Amend the title so as to read:

A bill to establish the New Philadelphia National Historic Site in the State of Illinois as a unit of the National Park System, and for other purposes.

PURPOSE OF THE BILL

The purpose of H.R. 820 is to establish the New Philadelphia National Historic Site in the State of Illinois as a unit of the National Park System.

BACKGROUND AND NEED FOR LEGISLATION

H.R. 820 would establish the New Philadelphia National Historic Site in Pike County, Illinois. As the first town platted and legally registered by an African American before the Civil War, New Philadelphia was listed on the National Register of Historic Places in 2005, designated as a National Historic Landmark in 2009, and included in the National Park Service (NPS) National Underground Railroad Network to Freedom program in 2013.

H.R. 820 would ensure permanent protections for the site and authorize the Secretary of the Interior to enter into cooperative agreements for the preservation and interpretation of non-federal lands within and around the site. The bill would also allow the Secretary to acquire lands, buildings, and structures for inclusion in the National Historic Site.

The significant archeological integrity of the town site presents the opportunity to address nationally significant research questions regarding societal relationships at New Philadelphia during a time

of racial strife. Currently, the New Philadelphia Townsite is used as an archeological preserve, with several portions of the townsite under private ownership.

COMMITTEE ACTION

H.R. 820 was introduced on February 4, 2021, by Representative Darin LaHood (R-IL). The bill was referred solely to the Committee on Natural Resources, and within the Committee to the Subcommittee on National Parks, Forests, and Public Lands. On April 21, 2021, the Subcommittee held a hearing on the bill. On July 14, 2021, the Natural Resources Committee met to consider the bill. The Subcommittee was discharged by unanimous consent. Ranking Member Bruce Westerman (R-AR) offered an amendment designated Westerman #1. The amendment was agreed to by unanimous consent. The bill, as amended, was adopted and ordered favorably reported to the House of Representatives by unanimous consent.

H.R. 820 would establish the New Philadelphia National Historic Site in Illinois as a unit of the National Park System and would authorize the National Park Service (NPS) to acquire about 42 acres of land by donation, exchange, or purchase. The NPS would need to develop a management plan for the park and enter into agreements with other landowners to identify, interpret, and preserve nonfederal land within or near the site.

Using information from the NPS, Pike County, Illinois, and other interested parties, CBO estimates that acquiring the land and developing a management plan would cost less than \$500,000 over the 2022–2026 period. CBO expects that more than half of the land would be donated; the remaining property would probably be purchased over the following five years. Any such spending would be subject to the availability of appropriated funds.

Once the NPS has acquired enough land to constitute a manageable unit, the agency could establish the site and would incur costs to operate and maintain the site's properties and facilities. Because of the uncertainty about when the land would be acquired, CBO has not estimated those costs.

The CBO staff contact for this estimate is Sofia Guo. The estimate was reviewed by H. Samuel Papenfuss, Deputy Director of Budget Analysis.

2. *General Performance Goals and Objectives.* As required by clause 3(c)(4) of rule XIII, the general performance goals and objectives of this bill are to establish the New Philadelphia National Historic Site in the State of Illinois as a unit of the National Park System.
