

Affordable Multifamily Energy Efficiency Services

Reduce energy costs ▪ *Improve cash flow* ▪ *Increase tenant comfort*

Madison landlords and tenants, Green Madison has a team of experts to highlight existing energy efficiency resources available for apartment buildings! In partnership with Project Home and Focus on Energy, Green Madison serves as the single point-of-contact to assist multifamily building owners.

What is available to **YOU**:

- High quality customer service through a **single point of contact**
- Assistance in determining if you are eligible for weatherization assistance
- Low- or **no-cost energy assessment**
- **Cost-effective** energy saving recommendations
- Access to **utility incentives** for efficiency upgrades
- Free construction management services including bid solicitation and **Quality Assurance** of installation
