## **VISION**

To connect great employees with great companies by equipping Louisiana residents with all the tools they need to succeed.

## **MISSION**

We put people to work in fulfilling, family-sustaining careers by unlocking their potential with our extensive resources.

## **PHILOSOPHY**

The Louisiana Workforce Commission (LWC) is an aggressive advocate for a trained, viable workforce and is committed to employment strategies for Louisiana residents that respond to business and industry's workforce demands. LWC is dedicated to working closely with employers, employees and job seekers to meet their employment and training needs.

## **GOALS**

- Ensuring that all unemployment insurance and workers' compensation processes are efficient and customer-friendly.
- Increasing public awareness of the agency's robust resources.
- Lessening the training gap of a skilled workforce.
- Connecting residents with existing employers by providing excellent customer service.
- Engaging the agency's employees in our mission.

## **VALUES**

- Respect
- Integrity
- Accountability
- Commitment
- Adaptability

The Louisiana Workforce Commission, Office of Occupational Information Services, Research and Statistics Division, PO Box 94094, Baton Rouge, Louisiana 70804-9094 published this document for users and producers of occupational information. This booklet was printed in accordance with the standards for printing by state agencies established pursuant to RS 43.31.

John Bel Edwards, Governor  
J. Robert Wooley, Secretary

**Office of the Secretary**

Dear Reader:

The Louisiana Workforce Commission (LWC) aims to make Louisiana the best state in the country to get a job or grow a business. We want to help every person in Louisiana who wants a job to be able to get one with career potential. We have updated the Louisiana Licensing Guide with the latest statewide licensure information to help do exactly that.

This publication is designed to help students, counselors, program planners and anyone considering careers in Louisiana. For those interested in starting a business, this document provides information necessary to obtain a business license associated with particular occupations. People seeking occupational licenses in Louisiana will also find the essential information they need within this guide.

You can download this resource for free as a PDF at the LWC website, [www.laworks.net](http://www.laworks.net). After clicking on the "Workers" section at the top of the page, you will find this guide as the second item listed.

I want to thank the staff and leadership of all of the boards, commissions and state agencies listed within this guide for supplying up-to-date information. These contributions are essential to making this guide a useful tool, and to making sure that Louisiana truly is the best state in the country to get a job or grow a business.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Robert Wooley", with a horizontal line above it.

J. Robert Wooley  
Secretary

<b>Section IV: Glossary of Terms</b>	<b>165</b>

## Introduction and Scope

The 2023 Louisiana Licensing Guide was prepared by the Louisiana Workforce Commission's Office of Occupational Information Services. Designed for professionals, employers and individuals, it is a repository of licensing and regulatory requirements for many of Louisiana's professions and occupations.

The purpose of professional and occupational regulations is to protect the health, welfare and safety of the residents of Louisiana. Empowered by the people, the state government administers these regulations to ensure minimum standards are instituted and met by licensed, certified and registered practitioners.

This Guide includes:

- Most, although not all, occupations and professions in Louisiana requiring licenses;
- Contact information for the licensing and/or regulatory body for each occupation and profession;
- Basic information about occupational and professional regulatory requirements.

The Louisiana Licensing Guide also includes an assessment of labor market demand for each occupation in the form of Louisiana Star Ratings. Every occupation is assigned a Star Rating based on its prospects for providing a prosperous living for years to come. Star Ratings are a measure of wages, short- and long-term demand and actual job openings. The scale is one to five stars, with top occupations receiving five stars.

More than a reference manual, the 2023 Louisiana Licensing Guide is an indispensable tool for starting a career. It will help you find, understand, plan for and pursue the most promising occupations and professions Louisiana has to offer.

Job Description/Wage/Training & Education Data Source:  
Occupational Outlook Handbook and <https://online.onetcenter.org>

#### Training/Education

The job requires little more than a high school diploma. It is primarily clerical by nature. Employers prefer to hire those who are familiar with computers, and other electronic office and business equipment.

#### Requirements for License

- License authorizes individuals to measure and sample milk and cream.
- All persons engaged in measuring and sampling from farm bulk must first make application to the Commissioner of Agriculture and Forestry on a form prescribed by him. A written and practical examination is required.
- Must attend a training session conducted by the Department of Agriculture and Forestry and the Department of Health every two years.

### Training/Education:

**EMT-Paramedic** is the most advanced of the three, and training spans about 2 years most often resulting in an associate degree. At this level the caregiver receives additional training in body function and more advanced skills of emergency care. Formal training and certification is needed to become an *EMT Paramedic*.

