

About Us

SDLtek is a leading IT service provider specializing in Cybersecurity, Integration, and Compliance, precisely following NIST, CMMC, and other federal government security policies and standards. As a certified WOSB (Woman Owned Small Business), EDWOSB, and MBE (Minority Business Enterprise), we bring both diversity and expertise to every project. Additionally, our GSA MAS contract and MD CATS+ contract in Maryland further enhance our capabilities and accessibility for government contracts.

Our Beliefs & Values

- Create Value
- Preserve Integrity
- Enlist Great Teams
- Exhibit & Win Respect

Our success is a measure of your success.

Our Mission

Committed to enhancing, modernizing, and safeguarding our clients' Information Technologies security posture. Our consultants conduct comprehensive assessments of your organization's cybersecurity landscape, delivering bespoke solutions that align with industry-leading practices and standards. This ensures the highest level of security and resilience for your operations.

Our Vision

Dedicated to fortifying critical infrastructure, ensuring the resilience of our clients' IT systems and infrastructure against the ever-evolving landscape of cyber threats. Our vision is to lead the way in Information Security, championing the values of Integrity, Confidentiality, and Availability in safeguarding information systems and data.
