CATCH Program Overview

The CATCH Program allows adult sexual assault victims to anonymously submit suspect information to DoD investigators. If there is a match, a specially-trained CATCH Program representative will contact the victim. The victim's identity will remain confidential.

To make a CATCH entry, victims need to contact a Sexual Assault Response Coordinator (SARC) or SAPR Victim Advocate (VA).

For general information, visit www.sapr.mil/catch

Who is eligible to participate in the CATCH Program?

- Current Service members, including cadets and midshipmen at the Military Service Academies
- Adult military dependents
- Former Service members
- DoD civilian employees, if the suspect is a Service member

CATCH Program Eligibility

Restricted Reports

Adult sexual assault victims who file or have already filed a Restricted Report with a DD Form 2910. If notified of a potential match, a victim can decide whether to convert to Unrestricted and participate in the investigation. The Restricted Report will not be converted without the victim's signature on a revised DD Form 2910.

Certain Unrestricted Reports

Adult sexual assault victims who file or have already filed certain Unrestricted Reports with a DD Form 2910 where the identity of their suspect was not disclosed by the victim or uncovered by law enforcement. If notified of a potential match, the victim can decide whether they want to participate in the investigation.

No Report (SRI CATCH Entry)

As part of implementing IRC-SAM Recommendation 4.2.c, eligible adult sexual assault victims may submit a CATCH entry without filing an official report of sexual assault through a DD Form 2910. This will be a SAPR-Related Inquiry (SRI) Entry, filed through a DD Form 2910-4.

Information About The CATCH Program

SARCs will provide the needed information so victims can submit a CATCH entry.

The SARC or SAPR VA will explain the CATCH Program and provide victims with a username and password to gain access to the CATCH website.

CATCH entries are anonymous.

If a victim's entry matches another entry or investigation, the victim will be contacted by a specially-trained CATCH representative, **not an investigator or command**, and the victim will have the option to participate in the investigation.

Participation in the CATCH Program is voluntary.

If there is a match, the victim's name will not be provided to law enforcement without the victim's permission.

Victims may decline to participate at any point.

Even after being notified that there was a potential match, a victim may decline to participate in the CATCH Program. There will be no adverse consequences to victims if they do not agree to participate.

Victims may print out their CATCH entry.

To implement IRC-SAM Recommendation 4.2.c, victims may print or request a printout of their entry for personal records. Victims may also wish to submit their CATCH entry to the Department of Veterans Affairs to support healthcare or disability claims.

Information in a CATCH Entry

The top five things for victims to provide, only if already known, include:

1. Suspect's name
2. Suspect's phone number or social media username(s)
3. Suspect's rank
4. Date of the offense
5. Location of the offense

Victims may provide as much information as they remember and feel comfortable sharing. Digital photos may be submitted with entries.

Victims must complete only one field to be able to submit an entry; however, the more information provided, the more useful to investigators.

Explaining the CATCH Program to Victims

- CATCH entries are only assessed by investigators from the Services' Military Criminal Investigation Organizations (MCIOs) that have been specially assigned to CATCH Headquarters.
 - CATCH HQ MCIOs assess entries against other entries and against DoD Law Enforcement databases to detect matches and potentially identify serial offenders.
 - SARCs, local law enforcement, and local MCIOs do not have access to CATCH data.
 - CATCH entries are not used to trigger a safety exception for Restricted Reports.
 - CATCH entry information about a suspect is not used by promotion boards or for any other administrative or disciplinary matters.
- No victim PII is collected in CATCH entries.
- Victims may update their original CATCH entry or opt out of the CATCH Program at any time.
- Victims will be notified of a potential match by a specially-trained CATCH HQ Notification POC.

Frequently Asked Questions

Do I have to provide my name?

No, you cannot share your name. The CATCH Program is anonymous.

How long do you keep my entry in the CATCH system?

Each entry is kept for 10 years. This means that you could be contacted at any time over the next 10 years if there is a potential match, as long as you do not opt out and your contact information does not change.

I have more questions. Who can I speak with before deciding to submit an entry?

