Dear Mr. Cashio:

This is in reference to the polling place change to the Gladden Tractor Shed in Ward 2, Precinct 1 of Pointe Coupee Parish, Louisiana, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act of 1965, as amended. Your submission was received on August 21, 1978.

On September 20, 1978, we advised you that the Attorney General interposed no objection to this polling place change, but that

"the Attorney General reserves the right to reexamine this submission if additional information that would otherwise require an objection comes to his attention during the remainder of the sixty-day period".

Since our letter of September 20, 1978, this Department has received information which has caused us to reevaluate this matter. On the basis of that further review and analysis, we can no longer conclude that the use of the Gladden Tractor Shed site as a polling place will not have a discriminatory effect on black voters in the precinct.

Dear Mr. Cashio:

This is in reference to the reconsideration of the October 20, 1978 objection pursuant to Section 5 of the Voting Rights Act, as amended, to the use of the Gladden Tractor Shed as the polling place in Ward 2, Precinct 1 of Pointe Coupee Parish, Louisiana. Your request for reconsideration was received on February 13, 1979.

As you know, the Attorney General only has the authority under Section 5 to object to voting changes that are made with a racially discriminatory purpose or that will have a racially discriminatory effect. Under this standard, we have considered the information you have provided to us, have conducted further inquiry of our own, and have reconsidered the information previously before us. On the basis of this analysis and review it is our conclusion that the Parish has satisfied its burden of proving that the use of the Gladden Tractor Shed as the polling place in Ward 2, Precinct 1 did not have a racially discriminatory purpose and has not had and will not have a racially discriminatory effect. In particular, the Gladden Tractor Shed appears to be more convenient to black residents of the precinct than had previously appeared to be the case. Accordingly, on behalf of the Attorney General, I am withdrawing the objection interposed on October 20, 1978. However, I feel a responsibility to point out that Section 5 of the Voting Rights Act expressly provides that the failure of the Attorney General to object does not bar any subsequent judicial action to enjoin the enforcement of the voting change in question.

Sincerely,

Brev S. Days III
