr were with me in Yuma a few weeks ago and we saw it first hand – people walking across a wide-open and unprotected border. Our border is a patchwork of federal, state, tribal and private lands. Where Arizona can add physical barriers to the border, we will.

But if the entire southern border isn't secure, neither is our nation. So fifth: I'm calling on our United States senators to join this fight to secure our border. No member of the Arizona congressional delegation that actually cares about the safety of our communities should vote "yes" on any legislation until the President agrees to language that does the following: Secures our border with a wall, a physical barrier and virtual surveillance; increases resources to the local communities that have been devastated by these dangerous open border policies; and makes it clear that our border is not open to illegal immigration.

Senator Kelly, Senator Sinema - check my website. We've even drafted the language for you.

The takeaway: In Arizona, we will secure our border. We will protect public safety. We will not back down. We will fight this fight until Washington D.C. finally acts.

Rule of law and equal justice under the law have been bedrocks of our Republic and guiding principles of our work together. A few years ago, when we learned of the massive backlog of untested rape kits, we worked in a bipartisan manner to clear that backlog and to make sure victims were prioritized. But as we've learned, government bureaucrats often find a way around the law. In this case, some counties are charging these women – these victims – up to \$800 in processing charges, and sending the bill to collections. It's shameful, so we will be cracking down on this government abuse and with your help, tightening the law.

One area where our work clearly isn't done is on water. We passed a monumental policy that we were told would never happen – the Drought Contingency Plan. After that one, I determined – in Arizona, if we can do this, we can do just about anything. Then last year, with Speaker Bowers' leadership, we put our money where our mouth is: \$200 million to invest in the water technology of the future. Now, with resources available in our budget, a relationship with Mexico that we've built and strengthened over the last seven years, and the need clear – what better place to invest more? Instead of just talking about desalination – the technology that made Israel the world's water superpower – how about we pave the way to make it actually happen? So Speaker Bowers, President Fann and I have been working, and we propose that we make a historic investment: \$1 billion.

Our goal: Secure Arizona's water future for the next 100 years.

Our state has grown and thrived because of the foresight of past leaders on this issue – Carl Hayden, Barry Goldwater, Bruce Babbitt and Jon Kyl. The result: the Central Arizona Project, the Salt River Project, the Hoover Dam, the Roosevelt Dam. Now it's our turn, our moment, to leave this state better than we found it. Let's rise to the occasion.

More people means more infrastructure needs. Not just on water, but roads and bridges. We've made record investments in road repairs and improvements. A few years ago, we got together and prioritized expansion of the I-17. Then, thanks to the leadership of Senator T.J. Shope and Governor Lewis of the Gila River Indian Community, we paved the way for a wider I-10 to improve movement and commerce between Tucson and Phoenix. But that project is still scheduled several years out from now, and 94 visits as Governor to southern Arizona will remind you how important this issue is. So, let's finish the job. Our budget will invest more dollars to get the I-10 completion leap-frogged to the front of the priority list, ahead of schedule, connecting our entire state, North to South.

As you see, as much progress as we've made – there's plenty left to do on so many fronts. And we'll have all year to grind it out together: a continued focus on the health of our citizens, and support for our hospitals, and dedicated healthcare workers; investments in cyber security to protect the identity and data of our citizens; improvements to our elections, to bring confidence and security; better broadband connectivity all across rural Arizona; more efforts to prevent wildfires; maintaining Arizona's position as the number one pro-second amendment state in the nation; protecting life in every way possible; and all along the way, preparing for another Super Bowl, where our beautiful state will be center stage just a year from now.

An ambitious agenda, to be sure. One that can cement our successes and the good reforms we've made, and further expand opportunity and optimism here in our state.

No doubt, there will be challenges. In fact, some have said we can't get much done this year. Divided chambers. An election. Why bother? I disagree. Let's aim high and think big.

We're smarter today, and as I look around this chamber – I see the wisdom of our veteran lawmakers, side by side with the energy and fresh perspective of the newcomers – and that's a combo that is sure to produce results.

So whether you're like me, in the camp with my friends Rusty and Karen – we've only got a year left in these jobs – or you're just getting started, let's recommit today to giving our all to getting the job done for the people who have hired us.

Thank you, and God bless the great State of Arizona.

INTRODUCTION AND FIRST READING OF BILLS  
UNANIMOUS ADOPTION OF SENATE CONCURRENT RESOLUTION 1016

Senate Concurrent Resolution 1016 was introduced and read in full by Senator Shope as follows:

A Concurrent Resolution on the death of the Honorable Frank Pratt.

The honorable Franklin M. "Frank" Pratt, one of the Legislature's most senior and beloved members, passed away on September 21, 2021.

A native Arizonan with family roots in the area since the 1880s, Frank was born in Florence on August 27, 1942. In high school, he was a member of the FFA, played football and liked to participate in rodeos. He graduated from Maricopa High School, where he served as class president his senior year. He also attended Central Arizona College, Arizona Western College and Northern Arizona University. He was a farmer and rancher for many years in Maricopa and Yuma before opening a successful swimming pool construction business in 1986.

Frank distinguished himself as an outstanding public servant during his tenure at the Legislature. First elected in 2008, Frank became a friend, colleague and mentor to many. During his thirteen years in the Legislature, he focused on rural issues, especially those involving agriculture and water, becoming well-versed in those areas. His decades of experience and hard work and his ability to solve problems contributed to his effectiveness as a legislator. He was recognized by many organizations for his excellent record in the Legislature, including the Arizona Chamber of Commerce, the Arizona Association for Economic Development and the Fraternal Order of Police, and earned awards from many small business, mining and health care associations. Frank had a reputation of integrity and strong leadership, and his contributions to the lives of Arizonans will have a lasting impact on future generations.

Despite the demands of his work, Frank gave selflessly of his time, energy and abilities to various civic organizations. He volunteered with the Red Cross and the United Way, served as the Pinal County Merit Commission chairman and a Public Safety Retirement board member and was a graduate of the Department of Public Safety Citizens Leadership Academy. He was also a member of the Rotary, the Maricopa Chamber of Commerce and the Casa Grande Chamber of Commerce, where he served on the government affairs committee.

**JOURNAL OF THE SENATE**  
**Tuesday, January 11, 2022**

A true gentleman, trustworthy public servant and dedicated husband and father, Frank will be fondly remembered for his courtesy, humility, values and convictions, as well as his honorable selflessness and service. Deeply devoted to his family, Frank will be greatly missed by his wife, Janice, his son, Bryan, and his grandchildren and great-grandchildren.

Therefore

Be it resolved by the Senate of the State of Arizona, the House of Representatives concurring:

That the Members of the Legislature express sincere regret at the passing of the Honorable Frank M. Pratt and extend their deepest sympathies and condolences to his family and many friends.

A video tribute for the Honorable Frank Pratt was played in the Senate Chamber.

Lunar New Year Recognition

Good afternoon members. I would like to take a moment to recognize a special day today on behalf of the Asian and Asian American community here in Arizona. Today is Lunar New Year! This is a holiday recognized and celebrated by many different Asian cultures and marks the beginning of a calendar year following the moon cycles.

This holiday is significant for families to honor their ancestors with ancient rituals, feast on culturally significant foods tied to longevity and good fortune, and participate in traditions to bring on good luck for the upcoming year.

Lunar New Year also indicates a change in the Chinese zodiac. Last year was the year of the ox, symbolizing trust and hard work. This year is the year of the tiger, symbolizing strength and bravery. So I hope this year is filled with strength and bravery for all and Happy Lunar New Year!

#### INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2040

House Concurrent Resolution 2040 was introduced and read in full by Senator Alston as follows:

A Concurrent Resolution on the death of the Honorable Olivia Cajero Bedford.

Arizona Senator Olivia Cajero Bedford, a longtime legislator and community activist, passed away on February 9, 2022.

A proud daughter of the Old Pueblo, Olivia Cajero Bedford was born on August 15, 1938. Her parents, Bernardo "Nayo" Cajero and Carmen Cajero, were heavily involved in local politics and community causes, and Olivia was raised to be an activist. When Bernardo ran to represent the south side of Tucson in the legislature in 1966, Olivia was a key part of his campaign and, after his election, she went on to help in his efforts to provide free textbooks to Arizona students. When Bernardo passed and Carmen succeeded him in 1973, Olivia continued this work and was proud to help her mother eventually pass legislation providing free textbooks and supporting the funding of the Arizona Cancer Center.

Olivia Cajero Bedford graduated from Tucson High School and later received a degree from Pima Community College, experiences that later informed her passionate advocacy for vocational education and community colleges. She worked as a hair stylist and went on to start her own salon, O'Hair International, which later grew to two locations in Tucson. She eventually gained employment with the Arizona Office of Tourism and worked in the private sector as well, with stints in sales at two local institutions, the Smuggler's Inn and Old Tucson Studios.

Long active in politics as a member of the Democrats of Greater Tucson, Olivia Cajero Bedford followed in her parents' footsteps by running as the legislative candidate from the west side of Tucson in 2002. She became known for her unique campaign style of standing on street corners with her sign and purple truck, impeccably dressed and wearing a wide-brimmed hat and gloves, waving at her constituents. She was easily elected to four terms each in the House of Representatives and the Senate.

As a member of the Legislature, Olivia Cajero Bedford was known not only for her fierce advocacy for her working-class constituency but also for her efforts to find common ground with those on the opposite side of the political aisle. This earned her universal respect and admiration from her colleagues at the Capitol and leaders in her hometown of Tucson.

Senator Cajero Bedford will be greatly missed by her beloved children, Travis Bedford and Tara Chipman, her son-in-law, David Chipman, her grandchildren, Allison and Carson Chipman, her sister and best friend, Monica Cajero Tardino, and her brother-in-law, Victor Tardino, as well as by her many friends and colleagues in Tucson and around the State of Arizona.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature express their regret at the passing of Senator Olivia Cajero Bedford and extend their deepest sympathies to her surviving family members.

Senator Alston moved that House Concurrent Resolution 2040 be unanimously adopted and that the Senate stand in a moment of silence in memory of Olivia Cajero Bedford. The motion carried.

House Concurrent Resolution 2040 was signed in open session and the Resolution was returned to the House.

Senator Alston recognized family members of Olivia Cajero Bedford who were seated in the gallery.

#### MESSAGES FROM THE HOUSE

(March 9, 2022)

House unanimously adopted House Concurrent Resolution 2041

INTRODUCTION AND FIRST READING OF BILLS  
UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2041

House Concurrent Resolution 2041 was introduced, read in full by Senator Marsh as follows:

A Concurrent Resolution on the death of the Honorable Judge Rosa Mroz.

The Honorable Judge Rosa Mroz, esteemed judge of the Maricopa County Superior Court, passed away on February 5, 2022.

Born as Peng Shao Ching in Taiwan, Rosa immigrated with her family to the United States when she was seven years old and spent her childhood in Illinois, New York, and Florida. She became a naturalized American citizen when she turned 18 years of age, the words of the judge who presided over her ceremony sparking her interest in law and the judiciary.

Rosa enrolled at the University of Hawaii where she met Robert Mroz, and they soon became inseparable. They moved to Arizona in 1985, where Rosa obtained her accounting degree at Arizona State University (ASU), and married in 1987. After working as an accountant for several years, Rosa enrolled in what is now the Sandra Day O'Connor College of Law at ASU. She went on to serve as a law clerk at the Arizona Supreme Court and the Arizona Court of Appeals, later practicing law at two prestigious law firms, the Maricopa County Attorney's Office, and the Arizona Attorney General's Office.

In 2004, Governor Napolitano appointed Rosa to the superior court in Maricopa County, the first Asian American woman to serve on that bench. Rosa distinguished herself as an outstanding public servant throughout her lifetime, serving in family court, probate, civil, and criminal assignments. She also served as Probate Presiding Judge, where she helped devise comprehensive and essential statewide reforms. A mentor to many, Rosa responded with enthusiasm to any query, no matter how small or large.

Despite the rigors of her service on the bench, Judge Mroz gave generously of her time, energy, and talents to many charitable endeavors. She worked to champion causes of diversity and to uplift the careers of young judges. She was also an active member of the local Asian American legal community and the Arizona Women Lawyers' Association and served on many justice-related commissions, task forces, and committees. An admired and gifted jurist, Rosa received numerous commendations and awards, including the Trailblazer Award from the National Asian Pacific American Bar Association.

Herself the daughter of a dedicated mother, Rosa was that and more for her treasured children, Sarah and Tommy. No matter how late she worked, she would check their homework after dinner and if they were working into the early morning hours, she was awake with them. Along with Rob, Rosa attended every game or other school or scouting event. Other parents always knew her as Rosa, not as a judge with a national reputation for excellence. While her career was important, Rosa was most proud of her love she shared with her husband Rob and the joy they both shared in raising their beautiful children. Love of family and friends was her greatest accomplishment.

A pillar of the legal community, loyal friend, and devoted wife and mother, Rosa will be deeply missed by her husband, Robert, her children, Sarah and Tommy, her mother, Nancy, her brother, David, and her extended family and many friends and colleagues.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature express sincere regret at the passing of the Honorable Judge Rosa Mroz and extend their deepest sympathies and condolences to her family and many friends.

Senator Marsh moved that House Concurrent Resolution 2041 be unanimously adopted and that the Senate stand in a moment of silence in memory of the Honorable Rosa Mroz. The motion carried.

House Concurrent Resolution 2041 was signed in open session. The Secretary recorded the action and returned the Resolution to the House.

INTRODUCTION AND FIRST READING OF BILLS  
UNANIMOUS ADOPTION OF SENATE CONCURRENT MEMORIAL 1004

Senate Concurrent Memorial 1004 was introduced and read in full by Senator Steele as follows:

A Concurrent Memorial urging the United States department of the interior to investigate former and current Indian boarding schools in Arizona.

To the Secretary of the United States Department of the Interior:

Your memorialist respectfully represents:

Whereas, beginning with the Indian Civilization Act of 1819, the United States enacted laws and implemented policies establishing and supporting Indian boarding schools across the nation; and

Whereas, the express purpose of these laws and policies was to implement cultural genocide by removing and reprogramming American Indian and Alaska Native children to accomplish the systematic destruction of native cultures and communities; and

Whereas, between 1869 and the 1960s, hundreds of thousands of Native American children were removed from their homes and families and placed in boarding schools operated by the federal government and churches; and

Whereas, Native American children who were forcibly removed from their homes, families and communities during this time were taken to schools far away where they were punished for speaking their native language, banned from acting in any way that might be seen to represent traditional or cultural practices, and stripped of traditional clothing, hair and personal belongings and behaviors reflective of their native cultures; and

Whereas, Native American children suffered physical, sexual, cultural and spiritual abuse and neglect and experienced treatment that in many cases constituted torture and child abuse for speaking their native languages; and

Whereas, many children never returned home from Indian boarding schools and their fates have yet to be accounted for by the United States government; and

Whereas, in the wake of the discovery of thousands of unmarked graves at boarding schools in the United States and Canada, United States Secretary of the Interior Deb Haaland ordered a comprehensive review of the troubled legacy of federal boarding school policies; and

Whereas, according to the National Native American Boarding School Healing Coalition, most boarding schools were closed in the 1980s and early 1990s, but dozens remain open, with 15 still boarding students as of 2020; and

Whereas, Arizona had the second highest number of Indian boarding schools of any state in the nation, with 51 of the total 367 Indian boarding schools in the United States.

Wherefore your memorialist, the Senate of the State of Arizona, the House of Representatives concurring, prays:

1. That the United States Department of the Interior investigate all 51 of the former and current Indian boarding schools located in Arizona.
2. That the United States Department of the Interior use, or designate the use of, ground penetrating radar to look for unmarked graves and return any discovered remains to their families or tribes, as requested, for appropriate repatriation and burial.
3. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the Secretary of the United States Department of the Interior.

