PURPOSE OF THE BILL

The purpose of H.R. 2085 is to approve an agreement between the United States and the Republic of Palau.

BACKGROUND AND NEED FOR LEGISLATION

The Republic of Palau is a small nation comprised of 340 islands¹ in the western Pacific Ocean located approximately 4,741 miles west of Hawaii,² 550 miles east of the Philippines, and 400 miles north of Papua New Guinea.³ The population of roughly 22,000⁴ lives on just 189 square miles of land, with the most populous island being Koror.⁵

¹ Of these islands, only 9 are inhabited. <http://www.palagov.pw/executive-branch/ministries/finance/budgetandplanning/physical-features/>.

Palau is a Freely Associated State (FAS), along with the Republic of the Marshall Islands and the Federated States of Micronesia.⁶ It was originally part of the Trust Territory of Pacific Islands administered by the United States under a United Nations resolution.⁷ From 1947 until 1951, the United States Navy controlled the Trust Territory until it was transferred to the Department of the Interior.⁸ By 1986, the U.S. dissolved the Trust Territory as the individual island nations determined their own political status. By October 1994, the result was the creation of three sovereign states in free association with the United States, including Palau, as well as a U.S. territory, the Commonwealth of the Northern Mariana Islands.⁹

To establish a political relationship with the new nations, the U.S. signed a compact of free association with each FAS, with varying review and renewal dates.¹⁰ Each compact has been reviewed and enacted into law by Congress.¹¹ These compacts created a unique relationship between the United States and these former trust territories. While the FASs are sovereign nations, and its citizens not U.S. citizens,¹² the FASs are eligible for assistance under many domestic U.S. programs,¹³ and the countries receive funding from the U.S. government in the form of grants and direct funding of trust accounts to provide for economic development and long-term budgetary self-reliance.¹⁴ In addition, FAS citizens have the right to work and live in the U.S. as nonimmigrant residents under the compact terms.¹⁵ The United States is also responsible for the defense of the FASs, but in return receives exclusive military use rights in these countries. According to the Department of Defense, the compacts have “enabled it to maintain critical access in the Asia-Pacific region.”¹⁶

The contribution of Palau to protecting important U.S. national security interests in the Western Pacific region has been echoed by the Assistant Secretary for Insular Areas of the Department of the Interior:

The [Palau] Compact provides U.S. military forces full authority and responsibility for security and defense matters in and relating to Palau. The United States has the extraordinary advantage of being able to deny other nations’ military forces or personnel access to Palau, an important element in our Pacific strategy for defense. The Compact has also helped strengthen democratic principles and economic stability in Palau, and stabilizing the larger Micronesia region which includes the U.S. territory of

In 1994, the U.S. entered into a 50-year compact with Palau, with a review mandated after 15 years.¹⁸ Palau's Compact of Free Association was enacted into law by Congress as Public Law 99-658.¹⁹ This agreement included provisions regarding the sovereignty of Palau, the types and amounts of U.S. financial assistance, security and defense authorities, and the establishment of a compact trust fund.²⁰ From 1999-2009, the U.S. provided Palau approximately \$574 million in compact assistance, including capitalizing a \$70 million trust fund and spending \$149 million for road construction.²¹

In September 2010, the Obama Administration and Palau renewed the 1994 Compact of Free Association.²² The amendments to the Compact included an additional \$229 million in direct economic assistance through 2024, including infrastructure grants, funding an infrastructure trust fund, and making changes to the compact trust fund.²³ H.R. 2085 approves the Compact amendments and amends Public Law 99-658 to execute the agreement. The changes include withholding funds from Palau under certain circumstances; transfers of funds from the Secretary of the Interior to implement the agreement; authorization of appropriations to fund postal services; the creation of an infrastructure maintenance fund and a requirement for matching funds from Palau; and a passport requirement. Because these Compact changes have not been formally adopted, since 2011, Congress has provided \$79 million annually to Palau, but has not contributed to the trust fund established under the original Compact of Free Association.²⁴

Following the Committee's action on H.R. 2085, portions of the bill approving the renewed compact were included in Public Law 115-91, the National Defense Authorization Act for Fiscal Year 2018.