If you are eligible, your SARC or SAPR VA can offer you referral to a Special Victims' Counsel/Victims' Legal Counsel/Victims' Counsel, who is your personal attorney (not a prosecutor or defense attorney). They can help answer legal questions about the CATCH Program.

Facilitating Restricted & Unrestricted Report CATCH Entries

For victims reporting a Restricted Report or certain Unrestricted Reports:

- Review DD Form 2910, Page 3 and provide victim contact information in the event that there is a match and the victim needs to be contacted.
- Generate the corresponding DSAID Control Number for the official report. This DSAID number will be used in the CATCH system to obtain a username and password.

CATCH a Serial Offender Program

Thank you for considering participation in this program!

Research indicates that some offenders perpetrate sex crimes many times before being reported or caught. This is often because they count on victims never telling law enforcement about what happened. The CATCH Program provides a way for you to anonymously disclose details about your sexual assault to law enforcement and to learn if the suspect has been accused in other reports of sexual assault.

The details you provide about your experience will be compared to reports by others in the CATCH computer system and to other law enforcement databases. If your information appears to match with another report, a SARC, Victim Advocate, or FAP Provider will notify you privately. You can then decide whether to change your reporting preference and to participate in the investigation of the suspected offender.

Your participation in the CATCH Program is voluntary. Your Restricted Sexual Assault Report will not be converted without your permission, and no investigation will be initiated without your voluntary participation. In addition, you may decline to participate in the process at any point, even after being contacted that there was a match.

If now is not a good time to complete your entry, you can always come back later and enter the information when you feel ready. If you decide to do this some other time, please reach out to your SARC or FAP Provider for a new user name and password for this site. The user name and password you were given expire in 10 calendar days after you received them, or after you use them five times to log on.

There is no requirement for you to participate in the CATCH program. Any information you provide is voluntary.

If you need to speak to someone immediately, you can reach the DoD Safe Helpline for anonymous and confidential, 24/7 support at (877) 995-5247 or www.safehelpline.org.

Safe Helpline is the DoD's sole sexual assault hotline, and provides specialized services including one-on-one crisis intervention and support, peer-to-peer support, information, resources and self-care exercises, available anytime and anywhere (in the U.S. or overseas).

ABOUT CATCH

CATCH allows adult sexual assault victims to anonymously provide incident details with the objective to determine whether their details might be a match to other incident details, which can result in the discovery of a serial sexual offender. All CATCH data is protected as Controlled Unclassified Information (CUI), Law Enforcement (LEI), Privacy (PRVCY).

Key CATCH Program Personnel

CATCH HQ MCIO Lead and Team

Each Military Service has specially-trained MCIO investigators assigned to a team to assess entries for matches with other entries. The CATCH MCIO HQ Lead is part of that team and assesses the potential matches.

CATCH HQ SAPR Lead (Service/NGB Admins)

Each Service and the National Guard Bureau (NGB) has specially trained SAPR program personnel who manage data and procedures related to CATCH. The CATCH HQ SAPR Leads also enroll SARCs in the CATCH system so they may generate usernames and passwords.

CATCH HQ Notification POC

Each Service and the NGB will assign notification responsibility to two CATCH HQ Notification POCs. The POCs shall be:

- Specially-trained SARCs, SAPR VAs, CATCH HQ SAPR Leads, or SAPR Program Manager
- Have a D-SAACP certification and be able to maintain MRE 514 confidentiality
- Have DSAID access

Note: Some Services may wish to have the local SARC provide the notification with the CATCH Notification POC present.

Catch a Serial Offender (CATCH) Program

About CATCH

The CATCH program allows victims of sexual assault the opportunity to anonymously submit suspect information to military criminal investigators to help the DoD identify alleged serial offenders. To make a CATCH entry, victims of sexual assault can contact a Sexual Assault Response Coordinator (SARC) or Sexual Assault Prevention and Response (SAPR) Victim Advocate (VA).

You may participate in the CATCH program if:

- You made a Restricted Report to a SARC or SAPR VA, or
- You made an Unrestricted Report, but the name of the suspect is not yet known to law enforcement, or
- You have decided not to make a report to military law enforcement, a SARC, or a SAPR VA at this time.