Senator Steele moved that Senate Concurrent Memorial 1004 be unanimously adopted. The motion carried.

Senate Concurrent Memorial 1004 was signed in open session. The Secretary recorded the action and transmitted the Memorial to the House.

UNANIMOUS ADOPTION OF HOUSE CONCURRENT MEMORIAL 2008

House Concurrent Memorial 2008 was introduced and read in full as follows:

A Concurrent Memorial urging the United States Congress to allow the participation of Romania in the visa waiver program.

To the Congress of the United States of America and the Secretary of the United States Department of Homeland Security:

Your memorialist respectfully represents:

Whereas, Romania has been a stable and flourishing multiparty democracy since the end of communism in 1989; and

Whereas, Romania has a fast-growing, market-oriented economy and is a major economic partner of the United States; and

**JOURNAL OF THE SENATE**  
**Wednesday, March 16, 2022**

Whereas, Romania is a member of the North Atlantic Treaty Organization (NATO), meets its defense spending benchmarks and is an active player in regional security; and

Whereas, Romania is an important United States regional security ally and is a close partner in the areas of intelligence and joint security; and

Whereas, Romania has been described as a "stalwart NATO ally" by United States Secretary of Defense Lloyd Austin and called a role model ally by senior defense officials; and

Whereas, the Visa Waiver Program allows citizens of approved countries to travel without a visa to the United States for stays of up to 90 days; and

Whereas, despite the close United States-Romanian relationship, Romania remains one of only three European Union countries that are not in the Visa Waiver Program; and

Whereas, Romania's exclusion from the program hampers closer economic, cultural, political and security ties between our two countries.

Wherefore your memorialist, the House of Representatives of the State of Arizona, the Senate concurring, prays:

1. That the United States Congress make changes to the Visa Waiver Program to allow Romania to become a participating country.
2. That the Secretary of the United States Department of Homeland Security work closely with Romanian officials to quickly bring Romania into the Visa Waiver Program.
3. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States Senate, the Speaker of the United States House of Representatives, each Member of Congress from the State of Arizona and the Secretary of the United States Department of Homeland Security.

PERSONAL PRIVILEGE

Senator Townsend requested that without objection, her remarks of more than 200 words from March 2, 2022 relating to the First Amendment be entered in the Journal. Hearing no objection, the remarks were inserted as follows:

There has been a lot of discussion about the 1<sup>st</sup> Amendment, which I wholly support. I will defend a person's right to say unbecoming things, as I swore an oath to do. However, yesterday's exercise forced me to have to suspend the work of the people and research what was being alleged of a fellow Senator. Many things were concerning, but I want to zero in on one particular issue and give the Senator from District 6 opportunity to correct the record.

Nick Fuentes, whom she recently praised and encouraged, is recorded as saying the following concerning the Jewish holocaust:

"If I take one hour to cook a batch of cookies and cookie monster has 15 ovens working every day for 24 hours a day for five years, how long does it take cookie monster to make 6 million batches of cookies? The math doesn't seem to quite add up there, I don't think you'd result in 6 million. Maybe 200-300 thousand cookies.

If Antifa were marching down the streets and they were waving the banner of Benito Mussolini or Francisco Franco, I'd be joining them.

In a different video, Nick Fuentes says the following:

Pedophilia is only regarding prepubescent girls and that

The age of consent is actually just post-puberty and old men should be legally able to have relations with postpubescent girls younger than 18.

I am also concerned about a graphic tweeted by the Senator that depicts a dead Rhinoceros with CPAC superimposed over it, which included the Star of David within the lettering. The image depicts the Senator, presumably Nick Fuentes, and some other person having shot the RINO.

She recently recorded a speech for a group AFPAC led Nick Fuentes. In the speech she said the following:

I truly respect Nick (Fuentes) because he is the most persecuted man in America.

Nick and the other patriots at AFPAC, please keep doing what you are doing.

I admire you and I so appreciate how you never give up.

You and your fellow patriots are the future.

I understand the thesis of her recorded video in that she is emphasizing the attack on free speech. However, I am concerned about the speech used by Mr. Fuentes and would like an explanation from the Senator for LD06. I am not asking her to curtail her own speech, to curtail the speech of Nick Fuentes or any other American. What I am asking is for a public acknowledgement that this type of speech is abhorrent and that she does not subscribe to its sentiment. I request that the Senator from Legislative 06 stand and be recognized and place into the record and the journal her support or condemnation of the Anti-Jewish rhetoric of Nick Fuentes.

Thank you,

Senator Kelly J. Townsend

PERSONAL PRIVILEGE

Senator Townsend requested a point of Personal Privilege and requested that her remarks of less than 200 words relating to the legislative subpoena commanding fulfillment of the Attorney General's request dated March 9, 2022 be entered in the Journal. The remarks were inserted as follows:

"I am pleased to report that Maricopa County has complied with the legislative subpoena commanding fulfillment of the Attorney General's request dated March 9, 2022. The Government Committee scheduled for later today is therefore no longer necessary as its intended objective has been achieved.

The County's acknowledgement of its duty to timely account for election administration activity is a laudable victory in our pursuit of accountability to Arizona voters. While the Maricopa County Chairman defends the delay in their response to the Attorney General with indeterminate case law and timelines set by courts, our subpoena conveyed the will of Arizonans, from the branch most representative of the statewide electorate, that the County elevate election integrity requests to top priority, rather than place them in a public records queue.

While I am encouraged by Maricopa County's evolving attitude towards transparency and compliance, I will be closely following the Attorney General's ongoing investigation and will be following up with additional inquiries to answer further questions I have as Government Committee Chairman. I stand with my colleagues as we remain committed to engage again when it is necessary for the Legislature's plenary authority over statewide elections to be exercised."

A Concurrent Resolution supporting Taiwan's international participation and a closer partnership between the United States and Taiwan in trade and exchanges of officials.

Whereas, the trade in goods and services between the United States and the Republic of China (Taiwan) totaled an estimated \$90.9 billion in 2020, with \$30.5 billion in exports and \$60.4 billion in imports, ranking Taiwan as the ninth largest trading partner of the United States. Overall, Taiwan supports an estimate of more than 375,288 jobs in the United States; and

Whereas, 161 Members of Congress signed a letter to then United States Trade Representative Robert E. Lighthizer on December 19, 2019, while 50 United States Senators signed a separate letter to him on October 1, 2020, encouraging the United States government to work toward initiating negotiations on a bilateral trade agreement with Taiwan, which would foster a more open and fair trade environment, thereby creating greater export and investment opportunities between the two countries; and

Whereas, the United States Under Secretary for Economic Growth, Energy, and the Environment, Taiwan Minister of Economic Affairs and Taiwan Minister of Science and Technology jointly led the second annual United States-Taiwan Economic Prosperity Partnership Dialogue on November 22, 2021, which featured extensive discussions on supply chain resiliency, countering economic coercion, promoting the digital economy, strengthening 5G network security and advancing collaboration in a variety of science and technology fields; and

Whereas, Taiwan was Arizona's eighth largest export market in 2020, reaching \$551.3 million in total United States exports to Taiwan originating from Arizona. In total, more than 7,895 jobs in Arizona are supported by Taiwanese affiliated companies and the exports of goods and services to Taiwan; and

Whereas, Taiwan Semiconductor Manufacturing Company has begun construction of its \$12 billion 5-nanometer fab in Phoenix, Arizona, with chip production slated to start by 2024. This new factory will create 1,900 full-time jobs in Arizona over a five-year period; and

Whereas, Taiwan's Bureau of Foreign Trade, Ministry of Economic Affairs and the Arizona Commerce Authority signed the Memorandum of Understanding on Trade and Economic Cooperation on October 5, 2021, aiming to foster further economic engagement and to establish or expand operations and supply chain cooperation between Taiwan and Arizona; and

Whereas, on July 12, 2013, the President of the United States signed into law H.R. 1151, an act supporting Taiwan's participation as an observer in the International Civil Aviation Organization (ICAO); and

Whereas, on March 18, 2016, the President of the United States signed into law S. 2426, an act directing the Secretary of State to develop a strategy to obtain observer status for Taiwan in the International Criminal Police Organization (INTERPOL); and

Whereas, on March 26, 2020, the President of the United States signed into law S. 1678, an act stating that it should be the policy of the United States to advocate, as appropriate, for Taiwan's membership in all international organizations in which statehood is not a requirement and in which the United States is also a participant, as well as for Taiwan to be granted observer status in other appropriate international organizations; and

Whereas, the United States Secretary of State issued a statement on October 26, 2021 encouraging all United Nations member states to join the United States in supporting Taiwan's robust, meaningful participation throughout the United Nations system and in the international community; and

Whereas Ms. Bi-khim Hsiao, Taiwan's Representative to the United States, and Taiwan Digital Minister Audrey Tang were invited to attend the "Summit for Democracy" hosted by the President of the United States on December 9 and 10, 2021; and

Whereas, the Arizona State Legislature passed resolutions in support of Taiwan's participation in international organizations, including INTERPOL and United Nations specialized agencies such as the World Health Organization, the ICAO and the United Nations Framework Convention on Climate Change, respectively, in 2012, 2014, 2016, 2017, 2018, 2019, 2020 and 2021; and

Whereas, the Taiwan Travel Act, signed into law by the President of the United States on March 16, 2018, allows officials at all levels of the federal government to travel to Taiwan to meet their Taiwanese counterparts and allows high-level Taiwanese officials to enter the United States under conditions that demonstrate appropriate respect to such officials.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

BUSINESS ON THE PRESIDENT'S DESK

COMMUNICATIONS FROM THE GOVERNOR

President Pro Tempore Leach announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On March 30, 2022, the Governor signed and transmitted to the Secretary of State House Bills 2084, 2107, 2126, 2254, 2272, 2328, 2570, 2012, 2067, 2113, 2178, 2232, 2484, 2490, 2492, 2709, 2131, 2687, 2822, Senate Bills 1138, 1164 and 1165.

The Governor signed House Bill 2492 with the following message:

March 30, 2022

The Honorable Katie Hobbs  
Secretary of State  
1700 W. Washington, 7th Floor  
Phoenix, AZ 85007

RE: House Bill 2492 voter registration; verification; citizenship

Dear Secretary Hobbs,

Today I signed H.B. 2492.

Arizona has a proud history of making voting accessible. The state is a leader in secure mail-in voting, on-site early voting and allowing counties to establish voting day polling locations that best serve their communities. Arizonans also value election integrity, which can and should exist in tandem to, not in conflict with, access to the ballot box.

In 2004, Arizona voters displayed their desire to have secure elections with the passage of Proposition 200, which required evidence of citizenship in order to register to vote. Importantly, anyone who was registered to vote in Arizona prior to Prop 200's passage was deemed to have provided satisfactory evidence of citizenship and not required to resubmit evidence of citizenship. H.B. 2492 *does not* disturb the safe harbor granted to Arizona voters who registered to vote prior to Prop 200's passage.

What H.B. 2492 *does* address is a growing number of new registrants participating in elections who have not provided evidence of citizenship. In 2014, when the federal form was first used to register Arizona voters who failed to provide evidence of citizenship, a mere 21 voters statewide voted using that method in the primary election. In the 2020 general election, that number climbed to over 11,600. In just Maricopa County alone, there are currently 13,042 active registered voters who have not provided evidence of citizenship to vote through use of the federal form.

Federal law prohibits non-citizens from voting in federal elections. Arizona law prohibits non-citizens from voting for all state and local offices, *and* requires proof of citizenship. H.B. 2492 provides clarity to Arizona law on how officials process federal form voter registration applications that lack evidence of citizenship. Furthermore, H.B. 2492 ensures that the Attorney General's office has the data needed to properly determine if a person who has registered with the federal form is in fact a non-citizen. Under H.B. 2492, a person who registers with the federal form and who is found to not be a United States citizen will be prosecuted under our existing statutes.

Election integrity means counting every lawful vote and prohibiting any attempt to illegally cast a vote. H.B. 2492 is a balanced approach that honors Arizona's history of making voting accessible without sacrificing security in our elections.

Sincerely,

/s/ Douglas A. Ducey  
Governor  
State of Arizona

The Governor signed Senate Bills 1138 and 1165 with the following message:

March 30, 2022

The Honorable Katie Hobbs  
Secretary of State  
1700 W. Washington, 7th Floor  
Phoenix, AZ 85007

RE: Senate Bill 1138 irreversible gender reassignment surgery; minors & Senate Bill 1165 interscholastic; intramural athletics; biological sex

Dear Secretary Hobbs,

Today I signed S.B. 1138 and S.B. 1165, legislation to protect participation and fairness for female athletes, and to ensure that individuals undergoing irreversible gender reassignment surgery are of adult age. This legislation is common-sense and narrowly-targeted to address these two specific issues – while ensuring that transgender individuals continue to receive the same dignity, respect and kindness as every individual in our society.

S.B. 1138 delays any irreversible gender reassignment surgery until the age of 18. The reason is simple, and common sense – this is a decision that will dramatically affect the rest of an individual's life, including the ability of that individual to become a biological parent later in life.

Distinguishing between an adult and a child in law, as this bill does, is not unique. Throughout law, children are protected from making irreversible decisions, including buying certain products or participating in activities that can have lifelong health implications. These decisions should be made when an individual reached adulthood. Further, many doctors who perform these procedures on adults agree it is not within the standards of care to perform these procedures on children.

The irreversible nature of these procedures underscores why such a decision should be made as an adult, not as a child, and further supports the importance of this legislation.

S.B. 1165 creates a statewide policy to ensure that biologically female athletes at Arizona public schools, colleges, and universities have a level playing field to compete. This bill does not deny student-athletes the eligibility to play on teams not designated as "female," and it doesn't impact club sports leagues offered outside of schools. Every young Arizona athlete should have the opportunity to participate in extracurricular activities that give them a sense of belonging and allow them to grow and thrive.

This legislation simply ensures that the girls and young women who have dedicated themselves to their sport do not miss out on hard-earned opportunities including their titles, standings and scholarships due to unfair competition. This bill strikes the right balance of respecting all students while still acknowledging that there are inherent biological distinctions that merit separate categories to ensure fairness for all.

Sincerely,

/s/ Douglas A. Ducey  
Governor  
State of Arizona

The Governor signed Senate Bill 1164 with the following message:

March 30, 2022

The Honorable Katie Hobbs  
Secretary of State  
1700 W. Washington, 7th Floor  
Phoenix, AZ 85007

RE: Senate Bill 1164 abortion; gestational age, limit

Dear Secretary Hobbs,

Today I signed S.B. 1164.

In Arizona, we know there is immeasurable value in every life – including preborn life. I believe it is each state's responsibility to protect them.

This bill prohibits abortions after 15 weeks except in medical emergencies affecting the life and health of the mother. These time limitations are similar to legal time frames in the vast majority of the western world.

This very issue is pending before the United States Supreme Court now in *Dobbs v Jackson Women's Health Organization*. It has been said that a society should be judged by the way they care for the vulnerable among us. In Arizona, we will continue to protect life to the greatest extent possible.

