

# CUSTOMIZE YOUR VISIT BY ADDING ON A PACKERS HISTORY LESSON.

Groups will get up close & personal with the history of the Packers!

## HISTORY LESSON TOPICS:

### Evolution of the Uniform

A look into how the Green Bay Packers uniform has changed over the years including the Packers originally wearing navy blue and gold and briefly trying out green and gold in 1935-36. The traditional green and gold arrived with Vince Lombardi and with it consistency for the last 50 years.

### The Lambeau Years

A look into the origins of the Packers under its co-founders Earl "Curly" Lambeau and George Whitney Calhoun. The Packers started out as just a town team made of local boys. It's a story of survival that led to winning three straight NFL titles from 1929-31 and six NFL championships under Lambeau.

### Truth vs. Myth

The Packers beginnings are made up of more legend than fact. No one imagined a semi-pro football team becoming what it is today. It was not well documented and not even clear what happened at the very first organized meeting. An exploration of what is true and what is more myth is the early history of the Packers.

History Lessons are given by the Hall of Fame Curator.
