Dignity Health®

Welcome.
A notice to
our visitors.

All visitors are required to provide proof of a negative COVID test taken within the last 72 hours, or proof of being fully vaccinated against COVID-19 before visiting anyone in our care.

- Visitors who are visiting a patient in critical condition may be exempt from the vaccination and testing requirements.

- Visitors who are accompanying a pediatric patient, a support person in labor & delivery, a patient with physical, intellectual, and/or developmental disabilities or patient with cognitive impairments may also meet the exemption criteria.

- If you are a vaccinated visitor, you must show proof of vaccination. Acceptable forms of verification include: Vaccination Record Card, a picture or copy of your Vaccination Record Card with accompanying photo ID, Digital Vaccination Record, or documentation from a health care provider.

If you would like to receive your COVID-19 vaccine and help us protect our community, you can register for an appointment at **MyTurn.CA.gov**.

Thank you for helping us keep our community safe and healthy!

Effective August 12, 2021
