

### Summary

Besides improved marketing measures no major changes during the year 2020 occurred.

The online shop is active. You can find pictures of items from the inventory list, sizes aso. Purchase can be made online. However, we do not offer shipping. Pick up of items can be organized with the store manager or during club events.

### Way ahead

For the time being the plan is unchanged to have a moderate stock and to renew in smaller numbers in comparison to orders by club members.

Due to the fact that we are leaving Belgium a new Kid Manager has to be found. We are able to hand over the current stock. We bought new boxes from IKEA which enables better stockage and overview. We are able to hand over digital versions of the inventory list, addresses for purchases, pictures of the kit inventory etc.

We still have a special offer on NATO Golf Club Stormtech Jackets in blue in high quality.

We are short of Golf Towels and should decide on new purchases in general.

Other items like ties, scarves and other single pieces will be sold during the AGM and other club events to reduce the storage capacity.

### Inventory

The NATO GOLF CLUB (NGC) has a current Inventory as mentioned in Annex 1.
