[HOLDING STATEMENT]

ALLEGED CLAIMS BY HONG KONG CONSUMER COUNCIL (HKCC) ON BISCUIT PRODUCTS TESTED

We have noticed recent articles on some biscuits tested with certain contaminants, with our products listed among them – *Jacob's Original Cream Crackers 93% Wheat Cereal*, *Oreo Mini Oreo Original* and *Ritz Crackers Cheese Flavoured Sandwich*. The mentioned substances including glycidol, acrylamide, and 3-MCPD are NOT added in the ingredients or products.

At Mondelēz International, we have strict food quality assurance and management systems for all products we make, and our products are safe to consume. All Mondelēz International products comply with local regulations and food safety standards including GMP, HACCP and FSSC 22000.

We will closely watch any scientific research results in coming and regulation updates in the future to ensure the continuous compliance of our products.

Product quality and safety is our primary concern at Mondelēz International, and we will keep striving for world-class quality to empower our consumers to snack right.
