

PRESERVING AMERICA'S BATTLEFIELDS ACT

DECEMBER 8, 2020.—Committed to the Committee of the Whole House on the State of the Union and ordered to be printed

Mr. GRIJALVA, from the Committee on Natural Resources,
submitted the following

R E P O R T

[To accompany H.R. 307]

[Including cost estimate of the Congressional Budget Office]

The Committee on Natural Resources, to whom was referred the bill (H.R. 307) to provide for partnerships among State and local governments, regional entities, and the private sector to preserve, conserve, and enhance the visitor experience at nationally significant battlefields of the American Revolution, War of 1812, and Civil War, and for other purposes, having considered the same, reports favorably thereon without amendment and recommends that the bill do pass.

PURPOSE OF THE BILL

The purpose of H.R. 307 is to provide for partnerships among state and local governments, regional entities, and the private sector to preserve, conserve, and enhance the visitor experience at nationally significant battlefields of the American Revolution, War of 1812, and Civil War.

BACKGROUND AND NEED FOR LEGISLATION

The American Battlefield Protection Program (ABPP) was created by the Secretary of the Interior in 1991, and officially authorized by Congress in 1996, to promote the preservation of significant historic American battlefields. The ABPP “focuses primarily on land use, cultural resource and site management planning, and public education”—enabling “current and future generations better understand the connection between military conflicts and important social and political changes that occurred in American his-

tory.”¹ The ABPP is administered by the National Park Service and comprises two competitive grant programs: the Battlefield Preservation Planning Grant Program and the Battlefield Land Acquisition Grant Program. These grant programs encourage private sector and state investment in battlefield preservation.

ABPP Battlefield Land Acquisition Grants help states and communities acquire and protect threatened historic battlefield land. Although the grants were originally limited to Civil War sites, the grant program was expanded in the 113th Congress to include battlefields from the American Revolution and War of 1812.² Since 1988, Battlefield Land Acquisition Grants have helped preserve land at more than 100 battlefields in nineteen states—protecting over 30,000 acres of battlefield land across the country.³ Antietam, Gettysburg, and Shiloh are just a few of the battlefields that have been preserved with grant funds.

Battlefield Land Acquisition Grants are awarded through a competitive process and require a dollar-for-dollar nonfederal match. Funding for grants is derived from the Land and Water Conservation Fund. Prior to H.R. 307, appropriations for the program were capped at \$10 million per fiscal year (FY) and authorized only through FY 2021.

H.R. 307, as reported, would have reauthorized the Battlefield Land Acquisition Grant Program through FY 2028 and increased the authorization to \$20 million per fiscal year. Increasing the funding cap enables state and local governments to acquire interests in eligible sites for their preservation and protection. Up to ten percent of that annual appropriation would have been made available for projects other than land acquisition, including up to \$1,000,000 available annually to nonprofits for programs that modernize battlefield interpretive and education programs through technology and up to \$1,000,000 available annually for grants to nonprofit organizations to restore sites to day-of-battle conditions.

On December 19, 2019, Congress passed H.R. 307, with modifications, as part of H.R. 1865. The president signed the bill into law on December 20, 2019.⁴ As enacted, the bill raised the Battlefield Land Acquisition Grant Program authorization from \$10 million to \$18 million through FY 2028. The enacted bill included a separate additional \$1 million authorization through FY 2028 for interpretation modernization grants to states, tribes, local governments, and nonprofits and a separate additional \$1 million annual authorization through FY 2028 for day-of-battle restoration grants to states, tribes, local governments, and nonprofits.

HEARINGS

For the purposes of section 103(i) of H. Res. 6 of the 116th Congress—the following hearing was used to develop or consider H.R. 307: legislative hearing by the Subcommittee on National Parks, Forests, and Public Lands held on May 22, 2019.

COMMITTEE OVERSIGHT FINDINGS AND RECOMMENDATIONS

Regarding clause 2(b)(1) of rule X and clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee on Natural Resources' oversight findings and recommendations are reflected in the body of this report.

COMPLIANCE WITH HOUSE RULE XIII AND CONGRESSIONAL BUDGET ACT

1. Cost of Legislation and the Congressional Budget Act. With respect to the requirements of clause 3(c)(2) and (3) of rule XIII of the Rules of the House of Representatives and sections 308(a) and 402 of the Congressional Budget Act of 1974, the Committee has received the following estimate for the bill from the Director of the Congressional Budget Office:

U.S. CONGRESS,
CONGRESSIONAL BUDGET OFFICE,
Washington, DC, December 18, 2019.

Hon. RAÚL M. GRIJALVA,
*Chairman, Committee on Natural Resources,
House of Representatives, Washington, DC.*

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 307, the Preserving America's Battlefields Act.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Sofia Guo.

Sincerely,

PHILLIP L. SWAGEL,
Director.

Enclosure.

		Contains private-sector mandate?	No

H.R. 307 would authorize the appropriation of \$20 million annually through 2028 for the American Battlefield Protection Program (ABPP), which is managed by the National Park Service. The ABPP provides grants to state and local governments to share the cost of acquiring eligible battlefield sites for preservation and protection. Under current law, \$10 million is authorized to be appropriated each year through 2021. Thus, relative to current law, the bill would increase the authorized amount by \$10 million in 2020 and 2021. (In 2019, the Congress appropriated \$10 million for the ABPP.)

Assuming appropriation of the authorized amounts and based on historical spending patterns, CBO estimates that implementing H.R. 307 would cost \$69 million over the 2020–2024 period and \$91 million after 2024. The costs of the legislation, detailed in Table 1, fall within budget function 300 (natural resources and environment).

EXISTING PROGRAMS

This bill does not establish or reauthorize a program of the federal government known to be duplicative of another program. APPLICABILITY TO LEGISLATIVE BRANCH

The Committee finds that the legislation does not relate to the terms and conditions of employment or access to public services or accommodations within the meaning of section 102(b)(3) of the Congressional Accountability Act.

PREEMPTION OF STATE, LOCAL, OR TRIBAL LAW

Any preemptive effect of this bill over state, local, or tribal law is intended to be consistent with the bill's purposes and text and the Supremacy Clause of Article VI of the U.S. Constitution.

(b) PURPOSES.—The purposes of this Act are—

(1) to act quickly and proactively to preserve and protect nationally significant battlefields of the American Revolution, War of 1812, and Civil War through conservation easements and fee-simple purchases of those battlefields from willing sellers; and
