

ATLAS T7 FULL COVERAGE TACTICAL VEST

The Atlas T7 Full Coverage Tactical Vest meets the needs of operators that require a combination of lightweight protective coverage and high-speed mobility. The T7 utilizes a shooter's cut platform while accepting optional attachments such as cummerbund, biceps, throat, groin, lower back and collar/throat protection with optional Quick Release functionality. The Atlas family provides a high-speed solution by offering a sleek design that targets modularity and mobility with team-friendly design for integration with other Atlas models. Available in a range of sizes with optimized adjustability for both coverage and comfort.
