

Who is Eligible: Nominations are encouraged for new or reappointment of non-Federal public members who can provide the public and/or patient perspectives to discussions of issues considered by the Committee. Self-nominations and nominations of other individuals are both permitted. Only one nomination per individual is required. Multiple nominations for the same individual will not increase likelihood of selection. Non-Federal public members may be selected from the pool of submitted nominations or other sources as needed to meet statutory requirements and to form a balanced committee that represents the diversity within the muscular dystrophy communities. Nominations are especially encouraged from leaders or representatives of muscular dystrophy research, advocacy, or service organizations, as well as individuals with muscular dystrophy or their parents or guardians. In accordance with White House Office of Management and Budget guidelines (FR Doc. 2014–19140), federally-registered lobbyists are not eligible.

Committee Composition: The Department strives to ensure that the membership of HHS Federal advisory committees is fairly balanced in terms of points of view represented and the committee's function. Every effort is made to ensure that the views of all genders, all ethnic and racial groups, and people with disabilities are represented on HHS Federal advisory committees and, therefore, the Department encourages nominations of qualified candidates from these groups. The Department also encourages geographic diversity in the composition of the Committee. Appointment to this Committee shall be made without discrimination on the basis of age, race, ethnicity, gender, sexual orientation, disability, and cultural, religious, or socioeconomic status. Requests for reasonable accommodation to enable participation on the Committee should be indicated in the nomination submission.

Member Terms: Non-Federal public members of the Committee serve for a term of three years and may serve for an unlimited number of terms if reappointed. Members may serve after the expiration of their terms, until their successors have taken office.

Meetings and Travel: As specified by Public Law 113–166, the MDCC “shall meet no fewer than two times per calendar year.” Travel expenses are provided for non-Federal public Committee members to facilitate attendance at in-person meetings. Members are expected to make every

effort to attend all full committee meetings, twice per year, either in person or via remote access. Participation in relevant subcommittee, working and planning group meetings, and workshops, is also encouraged.

Submission Instructions and Deadline: Nominations are due by 5:00 p.m. ET on May 31, 2024, and should be sent to Glen Nuckolls, Ph.D., by email to nuckollg@ninds.nih.gov. Nominations must include contact information for the nominee, a current curriculum vitae or resume of the nominee, and a paragraph describing the qualifications of the person to represent some portion(s) of the muscular dystrophy research, advocacy, and/or patient care communities.

More information about the MDCC is available at <https://mdcc.nih.gov/>.

SUPPLEMENTARY INFORMATION: CBP invites the general public and other Federal agencies to comment on the proposed and/or continuing information collections pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). This proposed information collection was previously published in the **Federal Register** (89 FR 14672) on February 28, 2024, allowing for a 60-day comment period. This notice allows for an additional 30 days for public comments. This process is conducted in accordance with 5 CFR 1320.8. Written comments and suggestions from the public and affected agencies should address one or more of the following four points: (1) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) suggestions to enhance the quality, utility, and clarity of the information to be collected; and (4) suggestions to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic,

mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. The comments that are submitted will be summarized and included in the request for approval. All comments will become a matter of public record.

Overview of This Information Collection

Title: Regulations Relating to Copyrights and Trademarks.

OMB Number: 1651-0123.

Form Number: N/A.

Current Actions: Revision.

Type of Review: Revision.

Affected Public: Businesses.

Abstract: Title 19 of the United States Code section 1526(e) prohibits the importation of articles that bear a mark that is a counterfeit of a trademark that has been registered with the United States Patent and Trademark Office (USPTO) and subsequently recorded with U.S. Customs and Border Protection (CBP) through the e-Recordation Program. <https://iprr.cbp.gov/s/>. Pursuant to 15 U.S.C. 1124, the importation of articles that bear a mark that infringes a trademark or trade name that has been recorded with CBP is restricted pursuant to 19 U.S.C. 1595a(c)(2)(C). Likewise, under 17 U.S.C. 602 and 17 U.S.C. 603, the importation of articles that constitute a piratical copy of a registered copyrighted work that has subsequently been recorded with CBP is also prohibited. Both 15 U.S.C. 1124 and 17 U.S.C. 602 authorize the Secretary of the Treasury to prescribe by regulation the recordation of trademarks, trade names and copyrights with CBP. Additional rulemaking authority in this regard is conferred by CBP's general rulemaking authority as found in 19 U.S.C. 1624.