**EMT-Basic** course work typically emphasizes emergency skills such as managing respiratory, trauma, and cardiac emergencies, and it is a prerequisite for *EMT Intermediate*. *EMT-Intermediate* learns a variety of skills such as heart rhythms, and administering advanced medications.

The *EMT-Intermediate* learns to give intravenous fluids and certain medicines.

### Requirements for License

#### Paramedic Emergency Medical Technician

- Must be state certified and a Nationally Registered EMT-Basic EMT-Intermediate or receive special exemption as granted by the Louisiana Bureau of EMS.
- Must demonstrate a 12th grade reading level and 10th grade math level for a standardized proficiency exam approved by the Louisiana Bureau of EMS.
- Must provide sponsoring agency with a statement (less than 6 months old) from physician attesting the physical ability of a student to perform duties of an EMT.
- Must not be a convicted felon unless reviewed by the National Registry, the Louisiana Bureau of EMS, and the

EMS Certification Commission.

### Basic Emergency Medical Technician

- Must successfully complete a Louisiana Bureau of EMS approved training program based on the United States Department of Transportation (DOT) curriculum for Emergency Medical Technician-Basic and must have received Louisiana State Certification and National Registry (NR) registration.
- Must be 17 years of age in order to enter the program, but 18 years old prior to taking the NR exam.
- Must have a high school diploma or GED or must be a state certified First Responder prior to taking the course and must be enrolled in good standing with their high school. Must demonstrate an eighth grade reading level for a standardized proficiency exam approved by the Louisiana Bureau of EMS, and must provide sponsoring agency with a statement (less than 6 months old) from student's physician attesting to:
  - Physical ability of student to perform duties of EMT.
  - Current immunization status as recommended by the Office of Public Health.
  - Freedom from communicable disease.
- All EMT-Basic training must be received from a training site approved by the Louisiana Bureau of EMS and meeting or exceeding the current DOT National Standard Curricula.
- Must take a written and practical exam.

### Intermediate Emergency Medical Technician

- Must have completed a Louisiana Bureau of EMS approved training program based on the 1984 United States Department of Transportation curriculum for Emergency Medical Technician, and received the Louisiana State Certification and National Registry Certification, and have a 10th grade reading level approved by the Bureau of EMS. Must be a **State Certified EMT-Basic** and a **National Registered EMT Basic** or have received special exemption as granted by the Louisiana Bureau of EMS.
- Must provide sponsoring agency with statement (less than 6 months old) from physician attesting to physical ability of student to perform duties of EMS; current immunization status as recommended to the Office of Public Health; and freedom from communicable disease.
- Must not have criminal felony record of conviction, or must have had their conviction reviewed by the National Registry, the Louisiana Bureau of EMS and the EMS Certification Commission.
- Prospective student may not be enrolled in any EMT training program if student has been dismissed from any other EMS training program for reasons other than academic failure within 2 years prior to start of current program.
- All EMT-Intermediate training must be received from a training site approved by the Louisiana Bureau of EMS and meeting or exceeding the 1984 DOT National Standard Curriculum. Students must attend 90 percent of the total hours of training.

### Training/Education:

A high school education, and 150 hours of Commission approved course work is necessary to pursue this field. Many firms offer training in real estate, but subsequently a large number of employers are leaning towards hiring those with some college background. Courses in real estate, business administration, marketing, statistics, economics, law, and English are all helpful in landing a good job as a broker.

### Requirements for License

- Must pass the real estate broker licensing examination administered by the national testing service currently under contract with the commission.
- Must already have a license and practice as a real estate salesperson for two years.

Initial License Fee(s)	Renewal License Fee(s)	Authorizing Statute
\$165	\$70	RS 37:1443

**Experienced Hourly:** \$38.21

Job Description/Wage/Training & Education Data Source:  
Occupational Outlook Handbook and <https://online.onetcenter.org>

#### Training/Education:

Entry into this field of study requires a minimum of a bachelor's degree in social work. However, a master's degree or higher is required to work in health and mental health settings.

#### Requirements for License

##### Licensed Clinical Social Worker (LCSW)

- Must be of good moral character.

## SOCIAL WORKER CONTINUED

- Must have a master's degree from a graduate school of social work.
- Must have completed at least 36 accumulated months of full-time postgraduate social work practice. Twenty-four (24) accumulated months of postgraduate social work experience shall be in a setting practicing social work under the supervision of a Board-approved clinical supervisor.
- Must pass the Board-approved exam.