COMMITTEE ACTION

H.R. 2085 was introduced on April 8, 2017, by Congresswoman Gregorio Kilili Camacho Sablan (D-MP). H.R. 2085—A bill to approve an agreement between the United States and the Republic of Palau, and for other purposes

Summary: H.R. 2085 would change and approve the agreement and appendices signed between the United States and the Republic of Palau on September 3, 2010, in connection with the Compact of Free Association between the two nations. The compact, agreements, and appendices that were approved in 1994 govern the political, economic, and military relationships between the United States and Palau.

CBO estimates that enacting the bill would increase direct spending by \$156 million over the 2018–2027 period. Because enacting the bill would affect direct spending, pay-as-you-go procedures apply. Enacting the bill would not affect revenues. CBO also estimates that if appropriated funds are provided, continuing federal services in Palau would cost \$108 million over the 2018–2022 period.

CBO estimates that enacting H.R. 2085 would not increase net direct spending or on-budget deficits by more than \$5 billion in any of the four consecutive 10-year periods beginning in 2028.

H.R. 2085 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA) and would impose no costs on state, local, or tribal governments.

Estimated cost to the Federal Government: The estimated budgetary effect of H.R. 2085 is shown in the following table. The costs of this legislation fall within all budget functions that provide services to Palau.

	By fiscal year, in millions of dollars—														2017– 2022	2017– 2027
	2017	2018	2019	2020	2021	2022	2023	2024	2025	2026	2027					
INCREASES IN DIRECT SPENDING																
Estimated Budget Authority	0	105	12	11	10	9	6	3	0	0	0	147	156			
Estimated Outlays	0	105	12	11	10	9	6	3	0	0	0	147	156			
INCREASES IN SPENDING SUBJECT TO APPROPRIATION																
Estimated Authorization Level	0	20	21	21	23	23	23	23	0	0	0	108	154			
Estimated Outlays	0	20	21	21	23	23	23	23	0	0	0	108	154			

Basis of Estimate: For this estimate, CBO assumes that H.R. 2085 will be enacted near the end of fiscal year 2017 and that spending will follow historical patterns for federal funds provided to Palau.

Direct spending

H.R. 2085 would modify the 2010 compact to specify and appropriate the amounts that the United States agrees to provide to Palau (\$140 million over the 2018–2024 period) and would specify an inflation factor to adjust those amounts. Those funds would be aimed at assisting the island with major infrastructure improvements and economic development. Accounting for the adjustments for inflation, CBO estimates that enacting H.R. 2085 would increase direct spending by \$156 million for assistance to Palau over the 2018–2024 period.

Spending subject to appropriation

H.R. 2085 also would authorize several federal departments to continue providing services to Palau through 2024, including the Departments of Agriculture, Commerce, Defense, Education, Health and Human Services, Interior, State, and Transportation. In addition, the bill would authorize the appropriation of \$1.5 million a year through 2024 for certain U.S. Postal Service expenses in Palau. Based on an analysis of information about the level of federal spending in the most recent financial audit of the island and accounting for anticipated inflation, CBO estimates that continuing those programs and services would cost \$108 million over the 2018–2022 period and a total of \$154 million through 2024.

Pay-As-You-Go considerations: The Statutory Pay-As-You-Go Act of 2010 establishes budget-reporting and enforcement procedures for legislation affecting direct spending or revenues. The net changes in outlays that are subject to these pay-as-you-go procedures are shown in the following table.

CBO ESTIMATE OF PAY-AS-YOU-GO EFFECTS FOR H.R. 2085, AS ORDERED REPORTED BY THE
HOUSE COMMITTEE ON NATURAL RESOURCES ON APRIL 27, 2017

	By fiscal year, in millions of dollars—														2017– 2022	2017– 2027

	NET INCREASE IN THE DEFICIT															
Statutory Pay-As-You-Go Impact	0	105	12	11	10	9	6	3	0	0	0	0	147	156		

Increase in long-term net direct spending and deficits: CBO estimates that enacting H.R. 2085 would not increase net direct spending or on-budget deficits by more than \$5 billion in any of the four consecutive 10-year periods beginning in 2028.

Intergovernmental and private-sector impact: H.R. 2085 contains no intergovernmental or private-sector mandates as defined in UMRA and would impose no costs on state, local, or tribal governments.

Estimate prepared by: Federal Costs: Matthew Pickford; Impact on State, Local, and Tribal Governments: Zachary Byrum; Impact on the Private Sector: Paige Piper/Bach.

Estimate approved by: H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.

This bill contains no unfunded mandates.

COMPLIANCE WITH H. RES. 5
