FIBA Women's AmeriCup set to return to Mexico after 10 years

The FIBA Regional Office in the Americas and the Asociación Deportiva Mexicana de Básquetbol (ADEMEBA) announced that León, Guanajuato will be the host city for the FIBA Women's AmeriCup 2023. The event will take place from July 1st to the 9th with games to be played at the legendary Domo de la Feria. This is the second time Mexico will be hosting this elite event, the first was in Xalapa, Veracruz in 2013.

ADEMEBA, who recently celebrated the successful qualification of their men's national team to the upcoming FIBA Basketball World Cup 2023, will now witness their women's national team play at home and host the premier national team event of women's basketball in the Americas.

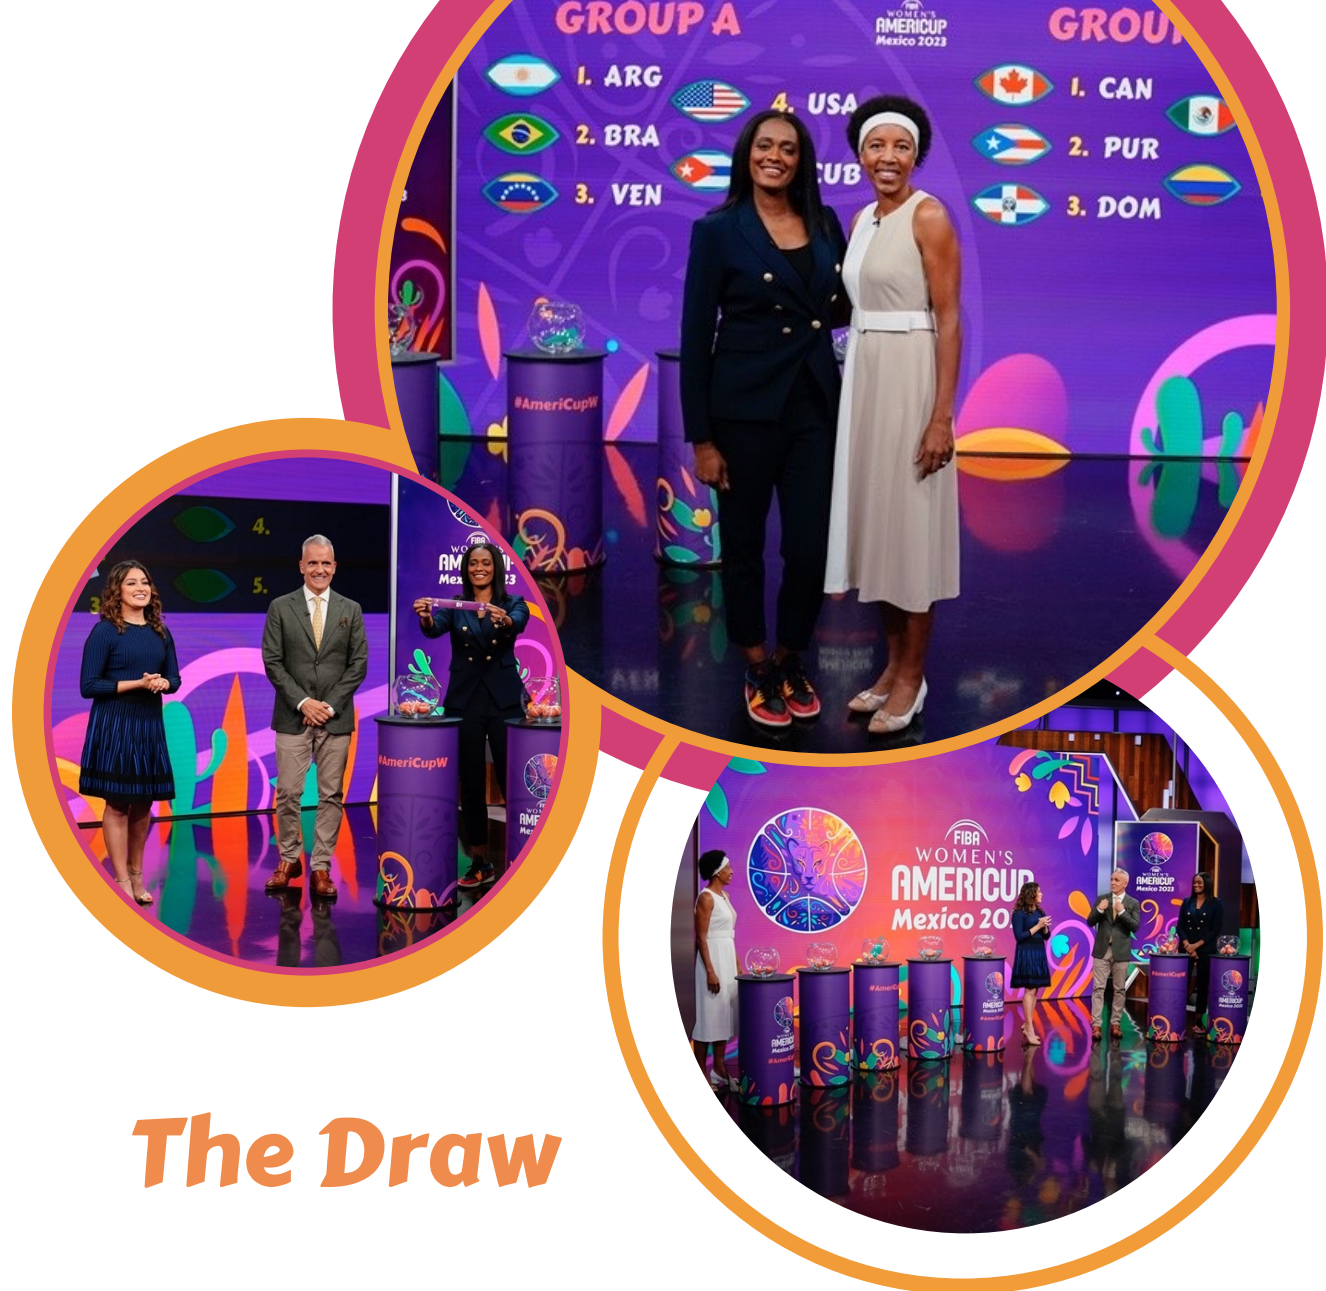

Ten teams will participate in this year's FIBA Women's AmeriCup 2023. Cuba, Dominican Republic, Puerto Rico, and the host nation Mexico are the four teams who qualified through the Centrobasket Women's Championships. The top four teams who qualified from the South American Women's Championship are Argentina, Brazil, Colombia, and Venezuela. Canada and USA will complete the 10 teams and be part of the field for this event.

The Official Logo

The FIBA regional office in the Americas in collaboration with the Mexican Basketball Federation presented the event logo that represents the culture and elements that characterize León de los Aldama, the host city in the Mexican state of Guanajuato.