### Graduate Social Worker (GSW)

- Must be of good moral character.
- Must hold a master's degree from a graduate school of social work.
- Must have passed an examination approved by the Board.
- The Board may issue a Provisional Graduate Social Worker Certificate to an individual who, except for passing the examination, has completed all requirements for certification as a graduate social worker. The individual may not hold the provisional certificate for more than three years from the issuance of the original certificate and the individual shall take an examination approved by the Board at least once a year.
- An individual certified as a graduate social worker or as provisional graduate social worker may engage in advanced social work practice based on the application of social work theory, knowledge, ethics, and methods to restore or enhance social, psychosocial or biopsychosocial functioning of individuals, couples, families, groups, organizations, and communities. The graduate social worker's or provisional graduate social worker's practice requires the application of specialized knowledge and advanced practice skills which include:
  - Prevention or Intervention, or both
  - Service or Treatment Planning and Evaluation
  - Case Management, Information and Referral Counseling
  - Employee Assistance Services
  - Addiction Services
  - Advocacy
  - Teaching
  - Research
  - Supervision
  - Consultation
  - Community Organization
  - Development, Implementation, and Administration of policies, programs, and Activities
- An individual practicing graduate level social work in Louisiana and who meets the qualifications set forth in the GSW section of the law and who wishes to continue the practice shall apply for certification under the provisions of this Chapter within one year subsequent to January 1, 2000.

### Registered Social Worker (RSW)

- Must be of good moral character.
- Must hold either a Bachelor of Social Work, Bachelor of Arts, or Bachelor of Science degree from an undergraduate social work program.
- An individual registered as a Registered Social Worker may engage in generalist social work practice based on the application of social work theory, knowledge, ethics, and utilizing problem-solving methods to restore or enhance social functioning. Social workers at this level shall work as an employee in an agency and shall not engage in advanced practice or in clinical social work.
- An individual practicing bachelor level social work in Louisiana and who meets the qualifications set forth in the RSW section of the law and who wishes to continue the practice shall apply for registration under the provisions of this Chapter within one year subsequent to January 1, 2000.
- At any time within one year of January 1, 2000, the Board shall register as a registered social worker any individual who files a verified application, accompanied by such fees as is required in R.S.37:2716 and who submits evidence verified by oath and satisfactory to the Board that the applicant complies with the requirements of the RSW section of the law.

**Training/Education:**

While some truck drivers may generally receive informal on-the- job training consisting of 1 or 2 days of classroom instruction, some can learn just by riding with more experienced drivers. However, drivers must receive additional training to drive special types of trucks or handle hazardous materials.

**Requirements for License**

- Department of Transportation (DOT) Physical.
- Proof of Insurance and valid driver’s license.
- Complete appropriate tests, if applicable.
- Must obtain a Commercial Driver’s License (CDL).
- In order to get a hazardous material endorsement, the applicant must have a finger-print based, background threat assessment performed by TSA (www.hazprints.com).

### Training/Education:

Prospective veterinarians must graduate from a 4-year program at an accredited college of veterinary medicine with a Doctor of Veterinary Medicine (D.V.M. or V.M.D.) degree and obtain a license to practice. Also, while many colleges do not require a bachelor's degree for entrance, all require a significant number of credit hours ranging from 45 to 90 semester hours at the undergraduate level.

### Requirements for License

- No person shall practice veterinary medicine in the state that is not a licensed veterinarian or the holder of a valid temporary permit issued by the Board.
- This Chapter shall not be construed to prohibit:
  1. An employee of the federal, state, or local government that is performing his official duties.
  2. A person who is a regular student in a veterinary school performing duties or actions assigned by instructors, or working under the direct supervision of a licensed veterinarian during a school vacation period.
  3. The following are hereby declared to be accepted livestock management practices and shall not require a license:
    - a. The collection of semen for quality evaluation of male equine or bovine species conducted for the purpose of processing or freezing of semen for use in artificial insemination.

## VETERINARIAN (DOCTOR of VETERINARIAN MEDICINE) CONTINUED

- A veterinarian regularly licensed in another state consulting with a licensed veterinarian in this state.
- Any merchant or manufacturer selling, at his regular place of business, medicines, feed, appliances, or other products used in the prevention or treatment of animal diseases.
- The owner of an animal and the owner's full-time regular employee caring for and treating the animal belonging to such owner, except where the ownership of the animal was transferred for purposes of circumventing this Chapter.
- A member of the faculty of a veterinary school performing his regular functions, or a person lecturing, or giving instructions or demonstrations at a veterinary school or in connection with a continuing education course or seminar.
- Any person selling or applying any pesticide, insecticide, or herbicide.
- Any person engaging in bona fide scientific research that reasonably requires experimentation involving animals.
- Registered equine dentists, as provided by Chapter 18-C of this Title, performing duties authorized by the Louisiana Board of Veterinary Medicine.

