General Information

The Student and Exchange Visitor Program (SEVP) will upgrade the Student and Exchange Visitor Information System (SEVIS) to Release 6.46. There is no Final System Changes document for this release, as this is a maintenance release.

This upgrade requires an outage of the Production and Alpha and Beta test environments. See below for **outage** details:

- The SEVIS Production and Alpha and Beta test environments will NOT be available from **Friday, April 26, 2019 at 8 p.m. EDT to Saturday, April 27, 2019 at 12 a.m. EDT**

SEVP will not send a follow-up email regarding system availability. Continue to monitor the SEVP Broadcast Messages and SEVIS message board for additional information regarding this outage.

If you have questions regarding any of the changes described in this notice, please contact the SEVP Response Center at 703-603-3400 or 800-892-4829, Monday through Friday, from 8 a.m. to 6 p.m. ET, except federal holidays.

FOR BATCH USERS ONLY:

SEVIS batch file processing will be unavailable until the scheduled upgrade is complete. Please refrain from uploading files in the Production environment during the outage. Files uploaded during the outage will generate an error and users will have to reupload those files once the Production environment is available.
