Freedom's Answer

The Cape May County Board of Elections works continuously to promote "Freedom's Answer" which was an organized drive for the youth of our country following the September 11, 2001 attacks on the United States. Started by non-partisan, youth leaders; their main goal was to promote more voting among younger adults through our nation's high schools with registration and voter promise drives as well as leading our youth to use patriotism as a character pillar.

On Election Day we offer multiple opportunities for local high school students to work in our office; answering phones, helping with our Vote by Mail processes and also throughout the county in polling places assisting board workers and voters in the machine and provisional process voting processes. If your child would like to join in the promotion of "Freedom's Answer" Please fill out the bottom portion of this letter with your son/daughter and return it to our office at the address listed above. Elections do take place during school hours therefore students will be provided with documentation for their school confirming their presence at our office or a polling place on Election Day.
