Dear Valued Customers,

1) NOTIFICATION OF UPWARD REVISION OF STANDARDISED BASE RATE (“SBR”), BASE RATE (“BR”), BASE FINANCING RATE (“BFR”) AND FIXED TERM ACCOUNT-i (FTA-i) DEPOSIT RATES EFFECTIVE 9 MAY 2023

In line with Bank Negara Malaysia’s (“BNM”) recent decision to increase the Overnight Policy Rate (“OPR”) to 3.00% on 3 May 2023, the Bank will increase its SBR from 2.75% to 3.00% per annum, BR from 3.56% to 3.81% per annum and BFR from 6.56% to 6.81% per annum. This will effectively impact all floating rate financing packages pegged to SBR, BR and BFR.

BMMB’s FTA-i deposit rates would also be revised upward by 25 basis points effective from 9 May 2023.

As part of the Bank’s commitment to serve you better and to facilitate your reference, we wish to notify that our current Home Financing package for 30 years maturity with no lock-in period and financing amount of RM350,000 are as follows: -

Letter on revision of monthly payment/instalment will be issued to the affected customers. Customer who does not receive any letter from the Bank is advised to update his/her correspondence address, e-mail address and telephone number at the nearest Bank Muamalat’s branch.

2) WHAT YOU SHOULD KNOW ABOUT STANDARDISED BASE RATE (SBR), BENCHMARK RATE AND HISTORICAL SERIES OF THE BENCHMARK

a) What is the Standardised Base Rate (SBR)?

The SBR is the reference rate that BMMB will use starting from 1 August 2022 in the pricing of new retail financings, refinancing of existing retail financings, and the renewal of revolving retail financings that are pegged against the floating rate. The SBR is linked solely to the Overnight Policy Rate (OPR), as determined by the Monetary Policy Committee (MPC) of Bank Negara Malaysia (BNM).

b) How does an OPR change affect the SBR, BR and BFR?

When the OPR is revised, BMMB will adjust the SBR by the same quantum as the change in the OPR. This applies to both upward and downward adjustments in the OPR. Both BR and BFR will move exactly in tandem with the SBR. This means that for any change to the SBR, following a change in the OPR, BMMB will adjust the BR and BFR by the same quantum of change in the SBR.

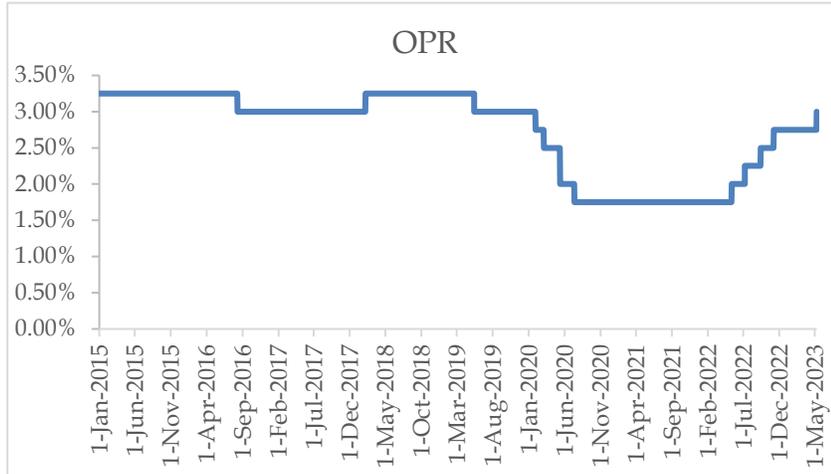

c) Will the Bank be revising the monthly instalment amount even though the difference is a small amount?

The Bank will revise the instalment amount regardless of the difference.

d) Can existing instalment payment amount maintained?

Customers can maintain the existing instalment payment amount if they are facing financial difficulty in paying the new, higher instalment amount but need to put in a request either via our Customer Service Centre or walk-in to the nearest branch. However, this might affect your financing tenure or overall profit costs where relevant. The financing account may be classified as 'rescheduled and restructured'.

e) Historical Benchmark Rate OPR in the last 5 years

Note:

SBR is a floating rate linked solely to the Overnight Policy Rate (OPR), as determined by the Monetary Policy Committee (MPC) of Bank Negara Malaysia. SBR will effective starting from 1 August 2022

2) APA YANG ANDA PERLU TAHU TENTANG KADAR ASAS STANDARD (KAS), KADAR PENANDA ARAS DAN SEJARAH PENANDA ARAS

a) Apakah Kadar Asas Standard (KAS)?

