

STATE ELECTIONS 1896.

The political party platforms follow in the order prescribed by the 1893 general election law for position of party candidates' names on official ballot, *i. e.* The party candidates' names of the party casting the highest vote at the last preceding general election is placed at head of list of candidates for the different offices, the party candidates of party casting the next highest vote second, and so on.

REPUBLICAN STATE PLATFORM.

DECLARATION OF PRINCIPLES ADOPTED JULY 1, 1896, AT THE REPUBLICAN STATE CONVENTION, AT ST. PAUL.

The Republicans of Minnesota, in convention assembled, renew their fealty to the principles of the Republican party, which has brought honor and prosperity to the nation in the past, and is the hope of the people to relieve them from the Democratic distress of the present. We submit the following declarations of principle:

We favor the use of both gold and silver to the extent to which they can be maintained in circulation at a parity in purchasing and debt-paying power; and we are earnestly opposed, under the present conditions, to the free and unlimited coinage of silver, for the manifest reason that it would destroy such parity, erroneously contract the volume of our currency by forcing gold out of circulation and immediately place us on a silver basis. Believing, also, that it is a self-evident fact that the effect of the international demonetization of silver can be overcome only by international remonetization of that metal, the Republican party of Minnesota most heartily favors an international conference for that purpose.

The Republicans of Minnesota, in convention assembled, rejoice in the near approach of the day when, with the restoration of the Republican party to power in all branches of the government, will return the prosperity which terminated in 1892. In the language of him whose memory is enshrined in the heart of every Republican, we are in favor of a "tariff duty on foreign importations, producing sufficient revenue for the support of the government, and so adjusted as to protect American industries." We demand the restoration of the principle of reciprocity as a national policy, and favor as the logical correlative of our protective tariff laws such treaty stipulations with foreign countries as will provide a profitable market for our surplus products and enable us to buy from them on terms mutually advantageous.

The Republicans of Minnesota, in convention assembled, assert their belief in the policy of the United States as declared by James Monroe and by every one of our statesmen since. They also declare their conviction that the people of Cuba ought to be recognized as belligerents. Believing thoroughly in the doctrine of arbitration between nations, they nevertheless should have a sufficient system of coast defenses and such other naval and military precautions as will surely make us able to secure peace by our manifest invincibility in war.

DEMOCRATIC-PEOPLES STATE PLATFORM.

1896.

1st. The Democracy of the State of Minnesota, in convention assembled, hereby re-affirms the platform recently adopted at Chicago, and hereby approves its selection of candidates, Bryan and Sewall, for the high offices of president and vice-president.

2nd. We further denounce the platform of the Republican party on the all-absorbing issue of the day, namely, honest money. It proposes to favor bimetallism, yet it proposes to submit the question to other leading nations, when it well knows that those nations are solidly in favor of the continuation of the present gold standard. The question therefore now before the people is whether we shall be obliged to remain on the gold standard, with all its destructive tendencies, or whether we shall follow the traditional policy of the United States and hold both gold and silver to be the standard money of our people, freely coined on the old legal ratio of 16 to 1. On this all-important question we earnestly invite the co-operation of every citizen who is anxious for the future prosperity of the country.

3rd. We demand that the policy which for the past thirty-eight years has controlled the legislation of our state and the administration of its institutions and affairs be now changed. Wrongs older than a generation remain to be redressed. No state can prosper which commits for so long a period its affairs to the same political party. We now congratulate the people that this long period of misgovernment is about to end, and that the people are now ready to resume their right of honest government and the reform of all abuses.

4th. We denounce the Republican party of the state for its subservency to corporations, rings and trusts and its total disregard of the great producing masses, the middle classes, the common people, farmers, mechanics and laboring men. We hold that these latter classes should especially receive the fair and first consideration of the legislative and executive powers of the state. We pledge the people, if given authority, that corporate and monopolistic selfishness, greed and power shall not control our conduct, and that, while we have no desire to strike down or injure in the slightest degree vested rights, we will see to it that the rights of the common people shall not be trenched upon, but jealously guarded.

5th. The ballot is the weapon of American freemen, and the sacredness of the ballot can only be preserved by its secrecy. We unqualifiedly condemn all efforts of corporate or private employers to inquire into or investigate and uncover the true sentiments of the voting employe; thus by a covert threat challenging his vote and neutralizing his influence, and making him tributary to interests which may be opposed to the interests of the people.

6th. The constitution provides that taxation of property shall be as nearly equal as possible. We therefore demand that iron mines and unused railroad lands be required to pay a fair and just tax in the same manner that other property is taxed.

7th. We are furthermore opposed to the struck jury law, and demand its repeal.

8th. We demand an amendment to the constitution of the United States providing that the election of president, vice-president and United States senators be by the direct vote of the people.

9th. We favor all legislation looking to the construction and maintenance of good roads in the State of Minnesota.

PROHIBITION STATE PLATFORM.

1. We hereby pledge our hearty support to Joshua Levering and Hale Johnson, the nominees of the National Prohibition party for president and vice-president of the United States.

2. The traffic in intoxicating beverages is a dishonor to Christian civilization, inimical to the best interests of society, a political wrong of unequaled enormity, subversive of all good government, and incapable of being regulated or restrained by any system of license whatsoever. We therefore declare for its legal prohibition by both state and national legislation.

3. No citizen should be denied the right to vote on account of sex, and equal labor should receive equal wages without regard to sex.

4. Ex-soldiers and sailors should be granted pensions graded according to disability and time of service, not merely as a debt of gratitude, but for service rendered in the preservation of the Union.

5. We favor the government control of all means of transportation and communication, and, if necessary, the ownership of railroad, telegraph and telephone lines, to be used for the benefit of the people without profit.

6. We favor the election of president, vice-president and United States Senators by direct vote of the people.

7. We favor the initiative and referendum.

8. We favor such an amendment to the election laws of the state as will remove the burdensome restrictions and abolish the fees now required to place the names of candidates upon the official ballot, which restrictions make it almost impossible for new parties or independent voters to give expression to their convictions at the ballot box.

9. We are opposed to all monopoly of any kind or character and favor such legislation as will make it impossible for trusts and combinations to exist.

10. The money of our country, whether paper, silver or gold, should be issued by the general government only, and in sufficient quantities to meet the demands of business, and give full opportunity for the employment of labor. It should be made a full legal tender for the payment of all debts, both public and private. We favor the restoration of silver to the position which it occupied prior to 1873 until the existing coin obligations of our government shall have been paid. When these debts are paid we favor the demonetization of both gold and silver, and the issuance of treasury notes based on gold and silver bullion at their marked value.
