THE CAMPAIGN FOR RIDER UNIVERSITY

Campaign Priority II

ENHANCING THE LIVING AND LEARNING ENVIRONMENT THROUGH NEW CONSTRUCTION AND RENOVATION OF CAMPUS FACILITIES

GOAL: \$2 MILLION FOR STRENGTH AND CONDITIONING IMPROVEMENTS

The Keith and Christine DiGrazio Sports Performance Center

YOUR SUPPORT OF THIS PROJECT WILL PROPEL ATHLETES TO PEAK PERFORMANCE

About the project

Rider University has unveiled an expansive vision for its upcoming renovations to Alumni Gymnasium. A key component of the Rider Arena Project is the addition of a modern Sports Performance Center that will provide 5,900-square-feet of space – more than double the size of the current facility.

When completed, this state of the art Center will revolutionize the Sports Performance training of all 21 Rider University NCAA Division I athletic teams.

The Center will further the University's commitment to athletic excellence and ensure that each of our 440+ Bronco student-athletes will gain the opportunity to reach their full potential. Designed to enhance student-athletes' strength and speed – and to prevent injuries – the spacious Center will feature modern equipment designed to support team members while enhancing Rider's ability to compete at the highest level of competition in NCAA Division I Athletics.

DON HARNUM

“ The Keith and Christine DiGrazio Sports Performance Center will be a critical resource for our Athletic program by increasing our operating effectiveness and efficiency while also enhancing our recruitment efforts. The addition of this new facility will be a major step forward for all our student-athletes, enabling them to maximize their individual potential within their respective Rider sport. ”

Director of Athletics

A center to develop, grow and build top-tier training

Over the years, as our sports programs have grown, so has the need for a more modern training facility with state of the art equipment that will enhance the efficiency of our strength and conditioning program. The new facility will provide Olympic universal weight racks, free weight area, turf conditioning space, warm-up/cool down space, refueling station, restrooms, strength and conditioning coordinator's office and storage.

Naming Opportunities

- » **Name of Facility ***
- » Turf Conditioning Space (\$100K)
- » Free Weights Area (\$100K)
- » Olympic Universal Weight Rack Area (\$100K)
- » Universal Cable Machine Wall (\$100K)
- » Nutrition Refueling Station (\$75K)
- » Strength and Conditioning Coordinator's Office (\$50K)
- » Donor Wall Recognition (\$5K+)
