

**A Message from the IRIS Program**  
**IRIS Program Outlook**  
**February 2024**

The IRIS Program is committed to producing assessments in a timely and transparent manner. Table 1 describes assessments that are currently in development and their projected public release dates. The IRIS Program is providing this information so that stakeholders are aware of upcoming assessment products and to allow the public and research community an opportunity to communicate relevant research to EPA. When made public, the documents listed in Table 1 can be found at Regulations.gov in the IRIS public comment dockets. Docket numbers are listed on the IRIS website here: <https://iris.epa.gov/Dockets/>. While IRIS assessments are not proposed rulemakings, Regulations.gov serves as both an internal portal to facilitate public comment and as a document repository for Federal government agencies.

Projected dates are based on factors such as the scope of the assessment (e.g., size and complexity of a chemical's evidence base)<sup>1</sup> and resource availability. Nearer-term activities are estimated using current Fiscal Year (FY) and Quarter. Long-term milestones are projected only for the FY due to the increased uncertainty of projecting timelines at the Quarter level. While projected dates reflect the IRIS Program's best estimate at this time based on available information, they are subject to change. Changes to estimated dates typically result from additional time needed to address the scientific challenges unique to each chemical assessment, new data, or to respond to internal, public, and/or peer review comments, in addition to current EPA priorities and the availability of staff with the appropriate expertise to address those challenges. The IRIS Program Outlook is updated at least three times each calendar year (February, June, October).

For questions regarding the IRIS Program activities, visit the [Contact Us](#) page on the EPA Website. For press inquiries, visit EPA's Office of Public Affairs [website](#).

---

<sup>1</sup> The scope of IRIS assessments is generally presented in the IRIS Assessment Plan (IAP). Information regarding size of the evidence base and expected key areas of scientific complexity is available in these documents. For information on how IAPs are developed, please see the IRIS Handbook: [https://cfpub.epa.gov/ncea/iris\\_drafts/recordisplay.cfm?deid=356370](https://cfpub.epa.gov/ncea/iris_drafts/recordisplay.cfm?deid=356370).

**Table 1. IRIS Assessment Products/Activities – February 2024**

Assessment	Public Product(s)/Activity	Projected Date
<a href="#">Arsenic, Inorganic</a>	Systematic Review Protocol	<a href="#">Released on May 28, 2019 for a 30-day public comment period until June 27, 2019.</a>  <a href="#">NAS review meeting July 16, 2019.</a>
	Public Comment Draft	<a href="#">Released October 16, 2023 for a 60-day public comment period until December 15, 2023.</a>  <a href="#">Benchmark Dose (BMD) model code and BMD modeling output files released December 29, 2023 for a 15-day public comment period until January 16, 2024.</a>
	External Peer Review	Public External Peer Review Meetings held January 5 (pre-meeting) and January 24-26, 2024 (Face-to-Face). See the <a href="#">Science Advisory Board (SAB) website</a> for meeting materials.
	Final	TBD, pending delivery of SAB peer review report.
<a href="#">Chloroform (Inhalation)</a>	IRIS Assessment Plan	<a href="#">Released on September 18, 2017 for a 30-day public comment period until October 18, 2017.</a>  <a href="#">Public Science Meeting on September 27, 2017.</a>
	Systematic Review Protocol	<a href="#">Released on January 31, 2018 for a 30-day public comment period until March 2, 2018.</a>
	Public Comment Draft	FY24 Q3
	External Peer Review	FY24 Q4
<a href="#">Chromium VI</a>	Systematic Review Protocol	<a href="#">Released on March 15, 2019 for a 45-day public comment period until April 29, 2019.</a>  <a href="#">Public Science Meeting on April 24, 2019.</a>
	Public Comment Draft	<a href="#">Released on October 20, 2022 for a 60-day public comment period until December 19, 2022.</a>
	External Peer Review	See the <a href="#">SAB website</a> for the peer review report released September 27, 2023.
	Final	FY24

Assessment	Public Product(s)/Activity	Projected Date
<a href="#">Cobalt and Cobalt Compounds (Inhalation, Cancer)</a>	IRIS Assessment Plan and Protocol	<a href="#">Released on November 14, 2022 for a 30-day public comment period.</a>  <a href="#">Public Science Meeting on January 11, 2023.</a>
	Public Comment Draft	FY24 Q4
	External Peer Review	FY24 Q4
<a href="#">Ethylbenzene</a>	IRIS Assessment Plan	<a href="#">Released on September 18, 2017 for a 30-day public comment period until October 18, 2017.</a>  <a href="#">Public Science Meeting on September 27, 2017.</a>
	Systematic Review Protocol	<a href="#">Released on February 17, 2023 for a 30-day public comment period until March 20, 2023.</a>
	Public Comment Draft	FY26
	External Peer Review	FY26
<a href="#">Formaldehyde (inhalation)</a>	Public Comment Draft	<a href="#">Released April 14, 2022 for a 60-day public comment period until June 13, 2022.</a>
	External Peer Review	See the <a href="#">National Academies of Sciences, Engineering, and Medicine (NASEM) website</a> for the peer review report released August 9, 2023.
	Final	FY24
<a href="#">Inorganic Mercury salts</a>	IRIS Assessment Plan	<a href="#">Released on October 8, 2019 for a 30-day public comment period until November 7, 2019.</a>  <a href="#">Public science meeting on December 5, 2019.</a>
	Systematic Review Protocol	<a href="#">Released on March 11, 2021 for a 30-day public comment period until April 12, 2021.</a>
	Public Comment Draft	FY25
	External Peer Review	FY25
<a href="#">Methylmercury</a>	IRIS Assessment Plan	<a href="#">Released on April 4, 2019 for a 30-day public comment period until May 6, 2019.</a>  <a href="#">Public Science Meeting on May 15, 2019.</a>

