

STICK SNAIL

Nature Craft

Create a “pet snail” using a few simple materials and your imagination!

You will need:

A brown paper bag - A small stick - Paint - Paint brush - Glue

- Find a stick that is forked or split at one end for the body and tentacles.
- Cut or tear the bottom off the paper bag so you have one flat piece.
- Crumple the paper up and then flatten it to give it texture.
- Repeatedly folder the paper lengthwise so you have one long strip.
- Roll the strip up to create the shell. Glue the end using a glue gun or glue.
- Paint the shell with your favorite colors.
- After the paint is dry, attach the shell to the stick with the glue gun.
- Create a whole village of snails and create a story of their adventures!
