In FY2021, EDA awarded **\$4,377,666 in Economic Adjustment Assistance – FY2019 Disaster Supplemental funds to support the American Samoa Government** with purchasing four small fleet of modern and upgraded traditional-stylized commercial fishing vessels to support the growth of the local fishing fleet in Eastern District, American Samoa. The project assists with recovery efforts from Cyclone Gita by allowing one vessel to function as a training platform while the other three vessels function as business incubators.
