College Performance Measurement Framework By-law Changes

Council approved proposed by-law changes for public consultation. The changes stem from the [CPMF](#) requirements and would require that all candidates running for election to CRPO Council complete the orientation modules as part of the nomination process. They would also create a minimum waiting period for registrants who wish to run for election to CRPO Council after resigning from a responsible position with a psychotherapy professional association. For more information and to provide feedback, [click here](#).

Public Member Appointment

Council appointed Sherine Fahmy, newly appointed public member, to the Inquiries, Complaints and Reports; Nominations & Elections; and Quality Assurance Committees. All members of Council sit on the Discipline and Fitness to Practise Committees.

Executive Limitations Policy: Council Registrar Relationship

Council approve by consensus the Council Registrar Relationship policy. This is an operational policy that has been codified in order to hold CRPO accountable. The policy [is posted to the CRPO website](#).

Other items discussed:

- Regulatory risk
- Succession planning
- Board evaluation
