**ORDER ADMINISTRATIVELY CLOSING CASES**

Complainant is appealing a determination issued by the Department of Labor's Occupational Safety and Health Administration on December 14, 2022, dismissing an April 27, 2022 complaint alleging Respondent fired him on or about April 5, 2022 for raising safety concerns about cracked brake parts and malfunctioning electronic logging devices, allegedly a violation of the employee protection provisions of the Surface Transportation Assistance Act.

The matter was docketed by the Office of Administrative Law Judges on December 23, 2022 and assigned OALJ Case No. 2023-STA-00007. However, the matter was inadvertently docketed again and assigned OALJ Case No. 2023-STA-00010. Accordingly, OALJ Case No. 2023-STA-00010 is administratively closed.
