SPECIFICATIONS

U.S. Government Publishing Office (GPO)
Dallas Regional Office
1100 Commerce Street
Room 731
Dallas, TX 75242

GPO CONTRACT TERMS: Any contract which results from this Invitation for Bid will be subject to the applicable provisions, clauses, and supplemental specifications of GPO Contract Terms (GPO Publication 310.2, effective December 1, 1987 (Rev. 01-18)) and GPO Contract Terms, Quality Assurance Through Attributes Program for Printing and Binding (GPO Publication 310.1, effective May 1979 (Rev. 09-19)).

SUBCONTRACTING: The predominate function of this contract is the printing of window/door graphics. The contractor may make contracts for the installation of all or any part of the work specified, including required pre-installation site visits. Accordingly, Contract Clause 6, "Subcontracts," of GPO Contract Terms (GPO Publication 310.2, effective December 1, 1987 (Rev. 01/18)), does not apply to this procurement.

PRODUCT: Complete window, door graphics for 47 USCG recruiting offices in the continental US plus the removal of existing graphics at 41 locations. See 'Description' for full details.

WARRANTY: The provisions of article 15, "Warranty", of Contract Clauses in GPO Contract Terms (GPO Publication 310.2, effective December 1, 1987 (Rev. 6-01)) are amended for orders placed under this section to the effect that the warranty period is extended from 120 days to THREE (3) calendar years from the date the check is tendered as final payment. All other provisions remain the same.

TITLE: U.S. Coast Guard Recruiting Office Window Branding.

QUANTITY: 47 locations in the United States totalling an approximately 485 windows/doors wrapped with approximately 7,145 square feet. This includes the removal of approximately 4,669 square feet of existing graphics at 41 locations. See DESCRIPTION for breakdown.

PAGES: See "DESCRIPTION"

SIZE: See "DESCRIPTION"

TRIM: See "DESCRIPTION"

DESCRIPTION: USCG Recruiting Office window/door wraps

Recruiting offices are broken down into small, medium and large facilities based on the total estimated square feet of window/door coverage required, as follows:

Small Recruiting Office (Up to 100 square feet). There are 11 locations with an average of 75 square feet coverage required and seven (7) windows/doors per location

Medium Recruiting Office (Over 100 up to 200 square feet). There are 26 locations with an average of 146 square feet coverage required and 10 windows/doors per location.

Large Recruiting Office (over 200 up to 400 square feet). There are 10 locations with an average of 253 square feet coverage required and 16 windows/doors per location.

PRINTING: All graphics print face only in four color process. Copy is text, reverses, solids, gradients, line art illustrations, photographs with 90-100% coverage and full bleeds. Window wraps will be viewed from the outside with a clear view of the outside from inside. Contractor MUST use UV inks for this contract (Fade Resistance: The inks used must not show any appreciable change in color after exposure in an Atlas Fadeometer for 680 standard fading hours or its equivalent).

After printing, and prior to installation, window graphics will be covered with a clear protective, fade resistant OPTICALLY CLEAR over laminate with a minimum thickness of 2 mil, per printed material manufacturer's recommendations.

Products will be produced via inkjet wide format digital printing provided that Quality Level 3 standards are maintained. Final output must be wet ink, pigment-based with an output minimum resolution of 1440 x 720 dpi plus a RIP that provides an option for high quality color matching such as Device Links Technology and/or ICC Profiles. Dry ink/toner printing is not acceptable.

MARGINS: In most cases, images will bleed to all edges. Contractor is responsible for bleeds. Include cost in quote.

Large Format: At contractor's option, the product may be produced via inkjet wide-format digital printing provided that Quality Level III standards are maintained. Final output must be wet ink, pigment-based. Dry ink/toner printing is not acceptable. Output must be at a minimum resolution of 1440 x 720 dpi plus a RIP that provides an option for high quality color matching such as Device Links Technology and/or ICC Profiles.

Existing window/door covering removal. There are 41 locations requiring material removal, ranging from small logos (8 locations) to one or two windows/doors (2 locations) to full graphics (31 locations). An approximate total of 4,669 square feet of material will require removal prior to preparing windows/doors for installation. See Atch C for removal locations.

PRE-INSTALLATION SITE SURVEY:

SURVEYS MUST BE SCHEDULED WITH EACH LOCATION PRIOR TO INSTALLATION.