Participation in the CATCH program is anonymous and voluntary. Participants may decline to participate at any point in the process, even after being notified that there was a potential match. The DoD will take any information provided by someone making an entry; however, the top five most helpful pieces of information are: suspect's name, suspect's phone number, suspect's social media username(s) and platforms, suspect's rank, and date and location of the offense.

The CATCH Program Process

- Submit an entry in the CATCH website.
- Military criminal investigators at their Headquarters, not at the victim's installation, analyze suspect information that victims submitted into the CATCH Program. If they get a match, the investigators will notify SAPR personnel of the match.
- If there is a match, a specially-trained CATCH Program representative will contact the victim. The victim's identity will remain confidential.
- After being notified of a match, victims can decide if they would like to participate in the investigation.

Outcomes of the process:

- If victims filed a Restricted Report, they can consent to an Unrestricted Report by re-signing the DD Form 2910.
- If victims filed an Unrestricted Report but did not want to participate in the investigation, they can decide to participate now.
- If victims filed an SAPR Related Inquiry (SRI) CATCH Entry, they can decide to now file an Unrestricted Report by signing the DD Form 2910.
- If victims choose not to participate after being contacted with a match, they will be asked if they want to be contacted if there is a future match.

Important Reminders

- CATCH data is not assessed for matches by an algorithm. The entries have to be assessed by agents at CATCH MICO Headquarters. A match will not happen immediately.
- Participation in the CATCH program is voluntary. Victims of sexual assault may choose to decline participation at any time in the process.
- Eligible persons are: 1) current Service members and their adult dependents; 2) those assigned to the Military Service Academies and the Reservists and National Guard; 3) former Service members; 4) former Service members' adult dependents where the suspect is a Service member; and, 5) DoD civilian employees where the suspect or victim is a Service member.

More information about the CATCH program can be found at www.sapr.mil/catch.

INSTRUCTION SHEET FOR VICTIMS SUBMITTING CATCH A SERIAL OFFENDER (CATCH) ENTRIES
JUNE 2023

There is no requirement for you to participate in the Catch a Serial Offender (CATCH) Program. Any information you provide is voluntary and anonymous. You can submit your entry at the Sexual Assault Response Coordinator's (SARC) office on your personal cell phone, so the SARC is nearby to provide you support and help with "log in" issues. You can also submit your entry alone at a private location.

Go to the CATCH website at <https://profile.ncis.navy.mil>. Log in with the Username and Password provided by your assigned SARC or Sexual Assault Prevention and Response (SAPR) Victim Advocate (VA). If you have any issues with the Username and Password, contact your SARC.

SARC Name: _____
SARC Contact Info: _____

If you don't feel ready to submit your information, you can always come back later and contact the SARC for a new Username and Password for the CATCH website. Before you log on to the CATCH website to submit your entry, you can review the list of questions that you will be asked, so you know what to expect.

Your SARC can provide you a copy or you can go to the DoD Sexual Assault Prevention and Response Office (SAPRO) website at www.sapr.mil/mico, select "CATCH Entry Form" under the "CATCH Resources" under "For Victims".

- After you submit your entry to the CATCH website, if you remember additional information or would like to add to your entry, contact your SARC for a new Username and Password.
- Most likely, you will not be contacted by the same SARC if there is a match.
- Also, if there is a match and you decide not to participate in the investigation, you will be asked if you would like to share your reasons for not participating in the investigation.

The top five things we would like for you to provide, if known, are:

- Suspect name
- Suspect phone number and social media profile name(s)
- Suspect rank
- Date of alleged offense
- Location of the alleged sexual assault

This information is most useful to the Military Criminal Investigative Organizations (MCIOs) to identify the suspect. You can provide as much information as you can remember and feel comfortable sharing. You do not need to go looking for information, as this may be dangerous. You only need to complete one field to submit an entry. You may upload digital photos to your CATCH entry.

Please keep in mind that the more information you share, the more likely MCIO investigators will be able to match the suspect to other potential entries.
