Drivers must accept, and transport where directed, any orderly person/party unless previously engaged. A taxicab may not carry more passengers than the vehicle is designed to seat. Drivers may refuse to transport freight or animals, except service animals (any guide dog, signal dog or other animal trained to work or perform tasks for a person with a disability).

JOINT USE OF CABS BY PASSENGERS/PARTIES BOUND FOR THE SAME DESTINATION:

Drivers may transport more than one passenger/party bound for the same or approximately the same destination. However, no passenger/party who first engaged the taxicab is required to share it with others. Drivers may not refuse service in order to arrange more profitable grouping.

JOINT USE OF CABS BY PASSENGERS/PARTIES BOUND FOR DIFFERENT DESTINATIONS:

Drivers may also transport more than one passenger/party bound for different destinations. Each passenger/party must be charged the fare recorded on the taximeter upon arrival at each destination. However, no passenger/party may be charged more than the applicable fare for the shortest and most direct route to each destination.

SOLICITATION

Drivers may not solicit additional passengers/parties while en route to the destination of the original passenger/party.