Sincerely,

/s/ Douglas A. Ducey  
Governor  
State of Arizona

**PERSONAL PRIVILEGE**

Senator Steele requested a point of Personal Privilege to read a Senate Recognition as follows:

**Arizona State Senate  
Recognition**

***WHEREAS***, Andrea Martinez joined the Arizona State Legislature in August 2009 as a Member's Assistant in the House of Representatives. She has been a valuable Executive Assistant to Members in both the House and Senate chambers during her 13-year tenure with 8 of those years supporting Leadership. Andrea has had the honor to support and run the office for five legislators. She started in the House with then Representative, now US Senator Kyrsten Sinema, followed by Senator Steve Farley, Senator Heather Carter, Senator Kirsten Engel, and currently with Senator Victoria Steele, the Senate Democratic Whip; and

***WHEREAS***, upon moving over to the Senate in 2012, Andrea increased her understanding of legislative policy and procedures. These insights allowed Andrea to help new assistants embrace the unique environment that most citizens do not fully understand until they are engaged in the day-to-day journey of how a bill becomes law. She was the go-to person for training any new assistants about the legislative process and the professional running of a legislative member's office; and

***WHEREAS***, Andrea often reminisces about the support and kindness she received from her fellow assistants in the House. It is with their generosity that Andrea wished to continue and pay it forward during her years at the Legislature. True to her enthusiasm to serve, she was recruited to join the State Employees Charitable Campaign and has been a contributing participant and organizer in the annual fundraising drive. Prior to her role in the Legislature, Andrea worked for an international health organization that helped mothers, babies, and families get clean water by building wells in remote villages in the mountains of Central and South America; and

***WHEREAS***, while still employed at the Legislature, Andrea returned to college part-time to finish her academic studies. Having previously attended Arizona State University, in 2011 she began taking online classes through Rio Salado College and completed two associates degrees in 2016 and 2019. She then went on to Northern Arizona University to achieve a bachelor's degree in May of 2021 graduating Summa Cum Laude. Andrea often expresses gratitude for Arizona's outstanding university and community college systems; and

**WHEREAS**, several Members Andrea has served have said great things about her. Former Senator Kirsten Engel: "Andrea is the consummate professional. She anticipated my needs as a legislator and worked to address potential problems before I even knew they existed! She's marvelously warm and fun to work with. Her can-do spirit is infectious and her knack for detail unparalleled!" Former Senator Steve Farley: "I truly could not have served my constituents at anywhere near the level I did without Andrea at the helm. She enabled me to do my job. Her dedication to upholding the integrity of the institution was breathtaking. Even more importantly, I am lucky to have her as a friend through thick and thin over the eight years she worked for me and beyond!" Senator Victoria Steele: "Andrea lifts me up and makes me a better Senator. When the going gets rough, as it does from time to time, she will subtly remind me why I do this work. She has the knack for knowing exactly what I need, even before I ask for it. I asked her once; how do you do that? She said her goal in life is to be Radar- from the TV series M\*A\*S\*H\*. I would say she's already achieved that goal."; and

**WHEREAS**, today, we say farewell to Andrea as she ventures away from the Senate to pursue another position in the area of urban development and human services. We thank her for her dedication and service to our State and wish her all the best. We hope that she will remember fondly the years she spent with her Legislative family;

**THEREFORE, BE IT RESOLVED** by the Arizona State Senate that the members of this body have been incredibly fortunate to have Andrea Martinez as a Member's Assistant. Andrea is hereby awarded this Senate Recognition as an expression of gratitude for her exemplary skills and leadership in assisting the Legislative Members and their constituents, and we wish her the best on her new journey!

*Dated this 7<sup>th</sup> Day of April 2022*

**KAREN FANN**  
*President of the Arizona State Senate*

**REBECCA RIOS**  
*Democratic Leader of the Arizona State Senate*

Senator Steele read remarks submitted by former State Senator Heather Carter as follows:

Andrea is the consummate professional, navigating the often-turbulent waters of the legislature with grace and kindness. Andrea was the foundation to my success as a State Senator. She had a profound, positive impact on everyone who came into the office. We appreciate everything she did to help people solve problems and provide service. While she may be leaving the State Senate, she leaves an incredible legacy for all those who follow. I wish her the absolute best in her next professional journey!

Senator Steele introduced Legislative Assistant Andrea Martinez, husband Vince Martinez and niece, Sarah Waltz, who were seated in the gallery.

## JOURNAL

The President announced that without objection, reading of the Journal of Monday, April 11, 2022 was dispensed with and approved as recorded by the Secretary.

## PERSONAL PRIVILEGE

Senator Stahl Hamilton requested a point of Personal Privilege for a comment and requested the remarks be entered in the Journal. Hearing no objection, the remarks were entered as follows:

This body has been very meticulous in who it chooses to honor and who it does not. Just 2 months ago, we voted nearly unanimously to remove a derogatory slur for indigenous women from state monuments and roads. Sadly, yesterday we reversed course.

For anybody who may not be familiar, Lee's Ferry is named after John D. Lee, who played a pivotal role in the massacre of 120 emigrants at Mountain Meadows, Utah and enlisted a local tribe to help him with the goal of blaming them for it. What happened at Mountain Meadows en route to Lee's Ferry was not honorable and a monument commemorating the only person who was convicted for the Mountain Meadows Massacre has no place at the State Capitol.

The truth is that Arizona is home to a number of communities who at one time fled religious persecution that now form integral parts of our society, yet the treatment of some compared to others is drastically different. Perhaps if we were willing, or at least permitted, to have productive conversations about race relations in this state, we would be able to recognize that what we did yesterday was choose to ignore the dark history associated with this person. By refusing to have these conversations, we are tacitly continuing to reinforce and enshrine the systems that unjustly boost the political and economic power of white Arizonans over those who are not white.

April 26, 2022

The Honorable Katie Hobbs  
Secretary of State  
1700 W. Washington, 7<sup>th</sup> Floor  
Phoenix, AZ 85007

RE: House Bill 2101 electric energy; reliability; public policy

Dear Secretary Hobbs,

Today I signed H.B. 2101.

In 1998, legislation was signed attempting to increase competition in the utility market - while this legislation was well-intentioned, it failed in its purpose. This bill repeals these outdated and unused statutes.

Responsibly increasing retail competition in the energy sector is a critically important policy goal. While this bill takes the first step, it is incumbent on the legislature to identify new solutions that actually increase retail competition and encourage the development of new energy sources.

Our state's growth has reached record levels and with a 21st century economy, we need 21st century energy solutions. Competition spurs new technologies and innovation, and our state must continue to seek energy solutions that encourage free market choice to drive down costs and increase efficiencies.

**JOURNAL OF THE SENATE**  
**Wednesday, April 27, 2022**

Arizona will not follow the path of California, Texas and other states that have mismanaged their grids and continually experience rolling brownouts and blackouts. We must build an approach that maintains strong reliable energy grids, drives down costs, and secures our energy future.

Sincerely,

/s/ Douglas A. Ducey  
 Governor  
 State of Arizona

**MESSAGES FROM THE HOUSE**

(May 16, 2022)

House unanimously adopted House Concurrent Resolution 2044

**INTRODUCTION AND FIRST READING OF BILLS**  
**UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2044**

House Concurrent Resolution 2044 was introduced and read in full by Senator Gray as follows:

A Concurrent Resolution on the death of Allister Adel.

Allister Adel DeNitto passed away at the age of forty-five on April 30, 2022 in Phoenix, Arizona.

Born on November 10, 1976 in Dallas, Texas, Allister was raised in a tight-knit family, and she especially adored her father and grandfather. Growing up, they would often visit South Padre Island, a place she loved to return to as an adult with her own family.

After earning her undergraduate degree from the University of Arizona, Allister earned her law degree from the Sandra Day O'Connor College of Law at Arizona State University to pursue her dream of becoming a prosecutor. During her studies, she volunteered as a victim advocate, participated in moot court competitions and took as many courses as she could with her favorite professor, the late Michael Berch. She was named valedictorian of her 2004 graduating class.

In 2002, Allister married David DeNitto, and together they have two sons. Her boys were her pride and joy and the lights of her life, and she was often heard extolling all their wonderful qualities and accomplishments.

Brilliant and kind with a razor-sharp wit and excellent sense of humor, Allister loved to laugh and reveled in playing quirky pranks on her family and friends such as "flocking" her friends' houses with flamingos on their birthdays.

A devoted public servant, Allister was dedicated to improving the lives of those around her. She began her legal career at the Maricopa County Attorney's Office where she was an award-winning felony prosecutor and tirelessly advocated for victims' rights. During her tenure as deputy county attorney, Allister served in the Vehicular Crimes, Gang and Drug Enforcement bureaus and served as the chief administrative law judge for the Arizona Department of Transportation. Later, she was appointed as the general counsel for the Arizona Department of Child Safety where she worked to protect our state's most vulnerable citizens. Her dedication to protecting and serving children was her passion and top priority throughout her distinguished career. She also proudly served for two years as the executive director of the Maricopa County Bar Association.

A true trailblazer, Allister made history when she was appointed to the position of Maricopa County Attorney in October 2019, the first woman in Arizona history to hold that title. She described that esteemed appointment as her "dream job." The following year, she continued to shatter glass ceilings as the first woman elected to that position.

True to her beliefs, Allister was dedicated to philanthropy and community service, and one of her most profound and formative experiences was becoming a Rotarian. From 2017-2018, she served as the president of Phoenix Rotary 100, where she raised funds to support organizations that were on the forefront of fighting human trafficking. She also worked with the City of Phoenix to fund a fellowship area and butterfly garden at Starfish Place, a transitional housing facility for trafficking survivors and their families.

A dedicated mother, wife and public servant, Allister was deeply devoted to her community and was unwavering in her commitment to ensuring fairness and justice. She is survived by her husband of twenty years, David, her two sons and her father, John. She will be missed by her family, her many friends and the people of Arizona.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the House of Representatives sincerely regret the passing of Allister Adel and extend their most sincere sympathies and condolences to her surviving relatives and friends.

Senator Gray moved that House Concurrent Resolution 2044 be unanimously adopted and that the Senate stand in a moment of silence in memory of Allister Adel. The motion carried.

House Concurrent Resolution 2044 was signed in open session. The Secretary recorded the action and returned the Resolution to the House.

*WHEREAS*, upon retirement, Pat moved to live full time in the small, northern Arizona community of Strawberry, to spend time relaxing through the relative calm of the second half of his life; and

*WHEREAS*, this unprovoked war against an innocent, sovereign nation laid heavily on Pat's heart and he resolved to take action. Initially, he intended to join the Ukrainian resistance fighters in their battle against the enemy, but another, pressing need caught his attention; and

*WHEREAS*, Pat found himself compelled to drive a variety of families and their pets to safety across Ukraine's borders. Refugees were flooding into the western part of Ukraine as they fled in from the unrelenting mass destruction happening in the east of the country; and

*WHEREAS*, Pat Shearer has not only risked his physical, emotional and spiritual well being to transport families to safety across Ukraine's borders, he has also shouldered the financial cost in helping a nation in crisis.

*NOW, THEREFORE BE IT RESOLVED* that I, David Livingston, invite the Arizona State Senate to join me in recognizing Mr. Shearer's dedication, courage, and sacrifice in protecting freedom abroad.

*Dated this 17<sup>th</sup> Day of May 2022*

*KAREN FANN  
President of the Arizona State Senate*

*DAVID LIVINGSTON  
State Senator, Legislative District 18*

MESSAGES FROM THE HOUSE

(May 24, 2022)

House unanimously adopted House Concurrent Resolution 2043

INTRODUCTION AND FIRST READING OF BILLS  
UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2043

House Concurrent Resolution 2043 was introduced and read in full by Senator Rios as follows:

A Concurrent Resolution on the death of the honorable Bob McLendon.

Arizona Representative Bobbie "Bob" Joe McLendon, a longtime public servant, educator and community leader, passed away in Yuma, Arizona on March 9, 2022 at the age of eighty-five.

Representative McLendon was born in Rodney, Texas on November 24, 1936. He grew up in Douglas, Arizona and earned both a bachelor and master's degree from Arizona State University.

A longtime teacher at Yuma High School from 1961 to 1998, Representative McLendon loved teaching American history and government. He also coached the Yuma Criminals varsity basketball team until the early 1980s, whom Speaker Bowers had the occasional pleasure of playing against, or at least when Speaker Bowers's team would win.

Elected to the Arizona House of Representatives in 1982, Representative McLendon served nine terms in the House and was chosen by his caucus to serve as House Democratic Leader. During Representative McLendon's tenure in the Legislature, he was instrumental in establishing Northern Arizona University-Yuma, and he was subsequently inducted into the Northern Arizona University Education Hall of Fame. He also helped to secure funding to open the Children's Rehabilitation Services Clinic in Yuma and was a tireless advocate for education funding.

As those who served in the Legislature with Representative McLendon can attest, his commitment to his constituents and his dedication to the duties of his office were unwavering. Representative McLendon's leadership style has been sorely missed. He led with honor and integrity, never letting his passion for political issues adversely affect his relationships with his colleagues or constituents, introducing his often good-tempered remarks with, "Mr. Speaker, point of personal privilege, *a sense of Yuma!*"

After retirement from the Legislature, Representative McLendon continued to serve the public by serving on the Yuma County Board of Supervisors from 2000 to 2004 and on the Arizona Board of Regents from 2008 to 2012 as its first rural representative.

While the entire State of Arizona benefited from Representative McLendon's service, his passing will be felt most by the Yuma community, to whom he dedicated his life's work. He served on countless civic boards and organizations to improve the lives of the people of Yuma and was named Yuma County Citizen of the Year by the *Yuma Sun* in 2004.

Despite accomplished careers in education and politics, Representative McLendon's greatest legacy is his family. He will be missed by his beloved wife, Sandra, his daughter, Bobbie Jo Coxon, his brother, Jim McLendon, his sister-in-law, Sharon Alexander, and his three grandsons, Andrew, T.J. and Robert Coxon, as well as numerous nieces and nephews.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature sincerely regret the passing of Representative Bob McLendon and extend their deepest sympathies and condolences to his surviving family members.

Senator Rios moved that House Concurrent Resolution 2043 be unanimously adopted and that the Senate stand in a moment of silence in memory of Bob McLendon. The motion carried.

House Concurrent Resolution 2043 was signed in open session. The Secretary recorded the action and returned the Resolution to the House.

On May 27, 2022, the Governor vetoed House Bill 2617 with the following message:

May 27, 2022

The Honorable Rusty Bowers  
Speaker of the House  
Arizona State House of Representatives  
1700 W. Washington  
Phoenix, AZ 85007

RE: House Bill 2617 (voter registration; cancellations; causes)

Dear Speaker Bowers,

Today I vetoed H.B. 2617. Arizona has long been – and will remain – a national leader in election integrity. Our approach is grounded in the foundational principle that we should encourage voters to participate and make it difficult for anyone to cheat. H.B. 2617 falls short of meeting this objective and should not become law in its current form.

Eliminating fraudulent voting practices is a key tenet of election integrity, and for good reason. If a ballot is cast illegally, it has the net effect of disenfranchising a lawful Arizona voter. It is equally important that our laws include safeguards to protect the vote of any Arizonan who is eligible and lawfully registered. In this regard, H.B. 2617, while well intentioned, does not include these necessary safeguards.

H.B. 2617 requires a county recorder to cancel the voter registration of a voter if the recorder receives information that provides the basis for determining that the person is not a qualified elector. The implementation of this provision is vague and lacks any guidance for how a county recorder would confirm such a determination. Our lawfully registered voters deserve to know that their right to vote will not be disturbed without sufficient due process. This provision leaves our elections system vulnerable to bad actors who could seek to falsely allege a voter is not a qualified elector.

There are certain aspects of being a *qualified elector* that are objectively quantifiable and identifiable, such as age and citizenship status; but, the determination of *residency* can be a fact specific inquiry. The subjectivity of this provision, as well as a lack of guardrails against false claims, included in H.B. 2617 leaves voter registration susceptible to being canceled based on fiction rather than fact.

To be clear, it is currently and will remain illegal to vote in an Arizona election as a non-Arizona resident. To that end, there are provisions contained in H.B. 2617 that would strengthen a county recorder's ability to make an objective determination to initiate the process of removing a person from the voter rolls because they are not qualified to vote in Arizona.

