

ITTF CALENDAR - EVENTS INCLUSION

The official [ITTF Calendar](#) includes all Events sanctioned in the ITTF Rankings (Senior, Youth and Teams) and other ITTF Events (Para, Masters, etc).

Events that aren't included in the rankings may be added to the Calendar if the following conditions are fulfilled:

1. The organizer of the Event requests the inclusion in the ITTF Calendar before the start date of the event by submitting [this form](#). It is highly recommended that the form is submitted with at least 3 months of anticipation.
2. The Event is organized according to the table tennis rules in the [ITTF Handbook](#).
3. Entries for the Event are accepted through ITTF Member Associations and are not open to the public.
4. Entries are not restricted by gender, ethnicity, religion or any other factor other than age or nationality for regional events.
5. The Event is not similar in nature to any other ITTF or WTT event.
6. There isn't a dates clash between the event and other sanctioned events in the rankings, except for non-Senior events taking place in different continents. Where a clash exists, ITTF reserves the right to decline inclusion.
7. The organizer of the Event understands that calendar inclusion does not come with other rights, including but not limited to use of the ITTF Group markings, references or association to the ITTF Group, unless otherwise granted.