Initial License Fee(s)	Renewal License Fee(s)	Authorizing Statute

### Requirements for License

#### BURGLAR ALARM TYPE A AND A-1 FIRM REQUIREMENTS

- Must assure the general public of the competence of individuals and companies that offer electronic protective systems or services, relating to such alarms or systems for the general public, by establishing statewide uniform procedures and qualifications for the licensing of such individuals and companies.
- Each burglar alarm contracting company must be physically located within the boundaries of the state of Louisiana, and must not have a P. O. Box for a physical address. The main office and all branch locations must employ a separate Type B (for Type A firms) or G (for Type A-1 Firms) license holder that must live within 150 miles of the office he qualifies.
- Must submit a completed application including state and federal tax I.D. numbers and signatures of all owners, partners and or principals. Applications must have original signatures.
- Must submit a company check or money order made payable to the Office of the State Fire Marshal. No personal checks or cash will be accepted. Must have proof of a current Certificate of Insurance showing the policy number, address of office location and expiration date made out to the State Fire Marshal. A binder is acceptable, but the Certificate of Insurance shall be sent within 30 days. The amount of coverage should be no less than \$500,000.00 and should include: General Liability, Errors and Omissions, and Workers Compensation. The binder must show the same coverage. The words "Errors and Omissions" must be spelled out on the face of the insurance certificate.
- If a firm is incorporated, a copy of the Secretary of State Certificate must also be attached to other necessary documents.
- Must have an Occupational Permit from a local government for all companies regardless of type (Corporation, Individual, or Partnership) or location.
- You may contact the following offices to obtain required documents or information:
 

State Sales Tax ID#	(225) 925-7318
Federal Tax ID#	(800) 829-1040

<b>Email:</b>	<a href="mailto:administration@lslbc.louisiana.gov">administration@lslbc.louisiana.gov</a>
<b>Period of License:</b>	1 Year
<b>Minimum Age:</b>	18

### Requirements for License

- Licensing requirements exist for public and private construction contracts exceeding \$50,000 and for commercial construction. Also, projects consisting of more than two single residential homes or more than one single residential duplex, triplex, or fourplex require licensing.
- Must complete an application, and take the Business, Law, and Trade exam. For the examination a passing grade of 70 to 75 percent (depending on the exam) is required. Applicants must have a net worth of \$10,000.
- Must show 4 hours of continuing education in order to renew license.

### NONRESIDENT REQUIREMENTS

- Nonresident contractors must obtain a Certificate of Authority from the Secretary of State. Nonresident contractors and subcontractors must register with the Department of Revenue and Taxation if the contract is in excess of \$3,000.
- The contractor shall also post a bond or other surety in the minimum of \$1,000.

Initial License Fee(s)	Renewal License Fee(s)	Authorizing Statute

<b>Email:</b>	Not Available
<b>Period of License:</b>	1 Year
<b>Minimum Age:</b>	Not Applicable

#### Requirements for License

- There are two types of licenses, Class A and Class B.
- Must submit an application, fire and health approvals, zoning, and on-site inspection.
- The length of the licensing process is 30 to 90 days for an initial application.
- An initial application fee of \$25 is required with the application form. This nonrefundable fee will be applied toward the license fee when the facility's capacity is determined.
- After the completed application has been received by the Bureau of Licensing, the Bureau will request that inspections be made by the Office of the State Fire Marshal, Office of Public Health, Sanitarian Services, and any other appropriate local agencies (Zoning Department, City Fire Department, etc.). Even though the Bureau of Licensing makes these requests, it is the responsibility of the applicant to obtain the inspections and get the approvals.
- After the application form and initial fees have been received and processed, you will be contacted by the DSS Bureau of Licensing to schedule the initial inspection survey by a Licensing Specialist. All of the appropriate agencies listed above must give their approval prior to licensure and occupancy. Any additional licensure fees are due after the initial survey and prior to issuance of a license.

**Web site:** <https://sfm.dps.louisiana.gov/>

**Email:** [mike.polito@dps.la.gov](mailto:mike.polito@dps.la.gov)

**Period of License:** 1 Year

**Minimum Age:** None

### Requirements for License

#### Firm

- The State Fire Marshal issues a sprinkler permit to a fire protection sprinkler contractor upon approval of the application. The Sprinkler Permit must have a Certificate Holder that holds a NICET Level III or higher (<https://www.nicet.org/>) in Sprinkler Layout and Design to qualify the firm.
- A current copy of the contractor's insurance certificate made out to the State Fire Marshal must be attached with the application. The amount of coverage should be no less than \$1,000,000, and should include General Liability, Errors and Omissions, and Worker's Compensation. The Certificate of Insurance must include the policy number, date of expiration, and physical address of each contractor location. Contractor's operation of business must be noted in the description part of the insurance certificate.
- Must submit documentation from the Louisiana Secretary of State's Office if contractor is incorporated.
- Must submit Occupational License from a local government for all contractors (Corporation, Partnership, or Individual).

