Engaging Our Members, Fulfilling Our Mandate

As expected, 2013 proved to be another exciting and significant year for the College. As we progressed with technological and other changes, and an ever-growing membership, the importance of engaging our members while remaining vigilant in fulfilling our mandate of public protection continued to be our main priority.

A significant accomplishment in 2013 was the online launch of the public register. Though the public register has been in existence since the College's inception in 2000, the online register was created to provide easier access and greater efficiencies for both the public and the College.

Many additional technological improvements were made in 2013, including the Member Resource USB key, the launch of the College's complete election process online, as well as new sections on the website for employers, private practitioners, and students and new graduates. We have received very positive feedback from our members, other stakeholders and regulatory bodies in response to these changes.

As members will know from previous College communications, there have been important changes to the *Regulated Health Professions Act* and the *Social Work and Social Service Work Act* related to psychotherapy. The changes, which have not yet been proclaimed at the time of printing, will permit members of the College to perform the controlled act of psychotherapy and use the title "psychotherapist" if they comply with certain conditions. We are pleased to announce that *Practice Guidelines for Performing the Controlled Act of Psychotherapy*, which will come into force at proclamation, were approved by Council in December.

In 2013, the College said goodbye to Council members Ann-Marie O'Brien, RSW, Jack Donegani, RSSW, Anita Gupta, Public Member, Mukesh Kowlessar, RSSW, and Rita Wiltsie, RSW. We would like to thank them for their hard work and dedication. Council also welcomed newly-elected members Linda Danson, RSW, Carole Léveillé, RSSW, Gary Cockman, RSSW, and John Pretti, RSW.

We also bid a fond farewell to Pamela Blake, RSW, Deputy Registrar, who retired in December, after 13 years of service. Pamela's many achievements have enhanced the infrastructure and culture of the College.

In June, the College hosted the Annual Meeting and Education day entitled *Maximizing Professional Effectiveness in Turbulent Times*, with keynote speaker David Rivard, M.S.W., RSW. Approximately 575 members from across the province joined us for the event, with some members participating by webcast. Thank you to all who participated.

We are proud to look back on a year with many accomplishments, all of which helped us to carry out our primary duty of protecting the public interest. We have engaged our members in many ways throughout the year, from responding to practice calls, to hosting members at the Educational Forums and the AMED, to enhancing resources and supports for members. We understand the value of continuing to connect with registered social workers and registered social service workers across the province, and will continue to do so in the year ahead.

Independent Auditors' Report

TO THE ONTARIO COLLEGE OF SOCIAL WORKERS AND SOCIAL SERVICE WORKERS

We have audited the financial statements of Ontario College of Social Workers and Social Service Workers, which comprise the statement of financial position as at December 31, 2013 and the statements of operations, changes in net assets and cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not for profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of

material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Ontario College of Social Workers and Social Service Workers as at December 31, 2013, and the results of operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not for profit organizations.