For example, requiring the Department of Transportation to notify the Secretary of State when a registered voter receives an out-of-state license is a step forward in maintaining accurate voter rolls. For that reason, the state *should* be notifying counties when a registered voter has received an out-of-state license and the county should move the voter to the inactive voting list after the voter receives a notice from the county.

Moreover, the process outlined in the bill that describes how countries are notified when a prospective juror is not a U.S. citizen also provides tools to make sure only qualified electors are participating in Arizona elections. That procedure should be codified in statute.

Additionally, the Secretary of State should be providing monthly reports to the county recorders of persons who are registered to vote in that county and who have changed residence addresses or are no longer a U.S. citizen. Further, to the extent practicable, recorders should be completing monthly comparisons to the databases that are delineated in the bill. Finally, a quarterly report of the number of deaths reported to the Secretary of State by the Department of Health Services and the number of voter registration cancellation notices issued by the Secretary as a result of those reports should be going to the Legislature, as H.B. 2617 would require.

Working with our partners in the Legislature, we have created a strong track record on election integrity. We have advanced more than 20 bills since the start of last year that, taken together, demonstrate our unwavering commitment to strengthening the system by which Arizonans exercise their rights and responsibilities as citizens in our representative democracy. I look forward to working with the sponsor and I am hopeful the aspects of the bill outlined above will be returned to my desk this session.

Sincerely,

/s/ Douglas A. Ducey  
Governor  
State of Arizona

#### CONFERENCE COMMITTEE REPORTS

Senator Gray moved on behalf of the Chairman that the Senate adopt the following Conference Committee report:

Senators Kerr and Petersen, Senate conferees, and Representatives Blackman and Nguyen, House conferees, submitted the following conference report on Senate Bill 1633:

That the Senate accept the House amendments with exceptions and the bill be further amended.

Senator Steele, Senate conferee and Representative Hernandez M, House conferee submitted the following Minority Report:

I oppose SB1633 as it is overly broad, likely violates the First Amendment, and creates practical concerns for constitutionally protected political activities that both candidate campaigns and advocacy groups often engage in. It invites litigation, and its expansion of the existing, well-established framework of the criminal harassment statute is not narrowly tailored to any discernable purpose.

First and foremost, the bill eliminates from the criminal harassment statute the need to prove intent, which is a foundational requirement of criminal law. This means that now, the gravamen for a harassment claim is simply whether a person *felt* annoyed or harassed - not whether the defendant intended to commit harassment.

The bill then removes the requirement that, in order to be convicted of harassment for following or surveilling a person, the defendant must do so with "no legitimate purpose." By removing both the intent element, and the protections for surveillance conducted for a legitimate purpose, this exposes a much broader category of constitutionally protected activities to criminal liability. This would almost certainly expose political trackers (including campaign staff or interns assigned to follow an opponent at events) to a felony charge that carries a mandatory minimum penalty of six months in prison. This has serious implications for campaigns on both sides of the aisle.

The scope of the bill's application is vague and invites a legal challenge. Under the bill, an act does not require repetition in order to be considered harassment: Sections A(1) 1 and (2), when read in harmony, provide that: "A person commits harassment if the person knowingly [...] contacts or causes communication with another person (verbally, electronically or in writing) [...] or continues to follow another person around a public place after being asked to desist." This is followed by the qualifier that such an act must be committed "in a manner that harasses." However, it is not clear if "a manner that harasses" is tied to, or has the same definition as the word "harass" in Section E (which provides: "'Harass' means conduct that is directed at a specific person and that would cause a reasonable person to be seriously alarmed, annoyed, humiliated or distressed and the conduct in fact seriously alarms, annoys, humiliates or mentally distresses the person."). The lack of continuity between the use of the words "harass" and "a manner that harasses" is a source of vagueness that muddies the possible application of the bill and invites litigation.

Under this language, a single instance of surveilling or contacting a person "in a manner that harasses" (the definition of which is murky) could expose someone to a Class 6 felony. The amendment fails to address any of these concerns, and in fact broadens the application of the statute by making it aggravated harassment to commit an act of harassment, as specified above, in violation of an order of protection. For those reasons oppose SB1633 as amended by the conference committee.

The motion carried and the Secretary recorded the action and notified the House.

#### FINAL READING OF BILLS

The following bill was read on Final Reading by number and title, passed on roll call and signed in open session:

Senate Bill 1633: An Act amending sections 13-2921 and 13-2921.01, ARS; relating to offenses against public order.

AYES 16: Barto, Borrelli, Boyer, Gowan, Gray, Kerr, Leach, Livingston, Mesnard, Pace, Petersen, Rogers, Shope, Townsend, Ugenti-Rita, President Fann

NOES 13: Alston, Bowie, Contreras, Gabaldon, Gonzales, Hatathlie, Marsh, Otondo, Quezada, Rios, Stahl Hamilton, Steele, Terán

NOT VOTING 1: Mendez

#### CONFERENCE COMMITTEE REPORTS

Senator Gray moved on behalf of the Chairman that the Senate adopt the following Conference Committee report:

Senators Kerr and Gray, Senate conferees, and Representatives Udall and Bolick, House conferees, submitted the following conference report on Senate Bill 1630:

That the Senate accept the House amendments with exceptions and the bill be further amended.

Senator Marsh, Senate conferee and Representative Pawlik, House conferee submitted the following Minority Report:

We oppose Senate Bill 1630 (school buses; student transportation; vehicles) because the conference committee amendment fails to address fundamental problems in the underlying legislation. SB1630 neither provides sufficient regulation to protect children nor does it adequately address the workforce shortage of qualified school bus drivers.

This legislation weakens safety measures established by the Arizona Department of Public Safety and supported by the Arizona School Risk Retention Trust. The Arizona School Risk Retention Trust is a non-profit corporation that provides Arizona public school districts and community colleges with property and liability coverages and related services. The Trust is officially opposed to SB1630 and recommends the use of school buses for student passenger transportation to and from school.

According to the National Highway Traffic Safety Administration, federal regulations require that any alternative vehicle with the capacity to transport 10 or more passengers that is sold or leased in place of a school bus meet the safety standards required of school buses. School buses are required to be equipped with flashing red lights, cross-view mirrors, and stop sign arms. They also have protective seating, high crush standards, rollover protection features, and are designed to be highly visible.<sup>1</sup>

During committee testimony, proponents of SB1630 suggested that schools purchased *used* vehicles in order to circumvent federal safety regulations.<sup>2</sup> We should not be endorsing loopholes in federal law, which undermine student safety.

Students are about 70 times more likely to get to school safely when taking a bus instead of traveling by car or van. That is because school buses are the most regulated vehicles on the road; they are designed to be safer than passenger vehicles in preventing crashes and injuries.<sup>3</sup> Allowing 11 to 15-passenger vans to be used for student transportation to and from school is a reckless and shortsighted policy decision by the Legislature. These vehicles are shown to be in greater danger of flipping – particularly when near their weight capacities.<sup>4</sup>

This danger can be amplified when using passenger vans for regular school transportation, as compared to school buses, which are equipped with the proper visibility equipment needed for frequent stops on public roadways. Arizona Revised Statutes §28-857 prohibits drivers from passing a school bus while stopped and displaying the stop sign.<sup>5</sup> SB1630 does not amend this section of statute to include 11-15 passenger vans – a huge safety risk.

<sup>4</sup><https://crashstats.nhtsa.dot.gov/Api/Public/ViewPublication/811143>

<sup>5</sup><https://www.azleg.gov/ars/28/00857.htm>

According to the federal Fatality Analysis Reporting System, in 2019 there were 593 fatal crashes involving large van vehicles that weigh 10,000 lbs. or less and 32 fatal crashes involving van-based buses that weigh more 10,000 lbs. – both of which SB1630 authorizes for school transportation use; compared to 84 fatal crashes involving school buses in 2019.<sup>6</sup> Over the ten year period between 2010-2019, 57% of the 15-passenger van occupants killed in rollover crashes were ejected from the vehicle.<sup>7</sup>

While we understand the spirit of the bill, the current school bus driver shortage is occurring because schools have been forced to make financial choices based on extreme resource and manpower constraints. A more sensible and safer long-term solution would be to fully fund schools to enable them to address the transportation needs of every student. School administrators should not have to decide to utilize the cheaper, hazardous options outlined in SB1630.

The amended bill demonstrates a lack of meaningful stakeholder input involved in drafting SB1630 and a fundamental misunderstanding of federal safety regulations. For these reasons, we oppose SB1630 as amended by the conference committee.

#### PERSONAL PRIVILEGE

Senator Quezada requested a point of Personal Privilege and pursuant to Rule 19C that his remarks of less than 200 words be entered in the Journal as follows:

Arizona voters amended our state constitution to articulate the essential considerations in selecting commissioners to serve on the Commissions for Appellate Court Appointments and Trial Court Appointments. Our Constitution promulgates an unequivocal directive that the commissions "to the extent feasible, reflect the diversity of the population of the state or of the district", respectively.

The purpose of the directive is simple: to ensure that the judicial nominating commissions are diverse enough that it effectively works to produce a judiciary that looks like the community it serves.

In my time in the Senate, I have remained steadfast and unapologetic for bringing attention to our failure to meet our constitutionally prescribed goal. My nay votes have never been a direct rebuke of the nominee before me but rather an explicit commentary of our short fallings. Today, we have a state that is evenly split in gender and about 46% non-white. Yet our nominating commissioners are overwhelming Republican, White and male. The judicial officers nominated by these commissions are consequently overwhelming male and about 90% white. We are doing a disservice to Arizonans and contributing to the distrust people have in a fair, impartial and just judiciary.

The President announced that without objection, reading of the Journal of Monday, June 13, 2022 was dispensed with and approved as recorded by the Secretary.

#### INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF SENATE RESOLUTION 1004

Senate Resolution 1004 was introduced and read in full by Senator Kerr as follows:

A Resolution on the death of Mickey Ollson.

Mickey Ollson passed away peacefully and surrounded by his loved ones on January 9, 2022 at the age of 80 after a short but courageous battle with cancer.

Born and raised in the West Valley of the Phoenix metropolitan area, Mickey graduated from North High School in 1959 and went on to earn both his bachelor's degree in business and master's degree in marketing from Arizona State University (ASU). He was a member of several business fraternities and the president of Kappa Sigma and worked as a popular disk jockey at the University's radio station. It was during those years at ASU that Mickey learned how his love for animals could help to pay for the cost of his education by raising rabbits, guinea pigs and hamsters and selling them to local pet stores.

After graduation, Mickey started teaching at Alhambra High School, and his love for animals continued to grow and never waned. He founded Ollson's Rare Bird Farm where he bred rare and endangered birds for zoological facilities across the country.

Once he retired, Mickey took a risk and used his life savings to make his childhood dream a reality by opening Wildlife World Zoo in Litchfield Park, which was then considered the far, far West Valley. With a hammer in hand and a few good friends in tow, he helped to personally frame the zoo's first buildings, and he and his team continued to build as the zoo expanded to nearly 100 acres.

In order to share his wealth of experience, Mickey cofounded the Arizona United Animal Care and Business Coalition to represent the diverse experience and expertise of the animal care community through advocacy, education and engagement. In 2021, he was the recipient of the Zoological Association of America's Lifetime Achievement Award, which is considered the highest award honoring professional excellence and contribution toward the zoo industry.

A stalwart worker with a creative and passionate vision, Mickey's Wildlife World Zoo has educated and entertained countless visitors over the past 38 years. He was on-site at the zoo almost every day to keep up to date with the animals and their keepers, and was proud to see his childhood vision of owning a zoo turn into Arizona's largest exotic animal collection with over 6,000 animals.

**JOURNAL OF THE SENATE**  
**Tuesday, June 14, 2022**

Mickey is survived by his wife, Connie, his four children, Micalin, Louis, Kenny and DeShawn, his eight grandchildren and his three great-grandchildren. He will be missed by his loved ones and the countless colleagues who worked so selflessly to care for the animals at the Wildlife World Zoo.

Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate extend their most sincere sympathies and deepest condolences to the family and friends of Mickey Ollson.

Senator Kerr moved that Senate Resolution 1004 be unanimously adopted and that the Senate stand in a moment of silence in memory of Mickey Ollson. The motion carried.

**WHEREAS**, during the Vietnam War, USAA continued to grow and serve the military community by changing bylaws to allow continued membership after military service and issues its one-millionth policy to an officer candidate in 1969; and

**WHEREAS**, in the 1980s, USAA became active in education initiatives such as promoting the use of airbags, seat belts and child safety seats in automobiles as well as educating the membership on financial issues to make them more fiscally savvy; and

**WHEREAS**, in 1996, USAA welcomed enlisted personnel – first those on active duty, then those honorably discharged – furthering its mission of service to all who serve. USAA then was able to open up its first offices in Phoenix, Arizona in 1999 and employs more than 4,300 individuals today in the Phoenix area; and

**WHEREAS**, in 2006, USAA became the first company to enable members to deposit checks from home, needing only an internet connection and scanner. In 2009, USAA opened membership to the largest military group not yet eligible to join: all honorably discharged veterans and retirees and their families; and

**WHEREAS**, in 2021, USAA Bank and The USAA Foundation, Inc. contributed \$48.3 million in 2021 to military-focused nonprofit organizations, more than \$12 million to local communities in 2021, and USAA employees personally contributed \$9.1 million and logged nearly 200,000 volunteer hours during a persistent pandemic; and

CONFERENCE COMMITTEE REPORTS

Senator Gray moved on behalf of the Chairman that the Senate adopt the following Conference Committee report:

Senators Mesnard, Boyer and Quezada, Senate conferees, and Representatives Bolick, Diaz and Pawlik, House conferees, submitted the following conference report on Senate Bill 1412:

That the Senate accept the House amendments and the bill be further amended.

Senator Quezada, Senate conferee and Representative Pawlick, House conferee submitted the following Minority Report:

We oppose Senate Bill 1412 (NOW: race; ethnicity; sex; classroom instruction) because the conference committee amendment works to further strip education of its fundamental need to provide students with a holistic and honest view of history and other subjects. SB1412 is an insidious attack on the ability of educators, parents, and communities to come together to address complex topics. This legislation places us on a perilous path that allows the state legislature to attempt to curtail speech in schools and other places. The effect of this legislation promotes ignoring integral parts of our world and creates unneeded barriers in supporting our students' growth into productive members of society.

SB1412 creates immense additional liability for teachers and schools and will only worsen Arizona's teacher shortage and ultimately hurt Arizona students. This legislation fails to consider the factors that have led to our current teacher shortage. The liability concerns will only work to widen the gap between certified teachers and the classroom. Recently, there has been a 17 percent increase in non-certified teachers in our public schools. Compared to the previous year, almost 25,000 educators with active teaching certificates were not in Arizona classrooms in the 2019-2020 school year. Overall, 34,661 individuals with an active teaching certification are no longer reaching in Arizona.<sup>1</sup> SB1412 will deepen the teacher shortage crisis driven by low wages and a general lack of respect for the teaching profession.

In addition to existing law that allows parents and students to challenge any curriculum taught, the numerous First and Fourteenth Amendment violations contained within SB1452 will potentially spawn millions of dollars spent in litigation that would be far better expended educating students. Every student should have the right to receive an equitable education and open and honest dialogue about America's history.

To address systematic racism in our country, we must be able to acknowledge and discuss difficult issues freely and in the safe space of a classroom. We cannot allow our education system to become so fragile that teachers and school administrators are targets to be punished, fined, and fired for discussing the experience of all the cultures that have made our country exceptional.

