

Cookie Policy

Updated: 16/01/2024

Our website uses cookies. On this page we explain what cookies are, how we use them and how you can manage them.

What are cookies and why do we use them?

Cookies are small text files that are stored on your device when you visit a website. The cookie means that the website can 'remember' you, how you have used the site and when you come back. Cookies are widely used to make websites work or work more efficiently. Cookies themselves don't hold personal information, but they are unique to you. We use cookies to make our website work as you'd expect and to tailor what you see on screen. They help us improve the speed and security of our site and allow you to share pages with social networks.

The types of cookies we use

Essential/Strictly necessary – Some cookies are essential to you being able to move around the website and use its features. They don't gather any information about you. This type of cookie only lasts for the duration of the time you visit the website and when you leave the website they are deleted.

Functional cookies – these improve your experience by doing things like remembering products you've added to your basket or your search settings. These cookies stay on your computer until you choose to clear them.

Performance cookies for analysis – these are used to analyse how our website works and how we might improve it. The information collected is anonymous.

How do I change my cookie settings?

Most web browsers allow some control of most cookies through the browser settings. To find out more about cookies, including how to see what cookies have been set, visit: www.aboutcookies.org or www.allaboutcookies.org. To opt out of being tracked by Google Analytics across all websites, visit: [Google Analytics Opt-out Browser Add-on](#).