Kadar Asas Standard (KAS) adalah kadar rujukan yang akan digunakan oleh BMMB mulai 1 Ogos 2022 untuk menentukan kadar keuntungan untuk pembiayaan runcit baharu, pembiayaan semula pembiayaan runcit sedia ada, dan pembaharuan pembiayaan runcit pusingan bagi semua pembiayaan yang bersandarkan kepada kadar terapung. KAS dihubungkan hanya kepada Kadar Dasar Semalaman (KDS) yang ditentukan oleh Jawatankuasa Dasar Monetari (MPC) Bank Negara Malaysia.

b) Bagaimana perubahan KDS mempengaruhi KAS, KA dan KPA?

Apabila KDS berubah, BMMB akan menyelaraskan KAS mengikut jumlah yang sama seperti perubahan pada KDS. Penyelarasan ini terpakai kepada peningkatan dan penurunan KDS. KA dan KPA akan bergerak betul-betul selari dengan KAS. Maknanya, bagi sebarang perubahan pada KAS, susulan perubahan pada KDS, BMMB akan menyelaraskan KPA dan KA mengikut jumlah yang sama dengan perubahan KAS.

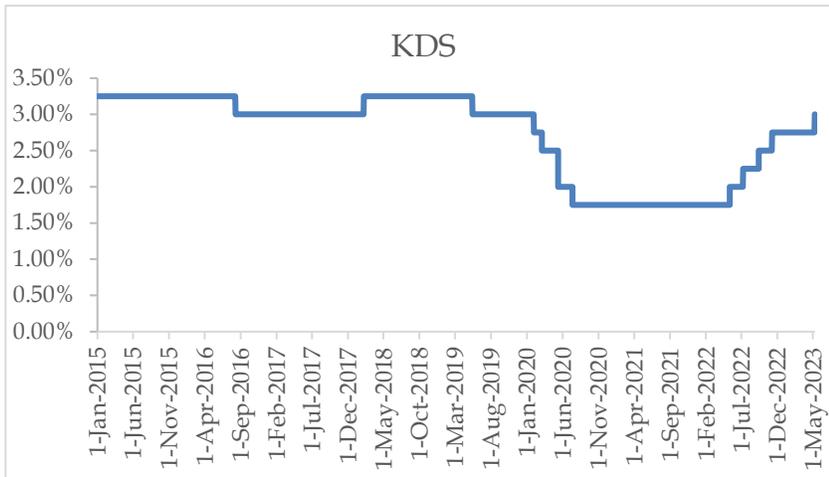

c) Adakah Bank akan menyemak semula jumlah ansuran bulanan walaupun perbezaannya kecil?

Bank akan menyemak semula jumlah ansuran tanpa mengira perbezaan kecil atau besar.

d) Bolehkah dikekalkan jumlah bayaran ansuran yang sedia ada?

Pelanggan boleh mengekalkan jumlah bayaran ansuran sedia ada sekiranya menghadapi masalah kewangan untuk membayar jumlah ansuran pembiayaan baharu yang lebih tinggi tetapi perlu membuat permintaan untuk mengekalkan jumlah ansuran sedia ada sama ada melalui Pusat Perkhidmatan Pelanggan kami atau mengunjungi cawangan terdekat. Pengekalan ansuran sedia ada boleh mempengaruhi tempoh pembiayaan atau kos keuntungan secara keseluruhan mengikut mana-mana yang berkaitan. Akaun pembiayaan tersebut mungkin dikategorikan sebagai 'dijadualkan semula dan distrukturkan semula'.

