FOR IMMEDIATE RELEASE
May 6, 2024

FLRA Launches New FOIA Processing System

The Federal Labor Relations Authority is pleased to announce that the Authority recently purchased and implemented new software to manage its Freedom of Information Act requests: FOIAXpress®. See 5 C.F.R. § 2411.5. FOIAXpress® is a document management software program developed by AINS, LLC d/b/a OPEXUS.

FOIAXpress® will assist the Authority in processing Freedom of Information Act requests more efficiently to better serve the public. While requests may continue to be submitted by e-mail and mail as in the past, following May 31, 2024, when submitting FOIA requests to the Authority, we encourage you to submit your request at [FOIA.FLRA.gov](https://www.foia.flra.gov). The website contains registration instructions. Once a new account is registered, FOIA requesters may sign in, access and download from the reading room documents provided in response to FOIA requests.

Any questions regarding FOIAXpress® or this new service may be directed to solmail@flra.gov.

###

The FLRA administers the labor-management relations program for 2.1 million non-Postal federal employees worldwide, approximately 1.2 million of whom are represented in 2,200 bargaining units. It is charged with providing leadership in establishing policies and guidance related to federal-sector labor-management relations and with resolving disputes under, and ensuring compliance with, the Federal Service Labor-Management Relations Statute.
