		Dimension and locate lumber or material used and sizes of stairs, stringers, treads, risers, and railings.

Answers to Frequently Asked Questions:

- You need a permit and plan review for any deck or structure you stand on, including "floating" decks.
- ➤ If your deck is more than 3 feet off grade, you will need Zoning review of your site plan.
- If your deck is more than 2 feet off grade, it will need a guard rail.
- ➤ If your deck is within 3 feet of the house, or serves an exit from the house, it will need frost depth footings 48 inches deep, whether it is attached to the house or "floating."
- > Footings must rest on undisturbed soil.