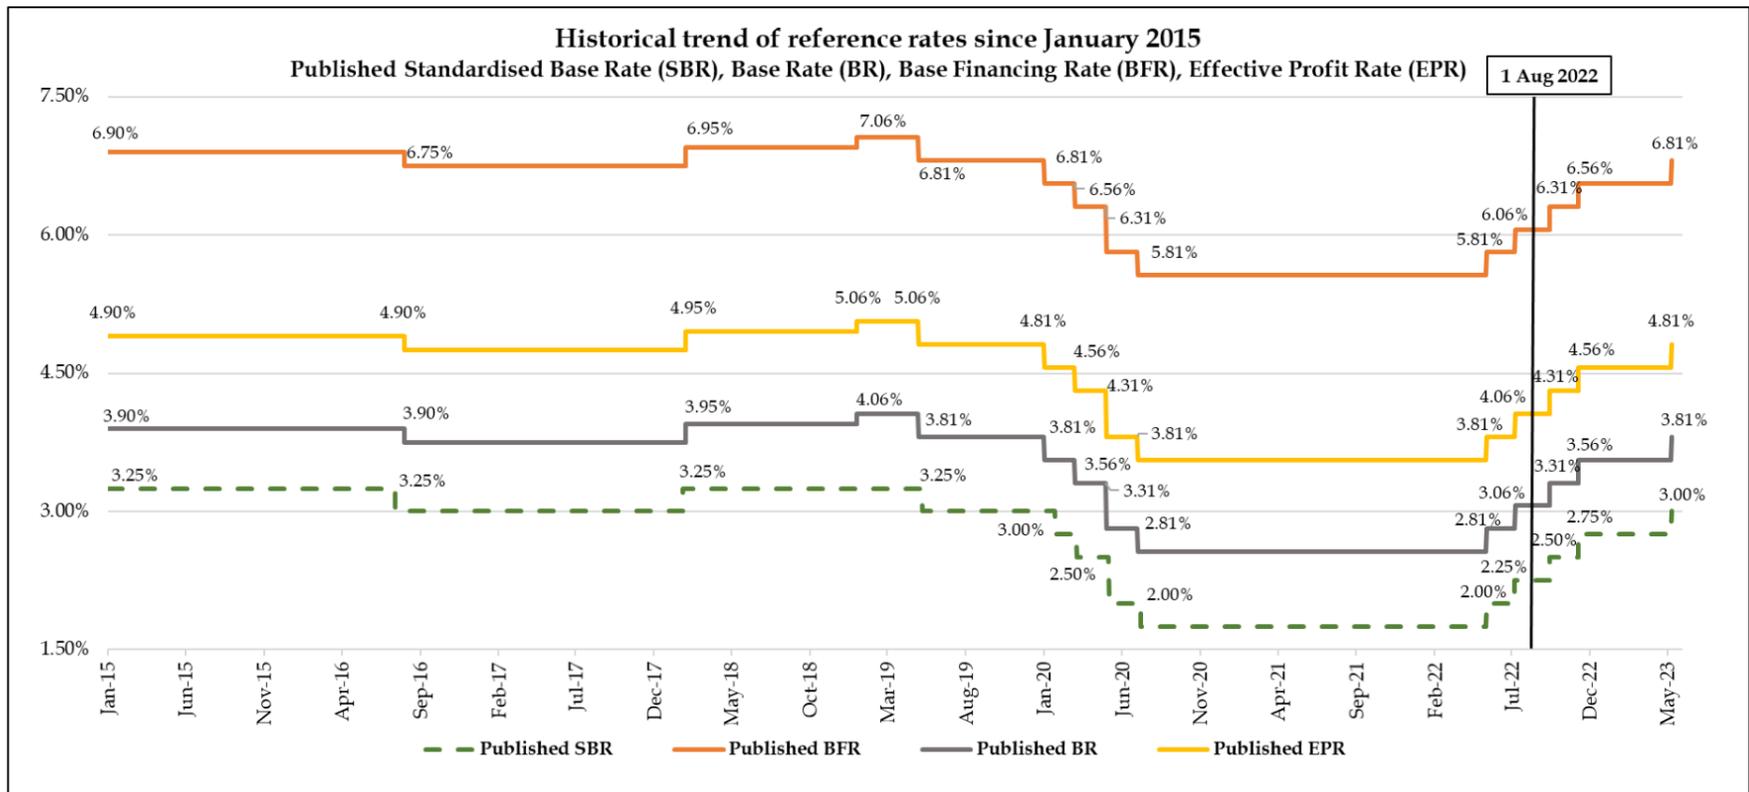

e) Sejarah kadar penanda aras KDS pada 5 tahun yang lepas

Note:

KAS adalah kadar terapung yang dihubungkan hanya kepada kadar dasar semalaman (KDS) yang ditentukan oleh Jawatankuasa Dasar Monetari (MPC) Bank Negara Malaysia. KAS akan berkuatkuasa mulai dari 1 Ogos 2022.