The fundamental problem with SB1412 is that it aims to prohibit a concept that is currently not taught in Arizona schools. We believe SB1412 will only curb speech in the classroom by threatening educators with potential lawsuits, creating an environment in which teachers will err on the side of caution and choose not to teach difficult moments in our history. We are extremely concerned about the unintended consequences of this legislation because it will hurt students' ability to think critically, drive teachers from Arizona, and cost Arizona millions in litigation. Divisive legislation like SB1412 hurts all Arizonans.

<sup>1</sup> <https://www.azed.gov/sites/default/files/2021/07/The%202020%20Arizona%20Teacher%20Workforce.pdf>

The amended bill demonstrates a lack of meaningful stakeholder input involved in drafting SB1412 and is ultimately an attack on our school communities based on a red herring aimed at sowing distrust in public school. As the great Maya Angelou once said, "History, despite its wrenching pain, cannot be unlived, but if faced with courage, need not be lived again." For these reasons, we oppose SB1412 as amended by the conference committee.

The motion carried and the Secretary recorded the action and notified the House.

Re: H.B. 2858 capital outlay; appropriations; 2022-2023

Dear Secretary Hobbs,

Today, I signed H.B. 2858. This legislation, in conjunction with the historic investments made in the General Appropriations Act (H.B. 2862), provides the largest investment in transportation infrastructure in state history.

Arizona's economy is booming. Families, businesses and young professionals from all over the country are moving here. Our job is to create the environment to sustain that growth. Infrastructure is the backbone to Arizona's strong economy. H.B. 2858 provides approximately \$1 billion in strategic transportation initiatives, setting our state on the path for continued success. This includes a \$875 million targeted investment for 44 specific transportation projects, \$20 million for strategic investments in the state's aviation infrastructure, and \$51 million to maintain robust highway maintenance.

In addition, we're making a \$50 million deposit into the new State Match for Rural Transportation (SMART) Fund, which is designed to assist communities outside of the Maricopa and Pima urban cores in seeking federal competitive transportation funding. This will provide an opportunity to further position the state and local communities seeking federal funding opportunities for transportation. The program will be administered by the Arizona Department of Transportation.

H.B. 2858 will continue to enhance Arizona's transportation system by providing reliable and safe modes of transport while strengthening Arizona's economic competitiveness.

Sincerely,

/s/ Douglas A. Ducey

RE: Fiscal Year 2023 General Appropriations Act and related Budget Reconciliation Bills

Dear Secretary Hobbs,

Today I signed the Fiscal Year 2023 General Appropriations Act and related Budget Reconciliation Bills.

Arizona's Fiscal Year 2023 budget is a responsible package that pays down debt, secures our future and lays the foundation for even more growth – all while investing in the areas that matter most to Arizonans, including:

**A Secure Future**

This budget invests in our state's future by paying off over a billion dollars in debt and topping off the state's rainy day fund with an investment of \$425 million. Arizona's economy is booming, and these investments ensure we're prepared well into the future.

**Tax Relief for Arizonans**

Taxpayers deserve to keep more of their hard-earned dollars. The FY23 budget supports this belief by continuing the flat tax phase-in, keeping the state on track to fully phase in the 2.5 percent tax cut for the 2024 Tax Year. It also includes \$330.5 million to eliminate the State Equalization Tax Rate, backfilling lost property tax revenue to K-12 education with General Fund support.

**Securing Arizona Communities**

Arizona's public safety professionals put their lives on the line each and every day to protect our communities. This budget gives troopers a 15 percent pay increase and correctional officers a 20 percent pay increase, compensating them for their hard work and dedication to keeping our state safe.

**Improving Access to Quality Healthcare**

Health care and medical professionals work day and night to care for fellow Arizonans and protect their health. This budget makes significant investments to help train more Arizonans to join the healthcare workforce, including \$92 million of state and federal funding to expand both traditional and accelerated nursing programs.

Early and regular pregnancy care is vital to ensure the health of both the mother and the unborn child. With approximately half of the babies in the state born to mothers on the Arizona Health Care Cost Containment System (AHCCCS) program, it is important that we are investing to encourage more OBGYNs to accept AHCCCS coverage and ensure that low-income women have the same access to high quality care throughout their pregnancy as women covered by commercial insurance. The budget invests \$10 million general fund which, when paired with federal matching dollars, will increase AHCCCS rates for pregnancy care by 88 percent and bring them into parity with commercial plans.

Additionally, the budget provides funds to increase postpartum coverage from 60 days to a full year. This will ensure that women have coverage for treatment for any challenges that may arise after giving birth, such as postpartum depression.

The budget also includes \$2 million to create a new Behavioral Health Provider Loan Repayment program to attract and retain behavioral health workers here in the state.

**Strengthening Arizona's Workforce of the Future**

Arizona is full of high-paying, fulfilling job opportunities. This budget invests in our future workforce to help them gain the skills and expertise needed to connect with Arizona's wide range of jobs, including \$126 million for New Economy Initiatives at Arizona's three public universities.

The budget includes \$16.6 million for adult education programs, completely eliminating the 3,000-person waitlist. It also invests in rural community colleges, in-state tuition for veterans' spouses and STEM programs.

**Bolstering Secure, Accountable and Transparent Elections**

Arizona's election laws prioritize accountability and transparency. This budget makes key investments to strengthen our election system, with more than \$18.5 million over the next three years for secure ballot drop boxes, enhanced security measures and resources to clean up voter rolls and make sure they are accurate.

**Delivering For Arizonans**

These are just a few examples of how this budget delivers for Arizonans. Legislators on both sides of the aisle worked together to make sustainable, targeted investments in border security, K-12 education, support for vulnerable families and kids, infrastructure and more.

When I took office in 2015, Arizona had a billion dollar deficit and the economy was flat. Today, our finances are in order, the economy is booming and opportunities are plentiful. This largely due to strategic, fiscally conservative state budgets passed and signed over the last eight years.

To ensure every dollar spent is useful to Arizonans, I also line-item vetoed the following appropriation of the budget:

**House Bill 2862, page 85, lines 33 and 34**

Arizona has created a strong, welcoming environment for our veterans. Over the last eight years there have been no shortage of policies that recognize their patriotism and heroism, including significant measures in this budget. This appropriation however has little support from the public and veteran community.

I thank Senate President Karen Fann, House Speaker Rusty Bowers, Senator David Gowan, Representative Regina Cobb and all the lawmakers who worked to secure a budget that delivers for all Arizonans, in every corner of our growing state.

Sincerely,

/s/ Douglas A. Ducey  
Governor  
State of Arizona

Re: H.B. 2866 K-12 education; 2022-2023

Dear Secretary Hobbs,

Today, I signed H.B. 2866. This legislation, in conjunction with the historic investments made in the General Appropriations Act (H.B. 2862), provides major increases and improvements to Arizona's K-12 education system.

In total, this year's education budget includes an estimated per pupil funding increase of just over \$704 of ongoing resources for schools. According to the National Center for Education Statistics, the average Arizona classroom has 23.5 students – this means that average classroom will see an influx of an additional \$16,550 per year.

And to be clear, the classroom is exactly where this new funding should be directed by each school's governing board. The top priority should be to increase teacher pay, especially for entry level teachers so that Arizona can attract and retain high quality professionals dedicated to serving our students. To that end, Section 24 of H.B. 2866 contains language stating that the governor and the legislature intend that school districts increase the total percentage of classroom spending over the previous year's percentages. Arizona schools must ensure they allocate funds in this manner, and parents and the public should hold them accountable to this expectation.

Lastly, and very importantly, the FY23 budget makes a significant investment in school safety. H.B. 2862 appropriates \$50 million to the School Safety Program, allowing schools to access grants to hire school resource officers.

Sincerely,

/s/ Douglas A. Ducey

RE: House Bill 2274 appropriation; stipend; kinship foster care

Dear Secretary Hobbs,

Today I signed H.B. 2274 to bring much needed support to kinship families in Arizona – especially those grandparents who have stepped up to raise their grandchildren when the parents were unable to safely do so. For too long, these grandparents have been given a dramatically lower level of support than foster parents – but that is about to end. I called for this important reform in my State of the State Address in January, and I am very pleased to sign it into law today.

With this bill, kinship stipends will immediately increase from \$75 a month to \$300 a month. But this bill cannot be looked at in isolation. It pairs with an equally important bill I signed earlier in session which directs the Arizona Department of Child Safety (DCS) to create a swift pathway to licensure for kin, which for those who choose to be licensed will then bring them to full parity in terms of financial support as foster care providers.

In addition to this bill, the budget I signed includes:

- Ongoing support for our kinship and foster families;
- A doubling of the monthly independent living stipend for young adults who age out of the foster care system and voluntarily participate the program,
- \$10 million to create a Foster Youth Transitional Housing program on the campus of the East Valley Institute of Technology;
- Increased funding for Arizona Healthy Families Program to help keep children safely in their homes; and
- An expansion of the Qualified Foster Care Tax Credit to include programs that help youth transitioning out of foster care. The credit is also indexed to inflation to ensure that its value is not diminished each year.

Since my first day in office, ensuring Arizona children in DCS care have the support they need has been a priority. We worked with leaders like Directors Greg McKay and Mike Faust to eliminate the backlog of cases, safely reduce the number of children in care, and make DCS a model for other states to look to. At the same time, we have worked to increase support for the children in care through improved transition programs and innovative partnerships, like Grand Canyon University's Fostering Futures program. And today, the state is finally on a firm financial footing that allows us to make this large investment in helping our kinship care providers.

I would like to thank Representative Jeff Weninger for sponsoring this bill, and for all the work he has done to protect vulnerable children and families throughout his years in the legislature.

Lastly, let me say we appreciate and thank all those who care for children in DCS care: the kinship families, foster families, non-profits organizations providing support, Court Appointed Special Advocates (CASA), and case workers. These children deserve all the support we can give them.

Sincerely,

/s/ Douglas A. Ducey

RE: House Bill 2317 revenue distribution; border security

Dear Secretary Hobbs,

Today I signed the most meaningful border security legislation in Arizona history. H.B. 2317 directs \$335 million to the Border Security Fund to construct and maintain a physical and virtual barrier along the southern border – a record investment to protect our communities from the dangers of the current border crisis. Arizona will not sit idly by as the Biden administration fails to do its job and safeguard our state and nation from the clear and present danger of an insecure border.

Arizonans fully understand the importance of this investment. As I write to you, the worst border crisis in over 20 years is unfolding in our state. I've been outspoken about the impact this crisis has on Arizonans, our communities and migrants. We've taken numerous steps to help resolve the chaos, including deploying the Arizona National Guard, signing legislation to address human smuggling and transporting migrants on a voluntary basis to Washington, D.C. Ultimately, however, securing our border is the responsibility of the federal government.

Border authorities are overwhelmed by the flood of migrants coming across the border, making their jobs more difficult and security less achievable. The brave men and women of Customs and Border Protection are seeing record numbers of migrants, including those who evade apprehension and enter our country uninterrupted. Incidents of human smuggling and trafficking have skyrocketed in the past year and a half – just this week, more than 50 migrants were discovered dead in a semi-truck trailer in Texas. This heartbreaking tragedy is just the most recent example of how much of a humanitarian catastrophe we're facing.

As law enforcement works to address the humanitarian crisis, their efforts to address criminal activity on the border are thwarted. A physical structure and an enhanced virtual system will mitigate the unlawful flow of migrants across the border and ensure that law enforcement can address the criminal activity that originates at our border and flows into our state and throughout our country.

With this investment, we are giving our law enforcement professionals another critical resource they need to successfully do their jobs. We are standing up for the rule of law, and we are cementing Arizona's commitment to securing our state and our entire nation.

This bill complements the targeted dollars from the FY2023 General Appropriations Act, which also make border security a priority. Altogether, Arizona is dedicating a record \$564 million to secure our border with a physical barrier, address critical public safety staffing shortages, and modernize the technology and public safety equipment to target criminal activity and keep our citizens safe.

As I sign this bill today, we are taking an additional action to do the job Washington, D.C. refuses to. More action is needed from the federal government, but with these targeted investments Arizona is putting the safety of our state and nation first.

Sincerely,

RE: H.B. 2204 (taxation; virtual currency; non-fungible tokens)

Dear Secretary Hobbs,

Today, I signed H.B. 2204. This legislation provides clarity for Arizona taxpayers by conforming state law to federal tax provisions related to virtual currency and non-fungible tokens.

Over the past eight years, we have been dedicated to reforming, simplifying and lowering taxes. This legislation provides more clarity for Arizona taxpayers, but I remain concerned about the volatility and unreliability of cryptocurrency for law abiding citizens, and its exploitation by cyber-criminals and criminal organizations.

Re: H.B. 2853, Arizona empowerment scholarship accounts; appropriation

Dear Secretary Hobbs,

Today, I proudly signed H.B. 2853. During my State of the State Address in January, I urged the legislature to "think big and find more ways to get kids into the school of their parents' choice." This bill delivers on that vision, and as a result, Arizona will now have the most expansive education savings account program in the nation.

Arizona has long led the nation in embracing school choice, and this legislation builds on those policies. We were one of the first states in the country to authorize charter schools in 1994, we were the first state in the nation to create education savings accounts, and now we are the first state in the nation to make them available to all K-12 students. Over the past eight years, we have made it our mission to empower families and allow them to access the education setting of their choice. The legislation I signed today is just the latest example of that. We've taken many other actions to put our kids first, such as:

- Overhauling the open enrollment process at our district schools to remove barriers and ease burdens on families
- Enacting the Transportation Modernization Grants initiative to help more students access schools of choice
- Strengthening rights of students living on reservations and children of active-duty military parents using the Empowerment Scholarship Account
- Creating the Arizona Public Schools Achievement District to expand high quality public district and charter schools

It is no coincidence that as Arizona led the nation in offering school choice, our state also improved academic attainment at the fastest rate in the nation from 2008 to 2018 as measured by the The Educational Opportunity Project at Stanford University. Now, with this legislation, Arizona is positioned to unlock the future for all of our K-12 students.

This legislation complements the overwhelmingly successful, bipartisan budget I signed last week, which provides historic levels of funding for public district and charter education options. The Fiscal Year 2023 budget includes \$329 million to raise the base support level of education spending, representing the single largest dollar and percentage increase in per pupil funding in 20 years. It also includes \$183.3 million to maintain school facilities, the single largest investment in building renewal in the history of the program. The budget also invests \$100 million in special education funding for Arizona public schools and \$50 million in ongoing funding for school safety. In sum, this budget infuses an additional \$1 billion in year-over-year spending, with total K-12 spending for this year reaching \$8.45 billion.

The State of Arizona trusts parents to choose what works best to unlock their student's greatest potential. Public education means *educating the public*, and in Arizona, government-run schools are one of many options the public has access to. Whether they select their neighborhood district school, open enroll at a district school across town, choose a public charter school, homeschool, form a learning pod, or access an Empowerment Scholarship or School Tuition Organization Scholarship to attend a private school – the choice is theirs to make, not the government's.

Arizona remains the gold standard for educational freedom.

Sincerely,

/s/ Douglas A. Ducey

RE: S.B. 1308 DHS licensure; group homes

Dear Secretary Hobbs,

Individuals with disabilities deserve to be cared for in a manner that helps them thrive and reach their highest potential. Today I vetoed S.B. 1308 because it failed to achieve this goal.

The budget I signed last week makes a historic investment of \$80.9 million from the general fund and \$200.3 million from matching federal funds to increase rates for disability providers to improve and expand services available.

Additionally, the budget includes funding for a new, independent developmental disabilities group home monitoring program to have a third-party review of the quality of services being provided to residents of developmental disabilities group homes. This oversight is in addition to oversight provided by the Department of Economic Security (DES).

