Assets invested by the Investment Manager under the terms of this Contract may from time to time be invested in a money market mutual fund managed by the Investment Manager or local government investment pool managed by the Investment Manager (either, a "Pool"). EXHIBIT C INVESTMENT GUIDELINES

I. Authority

This investment guideline is for the purpose of implementing the statutory authorization for investing for operating and state and federal funds that are not governed by legal requirements in documents such as bond indentures. Section 420.507(8), F.S., authorizes Florida Housing Finance Corporation (Florida Housing) to invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in such investments as may be authorized for trust funds under s. 215.47, Fla. Stat. Authorized investments are further defined in s 420.503(3), F.S as being an investment permitted under s. 215.47(1) and (2).

II. Investment Objectives

Liquidity shall be maintained using investments for which there is an available secondary market. Subject to the requirements of safety of principal and maintenance of liquidity, all investments will be made striving to maximize portfolio return. Investment decisions must be based solely on pecuniary factors and may not subordinate the interests of the people of Florida to other objectives, including sacrificing investment return or undertaking additional investment risk to promote any nonpecuniary factor. VI. Downgrades (after purchase)

If an issuer's credit rating is downgraded to below the allowable purchase limits, the Investment Manager will communicate as early as is practicable but within three (3) business days to Florida Housing upon discovery thereof and recommend a course of action.

Upon notification from the Investment Manager of the downgrade, Florida Housing's CFO and/or the Comptroller may confer with the contracted financial advisor on the condition of the security and will assess the best approach to take with the security – sell or hold – based on the information provided by the Investment Manager and any information gathered independently.

The CFO or the Comptroller will contact the Investment Manager to go over the security analysis again and provide direction to the Investment Manager on what action, if any, to take with the security.

If held, the security condition must be revisited during the succeeding 30-day period by the CFO and/or the Comptroller, with input from the Investment Manager, to determine what action, if any, to take with the security. This process must be repeated on a regular basis as long as the downgrade condition exists.

If insufficient documentation is provided by the Investment Manager to support continued investment in the downgraded security, Florida Housing will advise the Investment Manager on what action to take regarding the security.

The communication to and from any of the parties to this process may be by phone, email or in person.

A security whose credit rating is downgraded, but not below the Investment Portfolio Guideline purchase restriction, is not subject to this downgrade process.