Contractor must receive approval from each recruiting location on the distribution list to take measurements. Contractor is on notice that installation of graphics must be completed during regular business hours with a recruiter on site for monitoring. The contractor is responsible for the survey of each location to determine all measurements and make recommendations regarding inside or outside mounting options. Recommendations must be in writing and include the contractor's deciding factors in making the respective recommendation. Factors of consideration for recommendations should be, but is not limited to, opacity of the current window tint, location and probability of vandalism, Landlord and/or municipal regulations, and climate. The Government will review the contractor's recommendation and make the final decision for each location within two (2) working days of receipt of each recommendation. Email recommendations to: LT Steven J. Sarkees (steven.j.sarkees@uscg.mil and Jim Hunt (jhunt@gpo.gov).

See Atch A for a complete list of locations, and Attachment E-G for sample layouts of the three (3) location types.

GOVERNMENT TO FURNISH:

- Purchase Order
- Press Ready Adobe Acrobat PDF files, Adobe Photoshop (PSB) image files and Adobe Illustrator (AI) files, planograms or pictures for each location and an excel spread sheet with location addresses and potential install dates. SEE ATCH D-F.

ELECTRONIC MEDIA: Electronic Media: Various image formats for all logos such as .PDF, .AI, and .PSB. Contractor will adjust sizes, colors and image quality as required for each product. Include all costs in bid.

- PLATFORM: Unknown
- SOFTWARE: Unknown.
- COLORS: Full or four process color
- FONTS: All fonts are Embedded and/or Embedded Subset.
- OUTPUT: 150 line screen

NOTE: GPO Imprint does NOT print on this order.

ADDITIONAL INFORMATION:

- Contractor must have the ability to edit PDF files (when furnished by the Government).
- Contractor is not to request that electronic files provided be converted to a different format. If contractor wishes to convert files to a different format, the final output must be of the same or higher quality and at no additional cost to the Government.
- The contractor is cautioned that furnished fonts are the property of the Government and/or its originator. All furnished fonts are to be eliminated from the contractor's archive immediately after completion of the contract.
- Identification markings such as register marks, commercial identification marks of any kind, etc., except form number and revision date, carried in the electronic files, must not print on the finished product.
- Prior to image processing, the contractor shall perform a basic check (preflight) of the furnished media and publishing files to assure correct output of the required reproduction image. Any errors, media damage or data corruption that might interfere with proper file image processing must be reported to your contract administrator.
- The contractor shall create/alter any necessary trapping, set proper screen angles and screen frequency, and define file output selection for the imaging device being utilized. Furnished files must be imaged as necessary to meet the assigned quality level.
- When PostScript Files are not furnished - prior to making revisions, the contractor shall copy the furnished files and make all changes to the copy.
- Upon completion of this order, the contractor must furnish final production native application files (digital deliverable) and one "press quality" PDF file with the furnished media. Storage media must be MAC/PC compatible. The digital deliverables must be an exact representation of the final product and shall be returned on the same type of storage media as was originally furnished. The Government will not accept, as digital deliverables, PostScript files, Adobe Acrobat Portable Document Format (PDF) files, or any proprietary file formats other than those supplied, unless specified by the Government.

STOCK/PAPER: The specifications of all paper furnished must be in accordance with those listed herein or listed for the corresponding JCP Code numbers in the "Government Paper Specification Standards No. 13" dated September 2019.

3M 8170-P40 Scotchcal Perforated Window Film* – a calendared vinyl (monomeric), glossy with 60/40 perforated with water-based acrylic, pressure sensitive adhesive and paper liner.

*NOTE: Film is white on the image side and black on the adhesive side. This allows printing graphics to be seen on one side and still allows viewing through the window from the other side.

3M 8508 Scotchcal Gloss Overlamine, 2 mil, must be optically clear.

INK: Full or four process color using UV inks.

MARGINS: Follow margins in provided files. All items bleed to all edges.

PROOFS: Contractor to submit one Press Quality PDF soft proof (for content only) for each location. PDF proof must show department logo imposed on product. PDF proof will be evaluated for text flow, image position, and color breaks. Proof will not be used for color match. Contractor must call Jim Hunt at 214-767-0451, ext. 5 to confirm receipt.