While I am open to the policy provisions of this bill, those can only be achieved if the legislature allocates the necessary resources. In this case, the legislation neglected to provide funding or authorization for additional employees needed to do the work.

Sincerely,

Re: Senate Bill 1592 (governor's declaration; fiscal impact analysis)

Dear Secretary Hobbs,

Today I vetoed S.B. 1592. This legislation sought to provide fiscal certainty to the City of Phoenix during extraordinary circumstances like the COVID-19 pandemic, when tourism and business conferences were significantly down from normal levels. While fiscal certainty is a worthy goal, this legislation fails to consider important context and attempts to solve a problem that does not yet, and may never, exist.

Last September, the Arizona Auditor General (AAG) evaluated the economic impact of the Phoenix Convention Center that further calls into question the need for this legislation. The report determined that the City of Phoenix remains nearly \$31 million in the black when it comes to the annual cost-benefit calculation.

Further, this legislation does not account for any attempt by local elected officials to impose onerous lockdown restrictions on their cities, which would level the local economy and require the state government to pick up the bill.

Just as Arizonans tighten their belt, invest wisely, and plan for a rainy day – government must do the same. We've taken that approach at the state level, and our local government should be held to the same expectation.

Sincerely,

RE: H.B. 2685 (transportation tax; Maricopa County; election)

Dear Secretary Hobbs,

Today I vetoed H.B. 2685, a measure to extend a sales tax for transportation funding. Across the country, families are facing unprecedented costs for food, gas, housing, and other necessities. Now, with inflation higher than it has been in 40 years, is not the time to ask voters in Arizona to tax themselves. Further, if and when voters consider such a proposal, they deserve to cast their ballot for a measure that is responsible and transparent – H.B. 2685 does not meet that standard.

The current transportation excise tax expires at the end of 2025, but rather than wait until the November 2024 election to consider an extension, H.B. 2685 would create a statewide special election next spring that would not only require unnecessary costs to administer, but would come at a time when voter turnout will likely be low.

In addition, the ballot title and description narrative as prescribed by H.B. 2685 is concerning compared to the 2004 ballot title and description narrative. The changes in the title and description narrative are inflated, embellished, and fail to accurately reflect the reality of this tax burden on Arizonans. This is clearly evident in comparing the 2004 publicity pamphlet to the proposed 2023 publicity pamphlet:

**2004 Election Publicity Pamphlet**  
**Title: "Regional Transportation Plan"**

**Description:**

*"A measure continuing the current transportation excise (sales) tax to address the regional transportation system by building new freeways, expanding existing freeways with additional access and capacity, constructing streets and intersections, expanding transit by extending the planned light rail system, increasing the frequency of bus service and providing additional bus, dial-a-ride and vanpool services."*

**Proposed 2023 Election Publicity Pamphlet**  
**Title: "Regional Strategic Transportation Infrastructure Investment Plan"**

**Description:**

*"An economic development measure continuing the existing transportation excise tax to improve travel times and choices, reduce congestion, aid public safety, improve air quality and address the regional transportation system by building, modernizing and expanding new and existing freeways, streets and intersections, investing in future transportation technology and innovations, addressing transportation safety issues, extending the light rail system, improving and expanding regional bus transit and providing additional dial-a-ride services for the elderly and persons with disabilities, vanpool services and pedestrian paths and bikeways."*

The language is not only biased, but it fails to include any mention of the increase of 20 to 25 years nor the changes to distribution for state highways, local roads and public transit.

Beyond the troubling election date and ballot description narrative, there are other areas that raise concerns and should be addressed.

First, this tax has been traditionally set for a period of 20 years. H.B. 2685 ignores this precedent and increases the tax period to 25 years. The additional five years are a tax increase and should not be perceived as a tax continuation.

Second, Maricopa County residents will have been taxed for 40 years, which has resulted in significant expansion of the regional freeway system. With this expansion comes a responsibility to maintain this infrastructure into the future. Instead, H.B. 2685 reduces the amount of funding being distributed to the regional freeway system and fails to provide a clear framework on how these assets will be maintained as they continue to age. This is not the appropriate financial stewardship to preserve the investment from previous generations.

Third, the infrastructure plan that is part of this 25 year tax was developed prior to the passage of the Investment in Infrastructure and Jobs Act and does not properly account for the opportunity to properly leverage state dollars for federal transportation infrastructure funding.

Senator Michelle Ugenti-Rita offered numerous commonsense amendments to this bill that would have made the measure more consistent with the 2004 measure, allowing more transparency and accountability. The amendments would have ensured a fairer ballot description narrative; more strategic insight into how these transportation and infrastructure dollars would be spent and how they relate to the needs of everyday Arizonans; and provided more local control in administering the call for the election. Unfortunately, none of these amendments were adopted.

Targeted, responsible and sustainable investments in infrastructure will be critical as more families and businesses choose Arizona. However, asking voters to tax themselves, prematurely, with colorful ballot language during a time of high inflation is not the way to address the needs of our growing state.

Arizona must make sound and strategic investments in transportation infrastructure, especially during this high inflationary period and while governments are experiencing surplus tax revenue. The State is experiencing a \$4.5 billion surplus. Under the current budget, Arizona will invest \$1 billion in transportation infrastructure while simultaneously cutting taxes to provide relief to families.

Sincerely,

/s/ Douglas A. Ducey  
Governor  
State of Arizona

### RULE 1 Officers and Employees

A. The officers of the Senate shall be a President, who shall be chosen from among the membership of the Senate, a Secretary, an Assistant Secretary, and a Sergeant at Arms.

B. There shall be such other employees as may be authorized by the Senate. The appointment, terms and conditions of employment, compensation, discipline, and discharge of employees of the Senate shall be determined by the President, subject to the approval of the Senate. Employees of the Senate are prohibited from lobbying during the term of their employment, and a violation of this rule will be sufficient cause for the summary discharge of the offending employees.

### RULE 2 The President

The President shall have the following powers and duties:

A. The President shall take the chair on every legislative day precisely at the hour to which the Senate, at its last sitting, adjourned; immediately call the members to order and on the appearance of a quorum, cause the Journal of the proceedings of the last day's sitting to be read.

B. The President shall have control of the Senate Chamber, including seating assignments of members therein, all other parts of the Senate wing and all other areas and buildings used exclusively by the Senate.

C. The President shall preserve and maintain order and decorum.

D. The President shall sign all acts, addresses, joint resolutions, writs, warrants and subpoenas issued by the order of the Senate, and decide all questions of order, subject to an appeal by any member, on which appeal no member shall speak more than once, unless by permission of the Senate.

E. The President shall state all questions in the proper order in which they shall be disposed.

F. When a question is undebatable or when debate on a question is closed, the President shall state the question, calling first for the "Ayes" and then for the "Noes". If the President is in doubt, or a division is called for, the Senate shall divide; those in the affirmative of the question shall first rise from their seats, and then those in the negative. But on demand of two members a roll call of the Ayes and Noes shall be ordered at any time before such vote is made certain and declared.

G. The President shall have the right to vote, and on all questions the President shall vote last.

H. The President shall have the right to name any member as President Pro Tempore to serve at the President's request, which appointment may extend throughout the session unless terminated by the Senate. The President may appoint any other member as temporary President Pro Tempore to serve for a limited period of time. In the absence or omission of such an appointment, the Senate shall proceed to elect a President Pro Tempore to act during the absence of the President.

I. The President shall appoint all standing committees, and all select committees unless otherwise ordered by the Senate by a majority of the members present, and shall appoint the chairman and vice-chairman of each such committee. The President shall be an ex-officio member of all committees, but shall not vote or sign reports from any committee except the committees of which the President is chairman. However, if the President is an appointed member of the Rules Committee, the President shall be a voting member of that committee. The President shall fill all vacancies on committees.

J. The President shall refer all proposed measures or other legislative matters to the appropriate committees. Every bill, resolution and memorial shall be referred by the President to one or more standing committees, except resolutions or memorials to be adopted by unanimous consent and House bills to be substituted on third reading pursuant to Rule 11-H. All proposed measures or other legislative matters shall automatically be assigned to the Rules Committee without action upon the part of the President. If three-fifths or more of the members of the Senate petition the President to discharge committees from further consideration of a bill, resolution or memorial, the measure shall be withdrawn by the President from assigned committees which have not reported the measure. If a committee hearing has not been held on the measure, the President shall direct that a hearing be held by a committee within seven days and upon withdrawal or hearing, the matter shall be placed by the President on the active calendar of the Committee of the Whole. If the measure is reported favorably by the Committee of the Whole, it shall be placed by the President on the third reading calendar. If a discharge petition is presented to the President less than seven days before the Senate adjourns sine die, the President shall not be required to act upon the petition.

K. All debts incurred by the Senate, either during session or between sessions of the legislature, shall be subject to approval by the President and if so approved shall be paid by claims drawn on the Finance Division of the Department of Administration.

L. The office of the President shall keep the accounts for the pay, mileage and subsistence of members and attaches, and shall maintain these records for inspection by the membership.

M. The President is authorized to call meetings of standing committees of the Senate during periods when the Senate is not in session, and to approve claims for travel and subsistence incurred by members of such committees in attendance.

### RULE 3 The Secretary

The Secretary shall have the following powers and duties:

A. It shall be the duty of the Secretary to keep a Journal of each day's proceedings, and to provide a typewritten copy of the same for examination by the President. The Secretary shall each day prepare a calendar of the Orders and Business of the Day and a like calendar for the Committee of the Whole, and such other dockets and calendars as may be ordered, and shall cause a copy to be placed on the desk of each member, at or before the hour of convening.

B. The Secretary shall have the custody of all bills, resolutions, memorials, petitions, communications, or other measures, instruments and papers introduced in or submitted to the Senate, subject to such disposition thereof as may be provided by the rules of the Senate or the order of the President, and shall be held strictly accountable for the safekeeping of the same. The Secretary shall keep a record of all such measures or instruments, showing at all times the exact standing of each.

C. The Secretary shall perform such other duties as may be required of the Secretary by the Senate or by the President.

D. The Assistant Secretary shall act under the direction of the Secretary and in the absence of the Secretary shall perform the duties of the Secretary.

### RULE 4 Sergeant at Arms

The Sergeant at Arms shall have the following powers and duties:

A. It shall be the duty of the Sergeant at Arms to attend the Senate and the Committee of the Whole during their sittings, to maintain order under the direction of the President or Chairman, to execute the commands of the Senate, and all processes issued by authority thereof, directed to the Sergeant at Arms by the Presiding Officer. Five minutes before the hour of the meeting of the Senate each day the Sergeant at Arms shall see that the floor is cleared of all persons, except those privileged to remain.

#### RULE 5 Members

A. Questions of privilege shall have precedence over all other questions, except motions to adjourn or recess, or the call of the Senate when no quorum is present.

#### RULE 7 Committees

1. Appropriations
2. Commerce
3. Education
4. Finance

2. The Ethics Committee and each standing committee shall adopt rules of procedure consistent with the rules of the Senate. Committee rules shall require that the chairman vote last on a roll call vote. Committee rules may allow the vice-chairman to vote second to last on a roll call vote.

3. All committee meetings shall be open to the other members of the Legislature, the press and public so long as the proper decorum is maintained.

4. All committees will meet at regularly scheduled times and places. In the absence of the chairman, the vice-chairman shall preside. In the absence of both the chairman and vice-chairman some other committee member designated by the President shall preside. Special meetings may be called at the option of the chairman. However, such meetings shall be announced on the floor of the Senate in open session prior to the meeting. Regularly scheduled meetings can be cancelled or rescheduled only with the permission of the President.

5. A written agenda for each regular or special meeting containing all bills, memorials and resolutions to be considered thereat shall be distributed to each member of the committee and to the Secretary of the Senate at least five days prior to the committee meeting. Absence of a bill, memorial or resolution from the committee agenda will prohibit its consideration unless unanimous consent of all committee members is obtained. The action taken on every bill, memorial or resolution on the committee agenda shall be reported to the Secretary of the Senate at the conclusion of the meeting. It shall be the responsibility of the chairman to deliver the committee report for each bill, memorial or resolution that has been voted out of committee to the Secretary of the Senate as soon as the committee amendment is prepared. If there is no amendment, the committee report shall be delivered to the Secretary of the Senate not later than 5:00 p.m. on the day following the day the committee meeting adjourns.

6. A bill not on the chairman's agenda shall be scheduled by the chairman for discussion and committee action at the next subsequent committee meeting upon presentation to the chairman of a petition to schedule the bill, and upon filing a copy thereof with the Secretary of the Senate. 7. A majority of the members of a committee shall constitute a quorum for the consideration of any matter referred to it.

8. The consent of all of the members of a committee shall be necessary to introduce any bill, resolution or memorial as a committee measure. The consent of a majority of the members of a committee shall be necessary to introduce any bill, resolution or memorial as a majority of committee measure. The consent of a majority of the members present on a committee shall be necessary to report any bill or other measure or matter referred to such committee. If a member opposes the report, he may file a minority report. A minority report shall bear the signature of any number of members joining in its recommendations and shall be considered the recommendations merely of the member or members signing the same.

9. Amendments proposed by a committee shall be clearly set forth as an attachment to the committee's report and shall refer to the appropriate page and line of the original or engrossed bill or of another amendment if the amendment is proposed as an amendment to another proposed committee amendment. If the committee has adopted a rule addressing the submission of amendments to committee members, the chairman may preclude the offering of an amendment which does not comply with the rule, may without objection accept the amendment, or may postpone action on the measure until adequate notice has been given. No amendment to strike everything after the enacting clause and insert new material shall be in order unless notice of intent to offer such an amendment has been given by 5:00 p.m. two days, excluding Saturdays and Sundays, prior to the committee meeting at which the amendment is to be considered by delivering a copy of the proposed amendment to the office of each member of the committee and to the information desk and posting such notice and leaving a copy in the office of the Senate Secretary. The committee report shall be accompanied by a copy of any measure to which amendments are proposed to the committee.

10. A roll call vote shall be taken of the committee members at the request of a committee member upon any motion or amendment.

Except as provided herein, all House bills to be scheduled in accordance with paragraph 5 or 6 of this subsection shall be heard prior to Saturday of the week in which the ninetieth day from the beginning of each regular session falls. No committee except the Rules Committee shall hear a bill in violation of this paragraph without the written permission of the President.

12. All bills, memorials or resolutions referred to a standing committee shall be reported. Bills, memorials or resolutions which the committee has considered but on which no action has been taken and bills, memorials and resolutions which the committee has not considered shall be reported as such by the chairman of each standing committee at the last regular or special meeting of such committee for each session.

C. The Rules Committee of the Senate shall have the following powers and duties:

1. All powers and duties of other standing committees of the Senate listed in subsection B of this rule except those powers and duties inconsistent with this subsection.

2. On the first day following the convening of the first regular session of each Legislature, the President shall appoint the members of the Committee on Rules, and the said committee shall henceforth have authority to present proposed changes or additions to the rules which upon adoption by the Senate shall be deemed standing rules of the Senate.

3. The written agenda for the Rules Committee shall be the calendar for the Committee of the Whole. All other legislative matters shall be in order before the Rules Committee without written agenda.

4. Amendments proposed by the Rules Committee should be clearly set forth as an attachment to the Rules Committee report and shall refer to the appropriate page and line of the original or engrossed bill or of another amendment if the amendment is proposed as an amendment to another proposed committee amendment. Substantive amendments may be proposed by the Rules Committee only with the concurrence of the sponsor of a bill if sponsored by an individual or the committee chairman if sponsored by a committee. Corrective or technical amendments may be proposed. A proposed technical or corrective amendment which incidentally affects the substance of a bill or amendment shall require concurrence of the sponsor. No amendment to strike everything after the enacting clause and insert new material shall be offered in the Rules Committee.