The logo features a lioness specifically positioned in the middle of the design, which was inspired by the famous landmark, Arco Triunfal de la Calzada de los Héroes. Surrounding the lioness, you'll find emblematic colors that fill a Molten shaped ball. The logo and colors also help distinguish the growth and importance of the women's game across the region.

The Draw

Hosted by Tony Duffy and co-hosted by Moises Linares, the draw ceremony for the FIBA Women's AmeriCup 2023 took place on May 10 in Miami, Florida, USA.

Brazilian women's basketball legend Juneth Arcain and USA women's basketball icon Swin Cash joined the hosts as special guests to speak on the growth of women's basketball as the AmeriCup grows, and the opportunities that the sport has provided them.

City: Leon, Guanajuato

Leon is the most populous city in the Mexican state of Guanajuato, making it the fourth-most populous municipality in Mexico. Leon has a strong leather industry, offering shoes, boots, belts, jackets, and other leather accessories to national and international markets. It is also considered one of the most environmentally friendly cities in Mexico, in part because of integrating a network of bike lanes into the SIT system. In March 2012, it received an award as "City Water Champion", mainly due to great progress in the areas of sanitation, wastewater reuse, and energy cogeneration from biogas.

Venue: Domo de la Feria

Domo de la Feria is a 4,463-seat indoor arena located in Leon, Guanajuato.

Built in the mid-1980s, it is used primarily for basketball, and is home to the Abejas de León basketball team. It is part of the municipal fairgrounds, and is one of the primary venues of the annual Feria Leon.

In 2021, hosted the FIBA U16 Women's Americas Championship.
