

BAKING COMPANY

PLEASE CARRY FORM

Dear Store Manager,

I am a dedicated shopper at your grocery store and I am writing to encourage you to carry Food For Life's _____ product(s) in your store.

Food For Life is a baking company that offers more than 60 plus products for people who are health aware or who have special dietary needs. They bake delicious breads, pastas, cereals, English muffins and tortillas. They also offer vegan, high fiber, sprouted grain, and yeast-free selections. Not to mention, they are home to the world famous Ezekiel 4:9® and Genesis 1:29® sprouted grain and seed-based products.

Most of their products are made with organic sprouted whole grains, are certified kosher, and are slow baked to preserve the nutrients. Food For Life products are absolutely delicious, and are the perfect option for the many people like me who are health aware with special dietary preferences.

Right now, I am ordering Food For Life's products online or not at all, which are lost dollars for your store. For information about Food For Life products, please visit their website at www.foodforlife.com

Please carry this product. Thank you in advance for acting on my request.

Sincerely, _____