#### Employee

- Employees must hold a current certification as a NICET LEVEL III or IV (<https://www.nicet.org/>) in Sprinkler Layout. An inspector must pass a competency exam administered by the State Fire Marshal's Office.
- Must attach 2 color photographs of applicant that are one inch by one inch and shows the whole face. Failure to do so will result in a delay of the process. Application cannot be processed without the photos, dates, including the date of hire, and must have original signatures!
- Must submit a photocopy of the applicant's social security card and driver's license. This will enable the Office of the State Fire Marshal to verify required information in case of illegible handwriting.
- Certificate Holder must attach a copy of current NICET Card and sign and notarize the attached affidavit, for an initial application and or renewal.

Job Description/Wage/Training & Education Data Source: Occupational Outlook Handbook and <https://online.onetcenter.org>

## SPRINKLER CONTRACTOR CONTINUED

# LOUISIANA LICENSING GUIDE

## SECTION III

### REGISTERED APPRENTICESHIP PROGRAMS

- **Registered Apprenticeship in Louisiana**
- **Occupations Under Apprenticeship Programs**

## REGISTERED APPRENTICESHIP IN LOUISIANA

The Louisiana State Apprenticeship Law, (R.S. 23:381) authorizes establishment of a Registered Apprenticeship training program for a trade which provides at least two thousand hours of on-the-job training, coupled with a course of related and supplemental instruction consisting of a minimum of 144 hours per year. Participation in Louisiana's Registered Apprenticeship system is strictly voluntary and provisions of this law apply only to those organizations, which wish to have their programs registered with the state. Employers and other organizations, which participate as Apprenticeship program sponsors, do so because of their conviction that formal structured Apprenticeship programs produce better trained journeymen workers, and that having better trained workers results in greater cost effective productivity.

Administrative rules adopted under authority of the law requires that employers or organizations that wish to establish a formal Registered Apprenticeship training program must submit written standards detailing the specific terms of the training to be provided; which terms must include:

1. The planned duration of the training.
2. A work process listing the number of hours to be spent in each phase of the on-the-job training.
3. The curriculum of the required related instruction to be taught and the number of hours to be spent in such instruction.
4. The journeyman wage rate of the trade in which the apprentice is training.
5. The progressive schedule of wages to be paid to the apprentice as training progresses.

The staff of the Louisiana Workforce Commission – Labor Programs Section offers assistance to prospective program sponsors in developing standards for a training program and submits those proposed standards for review by the Louisiana State Apprenticeship Council. Upon approval of the standards, individual apprentice agreements are processed and apprentices are indentured to the particular program sponsor pursuant to the terms of the approved standards. Labor Programs Compliance Officers make periodic inspections of the program sponsors' facilities to determine if the apprentices are being trained in accordance with the approved standards and whether or not the program sponsor is maintaining proper records regarding the apprentice's on-the-job training hours, attendance of related instruction and payment of wages.

Upon successful completion of the training program, the apprentice is issued a certificate of completion from this office and is elevated to the level of journeyman for that training.

### LOUISIANA WORKFORCE COMMISSION OFFICE OF REGULATORY SERVICES – DIVISION OF APPRENTICESHIP

## SECTION IV

### GLOSSARY OF TERMS

## GLOSSARY OF TERMS

**Apprenticeship:** a learning by practical experience under skilled workers of a trade, art, or calling.

**Associate's Degree:** an academic degree conferred by a two-year college after the prescribed course of study has been successfully completed.

**Bachelor's Degree:** an academic degree conferred by a four-year college, university, or professional school, higher than an associate's degree, but lower than a master's degree.

**Certification:** a document certifying (attesting) that one has fulfilled the requirements of and may practice in a field.

**Doctorate or Doctoral Degree:** one of the highest academic degrees (as a Ph.D.) conferred by a university.

**Journeyman:** one who has fully served his apprenticeship in a trade or craft and is a qualified worker in another's employ.

**License:** official or legal permission to do or own a specified thing.

**Master's Degree:** an academic degree higher than a bachelor's, but lower than a doctor's degree.

**Permit:** a document or certificate giving permission to do something.

**Practicum:** a course of study designed especially for the preparation of teachers and clinicians that involves the supervised practical application of previously studied theory.
