Federally Employed Women

Voting Record Scorecard for the 117th Congress — First Session

Dear FEW Members:

We are thrilled to present this report of the 117th United States Congress voting record. The 117th Congress convened in Washington, D.C. beginning January 3, 2021, and ended on January 3, 2022, representing the conclusion of the presidency of Donald J. Trump and the beginning of the Presidency of Joseph R. Biden Jr. Three new Senators were sworn into Congress on or before January 20, 2021, and all 435 seats of the House of Representatives were filled at the conclusion of the election in November 2020.

This Federally Employed Women (FEW) Scorecard Report contains the five recorded votes that were acted upon by the United States House of Representatives and one recorded vote in the United States Senate. Based on these votes, FEW rates each lawmaker based on their actual recorded vote on bills that are identified within our three-tier Legislative Agenda. Scores are based on legislation that will either impact federally employed women, the federal workforce, or issues that align with a FEW's position. We also highlighted Members of Congress who received hearings in committees or votes in the House of Representatives on legislation that aligns with our goals.

There are no words that can express how thankful we are to the Members of Congress that voted for the FEW initiatives in our agenda. We are appreciative of their support and we are even more thankful to our members for their dedication and advocacy engagement. This helps us win.

Note: This Report is based on current legislation sent before Congress during this period in time. This list does not include all the legislators who have been and continue to support the issues that are important to FEW.

I hope that everyone reading this Report knows how important your awareness of decisions being made and brought before Congress are to you. That is why FEW provides this Report for your use in examining the past voting records of your Congressional Member of Congress and to inquire about the details behind their vote. This is another tool for you to use to speak with your legislator about their voting record. Let your representative know that you agree or disagree with the decisions regarding their votes and co-sponsorships of legislation that affect your employment, your health, and overall wellness. (To find your legislators, simply, visit the national website <https://www.few.org/cqengage/> page, then type in your zip code under the Elected Officials link.)

While this voting record is an important tool for your use in monitoring the actions of Congress, it should not be used as the sole reflection of a legislator's record. Therefore, this Report is neither an endorsement nor a condemnation of any Member of Congress's support.

I am very proud of the advocacy work of FEW members to move our Legislative Agenda forward. Although we are in unusual times with COVID-19 still looming, FEW has not stopped using our voice to support you. This term brought forth a major achievement from our Legislative Agenda with the passage of the 2021 National Defense Authorization Act (NDAA) enacted on January 1, 2021, which extended provisions of the Federal Employee Paid Leave Act (FEPLA). The 2021 NDAA helped us gain up to 12 weeks of paid leave and it expands paid parental leave coverage to several previously excluded federal workers and it applies to any birth, adoption, or foster placement occurring on or after October 1, 2020. As I conclude my term in office, I want us to remember that FEW is here as a premiere resource to provide information to help you make educated decisions and your membership helps strengthen FEW's footprint to make a bigger impact in supporting legislation that supports us.

The only way we can continue to soar to new heights is if we reach higher through our legislative program and achieve our strategic goal. As you will see in this Report, your participation has been priceless in strengthening our voice. What I know is true is that we are a purpose-driven organization full of compassionate members who are willing to help FEW get things done in monitoring and engaging in legislation for the benefit of women and federal workers. It has been a great privilege to serve during this extraordinary time and I thank you for allowing me to represent you.

Sincerely,
Karen M. Rainey
FEW National President

FEW Honorable Mentions
117th Congress – First Session

FEW highlights the Women’s Caucus.

The Congressional Caucus for Women’s Issues (Women’s Caucus) is a Congressional Member Organization (CMO) registered with the House Administration Committee; its membership includes the women Members of the House of Representatives.

*Thank you for your commitment and support
towards the advancement of women during the 117th Congress!*

[1] S.J.Res.13 A joint resolution providing for congressional disapproval under chapter 8 of title 5, United States Code, of the rule submitted by the Equal Employment Opportunity Commission relating to "Update of Commission's Conciliation Procedures"

June 30, 2021

A joint resolution providing for congressional disapproval under chapter 8 of title 5, United States Code, of the rule submitted by the Equal Employment Opportunity Commission relating to "Update of Commission's Conciliation Procedures"

Passed 228 - 200

(Dem: 48; Rep: 0; Ind: 2) - (Dem: 0; Rep: 48; Ind: 0)

(PRES: 0; NV: 2)

FEW supported this Bill because the Trump Administration's regulation would have required EEOC to provide reports to employers when employees made discrimination complaints to the EEOC. This jeopardizes the safety of minority groups and particularly women who could face retaliation and violence for coming forward with complaints of sexual harassment, sexism, and discrimination.

FEW's Position: YES

One (1) Vote Scored - Each vote counts as 100% of the total score. A member will only receive 100% if completely aligned with FEW's position on each vote. A non-voting member (NV) receives a 0% score for each bill FEW supports.
