The Committee on Natural Resources, to whom was referred the bill (H.R. 7952) to authorize the Secretary of the Interior to issue a right-of-way permit with respect to a natural gas distribution pipeline within Valley Forge National Historical Park, and for other purposes, having considered the same, reports favorably thereon with an amendment and recommends that the bill as amended do pass.

PURPOSE OF THE BILL

The purpose of H.R. 7952 is to authorize the Secretary of the Interior to issue a right-of-way permit with respect to a natural gas distribution pipeline within Valley Forge National Historical Park.

BACKGROUND AND NEED FOR LEGISLATION

H.R. 7952 authorizes the Secretary of the Interior to issue a right-of-way permit to allow the movement of the natural gas pipeline segment from its current position to one currently proposed under a new roadbed being constructed east of the current road. Specifically, the areas of pipeline permitted to be moved include the stretch starting at the intersection of North Gulph Road with Richards Road and the point on Valley Forge Park Road located 500 feet northwest of its intersection with County Line Road.

The right-of-way permit will not allow for the expansion, upgrade, or improvement of the covered pipeline segment except for the safe operation and maintenance of the pipeline as may be required by law.

As part of a broader effort to develop and enhance the area around Valley Forge National Historic Park, the Pennsylvania Department of Transportation is working to realign and repave a road that runs through the Park’s entrance. Part of the project involves moving the current utilities under the current roadbed to the new roadbed. While the National Park Service (NPS) can permit the movement of other utilities—like electric or broadband—they are barred by statute from permitting the movement of the segment of the natural gas pipeline also under the current roadbed. If not rectified and permitted to move, the project could be further delayed, costing time and resources.

COMMITTEE ACTION

H.R. 7952 was introduced on June 7, 2022, by Representative Madeleine Dean (D-PA). On June 14, 2022, the Subcommittee held a hearing on the bill. On December 8, 2022, the Natural Resources Committee met to consider the bill. The Subcommittee was discharged by unanimous consent. Chair Raúl M. Grijalva (D-AZ) offered an amendment in the nature of a substitute. The amendment in the nature of a substitute was agreed to by unanimous consent. The bill, as amended, was adopted and ordered favorably reported to the House of Representatives by unanimous consent.

COMMITTEE OVERSIGHT FINDINGS AND RECOMMENDATIONS

Regarding clause 2(b)(1) of rule X and clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee on Natural Resources' oversight findings and recommendations are reflected in the body of this report.

COMPLIANCE WITH HOUSE RULE XIII AND CONGRESSIONAL BUDGET ACT

1. *Cost of Legislation and the Congressional Budget Act.* With respect to the requirements of clause 3(c)(2) and (3) of rule XIII of the Rules of the House of Representatives and sections 308(a) and 402 of the Congressional Budget Act of 1974, as well as clause 3(d) of rule XIII of the Rules of the House of Representatives, the Committee has received the following materials for the bill from the Director of the Congressional Budget Office:

Legislation Considered Under Suspension of the Rules

The Majority Leader of the House of Representatives announces bills that will be considered under suspension of the rules in that chamber. Under suspension, floor debate is limited, all floor amendments are prohibited, points of order against the bill are waived, and final passage requires a two-thirds majority vote.

At the request of the Majority Leader and the House Committee on the Budget, CBO estimates the effects of those bills on direct spending and revenues. CBO has limited time to review the legislation before consideration. Although it is possible in most cases to determine whether the legislation would affect direct spending or revenues, time may be insufficient to estimate the magnitude of those effects. If CBO has prepared estimates for similar or identical legislation, a more detailed assessment of budgetary effects, including effects on spending subject to appropriation, may be included.
