## SIZING GUIDE RINGS

This guide will help you determine your Piaget ring size.

### HOW TO PRINT THE PIAGET RULER AND RING SIZER

---

- Before printing the sizing guide, be sure that your printer options are set to print to actual size. Do not scale to fit.
- Print on full sheets of US Letter size.
- To verify that the sizing guide has printed correctly, measure the sample below with a ruler. It should measure exactly 2 cm.

**You can use one of two methods to determine your Piaget ring size:**

- use the Piaget ruler as per the instructions on page 2  
or
- use the ring sizer on page 3 to measure a ring of your own.

## SIZING GUIDE

### RINGS

#### HOW TO USE THE PIAGET RULER

- Cut out the ruler on the right hand side of the page. Make a slit in the ruler as indicated.
- Insert the pointed end of the ruler into the slit to form a loop, making sure the numbers are facing outwards. Insert your finger into the loop. Pull on the pointed end to tighten it to a comfortable fit around your finger.
- Make a note of the number at the slit: this is your ring size.

#### TIPS:

- Measure your finger in the evening.
- Do not measure your finger in extreme heat or cold.
- Keep in mind that your fingers are not the same size on your other hand.
- Make sure the ring can move comfortably along the entire length of your finger in your chosen size.

Ring width

#### HOW TO SELECT YOUR SIZE FOR A POSSESSION RING WITH BAND WIDTH OF 6MM AND UP:

When sizing for a Possession ring with a band width of 6 mm and up, if your finger is between two sizes we recommend you opt for the larger size.

*The Piaget ruler is intended for indicative use. Under no circumstances should the measurement be construed as your exact ring size.*

### RINGS

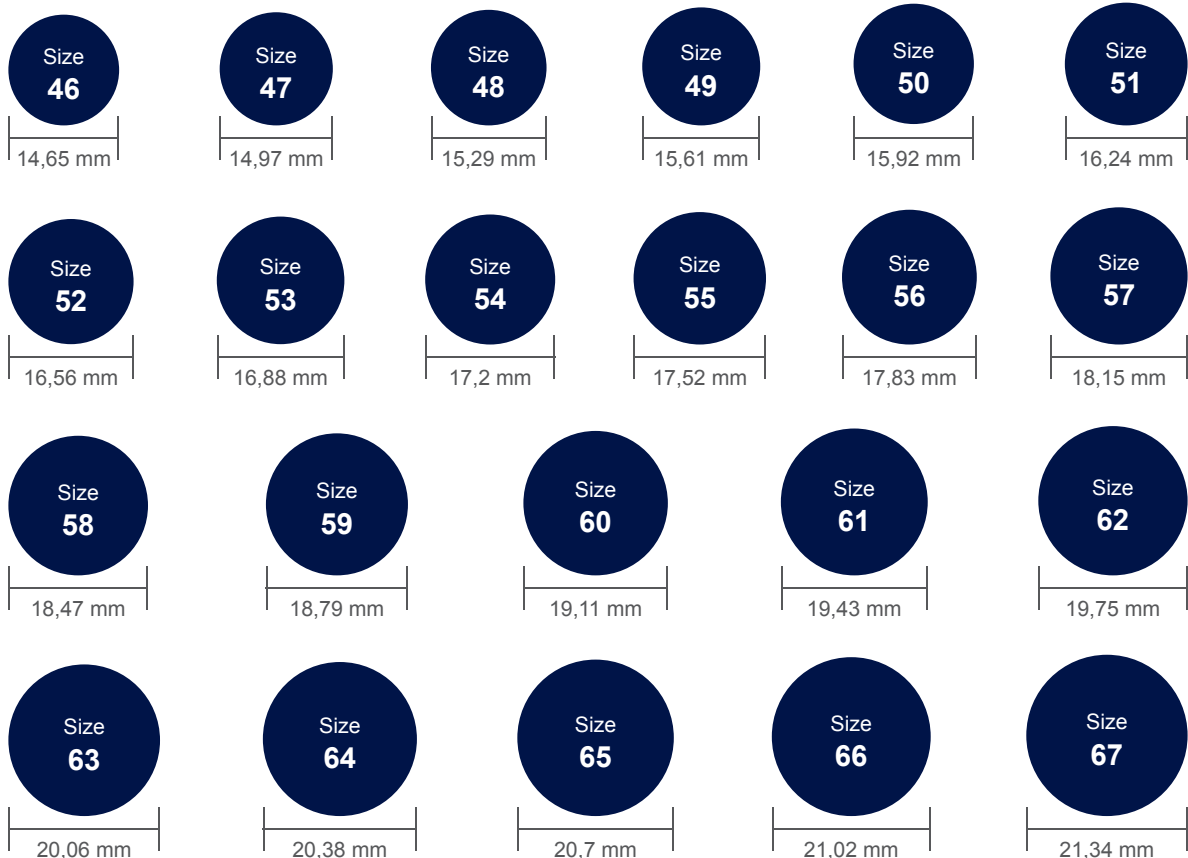

#### HOW TO MEASURE A RING OF YOUR OWN WITH THE PIAGET RING SIZER

---

- Use this method if you have a ring that perfectly fits the finger on which you would like to wear your Piaget ring. Find the circle that is the best fit for the inside of your ring: the inside of the band should align with the outer edge of the circle.
- If your ring is between two sizes, we recommend you opt for the larger size.
- **When sizing for a Possession ring** with a band width of 6 mm and up, if your finger is between two sizes we recommend you opt for the larger size.