5. The Committee on Rules shall consider the bill and proposed amendments thereto for constitutionality and proper form and the reasonable germaneness of any amendments. A bill including any amendments shall be presumed to contain one subject if:

(a) The resulting bill has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.

(b) The resulting bill is a major revision of a program or agency and each of the provisions relates to the revision.

(c) The bill offers only technical or conforming changes to the statutes.

(d) The bill is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the bill.

(e) The bill is a result of a strike everything after the enacting clause amendment and substitutes material designed to accomplish only one purpose.

6. In addition to the powers and duties given to the Rules Committee elsewhere in the Senate Rules, the Rules Committee shall have such other powers and duties over legislative matters as are assigned by the President.

D. Any subcommittee of a standing committee may meet at any time upon the call of the subcommittee chairman without written notice, providing, however, that such meeting shall be announced on the floor of the Senate in open session prior to the meeting. A subcommittee may, without distributing a written agenda, consider any matter assigned to the subcommittee by the chairman of the standing committee.

#### RULE 8 Calendars

A. There shall be the following calendars of business reported from committees:

1. A calendar of the Committee of the Whole, upon which shall be placed all bills, resolutions and memorials reported by the standing or select committees, except the Rules Committee, to which they have been referred and all bills, resolutions and memorials which have failed in Committee of the Whole, or which have been retained on the calendar. The calendar of the Committee of the Whole shall be prepared and filed in writing with the Secretary of the Senate.

2. An active calendar of the Committee of the Whole on which shall be placed those bills, resolutions and memorials designated by the President that have been reported by the Rules Committee and that are drawn from the calendar of the Committee of the Whole on the order of business of the day.

3. A unanimous consent calendar on which shall be placed those bills, resolutions and memorials designated by the Chairman of the Rules Committee and drawn from all bills, resolutions and memorials on the calendar of the Committee of the Whole that are unamended as reported by all standing committees to which they were referred. The unanimous consent calendar shall be dated, printed, placed on each member's desk and posted at the information desk 48 hours, excluding nonworking days, prior to being accepted. Any Senator may protest the inclusion of any bill, resolution or memorial on the unanimous consent calendar by submitting a protest in writing to the Secretary of the Senate during the 48-hour notice period. A protest timely submitted by any Senator shall automatically remove the bill, resolution or memorial from the unanimous consent calendar and return it to the calendar of the Committee of the Whole; provided, however, that a bill shall not be removed from the consent calendar for the purpose of proposing a strike everything after the enacting clause amendment. Bills, resolutions or memorials remaining on the unanimous consent calendar shall be placed on the Senate calendar.

4. A Senate calendar on which shall be placed all bills, resolutions and memorials reported with a "do pass" or "do pass amended" recommendation by the Committee of the Whole and all bills, resolutions and memorials remaining on the unanimous consent calendar pursuant to paragraph 3.

5. An active Senate calendar on which shall be placed those bills, resolutions and memorials designated by the President and drawn from the Senate calendar for consideration by the Senate on the order of business for the day.

B. Measures shall be reported by the Committee of the Whole in the order and manner in which disposed of by that committee, and those approved shall be placed upon the Senate calendar for third reading in the order established by the President, and retained on the Senate calendar until finally disposed of.

#### RULE 9 Decorum and Debate

A. When a Senator desires to speak, the Senator shall rise and address the Presiding Officer, and shall not proceed until the Senator is recognized, and the Presiding Officer shall recognize the Senator who shall first address the Presiding Officer. No Senator shall interrupt another Senator in debate without the Senator's consent, and to obtain such consent, the Senator shall first address the Presiding Officer.

B. The Senator who sponsors a measure, or the Senator's designee, shall have the right to open and close debate on such measure.

C. No Senator in debate shall, directly or indirectly, by any form of words, impute to another Senator or to other Senators any conduct or motive unworthy or unbecoming a Senator.

D. If any Senator, in speaking or otherwise, transgresses the Rules of the Senate, the Presiding Officer shall call the Senator to order; and when called to order the Senator shall sit down and not proceed without leave of the Presiding Officer or upon motion adopted by the Senate, that the Senator be allowed to proceed in order, which motion shall be determined without debate.

E. If a Senator be called to order for words spoken in debate, the exceptionable words shall, upon the demand of any Senator, be taken down in writing, and read at the table for the information of the Senate.

F. While the Presiding Officer is putting a question or addressing the Senate, no member shall walk out of or across the Chamber, nor, when a member is speaking, pass between the member and the Chair; nor remain by the Secretary's desk during the call of the roll for the counting of ballots; and the Sergeant at Arms is charged with the strict enforcement of this clause.

#### RULE 10 Roll Call and Quorum

A. Upon every roll call the names of the members shall be called alphabetically by the surname, except when two or more have the same surname, in which case the district designation shall be added; and after the roll has been once called, the Secretary shall call in their alphabetical order the names of those not voting or who failed to respond.

B. A majority of the Senators elected shall constitute a quorum.

C. If, at any time during a session of the Senate, a question shall be raised by any Senator as to the presence of a quorum, the President shall forthwith direct the Secretary to call the roll and shall announce the result, and these proceedings shall be without debate.

D. Whenever it shall be ascertained that a quorum is not present a majority of the Senators present may order a call of the Senate, which order shall be determined without debate, and pending its execution, and until a quorum shall be present, no debate or other motion, except to adjourn, shall be in order. Upon approval of the order to call the Senate, the President shall direct the Sergeant at Arms to request, and, when necessary, to compel the attendance of the absent Senators.

E. When a quorum is present, a call of the Senate may be ordered by the President or by a majority of the members present to compel the attendance of the absent members. The Sergeant at Arms shall forthwith proceed to bring in absent members until two-thirds of the members elected to the Senate are present.

F. When a vote is being taken using the electronic roll call system, the provisions of Rule 15.1 shall supersede any provision of this rule which is inconsistent therewith.

#### RULE 11 Motions

A. All motions shall be reduced to writing, if requested by the Presiding Officer or by any Senator, and shall be entered on the Journal with the name of the member making it, and shall be read before the same shall be debated.

B. Any motion or resolution may be withdrawn or modified by the mover at any time before a decision, amendment or ordering of Ayes and Noes, except a motion to reconsider, which shall not be withdrawn without leave of the Senate.

C. No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment.

D. When a motion or proposition is under consideration, a motion to amend and a motion to amend that amendment shall be in order, and it shall also be in order to offer a further amendment by way of a substitute amendment.

E. A question or an amendment containing two or more distinct and separate subjects may be divided upon the demand of any member. A motion to strike out and insert words, both relating to the same subject, and together accomplishing a single change in meaning, is indivisible.

F. When motions are made for reference of a subject to a select committee, or to a standing committee, the question of a standing committee shall be put first. A motion simply to refer shall not be open to amendment, except to add instructions.

G. Any motion improperly used for the purpose of delaying or obstructing business is a dilatory motion and may be ruled out of order by the Presiding Officer.

H. A motion to substitute a House bill for a Senate bill on third reading shall not be in order unless the Senate bill for which substitution is sought is identical to the House bill.

#### RULE 12 Previous Question (Vote Immediately)

When the previous question is moved, adopted and ordered, it shall have the effect to cut off all debate and bring the Senate to a direct vote upon the immediate question or questions on which it has been ordered. The previous question may be moved with reference to a single motion, a series of motions allowable under the rules, or an amendment or amendments, or may be made to embrace all authorized motions or amendments and include the bill to its passage or rejection. It shall be in order, however, pending the motion for, or after the previous question shall have been ordered, for a motion to be made to commit or to recommit, with or without instructions, to a standing or select committee.

#### RULE 13 Reconsideration

A. When a question subject to reconsideration has been decided by the Senate by a recorded vote, any Senator who voted on the prevailing side may on the same day or the next day of actual session thereafter move a reconsideration. When a question subject to reconsideration has been decided by the Senate by a non-recorded vote, any Senator may, on the same day or the next day of actual session thereafter, move a reconsideration. If the Senate shall refuse to reconsider, or upon reconsideration shall affirm its first decision, no other motion to reconsider the question shall be in order unless by unanimous consent. A motion to reconsider shall be decided by a majority vote of the members present, and a motion to lay it on the table shall not be in order. If the motion to reconsider passes, the question reconsidered shall be determined at such time as the President directs.

B. When a bill, resolution, report, amendment, order or measure, upon which a vote has been taken, shall have gone out of the possession of the Senate, and shall have been sent to the House of Representatives, the motion to reconsider shall be accompanied by a motion to request the House to return the same, which last motion shall be acted upon first, and without debate, and if determined in the negative shall be a final disposition of the motion to reconsider. If the motion to request return passes, the motion to reconsider cannot be considered until the question or measure is returned to the Senate by the House.

#### RULE 14 Bills, Resolutions, Memorials, Engrossed Copies and Amendments

A. Bills, resolutions and memorials may be introduced by a member or a committee by presenting the original and three copies of such bill, resolution or memorial, unless additional copies are ordered by the President, to the office of the Secretary prior to 3:00 p.m. of the day immediately preceding the day of actual introduction. The name of the sponsor or sponsors shall be on the attached signature page of the bill. Introductions "by request" shall be so designated.

B. A bill introduced in the Senate may be cosponsored by House members.

C. Bills, resolutions and memorials may be introduced during the first 22 days of a regular session and during the first 10 days of a special session. Thereafter, with the exception of death resolutions, introduction may be allowed only with the permission of the Rules Committee.

D. Bills, resolutions and memorials may be prefiled by any member-elect for introduction in the first regular session during the period following the certification of election of members by the Secretary of State until the first day of the first regular session. Bills, resolutions and memorials may be prefiled for introduction in the second regular session during the period from November 15 next preceding the second regular session until the first day of the second regular session. Bills, resolutions and memorials may be prefiled for introduction in any special session during the period following the Governor's Proclamation until the first day of the special session, provided the bill, resolution or memorial is germane to the call. A bill, resolution or memorial shall be prefiled in the same manner prescribed for introduction. Bills, resolutions and memorials prefiled for introduction pursuant to this rule may be first read on the first day of the session. The name of the sponsor or sponsors shall be on the attached signature page of the bill, resolution or memorial at the time of prefiling.

E. The original of a bill, resolution or memorial introduced in the Senate shall be designated by brown backing, endorsed "original" and shall remain in the possession of the Secretary. The chairman of each committee to which a bill, resolution or memorial is referred shall receive one copy endorsed "Committee Copy". Subsequent copies shall be endorsed and distributed as the President directs.

F. Unless otherwise ordered by the President, a sufficient number of copies of any bill, resolution or memorial shall be duplicated.

G. All bills prepared for introduction which propose to amend existing statutes shall show the new language in capital letters (upper case) and the deletions shall be shown in regular type (lower case), lined through. New language to be added to the statutes shall be in capital letters (upper case).

H. The original and two copies of each engrossed measure shall be on paper of durable quality and each page of the original and two copies shall be stamped with the blind embossed stamp of the Senate. All engrossed pages not having a full complement of typed lines shall be marked from the end of the typed page to within one inch of the end of such page. The original Senate engrossed copy shall have a red backing. An engrossed measure ready for the third or final reading shall not be subject to amendment.

I. Unless otherwise ordered by the President, the Senate shall provide the House and the Legislative Council with a sufficient number of copies of each amended engrossed Senate measure with a cover page or pages showing the page and line number of each adopted Senate amendment thereto. For Senate amendments to House measures the same number of copies shall be provided but may consist only of those pages containing the adopted Senate amendments and cover page or pages showing the page and line number of such Senate amendment. For unamended Senate measures the same number of cover pages shall be provided stating that the measure passed as introduced, which will be identical to the original and printed copies.

J. All bills, resolutions, memorials and engrossed measures shall be line-numbered and such numbering shall begin with the enacting clause. Uniform sized paper, 8 1/2" x 11" shall be used.

K. Amendments shall have uniform headings and shall read "amendments to" and shall be in the same form as the original bill. The amendment shall refer to page and line number only and when referring to more than one line shall read "lines . . . through . . .". If everything after the enacting clause is stricken the amendment shall read "strike everything after the enacting clause".

RULE 15  
Voting

A. When the Ayes and Noes are ordered, the names of Senators shall be called alphabetically, and each Senator shall without debate, declare the Senator's assent or dissent to the question, unless the Senator declares a personal financial interest in the question or is excused by the Senate, and no Senator shall be permitted to vote after the decision shall have been announced by the Presiding Officer, but may for sufficient reason change the Senator's vote prior to such announcement. No motion to suspend this rule shall be in order, nor shall the Presiding Officer entertain any request to suspend by unanimous consent.

B. When a Senator declines to vote on the second call of the Senator's name, the Senator shall be required to assign the Senator's reasons therefor. If the reason assigned is other than a personal financial interest in the question or a substantial interest as defined in the statutory code which is not a personal financial interest in the question, the Presiding Officer shall submit the question to the Senate: "Shall the Senator for the reasons assigned by the Senator, be excused from voting?" which shall be decided without debate; and these proceedings shall be had after the roll call and before the result is announced and any further proceedings in reference thereto shall be after such announcement.

C. When a vote is being taken using the electronic roll call system, the provisions of Rule 15.1 shall supersede any provision of this rule which is inconsistent therewith.

RULE 15.1  
Electronic Roll Call System

A. In all cases where a rule of the Senate refers to "roll call", "roll call vote" or "recorded vote", such reference shall be understood to refer also to the taking of the vote by an electronic roll call system.

B. When taking attendance or recording the Ayes and Noes on any question to be voted upon, the electronic roll call system shall be used, unless it is inoperative, and when so used shall have the same force and effect as a roll call taken as otherwise provided in the Senate Rules. This rule may be suspended by a majority of the members present in which case the roll shall be called in accordance with Rule 10.

C. When the Senate is ready to vote upon any question requiring a roll call and the vote is to be taken by the electronic roll call system, the Presiding Officer shall announce: "You have heard the (motion or third or final reading) of (the matter to be voted upon). Those in favor will vote aye. Those opposed will vote no. The system is now open. The Senate will now proceed to vote."

D. If a Senator declines to vote, the Senator shall state the reasons therefor as required by Rule 15-B and the system shall not be closed until every Senator who is present has voted, explained the reason for not voting or been excused from voting.

E. When sufficient time has been allowed the members to vote, the Presiding Officer shall announce: "Have all the Senators voted? The system will now be closed. The system is now closed. The Secretary will now record the vote."

F. A Senator may change his vote after the roll call system has been closed and before announcement of the result, and not thereafter.

G. The Secretary of the Senate shall immediately start the recording equipment and, when completely recorded, shall confirm the result to the Presiding Officer, who shall announce the same to the Senate. The Secretary shall enter the vote in the Journal.

H. No member shall be permitted to vote unless present in person to cast his vote. No member shall vote for another, nor shall any person not a member cast a vote for a member.

I. When a vote is being taken by the electronic roll call system, this rule supersedes any provision in the Senate Rules inconsistent therewith.

RULE 16  
Order of Business

A. Unless otherwise ordered, the Senate shall convene every legislative day at a time certain as determined by the President, receive a prayer by the chaplain, recite the pledge of allegiance and continue in session until recess or adjournment.

B. The order of business shall be as follows:

Business on the President's Desk  
Petitions, Memorials, and Remonstrances  
Orders of the Day  
Introduction and First Reading of Bills  
Reference of Bills  
Second Reading of Bills  
Reports of Standing Committees  
Reports of Select Committees  
Committee of the Whole  
Report of the Committee of the Whole  
Third Reading of Bills  
Other Business of the Senate

C. The President shall, upon each day, announce to the Senate the business in order, agreeable to the order of business contained in subsection B of this rule; and no business shall be taken up or considered until the class to which it belongs shall be declared to be in order, nor after the order to which it belongs is closed, except by order of the Senate. All questions relating to the order of business shall be decided by a majority of the members present without debate.

