A CAPITAL CAMPAIGN FOR A STRONGER TOMORROW

The initial construction phase of **The Building What Matters Capital Campaign** began on **September 28, 2016**, thanks to the generosity of our Capital Campaign leadership donors. This phase will improve our widely used Indoor Track Area. Based on our member feedback the new look and updated features will modernize the facility and make it a more welcoming place for the people, families, and children who make this Y a part of their lives.

Over its 125 year history, the Randolph YMCA has strengthened the fabric of our community by focusing on youth development, healthy living and social responsibility. Whether it's connecting with friends, spending time as a family, or overcoming physical limitations, the Y has been the cornerstone of many of our lives and has been the foundation upon which countless goals have been set and achieved.

To ensure that the Randolph YMCA can continue to honor its commitment as the anchor and gathering place of our community, the senior leadership and Board of the Y are focused on the current and future development of this organization.

Our first ever capital campaign, **The Building What Matters Campaign**, represents a significant investment in what matters to the Y: our diverse community and all its members: our youth, our adults, our seniors and our families. The Campaign aims to secure the financial resources necessary to dramatically enhance our facilities, which to many, is like a second home.

More than just physical structure, our facilities represent a place where regardless of your income, background, or physical abilities, you will find a welcoming and nurturing environment. This campaign celebrates the unique spirit of the Y and with the support of our entire community, our improved facility will reflect and amplify the great value of this shared space.

THIS Y WILL BE LIKE NO OTHER.

Based on your feedback here is some of what you can expect:

Generous donations to the Building What Matters Campaign will allow us to change, but we have more work to do and we need your support!

INDOOR TRACK AREA

Construction begins September 28, 2016

The Future:

One of our most widely used areas, natural light, new track surface, energy efficient systems and state-of-the-art equipment will make an enjoyable workout.

THE WELCOME CENTER

The Future:

Formerly known as the "lobby" our Welcome Center will be an innovative space with technology upgrades that make us more efficient to serve you better. The space will be a bright gathering space for adults and families. Enjoy a juice from our snack bar and friendly conversation with friends.

NEW LOCKER ROOMS

The Future:

Plans include fresh, new upgrades to the existing locker rooms. Once the locker rooms are modernized and enhanced, we will better serve current members and future generations.

ADA* ACCESSIBLE & FAMILY CHANGING LOCKER ROOM

The Future:

More than 1,000 people each year enter the Y and need an accessible space to prepare for physical activity and rehabilitation. The ADA Accessible and Family Changing Room will be designed so that we become barrier free for all those that need our services. Individual changing stalls, private showers, proper ADA equipment and easy access to our pools are all part of the plans.

OUR MISSION STATEMENT

The Randolph YMCA is a non-profit organization, dedicated to the development of mind, body and spirit. We provide physical, educational and social programs and services which meet the needs of our community in a manner which is both fiscally and socially responsible.

We believe that lasting personal and social change can come about when we all work together to invest in our kids, our health, and our neighbors.

"The YMCA's achievements are a reflection of the community it serves. As a local business, we appreciate the opportunity to support and contribute to The Randolph YMCA's Capital Campaign in striving for a better, safer and healthier community."

**Jim Storms

The Arrangement Salon & Spa**

"To have these facility enhancements made will give people an opportunity to belong, stay in shape, and connect with one another. Advocating an active life style with optimal exercises for good health and a long life. Community Charity is virtue."

**Wahling & Sylvia NG
Long Time Member**

"I think the Y does a great job bringing people together for a common objective; helping people of all ages to become and stay healthy both physically and socially. An investment in this process is worthwhile."

**Kay Quinn
Long Time Member**
