Missouri Voting and Elections

Who registers to vote in Missouri?

Citizens living in Missouri must register in order to vote. Any U.S. citizen 17 years and 6 months of age or older, if a Missouri resident, may register to vote in any election held on or after his or her 18th birthday, except:

A person who is adjudged incapacitated;

A person who is confined under sentence of imprisonment;

A person who is on probation or parole after conviction of a felony until finally discharged; or

A person who has been convicted of a felony or misdemeanor connected with the right of suffrage. (Section 115.133, RSMo.)

How do Missourians register?

Qualified citizens may register in person at the office of their local election authority, by mail, at the driver's license fee office or at participating state agencies. Registration in person is accomplished by filling out registration forms with information on identity, residence and qualifications which are signed and sworn to, then witnessed by the election authority or a designee. (Section 115.155, RSMo.)

Registration by mail, at the driver's license fee office or at the participating state agencies requires submission of an application stating qualifications. A verification or rejection of registration is sent by the election authority within seven working days. (Sections 115.155 and 115.159, RSMo.)

When do Missourians register?

An unregistered citizen may register to vote whenever local election officials' places of business are open, by requesting an application by mail from the election authority, when renewing a Missouri driver's license or when receiving services from a participating state agency. Special registration sites and dates may be utilized prior to major elections.

The deadline for registration is the fourth Wednesday prior to an election. New Missouri residents may register immediately. (Section 115.135, RSMo.)

When do Missourians vote?

In addition to certain special and emergency dates, there are six official election dates in Missouri:

The statutes require all public elections be held on the general election day, the primary election day, the general municipal election day, the first Tuesday after the first Monday in November, or on another day expressly provided by city or county charter, and in nonprimary years on the first Tuesday after the first Monday in August. (Section 115.123.1, RSMo.)

The general election day is the first Tuesday after the first Monday in November in even-numbered years. The primary election day is the first Tuesday after the first Monday in August in even-numbered years. (Sections 115.121 (1 & 2), RSMo.)

Elections for cities, towns, villages, school boards and special district officers are held the first Tuesday after the first Monday in April each year, known as "general municipal election day." (Section 115.121.3, RSMo.)

A statewide presidential preference primary shall be held on the second Tuesday after the first Monday in March of each presidential election year. (Section 115.755 RSMo.)

Who conducts registration and elections?

Voter registration and the conduct of elections are the responsibilities of boards of election commissioners in the counties of Clay, Jackson, Platte and St. Louis; in the cities of Kansas City and St. Louis; and of the election authority in St. Charles County. The county clerk serves as the election authority in all other counties of the state.

Special voting provisions

Disabled voters and persons prevented from voting at the polls because of absence or illness may vote absentee. Persons with permanent disabilities may apply for permanent absentee ballot status by applying with the local election authority. (Section 115.284, RSMo.) Curbside voting is permitted in Missouri, or voters may be transferred to more accessible precincts. Local election officials should be contacted about absentee federal service balloting or "new resident" ballots for residents who arrive after the registration deadline.

When voting, Missourians must show an approved form of identification. (Section 115.427 RSMo.)

Elections and political parties

Missourians do not register under party affiliation. Hence, at primary elections, voters may choose which “established party” they vote within. Party nominees—and independent candidates—are then listed on the general election ballot.

There are presently four “established political parties” statewide—the Democratic, Republican, Libertarian and Constitution parties. Persons may seek the nomination of these parties for any elective office from the county level and above. In order to become “established,” a party must have received more than 2 percent of the votes cast statewide for at least one of its candidates. New parties are formed by petition and may exist on the county, district or state level. They must meet

the same standard as any other party to remain “established.”

At the time of primary elections, voters select county committee members of established parties in Missouri. Those committee people, thus elected, have certain duties and responsibilities. They serve, as appropriate, as members of legislative, senatorial, judicial and congressional district committees. County, district or state committee members may be called on to fill candidate vacancies on party ballots or to select nominees for special elections from time to time. The state committees are selected, indirectly, by local committee persons. The state committees become especially important when delegates to presidential nominating (national) conventions are being selected.

Registered voters in Missouri, 2006–2014

*This is the number of registered voters from the Missouri Centralized Voter Registration list as of the November 4, 2014, General Election. This number is subject to change as the local election authorities continue to conduct their ongoing list maintenance activities.

CONSTITUTIONAL AMENDMENT NO. 2

Proposed by the 97th General Assembly
(First Regular Session) SCS HJR No. 16

OFFICIAL BALLOT TITLE:

Shall the Missouri Constitution be amended so that it will be permissible to allow relevant evidence of prior criminal acts to be admissible in prosecutions for crimes of a sexual nature involving a victim under eighteen years of age?

