**General Information**

The Student and Exchange Visitor Program (SEVP) will upgrade the Student and Exchange Visitor Information System (SEVIS) to Release 6.41. Attached is the SEVIS Release 6.41 Final System Changes document, which outlines the system changes that this release will implement. This upgrade requires an outage of the Production, Alpha and Beta test environments. See below for the outage details:

- The SEVIS Production, Alpha and Beta test environments will NOT be available from Friday, Oct. 26, 2018 at 8 p.m. EDT to Saturday, Oct. 27, 2018 at 12 a.m. EDT.

During the outage, users will not have access to the Production, Alpha and Beta test environments. SEVP will not send a follow-up email regarding system availability. Continue to monitor SEVP Broadcast Messages and the SEVIS message board for additional information about this outage.

If you have questions regarding any of the changes described in the attached notice, please contact the SEVP Response Center at 703-603-3400 or 800-892-4829, Monday through Friday, from 8 a.m. to 6 p.m. ET, except federal holidays.

**FOR BATCH USERS ONLY:**

SEVIS batch file processing will be unavailable until the scheduled upgrade is complete. Please refrain from uploading files in the Production environment during the outage. Files uploaded during the outage will generate an error and users will have to reupload those files once the Production environment is available.
