

TO MODIFY THE BOUNDARY OF VOYAGEURS NATIONAL
PARK IN THE STATE OF MINNESOTA, AND FOR OTHER
PURPOSES

DECEMBER 18, 2017.—Committed to the Committee of the Whole House on the State of the Union and ordered to be printed

Mr. BISHOP of Utah, from the Committee on Natural Resources,
submitted the following

REPORT

[To accompany H.R. 1350]

[Including cost estimate of the Congressional Budget Office]

The Committee on Natural Resources, to whom was referred the bill (H.R. 1350) to modify the boundary of Voyageurs National Park in the State of Minnesota, and for other purposes, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

PURPOSE OF THE BILL

The purpose of H.R. 1350 is to modify the boundary of Voyageurs National Park in the State of Minnesota.

BACKGROUND AND NEED FOR LEGISLATION

Voyageurs National Park, established in 1975, is a 218,200-acre national park located on the northern edge of Minnesota's border with Canada. The name Voyageurs commemorates the French-Canadian fur traders who were the first European settlers to frequently travel through the area. The Kabetogama Peninsula, which lies entirely within the Park and makes up most of its land area, is accessible only by boat. The Park is notable for its remarkable water resources and islands and is popular with canoeists, kayakers, other boaters, and fishermen.

The Bureau of Land Management (BLM) currently manages lands within the boundaries of the Park that were not transferred to the National Park Service (NPS) when the Park was established. H.R. 1350 formally transfers these BLM lands to the NPS. Enact-

ment of the legislation is expected to save agency time and taxpayer money by eliminating duplicative land management. In addition, this legislation resolves an outstanding land management issue faced by the State of Minnesota and Koochiching County by authorizing a land exchange between the State of Minnesota and NPS for certain State tax-forfeited tracts within the boundaries of Voyageurs National Park for an NPS-owned tract outside the Park boundary.

COMMITTEE ACTION

H.R. 1350 was introduced on March 2, 2017, by Congressman Richard M. Nolan (D–MN). The bill was referred to the Committee on Natural Resources, and within the Committee to the Subcommittee on Federal Lands. On December 12, 2017, the Natural Resources Committee met to consider the bill. The Subcommittee was discharged by unanimous consent. No amendments were offered and the bill was ordered favorably reported to the House of Representatives by unanimous consent on December 13, 2017.

COMMITTEE OVERSIGHT FINDINGS AND RECOMMENDATIONS

Regarding clause 2(b)(1) of rule X and clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee on Natural Resources' oversight findings and recommendations are reflected in the body of this report.

COMPLIANCE WITH HOUSE RULE XIII AND CONGRESSIONAL BUDGET ACT

1. Cost of Legislation and the Congressional Budget Act. With respect to the requirements of clause 3(c)(2) and (3) of rule XIII of the Rules of the House of Representatives and sections 308(a) and 402 of the Congressional Budget Act of 1974, the Committee has received the following estimate for the bill from the Director of the Congressional Budget Office:

U.S. CONGRESS,
CONGRESSIONAL BUDGET OFFICE,
Washington, DC, December 18, 2017.

Hon. ROB BISHOP,
*Chairman, Committee on Natural Resources,
House of Representatives, Washington, DC.*

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 1350, a bill to modify the boundary of Voyageurs National Park in the State of Minnesota, and for other purposes.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Janani Shankaran.

Sincerely,

KEITH HALL,
Director.

Enclosure.

H.R. 1350—A bill to modify the boundary of Voyageurs National Park in the State of Minnesota, and for other purposes

H.R. 1350 would authorize the National Park Service (NPS) to acquire and integrate new lands into the Voyageurs National Park in Minnesota through land exchanges with the state and local governments that own land within or adjacent to the park's boundaries. (Under current law, the federal government can only acquire lands from state or local governments through donation.) The bill also would authorize the transfer of administrative jurisdiction over certain lands within the park from the Bureau of Land Management to the NPS.

CBO expects that the properties to be exchanged by the NPS and the state and local governments under H.R. 1350 would be roughly equal in value. If the appraisals indicate that the parcels' values are different, however, existing law requires that the party receiving the more valuable land provide a cash equalization payment. If the NPS were to acquire land of a higher value than the federal land exchanged, CBO expects that the NPS would make a cash payment. Using information from the NPS, CBO expects that any costs to make any cash payment and to administer lands affected by the bill would not exceed \$500,000 in any year; such spending would be subject to the availability of appropriated funds.

Enacting H.R. 1350 could affect direct spending; therefore, pay-as-you-go procedures apply. Under the bill, if the NPS were to acquire land of a lower value than the federal land exchanged, the NPS would receive a cash payment to equalize the values; any such payments would be recorded as offsetting receipts, which are treated as reductions in direct spending. Using information from the NPS, however, CBO estimates that any such payment would not exceed \$500,000 in any year. Enacting H.R. 1350 would not affect revenues.

CBO estimates that enacting H.R. 1350 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2028.

H.R. 1350 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act.

On April 7, 2017, CBO transmitted a cost estimate for S. 502 as ordered reported by the Senate Committee on Energy and Natural Resources on March 30, 2017. The bills are similar, and CBO's estimates of the budgetary effects are the same.

The CBO staff contact for this estimate is Janani Shankaran. The estimate was approved by H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.

2. General Performance Goals and Objectives. As required by clause 3(c)(4) of rule XIII, the general performance goal or objective of this bill is to modify the boundary of Voyageurs National Park in the State of Minnesota.

Such reversion shall take effect upon the delivery by the Secretary of notice to the State respecting such failure to comply without further notice or requirement for physical entry by the Secretary unless an action for judicial review is brought in the United States Court of Appeals for the appropriate circuit within ninety days following such notice.