If more resources are needed to defend increased prosecutions additional costs to governmental entities could be at least \$1.4 million annually, otherwise the fiscal impact is expected to be limited.

CONSTITUTIONAL AMENDMENT NO. 3

Proposed by Initiative Petition

Shall the Missouri Constitution be amended to:

- require teachers to be evaluated by a standards based performance evaluation system for which each local school district must receive state approval to continue receiving state and local funding;
- require teachers to be dismissed, retained, demoted, promoted and paid primarily using quantifiable student performance data as part of the evaluation system;
- require teachers to enter into contracts of three years or fewer with public school districts; and
- prohibit teachers from organizing or collectively bargaining regarding the design and implementation of the teacher evaluation system?

Decisions by school districts regarding provisions allowed or required by this proposal and their implementation will influence the potential costs or savings impacting each district. Significant potential costs may be incurred by the state and/or the districts if new/ additional evaluation instruments must be developed to satisfy the proposal's performance evaluation requirements.

CONSTITUTIONAL AMENDMENT NO. 6

Proposed by the 97th General Assembly
(Second Regular Session) SS SCS HCS HJR No. 90

OFFICIAL BALLOT TITLE:

Shall the Missouri Constitution be amended to permit voting in person or by mail for a period of six business days prior to and including the Wednesday before the election day in general elections, but only if the legislature and the governor appropriate and disburse funds to pay for the increased costs of such voting?

State governmental entities estimated startup costs of about \$2 million and costs to reimburse local election authorities of at least \$100,000 per election. Local election authorities estimated higher reimbursable costs per election. Those costs will depend on the compensation, staffing, and, planning decisions of election authorities with the total costs being unknown.

CONSTITUTIONAL AMENDMENT NO. 10

Proposed by the 97th General Assembly
(Second Regular Session) HJR No. 72

Shall the Missouri Constitution be amended to require the governor to pay the public debt, to prohibit the governor from relying on revenue from legislation not yet passed when proposing a budget, and to provide a legislative check on the governor's decisions to restrict funding for education and other state services?

State governmental entities expect no direct costs or savings. Local governmental entities expect an unknown fiscal impact.

CONSTITUTIONAL AMENDMENT NO. 1

Proposed by the 97th General Assembly
(First Regular Session)
CCS No. 2 SS HCS HJR Nos. 11 & 7

Shall the Missouri Constitution be amended to ensure that the right of Missouri citizens to engage in agricultural production and ranching practices shall not be infringed?

The potential costs or savings to governmental entities are unknown, but likely limited unless the resolution leads to increased litigation costs and/or the loss of federal funding.

CONSTITUTIONAL AMENDMENT NO. 5

Proposed by the 97th General Assembly
(Second Regular Session)
SCS SJR No. 36

Shall the Missouri Constitution be amended to include a declaration that the right to keep and bear arms is a unalienable right and that the state government is obligated to uphold that right?

State and local governmental entities should have no direct costs or savings from this proposal. However, the proposal's passage will likely lead to increased litigation and criminal justice related costs. The total potential costs are unknown, but could be significant.

CONSTITUTIONAL AMENDMENT NO. 7

Proposed by the 97th General Assembly
(Second Regular Session)
SS HJR No. 68

Should the Missouri Constitution be changed to enact a temporary sales tax of three-quarters of one percent to be used solely to fund state and local highways, roads, bridges and transportation projects for ten years, with priority given to repairing unsafe roads and bridges?

This change is expected to produce \$480 million annually to the state's Transportation Safety and Job Creation Fund and \$54 million for local governments. Increases in the gas tax will be prohibited. This revenue shall only be used for transportation purposes and cannot be diverted for other uses.

CONSTITUTIONAL AMENDMENT NO. 8

Proposed by the 97th General Assembly
(Second Regular Session)
HJR No. 48

Shall the Missouri Constitution be amended to create a "Veterans Lottery Ticket" and to use the revenue from the sale of these tickets for projects and services related to veterans?

The annual cost or savings to state and local governmental entities is unknown, but likely minimal. If sales of a veterans lottery ticket game decrease existing lottery ticket sales, the profits of which fund education, there could be a small annual shift in funding from education to veterans' programs.

CONSTITUTIONAL AMENDMENT NO. 9

Proposed by the 97th General Assembly
(Second Regular Session)
SCS SJR No. 27

Shall the Missouri Constitution be amended so that the people shall be secure in their electronic communications and data from unreasonable searches and seizures as they are now likewise secure in their persons, homes, papers and effects?

State and local governmental entities expect no significant costs or savings.