Assessment	Public Product(s)/Activity	Projected Date
	Systematic Review Protocol	<a href="#">Released on May 28, 2020 for a 45-day public comment period until July 13, 2020.</a>
	Public Comment Draft	FY25
	External Peer Review	FY25
<a href="#">Naphthalene</a>	IRIS Assessment Plan	<a href="#">Released on July 5, 2018 for a 30-day public comment period until August 6, 2018; extended until September 5, 2018.</a>  <a href="#">Public Science meeting originally scheduled for August 23, 2018 held November 9, 2021.</a>
	Systematic Review Protocol	<a href="#">Released on March 17, 2023 for a 30-day public comment period until April 17, 2023.</a>
	Public Comment Draft	FY25
	External Peer Review	FY25
<a href="#">Nitrates/nitrites</a>	IRIS Assessment Plan	<a href="#">Released on September 18, 2017 for a 30-day public comment period until October 18, 2017.</a>  <a href="#">Public Science Meeting on September 27, 2017.</a>
	Protocol	<a href="#">Released on November 9, 2023 for a 30-day public comment period until December 11, 2023.</a>
	Public Comment Draft	TBD
	External Peer Review	TBD
<a href="#">Perfluorodecanoic Acid (PFDA)</a>	Systematic Review Protocol	<a href="#">Released on November 8, 2019 for a 45-day public comment period until December 23, 2019.</a>
	Public Comment Draft	<a href="#">Released on April 10, 2023 for a 60-day public comment period until June 9, 2023.</a>
	External Peer Review	See the <a href="#">IRIS PFDA website</a> for the peer review report released October 16, 2023.
	Final	FY24 Q3

Assessment	Public Product(s)/Activity	Projected Date
<a href="#">Perfluorohexanesulfonic Acid (PFHxS)</a>	Systematic Review Protocol	<a href="#">Released on November 8, 2019 for a 45-day public comment period until December 23, 2019.</a>
	Public Comment Draft	<a href="#">Released on July 24, 2023 for a 60-day public comment period until September 22, 2023.</a>
	External Peer Review	Public External Peer Review Meetings held February 26, 27, and March 1, 2024. See <a href="#">IRIS PFHxS website</a> for meeting materials.
	Final	TBD, pending delivery of peer review report.
<a href="#">Perfluorononanoic Acid (PFNA)</a>	Systematic Review Protocol	<a href="#">Released on November 8, 2019 for a 45-day public comment period until December 23, 2019.</a>
	Public Comment Draft	FY24 Q2
	External Peer Review	FY24 Q3
	Final	TBD
<a href="#">Polychlorinated Biphenyls (PCBs; Oral, Noncancer)</a>	Systematic Review Protocol	<a href="#">Released on December 19, 2019 for a 30-day public comment period until January 21, 2020.</a>
	Public Comment Draft	FY25
	External Peer Review	FY25
<a href="#">Uranium</a>	IRIS Assessment Plan	<a href="#">Released on January 31, 2018 for a 30-day public comment period until March 2, 2018.</a>  <a href="#">Public Science Meeting on March 22, 2018.</a>
	Protocol	<a href="#">Released on February 14 2024 for a 30-day public comment period until March 15, 2024.</a>
	Public Comment Draft	TBD
	External Peer Review	TBD

Assessment	Public Product(s)/Activity	Projected Date
<a href="#">Vanadium and Compounds (Oral)</a>	IRIS Assessment Plan	<a href="#">Released on July 24, 2020 for a 30-day comment period until August 24, 2020; extended until September 23, 2020.</a>  <a href="#">Public Science Meeting on August 19, 2020.</a>
	Systematic Review Protocol	<a href="#">Released on April 26, 2021 for a 30-day public comment period until May 26, 2021.</a>
	Public Comment Draft	FY25
	External Peer Review	FY25
<a href="#">Vanadium and Compounds (Inhalation)</a>	IRIS Assessment Plan	<a href="#">Released on May 28, 2021 for a 30-day public comment period until June 28, 2021.</a>  <a href="#">Public Science Meeting on July 14, 2021.</a>
	Systematic Review Protocol	<a href="#">Released August 28, 2023 for a 30-day public comment period until September 27, 2023.</a>
	Public Comment Draft	TBD
	External Peer Review	TBD