D. Every bill shall be read by sections on three different days, unless two-thirds of the Senate deem it expedient to dispense with this rule. The vote on the final passage of any bill or joint resolution shall be taken by Ayes and Noes on roll call. Final passage shall be the final disposition of a bill by the Senate.

E. The Presiding Officer shall give notice at each reading, whether it be the first, second or third reading, and a Journal entry of the same shall be made by the Secretary.

RULE 17  
Committee of the Whole

A. In forming a Committee of the Whole, the President shall leave the Chair after appointing a chairman to preside. The chairman so appointed shall preserve and maintain order.

B. The calendar of the Committee of the Whole shall be taken up in regular order, or in such order as the committee may determine by a suspension of the rules, unless the order of the bill to be considered was determined by the Senate at the time of going into committee, but bills for raising revenue and the general appropriations bill shall have precedence.

C. A majority of the members of the Senate shall constitute a quorum to do business in Committee of the Whole.

D. The rules of the Senate shall be observed in the Committee of the Whole so far as applicable.

E. In the Committee of the Whole, bills and resolutions shall be read by the Secretary and considered item by item, unless otherwise ordered by the committee, leaving preambles or titles to be last considered. The body of a bill shall not be defaced or interlined, but amendments shall be noted by the chairman or Secretary upon a separate piece of paper and reported to the Senate.

F. The proceedings of the Committee of the Whole shall be taken down by the Secretary of the Senate, acting as the Secretary of the Committee of the Whole. The chairman of the Committee of the Whole shall in the chairman's report set forth all actions of the Committee of the Whole.

G. When a bill or resolution is considered in the Committee of the Whole, the only regular motions which are in order are the following:

1. To propose amendments.
2. To limit debate.
3. To recommend.
4. To rise and report.
5. That the bill or resolution retain its place on the calendar.
6. That the bill or resolution be retained on the calendar.

H. A roll call vote shall be taken when a motion to recommend is defeated. No other roll call votes shall be taken in Committee of the Whole.

I. No proposed amendment in Committee of the Whole to strike everything after the enacting clause and insert new material shall be in order.

J. A motion to amend the Committee of the Whole report shall not be in order unless the proposed amendment to the report has been voted on in the Committee of the Whole.

#### RULE 18

##### Sitting as in Committee of the Whole

The Senate may by majority vote of the members present sit as in Committee of the Whole for consideration of any subject except if the subject is a bill, memorial or resolution which has been considered in Committee of the Whole, the consideration shall be limited to technical changes.

#### RULE 19

##### Journals

A. The proceedings of the Senate and of the Committee of the Whole shall be briefly and accurately stated in the Journal. Titles of all bills, resolutions and measures, and such parts as shall be affected by proposed amendments, readings, references, reports and every vote, motion and roll call, and a brief statement of the contents of each petition, memorial or paper presented to the Senate shall be entered on the Journal.

B. All confidential legislative and executive proceedings and the proceedings when sitting as a Court of Impeachment, shall be recorded in a separate book.

C. The protest or remarks of any Senator and reasons therefor shall be entered on the Journal, if presented in writing, but no protest or remarks shall exceed two hundred words in length without the consent of the Senate.

#### RULE 20

##### Proceedings on Nominations

A. When nominations shall be made by the Governor of the State to the Senate, they shall, unless otherwise ordered, be referred to appropriate committees, and a standing committee. If the nomination is referred to the Rules Committee, the committee, upon consideration, may recommend to the President that the nomination be further referred to another standing committee or may place the nomination on a list of nominations awaiting confirmation by the Senate. If the Rules Committee recommends that the nomination shall be placed on a list of nominations awaiting

confirmation by the Senate, the Rules Committee recommendation shall be dated and placed on each member's desk. If a member wishes during the first seven calendar days after action by the Rules Committee to object to the inclusion of the nomination without a hearing by a standing committee other than the Rules Committee, the member may do so by filing a protest in writing to the Secretary of the Senate during the seven day period. If a protest is filed, the President shall remove the nomination from the list and assign the nomination to an appropriate standing committee other than the Rules Committee. No nomination placed upon the list of nominations awaiting confirmation by the Senate shall be considered by the Senate until said nomination has remained on the list for seven calendar days. When a nomination is brought before the Senate, the final question on every nomination shall be, "Will the Senate advise and consent to this nomination?" which question shall not be put on the same day on which the nomination is received nor on the day on which it may be reported by a committee, unless by unanimous consent.

B. Nominations confirmed or rejected by the Senate shall not be returned to the Governor by the Secretary until the expiration of the time limit for making a motion to reconsider the same, or while a motion to reconsider is pending, unless otherwise ordered by the Senate by a majority of the members present.

#### RULE 21 Messages

A. Messages from the Governor of the State, or from the House of Representatives, may be received at any stage of proceedings, except while the Senate is dividing, or while the Journal is being read, or while the question of order or a motion to adjourn is pending.

B. Messages shall be sent to the House of Representatives by the Secretary, who shall previously certify the determination of the Senate upon all bills, joint resolutions and other measures which may be communicated to the House, or in which its concurrence may be requested, and the Secretary shall also certify and deliver to the Governor of the State all resolutions and other communications which may be directed to him by the Senate.

#### RULE 22 Amendments of the House

A. Any amendment by the House to any Senate bill shall be subject to one of the following motions or actions:

1. Concur in House amendment.
2. Refuse to concur in House amendment and appointment of Conference Committee, free or simple.
3. The President may refer the bill with the House amendment to a committee for study and recommendations of concurrence or refusal to concur.

B. Any amendment by the House which includes the addition of the emergency clause shall require a two-thirds vote of the members of the Senate for final passage with the emergency clause.

#### RULE 23 Conference Committees and Reports

A. Conference Committees may be either simple or free. A Simple Conference Committee shall be limited to points of disagreement between the two Houses and shall not add unrelated new material, except to conform the provisions to other sections of the bill, enactments of the current session or procedural requirements. A Free Conference Committee may recommend striking amendments, compromising, or inserting something entirely new except that a Free Conference Committee may not recommend striking everything after the enacting clause and inserting new material.

B. Every conference report shall be accompanied by a detailed statement sufficiently explicit to inform the Senate what effect such amendments or propositions, if any, will have upon the measure to which they relate. A copy of each Conference Committee report shall be placed on each member's desk a reasonable time before consideration of the report. The presentation of reports of committees of conference shall always be in order, except when the Journal is being read or a question of order or a motion to adjourn is pending, or while the Senate is dividing; and when received the question of proceedings to the consideration of the report, if raised, shall be immediately put, and shall be determined without debate.

C. A Free Conference Committee shall not take final action on a Free Conference Committee report unless the measure has been heard in a public hearing of the Free Conference Committee.

D. A Free Conference Committee report on a bill which includes conference amendments may, upon the filing of the report in the Secretary of the Senate's office, be reassigned by the President to the Committee on Rules. If assigned to the Committee on Rules, the Committee on Rules shall consider such report for constitutionality and proper form and the reasonable germaneness of conference amendments. A bill including any amendments shall be presumed to contain one subject if:

1. The resulting bill has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.
2. The resulting bill is a major revision of a program or agency and each of the provisions relates to the revision.
3. The bill offers only technical or conforming changes to the statutes.
4. The bill is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the bill.

E. Except as provided herein, conference committees shall consider a bill prior to Saturday of the week in which the ninety-seventh day from the beginning of each regular session falls. No conference committee shall meet to consider a bill after such time without the written permission of the President.

#### RULE 24 Parliamentary Practice and Procedure

Parliamentary practice and procedure in the Senate shall take precedence in the order listed:

1. Constitutional provisions.
2. Senate Rules.
3. Statutory rules and provisions.
4. The rules of parliamentary practice and procedure as contained in Mason's Manual of Legislative Procedure.
5. Senate customs and usages.
6. General parliamentary law.

#### RULE 25 Privileges of the Floor

A. Except by unanimous consent, or unless otherwise ordered by a two-thirds vote of the Senate, no person except members and officers of the Senate shall have the privileges of, or be admitted to the floor of the Senate Chamber at any time; provided, that the President may grant the privileges of the floor, subject to revocation in any instance by order of the Senate, to ex-members of the Senate, members of the House of Representatives and employees of the Senate. When the Senate is not in formal session, the President, upon application of a Senate Committee, may grant the use of the Chamber to such committee for a time certain for the purpose of holding committee hearings.

B. For the purpose of addressing the membership of the Senate while in session, the President may, upon request, approve such dignitaries as:

1. The President or past Presidents of the United States.
2. Members of the present United States Cabinet.
3. Ambassadors of or to the United States, and all present United States Senators and Congressmen.
4. The present Governor of Arizona.
5. The present Governor or Head of any other domestic or foreign state.

All other dignitaries may be introduced from the gallery or may be granted speaking time other than when the Senate is in session.

C. The main gallery shall at all times, except when the Senate is in closed executive session or the Senate or President shall order the galleries cleared, be open to the public, subject to the full observance of the rules of the Senate.

D. A press gallery shall be maintained, to which shall be admitted only duly accredited representatives of the press holding nontransferable cards issued by the President of the Senate and revocable at the discretion of the President of the Senate. Any press representative desiring admission to the press gallery shall make application to the President of the Senate for a pass, and shall accompany the application with a statement of facts of the representative's press connections, and with a request by the newspaper or news gathering organization with which the representative is connected, for such pass. Not more than one such representative at a time shall occupy a seat in the press gallery if such seat is desired by the representative of any other accredited newspaper or news gathering organization.

#### RULE 26

##### Legislative Representatives

A. Any person desiring to be heard concerning legislation in behalf of any person, firm, association, organization, company or corporation shall first make application in writing to the chairman of the committee, stating the bill the person desires to present arguments upon, and whom the person represents.

B. The chairman may issue a permit which shall give such person the right to file with the committee having under consideration the bill or legislation regarding which the permit has been issued, written or printed briefs, statements or arguments. If so notified by the committee through its chairman, the person may appear before the committee in open public hearing and present arguments and testimony at the pleasure of the committee. Chairmen of committees shall, on request, give information regarding the holding of public hearings, and the time and place of the same, and committees may hold such public hearings as they desire.

#### RULE 27

##### Length of Session

A. Except as provided herein, regular sessions shall be adjourned sine die no later than Saturday of the week in which the one hundredth day from the beginning of each regular session falls. The President may by declaration authorize the extension of the session for a period of not to exceed seven additional days. Thereafter the session can be extended only by the Senate by a majority vote of the members present.

B. If not considered in the regular session the General Appropriations bill, the General Capital Outlay bill and the University Capital Outlay bill may be considered in a special session which shall be called only for those purposes.

#### RULE 28

##### Amendment of Rules; Suspension of Rules

A. The Senate Rules may be amended upon vote of the majority of the members of the Senate.

B. The Senate Rules may be suspended by a vote of a majority of the members present.

RULE 29  
Code of Ethics

A. No member shall:

1. Intentionally solicit, accept or agree to accept from any source whether directly or indirectly and whether by himself or through any other person any personal financial benefit, including any gift, for himself or another upon an agreement or understanding that his vote, opinion, judgment, exercise of discretion or other action as a public official will thereby be influenced.

2. Disclose or use information designated by law as confidential in any manner prohibited by law.

3. Knowingly disclose or use, other than in the performance of his official duties, information gained as a result of his official position and which is not available to the general public, for his personal financial benefit or the financial benefit of any other person, including compensation from any employment, transaction or investment entered into that utilizes or is based upon such information.

4. Enter into any contract with a public agency for the sale of goods or services or have an interest in the profits or benefits of a contract entered into with a public agency by any other person or entity for the sale of goods or services, unless:

(a) The total gross annual income value of the contract is less than one thousand dollars, or

(b) The contract is entered into by a business of which the member, his spouse or any minor child of whom the member has custody, owns or controls, individually or combined, less than ten percent thereof, or

(c) The contract has been awarded through public and competitive bidding pursuant to law, or

(d) The subject of the contract between a member and a public agency is an appointment or employment for which an exception exists pursuant to article IV, part 2, section 4 or 5 of the Constitution of Arizona.

5. Appear for a fee on behalf of another person or entity before any public agency for the purpose of influencing such agency by use of threat to initiate or take an action in the discharge of his official duties that would be adverse to such agency.

6. Participate in any action of the Senate if the member has a substantial interest as defined in section 38-502, Arizona Revised Statutes.

B. For the purposes of this rule:

1. A member shall be deemed to "have an interest in the profits of a contract" if the contract is entered into by the member or his spouse or any minor child of whom the member has legal custody.

2. "Public agency" means all courts and any department, agency, board, commission, institution or instrumentality of this state but does not include counties, cities and towns or any other political subdivision.

3. "Business" includes any corporation, partnership, joint venture, sole proprietorship, business trust, enterprise, organization, trade, occupation or profession.

4. "Gift" includes any gratuity, special discount, favor, service, economic opportunity, loan or other benefit received without lawful consideration and not provided to members of the public at large but does not include political campaign contributions if such contributions are publicly reported as required by law.

5. "Fee" includes any compensation but does not include benefits received pursuant to law as a result of being a legislator.

RULE 30  
Personal Financial Interest

A. A member who anticipates taking an action in the discharge of his official duties in which he may have a personal financial interest shall:

1. Prepare a written statement describing the matter to be acted upon and the nature of the potential interest; and

2. Deliver a copy of the statement to the President, the Chairman of the Ethics Committee and the Secretary of the Senate. Such statement shall be retained by the Secretary of the Senate as a public record.

B. A member shall report a potential personal financial interest pursuant to subsection A as soon as the member is aware of such potential interest. If, however, such awareness occurs when the Senate is convened on the floor or during a meeting of a committee, subcommittee or caucus, a member shall report a potential personal financial interest as soon after the adjournment of that body as is practicable.

C. A member may abstain from taking any action in which he has a personal financial interest. Upon declining to participate in any legislative action on the floor, in committee or in subcommittee, the member shall, in addition to the requirements of subsection A, state his decision and the underlying reasons therefor and such decision shall be recorded in the Journal or minutes of that body.

D. A member in doubt as to the propriety of any action proposed to be taken by him and involving a potential personal financial interest under this rule may request the Ethics Committee to render an advisory opinion on the facts. The advisory opinion shall be issued not later than five days from the date of the receipt of that request and be filed with the President, the Chairman of the Ethics Committee and the Secretary of the Senate. Such opinion shall be retained by the Secretary of the Senate as a public record.

E. For the purposes of this rule:

1. "An action in the discharge of his official duties" means introduction, sponsorship, debate, amendment, passage, defeat, approval, consideration or any other official action on any bill, resolution, memorial, amendment, confirmation, nomination, appointment, report or any other matter pending or proposed in a committee, subcommittee, caucus or on the floor of the Senate.

2. A personal financial interest exists if it is reasonably foreseeable that an action in the discharge of his official duties will have a material financial benefit or detriment either directly or indirectly on the member, his spouse or any minor child of whom he has legal custody, except that no personal financial interest exists if the legislator or such member of his household is a member of a class of persons and it reasonably appears that a majority of the total membership of that class is to be affected by such action.

F. A member who has a substantial interest as defined by section 38-502, Arizona Revised Statutes, shall comply with title 38, chapter 3, article 8, Arizona Revised Statutes.

RULE 31  
Caucuses

All meetings of a party caucus consisting of members of the Senate shall be open to the public except organizational meetings to elect officers of the caucus and the Senate and meetings to discuss matters, including those permitted in executive session as set forth in section 38-431.03, Arizona Revised Statutes. Each caucus shall establish procedures for convening party caucuses.