CBP officers enforce recorded trademarks, trade names and copyrights at all U.S. Ports of Entry. The information that respondents must submit in order to seek the assistance of CBP to protect against infringing imports is specified for trademarks under 19 CFR 133.2 and 133.3, and the information to be submitted for copyrights is specified under 19 CFR 133.32 and 133.33. Trademark, trade name, and copyright owners seeking border enforcement of their intellectual property rights provide information to CBP beyond that which they submitted to either the U.S. Patent and Trademark Office or the U.S. Copyright Office to obtain their registration. This revision adds the new e-Recordation online application, located at <https://iprr.cbp.gov/>.

E-Recordation applicants may provide as much additional information as they would like that would aid CBP in authenticating their genuine merchandise and distinguishing it from non-genuine merchandise, such as a Product Identification or Authentication Guides, lists of licensees and authorized manufacturers, and Applicants can supplement their application with additional information at any time by emailing the e-Recordation team at IPRRQuestions@cbp.dhs.gov. All information provided to CBP is housed in a secure database that can be viewed by CBP and Homeland Security Investigations personnel with a need to know. Limited information regarding the recorded trademark, trade name or copyright is published online to inform the public of which registrations are receiving border enforcement. <https://iprr.cbp.gov/s/>.

On December 15, 2017, CBP published a final rule in the **Federal Register** (82 FR 59511) regarding Donations of Technology and Related Support Services to Enforce Intellectual Property Rights. The final rule added 19 CFR 133.61 in a Subpart H to the CBP regulations which authorizes CBP to accept donations of hardware, software, equipment, and similar technologies, as well as related support services and training, from private sector entities, for the purpose of assisting CBP in enforcing intellectual property rights (IPR). A donation offer must be submitted to CBP either via email, to dap@cbp.dhs.gov, or mailed to the attention of the Executive Assistant Commissioner, Office of Field Operations, or his/her designee.

The donation offer must describe the proposed donation in sufficient detail to enable CBP to determine its compatibility with existing CBP technologies, networks, and facilities (*e.g.* operating system or similar requirements, power supply requirements, item size and weight, *etc.*). The donation offer must also include information pertaining to the donation's scope, purpose, expected benefits, intended use, costs, and attached conditions, as applicable, that is sufficient to enable CBP to evaluate the donation and make a determination as to whether to accept it. CBP will notify the donor, in writing, if additional information is requested or if CBP has determined that it will not accept the donation. If CBP accepts a donation, CBP will enter into a signed, written agreement with an authorized representative of the donor. The agreement must contain all applicable terms and conditions of the donation.

The respondents to this information collection are members of the trade community who are familiar with CBP regulations.

Overview of This Information Collection

Title: Arrival and Departure Record (I-94/I-94W) and Electronic System for Travel Authorization (ESTA).

OMB Number: 1651-0111.

Form Number: I-94, I-94W.

Current Actions: Revision.

Type of Review: Revision.

Affected Public: Individuals.

Abstract: CBP is implementing a new capability within CBP One™ to allow nonimmigrants who are subject to Form I-94 (“I-94”) requirements, and who are departing the United States, to voluntarily provide biographic data, facial images, and geolocation to provide evidence of that departure. This collection is a part of CBP’s critical efforts in fulfilling DHS’s mandate to collect biometric information from departing nonimmigrants and CBP’s plans to fully automate I-94 information collection. This capability will close the information gap on nonimmigrant entries and exits by making it easier for nonimmigrants subject to I-94 requirements to report their exit to CBP after their departure from the United States. It will also create a biometrically confirmed, and thereby more accurate, exit record for such nonimmigrants leaving the United States.
