

Terms and Conditions

More Mobile Double Data Offer

The offer of double data for 3 months is available to customers who sign up for a new eligible More mobile plan, or upgrade an existing More mobile service to an eligible More mobile plan, between 8 November 2023 and 31 January 2024 (**Offer Period**) and continue to have an eligible plan throughout the 3 months of double data. The 3 months of double data begins,

- if you have signed up for a new eligible More mobile plan, on the date of activation of that service; or
- if you have upgraded an existing More mobile service to an eligible plan, on the date of successful upgrade to an eligible service.

If you sign up, More will be your service provider for your mobile service and will handle all technical enquiries, complaints and servicing. The provision of your mobile service will be subject to More's standard terms of service and policies, which are available [here](#) on the More Website.

This offer is subject to the full terms and conditions and eligibility criteria below:

1. The Offer Period commences 8/11/23 and ends 11:59pm AEDT on 31/01/24. Sign-ups and plan upgrades completed outside of the Offer Period (8/11/23-31/01/24) will not be eligible to receive this offer.
2. This offer provides customers with 3 months of double data on an eligible plan (**Bonus Data**), provided that during the Offer Period:
 - a. they sign up to a new eligible More mobile service; or
 - b. they upgrade an existing More mobile service to an eligible More mobile service.
3. Plans eligible to receive this offer are More's 5G plans with 32GB, 50GB, 80GB and 150GB included data.
4. The 3 months of Bonus Data is a promotional period which will begin on activation of an eligible plan or successful upgrade to an eligible plan and continues to be applied at the start of the next 2 bill cycles as long as you continue to have an eligible plan (**Promotional Period**).
5. On expiry of the 3-month promotional period, your plan will revert to the standard amount of included data advertised with your plan.
6. If upgrading your existing service to an eligible plan, activation to the higher plan and the application of the double data offer will take effect upon successful upgrade.
7. You can upgrade to a higher eligible mobile plan multiple times during the Offer Period, and subject to clause 8 below, the 3-month double data will reset upon each successful upgrade.
8. If upgrading multiple times during the Offer Period, you will receive bonus data based on the amount of data included with the new plan only. Upon upgrading, you will forfeit any remaining months of bonus data received under this offer in conjunction with a previous plan.
9. If your existing service has active bonus data obtained as part of another offer (including the previous double data offer that ran between 19 May 2023 and 31 July 2023), you can upgrade to a higher eligible mobile plan during this Offer Period and obtain bonus data under this offer based on the included data of the new plan. However, this will result in you forfeiting any remaining months of bonus data under that previous offer.
10. If you purchase an eligible plan during the Offer Period, you must activate your service no later than 14 days after the Offer Period to receive the offer. If you fail to activate your service within 14 days after the Offer Period, you forfeit any Bonus Data available under this offer.
11. Bonus Data unused at the end of any billing period during the offer will automatically be moved to your databank for future use, up to the maximum databank cap for your service. If you reach

your databank cap, unused bonus data will expire at the end of the billing period in which it is awarded. Data stored in databank does not expire but will be forfeited if your mobile service is downgraded, cancelled or terminated for any reason.

12. If you upgrade to a different eligible mobile plan after the Offer Period but before the end of your 3 months of Bonus Data, you will continue to receive the offer on your new plan for any remaining full months of the 3-month Bonus Data term, commencing from the start of your next billing period after the upgrade is completed. The Bonus Data that you receive for any remaining full months will be based on the amount of data included with the new plan. Upgrading to a different eligible plan after the Offer Period but prior to the end of your 3-month Bonus Data term will not cause this period to reset.
13. **IMPORTANT** If you downgrade plans or change to an ineligible plan at any point during your Promotional Period, you will cease receiving the double data from the date of the plan change and forfeit any remaining months of bonus data under this offer. You will also lose all data stored in your data bank (including any accrued double data).
14. Eligible mobile plans are provided on a no fixed term contract and can be cancelled at any time without charges, however this will forfeit any remaining months of Bonus Data.
15. Bonus Data is not available and does not accrue while an eligible mobile service is suspended for any reason.
16. This offer will apply to a maximum of 5 services per account.
17. This offer cannot be transferred to another person or party.
18. The offer cannot be obtained outside of the Offer Period and cannot be applied retrospectively.
19. More mobile services must not be resold and are intended for use by the account holder only.
20. If you sign up, More will be your service provider for your mobile service and will handle all technical enquiries, complaints and servicing. The provision of your mobile service will be subject to More's standard terms of service and policies, which are available on the More website [here](#).

If you have any questions about how this offer may apply to you, please contact us on 1800 733 368 or via live chat on our website.
