LOVE THE WAY YOU BUILD

We all love to play and build, and there are as many ways to build as there are people in the world! **Page 24** introduces you to a LEGO® creator and the way they love to build – you will meet different creators in your next magazines too!

We also want to make sure the magazine is loved by as many of you as possible, so with the help of the experts at Special Networks we've been making some small changes that may make a big difference for some of you (like numbering comics to make them easier to follow).

Enjoy the magazine!

Need help? Find answers on page 27.

These feathered animals get their bright colour from the food they eat!

Mothers often hide their young in tall grass. Sometimes, they even play hide-and-seek with them!

This animal is called "The King of Animals" and has a fierce roar! You can hear it from up to 5 miles (8 km) away.

It's the world's tallest land animal. An adult male can grow to around 5.5 metres (18 ft).

LOVE THE WAY YOU BUILD

Hi, I'm Allyson Gail, a dog-loving, music-making, autistic LEGO® creator. Let me show you my unique LEGO builds to hopefully inspire you to build how YOU want.

I find inspiration in surprising places

I love recreating what's around me. For example, my fridge is not a normal fridge... it's filled with food that I recreated from LEGO® bricks!

I add faces to tell unexpected stories

Sometimes I think about my food builds as characters, so I add faces to make them come to life... like this avocado monster!

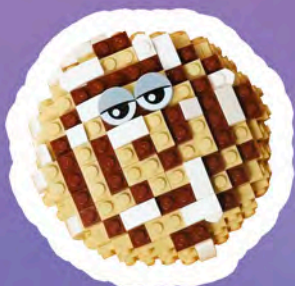

What food build could you turn into a character?

I find new ways to use my LEGO® bricks

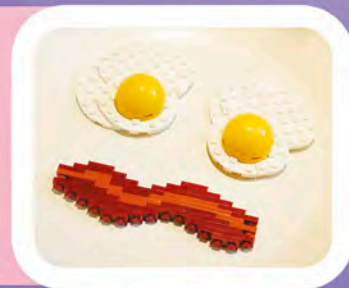

I love thinking of ways to use fun parts for things they're NOT supposed to be. The olives on this pizza build are actually LEGO® tyres!

How could you use your favourite LEGO piece in a new way?

I like making mistakes and experimenting

The more mistakes I make, the better I build, because it makes me think of different solutions. And if I get stuck, I take a little break to let my brain reset.

I think we should all build how we want

My top tip to all builders is: don't build what other people want, love the way you think and create whatever YOU want!

What would you love to build next?

Next issue of the LEGO® Life Magazine out in July!

Hi Max, I'm Laura and I am seven years old from the United Kingdom; I love building LEGO® sets. I recently put together the Fox Lodge set from the LEGO Minecraft® range. I really enjoyed putting the set together; as there were lots of animals, I had so much fun!

Hi Max, I built a LEGO® city for you. There are carpenters building and construction workers hanging upside down! And there's a dinosaur walking through the city! But don't worry, it's a friendly dinosaur!

Jake

HI LAURA!
IT'S GREAT THAT YOU LOVE ANIMALS. I LOVE THEM TOO! AND I'M SURE YOUR BUILD WAS IMPRESSIVE. CHECK PAGE 20 ON HOW TO SHARE YOUR CREATIONS WITH US!

WOW JAKE,
THAT'S A REALLY AMAZING CITY YOU BUILT! THAT FRIENDLY DINO IS SUPER COOL! REMEMBER, WE LOVE RECEIVING YOUR LETTERS. KEEP SENDING THEM!
