Service Description

A More Business Phone System is a cloud based, customisable business phone solution delivered over the internet using Hosted PBX VoIP technology. It allows you to connect multiple handsets or softphone clients and configure them with the Hosted PBX feature set (see [Part K - Standard Form of Agreement](#)) using our Voice Connect portal.

Mandatory Components

You must purchase a minimum of 1 DID (phone number) per account for use with a Business Phone System. You require an Extension Plan for each end user of your

Business Phone System. Each end user requires a compatible handset or softphone client to use the service. Each handset or softphone client must be correctly installed, configured and connected to the internet. You can purchase handsets from us or BYO compatible handsets. An optional softphone license is included with every Extension Plan, or you can BYO compatible softphone.

Minimum Term & Cancellation

This service is available on a month-to-month contract with a 1-month minimum term, or on a fixed 24-month contract. On a month-to-month contract, you can cancel

your service up to 2 business days before the end of your current billing period. You will not receive a refund or credit for any unused days of the current billing period that fall after your cancellation date. On a 24-month contract, an Early Termination Fee will apply if you cancel before the end of your contract term (see table above).

Key Details

What's included?

A Business Phone System service gives you:

- unlimited standard national calls to fixed and mobile numbers (subject to More's [Fair Use Policy](#))
- optional softphone license included with each extension
- porting of existing DIDs during normal business hours
- access to the Hosted PBX feature set
- access to the Voice Connect Portal to self-manage configuration of your Business Phone System
- a handset included on certain Extension Plans on a 24-month contract

What's not included?

- Monthly charges for each DID phone number (see table above). Mandatory minimum of 1 x DID required per account.
- Handsets not included on month-to-month Extension Plans. Available for purchase for an upfront charge (see table above).
- Calls to 13/1300 numbers (see PAYG charges above).
- Calls to international destinations are disabled by default (see [website](#) for PAYG charges, if enabled).
- Calls to satellite and premium rate numbers (i.e. 1900 calls) are not available.

Important Service Limitations

- If there is an internet connection outage for any Business Phone System end user, your service will not work and you cannot make phone calls (including to "000"). This service is not suitable if you require uninterrupted phone service with access to emergency services.
- Priority Assistance is not available on your More Business Phone System. If you require Priority Assistance, please seek a provider that can offer this service.
- **You are responsible for ensuring that the equipment you use in connection with your service is secure. We are not liable for call charges resulting from toll fraud and we reserve the right to pass such charges on to you in full.**

CSG Waiver

Your More Business Phone System is offered to you on the basis that you agree to waive the Customer Service Guarantee on this service. For more information, see the CSG Waiver on the [Policies](#) page of our website.

Handsets supplied by More

On a month-to-month Extension Plan, handsets are available for purchase for an upfront charge (see table above). A handset is included on certain Extension Plans

on a 24-month contract. However, if you cancel before the end of your contract term, a handset buy-out charge applies based on the number of months remaining on your contract (see table above), in addition to any ETFs that apply to your Plan.

Faulty handsets are subject to our [Hardware Warranty Policy](#). A delivery charge of \$14.95 applies to each handset supplied by More.

Charges

Applicable charges for each Business Phone System plan are set out in the table above. Monthly Extension Plan fees and DID charges are prepaid at the start of each month. Any upfront charges for handsets must be paid on sign-up. If any additional account fees, fees for optional services or other charges apply, these will be billed at the end of the billing period in which they are incurred.