Email proofs for each location or group of locations within two (2) days of site visit. Jacket 647-167 must appear in the "Subject" line of the email.

If the contractor cannot provide an acceptable set of PDF proofs by this date or within a reasonably sufficient time to allow for proof review and printing BEFORE THE ESTABLISHED DELIVERY DATE, he/she may be required to show cause as to why the contract should not be terminated for default.

The proofs will be checked for quality and compliance with these specifications, approved or approved with comments and the contractor will be notified within THREE (3) workdays after receipt. If, in the opinion of the GPO and/or Department, the proofs are not a true representation of the furnished copy, or contain noticeable defects they will be rejected, must be corrected and reproofed at no additional expense to the Government. The schedule stated elsewhere in these specifications CANNOT be extended to allow for such reproofing.

PRIOR TO PRODUCTION SAMPLES: After the PDFs are approved, contractor will install the first location in TO BE DETERMINED. This install will serve as Prior to Production sample and serve as the guideline for all subsequent installations.

DUE TO THE SIZE OF THE FINAL PRINTS THIS PROCUREMENT WILL REQUIRE THE FIRST LOCATION TO BE FULLY PRODUCED AND INSTALLED BEFORE CONTRACTOR CONTINUES WITH THE REMAINING 46 LOCATIONS. These will serve as a guide for the remainder of the contract.

Prior to the commencement of production of the contract production quantity, the contractor must provide one (1) complete sets graphics as prior-to-production samples, including installation no later than TBD. Each prior-to-production sample must be constructed as specified using the form, ink, equipment, and methods of production which will be used in producing the finished product. Paper used for samples must be of the size, kind, and quality the contractor will furnish.

The Government will approve, conditionally approve, or disapprove the samples within ONE (1) workday of the receipt thereof. Approval or conditional approval shall not relieve the contractor from complying with the specifications and all other terms and conditions of the contract. A conditional approval shall state any further action required by the contractor. A notice of disapproval shall state the reasons therefor.

If the samples are disapproved by the Government, the Government, at its option, may require the contractor to submit additional samples for inspection and test, in the time and under the terms and conditions specified in the notice of rejection. Such additional samples shall be furnished, and necessary changes made, at no additional cost to the Government and with no extension in the shipping schedule. The Government will require the time specified above to inspect and test any additional samples required.

In the event the additional samples are disapproved by the Government, the contractor shall be deemed to have failed to make delivery within the meaning of the default clause in which event this contract shall be subject to termination for default, provided however, that the failure of the Government to terminate the contract for default in such event shall not relieve the contractor of the responsibility to deliver the contract quantities in accordance with the shipping schedule.

In the event the Government fails to approve, conditionally approve, or disapprove the samples within the time specified, the Contracting Officer shall automatically extend the shipping schedule in accordance with Contract Clause 12, "Notice of Compliance With Schedules," of GPO Contract Terms (GPO Publication 310.2, effective December 1, 1987 (Rev. 01-18)).

Manufacture of the final product prior to approval of the sample submitted is at the contractor's risk. Samples will not be returned to the contractor. All costs, including the costs of all samples shall be included in the contract price for the production quantity.

All samples shall be manufactured at the facilities in which the contract production quantities are to be manufactured.

The prior-to-production samples must be delivered by the date specified above to the location TO BE DETERMINED after award.

CONTRACTOR TO FURNISH: All other materials and operation necessary to fulfill the contract requirements, including secure file transfer protocol (FTP) capability, and any necessary conversion program to transfer Government furnished files.

INSTALLATION: Complete pre-installation site visit and installation cost (time, travel, lodging and materials as required) must be included in bid. Installation must include all installation, graphics removal, cleaning requirements. Installations may require entry into a controlled area and contractor and installers must provide government furnished identification prior to arrival for approval. Contractor must be licensed, bonded and insured and provide proof of insurance as requested.

Installation may be subcontracted. Installer(s) MUST be "3M Certified" installers. Contractor assumes all liability for improperly installed items. NOTE: Contractor is responsible for prepping all installation surfaces. Follow all manufacturer applicable installation instructions.

PACKING: Pack ALL items to prevent damage in transit.

SCHEDULE: See "Notice of Compliance with Schedules", Clause 12, Contract Clauses, GPO Contract Terms, effective December 1, 1987, (Rev 1-18).
