Stephanie says: "Initially I was blown away by how quickly Oliver's Travels managed to deliver our first booking and then they just never stopped coming in! The original appeal was that it was great to be part of such a fantastic collection of properties (much better than the bog standard homes you see elsewhere!). But once we spoke to them we quickly realised that they really knew their stuff and I had utmost confidence that not only would they bring us the bookings (in which they've managed to exceed all my expectations) but also maximize the income by appealing to a more upmarket demographic than its competitors. In short I would highly recommend!"
